In re: Implementaiton of the Federal Communications
Commission's Order of November 18, 2011 as Amended or
Revised and Coordination with Certain Intrastate Matters
Docket No. M-2012-2291824

Dear Secretary Chiavetta,

Pursuant to the Pennsylvania Public Utility Commission's Erratum dated May 30, 2012, The United Telephone Company of Pennsylvania LLC d/b/a CenturyLink ("CenturyLink") hereby files the attached revised PA PUC Template. The attached revised PA PUC Template addresses calculations and rate adjustments for the terminating Carrier Charge. The proposed single rate includes the originating portion of the Carrier Charge, which will not change as a result of the this filing. This filing will not change the proposed tariff. Additionally, the tariff still includes a July 3, 2012 effective date.

If you have any questions, please feel free to contact me at 717-245-6502.

Sincerely,

James P. Roberts

PA LEC ACCESS CHARGE REDUCTION TEMPLATE

This template applies to companies who are Price Cap Carriers at the Federal Level and to CLECs that benchmark access rates to Price Cap Carriers

This spreadsheet provides an outline of what each PA LEC must file to reduce its Access Charges in Compliance with Step 1 of the FCC Order¹ to transition carrier access charges to bill-and-keep. These reductions will be effective July 1, 2012.²

Directions appear on each tab instructing the Companies on what information to provide to the Commission

Note:

1. As outlined in Appendix A, 47 C.F.R. § 51.907(b) and § 51.909(b) Companies are to use Federal Fiscal Year 2011 (October 1, 2010 - September 30, 2011) intrastate access demand data for each of their calculations
2. If your company's intrastate rate structure and interstate rate structure are not the same, Federal Fiscal Year 2011 intrastate demand for Transitional Intrastate Access Service should be mapped into the interstate rate structure. A full explanation of how this mapping will be accomplished must be provided
3. If your company's intrastate rates are lower than their functionally equivalent interstate rates you may not make any tariff filings to increase such intrastate rates
4. Companies must identify which structural option each company will use:
 - (1) Either maintain the current intrastate rate structure, but set rates at a level that reduces revenue recovery by 50% of the difference in interstate versus intrastate pursuant to § 51.907(b)(2)(iv) or;
 - (2) adopt the interstate rate structure and rate levels under § 51.907(b)(2)(v), adding a new transitional end-office-per minute access charge to recover one half of the difference between the fiscal year 2011 revenue at interstate versus intrastate rates.
5. Each tab in this template has the generic heading "Pennsylvania Price Cap LEC Telephone Company"
Please replace this heading on each tab with your Company's name.
