PENNSYLVANIA PUBLIC UTILITY COMMISSION  
P.O. BOX 3265, HARRISBURG, PA 17105-3265**

Implementation of the Federal Communications Commission's Order<sup>1</sup> of November 18, 2011 as Amended or Revised and Coordination with Certain Intrastate Matters. Docket No. M-2012-2291824

This spreadsheet provides an outline of what all Pennsylvania Incumbent Local Exchange Carriers (ILECs) and those Competitive Local Exchange Carriers (CLECs) having switched access tariffs must file to revise their intrastate access charges in compliance with Step <sup>2</sup> of the FCC Order.

The primary purposes of this spreadsheet are to verify that a LEC's rates are in compliance with Step 2 of the FCC Order and to track the revenue impact of the Step 2 access rate revisions using Federal Fiscal Year 2011 demand data. Directions appear on each tab instructing the Companies on what information to provide to the Commission.

The Tariff Supplements implementing these intrastate access charge revisions are to carry an effective date of July 1, 2013.

**Supporting Information:**

In addition to a completed copy of this spreadsheet and accompanying Tariff Supplement, all LECs must provide documentation of their interstate access rates in effect or deemed to be in effect as of December 29, 2011.<sup>3</sup> This documentation may be provided by including hardcopies of or a valid hyperlink to their interstate (FCC) switched access tariff.

If submitting hardcopies, include only those tariff pages containing the functionally equivalent interstate Transitional Intrastate Access Service rates. If submitting a hyperlink, include a list of the tariff pages where the functionally equivalent interstate Transitional Intrastate Access Service rates can be located.
