Act 13 of 2012 provides for the imposition of an unconventional gas well fee (also called a drilling impact fee), and the expenditure of the funds generated by that impact fee to local, county, and state government for purposes specifically outlined in the law. Under the law, the Pennsylvania Public Utility Commission administers the collection and disbursement of the fees.

Pursuant to Section 2314 (h) of the Act, the Commission is required to submit an annual report listing all deposits and expenditures of the fund by September 30th of each year. The following report contains all specified attachments and exhibits detailing the year two collections and disbursements. In addition, it summarizes how the funds were used by the counties and municipalities for those funds received in calendar year 2012.

If you have any questions regarding this report or need any additional information, please contact our Director of Administration, Robert C. Gramola, at 783-5375 or rgramola@pa.gov.

Unconventional Gas Well Fund

This fund was created by Act 13 of 2012 to provide for the collection and distribution of unconventional gas well impact fees. The fee revenue will be used by Commonwealth agencies for monitoring and oversight of Unconventional gas wells, emergency responder training, and for rail freight assistance projects. Distributions will also be made to county conservation districts and to host counties and municipalities. Receipts deposited into the Unconventional Gas Well Fund are derived from an impact fee assessed to drillers of natural gas wells in the Marcellus (or equal) Shale regions of the Commonwealth. The fee is assessed per gas well and may be adjusted based on the number of wells and changes in the Consumer Price Index for all urban consumers in the Pennsylvania, New Jersey, Delaware, and Maryland area.

Marcellus Legacy Fund

This fund was created by Act 13 of 2012 to provide for the distribution of unconventional gas well impact fees to counties, municipalities, and Commonwealth agencies. The fee revenue will be used for statewide initiatives in the areas of acid mine drainage abatement, gas well management and plugging, development and rehabilitation of greenways and recreational trails, sewage treatment projects, replacement and repair of deteriorated bridges in municipalities with unconventional gas wells. Receipts deposited into the Marcellus Legacy Fund come from transfers from the Unconventional Gas Well Fund, also a newly created fund under Act 13 and transfers from the Oil and Gas Lease Fund.
