Harrisburg, PA 17210-3265

**Re: Columbia Gas of Pennsylvania, Inc. Supplement No. 337  
to Tariff Gas Pa. P.U.C. No. 9.  
Docket No. R-2022-3031211**

Secretary Chiavetta:

Enclosed for filing on behalf of Columbia Gas of Pennsylvania, Inc. (“Columbia”) is Supplement No. 337 to Tariff Gas Pa. P.U.C. No. 9 (“Supplement No. 337”), submitted pursuant to 66 Pa.C.S. § 1308, along with all supporting exhibits, standard data responses, and testimony required to be submitted in conjunction with a tariff change seeking a general rate increase. Supplement No. 337, issued March 18, 2022, to be effective May 17, 2022, changes Columbia’s base distribution rates, and removes, revises, and adds various tariff provisions, and is submitted in compliance with the Pennsylvania Public Utility Commission’s (“Commission”) regulations.

Columbia’s filing reflects an overall revenue increase of approximately \$82.2 million per year. The filing also includes a request for approval of a Revenue Normalization Adjustment mechanism to stabilize utility revenue regardless of changes in actual customer usage, as well as a request for approval of a residential energy efficiency program, with the associated program costs to be recovered through an energy efficiency rider charged to residential customers. Pursuant to the proposed rates in Columbia’s filing notice, which includes the most recently effective gas cost rates, the total bill for a residential customer who purchases 70 therms of gas from

Columbia per month, would increase from \$123.24 to \$135.67 per month, or by 10.09 percent, inclusive of the energy efficiency rider rate. The total bill for a small commercial customer using 150 therms of gas purchased from Columbia per month would increase from \$205.73 to \$223.51, or by 8.64 percent. Rates for a small industrial customer using 1,316 therms of gas from Columbia per month would increase from \$1,476.21 to \$1,586.33 per month, or by 7.46 percent.

The filing consists of nineteen volumes, and is organized as follows:

Columbia has provided public notice of this filing and the overall rate increase information in accordance with Section 53.45(b)(4) of the Commission's regulations. Additionally, parties to the Company's most recent rate case have been served with a copy of this filing in accordance with the attached Certificate of Service. Columbia will provide hard copies of the filing upon request.

Please direct any inquiry with regard to this filing to either the undersigned, or to the Company's outside counsel, Michael W. Hassell, Post & Schell PC, 17 North Second Street, 12<sup>th</sup> Floor, Harrisburg, PA 17101-1601, (717) 612-6029.

Respectfully Submitted,

---

Columbia Gas of Pennsylvania, Inc. (CPA) charges off accounts receivable in excess of 120 days outstanding from the initial billing date (calendar days). Therefore, the December Provision for Uncollectible Accounts needs to reflect the portion of receivables recorded for September through December that will not be collected. The net-charge offs for the twelve month ended period (TME) December, divided by the TME August revenues, provides the most recent experience factor. This experience factor is multiplied by the September through December revenues to provide the needed balance of the provision for uncollectible account.

CPA utilizes residential customer class accounts receivable information for the experience factor calculation. A study of historical data concluded that using only residential information provided a consistent experience factor. Using commercial and industrial information in the calculation caused aberrations among the years and was determined not to be a good indicator of the future.

<sup>1</sup> Variations in amounts for 2020 and 2021 as compared to prior years are caused mainly by extended moratoriums for shut-offs as a result of COVID-19. See *Emergency Order*, Docket No. M-2020-3019244 (issued March 13, 2020). The moratorium on shut-offs ended on March 31, 2021.

8. Explain in detail, including the amount and purpose, the deferred asset accounts that currently operate to affect or will at a later date affect the operating account supplying:
- a. Origin of these accounts.
  - b. Probable changes to this account in the near future.
  - c. Amortization of these accounts currently charged to operations or to be charged in the near future.
  - d. Method of determining the yearly amortization for the following accounts:
    - Temporary Facilities
    - Miscellaneous Deferred Debits
    - Research and Development
    - Property Losses
    - Any Other deferred accounts that affect operating results.

Response:

See attached pages for detail on deferred accounts maintained by Columbia Gas of Pennsylvania, Inc.

The deferred asset accounts are maintained by the following sub-accounts:

<u>Account 123 - Investment in Subsidiary</u>	
Common Stock/APIC, Undistributed Retained Earnings	21,061,532
<u>Account 128 - Other Special Finds</u>	
<u>Deferred Charges - OPEB</u>	
The sub-account is used to record the transitional adjustment and to accumulate the incremental costs for post- retirement benefits other than pensions (i.e. medical and life insurance) accrued for employees while providing active service.	17,192,445
<u>Account 146 - Long Term I/C Receivable</u>	
This sub-account is used to record the long term receivable for OPEB costs.	74,465

11. Supply basis for Injury and Damages reserve and amortization thereof.

Response:

Account 228.2 Accumulated Provisions for Injuries and Damages  
Balance as of November 30, 2021:

Reserve for Injuries and Damages	\$ <u>177,898</u>
Total Account 228.2	\$ 177,898

Reserve for Injuries and Damages:

This amount represents the reserve for third party injuries and damages. This reserve is evaluated on a quarterly basis and includes specifically identified accruals for known, probable future expenses, as determined by the Corporate Insurance Department. At the time the accrual is determined, operating expense is charged and operating reserve (Account 228) is credited with the dollar value of the estimated exposure. As each claim or case is resolved, the costs are charged directly to the operating reserve account.

The Company uses a 5 year average of cash paid for injuries and damages for budgeting purposes and as a basis for its claim in this case.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

12. Provide details of any significant reserves, other than depreciation, bad debt, injury and damages, appearing on balance sheet.

Response:

The following are significant reserves or groups of reserves, recorded on the balance sheet as of November 30, 2021:

<u>Description</u>	<u>Balance</u> \$
<u>Insurance:</u>	
Account 24207500 Accrued Liability - Insurance	1,668,779

COLUMBIA GAS OF PENNSYLVANIA, INC.  
COMPARATIVE STATEMENT OF UTILITY OPERATING REVENUES  
TWELVE MONTHS ENDED NOVEMBER 30, 2020 AND NOVEMBER 30, 2021

<u>Description</u>		<u>Increase/ (Decrease)</u> \$
ACCOUNT 480 - RESIDENTIAL SALES	The increase is primarily due to increased billing rates from the rate case and increased gas cost rates for the 12 months ended November 2021.	47,162,231
	The Universal Service Plan ("USP") also had increased rates for the 12 months ended November 2021.	
ACCOUNT 481.1 - COMMERCIAL SALES	The increase is primarily due to increased billing rates from the rate case and increased gas cost rates for the 12 months ended November 2021.	13,151,621
ACCOUNT 481.2 INDUSTRIAL SALES	The increase is primarily due to increased billing rates from the rate case and increased gas cost rates for the 12 months ended November 2021.	127,485
ACCOUNT 481.3 OTHER	No change.	-
ACCOUNT 487 FORFEITED DISCOUNTS	The decrease in penalty revenue is due to fewer late charges charged to transportation customers for the 12 months ended November 2021.	(51,721)
ACCOUNT 488 MISCELLANEOUS SERVICE REVENUE	The increase is due to increased miscellaneous revenue primarily from increased reconnect fees for the 12 months ended November 2021.	103,215
ACCOUNT 489 - TRANSPORTATION OF GAS	The increase is primarily due to increased billing rates from the rate case and increased demand gas cost rates for the 12 months ended November 2021.	19,291,501
ACCOUNT 493 RENT FROM GAS DEPARTMENT REVENUE	No change.	-
ACCOUNT 495 - OTHER GAS DEPARTMENT REVENUE	The increase is primarily due to increased unbilled revenue and increased off system sales.	20,593,289
TOTAL OPERATING REVENUE	Exh 2, Sch 5, Page 2	<u>100,377,622</u>

COLUMBIA GAS OF PENNSYLVANIA, INC.  
COMPARATIVE STATEMENT OF UTILITY OPERATING REVENUES  
TWELVE MONTHS ENDED NOVEMBER 30, 2020 AND NOVEMBER 30, 2021

<u>Description</u>		<u>Increase/ (Decrease)</u> \$
GAS PURCHASED EXPENSES	The increase is primarily due to an increase in purchased gas recovery rates for the 12 months ended November 30, 2021.	41,288,273
UNDERGROUND STORAGE EXPENSES	The decrease is primarily due to decreased labor for measuring and regulating station expenses.	(47,625)
DISTRIBUTION - OPERATION EXPENSES	The increase is primarily due to increase in civil engineering labor for Supervision and Engineering, and Right of Way clearing, line locates, paving, and training for Mains and Services.	3,716,462
DISTRIBUTION - MAINTENANCE EXPENSES	The increase is primarily related to riser maintenance/repair, and maintenance and repair of service lines, partially offset by decrease in meter installation/repair.	2,535,007
CUSTOMER ACCOUNTS EXPENSE	The increase is primarily related to an increase in the Universal Service Plan ("USP") rates.  Customer collection expense also increased for the 12 months ended November 2021.	5,887,520
CUSTOMER SERVICE AND INFORMATIONAL EXPENSES	The increase is primarily due to an increase in the Universal Service Plan ("USP") rate for the 12 months ended November 2020, partially offset by decreased pipeline safety advertising, and customer service labor.	398,838
SALES EXPENSE	The decrease is primarily due to decreased Service Corporation charges for demonstration, partially offset by increased Service Corporation advertising charges.	(218,744)
ADMINISTRATIVE AND GENERAL EXPENSES	The increase is primarily related to an increases in corporate incentive and profit sharing, unbilled USP expense, corporate services general plant maintenance, consulting and legal services. The increase is partially offset by a decrease in severance charges.	11,459,402
TOTAL OPERATION AND MAINTENANCE	Exh 2, Sch 5, Page 5	<hr/> <u>65,019,133</u>

53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

42. If a company has separate operating divisions, an income statement must be shown for each division, plus an income statement for company as a whole.

Response:

Columbia Gas of Pennsylvania does not have separate operating divisions.

43. If a company's business extends into different states or jurisdictions, then statements must be shown listing Pennsylvania jurisdictional data, other state data, and federal data separately and jointly (Balance sheets and operating accounts).

Response:

Columbia Gas of Pennsylvania's business does not extend into different states or jurisdictions.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

16. If revenue accruing entries are made on the books at end of each fiscal period, give entries made accordingly at the end of the test year and at the beginning of the year. State whether they are reversed for ratemaking purposes.

Response:

Accounting Entries for November 30, 2021:

<u>Title</u>	<u>Account Number</u>	<u>Amount</u>
Accrued Utility Revenue	17300000	59,092,226
Unbilled Revenue	495xxxxx	(46,454,972)
Unbilled Revenue-Transportation	4893xxxx	(12,637,254)
 Gas Purchased Cost Related To Unbilled Revenue	 80510000	 20,241,969
Unrecovered Purchased Gas Costs	19100800	(20,241,969)

Accounting Entries for November 30, 2020:

<u>Title</u>	<u>Account Number</u>	<u>Amount</u>
Accrued Utility Revenue	17300000	39,481,442
Unbilled Revenue	495xxxxx	(30,411,420)
Unbilled Revenue-Transportation	4893xxxx	(9,070,022)
 Gas Purchased Cost Related To Unbilled Revenue	 80510000	 9,328,606
Unrecovered Purchased Gas Costs	19100800	(9,328,606)

Note: The above accounting entries are reversed the following month and new entries are established to record the accrued revenue for the current month. For ratemaking, accrued revenues are eliminated. Revenue has been restated on an "as billed" basis.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

21. If a gas company is affiliated with another utility segment, such as a water or electric segment, explain the effects, if any, upon allocation factors used in the gas rate filing of current or recent rate increases allowed to the other utility segment (or segments) of the Company.

Response:

Columbia Gas of Pennsylvania, Inc. does not have another utility segment, such as a water or electric segment.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.52(a)

Whenever a public utility, other than a canal, turnpike, tunnel, bridge or wharf company files a tariff, revision or supplement effecting changes in the terms and conditions of service rendered or to be rendered, it shall submit to the Commission, with the tariff, revision or supplement, statements showing all of the following:

2. The total number of customers served by the utility.

Response: The total number of customers served by the utility as of November 30, 2021 was 440,408.

3. A calculation of the number of customers, by tariff subdivision, whose bills will be affected by the change.

Response: See Exhibit No. 103.

4. The effect of the change on the utility's customers.

Response: See Exhibit No. 103.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.52(b)

Whenever a public utility, other than a canal, turnpike, tunnel, bridge or wharf company files a tariff, revision or supplement which will increase or decrease the bills to its customers, it shall submit in addition to the requirements of subsection (a), to the Commission, with the tariff, revision or supplement, statements showing the following:

2. The operating income statement of the utility for a 12-month period, the end of which shall not be more than 120 days prior to the filing.

Response: Columbia Gas of Pennsylvania has used a historic test year in this rate filing of November 30, 2021. On Exhibit No. 3 page 9, the operating revenues as booked are shown at November 30, 2021.

3. A calculation of the number of customers, by tariff subdivision, whose bills will be increased.

Response: See Exhibit No. 103, pages 8-9.

4. A calculation of the total increases, in dollars, by tariff subdivision, projected to an annual basis.

Response: For the calculation of the total changes, in dollars by tariff subdivision, for the twelve months November 30, 2021, projected to an annual basis see Exhibit No. 3, pages 6-8.

5. A calculation of the number of customers, by tariff subdivision, whose bills will be decreased.

Response: See Exhibit No. 103.

6. A calculation of the total decreases, in dollars, by tariff subdivision, projected to an annual basis.

Response: For the calculation of the total changes, in dollars by tariff subdivision, for the twelve months ended November 30, 2021, projected to an annual basis see Exhibit No. 3, pages 6-8.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III E

4. Provide detailed calculations substantiating the adjustment to revenues for annualization of changes in number of customers and annualization of changes in volume sold for all customers for the test year.

- a. Breakdown changes in number of customers by rate schedules.
- b. If an annualization adjustment for changes in customers and changes in volume sold is not submitted, please explain.

Response: See Exhibit No. 3, Schedule Nos. 2 and 3.

6. Supply, by classification, Operating Revenues - Miscellaneous for test year.

Response: See Exhibit No. 3, page 9.

8. Describe how the net billing and gross billing is determined. For example, if the net billing is based on the rate blocks plus FCA and STA, and the gross billing is determined by a percentage increase (1, 3 or 5 percent), then state whether the percentage increase is being applied to all three items of revenue - rate blocks plus FCA and STA.

Response: Columbia Gas of Pennsylvania, Inc. does not have a provision for gross and net billing in its tariff.

9. Describe the procedures involved in determining whether forfeited discounts or penalties are applied to customer billing.

Response: If the customer fails to pay the full amount of any bill, a delayed payment penalty charge of one and one-quarter percent (1¼%) per month will accrue on the portion of the bill that is unpaid on the due date.

10. Provide annualization of revenues as a result of rate changes occurring during the test year, at the level of operations as of the end of the test year.

Response: See Exhibit No. 3, Page 10.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III E

11. Provide a detailed billing analysis supporting present and proposed rates by customer classification and/or tariff rate schedule.

Response: See Exhibit No. 3, Schedule Nos. 1 through 10.

13. Provide a schedule of present and proposed tariff rates showing dollar change and percent of change by block. Also, provide an explanation of any change in block structure and the reasons therefore.

Response: See Exhibit No. 3, Schedule Nos. 1 through 10.

14. Provide the following statements and schedules. The schedules and statements for the test year portion should be reconciled with the summary operating statement.

- a. An operating revenues summary for the test year and the year preceding the test year showing the following (Gas MCF):

- (i) For each major classification of customers

(a) MCF sales

(b) Dollar Revenues

(c) Forfeited discounts (Total if not available by classification).

(d) Other and miscellaneous revenues that are to be taken into the utility operating account along with their related costs and expenses.

(ii) A detailed explanation of all annualizing and normalizing adjustments showing method utilized and amounts and rates used in calculation to arrive at adjustment.

(iii) Segregate, from recorded revenues from the test year, the amount of revenues that are contained therein, by appropriate revenue categories, from:

(a) Fuel Adjustment Surcharge

(b) State Tax Surcharge

(c) Any other surcharge being used to collect revenue.

(d) Provide explanations if any of the surcharges are not applicable to respondent's operations.

[The schedule should also show number of customers and unit of sales (Mcf), and should provide number of customers by service classification at beginning and end of test year.]

Response: See Exhibit No. 3, Schedule Nos. 1 through 10.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.53 III E

15. State manner in which revenues are being presented for ratemaking purposes:
- a. Accrued Revenues
  - b. Billed Revenues
  - c. Cash Revenues

Provide details of the method followed.

Response: Revenues are reported for ratemaking purposes on an “as billed” basis. Adjustments for ratemaking purposes appear in Exhibit No. 3.

20. Provide, for test year only, a schedule by tariff rates and by service classifications showing proposed increase and percent of increase.

Response: Please refer to Exhibit No. 3, pages 6-8.

37. In determining pro forma expense, exclude cost of gas adjustments applicable to fuel adjustment clause and exclude fuel adjustment clause revenues, so that the operating statement is on the basis of base rates only.

Response: See Exhibit No. 3 Schedule No. 1 summaries.

Rate Making Operation and Maintenance Expense by Cost Element  
Difference By Cost Element Twelve Months Ended November 30, 2020 and November 30, 2021 before Normalization

<u>Cost Element</u>		Increase/ (Decrease) \$
Labor	The cost element includes Operation & Maintenance expenses for Pennsylvania employees. The decrease is primarily due to decreased A&G and mains maintenance expenses, which is partially offset by increases in gas distribution supervision and engineering, and mains and services expenses.	(302,334)
Incentive Compensation	The cost element includes the incentive compensation for employees. The increase is primarily due to accruing at an increased incentive level for 2021 vs. 2020	3,375,481
Pension	The cost element includes pension costs. The decrease is primarily due to pension cost transfers in 2021.	(25,604)
Pension Deferral Amortization	The cost element includes amortization expense for pension and OPEB. No change.	-
OPEB	The cost element includes OPEB benefit costs. The decrease is primarily due to decreased costs based on medical OPEB costs.	(727,227)
Other Employee Benefits	The cost element includes benefit costs for medical, dental, pension, life insurance, LTD and thrift plan. The increase is primarily due to the increase in profit sharing, partially offset by a reduction in employees medical costs.	262,543
Outside Services	The cost element includes charges for outside services for operation and maintenance expense. The increase is primarily due to increased paving and restoration services , reconnect service lines, other maintenance services and right of way clearing.	6,370,198
Building Leases	The cost element includes rent for buildings used by Pennsylvania employees, such as CPA headquarters and operating centers. The increase is primarily due to increased capital lease depreciation expenses .	24,725
Other Rent and Leases	The cost element includes rent for furniture and equipment used by Pennsylvania employees. The decrease is primarily due to decrease in other office equipment and furniture leases.	(38,350)
Corporate Insurance	The cost element includes property, liability, officer and director and other corporate insurance policies. The increase is primarily due to increased cost of liability insurance coverage.	419,753
Injuries and Damages	The cost element includes injury and damages claims expenses. The decrease is due to a decrease in injury and damages claims from the prior year.	(96,231)
Employee Expenses	The cost element includes employee travel and expenses, meals, meetings, employee awards, relocation expense and professional dues. The decrease is primarily due to decreased business travel and meal expenses related to restrictions related to COVID-19.	(176,610)
Company Memberships	The cost element includes industry and civic association memberships. The increase is primarily due to increased civic association expenses, partially offset by decreased industry association expenses.	91,458
Subtotal		<hr/> 9,177,802

Rate Making Operation and Maintenance Expense by Cost Element  
Difference By Cost Element Twelve Months Ended November 30, 2020 and November 30, 2021 before Normalization

<u>Cost Element</u>		<u>Increase/ (Decrease)</u> \$
Charitable and Civic Contributions	The cost element includes charitable and civic contributions. The decrease is immaterial.	(26)
Utilities and Fuel Used in Company Operations	The cost element includes utilities and fuel used in company operations. The increase is primarily related to increased company use gas, and gas left on for connection costs.	235,882
Advertising	This cost element includes general advertising expenses, communications and customer information. The decrease is primarily due to a decrease in pipeline safety costs and communication strategy services.	(143,545)
Fleet & Other Clearing	This cost element includes auto, truck and general tool clearing. The decrease is primarily due to decreased truck and tool maintenance.	(58,716)
Materials & Supplies	This cost element includes materials and supplies. The increase is primarily due to increased other gas materials and supplies related to to mains and services maintenance, and due to increased gas meters instrumentation (materials for meter maintenance of regulator stations & other Equipment). The increase is partially offset by a decrease in other gas materials and equipment for mains and services.	520,982
Other O&M	The decrease in other O&M is primarily due to decreased severance related to NiSource Next initiatives.	(1,852,434)
PUC OCA, OSBA Fees	The cost element includes commission fees, consumer advocate fees, and office of small business advocate fees. The increase is primarily due to increased consumer advocate and PUC fees.	82,424
NCSC Expense	The cost element includes labor and expenses billed by NiSource Corporate Services. Please see Exhibit No.4, Schedule 11 for additional explanation of charges.	8,349,540
Amortization	This cost element currently includes OPEB amortization. NiFit Amortization ceased in 2019. There is no change.	-
Uncollectible Accounts	The cost element includes charges for the uncollectible accounts accrual, and CAP expected pay charge offs. The increase is primarily due to increases in CAP expected pay charge off expense.	720,156
COVID-19 Deferral	The cost element includes incremental bad debt expense deferral. The addition of this deferral is due to the impact of COVID and the related incremental bad debt and deferral. The increase is due to decreased deferral in 2021.	221,302
Total USP Rider	The cost element includes charges for the USP rider. The increase is primarily due to an increase in USP rates.	6,691,198

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

- 22 Supply an exhibit showing an analysis, by functional accounts, of the charges by affiliates (Service Corporations, etc.) for services rendered included in the operating expenses of the filing company for the test year and for the 12-month period ended prior to the test year:
- a. Supply a copy of contracts, if applicable.
  - b. Explain the nature of the services provided.
  - c. Explain basis on which charges are made.
  - d. If charges allocated, identify allocation factors used.
  - e. Supply the components and amounts comprising the expense in this account.
  - f. Provide details of initial source of charge and reason thereof.

Response:

- a. Attachment No.1, Summary of Affiliate Charge Agreements Schedule provides a list of the various contracts, and Attachments A through M contain the contract copies.
- b. The contracts describe the nature of the services provided by and/or to Columbia Gas of Pennsylvania (CPA). The largest supplier of services, NiSource Corporate Services Company (NCSC), has service descriptions in Appendix A of Attachment B (NCSC Service Agreement).

The nature of services provided is also defined by the FERC account descriptions in Attachments 2 and 3.

- c. The contracts describe the basis on which charges are made to CPA. Below is a description of the bases used to allocate NCSC charges:

**BASIS 1**

**GROSS FIXED ASSETS AND TOTAL OPERATING EXPENSES**

Fifty percent of the total charges will be allocated on the basis of the relation of the affiliate's gross fixed assets to the total gross fixed assets of all benefited affiliates; the remaining 50% will be allocated on the basis of the relation of the affiliate's total operating expenses to the total operating expenses of all benefited affiliates. All companies may be included in this allocation.

**BASIS 2**

**GROSS FIXED ASSETS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its total gross fixed assets to the sum of the total gross fixed assets of all benefited affiliates. All companies may be included in this allocation.

**BASIS 3**

**NUMBER OF METERS SERVICED**

Charges will be allocated to each benefited affiliate on the basis of the relation of its number of meters serviced to the total number of all meters serviced of the benefited affiliates. This allocation may only be used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, and Columbia Gas of Maryland.

**BASIS 4**

**NUMBER OF ACCOUNTS PAYABLE INVOICES PROCESSED**

Charges will be allocated to each benefited affiliate on the basis of the relation of its number of accounts payable invoices processed (interface invoices excluded) to the total number of all accounts payable invoices processed of the benefited affiliates. All companies may be included in this allocation.

**BASIS 7**

**GROSS DEPRECIABLE PROPERTY AND TOTAL OPERATING EXPENSE**

Fifty percent of the total charges will be allocated on the basis of the relation of the affiliate's total operating expenses to the total of all the benefited affiliates' total operating expense; the remaining 50% will be allocated on the basis of the relation of the affiliate's gross depreciable property to the gross depreciable property of all benefited affiliates. All companies may be included in this allocation.

**BASIS 8**

**GROSS DEPRECIABLE PROPERTY**

Charges will be allocated to each benefited affiliate on the basis of the relation of its total depreciable property to the sum of the total depreciable property of all benefited affiliates. All companies may be included in this allocation.

**BASIS 9****AUTOMOBILE UNITS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its number of automobile units to the total number of all automobile units of the benefited affiliates. All companies may be included in this allocation.

**BASIS 10****NUMBER OF RETAIL CUSTOMERS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its number of retail customers to the total number of all retail customers of the benefited affiliates. All companies may be included in this allocation.

**BASIS 11****NUMBER OF REGULAR EMPLOYEES**

Charges will be allocated to each benefited affiliate on the basis of the relation of its number of regular employees to the total number of all regular employees of the benefited affiliates. All companies may be included in this allocation.

**BASIS 13****FIXED ALLOCATION**

Charges will be allocated to each benefited affiliate on the basis of fixed percentages on an individual project basis. All companies may be included in this allocation.

**BASIS 14****NUMBER OF TRANSPORTATION CUSTOMERS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its Transportation Customers to the total of all Transportation Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, and Columbia Gas of Maryland.

**BASIS 15****NUMBER OF COMMERCIAL CUSTOMERS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its Commercial Customers to the total of all Commercial Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, and Columbia Gas of Maryland.

**BASIS 16****NUMBER OF RESIDENTIAL CUSTOMERS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its Residential Customers to the total of all Residential Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia,

Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, and Columbia Gas of Maryland.

**BASIS 17**

**NUMBER OF HIGH PRESSURE CUSTOMERS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its High Pressure Customers to the total of all High Pressure Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, and Columbia Gas of Maryland.

**BASIS 20**

**SERVICE COMPANY BILLING (DIRECT AND ALLOCATED) COSTS**

Charges will be allocated to each benefited affiliate on the basis of the relation of its Service Corporation billing costs, in total or by functional group (e.g. IT, Legal, HR, Finance, Audit), to the corresponding total of all Service Company billing costs, (i.e. in total or by functional group). The calculation of Basis 20 will include only those billings for services provided to all NiSource affiliates, excluding Business Unit specific shared service functions (i.e. functions that serve only one particular Business Unit). All companies may be included in this allocation.

The preferred method for billing any affiliate is "direct charge." Under this method, all labor, materials and related expenses for the benefit of a specific affiliate are billed, as incurred, directly to the affiliate; therefore, no allocations are used. An allocated charge is a charge that occurs for the benefit of two or more affiliates who share the cost in accordance with an allocation basis. Guidelines have long been established which indicate that labor time and expenses should be charged directly to the affiliate receiving the benefits. In accordance with corporate guidelines, allocations are used only when direct charging is impractical.

When it is impractical or inappropriate to charge an affiliate directly, the Company allocates costs in accordance with the Allocation Bases, which are filed annually with the FERC. The Company works cooperatively with department sponsors or project leaders through informal meetings and discussions to ensure costs are properly allocated to the affiliates that will benefit from the service provided.

- d. Provided in Table 22(d) below are the allocation bases used to allocate costs to CPA by NCSC. Appendix A of Attachment B supplies detailed descriptions of these bases. Charges labeled "Direct Billed" relate to services rendered directly to CPA. "NCSC Overheads" are costs related to maintaining NCSC.

**Table 22(d) (in dollars)**

<b>Basis</b>	<b>TME 11/30/2020</b>	<b>TME 11/30/2021 (Test Year)</b>
Basis 1	8,032,316	11,907,371
Basis 2	141,578	203,192
Basis 3	93	73
Basis 4	442,518	303,131
Basis 7	435,092	389,667

Basis 14	2,735	1,402
Basis 20	18,899,905	24,669,582
Direct Billed	27,931,520	41,629,264
NCSC Overheads	2,007,295	2,517,754
<b>Grand Total</b>	<b>83,812,282</b>	<b>115,648,235</b>

- e. The FERC account descriptions and amounts charged by affiliate in Attachments 2 and 3 provide the components and amounts comprising expense by FERC Account. Additionally, Appendix A of Attachment B provides detailed descriptions of service categories and allocation bases underlying the NCSC charges.
- f. The contracts in Attachments A through M and the detailed descriptions of service categories and allocation bases underlying the NCSC charges contained in Appendix A of Attachment B supply the initial sources and reasons associated with charges to CPA. The information provided in Attachments 2 and 3 provides additional detail regarding the initial sources and reasons associated with the charges to CPA as well.

Pennsylvania Public Utility Commission  
Room B-20, North Office Building  
Harrisburg, Pennsylvania 17120

Re: Columbia Gas of Pennsylvania, Inc.  
Affiliated Interest Filing

Docket No. \_\_\_\_\_

Dear Secretary McNulty:

Enclosed for filing are an original and three copies of a verified summary of an affiliated interest arrangement between Columbia Gas of Pennsylvania, Inc. and several affiliated companies. This arrangement is submitted for the Commission's review and approval under Section 2102 of the Public Utility Code (66 Pa. C. S. § 2102).

This document reflects a long-standing arrangement under which Columbia Gas of Pennsylvania has obtained various goods and services from its sister companies. The arrangement has been filed with the Commission in past rate proceedings, and Columbia believes that it was approved by the Commission at one time. The Company has not, however, been able to locate a Commission order approving this arrangement, and therefore files it for approval at this time in order to remove any uncertainty.

If you have any questions, please contact me at (412) 572-7159 or Mark Kempic, Senior Attorney, at (412) 572-7142.

Sincerely,

Kenneth W. Christman

Enclosure

**Columbia Gas of Pennsylvania, Inc.**

**Verified Summary of Unwritten Arrangement  
among Affiliated Interests**

**Parties to Arrangement:**

Columbia Gas of Pennsylvania, Inc.  
Columbia Gas of Kentucky, Inc.  
Columbia Gas of Maryland, Inc.  
Columbia Gas of Ohio, Inc.  
Columbia Gas of Virginia, Inc.  
Columbia Gas Transmission Corporation

**Purpose and Scope**

Each of the foregoing companies, in order to operate in the most efficient manner, may require from time to time in the conduct of their business (1) the assistance and service of employees of the other companies, and (2) the sale of materials and supplies.

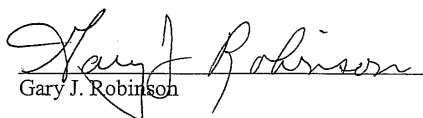

**Provisions**

At the sole discretion of the managements of each of the foregoing companies, each company may utilize the assistance of employees of the other companies to perform accounting, administrative, customer accounting, engineering, environmental, gas supply, gas storage, gas distribution, gas transmission, gas utilization, general, human resources, information technology, legal, marketing, regulatory, and other services. When such services are rendered, the receiving company shall be charged the actual cost thereof, including pertinent overhead charges. The number of hours spent by employees of the company rendering services for another company shall be determined by direct charges, where practicable, using time records or other applicable data. Where it is not practicable to do so, the number of hours spent shall be determined using allocation formulas approved by the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935. All transactions performed under this arrangement shall be conducted in accordance with all applicable laws and regulations, including, without limitation, any federal or state regulations prescribing codes of conduct among affiliated companies.

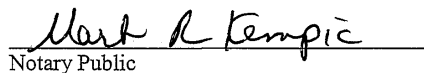

At the sole discretion of the managements of each of the foregoing companies, each company may sell property, materials, and supplies to another company when such a sale is deemed mutually beneficial. In the event of such a sale, the company receiving property, materials, or supplies shall be charged the original cost thereof, less accrued depreciation, as reflected on the books of the selling company at the time of sale, plus applicable overhead charges, if any.

**Verification**

Gary J. Robinson, being first duly sworn, states that he is President and Chief Executive Officer of Columbia Gas of Pennsylvania, Inc., and that the foregoing represents a true and accurate description of the arrangement between Columbia Gas of Pennsylvania, Inc. and the other companies listed therein.

  
Gary J. Robinson

Service Agreement

BETWEEN

NISOURCE CORPORATE SERVICES COMPANY

AND

COLUMBIA GAS OF PENNSYLVANIA, INC.

Dated January 1, 2015

(To Take Effect Pursuant to Article 3 Hereof)

## SERVICE AGREEMENT

This SERVICE AGREEMENT (the "Service Agreement" or "Agreement") is made and entered into effective the 1<sup>st</sup> day of January, 2015 by and between Columbia Gas of Pennsylvania, Inc., its subsidiaries, affiliates and associates ("Client", and together with other associate companies that have or may in the future execute this form of Service Agreement, the "Clients") and NiSource Corporate Services Company ("Company").

### WITNESSETH:

WHEREAS, each Company and Client is a direct or indirect wholly owned subsidiary of NiSource Inc., a Delaware corporation and a "holding company" as defined in the Public Utility Holding Company Act of 2005 ("Act") that is subject to regulations adopted by the Federal Energy Regulatory Commission ("FERC") pursuant to the Act;

WHEREAS, the Client is an affiliate of the Company; and

WHEREAS, the Company and Client agree to enter into this Service Agreement whereby the Client may seek certain services from the Company and the Company agrees to provide such services upon request and upon the Company's conclusion that it is able to perform such services. Further, the Client agrees to pay for the services as provided herein at the lower of cost or market; and

WHEREAS, the rendition of such services set forth in Article 2 of Appendix A on a centralized basis enables the Clients to realize economic and other benefits through (1) efficient use of personnel and equipment, (2) coordination of analysis and planning, and (3) availability of specialized personnel and equipment which the Clients cannot economically maintain on an individual basis.

NOW THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties to this Service Agreement covenant and agree as follows:

## ARTICLE 1

### SERVICES

1.1 The Company shall furnish to Client, as requested by Client, upon the terms and conditions hereinafter set forth, such of the services described in Section 2 of Appendix A hereto (the "Services"), at such times, for such periods and in such manner as Client may from time to time request and that the Company concludes it is able to perform. The Company shall also provide Client with such services, in addition to those services described in Appendix A hereto, as may be requested by Client and that the Company concludes it is able to perform. In supplying such services, the Company may arrange, where it deems appropriate in consultation with Client, for the services of such experts, consultants, advisers, and other persons with necessary qualifications as are required for or pertinent to the provision of such services ("Additional Services").

1.2 Client shall take from the Company such of the Services, and such Additional Services, whether or not now contemplated, as are requested from time to time by Client and that the Company concludes it is able to perform.

1.3 The cost of the Services described herein or contemplated to be performed hereunder shall be allocated to Client in accordance with Exhibit A, which is filed annually with the FERC. Client shall have the right from time to time to amend or alter any activity, project, program or work order provided that (i) Client pays and remunerates the Company the full cost for the services covered by the activity, project, program or work order, including therein any expense incurred by the Company as a direct result of such amendment or alteration of the activity, project, program or work order, and (ii) Client accepts that no amendment or alteration of an activity, project, program or work order shall release Client from liability for all costs already incurred by or contracted for by the Company pursuant to the activity, project, program or work order, regardless of whether the services associated with such costs have been completed.

1.4 The Company shall hire, train and maintain an experienced staff able to perform the Services, or shall obtain experience through third-party resources, as it shall determine in consultation with Client.

1.5 The Company routinely makes payments on behalf of affiliates on an ongoing basis, including payroll, employee benefits, corporate insurance, leasing, and external audit fees. Each affiliate receives on a monthly basis a Convenience Bill for its proportional share of the payments made in that respective month. As the name implies, convenience billing is intended as a convenience to vendors because it eliminates the need for a separate invoice to be generated for each affiliate entity receiving the same services. Therefore, the Company makes the payment to the vendor and the charges for the services are recorded directly on the books of the affiliate and not by the Company.

## **ARTICLE 2**

### **COMPENSATION**

2.1 As compensation for the Services to be rendered hereunder, Client shall compensate and pay to the Company all costs, reasonably identifiable and related to particular Services performed by the Company for or on Client's behalf. The methods for allocating the Company costs to Client, as well as to other associate companies, are set forth in Appendix A.

2.2 It is the intent of this Service Agreement that charges for Services shall be billed, to the extent reasonably possible, directly to the Client or Clients benefiting from such Service. Any amounts remaining after such direct billing shall be allocated using the methods identified in Appendix A. The methods of allocation of cost shall be subject to review annually, or more frequently if appropriate. Such methods of allocation of costs may be modified or changed by the Company without the necessity of an amendment to this Service Agreement; provided that, in each instance, all services rendered hereunder shall be at actual cost and include compensation for use of capital thereof, fairly and equitably allocated. The Company shall review with the

Client any proposed change in the methods of allocation of costs hereunder and the parties must agree to any such changes before they are implemented.

2.3 The Company shall make available monthly billing information to the Client that shall reflect all information necessary to identify the costs charged and Services rendered for that month. Client shall undertake a review of the charges and identify all questions or concerns regarding the charges reflected within a reasonable period of time. Client shall remit to the Company all charges billed to it within a period of time not exceeding 30 days of receipt of the monthly billing information.

2.4 Client agrees to provide the Company, from time to time, as requested such financial and statistical information as the Company may need to compute the charges payable by Client consistent with the method of allocation set forth on Appendix A.

2.5 It is the intent of this Service Agreement that the payment for services rendered by the Company to Client under this Service Agreement shall cover all the costs of its doing business including, but not limited to, salaries and wages, office supplies and expenses, outside services employed, insurance, injuries and damages, employee and retiree pensions and benefits, taxes, miscellaneous general expenses, rents, maintenance of structures and equipment, depreciation and amortization, and reasonable compensation for use of capital.

### **ARTICLE 3**

#### **TERM**

3.1 This Service Agreement shall become effective as of the date first written above, subject only to the receipt of any required regulatory approvals from the State Commissions and federal agencies as needed, and shall continue in force until terminated by the Company or Client, upon not less than one year's prior written notice to the other party. This Service Agreement shall also be subject to termination or modification at any time, without notice, if and to the extent performance under this Service Agreement may conflict with (1) the Act or with any rule, regulation or order of the FERC adopted before or after the date of this Service Agreement, or (2) any state or federal statute, or any rule, decision, or order of any state or federal regulatory agency having jurisdiction over one or more Clients. Further, this Service Agreement shall be terminated with respect to the Client immediately upon the Client ceasing to be an associate company of the Company. The parties' obligations under this Service Agreement which by their nature are intended to continue beyond the termination or expiration of this Service Agreement shall survive such termination or expiration.

### **ARTICLE 4**

#### **SERVICE REVIEW**

4.1 Upon request of the Client, the Company shall meet with the Client to review and assess the quality, costs, and/or allocations of the services being provided pursuant to this

Service Agreement. The Client shall also have the right to amend the scope of services as it determines to be necessary or desirable.

4.2 NiSource maintains an Internal Audit Department that will conduct periodic audits of the Company administration and accounting processes (“Audits”). The Audits will include examinations of Service Agreements, accounting systems, source documents, methods of allocation of costs and billings to ensure all Services are properly accounted for and billed to the appropriate Client. In addition, the Company’s policies, operating procedures and controls will be evaluated annually. Copies of the reports generated by the Company as part of the Audits will be provided to Client upon request.

## ARTICLE 5

### MISCELLANEOUS

5.1 All accounts and records of the Company shall be kept in accordance with the FERC’s Uniform System of Accounts (“USofA”) for centralized service companies .

5.2 New direct or indirect subsidiaries of NiSource Inc., which may come into existence after the effective date of this Service Agreement, may become additional Clients of the Company and subject to a service agreement with the Company. The parties hereto shall make such changes in the scope and character of the services to be rendered and the method of allocating costs of such services as specified in Appendix A, subject to the requirements of Section 2.2, as may become necessary to achieve a fair and equitable allocation of the Company’s costs among all Clients including any new subsidiaries. The parties shall make similar changes if any Client ceases to be associated with the Company.

5.3 The Company shall permit Client reasonable access to its accounts and records including the basis and computation of allocations.

5.4 The Company and Client shall comply with the terms and conditions of all applicable contracts managed by the Company for the Client, individually, or for one or more Clients, collectively, including without limitation terms and conditions preserving the confidentiality and security of proprietary information of vendors.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date and year first above written.

## APPENDIX A

### NISOURCE CORPORATE SERVICES COMPANY

Services Available to Clients  
Methods of Charging Therefor and  
Miscellaneous Terms and Conditions of Service Agreement

#### ARTICLE 1

##### DEFINITIONS

1 The term "Company" shall mean NiSource Corporate Services Company and its successors.

2 The term "Service Agreement" shall mean an agreement, of which this Appendix A constitutes a part, for the rendition of services by the Company.

3 The term "Client" shall mean any corporation to which services may be rendered by the Company under a Service Agreement.

#### ARTICLE 2

##### DESCRIPTION OF SERVICES

Descriptions of the expected services to be provided by the Company are detailed below. The descriptions are deemed to include services associated with, or related or similar to, the services contained in such descriptions. The details listed under each heading are intended to be illustrative rather than inclusive and are subject to modification from time to time in accordance with the state of the art and the needs of the Clients.

1 *Accounting and Statistical Services.* The Company will advise and assist the Clients in all aspects of accounting, including financial accounting, asset accounting, regulatory accounting, tax accounting, maintenance of books and records, safeguarding of assets, accounts payable, accounts receivable, reconciliations, accounting research, reporting, operations and maintenance analysis, payroll services, business applications support, and other related accounting functions. The Company will also provide services related to developing, analyzing and interpreting financial statements, directors' reports, regulatory reports, operating statistics and other financial reports. The Company will ensure compliance with generally accepted accounting principles and provide guidance on exposure drafts, financial accounting standards, and interpretations issued by the Financial Accounting Standards Board. The Company will advise and assist the Clients in the formulation of accounting practices and policies and will conduct special studies as may be requested by the Clients.

2 *Auditing Services.* The Company will conduct periodic audits of the general records of the Clients, will supervise the auditing of local and field office records of the Client, and will coordinate the audit programs of the Clients with those of the independent accountants

in the annual examination of their accounts. The Company will ensure compliance, monitor business risk, and coordinate internal control structure.

3 *Budget Services.* The Company will advise and assist the Clients in matters involving the preparation and development of forecasts, budgets and budgetary controls, and other financial planning activities.

4 *Business Services.* The Company will advise and assist the Clients in the preparation and use of educational and advertising materials; in the development of processes to increase residential, commercial and industrial customers, as well as maintenance of business in those areas; and providing information to customers regarding Clients' products and services.

5 *Corporate Services.* The Company will advise and assist the Clients in connection with corporate matters including corporate secretary services, business continuity planning, shareholder services, corporate records management, proceedings involving regulatory bodies, and other corporate matters.

6 *Customer Billing, Collection, and Contact Services.* The Company will render calculating, bill exception processing, back office processing, posting, printing, inserting, mailing and related services to Client associated with the preparation and issuance of customer bills, notices, inserts and similar mailings. The Company will provide cash processing, revenue recovery, account reconciliations and adjustments, and related services to Client associated with the collection of revenue and management of accounts receivable. The Company will provide customer contact and related services to Client, including alternative pricing services, customer contact center management, operation and administration; management of key customer relationships; communications associated with the commencement, transfer, maintenance and disconnection of service; sales of optional products and services; the receipt and processing of emergency calls; the handling of customer complaints; and responses to customer billing, credit, collection, order take and inquiry, outage, meter reading, retail choice and other inquiries.

7 *Depreciation Services.* The Company will advise and assist the Clients in matters pertaining to depreciation practices, including (1) the making of studies to determine the estimated service life of various types of plant, annual depreciation accrual rates, salvage experience, and trends in depreciation reserves indicated by such studies; (2) assistance in the organization and training of the depreciation departments of the Clients; and (3) dissemination to the Clients of information concerning current developments in depreciation practices.

8 *Economic Services.* The Company will advise and assist the Clients in matters involving economic research and planning and in the development of specific economic studies.

9 *Electronic Communications Services.* The Company will advise and assist the Clients in connection with the planning, installation and operation of radio networks, remote control and telemetering devices, microwave relay systems and all other applications of electronics to the fields of communication and control.

10 *Employee Services.* The Company will advise and assist the Clients in connection with organizational, leadership, and strategic development, employee relations matters, including recruitment, employee placement and retention, training, compensation, safety, labor relations

and health, welfare and employee benefits. The Company will also advise and assist the Clients in connection with temporary labor matters, including assessment, selection, contract negotiation, administration, service provider relationships, compliance, review and reporting.

11 *Engineering and Research Services.* The Company will advise and assist the Clients in connection with the engineering phases of all construction and operating matters, including estimates of costs of construction, preparation of plans and designs, engineering and supervision of the fabrication of natural gas facilities, standardization of engineering procedures, and supervision and inspection of construction. The Company will also conduct both basic and specific research in fields related to the operations of the Clients.

12 *Facility Services.* The Company will manage and effectively execute facility operations, facility maintenance, provide suitable space in its offices for the use of the Clients and their officers and employees, provide delivery services, security services, print services, and other facility services.

13 *Gas Dispatching Services.* The Company will advise and assist the Clients in the dispatching of the gas supplies available to the Clients, and in determining and effecting the most efficient routing and distribution of such supplies in the light of the respective needs therefor and the applicable laws and regulations of governmental bodies. If requested by the Clients, the Company will provide a central dispatcher or dispatchers to handle the routing and dispatching of gas.

14 *Information Services.* The Company will advise and assist the Clients in matters involving the furnishing of information to customers, employees, investors and other interested groups, and to the public generally, including the preparation of booklets, photographs, motion pictures and other means of presentation, and assistance to Clients in their advertising programs.

15 *Information Technology Services.* The Company will advise and assist Clients in matters involving information technology, including management, operations, control, monitoring, testing, evaluation, data access security, disaster recovery planning, technical research, and support services. The Company will also provide and assist the Client with application development, maintenance, modifications, upgrades and ongoing production support for a portfolio of systems and software that are used by the Clients. In addition, the Company will identify and resolve problems, ensure efficient use of software and hardware, and ensure that timely upgrades are made to meet the demands of the Clients. The Company will also maintain information concerning the disposition and location of Information Technology assets.

16 *Insurance Services.* The Company will advise and assist the Clients in general insurance matters, in obtaining policies, making inspections and settling claims.

17 *Land/Surveying Services.* The Company will provide land asset management, land contract management, and surveying services in connection with Clients' acquisition, leasing, maintenance, and disposal of interests in real property, including the maintenance of land records and the recording of instruments relating to such interests in real property, where necessary.

18 *Legal Services.* The Company will provide Clients with legal services (including legal services, as necessary or advisable, in connection with or in support of any of the other services provided hereunder), including, but not limited to, general corporate matters and internal corporate maintenance, contract drafting and negotiation, litigation, liability and risk assessment, financing, securities offerings, state and federal regulatory compliance, state and federal regulatory support and rule interpretation and advice, including, without limitation, interpretation and advice concerning the regulations or orders of the Securities and Exchange Commission, the Federal Energy Regulatory Commission, the Environmental Protection Agency, and the Pipeline and Hazardous Materials Safety Administration, bankruptcy and collection matters, employment and labor relations investigations, union contracting, Equal Employment Opportunity Commission issues, compliance with state and federal legislative requirements, and all other matters for which Clients require legal services.

19 *Officers.* Any Client may, with the consent of the Company, elect to any office of the Client any officer or employee of the Company whose compensation is paid, in whole or in part, by the Company. Services rendered to the Client by such person as an officer shall be billed by the Company to the Client and paid for as provided in Articles 3 and 4, and the Client shall not be required to pay any compensation directly to any such person.

20 *Operations Support and Planning Services.* The Company will advise and assist the Clients in connection with operations support and planning, including logistics, scheduling & dispatching; workforce planning; corrosion and leakage programs; estimates of gas requirements and gas availability; gas transmission, measurement, storage and distribution; construction requirements; construction management; operating standards and practices; regulatory and environmental compliance; pipeline safety and compliance; employee and system safety programs; sustainability; training; management of transportation and sales programs; negotiation of gas purchase and sale contracts; energy marketing and trading, including off-system sales and capacity release activities contemplated in a Client's revenue sharing mechanism; security services; measurement, regulation and conditioning equipment; meter testing, calibration and repair; hydraulic gas network modeling, facility mapping and GIS technologies; and other operating matters.

21 *Purchasing, Storage and Disposition Services.* The Company will render advice and assistance to the Clients in connection with supply chain activities, including the standardization, purchase, lease, license and acquisition of equipment, materials, supplies, services, software, intellectual property and other assets, as well as shipping, storage and disposition of same. The Company will also render advice and assistance to the Client in connection with the negotiation of the purchase, sale, acquisition or disposition of assets and services and the placing of purchase orders for the account of the Client.

22 *Regulatory Services.* The Company will advise and assist the Clients in all regulatory and rate matters, including the design and preparation of schedules and tariffs, the analysis of rate filings, the preparation and presentation of testimony and exhibits to regulatory authorities, and other regulatory activities.

23 *Tax Services.* The Company will advise and assist the Clients in tax matters, in the preparation of tax returns and in connection with proceedings relating to taxes.

24 *Transportation Services.* The Company will advise and assist the Clients in connection with the purchase, lease, operation and maintenance of motor vehicles and the operation of aircraft owned or leased by the Company or the Clients.

25 *Treasury Services.* The Company provides services such as risk management, cash management, long and short term financing for all Clients, investment of temporarily available cash, retirement of long term debt, investment management oversight of all benefits plans, and special economic studies as requested.

26 *Miscellaneous Services.* The Company will render to any Client such other services, not hereinabove described, , as from time to time the Company may be equipped to render and such Client may desire to have performed.

### ARTICLE 3

#### ALLOCATION METHODS

1 *Specific Direct Salary Charges to Clients.* To the extent that time spent by the officers and employees of the Company rendering services hereunder is related to services rendered to a specific Client, a direct salary charge, computed as provided in Article 4, shall be made to such Client.

2 *Apportioned Direct Salary Charges to Clients.* To the extent that the time spent by such officers and employees is related to services rendered to the Clients generally, or to any specified group of the Clients, a direct salary charge, computed as provided in Article 4, shall be made to the Clients generally, or to such specified group of the Clients, and allocated to each such Client using an allocation method as set forth on Exhibit A hereto.

3 *Direct Salary Charges for Services to the Company.* To the extent that time spent by any officer or employee of the Company is related to services rendered to the Company, a direct salary charge computed as provided in Article 4 shall be allocated among the Clients in the same proportions which the direct salary charges to such Clients made pursuant to Sections 1 and 2 of this Article III, for services of officers and employees, bear to the aggregate of such direct salary charges.

4 *Apportionment of Employee Benefits.* The employee benefit expenses that are related to direct salary charges made pursuant to sub-paragraphs (1), (2) and (3) of Article 3 shall be apportioned among the Clients, as applicable, in the proportions that the respective direct salary charges made pursuant to the rendering of such services to each such Client bear to the aggregate of such direct salary charges.

5 *Other Expenses.* All expenses, other than salaries and employee benefit expenses incurred by the Company in connection with services rendered to a specific Client shall be charged directly to such Client. All such expenses incurred by the Company in connection with services rendered to the Clients generally or to any specified group of Clients shall be apportioned in the manner set forth in Section 2 of this Article 3 for the apportionment of salary charges. All such expenses incurred by the Company in connection with services rendered to the

Company shall be apportioned in the manner set forth in Section 3 of this Article 3 for the apportionment of salary charges.

#### **ARTICLE 4**

#### **COMPUTATION OF SALARY CHARGES**

*Direct Salary Charges* The direct salary charge per hour which shall be made for the time of any officer or employee for services rendered in any calendar month shall be computed by dividing his total compensation for such month by the aggregate of (1) the number of scheduled working hours for which he was compensated, including hours paid for but not worked, and (2) hours worked in excess of his regular work schedule, whether or not compensated for.

*Exhibit A*

***DIRECT BILLING AND BASES OF ALLOCATION***

The Company will bill charges directly to a Client to the extent possible while any remaining costs are then allocated. When it is impractical or inappropriate to charge a Client directly, the Company allocates costs in accordance with the following Bases of Allocation which are filed annually with the FERC. The Company works cooperatively with department sponsors or project leaders through meetings and discussions to ensure costs are properly allocated to the Clients that will benefit from the service provided. Provided below are the Bases of Allocation for the Company, including a description of each basis and its numerator and denominator.

---

**BASIS 1**

**GROSS FIXED ASSETS AND TOTAL OPERATING EXPENSES**

- Fifty percent of the total charges will be allocated on the basis of the relation of the affiliate's gross fixed assets to the total gross fixed assets of all benefited affiliates; the remaining 50% will be allocated on the basis of the relation of the affiliate's total operating expenses to the total operating expenses of all benefited affiliates. All companies may be included in this allocation.

**BASIS 2**

**GROSS FIXED ASSETS**

- Charges will be allocated to each benefited affiliate on the basis of the relation of its total gross fixed assets to the sum of the total gross fixed assets of all benefited affiliates. All companies may be included in this allocation.

**BASIS 3**

**NUMBER OF METERS SERVICED**

- Charges will be allocated to each benefited affiliate on the basis of the relation of its number of meters serviced to the total number of all meters serviced of the benefited affiliates. This allocation may only be used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, Columbia Gas of Maryland, and Bay State Gas Company.

#### **BASIS 4**

##### NUMBER OF ACCOUNTS PAYABLE INVOICES PROCESSED

- Charges will be allocated to each benefited affiliate on the basis of the relation of its number of accounts payable invoices processed (interface invoices excluded) to the total number of all accounts payable invoices processed of the benefited affiliates. All companies may be included in this allocation.

#### **BASIS 7**

##### GROSS DEPRECIABLE PROPERTY AND TOTAL OPERATING EXPENSE

- Fifty percent of the total charges will be allocated on the basis of the relation of the affiliate's total operating expenses to the total of all the benefited affiliates' total operating expense; the remaining 50% will be allocated on the basis of the relation of the affiliate's gross depreciable property to the gross depreciable property of all benefited affiliates. All companies may be included in this allocation.

#### **BASIS 8**

##### GROSS DEPRECIABLE PROPERTY

- Charges will be allocated to each benefited affiliate on the basis of the relation of its total depreciable property to the sum of the total depreciable property of all benefited affiliates. All companies may be included in this allocation.

#### **BASIS 9**

##### AUTOMOBILE UNITS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its number of automobile units to the total number of all automobile units of the benefited affiliates. All companies may be included in this allocation.

#### **BASIS 10**

##### NUMBER OF RETAIL CUSTOMERS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its number of retail customers to the total number of all retail customers of the benefited affiliates. All companies may be included in this allocation.

## **BASIS 11**

### NUMBER OF REGULAR EMPLOYEES

- Charges will be allocated to each benefited affiliate on the basis of the relation of its number of regular employees to the total number of all regular employees of the benefited affiliates. All companies may be included in this allocation.

## **BASIS 13**

### FIXED ALLOCATION

- Charges will be allocated to each benefited affiliate on the basis of fixed percentages on an individual project basis. All companies may be included in this allocation.

## **BASIS 14**

### NUMBER OF TRANSPORTATION CUSTOMERS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its Transportation Customers to the total of all Transportation Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, Columbia Gas of Maryland, and Bay State Gas Company.

## **BASIS 15**

### NUMBER OF COMMERCIAL CUSTOMERS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its Commercial Customers to the total of all Commercial Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, Columbia Gas of Maryland, and Bay State Gas Company.

## **BASIS 16**

### NUMBER OF RESIDENTIAL CUSTOMERS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its Residential Customers to the total of all Residential Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, Columbia Gas of Maryland, and Bay State Gas Company.

## **BASIS 17**

### NUMBER OF HIGH PRESSURE CUSTOMERS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its High Pressure Customers to the total of all High Pressure Customers of the benefited affiliates. This allocation is only used by the following companies: Columbia Gas of Virginia, Columbia Gas of Kentucky, Columbia Gas of Ohio, Columbia Gas of Pennsylvania, Columbia Gas of Maryland, and Bay State Gas Company.

## **BASIS 20**

### SERVICE COMPANY BILLING (DIRECT AND ALLOCATED) COSTS

- Charges will be allocated to each benefited affiliate on the basis of the relation of its Service Corporation billing costs, in total or by functional group (e.g. IT, Legal, HR, Finance, Audit), to the corresponding total of all Service Company billing costs, (i.e. in total or by functional group). The calculation of Basis 20 will include only those billings for services provided to all NiSource affiliates, excluding Business Unit specific shared service functions (i.e. functions that serve only one particular Business Unit). All companies may be included in this allocation.

James J. McNulty, Secretary  
Pennsylvania Public Utility Commission  
Commonwealth Keystone Building,  
400 North Street,  
Harrisburg, PA 17120

**Re: Columbia Gas of Pennsylvania, Inc. – Affiliate Transaction**

Dear Mr. McNulty:

Enclosed for filing pursuant to 66 Pa. C.S.A §2102, are three copies of a "Base Contract for Sale and Purchase of Natural Gas" between Columbia Gas of Pennsylvania, Inc. ("CPA") and an affiliated company, Columbia Gas of Virginia, Inc. ("CVA"). The Commission has previously approved an affiliate agreement authorizing CPA and CVA to exchange goods and services (*See* Docket G-00000794, Order Entered October 25, 2000). However, CPA is filing the attached agreement because it explains the sale and exchange of gas in greater detail than the prior affiliate agreement. If this filing is deemed to be duplicative by the Commission, please inform me of that fact.

I have included an extra copy of the document. Please date stamp it and return it to me in the enclosed envelope. If you have any questions about the enclosed document or if I may be of any assistance, please do not hesitate to contact me at 412.572.7142.

Sincerely,

A handwritten signature in black ink that reads "Mark Kempic".

Mark R. Kempic  
Senior Attorney

## BASE CONTRACT FOR SALE AND PURCHASE OF NATURAL GAS

This Base Contract, made and entered into this 1<sup>st</sup> day of April, 2002, by and between Columbia Gas of Virginia, Inc., a Virginia corporation with offices located at 200 Civic Center Drive, Columbus, Ohio 43215 and Columbia Gas of Pennsylvania, Inc., a Pennsylvania corporation with offices located at 200 Civic Center Drive, Columbus, Ohio 43215.

### ARTICLE I PURPOSE AND PROCEDURES

1.1 This Base Contract establishes the general terms and conditions governing purchases, sales, physical options, and exchanges of Gas between the Parties during the period this Base Contract is in effect, inclusively known as ("Transactions"). As used herein, the term "Buyer" refers to the Party purchasing the Transaction and the term "Seller" refers to the Party selling the Transaction.

1.2 The Parties will use the following Transaction Confirmation procedure. Should the Parties come to an agreement regarding a Transaction for a particular Delivery Period, Seller will, and Buyer may, record that agreement on a Transaction Confirmation and facsimile or deliver such Transaction Confirmation to the other Party by the close of the Business Day following the date of agreement. If a sending Party's Transaction Confirmation is contrary to the receiving Party's understanding of the agreement, such receiving Party shall notify the sending Party via facsimile before the close of the second Business Day following receipt. The receiving Party's failure to so notify sending Party in writing within the aforementioned time period constitutes receiving Party's agreement to the terms of the transaction described in the sending Party's Transaction Confirmation. If there are any material differences between timely sent Transaction Confirmations governing the same Transaction, then neither Transaction Confirmation shall be binding until or unless such differences are resolved.

1.3 Each Party consents to the recording of all telephone conversations between its employees and the employees of the other Party.

1.4 The entire agreement between the Parties shall be governed by those provisions contained in the Base Contract and any effective Transaction Confirmation ("Contract"). In the event of a conflict between the terms of any Transaction Confirmation and the terms of this Base Contract, the terms of the Transaction Confirmation shall govern.

### ARTICLE II DEFINITIONS

2.1 "British Thermal Unit" or "Btu" shall mean the amount of heat required to raise the temperature of one pound of pure water from 59° Fahrenheit to 60° Fahrenheit at a constant pressure of 14.73 pounds per square inch absolute (psia).

2.2 "Business Day" shall mean any day except Saturday, Sunday or Federal Reserve Bank holidays.

2.3 "Contract" shall mean the legally binding relationship established by (i) this Base Contract and (ii) the provisions contained in any effective Transaction Confirmation(s).

2.4 "Contract Quantity" shall mean the quantity of Gas to be delivered and taken as set forth in the Transaction Confirmation.

2.5 "Contract Price" shall mean the amount expressed in U.S. Dollars per Dth, as specified by the Parties on the Transaction Confirmation.

2.6 "Cover Standard" shall mean that if there is an unexcused failure to take or deliver any quantity of Gas pursuant to this Contract, then the non-defaulting Party shall use commercially reasonable efforts to obtain or sell Gas at a price reasonable for the delivery or production area, as applicable, consistent with the amount of notice provided by the defaulting Party with consideration for the immediacy of the Buyer's Gas consumption needs or Seller's Gas sales requirements, as applicable, the quantities involved and the anticipated length of failure by the defaulting Party.

2.7 "Day" shall mean a period of twenty-four (24) consecutive hours, coextensive with a "Day" as defined in the tariff of the Transporter delivering Gas to the Delivery Point, or the Transporter receiving Gas if there is no Transporter delivering Gas, in a particular transaction.

2.8 "Delivery Period" shall be the period during which deliveries are to be made as set forth in the Transaction Confirmation.

2.9 "Delivery Point" shall mean such points as are mutually agreed upon between Seller and Buyer as set forth in the Transaction Confirmation.

2.10 "Dth" shall mean one million British Thermal Units.

2.11 "Gas" shall mean any mixture of hydrocarbons or of hydrocarbons and non-combustible gases in a gaseous state consisting essentially of methane which conforms with Section 7.1.

2.12 "Imbalance Charges" shall mean any scheduling penalties, imbalance penalties, overpull or unauthorized overrun penalties, operational flow order penalties, Cash Out Charges, banking charges, or similar penalties, fees or charges assessed by a Transporter for failure to satisfy the Transporter's balance and/or nomination requirements.

2.13 "Month" shall mean the period beginning on the first day of the calendar month and ending immediately prior to the commencement of the first day of the next calendar month.

2.14 "Schedule", "Scheduling", "Scheduled" or "Nominations" shall refer to the act of Seller, Buyer, and the Transporter(s) notifying, requesting, and confirming to each other the quantity of Gas to be delivered hereunder on any given Day during the Delivery Period.

2.15 "Spot Price" shall mean the Midpoint price listed in the publication *Gas Daily* as published by Financial Times Energy, under the listing applicable to the geographic location closest in proximity to the Delivery Point(s) for the relevant Day. If no price is published for such Day, then the Spot Price shall be the average of the following: (i) the price (determined as stated above) for the first Day for which a price is published that next preceded the relevant Day; and (ii) the price (determined as stated above) for the first Day for which a price is published that next follows the relevant Day.

2.16 "Transaction Confirmation" shall mean the document, substantially in the form of Exhibit A, setting forth the terms of a Transaction formed pursuant to Section 1 for a particular Delivery Period.

2.17 "Transporter(s)" shall mean all Gas pipeline companies, or the physical facilities thereof, transporting Gas for Seller or Buyer upstream or downstream, respectively, of the Delivery Point pursuant to a particular Transaction Confirmation.

#### ARTICLE III PERFORMANCE OBLIGATION

3.1 The Performance Obligation shall be designated in each Transaction Confirmation from one of the following:

3.1.1 "Interruptible" shall mean that either Party may interrupt its performance at any time for any reason except for reasons of price, whether or not caused by an event of Force Majeure, in which case there will be no liability, except such interrupting Party is responsible for any Imbalance Charges as set forth in Section 6.3 related to its interruption after the nomination is made to the Transporter, and until the change in deliveries and/or receipts is confirmed and implemented by Transporter.

3.1.2 "Secondary Firm" shall mean that either Party may interrupt its performance to the extent that such performance is prevented for reasons of Force Majeure or curtailment or interruption of such Party's interruptible transportation and/or storage, transportation between secondary firm points or recallable firm transportation, in which case there will be no liability except such interrupting Party is responsible for any Imbalance Charges, as set forth in Section 6.3, related to its interruption after the nomination is made to the Transporter and until the change in deliveries and/or receipts is confirmed and implemented by Transporter. If a Party interrupts for any other reason the non-breaching Party's exclusive remedy shall be that it may recover its Cover Costs as set forth in Section 4.1.

3.1.3 "Primary Firm" shall mean that either Party may only interrupt its performance to the extent that such performance is prevented for reasons of Force Majeure or curtailment of firm transportation and/or storage between primary firm points, in which case there will be no liability except that such interrupting Party is responsible for any Imbalance Charges, as set forth in Section 6.3, related to its interruption after the nomination is made to the Transporter. If a Party interrupts for any other reason the non-breaching Party's exclusive remedy shall be as set forth in Section 4.1.

3.2 If a Party interrupts its performance, such Party will curtail in a fair and reasonable manner giving similar treatment to similarly affected sales customers.

#### ARTICLE IV DEFAULTS AND REMEDIES

4.1 Subject to Section 4.3, the exclusive and sole remedy of the Parties in the event of a breach of Performance Obligation shall be recovery of the following:

- (i) In the event of a breach by Seller on any Day(s), payment by Seller to Buyer in an amount equal to the difference between the Contract Price and the purchase price paid by Buyer utilizing the Cover Standard for replacement Gas, adjusted for commercially reasonable incremental transportation costs to or from the Delivery Point(s), multiplied by the difference between the Contract Quantity and the quantity actually delivered by Seller on such Day(s) ("Buyer's Cover Costs"); or
- (ii) In the event of a breach by Buyer on any Day(s), payment by Buyer to Seller in an amount equal to the difference between the Contract Price and the price received by Seller utilizing the Cover Standard from the resale of such Gas, adjusted for commercially reasonable incremental transportation costs to or from the Delivery Point(s), multiplied by the difference between the Contract Quantity and the quantity actually received by Buyer for such Day(s) ("Seller's Cover Costs"); or
- (iii) In the event that Buyer has used commercially reasonable efforts to replace the Gas or Seller has used commercially reasonable efforts to sell the Gas to a third Party, and no such replacement or sale is available, then the exclusive remedy of the non-breaching Party shall be the difference between the Contract Price and the Spot Price multiplied by the difference between the Contract Quantity and the quantity actually delivered by Seller and received by Buyer for such Day.

4.2 When reasonable grounds for insecurity of payment arise, either Party may demand adequate assurance of performance from the other party. Adequate assurance shall mean sufficient security in the form and for the term reasonably acceptable to the demanding Party including, but not limited to, a standby irrevocable letter of credit, a prepayment or a guarantee by a credit-

worthy entity. Notwithstanding and in addition to but not in limitation of any other provision hereof or in the event (each a "default") either Party (the "Defaulting Party") shall:

- (i) Make an assignment or any general arrangement for the benefit of creditors; or
- (ii) Become bankrupt or insolvent, however evidenced, or be unable to pay its debts as they fall due; or
- (iii) File a petition or otherwise commence a proceeding under any bankruptcy, insolvency, reorganization or similar law; or have any such petition filed or proceeding commenced against it; or
- (iv) Have a liquidator, administrator, receiver or trustee appointed with respect to it or any substantial portion of its property or assets; or
- (v) Fail to pay or perform, when due, any material obligation to the other Party (the "Non-Defaulting Party"), whether under this agreement, or in connection with credit support obligations or otherwise and such failure is not cured within two (2) Business Days after written notice thereof to the Defaulting Party; or
- (vi) Fail to provide adequate assurance of its ability to perform all of its outstanding obligations to the Non-Defaulting Party under this Base Contract;

then in any such event the Non-Defaulting Party shall have the right to designate an early termination date ("Early Termination Date") as any date on or after the event of default under this Section 4.2. Upon the Early Termination Date, the Non-Defaulting Party shall have the right to liquidate any and all Transactions under this Contract (including any portion of a Transaction not yet fully delivered) then outstanding by:

- (i) Closing out each Transaction being liquidated at its Market Value, as defined below, so that each such Transaction is canceled and a settlement payment in an amount equal to the difference between such Market Value and the Contract Value, as defined below, of such Transaction shall be due to the Buyer under the Transaction if such Market Value exceeds the Contract Value and to the Seller if the opposite is the case; and
- (ii) Discounting each amount then due under clause (i) above to present value in a commercially reasonable manner as at the time of liquidation (to take account of the period between the date of liquidation and the date on which such amount would have otherwise been due pursuant to the relevant Transaction); and
- (iii) Setting off or aggregating, as appropriate, any or all settlement payments (discounted as appropriate) and (at the election of the non-defaulting Party) any or all other amounts owing between the Parties under this Contract so that all such amounts are aggregated and/or netted to a single liquidated amount payable by one Party to the other. The net amount due any such liquidation shall be paid by the close of business on the Business Day following the Early Termination Date.

For purposes of this Section 4.2, "Contract Value" means the amount of the Gas remaining to be delivered or purchased under a Transaction multiplied by the Contract Price per unit, and "Market Value" means the amount of Gas remaining to be delivered or purchased under a Transaction multiplied by the market price per unit determined by the non-defaulting Party in a commercially reasonable manner using the Cover Standard. The rate of interest used in calculating net present value shall be determined by the non-defaulting Party in a commercially reasonable manner. The Parties agree that a Transaction under this Section 4.2 shall constitute a "forward contract" within the meaning of the United States Bankruptcy Code.

4.3 The Non-Defaulting Party's rights under this Section are in addition to, and not in limitation or exclusion of, any other rights which the Non-Defaulting Party may have (whether by agreement, operation of law or otherwise) subject to the Non-Defaulting limitation set forth in Section 4.4. If a default occurs, the Non-Defaulting Party may (at its election) from time to time set off any or all amounts which the Defaulting Party owes to it (whether under this Base Contract, any Forward Contract or otherwise and whether or not then due), provided that any amount not then due which is included in such setoff shall be discounted to present value as of the time of setoff (to take account of the period between the date of setoff and the date on which such amount would have otherwise been due).

4.4 In no event will either Party be responsible, either under this Article IV or under any other term or provision of this Contract, for incidental, consequential, special, or punitive damages.

#### ARTICLE V TRANSPORTATION

5.1 Seller shall have the sole responsibility and bear the full cost and expense of transporting the Gas, or ensuring that the Gas is transported, to the Delivery Point. Buyer shall have the sole responsibility and bear the full cost and expense of transporting the Gas, or ensuring that the Gas is transported at and after the Delivery Point.

5.2 If the supply or transportation necessary to deliver or receive the Contract Quantity is unavailable for any reason, the Party responsible for or having notice of such interruption shall promptly notify the other Party by facsimile. Seller and Buyer shall then cooperate in all reasonable actions to avoid Imbalance Charges imposed by the Transporter(s). Notwithstanding the above, any notice of interruption shall not be considered an amendment of the Performance Obligation set forth in an applicable Transaction Confirmation.

#### ARTICLE VI QUANTITY, SCHEDULING AND IMBALANCES

6.1 Seller agrees to sell and deliver, or cause to be delivered, and Buyer agrees to purchase and receive or cause to be received, the Contract Quantity for a particular Transaction in accordance with the terms of this Contract.

6.2 The Parties shall coordinate their Scheduling requirements by telephone with immediate confirmation in writing by facsimile. Ample time must be given to meet the Scheduling deadlines of the affected Transporter(s). Each Party shall give the other Party timely prior notice, sufficient to meet the requirements of all Transporter(s) involved in the Gas delivery to Buyer, of the quantities of Gas to be delivered and purchased each Day. Should either Party become aware that actual deliveries at the Delivery Point(s) are greater or lesser than the Scheduled Gas, such Party shall notify immediately the other Party by telephone to be followed up with written facsimile notice within twenty-four hours. Notice provisions shall be waived if mutually agreed upon.

6.3 The Parties shall use commercially reasonable efforts to avoid imposition by any Transporter of Imbalance Charges. If Buyer or Seller receives an invoice from a Transporter that includes Imbalance Charges, the Parties shall determine the validity as well as the cause of such Imbalance Charges. If the Imbalance Charges were incurred as a result of Buyer's actions or inactions (which shall include, but shall not be limited to, Buyer's failure to accept quantities of Gas equal to the Scheduled Gas), then Buyer shall pay for such Imbalance Charges or reimburse Seller for such Imbalance Charges paid by Seller to the Transporter. If the Imbalance Charges were incurred as a result of Seller's actions or inactions (which shall include, but shall not be limited to, Seller's failure to deliver quantities of Gas equal to the Scheduled Gas), then Seller shall pay for such Imbalance Charges, or reimburse Buyer for such Imbalance Charges paid by Buyer to the Transporter.

6.4 Seller shall be responsible for allocating gas tendered to Transporter(s) among Buyer and other buyers for each point(s) of delivery. Seller shall not retroactively change any allocation information which Seller has previously provided to Transporter(s) without Buyer's express written concurrence.

#### ARTICLE VII QUALITY

7.1 All Gas delivered by Seller shall meet the quality and heat content requirements of Transporter(s)' tariff(s), as may be amended from time to time.

#### ARTICLE VIII DELIVERY PRESSURE

8.1 Gas delivered hereunder shall be at commercial operating pressures sufficient to deliver such quantities at the Delivery Point(s).

#### ARTICLE IX MEASUREMENT

9.1 The unit of quantity measurement for purposes of this Contract shall be one Dth (dry).

9.2 Measurement of Gas quantities hereunder shall be in accordance with the tariff of the first Transporter immediately downstream of the Delivery Point(s).

#### ARTICLE X TAXES

10.1 Seller shall pay or cause to be paid, all taxes, fees, levies, penalties, licenses or charges imposed by any government authority ("Taxes") on or with respect to the Gas prior to its delivery at the Delivery Point(s). Buyer shall pay or cause to be paid, all Taxes on or with respect to the Gas at or after its delivery at the Delivery Point(s). If a Party is required to remit or pay Taxes which are the other Party's responsibility hereunder, such Party shall promptly reimburse the other Party for such Taxes. If Buyer is entitled to an exemption of such Gas from any such Taxes or charges, Buyer shall furnish Seller any necessary exemption or resale certificate covering the Gas delivered hereunder at the Delivery Point(s).

10.2 Neither the Contract Price to be paid for Gas nor any other provision of this Contract shall be affected by an increase or decrease in the rate or amount of any tax or the repeal of an existing tax imposed on either Party, by the enactment of a new tax, or by the subsequent application hereto of any existing tax.

#### ARTICLE XI BILLING, PAYMENT AND AUDIT

11.1 On or before the tenth day following the Month of deliveries of Gas hereunder, Seller shall deliver to Buyer a statement for the preceding Month properly identified as to the Delivery Point and applicable Transaction Confirmation showing the total quantity of Gas delivered and the amount due. If the actual quantity delivered is not available by the contractual billing date, billing will be prepared based on the Scheduled quantities. The Scheduled quantity will then be corrected to the actual quantity on the following Month's billing or as soon thereafter as actual delivery information is available.

11.2 Buyer shall remit by wire transfer the amount due pursuant to Seller's invoice instructions, by the later of the 25th day of the Month in which the statement was rendered or ten calendar days after receipt of the statement by Buyer; provided that if the due date is not a Business Day, payment is due on the next Business Day following that date. If Buyer fails to remit the full amount payable by Buyer when due, interest on the unpaid portion shall accrue at a rate equal to the lower of (i) the then-effective prime rate of interest published under "Money Rates" by The Wall Street Journal, plus two percent per annum from the date due until the

date of payment, or (ii) the maximum applicable lawful interest rate. If Buyer, in good faith, disputes the amount of any such statement or any part thereof, Buyer will pay to Seller such amount as it concedes to be correct; provided, however, if Buyer disputes the amount due, Buyer must provide supporting documentation acceptable in industry practice from its Transporter to verify the amount paid. If it is ultimately determined that Buyer owes the disputed amount, Buyer will pay Seller that amount with interest as determined above immediately upon such determination. Any payments due the Buyer hereunder shall be made in accordance with this Section 11.2.

11.3 Either Party shall have the right at its own expense, upon reasonable notice and at reasonable times, to examine the books and records of the other Party to the extent reasonably necessary to verify (i) the accuracy of any statement, charge, payment, computation or other documentation made under the Contract or (ii) any curtailment of service under Section 3.2. Any such audit and any claim based upon errors in (i) or (ii), immediately above, must be made within two years of the date of such statement or any revision thereof or the last Day of the Month during which any such alleged unauthorized curtailment occurs. Following such two year period, a billing statement as adjusted shall be final. Errors in a Party's favor shall be rectified in full, with interest as calculated above, by such Party within 30 days of notice and substantiation of such inaccuracy.

11.4 The receipt of any invoice, statement, information concerning a Transaction or the act of payment or partial payment shall not constitute accord and satisfaction, waiver, release, full payment, satisfaction, laches, estoppel or other defense to a claim by or against the Seller or Buyer for the true and actual amount accurately due and payable for the full period of two years in arrears.

11.5 Each Party shall have the right of recoupment against any and all amounts due or to become due to the other Party hereunder. Each right of recoupment may be exercised at any time and in the ordinary course of business without demand on or notice to the other Party, its affiliates, parent or its guarantor. The right of recoupment shall not be deemed to be waived by any conduct of either Party, by any failure to exercise such right, or by any neglect or failure in so doing.

#### ARTICLE XII TITLE, WARRANTY AND INDEMNITY

12.1 Title to the Gas shall pass from Seller to Buyer at the Delivery Point(s). Seller shall have responsibility for and assume any liability with respect to the Gas prior to its delivery to Buyer at the specified Delivery Point(s). Buyer shall have responsibility for and any liability with respect to said Gas at and after its delivery to Buyer at the Delivery Point(s).

12.2 Seller warrants that it will have good and merchantable title to or will have the right to deliver all Gas sold hereunder and/or delivered by it to Buyer, free and clear of all liens, encumbrances, and claims.

12.3 Seller and Buyer each warrants that it is engaged in the direct commercial use of Gas in the ordinary course of its business, as producer, processor, merchant, or consumer or otherwise has knowledge of the practices associated with the purchase or sale of Gas. Each further warrants that it has and will maintain all the regulatory authorizations, certificates, and documentation as may be necessary and legally required to transport, buy, or make sales for resale of Gas sold or purchased hereunder.

12.4 If any claim related to the title to the Gas sold and/or delivered hereunder is asserted at any time, Buyer may withhold payment of up to the amount of such claim without interest, as security for the performance of Seller's obligations hereunder until such claim has been finally determined, or until Seller has furnished a bond or other acceptable assurances to Buyer under terms and conditions reasonably satisfactory to Buyer, and in an amount with surety reasonably satisfactory to Buyer.

12.5 Seller agrees to indemnify Buyer and save it harmless from all suits, actions, debts, accounts, damages, costs, losses, liabilities and expenses arising from or out of claims of title, personal injury or property damage from any or all persons to said Gas or other charges thereon which attach before title passes to Buyer. Buyer agrees to indemnify Seller and save it harmless from all suits, actions, debts, accounts, damages, costs, losses, liabilities and expenses arising from or out of claims regarding payment, personal injury, death or property damage from said Gas or other charges thereon which attach at and after title passes to Buyer, subject to Seller's obligation regarding quality as set forth in Section 7.1.

#### ARTICLE XIII NOTICES

13.1 All Transaction Confirmations and other communications ("Communications") made pursuant to the Contract shall be sent or hand delivered to the other Party at the address shown below:

Columbia Gas of Virginia, Inc.  
200 Civic Center Drive  
Columbus, Ohio 43215  
Attn: Energy Trading Manager  
Phone: 614-460-6227  
Fax: 614-460-6442

Columbia Gas of Pennsylvania, Inc.  
200 Civic Center Drive  
Columbus, Ohio 43215  
Attn: Energy Trading Manager  
Phone: 614-460-6227  
Fax: 614-460-6442

13.2 All invoices and payments shall be sent or hand delivered to the other Party at the address shown below:

Columbia Gas of Virginia, Inc.  
200 Civic Center Drive  
Columbus, Ohio 43215  
Attn: Gas Purchase Services Manager  
Phone: 614-460-6225  
Fax: 614-460-6442

Columbia Gas of Pennsylvania, Inc.

Columbus, Ohio 43215  
Attn: Gas Purchase Services Manager  
Phone: 614-460-6225  
Fax: 614-460-6442

13.3 Either Party may modify any information specified above by written notice to the other Party, except changes to the payment information, which written notice must be notarized.

13.4 All Communications ("Notices") required hereunder may be sent by facsimile or mutually accepted electronic means, a nationally recognized overnight courier service, first class mail or hand delivered. All invoices required hereunder may be sent by facsimile or mutually accepted electronic means and followed by a nationally recognized overnight courier service, first class mail or hand delivered.

13.5 Notices sent by facsimile shall be deemed to have been received upon the sending Party's receipt of its facsimile's confirmation thereof. Notice by overnight mail or courier shall be deemed to have been received on the next Business Day after it was sent or such earlier time as is confirmed by the receiving Party. Notice delivered by hand shall be deemed to be received at the time it is delivered to an officer or to a responsible employee of the receiving Party. Notice via first class mail shall be considered delivered two Business Days after mailing.

#### ARTICLE XIV FORCE MAJEURE

14.1 Except with regard to a Party's obligation to make payments due under the Contract, neither Party shall be liable to the other for a failure to perform its obligations hereunder, if such failure was caused by Force Majeure. As used herein, the term "Force Majeure" shall mean an unforeseen occurrence or event beyond the control of the Party claiming excuse which partially or entirely prevents that Party's performance of its obligations as further defined in Section 14.3.

14.2 The Party whose performance is prevented by Force Majeure must provide notice to the other Party. Initial notice may be given orally; however, written notification with particulars of the event or occurrence is required as soon as reasonably possible. Upon providing written notification of Force Majeure to the other Party, the affected Party will be relieved of its obligation to make/accept delivery of Gas to the extent and for the duration of Force Majeure and neither Party shall be deemed to have failed in such obligations to the other during such occurrence or event.

14.3 Force Majeure shall include but not be limited to the following: (i) physical events such as acts of God, landslides, lightning, earthquakes, fires, storms or storm warnings which result in evacuation of the affected area, floods, washouts, explosions, breakage or accident or necessity of repairs to machinery or equipment or lines of pipe, weather related events such as hurricanes or freezing or failure of wells or lines of pipe which affects an entire geographic region; (ii) acts of others such as strikes, lockouts, or other industrial disturbances, riots, sabotage, insurrections or wars; (iii) governmental actions such as necessity for compliance with any court order, law, statute, ordinance, or regulation promulgated by a governmental authority having jurisdiction; and (iv) any other causes, whether of the kind herein enumerated or otherwise not reasonably within the control of the affected Party. Seller and Buyer shall make reasonable efforts to avoid Force Majeure and to resolve the event or occurrence once it has occurred in order to resume performance.

14.4 Neither Party shall be entitled to the benefit of the provisions of Force Majeure to the extent performance is affected from any or all of the following circumstances: (i) the sole or contributory negligence of the Party claiming excuse; (ii) the Party claiming excuse failed to remedy the condition and to resume the performance of such covenants or obligations with reasonable dispatch; and (iii) economic hardship. Force Majeure shall not excuse a Party's responsibility for Imbalance Charges, as set forth in Section 6.3. As soon as possible after the Force Majeure event shall have been remedied, the Party claiming suspension shall likewise give notice to the effect that the same has been remedied and that such Party has resumed, or is then in a position to resume, the performance of such covenants or obligations.

14.5 Notwithstanding anything to the contrary herein, the Parties agree that the settlement of strikes, lockouts or other industrial disturbances shall be entirely within the discretion of the Party experiencing such disturbance.

#### ARTICLE XV GOVERNMENTAL REGULATION

15.1 This Contract and all provisions herein will be subject to all present and future applicable and valid statutes, rules, orders and regulations of any Federal, State, or local governmental authority having jurisdiction over the Parties, their facilities, or Gas supply, this Base Contract or Transaction Confirmation or any provisions thereof.

15.2 Each Party certifies that, during the performance of this contract, its employment practices, pertaining to employees and applicants, shall comply with all applicable federal, state and local laws and regulations regarding discrimination because of race, color, religion, national origin, sex, age, disability or veteran status, including but not limited to the provisions of the Civil Rights Act of 1964, Fair Labor Standards Act of 1938, Americans with Disabilities Act of 1990, Executive Order 11246 of September 24, 1965, Family and Medical Leave Act of 1993, Code of Federal Regulations (CFR); 41 CFR Part 60-1, 41 CFR Part 60-250, and 41 CFR Part 60-741, all provisions as amended, and all provisions thereof being incorporated herein by reference.

15.3 Each Party hereby represents and warrants that it will, to the greatest extent practical, consistent with efficient contract performance, provide small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals with the opportunity to participate in performing contracts or subcontracts related to this contract. Each Party further states that it shall ensure timely payment of amounts due to any such contractor or subcontractor.

15.4 Neither Party will be held in default for failure to perform under this Contract, if such failure is due to compliance with such rules, regulations, laws, orders or directives of any State, Federal or other governmental regulatory authority.

#### ARTICLE XVI TERM

16.1 This Base Contract shall remain in effect for one month from the date hereof and from Month to Month thereafter unless terminated by either Party on thirty (30) Days advance written notice; provided, however, that, except as provided in Section 4.2, if one or more Transaction Confirmations are in effect, termination shall not be effective until the expiration of the latest Delivery Period of such Transaction Confirmation(s). The obligations of a Party to make any payment due hereunder and the obligation of Seller to indemnify Buyer, and Buyer to indemnify Seller, pursuant hereto shall survive the termination or cancellation of the Contract or Transaction Confirmation.

#### ARTICLE XVII DISPUTE RESOLUTION

17.1 In the event a dispute arises between Buyer and Seller, or the successors or assigns of either of them, regarding the application or interpretation of any provision of this Base Contract or a Transaction Confirmation, the aggrieved Party shall promptly notify the other Party of its intent to invoke this dispute resolution procedure after such dispute arises. If the Parties shall have failed to resolve the dispute within ten Business Days after delivery of such notice, each Party shall, within five Business Days thereafter nominate an officer of its company to meet at a mutually agreed location to resolve the dispute.

#### ARTICLE XVIII MISCELLANEOUS

18.1 This Contract shall be binding upon and inure to the benefit of the successors, assigns, personal representatives, and heirs of the respective Parties hereto, and the covenants, conditions, and obligations of this Contract shall run for the full term of this Contract. No assignment of this Contract, in whole or in part, will be made without the prior written consent of the non-assigning Party, which consent will not be unreasonably withheld or delayed; provided, however, that either Party may, without the consent of the other Party and without relieving itself from liability hereunder, (i) transfer, sell, pledge, encumber or assign this Contract or the accounts, revenues or proceeds hereof in connection with any financing or other financial arrangements, (ii) transfer or assign this Contract to an affiliate of such Party which affiliate's creditworthiness is comparable to or higher than that of such Party, or (iii) transfer or assign this Contract to any person or entity succeeding to all or substantially all of the assets of such Party; provided, however, that in each such case, any such assignee shall agree to in writing to be bound by the terms and conditions hereof.

18.2 If any provision in this Contract is determined to be invalid, void or unenforceable by any court having jurisdiction, such determination shall not invalidate, void, or make unenforceable any other provision, agreement or covenant of this Contract.

18.3 No waiver of any breach of this Contract shall be held to be a waiver of any other or subsequent breach. All remedies afforded in this Contract shall be taken and construed as cumulative.

18.4 This Contract sets forth all understandings between the Parties respecting the subject matter of each transaction and any prior contracts, understandings and representations, whether oral or written, representing this subject matter are merged into and superseded by the Base Contract and any effective Transaction Confirmation(s). This Contract may only be amended in writing.

18.5 This Contract may be executed in one or more counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. As used herein, the singular of any term shall include the plural.

18.6 The interpretation and performance of this Contract shall be governed by the laws of Virginia excluding, however, any conflict of laws rule which would apply the law of another jurisdiction.

18.7 This Contract was prepared jointly by Seller and Buyer, and, in the event of doubt or ambiguity in the language of any of its provisions, shall be construed with equal strength in favor of both Parties.

18.8 The terms of this Contract and of any Transaction Confirmation entered into pursuant hereto, including but not limited to the Contract Price, the Contract Quantity, the Delivery Period, the identified Transporter(s), and all other material terms thereof shall be kept confidential by the Parties hereto for one year from the expiration of such Transaction, except to the extent that any information must be disclosed to a third Party for the purpose of effectuating transportation of Gas subject to the Contract or to meet New York Mercantile Exchange requirements or governmental agency requirements or requests or requests in civil or regulatory proceedings where necessary.

18.9 Compliance with the confirmation procedures of Article I satisfies any "writing" requirements imposed under the Uniform Commercial Code or any other applicable contract law.

IN WITNESS WHEREOF, Parties hereto have caused their names to be signed and executed in duplicate on this 3<sup>rd</sup> day of April, 2002.

Re: Columbia Gas of Pennsylvania, Inc. -- Affiliate Transaction

Dear Mr. McNulty:

Enclosed for filing, pursuant to 66 Pa.C.S.A. §2102, is a copy of a Base Contract for Purchase and Sale of Natural Gas between Columbia Gas of Pennsylvania, Inc. and an affiliated company, Columbia Gas of Ohio, Inc.

If you have any questions about the enclosed document or if I may be of assistance, please do not hesitate to contact me at (614) 460-4646.

Very truly yours,

Theodore J. Gallagher  
Attorney for  
Columbia Gas of Pennsylvania, Inc.

enclosure

## BASE CONTRACT FOR SALE AND PURCHASE OF NATURAL GAS

This Base Contract, made and entered into this 1<sup>st</sup> day of October, 1998, by and between Columbia Gas of Ohio, Inc., an Ohio corporation with offices located at 200 Civic Center Drive, Columbus, Ohio 43215, and Columbia Gas of Pennsylvania, Inc., a Pennsylvania corporation with offices located at 200 Civic Center Drive, Columbus, Ohio 43215.

### ARTICLE I PURPOSE AND PROCEDURES

1.1 This Base Contract establishes the terms governing purchases, sales and/or exchanges of Gas during the period this Base Contract is in effect. The Base Contract anticipates that the role of a party may change from time to time and that role may in some cases be that of the Seller and in other cases be that of the Buyer. As used herein, the term "Buyer" refers to the party receiving Gas and the term "Seller" refers to the party delivering Gas.

1.2 The terms and conditions incorporated in this Base Contract are intended to facilitate the entering into by Buyer and Seller of a variety of types of transactions with specific pertinent terms and durations. The types of transactions covered by this Base Contract are defined in Section 3.1:

- (i) Interruptible (I)
- (ii) Secondary Firm (SF)
- (iii) Primary Firm (PF) or
- (iv) Exchange of Futures For Physicals (EFP)

1.3.1 The parties will use the following Transaction Confirmation procedure. Should the parties come to an agreement regarding a Gas purchase or sale transaction for a particular Delivery Period, Seller will, and Buyer may, record that agreement on a Transaction Confirmation and facsimile or hand deliver such Transaction Confirmation to the other party by the close of the Business Day following the date of agreement.

1.3.2 If a sending party's Transaction Confirmation is contrary to the receiving party's understanding of the agreement, such receiving party shall notify via facsimile the sending party before the close of the second Business Day following receipt if such receiving party has not previously sent a Transaction Confirmation to the sending party. The receiving party's failure to so notify sending party in writing within the aforementioned time period constitutes receiving party's agreement to the terms of the transaction described in the sending party's Transaction Confirmation.

1.4 The entire agreement between the parties shall be governed by those provisions contained in the Base Contract and any effective Transaction Confirmation ("Contract"). In the event of a conflict between the terms of any Transaction Confirmation and the terms of this Base Contract, the terms of the Transaction Confirmation shall govern.

### ARTICLE II DEFINITIONS

2.1 "British Thermal Unit" or "Btu" shall mean the amount of heat required to raise the temperature of one pound of pure water from 59° Fahrenheit to 60° Fahrenheit at a constant pressure of 14.73 pounds per square inch absolute (psia).

2.2 "Business Day" shall mean any day except Saturday, Sunday or bank holidays.

2.3 "Contract" shall mean the legally-binding relationship established by (i) this Base Contract and (ii) the provisions contained in any effective Transaction Confirmation(s).

2.4 "Contract Quantity" shall mean the quantity of Gas to be delivered and taken as set forth in the Transaction Confirmation.

2.5 "Cover Costs" shall have the meaning set forth in Section 4.1.

2.6 "Cover Standard" shall mean that if there is an unexcused failure to take or deliver any quantity of Gas pursuant to this Contract, then the non-defaulting party shall use commercially reasonable efforts to obtain or sell Gas at a price reasonable for the delivery or production area, as applicable, consistent with the amount of notice provided by the defaulting party with consideration for the immediacy of the Buyer's Gas consumption needs or Seller's Gas sales requirements, as applicable, the quantities involved and the anticipated length of failure by the defaulting party.

2.7 "Day" shall mean a period of twenty-four (24) consecutive hours, coextensive with a "day" as defined in the tariff of the Transporter delivering Gas to the Delivery Point, or the Transporter receiving Gas if there is no Transporter delivering Gas, in a particular transaction.

2.8 "Delivery Period" shall be the period during which deliveries are to be made as set forth in the Transaction Confirmation.

2.9 "Delivery Point" shall mean the downstream side of such location(s) as are mutually agreed upon between Seller and Buyer as set forth in the Transaction Confirmation.

2.10 "Gas" shall mean any mixture of hydrocarbons or of hydrocarbons and non-combustible gases in a gaseous state consisting essentially of methane which conforms with Section 7.1.

2.11 "Imbalance Charges" shall mean any scheduling penalties, imbalance penalties, overpull or unauthorized overrun penalties, operational flow order penalties, Cash Out Charges, banking charges, or similar penalties, fees or charges assessed by a Transporter for failure to satisfy the Transporter's balance and/or nomination requirements.

2.12 "MMBtu" shall mean one million British Thermal Units.

2.13 "Month" shall mean the period beginning on the first day of the calendar month and ending on the first day of the next calendar month.

2.14 "Schedule", "Scheduling", "Scheduled" or "Nominations" shall refer to the act of Seller, Buyer, and the Transporter(s) notifying, requesting, and confirming to each other the quantity of Gas to be delivered hereunder on any given Gas Day during the Delivery Period.

2.15 "Transaction Confirmation" shall mean the form attached in Exhibit A.

2.16 "Transporter(s)" shall mean all Gas pipeline companies, or the physical facilities thereof, transporting Gas for Seller or Buyer upstream or downstream, respectively, of the Delivery Point pursuant to a particular Transaction Confirmation.

### ARTICLE III PERFORMANCE OBLIGATION

3.1 The Performance Obligation shall be designated in each Transaction Confirmation from one of the following:

3.1.1 "Interruptible" shall mean that either party may interrupt its performance at any time for any reason except for reasons of price, whether or not caused by an event of force majeure, with no liability, except such interrupting party is responsible for any Imbalance Charges as set forth in Section 6.3 related to its interruption after the nomination is made to the Transporter.

3.1.2 "Secondary Firm" shall mean that either party may interrupt its performance to the extent that such performance is prevented for reasons of Force Majeure or curtailment of such party's interruptible transportation and/or storage, transportation between secondary firm points or recallable firm transportation, with no liability except such interrupting party is responsible for any Imbalance Charges, as set forth in Section 6.3, related to its interruption after the nomination is made to the Transporter. If a party interrupts for any other reason the non-breaching party's exclusive remedy shall be that it may recover its Cover Costs.

3.1.3 "Primary Firm" shall mean that either party may only interrupt its performance to the extent that such performance is prevented for reasons of Force Majeure or curtailment of firm transportation and/or storage between primary firm points, with no liability except that such interrupting party is responsible for any Imbalance Charges, as set forth in Section 6.3, related to its interruption after the nomination is made to the Transporter. If a party interrupts for any other reason the non-breaching party's exclusive remedy shall be that it may recover its Cover Costs.

3.1.4 "EFP" shall mean the purchase, sale or exchange of natural Gas as the "physical" side of an exchange for physical transaction involving futures contracts on the New York Mercantile Exchange. EFP shall incorporate the meaning and remedies of Primary Firm.

3.2 If a party interrupts its performance, such party will curtail each customer group in a fair and reasonable manner giving similar treatment to similarly affected customers.

### ARTICLE IV DEFAULTS AND REMEDIES

4.1 Subject to Section 4.3, the exclusive and sole remedy of the parties in the event of a breach of the Performance Obligation shall be recovery of the following Cover Costs: (i) in the event of a breach by Seller, payment by Seller to Buyer in an amount equal to the difference between the Contract Price and the purchase price paid by Buyer utilizing the Cover Standard for replacement Gas, adjusted for reasonable incremental transportation costs to or from the Delivery Point(s), multiplied by the quantity of Gas agreed upon but not delivered by Seller ("Buyer's Cover Costs"); or (ii) in the event of a breach by Buyer, payment by Buyer to Seller in an amount equal to the difference between the Contract Price and the price received by Seller utilizing the Cover Standard from the resale of such Gas, adjusted for reasonable incremental transportation costs to or from the Delivery Point(s), multiplied by the quantity of Gas agreed upon but not taken by Buyer ("Seller's Cover Costs"); (iii) in the event that Buyer has used commercially reasonable efforts to replace the Gas or Seller has used commercially reasonable efforts to sell the Gas to a third party, and no such replacement or sale is available, then the exclusive remedy of the non-breaching party shall be the difference between the Contract Price and the price that would have been paid or received utilizing the Cover Standard multiplied by the quantity of Gas agreed upon but not delivered by Seller or taken by Buyer.

4.2 In no event will either party be responsible, either under this Article IV or under any other term or provision of this Contract, for incidental, consequential, special, or punitive damages.

4.3 In the event that the non-defaulting party terminates the Contract under Section 15.2, the non-defaulting party shall have the right to designate an early termination date ("Early Termination Date") as any date on or after the event of default under Section 15.2. Upon the Early Termination Date, the non-defaulting party shall have the right to liquidate any and all Transactions under this Contract (including any portion of a Transaction not yet fully delivered) then outstanding by:

- (i) Closing out each Transaction being liquidated at its Market Value, as defined below, so that each such Transaction is canceled and a settlement payment in an amount equal to the difference between such Market Value and the Contract Value, as defined below, of such Transaction shall be due to the Buyer under the Transaction if such Market Value exceeds the Contract Value and to the Seller if the opposite is the case; and
- (ii) Discounting each amount then due under clause (i) above to present value in a commercially reasonable manner as at the time of liquidation (to take account of the period between the date of liquidation and the date on which such amount would have otherwise been due pursuant to the relevant Transaction); and
- (iii) Setting off or aggregating, as appropriate, any or all settlement payments (discounted as appropriate) and (at the election of the non-defaulting party) any or all other amounts owing between the parties under this Contract so that all such amounts are aggregated and/or netted to a single liquidated amount payable by one party to the other. The net amount due any such liquidation shall be paid by the close of business on the Business Day following the Early Termination Date.

For purposes of this Section 4.3, "Contract Value" means the amount of the Gas remaining to be delivered or purchased under a Transaction multiplied by the Contract Price per unit, and "Market Value" means the amount of Gas remaining to be delivered or purchased under a Transaction multiplied by the market price per unit determined by the non-defaulting party in a commercially reasonable manner using the Cover Standard. The rate of interest used in calculating net present value shall be determined by the non-defaulting party in a commercially reasonable manner. The parties agree that a Transaction under this Section 4.3 shall constitute a "forward contract" within the meaning of the United States Bankruptcy Code.

The non-defaulting party's rights under this Section 4.3 and to Cover Costs accrued prior to the termination date are the sole and exclusive remedy of the non-defaulting party. The non-defaulting party shall give notice that a liquidation pursuant to this Section 4.3 has occurred to the defaulting party no later than the Business Day following such liquidation, provided that failure to give such notice shall not affect the validity or enforceability of the liquidation or give rise to any claim by the defaulting party against the non-defaulting party.

### ARTICLE V TRANSPORTATION

5.1 Seller shall have the sole responsibility and bear the full cost and expense of transporting the Gas, or ensuring that the Gas is transported, to the Delivery Point. Buyer shall have the sole responsibility and bear the full cost and expense of transporting the Gas, or ensuring that the Gas is transported at and after the Delivery Point.

5.2 If the supply or transportation necessary to deliver or receive the Contract Quantity is unavailable for any reason, the party responsible for or having notice of such interruption shall promptly notify the other party by facsimile. Seller and Buyer shall then cooperate in all reasonable actions to avoid penalties imposed by the Transporter(s). Notwithstanding the above, any notice of interruption shall not be considered an amendment of the Performance Obligation.

#### **ARTICLE VI QUANTITY, SCHEDULING AND IMBALANCES**

6.1 Seller agrees to sell and deliver, and Buyer agrees to receive and purchase, the Contract Quantity for a particular transaction in accordance with the terms of this Contract.

6.2 The parties shall coordinate their Scheduling requirements by telephone with immediate confirmation in writing by facsimile. Ample time must be given to meet the Scheduling deadlines of the affected Transporter(s). Each party shall give the other party timely prior notice, sufficient to meet the requirements of all Transporter(s) involved in the Gas delivery to Buyer, of the quantities of Gas to be delivered and purchased each Day. Such notice shall be at least twenty-four hours prior to the earliest regularly scheduled nomination deadline of the Transporters receiving or delivering Gas commencing on the first Day of a Month, and two hours earlier than such deadline for any subsequent nomination if intra-month changes are authorized. Should either party become aware that actual deliveries at the Delivery Point(s) are greater or lesser than the Scheduled Gas, such party shall notify immediately the other party by telephone to be followed up with written facsimile notice within twenty-four hours. Notice provisions shall be waived if mutually agreed upon.

6.3 The parties shall use all reasonable efforts to avoid imposition by any Transporter of Imbalance Charges. If, during any Month, Buyer or Seller receives an invoice from a Transporter which includes Imbalance Charges, the parties shall use their reasonable efforts to promptly determine the validity as well as the cause of such Imbalance Charges. If the parties determine that the Imbalance Charges were incurred as a result of Buyer's actions or inactions (which shall include, but shall not be limited to, Buyer's failure to accept quantities of Gas equal to the Scheduled Gas), then Buyer shall pay for such Imbalance Charges or reimburse Seller for such Imbalance Charges paid by Seller to the Transporter. If the parties determine that the Imbalance Charges were incurred as a result of Seller's actions or inactions (which shall include, but shall not be limited to, Seller's failure to deliver quantities of Gas equal to the Scheduled Gas), then Seller shall pay for such Imbalance Charges, or reimburse Buyer for such Imbalance Charges paid by Buyer to the Transporter.

6.4 Seller shall be responsible for allocating gas tendered to Transporter(s) among Buyer and other buyers for each point(s) of delivery. Seller shall not retroactively change any allocation information which Seller has previously provided to Transporter(s) without Buyer's express written concurrence.

#### **ARTICLE VII QUALITY**

7.1 All Gas delivered by Seller shall meet the quality and heat content requirements of Transporter(s)' tariff(s), as may be amended from time to time.

#### **ARTICLE VIII DELIVERY PRESSURE**

8.1 Gas delivered hereunder shall be at commercial operating pressures sufficient to deliver such quantities at the Delivery Point(s).

#### **ARTICLE IX MEASUREMENT**

9.1 The unit of quantity measurement for purposes of this Contract shall be one MMBtu.

9.2 Measurement of Gas quantities hereunder shall be in accordance with the tariff of the first Transporter immediately downstream of the Delivery Point(s).

#### **ARTICLE X PRICE**

10.1 The Contract Price for all Gas delivered hereunder shall be expressed in U.S. Dollars per million British Thermal Units (\$/MMBtu). The price shall be agreed to by Buyer and Seller for each specific transaction and shall be included in the Transaction Confirmation.

#### **ARTICLE XI TAXES**

11.1 Seller shall pay or cause to be paid, all taxes, fees, levies, penalties, licenses or charges imposed by any government authority ("Taxes") on or with respect to the Gas prior to its delivery at the Delivery Point(s). Buyer shall pay or cause to be paid, all Taxes on or with respect to the Gas at or after its delivery at the Delivery Point(s). If a party is required to remit or pay Taxes which are the other party's responsibility hereunder, such party shall promptly reimburse the other party for such Taxes. If Buyer is entitled to an exemption of such Gas from any such Taxes or charges, Buyer shall furnish Seller any necessary exemption or resale certificate covering the Gas delivered hereunder at the Delivery Point(s).

11.2 Neither the price to be paid for gas nor any other provision of this Contract shall be affected by an increase or decrease in the rate or amount of any tax or the repeal of an existing tax imposed on either party, by the enactment of a new tax, or by the subsequent application hereto of any existing tax.

#### **ARTICLE XII BILLING, PAYMENT AND AUDIT**

12.1 On or before the tenth day following the Month of deliveries of Gas hereunder, Seller shall deliver to Buyer a statement for the preceding Month properly identified as to the Delivery Point and applicable Transaction Confirmation showing the total quantity of Gas delivered and the amount due. If the actual quantity delivered is not available by the contractual billing date, billing will be prepared based on the Scheduled quantities. The Scheduled quantity will then be corrected to the actual quantity on the following Month's billing or as soon thereafter as actual delivery information is available.

12.2 Buyer shall remit by wire transfer the amount due pursuant to Seller's invoice instructions, by the later of the 25th day of the Month in which the statement was rendered or ten calendar days after receipt of the statement by Buyer; provided that if the due date is not a Business Day, payment is due on the next Business Day following that date. If Buyer fails to remit the full amount payable by Buyer when due, interest on the unpaid portion shall accrue at a rate equal to the lower of (i) the then-effective prime rate of interest published under "Money Rates" by The Wall Street Journal, plus two percent per annum from the date due until the date of payment, or (ii) the maximum applicable lawful interest rate. If Buyer, in good faith, disputes the amount of any such statement or any part thereof, Buyer will pay to Seller such amount as it concedes to be correct; provided, however, if Buyer disputes the amount due, Buyer must provide supporting documentation acceptable in industry practice from its Transporter to verify the amount paid. If it is ultimately determined that Buyer owes the disputed amount, Buyer will pay Seller that amount with interest as determined above immediately upon such determination.

12.3 The parties shall have the right, upon reasonable notice and at reasonable times, to examine the books and records of the other party to the extent reasonably necessary to verify (i) the accuracy of any statement, charge, payment, computation or other documentation made under the Contract or (ii) any curtailment of service under Section 3.2. Any such audit and any claim based upon errors in (i) or (ii), immediately above, must be made within two years of the date of such statement or any revision thereof or the last Day of the Month during which any such alleged unauthorized curtailment occurs. Following such two year period, a billing statement as adjusted shall be final. Errors in a party's favor shall be rectified in full, with interest as calculated above, by such party within 30 days of notice and substantiation of such inaccuracy.

12.4 The receipt of any invoice, statement, information concerning a transaction or the act of payment or partial payment shall not constitute accord and satisfaction, waiver, release, full payment, satisfaction, laches, estoppel or other defense to a claim by or against the Seller or Buyer for the true and actual amount accurately due and payable for the full period of two years in arrears.

#### ARTICLE XIII TITLE, WARRANTY AND INDEMNITY

13.1 Title to the Gas shall pass from Seller to Buyer at the Delivery Point(s). Seller shall have responsibility for and assume any liability with respect to the Gas prior to its delivery to Buyer at the specified Delivery Point(s). Buyer shall have responsibility for and any liability with respect to said Gas at and after its delivery to Buyer at the Delivery Point(s).

13.2 Seller warrants that it will have good and merchantable title to or will have the right to deliver all Gas sold hereunder and delivered by it to Buyer, free and clear of all liens, encumbrances, and claims.

13.3 Seller and Buyer each warrants that it is engaged in the direct commercial use of natural Gas in the ordinary course of its business, as producer, processor, merchant, or consumer or otherwise has knowledge of the practices associated with the purchase or sale of natural Gas. Each further warrants that it has and will maintain all the regulatory authorizations, certificates, and documentation as may be necessary and legally required to transport, buy, or make sales for resale of Gas sold or purchased hereunder.

13.4 If any claim related to the title to the Gas sold hereunder is asserted at any time, Buyer may withhold payment of up to the amount of such claim without interest, as security for the performance of Seller's obligations hereunder until such claim has been finally determined, or until Seller has furnished a bond or other acceptable assurances to Buyer under terms and conditions satisfactory to Buyer, and in an amount with surety satisfactory to Buyer.

13.5 Seller agrees to indemnify Buyer and save it harmless from all suits, actions, debts, accounts, damages, costs, losses, liabilities and expenses arising from or out of claims of title, personal injury or property damage from any or all persons to said Gas or other charges thereon which attach before title passes to Buyer. Buyer agrees to indemnify Seller and save it harmless from all suits, actions, debts, accounts, damages, costs, losses, liabilities and expenses arising from or out of claims regarding payment, personal injury or property damage from said Gas or other charges thereon which attach at and after title passes to Buyer, subject to Seller's obligation regarding quality as set forth in Section 7.1.

#### ARTICLE XIV NOTICES

14.1 All Transaction Confirmations and other communications ("Communications") made pursuant to the Contract shall be sent or hand delivered to the other party at the address shown below:

Columbia Gas of Ohio, Inc. 200 Civic Center Drive Columbus, Ohio 43215 Attn: Senior Gas Procurement Manager Phone: 614-460-6227 Fax: 614-460-6442	Columbia Gas of Pennsylvania, Inc. 200 Civic Center Drive Columbus, Ohio 43215 Attn: Senior Gas Procurement Manager Phone: 614-460-6227 Fax: 614-460-6442
--	--

14.2 All invoices and payments shall be sent or hand delivered to the other party at the address shown below:

Columbia Gas of Ohio, Inc. 200 Civic Center Drive Columbus, Ohio 43215 Attn: Gas Purchase Services Manager Phone: 614-460-6225 Fax: 614-460-6442	Columbia Gas of Pennsylvania, Inc. 200 Civic Center Drive Columbus, Ohio 43215 Attn: Gas Purchase Services Manager Phone: 614-460-6225 Fax: 614-460-6442
---	---

14.3 Either party may modify any information specified above by written notice to the other party, except changes to the payment information, which written notice must be notarized.

14.4 All Communications ("Notices") required hereunder may be sent by facsimile or generally accepted electronic means, a nationally recognized overnight courier service, first class mail or hand delivered. All invoices required hereunder may be sent by telecopier or generally accepted electronic means and followed by a nationally recognized overnight courier service, first class mail or hand delivered.

14.5 Notices sent by facsimile shall be deemed to have been received upon the sending party's receipt of its telecopier's confirmation thereof. Notice by overnight mail or courier shall be deemed to have been received on the next Business Day after it was sent or such earlier time as is confirmed by the receiving party. Notice delivered by hand shall be deemed to be received at the time it is delivered to an officer or to a responsible employee of the receiving party. Notice via first class mail shall be considered delivered two Business Days after mailing.

#### ARTICLE XV FINANCIAL RESPONSIBILITY

15.1 Either party may request the following credit evaluation data of the other party; (i) a copy of the other party's current financial statement prepared within the twelve months; (ii) a copy of the other party's most recent Annual Report, and, if applicable, most recent Forms 10-Q and 10-K; provided that if the other party has no Annual Report or Forms 10-Q or 10-K it must provide its most recent audited financial statement and financial report, any current filings with regulatory agencies that discuss the other party's financial condition, and a detailed business description that includes the other party's corporate form, the number of years or months it has been in business, the nature of its business, and number of employees; (iii) a list of the other party affiliates, including any parent or subsidiary companies; (iv) the names, addresses and telephone numbers of three trade references with whom reasonable inquiry into the other party's credit-worthiness, and copies of any available reports from credit reporting and bond rating agencies.

15.2 When reasonable grounds for insecurity of payment arise either party may demand adequate assurance of performance. Adequate assurance shall mean sufficient security in the form and for the term reasonably acceptable to the demanding party, including, but not limited to, a standby irrevocable letter of credit, a prepayment or a guarantee by a credit worthy entity. In the event either party shall (i) make an assignment or any general arrangement for the benefit of creditors; (ii) default in the payment obligation to the other party; (iii) file a petition or otherwise commence, authorize, or acquiesce in the commencement of a proceeding or cause under any bankruptcy or similar law for the protection of creditors or have such petition filed or proceeding commenced against it; (iv) otherwise become bankrupt or insolvent (however evidenced); (v) be unable to pay its debts as they fall due; or (vi) fail to give adequate assurance of its ability to perform its obligations under the Contract within forty-eight (48) hours of a reasonable request by the other party, then the other party shall have the right to either withhold and/or suspend deliveries, or terminate the Contract without prior notice, in addition to any and all other remedies available hereunder.

15.3 Each party reserves to itself all rights, set-offs, counterclaim, and other defenses which it is or may be entitled to arising from or out of the Contract.

#### ARTICLE XVI FORCE MAJEURE

16.1 Except with regard to a party's obligation to make payments due under the Contract, neither party shall be liable to the other for a failure to perform its obligations hereunder, if such failure was caused by Force Majeure. As used herein, the term "Force Majeure" shall mean an unforeseen occurrence or event beyond the control of the party claiming excuse which partially or entirely prevents that party's performance of its obligations, except the obligation to make payments due under any transaction.

16.2 The party whose performance is prevented by Force Majeure must provide notice to the other party. Initial notice may be given orally; however, written notification with particulars of the event or occurrence is required as soon as reasonably possible. Upon providing written notification of Force Majeure to the other party, the affected party will be relieved of its obligation to make/accept delivery of Gas to the extent and for the duration of Force Majeure and neither party shall be deemed to have failed in such obligations to the other during such occurrence or event.

16.3 Force Majeure shall include but not be limited to the following: (i) physical events such as acts of God, landslides, lightning, earthquakes, fires, storms or storm warnings which result in evacuation of the affected area, floods, washouts, explosions, breakage or accident or necessity of repairs to machinery or equipment or lines of pipe, weather related events such as hurricanes or freezing or failure of wells or lines of pipe which affects an entire geographic region; (ii) acts of others such as strikes, lockouts, or other industrial disturbances, riots, sabotage, insurrections or wars; (iii) governmental actions such as necessity for compliance with any court order, law, statute, ordinance, or regulation promulgated by a governmental authority having jurisdiction; and (iv) any other causes, whether of the kind herein enumerated or otherwise not reasonably within the control of the affected party. Seller and Buyer shall make reasonable efforts to avoid Force Majeure and to resolve the event or occurrence once it has occurred in order to resume performance.

16.4 Neither party shall be entitled to the benefit of the provisions of Force Majeure to the extent performance is affected from any or all of the following circumstances: (i) the sole or contributory negligence of the party claiming excuse; (ii) the party claiming excuse failed to remedy the condition and to resume the performance of such covenants or obligations with reasonable dispatch; (iii) economic hardship. Force Majeure shall not excuse the party's, claiming Force Majeure, responsibility for Imbalance Charges, as set forth in Section 6.3. As soon as possible after the Force Majeure event shall have been remedied, the party claiming suspension shall likewise give notice to the effect that the same has been remedied and that such party has resumed, or is then in a position to resume, the performance of such covenants or obligations.

16.5 Notwithstanding anything to the contrary herein, the parties agree that the settlement of strikes, lockouts or other industrial disturbances shall be entirely within the discretion of the party experiencing such disturbance.

#### ARTICLE XVII GOVERNMENTAL REGULATION

17.1 This Contract and all provisions herein will be subject to all present and future applicable and valid statutes, rules, orders and regulations of any Federal, State, or local governmental authority having jurisdiction over the parties, their facilities, or Gas supply, this Base Contract or Transaction Confirmation or any provisions thereof.

17.2 Each party certifies that, during the performance of this contract, its employment practices, pertaining to employees and applicants, shall comply with all federal, state and local laws and regulations regarding discrimination because of race, color, religion,

national origin, sex, age, disability or veteran status, including but not limited to the provisions of the Civil Rights Act of 1964, Fair Labor Standards Act of 1938, Americans with Disabilities Act of 1990, Executive Order 11246 of September 24, 1965, Family and Medical Leave Act of 1993, Code of Federal Regulations (CFR); 41 CFR Part 60-1, 41 CFR Part 60-250, and 41 CFR Part 60-741, all provisions as amended, and all provisions thereof being incorporated herein by reference.

17.3 Each party hereby represents and warrants that it will, to the greatest extent practical, consistent with efficient contract performance, provide small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals with the opportunity to participate in performing contracts or subcontracts related to this contract. Each party further states that it shall ensure timely payment of amounts due to any such contractor or subcontractor.

17.4 Neither party will be held in default for failure to perform under this Contract, if such failure is due to compliance with such rules, regulations, laws, orders or directives of any State, Federal or other governmental regulatory authority.

#### ARTICLE XVIII TERM

18.1 This Base Contract shall remain in effect for one month from the date hereof and from month to month thereafter unless terminated by either party on thirty (30) days advance written notice; provided, however, that, except as provided in Section 4.3 if one or more Transaction Confirmations are in effect, termination shall not be effective until the expiration of the latest Delivery Period of such Transaction Confirmation(s). The obligations of Buyer to make payment hereunder for Gas which has been delivered and the obligation of Seller to indemnify Buyer, and Buyer to indemnify Seller, pursuant hereto shall survive the termination or cancellation of the Contract or Transaction Confirmation.

#### ARTICLE XIX DISPUTE RESOLUTION

19.1 In the event a dispute arises between Buyer and Seller, or the successors or assigns of either of them, regarding the application or interpretation of any provision of this Base Contract or a Transaction Confirmation, the aggrieved party shall promptly notify the other party of its intent to invoke this dispute resolution procedure after such dispute arises. If the parties shall have failed to resolve the dispute within ten Business Days after delivery of such notice, each party shall, within five Business Days thereafter nominate an officer of its company to meet at a mutually agreed location to resolve the dispute.

#### ARTICLE XX MISCELLANEOUS

20.1 This Contract shall be binding upon and inure to the benefit of the successors, assigns, personal representatives, and heirs of the respective parties hereto, and the covenants, conditions, and obligations of this Contract shall run for the full term of this Contract. No assignment of this Contract, in whole or in part, will be made without the prior written consent of the non-assigning party, which consent will not be unreasonably withheld.

20.2 If any provision in this Contract is determined to be invalid, void or unenforceable by any court having jurisdiction, such determination shall not invalidate, void, or make unenforceable any other provision, agreement or covenant of this Contract.

20.3 No waiver of any breach of this Contract shall be held to be a waiver of any other or subsequent breach. All remedies afforded in this Contract shall be taken and construed as cumulative.

20.4 This Contract sets forth all understandings between the parties respecting the subject matter of each transaction and any prior contracts, understandings and representations, whether oral or written, representing this subject matter are merged into and superseded by the Base Contract and any effective Transaction Confirmation(s). This Contract may only be amended in writing.

20.5 This Contract may be executed in one or more counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. As used herein, the singular of any term shall include the plural.

20.6 The interpretation and performance of this Contract shall be governed by the laws of Ohio, excluding, however, any conflict of laws rule which would apply the law of another jurisdiction.

20.7 This Contract was prepared jointly by Seller and Buyer, and, in the event of doubt or ambiguity in the language of any of its provisions, shall be construed with equal strength in favor of both parties.

20.8 The terms of this Contract and of any Transaction Confirmation entered into pursuant hereto, including but not limited to the Contract Price, the Contract Quantity, the Delivery Period, the identified Transporter(s), and all other material terms thereof shall be kept confidential by the parties hereto for one year from the expiration of such Transaction, except to the extent that any information must be disclosed to a third party for the purpose of effectuating transportation of Gas subject to the Contract or to meet New York Mercantile Exchange requirements or governmental agency requirements or requests or requests in civil or regulatory proceedings where necessary.

20.9 No party shall record any discussion between the parties' without first obtaining the written consent of the other party. The parties agree that any unauthorized recording may not be used in any proceedings between the parties.

20.10 Compliance with the confirmation procedures of Article I satisfies any "writing" requirements imposed under the Uniform Commercial Code or any other applicable contract law.

IN WITNESS WHEREOF, parties hereto have caused their names to be signed and executed in duplicate on this 26<sup>th</sup> day of October, 1998.

NISOURCE INC. AND SUBSIDIARY COMPANIES

FIRST AMENDMENT TO AMENDED & RESTATED  
INTERCOMPANY INCOME TAX ALLOCATION AGREEMENT

Whereas, NISource Inc. and Subsidiary Companies (collectively the "Parties") have entered into the Amended and Restated InterCompany Income Tax Allocation Agreement ("Agreement"), which Agreement is an affiliate Interest agreement that has been approved by the Virginia State Corporation Commission on March 3, 2016 and by the Pennsylvania Public Utility Commission on May 5, 2016; and

Whereas, the Parties desire to amend the Agreement in order to comply with the 5 year term limit required under the General Administrative Order of The Indiana Utility Regulatory Commission 2016-1; and

Whereas, the Agreement, in Section 4.6, provides that any amendment shall be valid only if the amendment is in writing and signed by the Parties; and

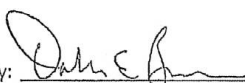

Whereas, all capitalized terms in this First Amendment to the Agreement (the "First Amendment") shall have the same meaning as set forth in the Agreement; and

Whereas, this First Amendment, upon signature by the Parties will become part of the Agreement; and

Now, therefore, the Parties hereby covenant and agree with one another that the Agreement will terminate on the date five years from the Effective Date per Section 4.2 of the Agreement.

Exhibit A  
Page 2 of 2

Subject to all necessary regulatory approvals this First Amendment is executed and made part of the Agreement as of the date and year first above written.

**NISOURCE INC., AND SUBSIDIARY COMPANIES**

**AMENDED AND RESTATED**

**INTERCOMPANY INCOME TAX ALLOCATION AGREEMENT**

WHEREAS, NiSource Inc., a corporation organized under the laws of the State of Delaware (“NiSource”) and a holding company under the Public Utility Holding Company Act of 2005 (“Act”), together with its subsidiary companies, direct and indirect, listed as parties hereto, comprise the members of the NiSource consolidated group which will join annually in the filing of a consolidated U.S. federal income tax return, and it is now the intention of NiSource and its subsidiaries, direct and indirect, to enter into an agreement for the allocation of current U.S. federal income taxes; and

WHEREAS, certain members of the Consolidated Group (as defined below) will join annually in the filing of certain consolidated state income tax returns (to the extent permitted or required under applicable state income tax laws), and it is now the intention of the Consolidated Group to enter into an agreement for the allocation of current state income taxes; and

WHEREAS, the members of the Consolidated Group as of September 30, 2002 entered into that Intercompany Income Tax Allocation Agreement dated September 30, 2002, for the allocation of U.S. federal income taxes (the “2002 Agreement”); and

WHEREAS, NiSource entered into that Separation and Distribution Agreement with Columbia Pipeline Group, Inc., dated as of June 30, 2015; and

WHEREAS, the Parties desire to amend and restate the 2002 Agreement as set forth herein in order to amend certain provisions therein, including, but not limited to, adopting certain obligations with respect to the allocation of income taxes among the Members; and

NOW THEREFORE, each member of the Consolidated Group does hereby covenant and agree with one another that the current consolidated income tax liabilities of the Consolidated Group shall be allocated as follows:

## ARTICLE I.

### Definitions and Interpretation

Section 1.1 Definitions. For all purposes of this Agreement, except as otherwise expressly provided, the following terms shall have the following respective meanings:

“Code” means the Internal Revenue Code of 1986, as amended.

“Consolidated Group” means NiSource and all of its subsidiaries which, from time to time, may be included in any (i) U.S. federal income tax return filed by NiSource in accordance with Sections 1501 and 1502 of the Code or (ii) Other Return.

“Consolidated Return” means, with reference to any Taxable Period, any consolidated U.S. federal income tax return or Other Return filed by NiSource whether before or after the date hereof, which includes one or more Members of the Consolidated Group in a consolidated, combined, composite or unitary group of which NiSource is a common parent.

“Consolidated Return Year” means any Taxable Period for which NiSource files a Consolidated Return or Other Return that includes one or more Members of the Consolidated Group in a consolidated, combined, composite or unitary group of which NiSource is a common parent.

“Consolidated Tax Liability” means, with reference to any Taxable Period, the consolidated, combined, composite or unitary U.S. federal income tax liability or liability relating to Other Taxes, as the case may be (including any interest, additions to tax and penalties), of the Consolidated Group for such Taxable Period.

“Designated Official” means the Vice President, Corporate Tax of NiSource Corporate Services Company or such other official assigned the responsibilities of Vice President, Corporate Tax of NiSource Corporate Services Company.

“Includible Corporation” has the meaning attributed to that term in Section 1504(b) of the Code.

“Member” means, for any Taxable Period, any entity that is treated as a corporation for federal tax purposes (or any predecessor or successor in interest to such corporation under Section 381 of the Code which was or is, as the case may be, an Includible Corporation) which at any time during such Taxable Period is an Includible Corporation that is included in the Consolidated Group, including NiSource.

“Other Return” means any consolidated, combined, composite or unitary tax return of Other Taxes filed by NiSource or another Member of the Consolidated Group, whether before or after the date hereof, which includes the operations, income or assets of one or more Members of the Consolidated Group.

“Other Taxes” means any taxes (including any interest and penalties) payable by NiSource or another Member of the Consolidated Group to any taxing authority of any state,

Exhibit A  
Page 3 of 10

municipal or other political subdivision, including all agencies and instrumentalities of such taxing authority, other than those taxes subject to Section 2.1.

“Person” means any individual, partnership, firm, corporation, limited liability company, joint stock company, unincorporated association, joint venture, trust or other entity or enterprise, or any government or political subdivision or agency, department or instrumentality thereof.

“Regulations” means the Treasury Regulations promulgated under the Code.

“Standalone” means, with reference to any Member’s tax items or attributes, such tax items or attributes shall be taken into consideration as though such Member were not a Member of the Consolidated Group.

“Standalone Return Tax Liability” means, in the case of each Member of the Consolidated Group for any Taxable Period of the Consolidated Group, the U.S. federal income tax liability of such Member for such Taxable Period computed on a Standalone basis as though such Member were not a Member of the Consolidated Group, except that in making such computation for any such Taxable Period, such liability shall be determined: (1) on the assumption that the “exemption amount” specified in Section 55(d)(2) of the Code which is applicable to such Member for such Taxable Period is zero, and (2) on the further assumption that any tax credit or tax deduction will only be taken into account to the extent allowed on a consolidated basis.

“Taxable Period” shall mean any (i) period of 12 consecutive months or (ii) period of less than 12 consecutive months, for which a Consolidated Return is or will be filed by the Consolidated Group.

Section 1.2 Reference, Etc. The words “*hereof*”, “*herein*” and “*hereafter*” and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined herein in the singular shall have the same meanings in the plural and *vice versa*. All References herein to any Person includes such Person’s successors and assigns. All references herein to Articles and Sections shall, unless the context requires a different construction, be deemed to be references to the Articles and Sections of this Agreement. In this Agreement, unless a clear contrary intention appears the word “*including*” (and with correlative meaning “include”) means “including but not limited to”.

## ARTICLE II.

### Preparation and Filing of Tax Returns; Allocation of Taxes

#### Section 2.1 Federal Returns.

(a) A Consolidated Return shall be prepared and filed by NiSource for each Taxable Period in respect of which this Agreement is in effect and for which the Consolidated Group is required or permitted to file a consolidated U.S. federal income tax return. NiSource and all its Members shall execute and file such consents, elections and other documents that may be required or appropriate for the proper filing of such returns.

Exhibit A  
Page 4 of 10

(b) The U.S. federal Consolidated Tax Liability of the Consolidated Group for each Taxable Period of the Consolidated Group shall be borne by the Members in an amount equal to each Member's Standalone Return Tax Liability. If any Member's Standalone Return Tax Liability does not result in a positive tax liability, the amount of such Standalone Return Tax Liability will be treated as zero. The general effect of the foregoing is that each Member will pay its Standalone Return Tax Liability.

(c) The amounts determined for each Member under Section 2.1(b) shall be used in determining the amounts to be paid (as provided in Sections 3.2(a) and 3.4 of this Agreement) by each Member to NiSource with respect to each Member's share of the Consolidated Group's U.S. federal Consolidated Tax Liability.

(d) In the case of any Member whose Standalone Return Tax Liability for such Taxable Period is greater than zero, such Member shall make a payment of its Standalone Return Tax Liability for such Taxable Period to NiSource, pursuant to Section 3.2(a) hereof.

(e) For purposes of calculating a Member's Standalone net operating loss ("NOL") for any Taxable Period under this Agreement, such NOL shall be determined by taking such Member's NOL determined on a Standalone basis as of the beginning of the Taxable Period (determined by computing NOLs by reference to only such Member's items of income, gain, deduction and loss). To the extent any NOL of the Consolidated Group may be carried back or carried forward, a Member shall be allocated for use by such Member the percentage of such carryback or carryforward, as the case may be, in the amount calculated by dividing such Member's Standalone NOL by the NOL of the Consolidated Group as of the beginning of the Taxable Period. Notwithstanding the language in Section 4.2 herein, each Member's Standalone NOL as of the relevant effective date of this Agreement shall be equal to the amount allocated to such Member under the 2002 Agreement immediately prior to the time such 2002 Agreement is superseded by this Agreement.

(f) To the extent of a tax refund, NOL carryback or other adjustment that subsequently reduces a Member's tax liability as calculated under Section 2.1(b), NiSource shall credit such amount to future payments due from the affected Member. To the extent of audits and other upward adjustments in a Member's tax liability as calculated under Section 2.1(b), such Member is required to make a corresponding payment (as provided in Section 3.4 of this Agreement) to NiSource taking into account such adjustments. Any tax carryforward shall be carried forward for use by the respective Member in calculating its Standalone Return Tax Liability in the subsequent year, and no payment shall be made to NiSource by such Member until such carryforward is fully utilized.

#### Section 2.2 Other Taxes.

Exhibit A  
Page 5 of 10

(a) Wherever appropriate, Other Taxes shall be shared among the applicable Members of the Consolidated Group in a manner that is consistent with the method set forth in Section 2.1 hereof, and amounts due to NiSource, with respect to Other Taxes, shall be determined in a manner consistent with Section 2.1. NiSource will prepare and file (or cause to be prepared and filed) all returns of Other Taxes which are required to be filed with respect to the operations of NiSource, the Consolidated Group and its Members (as Members of the Consolidated Group). In the event any taxing authority permits, but does not require, that a consolidated, combined, composite or unitary return be filed for Other Taxes, which return includes both NiSource and a Member, NiSource may elect to file such return and shall have the right to require any Member to be included in such return. NiSource will notify each of its Members included in each Other Return.

(b) Each Member of the Consolidated Group that is included on a return other than pursuant to an Other Return with any other Member of the Consolidated Group shall be solely responsible and obligated to pay the tax liability with respect to such return from its own funds. Such returns shall be prepared and filed by NiSource or the Member included on such Other Return, as determined by NiSource.

(c) If any Member of the Consolidated Group is required to file a consolidated, combined, composite or unitary return for Other Taxes with another Member of the Consolidated Group, but not with NiSource, then NiSource shall be required to prepare and file such tax returns and shall apportion among and, collect and remit from, the applicable Members such Other Taxes in a manner consistent with Section 2.1. If the right to file a consolidated, combined, composite, or unitary return for such Other Taxes is optional, then NiSource shall decide which of the Members should, to the extent permitted by law, join in filing each such return.

Section 2.3 Member Tax Information. The Members of the Consolidated Group shall submit or make available the tax information requested by the Designated Official of NiSource in the manner and by the date requested, in order to enable the Designated Official to fulfill its rights and obligations pursuant to Article 2 hereof.

### ARTICLE III.

#### Responsibility for Tax; Intercompany Payments

Section 3.1 Responsibility. NiSource will be solely responsible for, and will indemnify and hold each Member of the Consolidated Group harmless, to the extent such Member has complied with its rights and obligations hereunder (including its payment obligations under this Article III), with respect to the payment of: (a) the Consolidated Tax Liability for each Taxable Period for which, as determined under Section 2.1 hereof, NiSource did file, elected to file or was required to file a Consolidated Return for U.S. federal income taxes; and (b) any and all Other Taxes for each Taxable Period for which, as determined under

Exhibit A  
Page 6 of 10

Section 2.2 hereof, NiSource did file, elected to file or was required to file any Other Return. No Member shall at any time be required pursuant to this Agreement to remit, as part of any payment that such Member makes pursuant to this Agreement, any amount of penalty or interest that the Consolidated Group may incur for any Taxable Period by reason of NiSource's failure to properly calculate or timely pay any Consolidated Tax Liability of the Consolidated Group for such Taxable Period or to file timely the Consolidated Group's Consolidated Return for any such Taxable Period.

Section 3.2 Federal Tax Payments. (a) With respect to each Consolidated Return Year, the Designated Official of NiSource shall estimate each Member's share of quarterly estimated U.S. federal tax payments to be made for each Consolidated Return Year. In making this determination, NiSource shall elect a reasonable method for determining estimated tax and each Member shall follow that method. At the direction of the Designated Official, such Members will pay to NiSource such estimates not later than the 15<sup>th</sup> day of the 4<sup>th</sup>, 6<sup>th</sup>, 9<sup>th</sup>, and 12<sup>th</sup> months of such Consolidated Return Year, or at such intervals as directed by the Designated Official. The difference between (1) a Member's estimated tax payments used for computation of the quarterly estimated payments and (2) such Member's actual tax liability for any Consolidated Return Year as determined under Section 2.1 hereof, shall be paid to NiSource within sixty (60) days after the filing of the U.S. federal Consolidated Return, or applied as a credit against such Member's next estimated tax payment due under this Section 3.2(a), as the case may be.

(b) NiSource shall have sole authority, to the exclusion of all other Members of the Consolidated Group, to agree to any adjustment proposed by the Internal Revenue Service or any other taxing authority with respect to any U.S. federal Consolidated Return, including interest or penalties, attributable to any Member of the Consolidated Group during any Consolidated Return Year in which such Member was a Member of the Consolidated Group notwithstanding that such adjustment may increase the amounts payable by Members of the Consolidated Group under this Agreement. In the event of any adjustment to the U.S. federal Consolidated Tax Liability attributable to any Member of the Consolidated Group by reason of an amended return, claim for refund or audit by the Internal Revenue Service or any other taxing authority, the liability of all other Members of the Consolidated Group hereunder shall be redetermined to give effect to such adjustment as if such adjustment had been made as a part of the original computation of such liability, and payment by a Member to NiSource (or credit against such Member's next estimated tax payment due under Section 3.2(a), as the case may be) shall be promptly made (or applied as a credit, as the case may be) after any payments are made to the Internal Revenue Service or any other taxing authority, refund is received or final determination of the matter is made in the case of contested proceedings. In such event, any payments between the parties shall bear interest at the then prevailing rate or rates on deficiencies assessed by the Internal Revenue Service or any other relevant taxing authority, during the period from the due date of such Consolidated Return (determined without regard to extensions of time for the filing thereof) for the Consolidated Return Year to which the adjustments were made to the date of payment.

Exhibit A  
Page 7 of 10

Section 3.3 Other Tax Payments. Wherever appropriate, payments by a Member with respect to Other Taxes and required estimates thereof shall be calculated and made by such Member in a manner consistent with the method set forth in Section 3.2. The principles set forth in Section 3.2 governing the determination and adjustment of payments as well as the method of payment by such Member with respect to U.S. federal income taxes shall be equally applicable in determining and adjusting the amount of and due date of payments to be made by such Member with respect to Other Taxes and estimates thereof. Wherever appropriate, each Member shall pay, directly to the appropriate taxing authority, all taxes for which such Member is liable and for which no other Member has joint and several liability.

Section 3.4 Payment Mechanics. (a) Any payments to be made by a Member of the Consolidated Group pursuant to this Agreement shall be made by such Member to NiSource by either promptly crediting as an offset against amounts owed to such Member by NiSource or to the extent no amounts are owed to such Member by NiSource, by cash payments to NiSource.

(b) Tax payments by NiSource with respect to any Consolidated Tax Liability shall be paid by NiSource and shall be debited to the Member of the Consolidated Group for their respective shares of such Consolidated Tax Liability as determined pursuant to Articles II and III hereof. Tax refunds received by NiSource with respect to any Consolidated Tax Liability shall be credited by NiSource against the future tax liability of the Member entitled to such tax refund, as determined pursuant to Articles II.

(c) NiSource shall be responsible for maintaining the books and records reflecting the intercompany accounts reflecting the amounts owned, collected and paid with respect to taxes pursuant to this Agreement.

(d) NiSource may delegate to other Members of the Consolidated Group responsibilities for the collection and disbursement of funds as required under this Agreement as well as responsibilities for maintaining books and records as required under this Agreement.

Section 3.5 Departing Members. In the event that any Member of the Consolidated Group at any time leaves the Consolidated Group and, under any applicable statutory provision or regulation, NiSource shall, to the extent required or permitted by applicable statutory provision or regulation, file the appropriate tax returns with respect to such departing Member or the Consolidated Group, as the case may be, and shall calculate the applicable Consolidated Tax Liability of the Members included in such return in the manner as set forth in this Agreement, in each case as reasonably determined by NiSource. If, under applicable statutory provision or regulation, such departing Member is deemed to take with it all or a portion of any of the tax attributes of the Consolidated Group (including but not limited to NOLs, alternative minimum tax credit carry forwards under Section 55, and other applicable credit carry forwards), then the departing Member shall make a payment to NiSource if such tax attributes of the departing Member differ from the attributes previously allocated to such Member under this Agreement.

Exhibit A  
Page 8 of 10

Such settlement shall consist of payment (1) on a dollar for dollar basis for all differences in credits, and, (2) in the case of NOL differences (or other differences related to other deductions), in a dollar amount computed by reference to the amount of NOL (or other deduction) multiplied by the applicable tax rate relating to such NOL (or other deduction). The settlement payment shall be paid to NiSource within sixty days after the Member leaves the Consolidated Group. The settlement amounts shall be allocated among the remaining Members of the Consolidated Group in proportion to the relative attributes possessed by each Member.

Section 3.6 Administration. The provisions of this Agreement shall be administered by the Designated Official of NiSource. The interpretations of this Agreement by the Designated Official of NiSource shall be conclusive.

#### ARTICLE IV.

##### Miscellaneous Provisions

Section 4.1 Effect. The provisions hereof shall fix the rights and obligations of the parties as to the matters covered hereby whether or not such are followed for U.S. federal income tax or other purposes by the Consolidated Group, including the computation of earnings and profits for U.S. federal income tax purposes.

Section 4.2 Effective Date. This Agreement shall be effective with respect to all Taxable Periods ending on or after July 1, 2015 for the portion of such Taxable Period beginning on such date, in which any subsidiary of NiSource is a Member of the Consolidated Group for any portion of such Taxable Period, and thereafter the 2002 Agreement shall be deemed to have been superseded and replaced in its entirety by this Agreement. It is the intent of the parties hereto that any payments previously made or received by the Members under the 2002 Agreement shall not be taken into account under this Agreement including for purposes of determining each Member's obligations under this Agreement, and that the rights and obligations of the parties under the 2002 Agreement shall survive only with respect to Taxable Periods or portions thereof ending prior to July 1, 2015, except as otherwise noted in this Agreement. In the event that a party to this Agreement ceases to be a Member of the Consolidated Group, the rights and obligations of such party and each other party to this Agreement shall survive, but only with respect to Taxable Periods including or ending before the date such party ceases to be a Member of the Consolidated Group.

Section 4.3 Notices. Any and all notices, requests or other communications hereunder shall be given in writing (a) if to NiSource to Attention: Vice President, Tax, Facsimile Number 614-460-8415 and (b) if to any other person, at such other address as shall be furnished by such person by like notice to the other parties.

Exhibit A  
Page 9 of 10

Section 4.4 Expenses. Each party hereto shall pay its own expenses incident to this Agreement and the transactions contemplated hereby, including all legal and accounting fees and disbursements.

Section 4.5 Benefit and Burden. This Agreement shall inure to the benefit of, and shall be binding upon, the parties hereto and their respective successors.

Section 4.6 Amendments and Waiver. No amendment, modification, change or cancellation of this Agreement shall be valid unless the same is in writing and signed by the parties hereto. No waiver of any provision of this Agreement shall be valid unless in writing and signed by the person against whom that waiver is sought to be enforced. The failure of any party at any time to insist upon strict performance of any condition, promise, agreement or understanding set forth herein shall not be construed as a waiver or relinquishment of the right to insist upon strict performance of the same or any other condition, promise, agreement or understanding at the future time.

Section 4.7 Assignments. Neither this Agreement nor any right, interest or obligation hereunder may be assigned by any party hereto and any attempt to do so shall be null and void.

Section 4.8 Tax Reporting. Notwithstanding the terms of this Agreement, earnings and profits of the Consolidated Group shall be allocated to the Members pursuant to the methods under Sections 1.1552-1(a)(2) and 1.1502-33(d)(3) of the Treasury Regulations, and stock basis shall be determined pursuant to Section 1.1502-32 of the Treasury Regulations.

Section 4.9 Severability. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision were omitted.

Section 4.10 Entire Agreement. **THIS AGREEMENT SETS FORTH ALL OF THE PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES AND REPRESENTATIONS AMONG THE PARTIES WITH RESPECT TO THE TRANSACTIONS CONTEMPLATED HEREBY, AND SUPERSEDES ALL PRIOR AGREEMENTS, ARRANGEMENTS AND UNDERSTANDINGS BETWEEN THE PARTIES HERETO, WHETHER WRITTEN, ORAL OR OTHERWISE, THERE ARE NO PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES OR REPRESENTATIONS, ORAL OR WRITTEN, EXPRESS OR IMPLIED, AMONG THE PARTIES EXCEPT AS SET FORTH HEREIN.**

Section 4.11 Applicable Law. **THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF INDIANA.**

Exhibit A  
Page 10 of 10

Section 4.12 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and together which shall constitute one instrument. The parties hereto specifically recognize that from time to time other corporations may become Members of the Consolidated Group and thereby agree that such new Members may become Members to this Agreement by executing a copy of this Agreement and it will be effective as if all the Members had re-signed.

Section 4.13 Attorneys' Fees. If any Member or former member hereto commences an action against another party to enforce any of the terms, covenants, conditions or provisions of this Agreement, or because of a default by a party under this Agreement, the prevailing party in any such action shall be entitled to recover its costs, expenses and losses, including attorneys' fees, incurred in connection with the prosecution or defense of such action from the losing party.

Section 4.14 No Third Party Rights. Nothing in this Agreement shall be deemed to create any right in any creditor or other person or entity not a party hereto and this Agreement shall not be construed in any respect to be a contract in whole or in part of the benefit of any third party.

Section 4.15 Further Documents. The parties agree to execute any and all documents, and to perform any and all other acts, reasonably necessary to accomplish the purposes of this Agreement.

Section 4.16 Headings and Captions. The headings and captions contained in this Agreement are inserted and included solely for convenience and shall not be considered or given any effect in construing the provisions hereof if any question of intent should arise.

## NISOURCE INC. SYSTEM MONEY POOL AGREEMENT

This SYSTEM MONEY POOL AGREEMENT (this “Agreement”) is dated as of \_\_\_\_\_, 2017 and is entered into by and among NISOURCE INC., a Delaware corporation (“NiSource”), NISOURCE CORPORATE SERVICES COMPANY, a Delaware corporation and wholly-owned subsidiary of NiSource, as administrative agent (the “Administrative Agent”), and the other direct and indirect subsidiaries of NiSource listed on Attachment A to this Agreement (each an “Eligible Borrower” and, together with NiSource and the Administrative Agent, the “Parties”).

### RECITALS

The Eligible Borrowers from time to time have need to borrow funds on a short-term basis. The Parties desire to establish a pool of funds (the “System Money Pool”), to be administered by the Administrative Agent, to coordinate such investments and borrowings in order to provide for certain of the short-term cash and working capital requirements of the Eligible Borrowers.

NOW THEREFORE, in consideration of the premises and the mutual promises set forth in this Agreement, the Parties agree as follows:

### ARTICLE I INVESTMENTS AND BORROWINGS

**Section 1.1. Investments in System Money Pool.** Each Party will determine each day, on the basis of relevant factors determined in such Party’s sole discretion, the amount of funds it has available to invest in the System Money Pool, and will invest such funds in the System Money Pool. The amount of each Party’s investments in the System Money Pool shall be evidenced by the records of the Administrative Agent, which shall be conclusive and binding upon all Parties. Each Party may withdraw any of its invested funds from the System Money Pool at any time upon notice to the Administrative Agent.

**Section 1.2. Rights to Borrow.** All short-term borrowing needs of the Eligible Borrowers may be met by funds in the System Money Pool to the extent such funds are available. Each Eligible Borrower shall have the right to make short-term borrowings from the System Money Pool (each a “loan” or a “borrowing”) from time to time, subject to the availability of funds and the limitations and conditions set forth in this Agreement. Each Eligible Borrower may request loans from the System Money Pool from time to time during the period from the date of this Agreement until this Agreement is terminated by written agreement of the Parties; provided, that the aggregate amount of all loans requested by any Eligible Borrower under this Agreement shall not exceed the applicable borrowing limits set forth in applicable regulatory orders, resolutions of such Eligible Borrower’s shareholders and Board of Directors (or their equivalents), such Eligible Borrower’s governing corporate documents, and agreements binding upon such Eligible Borrower. No loans through the System Money Pool will be made to, and no borrowings through the System Money Pool will be made by, NiSource.

### **Section 1.3. Source of Funds.**

(a) Funds will be available through the System Money Pool from the following sources to be loaned to the Eligible Borrowers from time to time: (i) surplus funds in the treasuries of the Parties, and (ii) proceeds received by NiSource from the sale of commercial paper, borrowings from banks and other lenders, and other financing arrangements (“External Funds”), in each case to the extent permitted by applicable laws and regulatory orders. Funds will be made available from such sources in such order as the Administrative Agent may determine will result in a lower cost of borrowing to Eligible Borrowers borrowing from the System Money Pool, consistent with the individual borrowing needs and financial standing of the Parties investing funds in the System Money Pool.

(b) Borrowing Parties will be deemed to borrow funds in the System Money Pool pro rata from each investing Party in the proportion that the total amount invested by such investing Party bears to the total amount then invested in the System Money Pool. On any day when more than one source of funds invested in the System Money Pool (e.g., surplus treasury funds of NiSource and other Parties and External Funds), with different rates of interest, is used to make loans through the System Money Pool, each borrowing Party will be deemed to borrow pro rata from each source of funds in the same proportion that the amount of funds invested by that source bears to the total amount of funds invested in the System Money Pool.

### **Section 1.4. Interest.**

(a) Borrowings from the System Money Pool shall accrue interest on their unpaid principal amount from the respective dates of such borrowings until such principal amount shall be paid in full. Investments of funds in the System Money Pool shall accrue interest on the unpaid principal amount of such investments from the respective dates of such investments until such principal amount shall be repaid in full. Interest shall be payable monthly in arrears and upon payment (including prepayment) in full of the unpaid principal amount of the loan or investment, as applicable.

(b) The interest rate for all borrowings from and investments in the System Money Pool shall be an interest rate (the “Composite Rate”), determined monthly, equal to the weighted average daily interest rate on (i) short-term external borrowings by NiSource plus (ii) earnings on external investments by NiSource.

**Section 1.5. Certain Costs.** The cost of compensating balances and/or commitment fees paid to banks to maintain credit lines by Parties investing External Funds in the System Money Pool shall initially be paid by the Party maintaining such credit line and shall be reported promptly to the Administrative Agent. These costs shall be retroactively allocated every month among the Eligible Borrowers based on the NiSource Corporate Services Convenience Billing Formula, which assigns such costs to all Eligible Borrowers based on a percentage that is determined by dividing the internal borrowing authorization of each Eligible Borrower by the total internal borrowing authorizations of all Eligible Borrowers.

**Section 1.6. Repayment.** Each Eligible Borrower receiving a loan under this Agreement shall repay the principal amount of such loan, together with all interest accrued on such

loan, on demand and in any event within one year of the date on which such loan was made. All loans made through the System Money Pool may be prepaid by the borrower without premium or penalty and without prior notice.

**Section 1.7. Form of Loans to Parties.** Loans to the Eligible Borrowers through the System Money Pool will be made pursuant to open-account advances; provided, that each Party investing funds in the System Money Pool shall at all times be entitled to receive upon demand one or more promissory notes evidencing any and all investments by such Party. Any such note shall: (a) be substantially in the form attached as Attachment B to this Agreement, (b) be dated as of the date of the initial borrowing, and (c) mature on demand or on a date agreed by the Parties to the transaction, but in any event within one year after the date of the applicable borrowing.

## **ARTICLE II OPERATION OF SYSTEM MONEY POOL**

**Section 2.1. The Administrative Agent.** NiSource Corporate Services Company is appointed to be the Administrative Agent for the System Money Pool with the duties prescribed in this Agreement. The Administrative Agent shall perform its duties under the authority of the appropriate officers of the Parties.

**Section 2.2. Duties of the Administrative Agent.** The Administrative Agent shall be responsible for the determination of all applicable interest rates and charges to be applied to advances outstanding at any time under this Agreement, shall maintain records of all advances, interest charges and accruals, and interest and principal payments for purposes of this Agreement, and shall prepare periodic reports as to such matters for the Parties. Separate records shall be kept by the Administrative Agent for the System Money Pool established by this Agreement and any other money pool administered by it.

**Section 2.3. Investment of Surplus Funds in the System Money Pool.** Funds invested in the System Money Pool that are not required to fund System Money Pool loans (with the exception of funds required to satisfy the System Money Pool's liquidity requirements) will ordinarily be invested in one or more short-term investments in accordance with the NiSource Short-Term Investment Policy in effect from time to time.

**Section 2.4. Allocation of Interest Income and Investment Earnings.** The interest income and other investment earnings earned by the System Money Pool from loans to Eligible Borrowers and investment of surplus funds will be allocated by the Administrative Agent among the investing Parties in accordance with the proportion each investing Party's investment of funds in the System Money Pool bears to the total amount of funds invested in the System Money Pool and the cost of any External Funds provided to the System Money Pool by NiSource. Interest income and other investment earnings will be computed on a daily basis and settled once per month.

**Section 2.5. Event of Default.** If any Party shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors, or if any proceeding shall be instituted by or against any Party seeking to adjudicate it a bankrupt or insolvent, then the other Parties may declare the

unpaid principal amount of any loans to such Party, and all interest on such loans, to be due and payable and all such amounts shall become due and payable immediately.

**Section 2.6. Determinations by Administrative Agent are Conclusive.** The Administrative Agent is required or authorized by this Agreement to make various determinations, allocations and administrative decisions. When made by the Administrative Agent, all of such determinations, allocations and administrative decisions shall be conclusive and binding upon each of the Parties.

### ARTICLE III MISCELLANEOUS

**Section 3.1. Successor to Existing Agreement.** This Agreement replaces and supersedes the System Money Pool Agreement dated as of July 2, 2013 among NiSource (in its own capacity and as successor by merger to NiSource Finance Corp. and NiSource Capital Markets, Inc.), the Administrative Agent and the Eligible Borrowers (the “Existing Money Pool Agreement”). Upon the execution and delivery of this Agreement and subject to receipt of all applicable regulatory orders, all loans and other obligations outstanding, and all funds invested, under the Existing Money Pool Agreement will become loans and other obligations outstanding, and funds invested, under this Agreement. Upon delivery by an Eligible Borrower to the Administrative Agent of a promissory note in the form of Attachment B to this Agreement, the Administrative shall transfer to such note any balance owing by such Eligible Borrower under the Existing Money Pool and shall cancel the note, if any, delivered by such Eligible Borrower in connection with the Existing Money Pool.

**Section 3.2. Amendments.** No amendment to this Agreement shall be adopted except in a writing executed by the Parties; provided that NiSource may amend Attachment A from time to time in its sole discretion for the purpose of: (a) adding as a Party any wholly-owned direct or indirect subsidiary of NiSource, (b) reflecting any change in the name or type of legal entity of any Party hereto, or (c) reflecting the withdrawal by a Party pursuant to Section 3.3 of this Article.

**Section 3.3. Withdrawal by a Party.** A Party may voluntarily withdraw from this Agreement upon written notice to the Administrative Agent and satisfaction of such Party’s pre-withdrawal obligations, including, without limitation, payment of the unpaid principal amount and interest of any outstanding loans.

**Section 3.4. Legal Responsibility.** Parties shall not be liable for the obligations of any other Party under this Agreement. The rights, obligations and liabilities of the Parties under this Agreement are several in accordance with their respective obligations, and not joint. This Agreement shall be binding upon, and shall inure to the benefit of, the Parties and their respective permitted successors and assigns.

**Section 3.5. Governing Law.** This Agreement shall be governed by, and construed in accordance with, the laws of the State of Indiana.

**FORM OF SYSTEM MONEY POOL NOTE**

[DATE]

\$ (See attached schedule for principal amount outstanding at any time.)

FOR VALUE RECEIVED, the undersigned, \_\_\_\_\_, a \_\_\_\_\_  
\_\_\_\_\_ (the "Company"), unconditionally promises to pay to the order of NiSource Inc.  
(the "Lender"), on demand, or on a date agreed to by the Company and the Lender (but in any case  
less than one year from the date of the applicable borrowing), at the offices of NiSource Corporate  
Services Company, as administrative agent (the "Administrative Agent"), in lawful money of the  
United States of America and in immediately available funds, the aggregate unpaid principal  
amount of all loans (that are posted on the schedule annexed to this Note and made a part of this  
Note) made by the Lender to the Company through the NiSource Inc. System Money Pool (the  
"System Money Pool") as permitted by applicable law.

The Company further agrees to pay in like money at such office accrued interest on the  
unpaid principal amount of this Note from time to time from the date of the applicable borrowing  
at an interest rate determined monthly by the Administrative Agent, to be equal to the Composite  
Rate (as defined in the System Money Pool Agreement, dated as of \_\_\_\_\_, 2017, among  
the Company, the Lender and the other parties to it, as amended, modified or supplemented from  
time to time). Interest shall be payable monthly in arrears and upon payment (including  
prepayment) in full of the unpaid principal amount of this Note.

This Note shall be governed by, and construed and interpreted in accordance with, the laws  
of the State of Indiana.

**IN WITNESS WHEREOF**, the undersigned, pursuant to due authorization, has caused  
this Note to be executed in its name and on its behalf by its duly authorized officer.

P.A.P.U.C.  
PROTHONOTARY'S OFFICE

Dear Acting Secretary McNulty:

Enclosed, for filing pursuant to Section 2102 of the Public Utility Code, 66 Pa.C.S. §2102, is an Agreement among Columbia Gas of Pennsylvania, Inc. ("Columbia of Pennsylvania") and certain affiliated local distribution companies.

The purpose of the Agreement is to trade volumes of gas held by the companies in storage fields in various states. The trades will enable Columbia of Pennsylvania to reduce state taxes that are imposed upon Columbia of Pennsylvania by jurisdictions other than Pennsylvania. As explained in the Agreement, this contract will not affect the volume of storage gas held by Columbia of Pennsylvania. The Agreement will have no adverse effect upon Columbia of Pennsylvania's customers, or the Pennsylvania State Treasury.

Enclosure

### AGREEMENT

THIS AGREEMENT, made effective as of December 31, 1997 is by and between Columbia Gas of Ohio, Inc. ("COH"), Columbia Gas of Pennsylvania, Inc. ("CPA"), Columbia Gas of Kentucky, Inc. ("CKY"), and Columbia Gas of Maryland ("CMD"), collectively referred to as "the Parties."

WHEREAS, the Parties and Columbia Gas Transmission Corporation (Columbia) have entered into Firm Storage Service (FSS) Agreements in connection with Article VI of the June 29, 1989 Stipulation and Agreement in FERC Docket Nos. #RP86-168, et al, also known as the Columbia Global Agreement (CGA), as revised;

WHEREAS, the Parties purchased certain storage gas inventory from Columbia located in Columbia's storage fields and will purchase additional natural gas for storage in Columbia's storage fields;

WHEREAS, Columbia's gas storage fields are located in West Virginia, Pennsylvania, New York and Ohio;

WHEREAS, Columbia's aggregate operations of its storage system makes it impossible to determine where any individual customer's gas is stored;

WHEREAS, Columbia originally allocated its customers' gas in storage on a pro rata basis among all of its storage customers; and

WHEREAS, the Parties desire to exchange volumes among themselves in order to identify the states in which their gas shall be deemed to be located on an individual company basis;

THEREFORE, in consideration of the premises,

1. The Parties will effect trades among themselves, from time to time and on an MCF per MCF basis, to consistently assure that the respective inventories are maintained as follows:

a) All of the FSS volumes of CPA, CKY, and CMD will be deemed to be located in the state of Ohio subject to c) and d) below.

b) The FSS volumes of COH will be deemed to be located in the states of New York, Pennsylvania and West Virginia, subject to c) and d) below, to the extent that the other Parties previously were deemed to have FSS volumes located in those states. Any COH FSS volumes remaining after such

allocation to New York, Pennsylvania and West Virginia, shall be deemed to be located in the state of Ohio.

- c) Each of the Parties' total FSS volumes must exactly match each of the Parties' total FSS volumes as reported by Columbia; and
- d) The total FSS volumes allocated to each state must exactly equal the total FSS volumes as reported by Columbia for each state.
- e) If for any reason the allocation of the Parties' FSS storage volumes cannot be accomplished as stated above, the parties agree to meet within thirty (30) days to discuss a new prospective allocation agreement.

2. This Agreement is made by and between the undersigned customers of Columbia Gas Transmission Corporation (Columbia). This agreement shall not be interpreted in any way to have any effect on the manner in which customers under Columbia's Rate Schedule FSS receives storage service from Columbia. This agreement does not give any customer the right to select the state in which storage gas is either injected into or withdrawn from storage. Columbia shall continue to operate its gas storage fields in such a manner as it, in its sole discretion, deems necessary and appropriate to meet its service obligations. This agreement does not create, reduce, modify, or amend Columbia's service obligations. This agreement does not create, reduce, modify, or amend Columbia's service obligations or service agreements in any manner.

3. If the tax laws (but not including the tax rate) in any of the affected states significantly changes and any such change has an adverse financial impact on any of the Parties, then the Parties to this Agreement agree to meet within thirty (30) days after written notice from any one party to discuss a new, prospective allocation agreement. Any new allocation agreed upon shall be made effective on December 31 of the same calendar year. If the parties to this Agreement fail to agree upon a new allocation agreement within ninety (90) days after the beginning of such a meeting, this Agreement may be cancelled, effective at the end of the year in which such meetings occur. After cancellation of this Agreement, all FSS volumes shall be deemed to be in all of Columbia's storage fields in proportion to the total physical volumes of working gas in storage in all of Columbia's storage fields.

4. This Agreement may be executed by one or more of the parties hereto in any number of separate, identical counterparts, no one of which need be signed by all of the parties so long as each of the parties has signed at least one counterpart. Each such counterpart, when signed and delivered by one or more of the parties hereto, shall constitute one and the same instrument. This Agreement shall become effective upon execution by the Parties, pending receipt of all necessary regulatory approvals.

5. In the event this Agreement, or one or more of the provisions hereof, shall be held, for any reason, to be invalid, void, illegal or unenforceable in any respect, or as to any signatory party, such invalidity, voidness, illegality or unenforceability shall not affect the remaining provisions hereof.

## RECEIVABLES SALES AGREEMENT

Dated as of March 15, 2010

COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation (the "Seller"), and COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation (the "Purchaser"), agree as follows:

### PRELIMINARY STATEMENTS

- (1) Certain terms which are capitalized and used throughout this Agreement (in addition to those defined above) are defined in Article I of this Agreement.
- (2) The Seller has Receivables that it wishes to sell to the Purchaser, and the Purchaser is prepared to purchase such Receivables on the terms set forth herein.
- (3) The Seller may also wish to contribute Receivables to the capital of the Purchaser on the terms set forth herein.

NOW, THEREFORE, the parties agree as follows:

### ARTICLE I. DEFINITIONS

SECTION 1.01. Certain Defined Terms. The following terms shall have the following meanings (such meanings to be equally applicable to both the singular and plural forms of the terms defined):

"Agreement" means this Receivables Sales Agreement, as the same may be amended, restated, supplemented or otherwise modified from time to time.

"Closing Date" means March 15, 2010 or, if later, the first date on which the conditions precedent set forth in Section 3.01 are satisfied.

"Contributed Receivable" has the meaning specified in Section 2.06.

"Deferred Purchase Price" means the portion of the Purchase Price of Purchased Receivables purchased on any Purchase Date exceeding the amount of the Purchase Price to be paid in cash or with Purchase Price Credits. The obligations of the Purchaser in respect of the Deferred Purchase Price shall be evidenced by the Deferred Purchase Price Note.

"Deferred Purchase Price Note" has the meaning specified in Section 9.09.

"Discount" means, in respect of each Purchase, the Discount Rate multiplied by the Outstanding Balance of the Receivables that are the subject of such Purchase; provided, however, the foregoing Discount may be revised prospectively by request of either of the parties hereto to reflect changes in recent experience with respect to write-offs, timing and cost of Collections and cost of funds, provided further that such revision

is consented to by both of the parties (it being understood that each party agrees to duly consider such request but shall have no obligation to give such consent).

“Discount Rate” means a percentage calculated to provide the Purchaser with a reasonable return on its investment in the Receivables after taking account of (i) the time value of money based upon the anticipated dates of collection of the Receivables and the cost to the Purchaser of financing its investment in the Receivables during such period and (ii) the risk of nonpayment by the Obligors. On the Closing Date, the Discount Rate is 0.4284%. The Seller and the Purchaser may agree from time to time to change the Discount Rate based on changes in one or more of the items affecting the calculation thereof, provided that any change to the Discount Rate shall take effect as of the commencement of a calendar month, shall apply only prospectively and shall not affect the Purchase Price payment in respect of Purchase which occurred during any calendar month ending prior to the calendar month during which the Seller and the Purchaser agree to make such change.

“Event of Termination” has the meaning specified in Section 7.01.

“Indemnified Amounts” has the meaning specified in Section 8.01.

“Indemnified Parties” has the meaning specified in Section 8.01.

“Material Adverse Effect” means a material adverse effect on (i) the ability of any Transaction Party to perform its obligations under any Transaction Document, (ii) the legality, validity or enforceability of this Agreement or any other Transaction Document, (iii) the Purchaser’s interest in the Receivables generally or in any material portion of the Receivables, the Related Security or the Collections with respect thereto, or (iv) the collectibility of the Receivables generally or of any material portion of the Receivables.

“Purchase” means a purchase by the Purchaser of Receivables from the Seller pursuant to Article II.

“Purchase Agreement” means that certain Receivables Purchase Agreement, dated as of the date hereof, among the Purchaser, as seller, Victory Receivables Corporation, as Conduit Purchaser, The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as Bank Purchaser and as Managing Agent, The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as Administrative Agent, and the Seller, as servicer, as amended, restated or otherwise modified from time to time.

“Purchase Date” means each day on which a Purchase is made pursuant to Article II.

“Purchase Price” means, for any Purchase, an amount equal to the Outstanding Balance of the Receivables that are the subject of such Purchase as set forth in the Seller’s Receivables Trial Balance, minus the Discount for such Purchase.

“Purchase Price Credit” has the meaning specified in Section 2.04(a).

“Purchased Receivable” means any Receivable which is purchased by the Purchaser pursuant to Section 2.02.

“Receivables Trial Balance” means, on any date, the Seller’s accounts receivable trial balance (whether in the form of a computer printout, magnetic tape or diskette or other electronic or paper record) on such date, listing Obligors and the Receivables respectively owed by such Obligors on such date together with the aged Outstanding Balances of such Receivables, in form and substance satisfactory to the Purchaser.

“Related Security” means with respect to any Receivable:

(i) all of the Seller’s interest in any merchandise or goods (including returned merchandise or goods), if any, relating to any sale giving rise to such Receivable;

(ii) all security interests or liens and property subject thereto from time to time purporting to secure payment of such Receivable, whether pursuant to the Contract related to such Receivable or otherwise, together with all financing statements authorized by an Obligor describing any collateral securing such Receivable;

(iii) all guaranties, insurance and other agreements or arrangements of whatever character from time to time supporting or securing payment of such Receivable whether pursuant to the Contract related to such Receivable or otherwise;

(iv) all other books, records and other information (including, without limitation, computer programs, tapes, discs, punch cards, data processing software and related property and rights) relating to such Receivable and the related Obligor;

(v) all of the Seller’s right, title and interest in and to all invoices or other agreements or documents that evidence, secure or otherwise relate to such Receivable; and

(vi) with respect to each Choice Marketer Receivable, all of the Seller’s right, title and interest in, to and under (i) the related Choice Marketer Purchase Agreement and the related Choice Marketer Security Agreement or (ii) the related Revised Choice Marketer Purchase Agreement, as the case may be.

“Senior Obligations” means all “Seller Obligations” (as defined in the Purchase Agreement).

“Settlement Date” means (i) the nineteenth (19<sup>th</sup>) day of each calendar month (or, if such day is not a Business Day, the next succeeding Business Day) and (ii) each other “Settlement Date” under and as defined in the Purchase Agreement.

“Settlement Period” means each calendar month.

“Transaction Party” means any of the Seller, the Servicer or NiSource.

“Transferred Receivable” means a Purchased Receivable or a Contributed Receivable.

SECTION 1.02. Other Terms. All accounting terms not specifically defined herein shall be construed in accordance with generally accepted accounting principles. All terms used in Article 9 of the UCC in the State of New York, and not specifically defined herein, are used herein as defined in such Article 9.

SECTION 1.03. Incorporation of Defined Terms. Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Purchase Agreement.

## ARTICLE II. AMOUNTS AND TERMS OF PURCHASES AND CONTRIBUTIONS

SECTION 2.01. Facility. On the terms and conditions hereinafter set forth and without recourse to the Seller (except to the extent specifically provided herein), the Seller hereby agrees to sell to the Purchaser all Receivables originated or acquired by it from time to time and the Purchaser hereby agrees to purchase from the Seller all such Receivables from time to time, in each case during the period from the date hereof to the Termination Date; provided that on the Closing Date, the Seller shall contribute certain Receivables to the Purchaser pursuant to Section 2.06 in lieu of a sale of such Receivables.

### SECTION 2.02. Making Purchases.

(a) Initial Purchase. On the Closing Date, the Seller shall (i) contribute to the capital of the Purchaser, Receivables having an aggregate Outstanding Balance of \$15,000,000 and (ii) sell to the Purchaser all other Receivables outstanding as of the Closing Date. On the date of such Purchase, the Purchaser shall, upon satisfaction of the applicable conditions set forth in Article III, pay the Purchase Price for the Receivables sold to it in the manner provided in Section 2.02(c).

(b) Subsequent Purchases. On each Business Day following the Closing Date until the Termination Date, the Seller shall sell to the Purchaser, and the Purchaser shall purchase from the Seller, upon satisfaction of the applicable conditions set forth in Article III, all Receivables originated or otherwise acquired by the Seller which have not previously been sold or contributed to the Purchaser.

(c) Payment of Purchase Price. With respect to any Receivables coming into existence after the date hereof, the Purchaser shall pay the Purchase Price therefor in the following manner:

- (i) first, by the application of any unused Purchase Price Credits;
- (ii) second, by delivery of immediately available funds, to the extent of funds available to the Purchaser from (x) its subsequent sale of an interest in the Receivables under the Purchase Agreement, (y) Collections arising from any Receivables

previously sold to the Purchaser in which the Purchaser has retained an interest, or (z) other cash on hand; and

(iii) third, by an increase in the Deferred Purchase Price.

The Seller is hereby authorized by the Purchaser to endorse on the schedule attached to the Deferred Purchase Price Note an appropriate notation evidencing the date and amount of each advance thereunder, as well as the date of each payment with respect thereto, provided that the failure to make such notation shall not affect any obligation of the Purchaser thereunder.

Although the Purchase Price for each Receivable coming into existence after the date hereof shall be due and payable in full by the Purchaser to the Seller on the date such Receivable came into existence, and payment of such Purchase Price shall be made as provided in this Section 2.02(c), final settlement of the Purchase Price between the Purchaser and the Seller shall be effected on a monthly basis on each Settlement Date with respect to all Receivables coming into existence during the calendar month preceding such Settlement Date and based on the information contained in the Monthly Report delivered by the Servicer pursuant to the Purchase Agreement for the calendar month then most recently ended. On each Settlement Date, the Purchaser and the Seller shall cause a reconciliation to be made in respect of all purchases that shall have been made during the calendar month then most recently ended. Although settlement shall be effected on Settlement Dates, any net increase or decrease in the amount owing under the Deferred Purchase Price Note made pursuant to this Section 2.02(c) shall be deemed to have occurred and shall be effective as of the last Business Day of the calendar month to which such settlement relates.

(d) Ownership of Receivables and Related Security. On each Purchase Date, after giving effect to the Purchase (and any contribution of Receivables) on such date, the Purchaser shall own all Receivables originated or otherwise acquired by the Seller on such date (including Receivables which have been previously sold or contributed to the Purchaser hereunder). The Purchase or contribution of any Receivable shall include all Related Security with respect to such Receivable.

SECTION 2.03. Collections. (a) On each Deposit Date, the Servicer shall apply all Collections released to the Purchaser pursuant to the Purchase Agreement and all amounts paid by the Seller pursuant to Section 2.04(a) and 2.04(b) hereof (i) first, to pay the Purchase Price then owing by the Purchaser hereunder on such date, (ii) second, if such date is a Settlement Date, to pay the accrued and unpaid interest on the Deferred Purchase Price for the most recently ended calendar month (as provided in Section 2.03(c)), and (iii) third, to prepay in whole or in part the principal amount of the Deferred Purchase Price. The Servicer shall, on or before each Settlement Date, deposit into an account of the Purchaser or the Purchaser's assignee all remaining Collections of Transferred Receivables (if any) then held by the Servicer (but only to the extent such Collections have not been previously applied to purchase new Receivables hereunder or to pay the Deferred Purchase Price).

(b) In the event that the Seller believes that collections which are not Collections of Transferred Receivables have been deposited into an account of the Purchaser or the Purchaser's assignee, the Seller shall so advise the Purchaser and, on the Business Day

following such identification to the Purchaser's reasonable satisfaction, the Purchaser shall instruct the Servicer to remit such collections to the Seller.

(c) On each Settlement Date, the Purchaser shall, to the extent Collections are available for such purpose under the Purchase Agreement and are not required to pay the Purchase Price for any Receivables purchased hereunder, pay to the Seller accrued interest on the Deferred Purchase Price; provided that each such payment shall be made solely from (i) Collections of Transferred Receivables after all other amounts then due from the Purchaser under the Purchase Agreement have been paid in full and all amounts then required to be set aside by the Purchaser or the Servicer under the Purchase Agreement have been so set aside or (ii) excess cash flow from operations of the Purchaser which is not required to be applied to the payment of any Senior Obligations; and provided, further that no such payment shall be made at any time when an "Event of Termination" (as defined in the Purchase Agreement) shall have occurred and be continuing. At such time following the Termination Date when all Senior Obligations shall have been paid in full, the Purchaser shall apply, on each Deposit Date, all Collections of Transferred Receivables received by the Purchaser pursuant to Section 2.03(a) (and not previously distributed) first to the payment of accrued interest on the Deferred Purchase Price, and then to the reduction of the principal amount of the Deferred Purchase Price.

SECTION 2.04. Settlement Procedures. (a) If on any day any Transferred Receivable becomes (in whole or in part) a Diluted Receivable, the Seller shall be deemed to have received on such day a Collection of such Receivable in the amount of such Diluted Receivable. The Seller shall pay to the Servicer on or prior to the next Settlement Date all amounts deemed to have been received pursuant to this subsection. Notwithstanding the foregoing, if on any day any Transferred Receivable, the Obligor of which is a NiSource Entity, is satisfied in full or in part by the posting of an inter-company accounting entry in favor of the Seller, the Purchaser shall be deemed to have received on such day a credit (a "Purchase Price Credit") in the amount of such accounting entry. If for any reason the Purchaser ceases to purchase Receivables from the Seller under this Agreement, the Seller shall pay to the Purchaser the amount of all then unused Purchase Price Credits.

(b) Upon discovery by the Seller or the Purchaser of a breach of any of the representations and warranties made by the Seller in Section 4.01(j) with respect to any Transferred Receivable, such party shall give prompt written notice thereof to the other party, as soon as practicable and in any event within three (3) Business Days following such discovery. The Seller shall, upon not less than two (2) Business Days' notice from the Purchaser or its assignee or designee, repurchase such Transferred Receivable on the next succeeding Settlement Date for a repurchase price equal to the Outstanding Balance of such Transferred Receivable. Each repurchase of a Transferred Receivable shall include the Related Security with respect to such Transferred Receivable. The proceeds of any such repurchase shall be deemed to be a Collection in respect of such Transferred Receivable. The Seller shall pay to the Servicer on or prior to the next Settlement Date the repurchase price required to be paid pursuant to this subsection.

(c) Except as stated in subsection (a) or (b) of this Section 2.04 or as otherwise required by law or the relevant Contract, or as otherwise specified by such Obligor, all Collections from an Obligor of any Transferred Receivable shall be applied to the Receivables of

such Obligor in the order of the age of such Receivables, starting with the oldest such Receivable.

SECTION 2.05. Payments and Computations, Etc. (a) All amounts to be paid or deposited by the Seller or the Servicer hereunder shall be paid or deposited no later than 11:00 A.M. (New York City time) on the day when due in same day funds to an account or accounts designated by the Purchaser from time to time.

(b) The Seller shall, to the extent permitted by law, pay to the Purchaser interest on any amount not paid or deposited by the Seller (whether as Servicer or otherwise) when due hereunder at an interest rate per annum equal to 2.50% per annum above the Base Rate, payable on demand.

(c) All computations of interest and all computations of fees hereunder shall be made on the basis of a year of 360 days for the actual number of days (including the first but excluding the last day) elapsed. Whenever any payment or deposit to be made hereunder shall be due on a day other than a Business Day, such payment or deposit shall be made on the next succeeding Business Day and such extension of time shall be included in the computation of such payment or deposit.

SECTION 2.06. Contributions. On the Closing Date the Seller shall identify Receivables which it proposes to transfer to the Purchaser as a capital contribution. On the date of such contribution and after giving effect thereto, the Purchaser shall own all right, title and interest in and to the Receivables so identified and contributed (collectively, the "Contributed Receivables") and all Related Security with respect thereto.

SECTION 2.07. Grant of Security Interest. As collateral security for the performance by the Seller of all the terms, covenants and agreements on the part of the Seller (whether as Seller, Servicer or otherwise) to be performed under this Agreement or any other Transaction Document, including the punctual payment when due of all amounts payable by it hereunder and thereunder, the Seller hereby assigns to the Purchaser and grants to the Purchaser a first priority security interest in, all of the Seller's right, title and interest (if any) in and to (A) all Receivables, whether now owned and existing or hereafter acquired or arising, all Related Security and Collections with respect thereto and all Lock-Boxes and Blocked Accounts, and (B) to the extent not included in the foregoing, all proceeds of any and all of the foregoing.

### ARTICLE III. CONDITIONS OF PURCHASES

SECTION 3.01. Conditions Precedent to Initial Purchase from the Seller. The initial Purchase of Receivables from the Seller hereunder is subject to the conditions precedent that the Purchaser shall have received on or before the date of such Purchase all of the instruments, documents, agreements and opinions specified in Section 3.01 of the Purchase Agreement, each (unless otherwise indicated therein) dated such date, in form and substance satisfactory to the Purchaser.

SECTION 3.02. Conditions Precedent to All Purchases. The Purchaser's obligation to make any Purchase (including the initial Purchase) hereunder shall be subject to the further conditions precedent that:

(a) the Seller shall have delivered to the Purchaser, if requested by the Purchaser, (i) the Seller's Receivables Trial Balance (which if in the form of an electronic record shall be compatible with the Purchaser's computer software) as of a date not more than 31 days prior to the date of such Purchase, and (ii) such additional information concerning such Receivables as may reasonably be requested by the Purchaser;

(b) with respect to any such Purchase, on or prior to the date of such Purchase, the Servicer shall have delivered to the Purchaser, all Monthly Reports and Daily Reports required to be delivered hereunder and under the Purchase Agreement, each duly completed and containing information covering the most recently ended reporting period for which information is required pursuant to Section 6.02(g) and (h) of the Purchase Agreement;

(c) on the date of such Purchase the following statements shall be true (and the Seller, by accepting the Purchase Price for such Purchase, shall be deemed to have represented and warranted that):

(i) The representations and warranties contained in Section 4.01 are correct on and as of the date of such Purchase as though made on and as of such date;

(ii) No event has occurred and is continuing, or would result from such Purchase, that constitutes an Event of Termination or an Involuntary Bankruptcy Event; and

(iii) The "Termination Date" shall not have occurred under (and as defined in) the Purchase Agreement; and

(d) the Purchaser shall have received such other approvals, opinions or documents as the Purchaser may reasonably request.

Notwithstanding the foregoing, unless otherwise specified by the Purchaser (with the written consent of the Administrative Agent) in a written notice to the Seller, each Purchase shall occur automatically on each day prior to the Termination Date, with the result that the title to all Receivables shall vest in the Purchaser automatically on the date each such Receivable arises and without any further action of any kind by the Purchaser or the Seller, whether or not the conditions precedent to such Purchase were in fact satisfied on such date and notwithstanding any delay in making payment of the Purchase Price for such Receivables (but without impairing the Purchaser's obligation to pay such Purchase Price in accordance with the terms hereof).

#### ARTICLE IV. REPRESENTATIONS AND WARRANTIES

SECTION 4.01. Representations and Warranties of the Seller. The Seller (both individually and in its capacity as Servicer) represents and warrants as follows as of the date hereof and as of the date of each Purchase hereunder:

(a) The Seller is a corporation duly incorporated, validly existing and in good standing under the laws of Pennsylvania, and is duly qualified to do business, and is in

good standing, in every jurisdiction where the nature of its business requires it to be so qualified.

(b) The execution, delivery and performance by the Seller of the Transaction Documents to which it is a party, including the Seller's sale and contribution of Receivables hereunder and the Seller's use of the proceeds of Purchases, (i) are within the Seller's corporate powers, (ii) have been duly authorized by all necessary corporate action, (iii) do not contravene (1) the Seller's charter or by-laws, (2) any law, rule or regulation applicable to the Seller, (3) any contractual restriction binding on or affecting the Seller or its property or (4) any order, writ, judgment, award, injunction or decree binding on or affecting the Seller or its property, and (iv) do not result in or require the creation of any Adverse Claim upon or with respect to any of its properties (except for the transfer of the Seller's interest in the Transferred Receivables pursuant to this Agreement). Each of the Transaction Documents to which the Seller is named as a party has been duly executed and delivered by the Seller.

(c) No authorization or approval or other action by, and no notice to or filing with, any governmental authority or regulatory body is required for the due execution, delivery and performance by the Seller of the Transaction Documents to which it is a party or any other document to be delivered by it thereunder except for those that have already been obtained or made and the filing of UCC financing statements which are referred to therein.

(d) Each of the Transaction Documents to which the Seller is a party constitutes the legal, valid and binding obligation of the Seller enforceable against the Seller in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization or similar laws affecting the enforcement of creditors' rights generally and by principles of equity, regardless of whether such enforceability is considered in a proceeding in equity or at law.

(e) Sales and contributions made pursuant to this Agreement will constitute a valid sale (or contribution), transfer, and assignment of the Transferred Receivables to the Purchaser, enforceable against creditors of, and purchasers from, the Seller. The Seller shall have no remaining property interest in any Transferred Receivable.

(f) The consolidated balance sheets of the Seller and its Subsidiaries as of December 31, 2008, and the related statements of income and retained earnings of the Seller and its Subsidiaries as of and for the fiscal year then ended, copies of which have been furnished to the Purchaser, fairly present the financial condition of the Seller and its Subsidiaries as of such date and the results of the operations of the Seller and its Subsidiaries for the fiscal year ended on such date, all in accordance with generally accepted accounting principles consistently applied. Since December 31, 2008, there has been no material adverse change in the business, operations, property or financial condition of the Seller.

(g) There is no pending or, to the best knowledge of the Seller, threatened action or proceeding affecting the Seller or any of its Subsidiaries before any court,

governmental agency or arbitrator which (if adversely determined) would have a Material Adverse Effect, except as disclosed in the financial statements referred to in Section 4.01(f).

(h) No proceeds of any Purchase will be used for a purpose that violates or would be inconsistent with, Regulation T, U or X promulgated by the Board of Governors of the Federal Reserve System from time to time.

(i) No transaction contemplated hereby requires compliance with any bulk sales act or similar law.

(j) Each Transferred Receivable, together with the Related Security, is owned (immediately prior to its sale or contribution hereunder) by the Seller free and clear of any Adverse Claim (other than Permitted Liens or any Adverse Claim arising solely as the result of any action taken by the Purchaser). When the Purchaser makes a Purchase it shall acquire valid and perfected first priority ownership interest of each Purchased Receivable and the Related Security and Collections with respect thereto free and clear of any Adverse Claim (other than Permitted Liens or any Adverse Claim arising solely as the result of any action taken by the Purchaser), and no effective financing statement or other instrument similar in effect is filed in any recording office listing the Seller as debtor, covering any Receivable, any interest therein, the Related Security or Collections except such as may be filed in favor of Purchaser in accordance with this Agreement and assigned to the Agent in accordance with the Purchase Agreement.

(k) Each Monthly Report and Daily Report, all information, and each exhibit, financial statement, document, book, record or report furnished or to be furnished in writing at any time by the Seller to the Purchaser in connection with this Agreement is or will be accurate in all material respects as of its date or (except as otherwise disclosed to the Purchaser at such time) as of the date so furnished, and no such Monthly Report, Daily Report, information, exhibit, financial statement, document, book, record or report contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances under which they were made, not materially misleading.

(l) The principal place of business and chief executive office of the Seller and the office where the Seller keeps its records concerning the Transferred Receivables are located at the address or addresses referred to in Section 5.01(b).

(m) The names and addresses of all the Blocked Account Banks, together with the number of the Lock-Boxes and the account numbers of the Blocked Accounts at or maintained by such Blocked Account Banks, are specified in Exhibit A, as such may be updated from time to time pursuant to Section 5.01(g).

(n) In the past five (5) years, the Seller has not used any company name, tradename or doing-business-as name other than the name in which it has executed this Agreement and the other names listed on Exhibit C. The Seller's organizational identification number is 73694.

(o) (i) The fair value of the property of the Seller is greater than the total amount of liabilities, including contingent liabilities, of the Seller, (ii) the present fair salable value of the assets of the Seller is not less than the amount that will be required to pay all probable liabilities of the Seller on its debts as they become absolute and matured, (iii) the Seller does not intend to, and does not believe that it will, incur debts or liabilities beyond the Seller's abilities to pay such debts and liabilities as they mature and (iv) the Seller is not engaged in a business or a transaction, and is not about to engage in a business or a transaction, for which the Seller's property would constitute unreasonably small capital.

(p) The Seller shall have originated each Receivable in the ordinary course of its business.

(q) Each Transferred Receivable included as an Eligible Receivable in the calculation of the Net Receivables Pool Balance on any Monthly Report or Daily Report satisfies the requirements of eligibility contained in the definition of "Eligible Receivable" in the Purchase Agreement as of the date of the information reported in such Monthly Report or Daily Report.

(r) The Purchase Price received by the Seller for each Transferred Receivable constitutes reasonably equivalent value in consideration therefor and such transfer was not made for or on account of an antecedent debt. Each transfer by the Seller of any Transferred Receivable hereunder has been made in good faith and without the intent to hinder, delay or defraud creditors of the Seller, and no such transfer is or may be voidable under any section of the Bankruptcy Reform Act of 1978 (11 U.S.C. §§ 101 et seq.), as amended.

(s) The Seller and its ERISA Affiliates are in compliance, in all material respects, with ERISA, and no Adverse Claim exists in favor of the Pension Benefit Guaranty Corporation on any of the Receivables.

(t) The Seller believes that the Purchaser has adequate capitalization and liquidity to meet its financial obligations under the Transaction Documents without the need for capital contributions other than the capital contributions described in Section 2.02(a).

(u) Each of the representations and warranties set forth on Annex A are true and correct.

(v) The Seller is not an "investment company" within the meaning of the Investment Company Act of 1940, as amended, or any successor statute.

(w) The Seller has complied in all respects with all applicable laws, rules, regulations, orders, writs, judgments, injunctions, decrees or awards to which it may be subject, except where the failure to so comply could not reasonably be expected to have a Material Adverse Effect. Each Transferred Receivable, together with the Contract related thereto, does not contravene any laws, rules or regulations applicable thereto (including, without limitation, laws, rules and regulations relating to truth in lending, fair credit

billing, fair credit reporting, equal credit opportunity, fair debt collection practices and privacy), and no part of such Contract is in violation of any such law, rule or regulation, except where such contravention or violation could not reasonably be expected to have a Material Adverse Effect.

(x) The Seller has complied in all material respects with the Credit and Collection Policy with regard to each Transferred Receivable and the related Contract, and has not made any change to such Credit and Collection Policy.

(y) Each of the facts and assumptions with respect to Seller, and its conduct set forth in the opinion letter issued by Schiff Hardin LLP, as counsel for Seller, in connection with the Closing Date and relating to issues of "true sale" and "substantive nonconsolidation", and in the certificates accompanying such opinion letter, are true and correct.

#### ARTICLE V. COVENANTS

**SECTION 5.01.** Covenants of the Seller. From the date hereof until the first day following the Termination Date on which all of the Transferred Receivables are either collected in full or are written off in accordance with the applicable Credit and Collection Policy, the Seller (both individually and in its capacity as Servicer) covenants and agrees as follows:

(a) Compliance with Laws, Etc. The Seller will comply in all respects with all applicable laws, rules, regulations and orders and preserve and maintain its corporate existence, rights, franchises, qualifications and privileges except to the extent that the failure so to comply with such laws, rules and regulations or the failure so to preserve and maintain such rights, franchises, qualifications, and privileges would not reasonably be expected to have a Material Adverse Effect.

(b) Offices, Records and Books of Account. The Seller will keep its principal place of business and chief executive office and the office where it keep its records concerning the Receivables at (i) the address of the Seller set forth under its name on the signature page to this Agreement, or (ii) upon thirty (30) days' prior written notice to the Purchaser at any other locations in jurisdictions where all actions reasonably requested by the Purchaser to protect and perfect the interest in the Transferred Receivables shall have been taken and completed. The Seller will maintain and implement administrative and operating procedures (including, without limitation, an ability to recreate records evidencing Receivables and related Contracts in the event of the destruction of the originals thereof), and keep and maintain all documents, books, records and other information reasonably necessary or advisable for the collection of all Receivables (including, without limitation, records adequate to permit the daily identification of each new Transferred Receivable and all Collections of and adjustments to each existing Transferred Receivable).

(c) Performance and Compliance with Contracts and Credit and Collection Policy. The Seller will, at its expense, (i) timely and fully perform and comply in all material respects with all provisions, covenants and other promises required to be

observed by it under the Contracts related to the Receivables, and (ii) timely and fully comply in all material respects with the Credit and Collection Policy in regard to each Receivable and the related Contracts.

(d) Sales, Liens, Etc. Except for Permitted Liens and the sales and contributions of Receivables contemplated herein, the Seller will not sell, assign (by operation of law or otherwise) or otherwise dispose of, or create or suffer to exist any Adverse Claim upon or with respect to, any Receivable, Related Security, related Contract or Collections, or upon or with respect to any Lock-Box or Blocked Account, or assign any right to receive income in respect thereof.

(e) Extension or Amendment of Receivables and Contracts. The Seller will not extend, amend or otherwise modify the terms of any Receivable or amend, modify or waive any term or condition of any Contract related thereto except, in its capacity as Servicer, to the extent permitted under Section 6.02(c) of the Purchase Agreement.

(f) Change in Business or Credit and Collection Policy. The Seller will not make any change in the character of its business or in any Credit and Collection Policy, except, for any such change that would not (i) impair the collectibility of any Receivable or (ii) otherwise be reasonably likely to have a Material Adverse Effect.

(g) Addition or Termination of Blocked Accounts and Lock-Boxes; Change in Payment Instructions to Obligors. The Seller will not add or terminate any bank or bank account as a Blocked Account Bank or Lock-Box or Blocked Account from those listed in Exhibit A to this Agreement, or make any change in its instructions to Obligors regarding payments to be made in respect of the Receivables or payments to be made to any Lock-Box or Blocked Account Bank, unless the Purchaser shall have received notice of such addition, termination or change (including an updated Exhibit A) with respect to each new Lock-Box or Blocked Account and a fully executed Blocked Account Agreement.

(h) Deposits to Lock Boxes and Blocked Accounts. The Seller will instruct all Obligors to remit all their payments in respect of the Receivables to one of the Lock-Boxes or Blocked Accounts or to a Sub-Agent that has been instructed to remit payments to one of the Blocked Accounts. If the Seller shall receive any Collections directly, the Seller shall promptly (and in any event within one (1) Business Day) deposit the same into a Blocked Account. From and after the occurrence of a Lock-Box Event, the Seller will not permit any funds to be deposited into any Blocked Account other than Collections of Receivables, proceeds of accounts receivable under any Percent of Income Plan, Retail Services Payments, and prepayments made under any Balanced Payment Plan.

(i) Marking of Records. At its expense, the Seller will mark its master data processing records evidencing Receivables with a legend evidencing that Transferred Receivables and the related Contracts have been sold in accordance with this Agreement.

(j) Audits. The Seller will, from time to time during regular business hours as requested by the Purchaser or its assigns at the Seller's expense, permit the Purchaser, or its agents, representatives or assigns, (i) to examine and make copies of and abstracts from all books, records and documents (including, without limitation, computer tapes and disks) in the possession or under the control of the Seller relating to Receivables and the Related Security, including, without limitation, the related Contracts, and (ii) to visit the offices and properties of the Seller for the purpose of examining such materials described in clause (i) above, and to discuss matters relating to Receivables and the Related Security or the Seller's performance under the Transaction Documents or under the Contracts with any of the officers or employees of the Seller having knowledge of such matters. So long as no Event of Termination has occurred and is continuing, the Purchaser or its assigns will give the Seller three (3) Business Days prior notice of any such examination.

(k) Further Assurances; Change in Name or Jurisdiction of Organization. Etc.

(i) The Seller agrees from time to time, at its expense, promptly to execute and deliver all further instruments and documents, and to take all further actions, that may be necessary or desirable, or that the Purchaser or its assignee may reasonably request, to perfect, protect or more fully evidence the Purchaser's ownership of the Transferred Receivables and/or the Purchaser's security interest described in Section 2.07, or to enable the Purchaser or its assignee to exercise and enforce its respective rights and remedies under this Agreement. Without limiting the foregoing, the Seller will, upon the request of the Purchaser or its assignee, execute and file such financing or continuation statements, or amendments thereto, and such other instruments and documents, that may be necessary or desirable or that the Purchaser or its assignee may reasonably request to perfect, protect, evidence or maintain the priority of the Purchaser's ownership of such Receivables or such security interest.

(ii) The Seller authorizes the Purchaser or its assignee to file financing or continuation statements, and amendments thereto and assignments thereof, relating to the Receivables and the Related Security, the related Contracts and the Collections with respect thereto and the collateral described in Section 2.07 without the signature of the Seller. A photocopy or other reproduction of this Agreement shall be sufficient as a financing statement where permitted by law.

(iii) The Seller shall perform its obligations under the Contracts related to the Transferred Receivables to the same extent as if the Transferred Receivables had not been sold or transferred.

(iv) The Seller shall not take any action to change its jurisdiction of incorporation unless (i) the Purchaser shall have received at least thirty (30) days advance written notice of such change and all action by Seller necessary or appropriate to perfect or maintain the perfection of the Purchaser's interest in the Receivables and the collateral described in Section 2.07 (including, without limitation, the filing of all financing statements and the taking of such other action as the Purchaser may request in connection with such change) shall have been duly taken and (ii) the new jurisdiction of incorporation is a State within the United States of America.

(v) The Seller will not change its name, identity or corporate structure unless the Purchaser shall have received at least thirty (30) days advance written notice of such change or relocation and all action by Seller necessary or appropriate to perfect or maintain the perfection of the Purchaser's interest in the Receivables and the collateral described in Section 2.07 (including, without limitation, the filing of all financing statements and the taking of such other action as the Purchaser may request in connection with such change) shall have been duly taken.

(l) Reporting Requirements. The Seller will provide or cause to be provided to the Purchaser, the Administrative Agent and each Managing Agent the following:

(i) as soon as available and in any event within ninety (90) days after the end of each fiscal year of the Seller, a consolidated balance sheet of the Seller and its Subsidiaries as of the end of such fiscal year and the related consolidated statements of income, cash flows and changes in common stockholders' equity for such fiscal year, setting forth in each case in comparative form the figures for the previous fiscal year, certified by a Financial Officer of the Seller as having been prepared in conformity with generally accepted accounting principles consistently applied;

(ii) as soon as available and in any event within forty-five (45) days after the end of each of the first three quarters of each fiscal year of the Seller, a consolidated balance sheet of the Seller and its Subsidiaries, as of the end of such quarter and the related consolidated statement of income for such quarter and for the portion of the Seller's fiscal year ended at the end of such quarter, and the related consolidated statement of cash flows for the portion of the Seller's fiscal year ended at the end of such quarter, setting forth in each case in comparative form (A) for the consolidated balance sheet, the figures as of the end of the Seller's previous fiscal year, (B) for the consolidated statement of income, the figures for the corresponding quarter and the corresponding portion of the Seller's previous fiscal year and (C) for the consolidated statement of cash flows, the figures for the corresponding portion of the Seller's previous fiscal year; the delivery of such financial statements shall constitute a certification (subject to normal year-end adjustments) as to fairness of presentation and conformity with generally accepted accounting principles consistently applied;

(iii) as soon as (and if) available and in any event within ninety (90) days after the end of each fiscal year of NiSource, a Form 10-K for NiSource which will include an audited consolidated balance sheet of NiSource and its Consolidated Subsidiaries as of the end of such fiscal year and the related audited consolidated statements of income, cash flows and changes in common stockholders' equity for such fiscal year, setting forth in each case in comparative form the figures for the previous fiscal year, all reported on in a manner acceptable to the United States Securities and Exchange Commission by independent public accountants of nationally recognized standing; provided, however, that such Form 10-K need not be provided if it is available, within the above referenced time period, via the EDGAR system of the United States Securities and Exchange Commission ("EDGAR") on the Internet;

(iv) as soon as (and if) available and in any event within forty-five (45) days after the end of each of the first three (3) quarters of each fiscal year of NiSource, a Form 10-Q for NiSource which will include a consolidated balance sheet of NiSource and its Consolidated Subsidiaries, as of the end of such quarter and the related consolidated statement of income for such quarter and for the portion of NiSource's fiscal year ended at the end of such quarter, and the related consolidated statement of cash flows for the portion of NiSource's fiscal year ended at the end of such quarter, setting forth in each case in comparative form (A) for the consolidated balance sheet, the figures as of the end of NiSource's previous fiscal year, (B) for the consolidated statement of income, the figures for the corresponding quarter and the corresponding portion of NiSource's previous fiscal year and (C) for the consolidated statement of cash flows, the figures for the corresponding portion of NiSource's previous fiscal year; the delivery of such financial statement shall constitute a certification (subject to normal year-end adjustments) as to fairness of presentation and conformity with generally accepted accounting principles consistently applied; provided, however, that such Form 10-Q need not be provided if it is available, within the above referenced time period, via EDGAR on the Internet;

(v) as soon as possible and in any event within five (5) Business Days after obtaining knowledge of the occurrence of each Event of Termination or Incipient Event of Termination, a statement of a Financial Officer of the Seller setting forth details of such Event of Termination or Incipient Event of Termination and the action that the Seller has taken and proposes to take with respect thereto;

(vi) promptly after the filing or receiving thereof, copies of all reports and notices that the Seller or any Affiliate files under ERISA with the Internal Revenue Service or the Pension Benefit Guaranty Corporation or the U.S. Department of Labor or that the Seller or any Affiliate receives from any of the foregoing or from any multiemployer plan (within the meaning of Section 4001(a)(3) of ERISA) to which the Seller or any Affiliate is or was, within the preceding five (5) years, a contributing employer, in each case in respect of the assessment of withdrawal liability or an event or condition which could, in the aggregate, result in the imposition of liability on the Seller and/or any such Affiliate in excess of \$50,000,000, other than the liability for payment of amounts required to satisfy a minimum funding requirement standard under Section 302 of ERISA, or an alternative minimum funding standard under Section 305 of ERISA, provided that such required funding amounts do not include any waived funding deficiency within the meaning of Section 302 of ERISA;

(vii) at least thirty (30) days prior to any change in the name or jurisdiction of organization of the Seller, a notice setting forth the new name or jurisdiction of organization, as applicable, and the effective date thereof;

(viii) at the time of the delivery of the financial statements provided for in clauses (i) and (ii) of this paragraph, a certificate of a Financial Officer of the Seller to the effect that, to the best of such officer's knowledge, no Event of Termination or Incipient Event of Termination has occurred and is continuing or, if any Event of

Termination or Incipient Event of Termination has occurred and is continuing, specifying the nature and extent thereof;

(ix) promptly upon learning thereof, notice of any downgrade in the Debt Rating (or the withdrawal by either S&P or Moody's of a Debt Rating) of any Transaction Party, setting forth the Debt affected and the nature of such change (or withdrawal);

(x) promptly after the occurrence thereof, notice of any event or condition that has had, or could reasonably be expected to have, a Material Adverse Effect; and

(xi) such other information respecting the Transferred Receivables or the condition or operations, financial or otherwise, of the Seller as the Purchaser may from time to time reasonably request.

(m) Separate Conduct of Business. The Seller will: (i) maintain separate corporate records and books of account from those of the Purchaser; (ii) conduct its business from an office separate from that of the Purchaser; (iii) ensure that all oral and written communications, including without limitation, letters, invoices, purchase orders, contracts, statements and applications, will not be made in the name of the Purchaser; (iv) have stationery and other business forms separate from those of the Purchaser; (v) not hold itself out as having agreed to pay, or as being liable for, the obligations of the Purchaser; (vi) not engage in any transaction with the Purchaser except as contemplated by this Agreement or as permitted by the Purchase Agreement; and (vii) continuously maintain as official records the resolutions, agreements and other instruments underlying the transactions contemplated by this Agreement.

(n) Taxes. The Seller will pay when due any taxes payable in connection with the Receivables, exclusive of taxes on or measured by income or gross receipts of the Purchaser.

(o) Treatment as Sales. The Seller shall not account for or treat (whether in financial statements or otherwise) the transactions contemplated by this Agreement in any manner other than as a sale, contribution and/or absolute conveyance of Receivables by the Seller to the Purchaser except on the face of its financial statements (but not the notes thereto) to the extent required by the principles of consolidated financial reporting in accordance with generally accepted accounting principles.

SECTION 5.02. Intent of the Seller and the Purchaser. The Seller and the Purchaser have structured this Agreement with the intention that each Purchase of Receivables hereunder be treated as a sale of such Receivables by the Seller to the Purchaser for all purposes and the contribution of Receivables hereunder shall be treated as an absolute transfer of such Receivables by the Seller to the Purchaser for all purposes (except that, in accordance with applicable tax principles, each purchase and contribution may be ignored for tax reporting purposes). The Seller and the Purchaser shall record each Purchase and contribution as a sale or purchase or capital contribution, as the case may be, on its books and records, and reflect each

Purchase and contribution in its financial statements as a sale or purchase or capital contribution, as the case may be. In the event that, contrary to the mutual intent of the Seller and the Purchaser, any Purchase or contribution of Receivables hereunder is not characterized as a sale or absolute transfer, the Seller shall, effective as of the date hereof, be deemed to have granted (and the Seller hereby does grant) to the Purchaser a first priority security interest in and to any and all Receivables, the Related Security, the Collections in respect thereof and the proceeds thereof to secure the repayment of all amounts advanced to the Seller hereunder with accrued interest thereon, and this Agreement shall be deemed to be a security agreement.

#### ARTICLE VI. ADMINISTRATION AND COLLECTION

SECTION 6.01. Designation of Servicer. Consistent with the Purchaser's ownership interest in the Transferred Receivables, the Seller acknowledges and agrees that the servicing, administration and collection of the Transferred Receivables shall be the responsibility and right of the Purchaser. The Purchaser has advised the Seller that the servicing, administration and collection of the Transferred Receivables shall be conducted by the Person designated as the Servicer pursuant to the Purchase Agreement from time to time. The Purchaser has requested the Seller to, and the Seller has agreed that it will, act as the initial Servicer. All references to the Seller hereunder shall include the Seller in its capacity as Servicer under the Purchase Agreement until a successor Servicer is appointed thereunder.

SECTION 6.02. Certain Rights of the Purchaser. (a) The Purchaser may, at any time, direct the Obligors of Transferred Receivables and any Person obligated on any Related Security, or any of them, that payment of all amounts payable under any Transferred Receivable shall be made directly to the Purchaser or its designee. The Seller hereby transfers to the Purchaser (and its assigns and designees) the exclusive ownership and control of the Lock-Boxes and the Blocked Accounts maintained by the Seller for the purpose of receiving Collections and the Seller shall take any further action that the Purchaser may reasonably request to effect or further evidence such transfer.

(b) At any time following the designation of a Servicer other than the Seller:

(i) At the Purchaser's request and at the Seller's expense, the Seller shall give notice of the Purchaser's ownership to each Obligor of Transferred Receivables and direct that payments of all amounts payable under the Transferred Receivables be made directly to the Purchaser or its designee.

(ii) At the Purchaser's request and at the Seller's expense, the Seller shall (A) assemble all of the documents, instruments and other records (including, without limitation, computer tapes and disks) that evidence or relate to the Receivables, and the related Contracts and Related Security, or that are otherwise necessary or desirable to collect the Receivables, and shall make the same available to the Purchaser at a place selected by the Purchaser or its designee, and (B) segregate all cash, checks and other instruments received by it from time to time constituting Collections of Receivables in a manner acceptable to the Purchaser and, promptly upon receipt, remit all such cash, checks and instruments, duly indorsed or with duly executed instruments of transfer, to the Purchaser or its designee.

(c) The Seller authorizes each of the Purchaser and the Administrative Agent, and hereby irrevocably appoints each of the Purchaser and the Administrative Agent as its attorney-in-fact coupled with an interest, with full power of substitution and with full authority in place of the Seller, following the occurrence and during the continuation of a Servicer Default, to take any and all steps in the Seller's name and on behalf of the Seller, that are necessary or desirable, in the determination of the Purchaser or the Administrative Agent, to collect amounts due under the Receivables, including, without limitation, endorsing the Seller's name on checks and other instruments representing Collections of Receivables and enforcing the Receivables and the Related Security and related Contracts.

(d) Following the occurrence of an Event of Termination, the Seller shall, upon the request of the Purchaser or the Administrative Agent (and if the Seller fails to do so, the Purchaser or the Administrative Agent may itself) deliver a notice to all applicable Obligor, in form and substance satisfactory to the Purchaser or the Administrative Agent, as applicable, stating that (i) the Transferred Receivables have been sold to the Purchaser and (ii) effective immediately all payments on the Transferred Receivables must be made without any setoff. Such notice shall be delivered by the Seller as soon as practicable and in any event within three (3) Business Days after such written request by the Purchaser or the Administrative Agent. From and after the date the Purchaser or the Administrative Agent requests the Seller to deliver such notice, (x) the Seller shall require all payments by Obligor to be made without any setoff, and shall make available to the Administrative Agent and the Purchaser such information as may be required to determine whether such payments are being so made and (y) the Seller and the Purchaser shall, and shall cause each other Transaction Party to, pay, or cause to be paid, when due all amounts (including, without limitation, credit card charges) owing by any Transaction Party to any Obligor without any set off of such amounts against Receivables due from such Obligor.

SECTION 6.03. Rights and Remedies. (a) If the Seller (as Servicer or otherwise) fails to perform any of its obligations under this Agreement, the Purchaser may (but shall not be required to) cause performance of, such obligation, and the costs and expenses of the Purchaser reasonably incurred in connection therewith shall be payable by the Seller.

(b) The Seller (as Servicer or otherwise) shall perform all of its obligations under the Contracts related to the Transferred Receivables to the same extent as if the Seller had not sold or contributed Receivables hereunder and the exercise by the Purchaser of its rights hereunder shall not relieve the Seller (as Servicer or otherwise) from such obligations or its obligations with respect to the Transferred Receivables or the related Contracts. The Purchaser shall not have any obligation or liability with respect to any Transferred Receivables or related Contracts, nor shall the Purchaser be obligated to perform any of the obligations of the Seller (as Servicer or otherwise) thereunder.

(c) The Seller shall cooperate with the Servicer in collecting amounts due from Obligor in respect of the Transferred Receivables.

(d) The Seller hereby grants to Servicer an irrevocable power of attorney, with full power of substitution, coupled with an interest, to take or cause to be taken in the name of the Seller all steps necessary or advisable to endorse, negotiate or otherwise realize on any

Collections and any checks, instruments or other proceeds of the Transferred Receivables held or transmitted by the Seller or transmitted or received by the Purchaser (whether or not from the Seller) *in connection with any Transferred Receivable.*

SECTION 6.04. Transfer of Records to Purchaser. Each Purchase and contribution of Receivables hereunder shall include the transfer to the Purchaser of all of the Seller's right and title to and interest in the records relating to such Receivables and shall include an irrevocable non-exclusive license to the use of the Seller's computer software system to access and create such records. Such license shall be without royalty or payment of any kind, is coupled with an interest, and shall be irrevocable until all of the Transferred Receivables are either collected in full or become Defaulted Receivables. In recognition of the Seller's need to have access to the records transferred to the Purchaser hereunder, the Purchaser hereby grants to the Seller an irrevocable license to access such records in connection with any activity arising in the ordinary course of the Seller's business or in performance of its duties as Servicer, provided that (i) the Seller shall not disrupt or otherwise interfere with the Purchaser's use of and access to such records during such license period, and (ii) the Seller consents to the assignment and delivery of the records (including any information contained therein relating to the Seller or its operations) to any assignees or transferees of the Purchaser.

#### ARTICLE VII. EVENTS OF TERMINATION

SECTION 7.01. Events of Termination. *If any of the following events (each an "Event of Termination") shall occur and be continuing:*

(a) (i) The Seller shall fail to perform or observe any term, covenant or agreement under this Agreement (other than as referred to in clause (ii) of this subsection (a)) and such failure shall remain unremedied for five (5) Business Days after the earlier of (x) the first date on which the Seller receives written notice thereof from the Purchaser, the Administrative Agent or any Managing Agent or (y) the first date the Seller has actual knowledge thereof, or (ii) (x) the Seller shall fail to perform or observe any term, covenant or agreement contained in Sections 5.01(a), 5.01(h) or 6.02(b), or (y) any Transaction Party shall fail to make when due any payment or deposit to be made by it under this Agreement or any other Transaction Document; or

(b) Any representation or warranty made or deemed made by any Transaction Party (or any of their respective officers) under or in connection with this Agreement or any other Transaction Document or any certificate, report or other statement delivered by any Transaction Party pursuant to this Agreement or any other Transaction Document shall prove to have been incorrect or untrue in any material respect when made or deemed made or delivered (unless such representation or warranty relates solely to one or more specific Transferred Receivables and the Seller makes a deemed Collection payment or repurchases such Receivable no later than the Business Day following the discovery of such breach of representation); or

(c) Any Transaction Party shall fail to perform or observe any term, covenant or agreement contained in any other Transaction Document on its part to be performed or observed (other than as referred to in subsection (a)(ii)(y) above) and such failure shall remain unremedied for five (5) Business Days after the earlier of (x) the first date on which such

Transaction Party receives written notice thereof from the Purchaser, the Administrative Agent or any Managing Agent or (y) the first date such Transaction Party has actual knowledge thereof; or

(d) (i) Any Transaction Party shall default beyond any applicable period of grace in any payment of principal or interest on any indebtedness for any borrowed money for which such Transaction Party is liable in a principal amount then outstanding of \$50,000,000 (or in the case of the Purchaser, \$10,000) or more or (ii) any other event of default (other than a failure to pay principal or interest) shall occur under any mortgage, indenture, agreement or instrument under which there may be issued, or by which there may be secured or evidenced, any indebtedness for any borrowed money for which any Transaction Party is liable in a principal amount then outstanding of \$50,000,000 (or in the case of the Purchaser, \$10,000) and either (A) the occurrence of such event shall result in such indebtedness becoming or being declared due and payable prior to the date on which it could otherwise become due and payable or (B) the occurrence of such event shall permit the holders of such indebtedness to declare such indebtedness to be due and payable prior to the date on which it would otherwise become due and payable; or

(e) Any Purchase or contribution of Receivables hereunder, the Related Security and the Collections with respect thereto shall for any reason cease to vest in the Purchaser valid and perfected ownership of such Receivables, Related Security and Collections free and clear of any Adverse Claim (other than Permitted Liens or any Adverse Claim arising solely as the result of any action taken by the Purchaser) or the security interest created pursuant to Section 2.07 shall for any reason cease to be a valid and perfected first priority security interest in the collateral referred to in that Section; or

(f) Any Transaction Party shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against any Transaction Party seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), either such proceeding shall remain undismissed or unstayed for a period of forty-five (45) days, or any of the actions sought in such proceeding (including, without limitation, the entry of an order for relief against, or the appointment of a receiver, trustee, custodian or other similar official for, it or for any substantial part of its property) shall occur; or any Transaction Party shall take any corporate action to authorize any of the actions set forth above in this subsection (f); or

(g) There shall have occurred or shall exist any event or condition which has had or will have a Material Adverse Effect; or

(h) The Seller shall cease to own, directly or indirectly, all of the outstanding capital stock of the Purchaser, free and clear of any Adverse Claim (other than Permitted Liens); or

(i) The Internal Revenue Service shall file notice of a lien pursuant to Section 6323 of the IRC with regard to any of the assets of the Seller and such lien shall not have been released within five (5) Business Days, or the Pension Benefit Guaranty Corporation shall, or shall indicate its intention to, file notice of a lien pursuant to Section 4068 of ERISA with regard to any of the assets of the Seller or any Subsidiaries of the Seller; or

(j) One or more judgments, orders or decrees shall be entered against any Transaction Party involving in the aggregate a liability (not satisfied or fully covered by insurance) of \$50,000,000 (or in the case of the Purchaser, \$10,000) or more and either (i) all such judgments, orders or decrees shall not have been vacated, dismissed, discharged or otherwise satisfied, bonded or stayed within thirty (30) days from the entry thereof or (ii) with respect to any such judgments, orders or decrees for which enforcement has been stayed, there shall be any period of thirty (30) consecutive days during which a stay of enforcement of all such judgments, orders or decrees, by reason of a pending appeal or otherwise, shall not be in effect; or

(k) NiSource's Debt Rating shall be (i) withdrawn by either S&P or Moody's or (ii) below either (x) BB- by S&P or (y) Ba3 by Moody's;

then, and in any such event, the Purchaser may, by notice to the Seller, declare the Termination Date to have occurred (in which case the Termination Date shall be deemed to have occurred); provided that, automatically upon the occurrence of any event (without any requirement for the giving of notice) described in subsection (f) of this Section 7.01, the Termination Date shall occur, the Seller (if it is then serving as the Servicer) shall cease to be the Servicer, and the Administrative Agent or its designee shall become the Servicer. Upon any such declaration or designation or upon such automatic termination, the Purchaser shall have, in addition to the rights and remedies under this Agreement, all other rights and remedies with respect to the Receivables provided after default under the UCC and under other applicable law, which rights and remedies shall be cumulative.

## ARTICLE VIII. INDEMNIFICATION

SECTION 8.01. Indemnities by the Seller. Without limiting any other rights that the Purchaser and its assigns (including without limitation, the Administrative Agent, the Managing Agents, each "Purchaser" under the Purchase Agreement, each Affected Person and their respective Affiliates, officers, directors, agents and employees) (each, an "Indemnified Party") may have hereunder or under applicable law, the Seller hereby agrees to indemnify each Indemnified Party from and against any and all claims, losses and liabilities (including reasonable attorneys' fees) (all of the foregoing being collectively referred to as "Indemnified Amounts") arising out of or resulting from this Agreement or any other Transaction Document or the acquisition by the Purchaser of any Receivable excluding, however, Indemnified Amounts to the extent the same includes losses in respect of Receivables that are uncollectible on account of the insolvency, bankruptcy or lack of creditworthiness of the related Obligor. Without limiting the generality of the foregoing indemnification, the Seller shall indemnify each Indemnified Party for all Indemnified Amounts resulting from any of the following:

(i) the failure of any Transferred Receivable included as an Eligible Receivable in the calculation of the Net Receivables Pool Balance on any Monthly Report, Daily Report or other report delivered by any Transaction Party to any Indemnified Party to satisfy the requirements of eligibility contained in the definition of "Eligible Receivable" as of the date of the information reported in such Monthly Report, Daily Report or other report;

(ii) any representation or warranty or statement made or deemed made by any Transaction Party (or any of their respective officers) under or in connection with this Agreement or any of the other Transaction Documents which shall have been incorrect in any respect when made;

(iii) the failure by any Transaction Party to comply with any applicable law, rule or regulation with respect to any Receivable or the related Contract; or the failure of any Receivable or the related Contract to conform to any such applicable law, rule or regulation;

(iv) the failure to vest in the Purchaser (a) absolute ownership of each Transferred Receivable and the Related Security and Collections in respect thereof, and (b) a first priority perfected security interest in all of the property described in Section 2.07, in each case free and clear of any Adverse Claim (other than any Adverse Claim arising solely as the result of any action taken by the Purchaser);

(v) the failure to have filed, or any delay in filing, financing statements or other similar instruments or documents under the UCC of any applicable jurisdiction or other applicable laws with respect to any Receivables and the Related Security and Collections in respect thereof, whether at the time of any Purchase or contribution or at any subsequent time;

(vi) any dispute, claim or defense (other than discharge in bankruptcy) of an Obligor to the payment of any Receivable (including, without limitation, a defense based on such Receivable or the related Contract not being a legal, valid and binding obligation of such Obligor enforceable against it in accordance with its terms), or any other claim resulting from the sale of the merchandise, goods or services related to such Receivable or the furnishing or failure to furnish such merchandise, goods or services or relating to collection activities with respect to such Receivable;

(vii) any failure of any Transaction Party to perform its duties or obligations in accordance with the provisions hereof and each other Transaction Document or to perform its duties or obligations under the Contracts or to timely and fully comply in all respects with the Seller's Credit and Collection Policy in regard to each Receivable and the related Contract;

(viii) any products liability, environmental or other claim arising out of or in connection with merchandise, goods or services which are the subject of any Contract issued by the Seller or any Contract related thereto;

(ix) the commingling of Collections of Transferred Receivables at any time with other funds;

(x) any investigation, litigation or proceeding (actual or threatened) related to this Agreement or any other Transaction Document or the use of proceeds of purchases or the ownership of Transferred Receivables or in respect of any Receivable or Related Security or Contract;

(xi) any failure of any Transaction Party to comply with its covenants contained in this Agreement or any other Transaction Document;

(xii) any setoff with respect to any Receivable;

(xiii) any claim brought by any Person other than an Indemnified Party arising from any activity by the Seller or any Affiliate of the Seller in servicing, administering or collecting any Receivable; or

(xiv) the failure by any Transaction Party to pay when due any taxes, including, without limitation, sales, excise or personal property taxes.

Notwithstanding anything to the contrary in this Agreement, solely for purposes of the Seller's indemnification obligations in this Article VIII, any representation, warranty or covenant qualified by the occurrence or non-occurrence of a Material Adverse Effect or similar concepts of materiality shall be deemed to be not so qualified.

#### ARTICLE IX. MISCELLANEOUS

SECTION 9.01. Amendments, Etc. No amendment or waiver of any provision of this Agreement or consent to any departure by the Seller therefrom shall be effective unless in a writing signed by the Purchaser and (so long as the Purchase Agreement is in effect) the Administrative Agent and the Required Managing Agents (and, in the case of any amendment, also signed by the Seller), and then such amendment, waiver or consent shall be effective only in the specific instance and for the specific purpose for which given. No failure on the part of the Purchaser to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right hereunder preclude any other or further exercise thereof or the exercise of any other right.

SECTION 9.02. Notices, Etc. All notices and other communications hereunder shall, unless otherwise stated herein, be in writing (which shall include facsimile communication) and be faxed or delivered, to each party hereto, at its address set forth under its name on the signature pages hereof or at such other address as shall be designated by such party in a written notice to the other parties hereto. Notices and communications by facsimile shall be effective when sent (and shall be followed by hard copy sent by regular mail), and notices and communications sent by other means shall be effective when received.

SECTION 9.03. Binding Effect; Assignability; Survival of Termination. (a) *This Agreement shall be binding upon and inure to the benefit of the Seller, the Purchaser and their respective successors and assigns (including any trustee in bankruptcy); provided, however,*

that the Seller may not assign its rights or obligations hereunder or any interest herein without the prior written consent of the Purchaser. The Purchaser may assign all or any part of its rights and obligations hereunder without the consent of the Seller. In connection with any sale or assignment by the Purchaser of all or a portion of the Transferred Receivables, the buyer or assignee, as the case may be, shall, to the extent of its purchase or assignment, have all rights of the Purchaser under this Agreement (as if such buyer or assignee, as the case may be, were the Purchaser hereunder) subject to the terms of the agreement between the Purchaser and such buyer or assignee, as the case may be.

(b) This Agreement shall create and constitute the continuing obligations of the parties hereto in accordance with its terms, and shall remain in full force and effect until such time, after the Termination Date, when all of the Transferred Receivables are either collected in full or become Defaulted Receivables; provided, however, that rights and remedies with respect to any breach of any representation and warranty made by the Seller pursuant to Article IV (including, without limitation, those representations and warranties set forth on Annex A) and the provisions of Article VIII and Sections 9.04, 9.05 and 9.06 shall be continuing and shall survive any termination of this Agreement.

SECTION 9.04. Costs, Expenses and Taxes. (a) In addition to the rights of indemnification granted to the Purchaser pursuant to Article VIII hereof, the Seller agrees to pay on demand all reasonable costs and expenses in connection with the preparation, execution and delivery of this Agreement and the other documents and agreements to be delivered hereunder, including, without limitation, the reasonable fees and out-of-pocket expenses of counsel for the Purchaser with respect thereto and with respect to advising the Purchaser as to its rights and remedies under this Agreement, and the Seller agrees to pay all costs and expenses, if any (including reasonable counsel fees and expenses), in connection with the enforcement of this Agreement and the other documents to be delivered hereunder.

(b) In addition, the Seller agrees to pay any and all stamp and other taxes and fees payable in connection with the execution, delivery, filing and recording of this Agreement or the other documents or agreements to be delivered hereunder, and the Seller agrees to save each Indemnified Party harmless from and against any liabilities with respect to or resulting from any delay in paying or omission to pay such taxes and fees.

SECTION 9.05. No Proceedings. (a) The Seller hereby agrees that it will not institute against the Purchaser any proceeding of the type referred to in Section 7.01(f) so long as there shall not have elapsed one year plus one day since the later of (i) the Termination Date and (ii) the date on which all of the Transferred Receivables are either collected in full or are written off in accordance with the applicable Credit and Collection Policy.

(b) The Seller and the Purchaser each hereby agrees that it will not institute against any Conduit Purchaser (under and as defined in the Purchase Agreement) any proceeding of the type referred to in Section 7.01(f) so long as there shall not have elapsed one year plus one day since the payment in full of all outstanding senior Debt of such Conduit Purchaser.

SECTION 9.06. Confidentiality. Each party hereto agrees to maintain the confidentiality of this Agreement in communications with third parties and otherwise; provided

that this Agreement may be disclosed to (i) any Person party to the Purchase Agreement, (ii) such party's legal counsel and auditors and the Purchaser's assignees, if they agree in each case to hold it confidential and (iii) to the extent required by applicable law or regulation or by any court, regulatory body or agency having jurisdiction over such party.

**SECTION 9.07. GOVERNING LAW. THIS AGREEMENT SHALL, IN ACCORDANCE WITH SECTION 5-1401 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK, BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO ANY CONFLICT OF LAWS PRINCIPLES THEREOF THAT WOULD CALL FOR THE APPLICATION OF THE LAWS OF ANY OTHER JURISDICTION, EXCEPT TO THE EXTENT THAT, PURSUANT TO THE UCC OF THE STATE OF NEW YORK, THE PERFECTION AND THE EFFECT OF PERFECTION OR NON-PERFECTION OF THE PURCHASER'S OWNERSHIP OF OR SECURITY INTEREST IN THE RECEIVABLES OR OTHER ASSETS ARE GOVERNED BY THE LAWS OF A JURISDICTION OTHER THAN THE STATE OF NEW YORK.**

**SECTION 9.08. Third Party Beneficiary.** Each of the parties hereto hereby acknowledges that the Purchaser may assign all or any portion of its rights under this Agreement and that such assignees may (except as otherwise agreed to by such assignees) further assign their rights under this Agreement, and the Seller hereby consents to any such assignments. All such assignees, including parties to the Purchase Agreement in the case of assignment to such parties, shall be third party beneficiaries of, and shall be entitled to enforce the Purchaser's rights and remedies under, this Agreement to the same extent as if they were parties thereto, subject to the terms of their agreement with the Purchaser.

**SECTION 9.09. Subordination.** (a) The Seller agrees that any indebtedness, obligation or claim it may from time to time hold or otherwise have (including, without limitation, any obligation or claim in respect of the Deferred Purchase Price) against the Purchaser or any assets or properties of the Purchaser, whether arising hereunder or otherwise existing, shall be subordinate in right of payment to the prior payment in full of all Senior Obligations; provided, however, that so long as no "Event of Termination" (as defined in the Purchase Agreement) has occurred and is continuing, Seller may accept payments of any such obligations. In addition, the Seller acknowledges the subordination provisions set forth in the promissory note evidencing the Deferred Purchase Price (the "Deferred Purchase Price Note"), the form of which is attached hereto as Exhibit B, and agrees to be bound thereby. The subordination provisions contained herein and in such promissory note are for the direct benefit of, and may be enforced by, each of the Persons to whom Senior Obligations are owed.

(b) Except as otherwise provided herein, the obligations and liabilities of the Seller under this Agreement and the other Transaction Documents (collectively, the "Seller Obligations") shall not be subject to deduction of any kind or type, except by payment in full of the amount thereof in accordance with the terms thereof. The Seller hereby waives any right it may now or at any time hereafter have to set-off against any Seller Obligation any obligation or liability from time to time owing by the Purchaser to the Seller except as expressly set forth herein.

SECTION 9.10. Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one and the same agreement.

SECTION 9.11. Integration. This Agreement and the other Transaction Documents executed by the parties hereto on the date hereof contain the final and complete integration of all prior expressions by the parties hereto with respect to the subject matter hereof and shall constitute the entire agreement among the parties hereto with respect to the subject matter hereof superseding all prior oral or written understandings. Any provisions of this Agreement which are prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 9.12. Consent to Jurisdiction. (a) Each party hereto hereby irrevocably submits to the non-exclusive jurisdiction of any New York State or Federal court sitting in New York City in any action or proceeding arising out of or relating to this Agreement, and each party hereto hereby irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined in such New York State court or, to the extent permitted by law, in such Federal court. The parties hereto hereby irrevocably waive, to the fullest extent they may effectively do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(b) Each of the Seller and the Purchaser consents to the service of any and all process in any such action or proceeding by the mailing of copies of such process to it at its address specified in Section 9.02. Nothing in this Section 9.12 shall affect the right of any other Transaction Party to serve legal process in any manner permitted by law.

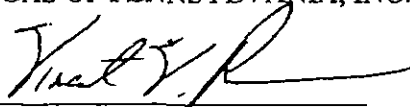

SECTION 9.13. WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY WAIVES, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, TRIAL BY JURY IN ANY JUDICIAL PROCEEDING INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF, RELATED TO , OR CONNECTED WITH THIS AGREEMENT OR ANY OTHER TRANSACTION DOCUMENT.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their respective officers thereunto duly authorized, as of the date first above written.

FORM OF DEFERRED PURCHASE PRICE NOTE

New York, New York  
March 15, 2010

FOR VALUE RECEIVED, COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation (the "Purchaser"), hereby promises to pay to Columbia Gas of Pennsylvania, Inc. (the "Seller") the principal amount of this Note, determined as described below, together with interest thereon at a rate per annum of 2.85% (or such other rate as Seller and Purchaser may from time to time agree to in writing), in each case in lawful money of the United States of America. Capitalized terms used herein but not defined herein shall have the meanings assigned to such terms in the Receivables Sale Agreement dated as of March 15, 2010 between the Seller and the Purchaser (such agreement, as it may from time to time be amended, restated or otherwise modified in accordance with its terms, the "Sale Agreement"). This Note is the note referred to in the definition of "Deferred Purchase Price" in the Sale Agreement.

The aggregate principal amount of this Note at any time shall be equal to the difference between (a) the sum of the aggregate principal amount of this Note on the date of the issuance hereof and each addition to the principal amount of this Note pursuant to the terms of Section 2.02 of the Sale Agreement minus (b) the aggregate amount of all payments made in respect of the principal amount of this Note, in each case, as recorded on the schedule annexed to and constituting a part of this Note, but failure to so record shall not affect the obligations of the Purchaser to the Seller.

The entire principal amount of this Note shall be due and payable one year and one day after the Termination Date or such later date as may be agreed in writing by the Seller and the Purchaser. The principal amount of this Note may, at the option of the Purchaser, be prepaid in whole at any time or in part from time to time. Interest on this Note shall be paid in arrears on each Settlement Date, at maturity and thereafter on demand. All payments hereunder shall be made by wire transfer of immediately available funds to such account of the Seller as the Seller may designate in writing.

Notwithstanding any other provisions contained in this Note, in no event shall the rate of interest payable by the Purchaser under this Note exceed the highest rate of interest permissible under applicable law.

The obligations of the Purchaser under this Deferred Purchase Price Note are subordinated in right of payment, to the prior payment in full of all Senior Obligations.

Notwithstanding any provision to the contrary in this Deferred Purchase Price Note or elsewhere, other than with respect to payments specifically permitted by Section 2.03(c) of the Sale Agreement, no demand for any payment may be made hereunder, no payment shall be due with respect hereto and the Seller shall have no claim for any payment hereunder prior to

the occurrence of the Termination Date and then only on the date, if ever, when all Senior Obligations shall have been paid in full.

In the event that, notwithstanding the foregoing provision limiting such payment, the Seller shall receive any payment or distribution on this Deferred Purchase Price Note which is not specifically permitted by Section 2.03(c) of the Sale Agreement, such payment shall be received and held in trust by the Seller for the benefit of the entities to whom the Senior Obligations are owed under the Purchase Agreement and shall be promptly paid over to such entities.

The Purchaser hereby waives diligence, presentment, demand, protest and notice of any kind whatsoever.

Neither this Note, nor any right of the Seller to receive payments hereunder, shall, without the prior written consent of the Purchaser and (so long as the Purchase Agreement remains in effect or any amounts remain outstanding thereunder) the Agent under the Purchase Agreement, be assigned, transferred, exchanged, pledged, hypothecated, participated or otherwise conveyed.

THIS NOTE SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

## ANNEX A

### Additional Representations and Warranties of the Seller

1. This Agreement creates a valid and continuing security interest (as defined in the applicable UCC) in the Receivables, the Related Security and Collections with respect thereto and the Blocked Accounts and Lock-Boxes in favor of the Purchaser (and its assigns), which security interest is prior to all other Adverse Claims other than Permitted Liens, and is enforceable as such against the creditors of and purchasers from the Seller.
2. The Receivables constitute "accounts" within the meaning of the applicable UCC.
3. The Seller owns and has good title to the Receivables, the Related Security and Collections with respect thereto and the Blocked Accounts and Lock-Boxes, free and clear of any Adverse Claim, claim or encumbrance of any Person other than Permitted Liens.
4. The Seller has caused or will have caused, within ten (10) days, the filing of all appropriate financing statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Receivables, the Related Security and Collections with respect thereto (except with respect to Choice Marketer Receivables which are not Eligible Receivables, solely with respect to filings perfecting the transfer of such Receivables from the related Choice Marketer to the Seller) and the Blocked Accounts and Lock-Boxes granted to the Purchaser (and its assigns), hereunder.
5. Other than the security interest granted to the Purchaser (and its assigns) pursuant to this Agreement, the Seller has not pledged, assigned, sold, granted a security interest in, or otherwise conveyed any of the Receivables, the Related Security and Collections with respect thereto or the Blocked Accounts and Lock-Boxes. The Seller has not authorized the filing of and is not aware of any financing statements against the Seller that include a description of collateral covering the Receivables, the Related Security and Collections with respect thereto or the Blocked Accounts and Lock-Boxes other than any financing statement relating to the security interest granted to the Purchaser (and its assigns) hereunder or that has been terminated. The Seller is not aware of any judgment or tax lien filings against the Seller.

## RECEIVABLES PURCHASE AGREEMENT

Dated as of March 15, 2010

THIS RECEIVABLES PURCHASE AGREEMENT (this "Agreement") is entered into as of March 15, 2010 by and among COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, THE ENTITIES FROM TIME TO TIME PARTY HERETO AS CONDUIT PURCHASERS, THE ENTITIES FROM TIME TO TIME PARTY HERETO AS BANK PURCHASERS, THE ENTITIES FROM TIME TO TIME PARTY HERETO AS MANAGING AGENTS (each a "Managing Agent" and collectively, the "Managing Agents"), THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH ("BTMU"), as Administrative Agent, and COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer.

### PRELIMINARY STATEMENTS

The Seller has acquired, and may continue to acquire, Receivables from the Originator, either by purchase or by contribution to the capital of the Seller. The Seller is prepared to sell undivided fractional ownership interests (referred to herein as "Receivable Interests") in the Receivables.

Each Conduit Purchaser may, in its sole discretion, purchase such Receivable Interests, and each Bank Purchaser has agreed to purchase such Receivable Interests, in each case on the terms and conditions set forth herein.

Each Managing Agent has been requested and is willing to act as Managing Agent on behalf of the Conduit Purchasers and the Bank Purchasers in its Purchaser Group in accordance with the terms hereof.

Accordingly, the parties agree as follows:

### ARTICLE I

#### DEFINITIONS

SECTION 1.01 Certain Defined Terms. As used in this Agreement, the following terms shall have the following meanings (such meanings to be equally applicable to both the singular and plural forms of the terms defined):

"Accounting Based Consolidation Event" means the consolidation, for financial and/or regulatory accounting purposes, of all or any portion of the assets and liabilities of any Conduit Purchaser that are the subject of this Agreement or any other Transaction Document with all or any portion of the assets and liabilities of the Bank Purchaser or Managing Agent of such Conduit Lender's Purchaser Group or the Administrative Agent or any of their affiliates as the result of the existence of, or occurrence of any change in, accounting standards or the issuance of any pronouncement, interpretation or release (including, without limitation, the Financial Accounting Standards Board Interpretation No. 46(R) and Financial Accounting Standard No. 160), by any accounting body or any other body charged with the promulgation or

administration of accounting standards, including, without limitation, the Financial Accounting Standards Board, the International Accounting Standards Board, the American Institute of Certified Public Accountants, the Federal Reserve Board of Governors and the Securities and Exchange Commission, and shall occur as of the date that such consolidation (i) shall have occurred with respect to the financial statements of such Managing Agent, such Bank Purchaser or the Administrative Agent or any of their affiliates, as applicable, or (ii) shall have been required to have occurred, regardless of whether such financial statements were prepared as of such date.

“Adjusted Eurodollar Rate” means, with respect to any Eurodollar Tranche for any Settlement Period, an interest rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to (a) the Eurodollar Rate for such Settlement Period multiplied by (b) a fraction equal to one divided by one minus the Eurodollar Rate Reserve Percentage.

“Administrative Agent” means The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, in its capacity as contractual representative for the Conduit Purchasers and the Bank Purchasers hereunder, and any successor thereto in such capacity appointed pursuant to Article VIII.

“Adverse Claim” means a lien, security interest or other charge or encumbrance, or other right or claim in, of or on any asset or property of a Person in favor of another Person.

“Affected Person” has the meaning specified in Section 2.08.

“Affiliate” means, for any Person, any other Person which (i) is a Subsidiary of such Person or (ii) directly or indirectly, is in control of, is controlled by, or is under common control with such Person. For purposes of this definition, “control” means the power, directly or indirectly, to cause the direction of the management and policies of a Person, whether through ownership of voting securities, by contract or otherwise.

“Aggregate Capital” means, on any date of determination, the aggregate amount of Capital of all Receivable Interests outstanding on such date.

“Applicable Margin” means, on any date, a percentage rate per annum equal to 2.50%.

“Assignee Rate” means, for any Settlement Period for any Receivable Interest, an interest rate per annum equal to the sum of the Applicable Margin plus the Adjusted Eurodollar Rate for such Settlement Period; provided, however, that in case of:

(i) any Settlement Period on or prior to the first day of which any Managing Agent shall have notified the Administrative Agent that the introduction of or any change in, or in the interpretation of, any law or regulation makes it unlawful, or any central bank or other governmental authority asserts that it is unlawful, for any Purchaser in such Managing Agent’s Purchaser Group to fund such Receivable Interest at the Assignee Rate set forth above (and such Managing Agent shall not have subsequently notified the Administrative Agent that such circumstances no longer exist);

- (ii) any Settlement Period of less than one month;
- (iii) if a Eurodollar Unavailability Condition shall exist or if notice is insufficient for funding at the Adjusted Eurodollar Rate;
- (iv) for the first three (3) Business Days of any Settlement Period as to which the Administrative Agent receives notice from any Managing Agent, after 12:00 noon (New York City time) on the third (3<sup>rd</sup>) Business Day preceding the first day of a Settlement Period, that the related Receivable Interest will not be funded by the issuance of commercial paper by any Conduit Lender in such Managing Agent's Purchaser Group;
- (iv) any Settlement Period for a Receivable Interest the Capital of which allocated the Purchasers is less than \$500,000; or
- (v) any Settlement Period for which the Seller chooses the Base Rate as the Assignee Rate by written notice to the Administrative Agent;

the Assignee Rate for such Settlement Period for the affected Purchasers shall be an interest rate per annum equal to the Base Rate in effect from time to time during such Settlement Period; and provided, further, that if the purchase of such Receivable Interest has been funded by a Conduit Support Provider, such Receivable Interest shall be funded using the Eurodollar Rate, or, in the event a Eurodollar Unavailability Condition has occurred and is continuing, the Base Rate, in each case for such Conduit Support Provider set forth in the applicable Liquidity Asset Purchase Agreement; and provided further, that at all times following the occurrence and during the continuation of an Event of Termination, the Assignee Rate shall be an interest rate per annum equal to the Base Rate in effect from time to time plus 2.50%.

"Assignment and Acceptance" means an assignment and acceptance agreement entered into by a Managing Agent, a Bank Purchaser, an Eligible Assignee and the Administrative Agent, pursuant to which such Eligible Assignee may become a party to this Agreement, in substantially the form of Annex A hereto.

"Balanced Payment Plan" means a balanced or levelized payment plan of the Originator made available to an Obligor.

"Bank Purchaser" means, as to any Purchaser Group, each of the Persons listed on Schedule I hereto as a "Bank Purchaser" for such Purchaser Group, or in any Assignment and Acceptance or Joinder Agreement as a "Bank Purchaser" for the applicable Purchaser Group, together with its respective successors and permitted assigns.

"Base Rate" means, for any day, a rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to the greatest of (a) the Prime Rate in effect on such day, (b) the Federal Funds Effective Rate in effect on such day plus 0.50% and (c) the Adjusted Eurodollar Rate for a one-month Settlement Period on such day (or if such day is not a Business Day, the immediately preceding Business Day) plus 2.50%; provided that, for the avoidance of doubt, the Adjusted Eurodollar Rate for any day shall be based on the rate appearing on the Reuters Screen LIBOR01 Page (or comparable replacement page) at approximately 11:00 a.m. London time on

such day. For purposes hereof, "Prime Rate" means the rate of interest per annum publicly announced from time to time by the Administrative Agent as its prime rate in effect at its principal office in New York City; each change in the Prime Rate shall be effective on the date such change is publicly announced as effective; and "Federal Funds Effective Rate" means, for any day, the weighted average (rounded upwards, if necessary, to the next 1/16 of 1%) of the rates on overnight Federal funds transactions with members of the Federal Reserve System arranged by Federal funds brokers, as published on the next succeeding Business Day by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average (rounded upwards, if necessary, to the next 1/16 of 1%) of the quotations for such day for such transactions received by the Administrative Agent from three Federal funds brokers of recognized standing selected by it. If for any reason the Administrative Agent shall have determined (which determination shall be conclusive absent manifest error) that it is unable to ascertain the Federal Funds Effective Rate for any reason, including the inability or failure of the Administrative Agent to obtain sufficient quotations in accordance with the terms thereof, the Base Rate shall be the Prime Rate until the circumstances giving rise to such inability no longer exist. Any change in the Base Rate due to a change in the Prime Rate, the Federal Funds Effective Rate or the Adjusted Eurodollar Rate shall be effective on the effective date of such change in the Prime Rate, the Federal Funds Effective Rate or the Adjusted Eurodollar Rate, respectively.

"Blocked Account" means an account maintained at a bank for the purpose of receiving Collections, with respect to which account a Blocked Account Agreement has been executed.

"Blocked Account Agreement" means an agreement, in substantially the form of Annex B (or in such other form as may be approved in writing by the Administrative Agent) duly executed by the Seller, the Originator, the Administrative Agent and a Blocked Account Bank.

"Blocked Account Bank" means any bank at which a Blocked Account is maintained.

"Broken Funding Costs" means for any Purchaser and any Receivable Interest which (i) is terminated or has its Capital reduced for any reason (x) on a Settlement Date, if the applicable Managing Agent shall have received less than three (3) Business Days' notice of such reduction or (y) on any day other than a Settlement Date, (ii) in the case of a Conduit Purchaser, assigns all or any portion of its Capital to a Conduit Support Provider prior to the Termination Date or, (iii) in the case of a Match Funded Conduit Purchaser, is terminated or has its Capital reduced for any reason prior to the date on which the related CP Tranche Period or Eurodollar Tranche Period, as applicable, was originally scheduled to end, an amount equal to the excess, if any, of (A) the Yield that would have accrued during the remainder of the Settlement Period (or, in the case of clause (iii) above, the CP Tranche Period or Eurodollar Tranche Period, as applicable) during which such reduction, assignment or termination occurs for commercial paper determined by the applicable Managing Agent to relate to such Capital, over (B) the sum of (x) to the extent all or a portion of such Capital is allocated to another Receivable Interest, the amount of Yield actually accrued during the remainder of such period on such Capital for the new Receivable Interest, and (y) to the extent such Capital is not allocated to another Receivable

Interest, the income, if any, actually received during the remainder of such period by such Purchaser from investing the portion of such Capital not so allocated. In the event that the amount referred to in clause (B) exceeds the amount referred to in clause (A), the relevant Purchaser or Purchasers agree to pay to the Seller the amount of such excess. For any Purchaser and any Receivable Interest which fails to become subject to a reduction on the day specified in any notice of reduction delivered by the Seller or Servicer, "Broken Funding Costs" means all increased losses, costs and expenses incurred by such Purchaser as a result of such failure. All Broken Funding Costs shall be due and payable hereunder upon presentation of a certificate of the applicable Purchaser to the Seller setting forth a calculation of such Broken Funding Costs in reasonable detail. Any such certificate shall be conclusive evidence of the amount of any such Broken Funding Costs, absent manifest error.

"BTMU" has the meaning specified in the preamble hereto.

"Business Day" means any day on which (i) banks are not authorized or required to close in New York City, New York and (ii) if this definition of "Business Day" is utilized in connection with the Eurodollar Rate, dealings are carried out in the London interbank market.

"Capital" means, with respect to any Receivable Interest, the original amount paid to the Seller for such Receivable Interest at the time of its purchase by a Purchaser pursuant to this Agreement, as such amount may be divided or combined in accordance with Section 2.07, in each case as reduced from time to time by Collections received by such Purchaser from distributions made pursuant to Section 2.04 on account of such Capital held by such Purchaser; provided that if such Capital shall have been reduced by any distribution and thereafter all or a portion of such distribution is rescinded or must otherwise be returned for any reason, such Capital shall be increased by the amount of such rescinded or returned distribution, as though it had not been received by such Purchaser.

"Choice Marketer" means a Person registered and in good standing as a marketer under the Originator's "Choice Service" program with the Pennsylvania Public Utility Commission under the laws of the State of Pennsylvania.

"Choice Marketer Purchase Agreement" means an accounts receivable purchase agreement between the Originator and a Choice Marketer in substantially the form of Annex I-1 (or such other form of agreement reasonably satisfactory to the Administrative Agent).

"Choice Marketer Receivable" means a Receivable for gas commodity which was purchased by the Originator from a Choice Marketer.

"Choice Marketer Security Agreement" means an acknowledgement and security agreement between the Originator and a Choice Marketer in substantially the form of Annex I-2 (or such other form of agreement reasonably satisfactory to the Administrative Agent).

"Collections" means, with respect to any Receivable, all cash collections and other cash proceeds of such Receivable, including, without limitation, all cash proceeds of Related Security with respect to such Receivable, and any collection of such Receivable deemed to have been received pursuant to Section 2.04(d), but excluding amounts received from any

Obligor under a Balanced Payment Plan to the extent constituting a prepayment for goods or services not yet provided to such Obligor.

“Columbia Gas of Pennsylvania” means Columbia Gas of Pennsylvania, Inc., a Pennsylvania corporation.

“Commitment” means, for each Bank Purchaser, the commitment of such Bank Purchaser to purchase Receivable Interests from Seller, in an amount not to exceed in the aggregate the amount set forth opposite such Bank Purchaser’s name under the Commitment column on Schedule I to this Agreement or for any Bank Purchaser party hereto pursuant to a Joinder Agreement or Assignment and Acceptance, the amount set forth therein as such Bank Purchaser’s Commitment, in each case, as such amount may be reduced (or terminated) pursuant to the terms of this Agreement. Any reduction (or termination) of the Program Limit pursuant to the terms of this Agreement below the amount of the aggregate Commitment of all Bank Purchasers shall reduce (or terminate) each Bank Purchaser’s Commitment ratably in accordance with their respective Commitments.

“Commitment Fee” has the meaning set forth in the Fee Letter.

“Concentration Limit” means, for any Obligor on any date, either (i) the highest Concentration Percentage set forth below based on the Short-Term Debt Ratings of such Obligor on such date; provided, that no Concentration Percentage may exceed 10.0% without the prior written consent of the Managing Agents and the Administrative Agent or (ii) such higher percentage (a “Special Concentration Percentage”), if any, as is otherwise agreed to by the Seller, the Managing Agents and the Administrative Agent and designated by the Administrative Agent in a writing delivered to the Seller, in each case multiplied by the aggregate Outstanding Balance of all Eligible Receivables on such date; provided, that in the case of an Obligor and its Affiliates, the Concentration Limit shall be calculated as if such Obligor and such Affiliates were a single Obligor; provided, further, that each applicable Managing Agent shall have received written confirmation from each of S&P and Moody’s that the ratings of the commercial paper notes issued by any Conduit Purchaser in its Purchaser Group would not, as a result of any Special Concentration Percentage, be reduced or withdrawn; and provided further, that any Managing Agent may reduce or cancel any Special Concentration Percentage with respect to any Obligor upon three (3) Business Days’ notice to the Seller.

<u>Short-Term Debt Ratings</u>	<u>Concentration Percentage</u>
At least A-1+ by S&P <u>and</u> at least P-1 by Moody’s	15.0%
At least A-1 by S&P <u>and</u> at least P-1 by Moody’s	10.0%
At least A-2 by S&P <u>and</u> at least P-2 by Moody’s	5.0%
At least A-3 by S&P <u>and</u> at least P-3 by Moody’s	3.0%

Any other Short-Term Debt Rating or Unrated by either S&P or Moody's	2.0%
--	------

“Conduit Purchaser” means, as to any Purchaser Group, each of the Persons listed on Schedule I hereto as a “Conduit Purchaser” for such Purchaser Group, or in any Assignment and Acceptance or Joinder Agreement as a “Conduit Purchaser” for the applicable Purchaser Group, together with its respective successors and permitted assigns.

“Conduit Support Provider” means, any Person now or hereafter extending credit, or having a commitment to extend credit to or for the account of, or to make purchases from, any Conduit Purchaser or issuing a letter of credit, surety bond or other instrument to support any obligations arising under or in connection with such Conduit Purchaser’s securitization program.

“Consolidated Subsidiary” means at any date, any Subsidiary the accounts of which are consolidated with those of NiSource in its consolidated financial statements as of such date.

“Contract” means (x) each of the tariffs and (y) each “Base Contract for Sale and Purchase of Natural Gas,” in substantially the form published by the North American Energy Standards Board, Inc., and any related confirmations, in each case, pursuant to which the Originator shall provide natural gas, natural gas power or natural gas transport services or other energy products, merchandise, goods or services to customers from time to time and pursuant to which rates payable by such Customers are set, in one of the forms set forth in Annex C.

“CP Rate” means, with respect to any Conduit Purchaser:

(i) with respect to any Match Funded Conduit Purchaser and a CP Tranche, a rate of interest equal to the per annum rate (expressed as a percentage and converted (as necessary) to an annual yield equivalent rate calculated on the basis of a 360-day year) or, if more than one rate, the weighted average thereof, paid or payable by such Match Funded Conduit Purchaser from time to time as interest on or otherwise in respect of the commercial paper issued by such Match Funded Conduit Purchaser to fund such CP Tranche during the related CP Tranche Period plus the amount of any issuing and paying agent fees and any placement agent or commercial paper agent fees and commissions; and

(ii) with respect to any Pool Funded Conduit Purchaser on any day, the per annum rate equivalent to the “weighted average cost” (as defined below) related to its commercial paper outstanding on such day that is allocated, in whole or in part, to fund or maintain its Receivable Interests on such day; converted (as necessary) to an annual yield equivalent rate calculated on the basis of a 360-day year; provided, that to the extent that all or any portion of Capital of such Pool Funded Conduit Purchaser is funded by a specific issuance of such Pool Funded Conduit Purchaser’s commercial paper, the “CP Rate” shall equal the per annum rate equivalent to the “weighted average cost” applicable to such issuance on such day. As used in this definition, “weighted average cost” shall

consist of (x) the weighted average of actual interest (or discount) paid or payable to purchasers of such Pool Funded Conduit Purchaser's commercial paper, (y) the commissions of placement agents and dealers, and issuing and paying agent fees incurred with respect to such Pool Funded Conduit Purchaser's commercial paper, to the extent such commissions and fees are allocable, in whole or in part, to the funding of such Pool Funded Conduit Purchaser's Percentage of the Receivable Interest on such day and (z) borrowings to fund small or odd dollar amounts that are not easily accommodated in the commercial paper market and that are allocable, in whole or in part, to the funding of such Pool Funded Conduit Purchaser's Percentage of the Receivable Interest on such day.

"CP Tranche" means, with respect to a Match Funded Conduit Purchaser, a Tranche for which Yield is calculated by reference to the Investor Rate based on the CP Rate.

"CP Tranche Period" means, with respect to each Match Funded Conduit Purchaser and a CP Tranche, a period selected by the Managing Agent of such Purchaser's Purchaser Group. If such CP Tranche Period would end on a day which is not a Business Day, such CP Tranche Period shall end on the next succeeding Business Day.

"Credit and Collection Policy" means those receivables credit and collection policies and practices of the Originator in effect on the date of this Agreement and described in Annex D hereto, as modified in compliance with this Agreement.

"Customer Deposits" means any cash (including accrued interest thereon, if any) held by the Originator, Seller or Servicer for the account of an Obligor as security for, or for application to, the payment of the Receivables of such Obligor.

"Daily Report" means a report in substantially the form of, and containing the information described in, Annex E-2, duly completed and furnished by the Servicer to the Administrative Agent and each Managing Agent pursuant to Section 6.02(h).

"Debt" means, as to any Person, at any date, without duplication, (i) all obligations of such Person for borrowed money, (ii) all obligations of such Person evidenced by bonds, debentures, notes or other similar instruments, (iii) all obligations of such Person to pay the deferred purchase price of property or services, (iv) all obligations of such Person as lessee under capital leases, (v) all Debt of others secured by an Adverse Claim on any asset of such Person, whether or not such Debt is assumed by such Person, (vi) all Debt of others Guaranteed by such Person and (vii) all obligations of such Person in respect of unfunded vested benefits under plans covered by Title IV of ERISA.

"Debt Rating" means, for any Person, the rating by S&P or Moody's of such Person's long-term public senior unsecured non-credit-enhanced debt; provided, however, that in the case of NiSource, if such debt of NiSource is unrated by Moody's, such Moody's rating shall mean the rating by Moody's of the long-term public senior non-credit-enhanced debt of NiSource Finance Corporation (if then rated by Moody's).

"Default Ratio" means, as of any date, a ratio (expressed as a percentage) determined as of the last day of each calendar month by dividing (i) the sum, without duplication, of (a) the aggregate Outstanding Balance of all Receivables that remained unpaid at

least 91 days, but not greater than 120 days from their respective original due dates as of the most recently ended calendar month, plus (b) the aggregate Outstanding Balance of all Receivables that were (or should have been in accordance with the Credit and Collection Policy) written off during such calendar month by (ii) the aggregate Original Balance of all Receivables generated during the fourth calendar month prior to the most recently ended calendar month.

“Defaulted Receivable” means any Receivable, without duplication, (i) as to which any payment, or part thereof, remains unpaid for 120 or more days from the original invoice date thereof, (ii) with respect to which the related Obligor is subject to any event of the type described in Section 7.01(f) or (iii) which consistent with the Credit and Collection Policy, has been written off the Seller’s books as uncollectible.

“Defaulting Purchaser” means any Bank Purchaser that has failed to fund any purchase of Receivable Interest required to be funded by it hereunder within one (1) Business Day of the date required to be funded by it hereunder and such failure remains unremedied.

“Deferred Purchase Price” has the meaning specified in the Sale Agreement.

“Deposit Date” means each day on which any Collections are deposited in any of the Blocked Accounts or on which any Transaction Party shall receive Collections of Pool Receivables.

“Designated Obligor” means, at any time, any Obligor of any Receivable, unless the Administrative Agent has provided the Seller with five (5) Business Days’ prior notice that such Obligor shall not be considered a Designated Obligor.

“Diluted Receivable” means that portion of any Receivable which is either (a) reduced or canceled as a result of (i) any failure by any Transaction Party to provide any services or otherwise to perform under any related Contract, order or invoice, (ii) any change in the terms of, or cancellation of, a Contract or invoice or any cash discount, discount for quick payment or other adjustment by any Transaction Party which reduces the amount payable by the Obligor on the related Receivable, other than solely as a result of the insolvency, bankruptcy or lack of creditworthiness of the related Obligor, or (iii) any set-off by an Obligor in respect of any claim by such Obligor (whether such claim arises out of the same or a related transaction or an unrelated transaction), (b) subject to any specific offset, counterclaim or defense whatsoever (except the discharge in bankruptcy of the Obligor thereof) or (c) not collected due to the failure of any Sub-Agent to remit to the applicable Lock-Box or Blocked Account any Collections in respect of such Receivable.

“Dilution Horizon Ratio” means, as of any date a ratio (expressed as a percentage), computed as of the last day of each calendar month by dividing (i) the sum of the aggregate Original Balance of all Receivables generated during the two (2) most recently ended calendar months by (ii) the Net Receivables Pool Balance as of the last day of the most recently ended calendar month.

“Dilution Ratio” means the ratio (expressed as a percentage) computed as of the last day of each calendar month by dividing (i) (x) the aggregate Outstanding Balance of all Pool Receivables that became Diluted Receivables during such month less (y) the amount of the Over-

Collection Refunds issued in such calendar month, if any, by (ii) the aggregate Original Balance of all Pool Receivables generated during the second (2<sup>nd</sup>) calendar month immediately preceding such calendar month.

“Dilution Reserve Percentage” means, at any time, the product of (a) the sum of (x) the product of (i) the Stress Factor and (ii) the average of the Dilution Ratios calculated for the twelve calendar month period then most recently ended and (y) the Dilution Volatility Ratio and (b) the Dilution Horizon Ratio.

“Dilution Volatility Ratio” means, as of any date, a ratio (expressed as a percentage) equal to the product of (i) the highest of the Three-Month Dilution Ratios calculated for the twelve calendar month period then most recently ended minus the average of the Dilution Ratios calculated for the twelve calendar month period then most recently ended, and (ii) the ratio calculated by dividing the highest of the Three-Month Dilution Ratios calculated for the twelve calendar month period then most recently ended by the average of the Dilution Ratios calculated for the twelve calendar month period then most recently ended.

“Dollars” and “\$” each mean the lawful currency of the United States of America.

“Dynamic Loss Reserve Percentage” means, on any date, the product of (i) the Stress Factor, (ii) the Loss Horizon, and (iii) the highest Three-Month Default Ratio during the twelve calendar month period then most recently ended.

“Eligible Assignee” means, (i) each Managing Agent or any of its Affiliates, (ii) any Person managed by any Managing Agent or any of its Affiliates; provided that the Short-term Debt Rating from each of S&P and Moody’s for such Person is no worse than that of the applicable assignor, or (iii) any financial or other institution providing liquidity to any Conduit Purchaser pursuant to a Liquidity Asset Purchase Agreement.

“Eligible Receivable” means, at any time, a Receivable that satisfies all of the following criteria:

- (a) such Receivable arose from the sale of goods or the provision of services by the Originator or a Choice Marketer in the ordinary course of business;
- (b) such Receivable constitutes an “account” as defined in Article 9 of the UCC as in effect in the State of New York;
- (c) the Obligor of such Receivable (i) is a United States resident, (ii) is a Designated Obligor, and (iii) is not a NiSource Entity;
- (d) such Receivable is denominated and payable only in Dollars in the United States;
- (e) the sale or granting of a security interest in such Receivable does not contravene or conflict with any law, rule or regulation or require the consent or approval of, or notice to, the related Obligor or any other Person;

(f) such Receivable arises under a Contract that has been duly authorized and that, together with such Receivable, is in full force and effect and constitutes the legal, valid and binding obligation of the Obligor of such Receivable enforceable against such Obligor in accordance with its terms and is not subject to any dispute, offset, counterclaim or defense whatsoever (except the discharge in bankruptcy of such Obligor);

(g) such Receivable, together with the Contract related thereto, does not contravene in any material respect any laws, rules or regulations applicable thereto (including, without limitation, laws, rules and regulations relating to usury, truth in lending, fair credit billing, fair credit reporting, equal credit opportunity, fair debt collection practices and privacy) and no party to the Contract related thereto is in violation of any such law, rule or regulation in any material respect;

(h) such Receivable satisfies all applicable requirements of the Credit and Collection Policy in existence as of the origination thereof;

(i) either (i) the Contract related to the Receivable requires that the full payment of such Receivable be made within thirty (30) days of the original billing date therefor, or, (ii) if such Receivable arises under an Extended Payment Agreement, such agreement requires that the full payment of such Receivable be made within 180 days of the date of such agreement; provided, however, that the Outstanding Balance of such Receivable, when added to the aggregate Outstanding Balance of all Eligible Receivables arising under Extended Payment Agreements, may not exceed 5.0% of the aggregate Outstanding Balance of all Eligible Receivables;

(j) such Receivable is owned by the Seller free and clear of any Adverse Claim (except for Permitted Liens or as created in favor of the Administrative Agent and the Purchasers hereunder);

(k) such Receivable arises under a Contract, which (i) does not contain a provision that requires the Obligor thereunder to consent to the sale or assignment of the rights of the Seller or the Originator thereunder in the manner contemplated by the Transaction Documents and (ii) does not contain a confidentiality provision that would restrict the ability of the Administrative Agent, any Managing Agent or any Purchaser to exercise its rights under this Agreement, including, without limitation, their right to review invoices delivered pursuant to such Contract;

(l) such Receivable is not a Defaulted Receivable and the Obligor thereof is not the Obligor of Defaulted Receivables in an aggregate amount of 10.0% or more of the aggregate Outstanding Balance of all Receivables of such Obligor;

(m) such Receivable is not a Miscellaneous Receivable;

(n) the Obligor of such Receivable is not in bankruptcy, reorganization, insolvency or similar proceedings;

(o) such Receivable has not been extended, rewritten or otherwise modified from the original terms thereof except in accordance with the Credit and Collection Policy;

(p) the Originator has satisfied and fully performed all obligations on its part with respect to such Receivable required to be fulfilled by it, and no further action is required to be performed by any Person with respect thereto other than payment thereon by the applicable Obligor;

(q) such Receivable did not arise out of the sale at the wellhead or minehead of oil, gas or other minerals;

(r) if the Obligor with respect to such Receivable is a Governmental Authority, the Outstanding Balance of such Receivable, when added to the aggregate Outstanding Balance of all Receivables due from Governmental Authorities, would not exceed 10.0% of the aggregate Outstanding Balance of all Receivables;

(s) such Receivable did not arise from charging sales tax, value-added tax or other consumption or use tax;

(t) the Obligor of such Receivable has been instructed to remit payments in respect thereof to a Blocked Account or a Lock-Box; and

(u) if such Receivable is a Choice Marketer Receivable:

(i) such Receivable was purchased by the Originator, free and clear of all Adverse Claims created by or through the related Choice Marketer, pursuant to a Choice Marketer Purchase Agreement or a Revised Choice Marketer Purchase Agreement;

(ii) from and after the date that occurs sixty (60) days after the date hereof, if such Receivable was not purchased pursuant to a Revised Choice Marketer Purchase Agreement, the related Choice Marketer and the Originator are parties to a Choice Marketer Security Agreement; and

(iii) from and after the date that occurs sixty (60) days after the date hereof, an effective, first-priority UCC-1 financing statement has been filed identifying the related Choice Marketer, as debtor, and the Originator, as secured party, covering collateral which includes such Receivable;

provided, however, that any Managing Agent may, at any time prior to the date that occurs sixty (60) days after the date hereof, declare the Receivables of any Choice Marketer to not be "Eligible Receivables" upon three (3) Business Days' prior notice to the Seller.

“ERISA” means the Employee Retirement Income Security Act of 1974, as amended from time to time, and the regulations promulgated and rulings issued thereunder.

“ERISA Affiliate” means, with respect to any Person, any (i) corporation which is a member of the same controlled group of corporations (within the meaning of Section 414(b) of the IRC) as such Person; (ii) partnership or other trade or business (whether or not incorporated) under common control (within the meaning of Section 414(c) of the IRC) with such Person or (iii) member of the same affiliated service group (within the meaning of Section 414(m) of the IRC) as such Person, any corporation described in clause (i) above or any partnership or other trade or business described in clause (ii) above.

“Eurocurrency Liabilities” has the meaning assigned to that term in Regulation D of the Board of Governors of the Federal Reserve System, as in effect from time to time.

“Eurodollar Rate” means, with respect to each Purchaser and any Eurodollar Tranche Period, a rate per annum equal to the rate of interest determined on the basis of the rate for deposits in Dollars for a period equal to such Eurodollar Tranche Period commencing on the first day of such Eurodollar Tranche Period appearing on Reuters Screen LIBOR01 Page (or comparable replacement page) as of 11:00 A.M., London time, two (2) Business Days prior to the beginning of such Eurodollar Tranche Period. In the event that such rate does not appear on such page (or otherwise on the Reuters Monitor Money Rates Service), the “Eurodollar Rate” shall instead be the interest rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to the average of the rates at which deposits in Dollars approximately equal in principal amount to the portion of such Eurodollar Tranche are offered by the principal London offices of the Reference Bank (or, if the Reference Bank does not at the time maintain a London office, the principal London office of any affiliate of the Reference Bank) for immediately available funds in the London interbank market at approximately 11:00 a.m., London time, two (2) Business Days prior to the commencement of such Eurodollar Tranche Period.

“Eurodollar Rate Reserve Percentage” means, for any Eurodollar Tranche Period, the reserve percentage applicable two (2) Business Days before the first day of such Settlement Period under regulations issued from time to time by the Board of Governors of the Federal Reserve System (or any successor) (or if more than one such percentage shall be applicable, the daily average of such percentages for those days in such Eurodollar Tranche Period during which any such percentage shall be so applicable) for determining the maximum reserve requirement (including, without limitation, any emergency, supplemental or other marginal reserve requirement) with respect to liabilities or assets consisting of or including Eurocurrency Liabilities (or with respect to any other category of liabilities that includes deposits by reference to which the interest rate on Eurocurrency Liabilities is determined) having a term equal to such Settlement Period.

“Eurodollar Tranche” means a Tranche as to which Yield is calculated at the Assignee Rate or the Investor Rate based on the Adjusted Eurodollar Rate.

“Eurodollar Tranche Period” means, with respect to any Conduit Purchaser, Conduit Support Provider or Bank Purchaser, as applicable, and a Eurodollar Tranche, a period of one, two, three or six months, as selected by the Seller prior to an Event of Termination,

commencing on the first day of the applicable Settlement Period (or if such day is not a Business Day, on the immediately succeeding Business Day). If such Eurodollar Tranche Period would end on a day which is not a Business Day, such Eurodollar Tranche Period shall end on the next succeeding Business Day, unless such extension would cause the last day of such Eurodollar Tranche Period to occur in the next following calendar month, in which event the last day of such Eurodollar Tranche Period shall occur on the next preceding Business Day.

“Eurodollar Unavailability Condition” means, at any time and with respect to any Purchaser, that any one or more of the following conditions or events exists or has occurred and is continuing: (i) the Eurodollar Rate cannot be determined for any reason, including the unavailability of rate bids or the general unavailability of the London interbank market for Dollar borrowings or (ii) it shall become unlawful for any Purchaser to obtain funds in the London interbank market, or (ii) the related Managing Agent advises the Seller that the Eurodollar Rate will not adequately and fairly reflect the cost to such Purchaser based on the Eurodollar Rate.

“Event of Termination” has the meaning specified in Section 7.01.

“Excess Commitment Fee” has the meaning set forth in the Fee Letter.

“Excess Customer Deposit Amount” means, at any time, the amount by which (a) the aggregate Customer Deposits at such time exceeds (b) the product of (i) Excess Customer Deposit Percentage at such time and (ii) the Net Receivables Pool Balance at such time (before deducting such Excess Customer Deposit Amount).

“Excess Customer Deposit Percentage” means (i) 15% at any time that the Debt Ratings of NiSource are at least BBB- by S&P or at least Baa3 by Moody’s and (ii) 0% at all other times; provided, however, that if the Debt Ratings of NiSource are either (a) unrated or less than BB+ by S&P or (b) unrated or less than Ba1 by Moody’s, the “Excess Customer Deposit Percentage” means 0%.

“Extended Payment Agreement” means an agreement identified by the Servicer pursuant to the Credit and Collection Policy as a “Basic Extended Payment Agreement”, an “Equal Extended Payment Agreement”, a “Generic Payment Plan” or a “Budget Plus Payment Plan”.

“Facility Fee” has the meaning set forth in the Fee Letter.

“Federal Funds Effective Rate” has the meaning specified in the definition of Base Rate.

“Fee Letter” means that certain Fee Letter dated as of March 15, 2010, among the Seller, the Managing Agents and the Administrative Agent, and each other letter agreement between the Seller and any other party hereto purporting to be a “Fee Letter” for purposes hereof, each as amended, restated, supplemented or otherwise modified from time to time.

“Fees” means each of the Facility Fee, Commitment Fee and Excess Commitment Fee.

“Financial Officer” of any Person means, the chief financial officer, principal accounting officer, treasurer or assistant treasurer of such Person.

“Governmental Authority” means any nation or government, any state or other political subdivision thereof, and any agency, department or other entity exercising executive, legislative, judicial, regulatory or administrative functions of or pertaining to government.

“Group Purchase Limit” means, for each Purchaser Group, the sum of the Commitments of the Bank Purchasers in such Purchaser Group.

“Guarantee” means, as to any Person, any obligation, contingent or otherwise, of such Person directly or indirectly guaranteeing any Debt or other obligation of any other Person and, without limiting the generality of the foregoing, any obligation, direct or indirect, contingent or otherwise, of such Person (i) to purchase or pay (or advance or supply funds for the purchase or payment of) such Debt or other obligation (whether arising by virtue of partnership arrangements, by agreement to keep-well, to purchase assets, goods, securities or services, to take-or-pay, or to maintain financial statement conditions or otherwise) or (ii) entered into for the purpose of assuring in any other manner the obligee of such Debt or other obligation of the payment thereof or to protect such obligee against loss in respect thereof (in whole or in part), provided that the term “Guarantee” shall not include endorsements for collection or deposit in the ordinary course of business. The term “Guarantee” used as a verb has a corresponding meaning.

“Incipient Event of Termination” means an event that but for the giving of notice or the lapse of time, or both, would constitute an Event of Termination.

“Indemnified Amounts” has the meaning specified in Section 9.01.

“Indemnified Party” has the meaning specified in Section 9.01.

“Investor Rate” means, for any Settlement Period for any Receivable Interest held by any Conduit Purchaser: (a) to the extent such Conduit Purchaser funds such Receivable Interest for such Settlement Period by issuing commercial paper, the CP Rate; and (b) to the extent such Conduit Purchaser funds such Receivable Interest for such Settlement Period other than by issuing commercial paper, a rate equal to the Assignee Rate; provided, that at all times following the occurrence and during the continuation of an Event of Termination, the Investor Rate shall be an interest rate per annum equal to the Base Rate in effect from time to time plus 2.50%.

“Involuntary Bankruptcy Event” means the occurrence of an event that, but for the giving of notice or the lapse of time, or both, would constitute an Event of Termination of the type described in Section 7.01(f).

“IRC” means the Internal Revenue Code of 1986, as amended from time to time, and any successor statute.

“Joinder Agreement” means a joinder agreement, substantially in the form of Annex H attached hereto, pursuant to which a new Purchaser Group becomes party to this Agreement.

“Liquidation Day” means, for any Receivable Interest, (i) each day during a Settlement Period for such Receivable Interest on which the conditions set forth in Section 3.02 are not satisfied (and such failure of conditions is not waived by the Administrative Agent and the Required Managing Agents), and (ii) each day which occurs on or after the Termination Date.

“Liquidation Period” means the period commencing on the Termination Date and ending on the date on which no Capital of or Yield on any Receivable Interest shall be outstanding and all other Seller Obligations shall be paid in full.

“Liquidity Asset Purchase Agreement” means any secondary market agreement, liquidity asset purchase agreement or other liquidity agreement entered into by any Bank Purchaser for the benefit of any Conduit Purchaser, to the extent relating to the sale or transfer of interests in, or other financing of, Receivable Interests.

“Lock-Box” means each locked post office box to which Obligor remit Collections.

“Lock-Box Event” means (i) the withdrawal of NiSource’s Debt Rating by either S&P or Moody’s, or (ii) the downgrade of NiSource’s Debt Rating below (x) BBB- by S&P or (y) Baa3 by Moody’s.

“Loss Horizon Ratio” means, as of any date, a ratio computed as of the last day of each calendar month by dividing (i) the aggregate Original Balance of all Receivables created or acquired by the Originator during the four most recently ended calendar months by (ii) Net Receivables Pool Balance as of the last day of the most recently ended calendar month.

“Loss-to-Liquidation Ratio” means a ratio (expressed as a percentage) computed as of the last day of each calendar month by dividing (i) the aggregate Outstanding Balance of all Pool Receivables that were written off during such calendar month by (ii) the aggregate amount of Collections received during such calendar month.

“Loss Reserve Percentage” means, on any date, the greater of (i) the Dynamic Loss Reserve Percentage, and (ii) 10.0%.

“Managing Agent” means, as to any Purchaser Group, each of the Persons listed on Schedule I hereto as a “Managing Agent” for such Purchaser Group, or in any Assignment and Acceptance or Joinder Agreement as a “Managing Agent” for the applicable Purchaser Group, together with its respective successors and permitted assigns

“Match Funded Conduit Purchaser” means any Conduit Purchaser that, on or after the date hereof, notifies the Seller, the Servicer and the Administrative Agent in writing that it is funding its Capital (or a portion thereof) with commercial paper issued by it, or for its benefit, in specified CP Tranches selected by its Managing Agent, and that, in each case, has not

subsequently notified the Seller, the Servicer and the Administrative Agent in writing that it will no longer be funding its Capital through specific CP Tranches (at which time such Conduit Purchaser shall be a Pool Funded Conduit Purchaser).

“Material Adverse Effect” means a material adverse effect on (i) the ability of any Transaction Party to perform its obligations under any Transaction Document, (ii) the legality, validity or enforceability of this Agreement or any other Transaction Document, (iii) any Purchaser’s, any Managing Agent’s or the Administrative Agent’s interest in the Receivables generally or in any material portion of the Receivables, the Related Security or the Collections with respect thereto, or (iv) the collectibility of the Receivables generally or of any material portion of the Receivables.

“Miscellaneous Receivable” means a Receivable of the type listed on Annex J or of such other type as provided in a written notice from the Seller to the Administrative Agent.

“Monthly Report” means a report in substantially the form of, and containing the information described in, Annex E-1, and such additional information as the Administrative Agent or any Managing Agent may reasonably request from time to time, duly completed and furnished by the Servicer to the Administrative Agent and each Managing Agent pursuant to Section 6.02(g).

“Moody’s” means Moody’s Investors Service, Inc.

“Net Receivables Pool Balance” means, at any time, the aggregate Outstanding Balance of Pool Receivables that are Eligible Receivables reduced by the sum, without duplication, of (i) the aggregate amount by which the Outstanding Balance of Eligible Receivables of each Obligor (treating each Obligor and its Affiliates as if they were a single Obligor) exceeds the Concentration Limit for such Obligor and (ii) the Excess Customer Deposit Amount at such time.

“NiSource” means NiSource Inc., a Delaware corporation.

“NiSource Change of Control” means (a) any “person” or “group” within the meaning of Sections 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended, shall become the “beneficial owner” (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended) of more than 50% of the then outstanding voting Capital Stock of NiSource, (b) Continuing Directors shall cease to constitute at least a majority of the directors constituting the board of directors of NiSource, (c) a consolidation or merger of NiSource shall occur after which the holders of the outstanding voting Capital Stock of NiSource immediately prior thereto hold less than 50% of the outstanding voting Capital Stock of the surviving entity; (d) more than 50% of the outstanding voting Capital Stock of NiSource shall be transferred to an entity of which NiSource owns less than 50% of the outstanding voting Capital Stock; (e) there shall occur a sale of all or substantially all of the assets of NiSource; or (f) Columbia Gas of Pennsylvania shall cease to be a Wholly-Owned Subsidiary of NiSource.

For purposes of the definition of “NiSource Change of Control” the following capitalized terms shall have the following meanings: (l) “Capital Stock” means any and all shares, interests, participations or other equivalents (however designated) of capital stock of a corporation, any

and all equivalent ownership interests in a Person other than a corporation (including, but not limited to, all common stock and preferred stock and partnership, membership and joint venture interests in a Person), and any and all warrants, rights or options to purchase any of the foregoing; (II) "Continuing Directors" means (a) all members of the board of directors of NiSource who have held office continually since the date hereof, and (b) all members of the board of directors of NiSource who were elected as directors after the date hereof and whose nomination for election was approved by a vote of at least 50% of the Continuing Directors; and (III) "Wholly-Owned Subsidiary" means, with respect to any Person, any corporation or other entity of which all of the outstanding shares of stock or other ownership interests in which, other than directors' qualifying shares (or the equivalent thereof), are at the time directly or indirectly owned or controlled by such Person or one or more of the Subsidiaries of such Person.

"NiSource Entity" means, individually, and "NiSource Entities" means, collectively, NiSource and each of its Affiliates.

"Non-Defaulted Receivable" means any Receivable that is not a Defaulted Receivable.

"Obligor" means a Person obligated to make payments pursuant to a Contract in respect of a Receivable.

"Original Balance" means, with respect to any Receivable, the Outstanding Balance of such Receivable on the date it was generated or acquired by the Originator.

"Origination Date" means (i) the date of this Agreement, with respect to Receivables existing on such date and (ii) the date on which such Receivable is created or acquired, with respect to each other Receivable.

"Originator" means Columbia Gas of Pennsylvania.

"Other Companies" means, collectively, the Originator and all of its Subsidiaries and Affiliates except the Seller.

"Other Taxes" has the meaning specified in Section 2.09(b).

"Outstanding Balance" means, for any Receivable, the unpaid principal amount thereof, it being acknowledged and agreed that the current amount invoiced to an Obligor may not reflect the Outstanding Balance of the Receivable from such Obligor because (a) such invoiced amount may not cover all of the goods or services provided to such Obligor, and (b) in the case of an Obligor under a Balanced Payment Plan, such invoiced amount may constitute, in whole or in part, a bill for goods or services not yet provided by the Originator.

"Over-Collection Refunds" means the refunds issued to Obligor in the months of November and December of 2009 in respect of the over-collection in prior months from such Obligor of payments with respect to gas commodity, up to an aggregate amount for both such months not to exceed \$69,000,000.

“Percent of Income Plan” means a payment plan (such as “CAP”) approved by the Pennsylvania Public Utility Commission under which low income utility customers pay a percentage of their income toward their utility bills.

“Percentage” means, with respect to any Bank Purchaser in any Purchaser Group, a percentage equal to the Commitment of such Bank Purchaser divided by the aggregate Commitments of all Bank Purchasers in such Purchaser Group; provided, however, that from and after the date of termination of the Commitments, “Percentage” shall be based on the Commitments of such Bank Purchasers immediately prior to such termination.

“Performance Guaranty” means that certain Performance Undertaking dated as of March 15, 2010, executed by NiSource in favor of the Administrative Agent, for the benefit of the Administrative Agent, the Managing Agents and the Purchasers, as amended, restated, supplemented or otherwise modified from time to time.

“Permitted Lien” means any lien (a) for taxes, assessments and governmental charges or levies that in each case are either (i) not yet due or (ii) being contested in good faith and by appropriate proceedings and for which adequate reserves determined in accordance with generally accepted accounting principles have been established and compliance with the obligation that is the subject of such contest is effectively stayed during such challenge, (b) of a collecting bank in the ordinary course of processing items for collection and (c) solely in the case of Choice Marketer Receivables which are not Eligible Receivables, liens on such Choice Marketer Receivables created by or through the related Choice Marketer.

“Person” means an individual, partnership, corporation (including a business trust), limited liability company, joint stock company, trust, unincorporated association, joint venture or other entity, or a government or any political subdivision or agency thereof.

“Pool Funded Conduit Purchaser” means each Conduit Purchaser that is not a Match Funded Conduit Purchaser.

“Pool Receivable” means any Receivable which has been acquired by the Seller from the Originator pursuant to the Sale Agreement.

“Portfolio Turnover” means, for any calendar month, a number of days obtained by multiplying (i) a fraction, the numerator of which is equal to the aggregate Outstanding Balance of all Pool Receivables as of the last day of such calendar month and the denominator of which is equal to the aggregate amount of Collections of Pool Receivables received during such month, times (ii) 30.

“Prime Rate” has the meaning specified in the definition of Base Rate.

“Pro Rata Share” means, for each Purchaser Group, a percentage equal to (i) the aggregate Commitments of the Bank Purchasers in such Purchaser Group, divided by (ii) the Program Limit, adjusted as necessary to give effect to the application of the terms of Article XI; provided, however, that from and after the termination of the Commitments, “Pro Rata Share” for each Purchaser Group shall mean a percentage equal to (x) the Capital of all Purchasers in such Purchaser Group divided by (y) Aggregate Capital.

“Program Limit” means, at any time, (x) during the months of December, January, February, March, April and May, \$75,000,000, and (y) during the months of June, July, August, September, October and November \$20,000,000. References to the unused portion of the Program Limit shall mean, at any time, the Program Limit (as then reduced pursuant to Section 2.01(b)), minus the aggregate outstanding Capital of all Receivable Interests under this Agreement.

“Purchase Notice” means a notice delivered by the Seller to each Managing Agent in substantially the form of Annex G hereto.

“Purchaser Group” means a group composed of a Managing Agent, the related Conduit Purchasers (if any) and the related Bank Purchasers.

“Purchasers” means, collectively, the Conduit Purchasers and the Bank Purchasers.

“Receivable” means the indebtedness and other obligations of any Obligor to pay for natural gas, natural gas power or natural gas transport service or other energy products, merchandise, goods or services provided by (i) the Originator under a Contract or (ii) a Choice Marketer under the Originator’s “Choice Service” program, in each case, whether billed or unbilled, including the right to payment of any interest or finance charges, late payment charges, delinquency charges, extension or collection fees and all other obligations of such Obligor with respect thereto, and including 100% of the amount invoiced to any Obligor after the Termination Date if any portion of the goods or services covered by such invoice were provided on or prior to the Termination Date; provided, however, that any Receivable repurchased by the Originator pursuant to Section 2.04 of the Sale Agreement shall thereafter cease to be considered a Receivable. The term “Receivable” shall not include any indebtedness or other obligation of any Person created under a Percent of Income Plan.

“Receivable Interest” means, at any time, an undivided percentage ownership interest in (i) all then outstanding Pool Receivables arising prior to the time of the most recent computation or recomputation of such undivided percentage interest pursuant to Section 2.03, (ii) all Related Security with respect to such Pool Receivables, and (iii) all Collections with respect to, and other proceeds of, such Pool Receivables. Such undivided percentage interest shall be computed at the times and in the manner specified in Section 2.03 as:

$$\frac{C}{\text{NRPB} - \text{TR}}$$

where:

- C = the Capital of such Receivable Interest at the time of computation
- TR = the Total Reserves at the time of computation
- NRPB = the Net Receivables Pool Balance at the time of computation

Each Receivable Interest shall be determined from time to time pursuant to the provisions of Section 2.03. Notwithstanding the foregoing, during the Liquidation Period, (i) the sum of all Receivable Interests shall be equal to 100% and (ii) each Receivable Interest shall be calculated as the percentage equivalent of a fraction, the numerator of which is the Capital of such Receivable Interest, and the denominator of which is equal to the aggregate Capital of all Receivable Interests.

"Reference Bank" means BTMU, its successors and/or assigns.

"Related Security" means with respect to any Receivable:

(i) all of the Seller's interest in any merchandise or goods (including returned merchandise or goods), if any, relating to any sale giving rise to such Receivable;

(ii) all security interests or liens and property subject thereto from time to time purporting to secure payment of such Receivable, whether pursuant to the Contract related to such Receivable or otherwise, together with all financing statements authorized by an Obligor describing any collateral securing such Receivable;

(iii) all guaranties, insurance and other agreements or arrangements of whatever character from time to time supporting or securing payment of such Receivable whether pursuant to the Contract related to such Receivable or otherwise;

(iv) all other books, records and other information (including, without limitation, computer programs, tapes, discs, punch cards, data processing software and related property and rights) relating to such Receivable and the related Obligor;

(v) all of the Seller's right, title and interest in and to all invoices or other agreements or documents that evidence, secure or otherwise relate to such Receivable;

(vi) all of the Seller's right, title and interest in, to and under the Sale Agreement; and

(vii) with respect to each Choice Marketer Receivable, all of the Seller's right, title and interest in, to and under (i) the related Choice Marketer Purchase Agreement and the related Choice Marketer Security Agreement or (ii) the related Revised Choice Marketer Purchase Agreement, as the case may be.

"Required Managing Agents" means the Managing Agents of the Purchaser Groups which include Bank Purchasers with Commitments equal to or in excess of 66-2/3% of the aggregate of all Commitments.

“Retail Service Payments” means amounts paid by Obligor in respect of retail services performed by Persons other than the Originator but which are billed on invoices generated by the Originator.

“Revised Choice Marketer Purchase Agreement” means an accounts receivable purchase agreement between the Originator and a Choice Marketer in substantially the form of Annex 1-3 (or such other form of agreement reasonably satisfactory to the Administrative Agent).

“Revolving Period” means the period beginning on the date of the initial purchase hereunder and terminating at the close of business on the Business Day immediately preceding the Termination Date.

“S&P” means Standard & Poor’s, a division of The McGraw-Hill Companies, Inc.

“Sale Agreement” means the Receivables Sale Agreement of even date herewith between the Seller and the Originator, as amended, restated, supplemented or otherwise modified from time to time in accordance with the terms hereof and thereof.

“Scheduled Commitment Termination Date” means March 14, 2011, as such date may be extended in accordance with Section 11.02.

“SEC” means the Securities and Exchange Commission.

“Seller” has the meaning specified in the preamble.

“Seller Obligations” means all present and future indebtedness and other liabilities and obligations (howsoever created, arising or evidenced, whether direct or indirect, absolute or contingent, or due or to become due) of the Seller to any Purchaser, the Administrative Agent, any Managing Agent and/or any other Person, arising under or in connection with this Agreement or any other Transaction Document or the transactions contemplated hereby or thereby, and shall include, without limitation, all Capital, Yield, Fees and Servicer Fees, Broken Funding Costs and all other amounts due or to become due under the Transaction Documents (whether in respect of fees, expenses, indemnifications or otherwise), including, without limitation, interest, fees and other obligations that accrue after the commencement of any bankruptcy, insolvency or similar proceeding with respect to any Transaction Party (in each case whether or not allowed as a claim in such proceeding).

“Seller’s Account” means account number 1028877589 of the Seller maintained at the office of PNC Bank, National Association, ABA # 043000096, or such other account as the Seller shall designate in writing to the Administrative Agent and the Managing Agents from time to time.

“Servicer” means at any time the Person then authorized pursuant to Section 6.01 to administer and collect Receivables.

“Servicer Default” means the occurrence of either of the following events: (i) an Involuntary Bankruptcy Event or (ii) an Event of Termination.

“Servicer Fee” has the meaning specified in Section 2.05.

“Servicer Fee Rate” means the rate per annum determined in accordance with Section 2.05.

“Settlement Date” means, for any Receivable Interest, (i) the nineteenth (19<sup>th</sup>) day of each calendar month (or if such day is not a Business Day, the next succeeding Business Day), and (ii) each other day specified by the Administrative Agent from time to time.

“Settlement Period” means, with respect to any Settlement Date for any Receivable Interest, the calendar month ending immediately prior to such Settlement Date; provided, however, that in the case of the initial Settlement Period for any Receivable Interest, such Settlement Period shall commence on the day of the purchase of such Receivable Interest and end on the last day of the calendar month in which such purchase occurs.

“Short-Term Debt Rating” means, for any Person, the rating by S&P or Moody’s of such Person’s short-term public senior unsecured non-credit-enhanced debt.

“Stress Factor” means 2.25.

“Sub-Agent” means any Person acting as the agent of any Transaction Party for the purpose of accepting Collections from Obligors (e.g., Western Union), excluding however, agents engaged solely for the purpose of collecting past-due accounts.

“Subsidiary” means, with respect to any Person, any corporation or other entity of which securities having ordinary voting power to elect a majority of the board of directors or other persons performing similar functions are at the time directly or indirectly owned by such Person, or one or more Subsidiaries, or by such Person and one or more Subsidiaries.

“Tangible Net Worth” means at any time with respect to the Seller, the shareholders equity of the Seller.

“Taxes” has the meaning specified in Section 2.09(a).

“Termination Date” means the earliest of (a) the Scheduled Commitment Termination Date, (b) the date determined pursuant to Section 7.01, and (c) the date the Program Limit reduces to zero pursuant to Section 2.01(b).

“Three-Month Default Ratio” means, as of the last day of any calendar month, the average of the Default Ratios for such month and the two (2) immediately preceding calendar months.

“Three-Month Dilution Ratio” means, as of the last day of any calendar month, the average of the Dilution Ratios for such month and the two (2) immediately preceding calendar months.

“Three-Month Loss-to-Liquidation Ratio” means, as of the last day of any calendar month, the average of the Loss-to-Liquidation Ratios for such month and the two (2) immediately preceding calendar months.

“Total Reserves” means an amount equal to:

$$(YR\% + LR\% + DR\%) \times NRPB$$

where:

YR%	=	the Yield Reserve Percentage at the time of computation
LR%	=	the Loss Reserve Percentage at the time of computation
DR%	=	the Dilution Reserve Percentage at the time of computation
NRPB	=	the Net Receivables Pool Balance at the time of computation

“Tranche” means the portion of the Capital allocated to the purchase of a Receivable Interest by a Conduit Purchaser, including a purchase funded by the issuance of commercial paper notes by such Conduit Purchaser, or by a Bank Purchaser.

“Transaction Documents” means this Agreement, the Sale Agreement, the Fee Letter, the Performance Guaranty, the Blocked Account Agreements, the Existing Facility Pay-off Letter, each Monthly Report, each Daily Report, the certificate or articles of incorporation and by-laws of the Seller and all amendments, waivers and other agreements executed and delivered pursuant hereto or thereto to which a Transaction Party is a party.

“Transaction Party” means any of the Seller, the Originator, NiSource or the Servicer.

“UCC” means the Uniform Commercial Code as from time to time in effect in the specified jurisdiction.

“Yield” means the aggregate amount for the Conduit Purchasers and the Bank Purchasers of the following:

- (i) for each Receivable Interest held by a Conduit Purchaser for any Settlement Period:

$$(IR \times C \times ED) / 360 + BFC$$

- (ii) for each Receivable Interest held by a Bank Purchasers for any Settlement Period:

$$(AR \times C \times ED) / 360 + BFC$$

where:

AR	=	the Assignee Rate for such <i>Receivable Interest</i> for such <i>Settlement Period</i>
IR	=	the Investor Rate for such <i>Receivable Interest</i> for such <i>Settlement Period</i>
C	=	the Capital of such <i>Receivable Interest</i> during such <i>Settlement Period</i>
ED	=	the actual number of days elapsed during such <i>Settlement Period</i>
BFC	=	the Broken Funding Costs, if any, for such <i>Receivable Interest</i> for such <i>Settlement Period</i>

provided, that no provision of this Agreement shall require the payment or permit the collection of Yield in excess of the maximum permitted by applicable law; and provided further that Yield for any *Receivable Interest* shall not be considered paid by any distribution to the extent that at any time all or a portion of such distribution is rescinded or must otherwise be returned for any reason.

"Yield Reserve Percentage" means, on any date, a percentage equal to

$$(BR + 2.50\% + SFR) / 360 \times 1.5 \times PT$$

where:

BR	=	the Base Rate in effect on such date, expressed as a rate per annum
SFR	=	the Servicer Fee Rate in effect on such date, expressed as a rate per annum
PT	=	the Portfolio Turnover, expressed as a number of days, <i>calculated as of the end of calendar month most recently ended</i>

SECTION 1.02 Other Terms. All accounting terms not specifically defined herein shall be construed in accordance with generally accepted accounting principles. All terms used in Article 9 of the UCC in the State of New York, as in effect on the date hereof and not specifically defined herein, are used herein as defined in such Article 9.

Unless otherwise expressly indicated, all references herein to "Article," "Section," "Schedule" or "Annex" shall mean articles and sections of, and schedules and annexes to, this Agreement. Except as otherwise specified herein or as the context may otherwise require: (i) the words "herein", "hereof" and "hereunder" and other words of similar import refer to this Agreement as a whole and not to any particular article, section or other subdivision; (ii) the word "including" and correlative words shall be deemed to be followed by the phrase "without limitation" unless actually followed by such phrase or a phrase of like import; (iii) the word "or" is used inclusively herein (for example, the phrase "A or B" means "A or B or both", not "either A or B but not both"); (iv) references to a Person are references to such Person's successors and assigns; (v) references to an agreement or other document are to it as amended, supplemented, restated and otherwise modified from time to time and to any successor document; and (vi) references to a statute, regulation or other government rule are to it as amended from time to time and, as applicable, are to corresponding provisions of successor governmental rules.

## ARTICLE II AMOUNTS AND TERMS OF THE PURCHASES

**SECTION 2.01 Purchase Facility.** (a) On the terms and conditions hereinafter set forth, Seller shall sell and assign Receivable Interests to the Purchasers. In accordance with the terms and conditions set forth herein, each Conduit Purchaser may, in its sole discretion, and if and to the extent any Conduit Purchaser does not make a purchase, the Bank Purchasers in such Conduit's Purchaser Group shall, purchase their Purchaser Group's Pro Rata Share of such Receivable Interests from the Seller from time to time during the period from the date hereof to the Termination Date; provided, however, that notwithstanding any provision hereof to the contrary (i) under no circumstances shall any Conduit Purchaser make any purchase under this Agreement if, after giving effect to such purchase, the aggregate outstanding Capital of all Receivable Interests purchased by the Purchasers in its Purchaser Group would exceed its Purchaser Group's Pro Rata Share of the Program Limit; (ii) under no circumstances shall a Bank Purchaser be obligated to make any purchase under this Agreement if, after giving effect to such purchase, the aggregate outstanding Capital of the Receivable Interests purchased by it would exceed (x) the lesser of (1) its Percentage of its Purchaser Group's Pro Rata Share of the Capital thereof and (2) its unused Commitment less (y) the aggregate outstanding portion of Capital held by the Conduit Purchasers in its Purchaser Group (whether or not any portion thereof has been assigned to such Bank Purchaser pursuant to a Liquidity Asset Purchase Agreement) determined after giving effect to any reductions of the Capital held by such Conduit Purchasers to be made on the date of such purchase from the proceeds of purchases by the Bank Purchasers in its Purchaser Group; and (iii) no Purchaser shall make purchases under this Agreement at any time in an amount which would, after giving effect to all other purchases on such date, exceed the lesser of (x) Program Limit less the Aggregate Capital and (y) the Net Receivables Pool Balance (after giving effect to all other purchases of Receivables to occur on such date) less Total Reserves.

(b) If the Seller determines that the facility provided for in this Agreement exceeds its funding needs, the Seller may, upon at least sixty (60) days' notice to the Administrative Agent and each Managing Agent, terminate in whole or reduce in part the unused portion of the Program Limit; provided that each partial reduction of the Program Limit shall be in the amount of at least \$1,000,000 or an integral multiple thereof. Upon any reduction of the

Program Limit, the Group Purchase Limits shall be permanently reduced by a corresponding amount (ratably among the Purchaser Groups in accordance with their respective Pro Rata Shares) and the Commitments of each Bank Purchaser in each Purchaser Group shall be reduced ratably in accordance with their respective Percentages.

(c) Until the Termination Date, the Collections attributable to each Receivable Interest shall be automatically reinvested pursuant to (and subject to the priority of payments set forth in) Section 2.04 in additional undivided percentage interests in the Receivables by making an appropriate readjustment of such Receivable Interest.

SECTION 2.02 Making Purchases. (a) The Seller shall provide each Managing Agent with a Purchase Notice at least three (3) Business Days' prior to each purchase of a Receivable Interest by the Purchasers (and each Managing Agent shall promptly forward such Purchase Notice to the Purchasers in its Purchaser Group). Each Purchase Notice shall specify (i) the amount requested to be paid to the Seller (such amount, which shall not be less than \$3,000,000, being referred to herein as the initial "Capital" of the Receivable Interest then being purchased), (ii) the date of such purchase (which shall be a Business Day) and (iii) if the Assignee Rate is to apply to such Receivable Interest, whether the Yield for the Settlement Period for such Receivable Interest is calculated based on the Adjusted Eurodollar Rate or the Base Rate. Each Conduit Purchaser shall promptly notify the Seller, its Managing Agent and the Administrative Agent whether it has determined to make the requested purchase on the terms specified by the Seller.

If any Conduit Purchaser has determined not to make the entire amount of a proposed purchase, its Managing Agent shall promptly send notice of the proposed purchase to each of the Bank Purchasers in its Purchaser Group concurrently by telecopier, telex or cable specifying the date of such purchase, the aggregate amount of Capital of the Receivable Interest being purchased by such Bank Purchaser (which amount shall be, subject to clause (e) below, equal to such Bank Purchaser's Percentage of the portion of the purchase price not funded by the Conduit Purchasers in its Purchaser Group) and whether the Yield for the Settlement Period for such Receivable Interest is calculated based on the Adjusted Eurodollar Rate or the Base Rate.

(b) On the date of each purchase of a Receivable Interest, the Conduit Purchasers and/or the Bank Purchasers of each Purchaser Group shall, upon satisfaction of the applicable conditions set forth in Article III, make available to the Seller, in the Seller's Account in same day funds, an aggregate amount equal to such Purchaser Group's Pro Rata Share of the initial Capital of such Receivable Interest.

(c) Effective on the date of each purchase pursuant to this Section 2.02 and each reinvestment pursuant to Section 2.04, the Seller hereby sells and assigns to the Administrative Agent, for the benefit of the Purchaser(s) making such purchase or reinvestment, an undivided percentage ownership interest, to the extent of the Receivable Interest then being purchased or in respect of which the reinvestment is being made, in each Receivable then existing and in the Related Security and Collections with respect thereto.

(d) To the extent any Conduit Purchaser exercises its option to purchase Receivable Interests hereunder, such Conduit Purchaser will use its best efforts to issue

commercial paper to fund such purchase; provided, however, that nothing herein shall require any Conduit Purchaser to issue commercial paper when it is uneconomical or unavailable or limit the rights of any Conduit Purchaser to fund its purchase of the Receivable Interest pursuant to any Liquidity Asset Purchase Agreement.

SECTION 2.03 Receivable Interest Computation. Each Receivable Interest shall be initially computed on its date of purchase. Thereafter until the Termination Date, each such Receivable Interest shall be automatically recomputed (or deemed to be recomputed) on each day other than a Liquidation Day. During the Liquidation Period, each Receivable Interest shall be calculated as set forth in the last sentence of the definition of "Receivable Interest" and such Receivable Interest as so calculated shall remain constant. Each Receivable Interest shall be reduced to zero when Capital thereof and Yield thereon shall have been paid in full, and all Fees and other Seller Obligations are indefeasibly paid in full.

SECTION 2.04 Settlement Procedures. (a) Except as otherwise herein provided, Collection of the Receivables shall be administered by the Servicer in accordance with the terms of Article VI of this Agreement and this Section 2.04. The Seller shall provide to the Servicer on a timely basis all information needed for such administration, including notice of the occurrence of any Liquidation Day and current computations of each Receivable Interest.

(b) On each Deposit Date, the Servicer shall apply all Collections deposited in any Blocked Account or received by the Servicer on such Deposit Date in the following order and priority:

(i) set aside and hold in trust for the Administrative Agent and each Managing Agent an amount equal to the Seller Obligations owing to the Administrative Agent and the Managing Agents in respect of costs and expenses incurred in connection with the enforcement of any Transaction Document or the collection of any amounts due thereunder;

(ii) set aside and hold in trust for the Purchasers and the Administrative Agent an amount equal to the aggregate Yield, Fees and Servicer Fee (to the extent payable by the Purchasers under Section 2.05) accrued through such day for all Receivable Interests and not previously set aside, such amount to be allocated among the Purchasers and the Administrative Agent ratably in accordance with the proportion of such amounts payable to (or, in the case of the Servicer Fee, payable by) each such Person;

(iii) if the Aggregate Capital exceeds the Program Limit, set aside and hold in trust for the Purchasers an amount equal to the amount of such excess;

(iv) if the sum of the Receivable Interests are greater than the 100%, set aside and hold in trust for the Purchasers an amount equal to the amount of such excess;

(v) with respect to each Receivable Interest, if such day is not a Liquidation Day, reinvest with the Seller on behalf of the Purchasers the

percentage of such Collections represented by such Receivable Interest, by recomputation of such Receivable Interest pursuant to Section 2.03;

(vi) if such day is a Liquidation Day, set aside and hold in trust for the Purchasers an amount equal to the lesser of (A) all of the remaining Collections and (B) the Aggregate Capital of the Receivable Interests; provided that if amounts are set aside and held in trust on any Liquidation Day occurring prior to the Termination Date, and thereafter prior to the next Settlement Date the conditions set forth in Section 3.02 are satisfied or waived by the Managing Agents, such previously set aside amounts shall, to the extent not previously distributed pursuant to Section 2.04(c), be reinvested in accordance with the preceding subsection (v) on the day of such subsequent satisfaction or waiver of conditions;

(vii) if any Seller Obligations (other than Yield, Fees, Servicer Fees and Capital) are then due and payable by the Seller to any Indemnified Party, pay to each such Indemnified Party (ratably in accordance with the amounts owing to each) the Seller Obligations so due and payable until such Seller Obligations have been reduced to zero;

(viii) pay to the Servicer the portion (if any) of the accrued and unpaid Servicer Fee payable by the Seller pursuant to Section 2.05; and

(ix) release to the Seller any remaining Collections.

Collections applied to the payment of Seller Obligations shall be allocated in accordance with the aforementioned provisions, and, giving effect to each of the priorities set forth in Section 2.04(b) above, shall be allocable ratably (within each priority) among the Administrative Agent, the Managing Agents and the Purchasers in accordance with (x) the Pro Rata Share of each related Purchaser Group, as among the Managing Agents, (y) the Percentage of each Purchaser, as among the Purchasers, and (z) the amount of such Seller Obligations owing to each of them as a share of the aggregate Seller Obligations owing in respect of each such priority, as among all of them.

(c) On or before each Settlement Date, the Servicer shall pay to (x) each Managing Agent all Collections set aside for such Managing Agent and the Purchasers in such Managing Agent's Purchaser Group and (y) the Administrative Agent all Collections set aside for the Administrative Agent, in each case, pursuant to clauses (i), (ii), (iii), (iv) or (vi) of Section 2.04(b) (excluding, if such Settlement Date is not a Liquidation Day, any amounts set aside on account of accrued Servicer Fee, which amounts shall be retained by the Servicer for its own account in payment of such Servicer Fee). On or promptly after each Settlement Date, each Managing Agent shall distribute the funds received by it from the Servicer on such Settlement Date in the following order:

(i) first, pro rata to each of the Purchasers in such Managing Agent's Purchaser Group in payment of all accrued Yield and Fees then due and payable to each of them;

(ii) second, if the Aggregate Capital as of the related Settlement Date exceeds the Program Limit, to each of the Purchasers in such Managing Agent's Purchaser Group in payment of Capital until the sum of the Capital held by all Purchasers in such Managing Agent's Purchaser Group has been reduced to such Purchaser Group's Pro Rata Share of the Program Limit;

(iii) third, if such distribution occurs on a Liquidation Day, to each of the Purchasers in such Managing Agent's Purchaser Group in payment of Capital (x) until the sum of the Receivable Interests has been reduced to 100% (if such distribution occurs prior to the Termination Date), or (y) until the Capital of all Receivable Interests has been reduced to zero (if such distribution occurs on or after to the Termination Date);

(iv) fourth, pro rata to such Managing Agent and to each of the Purchasers in such Managing Agent's Purchaser Group in payment of all other Seller Obligations payable to such Purchasers and such Managing Agent until such Seller Obligations have been reduced to zero;

(v) fifth, if such distribution occurs on a Liquidation Day, to the Servicer in payment in full of the accrued and unpaid Servicer Fee payable by the Purchasers in such Managing Agent's Purchaser Group pursuant to Section 2.05.

After the Capital, Yield, Fees and Servicer Fee with respect to each Receivable Interest held by the Purchasers, and all other Seller Obligations held by or owing to the Purchasers, have been paid in full, all additional Collections with respect to each such Receivable Interest shall be paid to the Seller for its own account.

(d) For the purposes of this Section 2.04:

(i) if on any day any Pool Receivable (or portion thereof) becomes a Diluted Receivable, the Seller shall be deemed to have received on such day a Collection of such Pool Receivable in an amount equal to the Outstanding Balance of such Pool Receivable (or portion thereof);

(ii) if on any day any of the representations or warranties contained in Section 4.01(h) is no longer true with respect to any Receivable, the Seller shall be deemed to have received on such day a Collection of such Receivable in full;

(iii) except as otherwise required by applicable law or the relevant Contract, or as otherwise specified by such Obligor, any payment received from an Obligor of any Receivables shall be applied as a Collection of the Receivables of such Obligor in the order of the age of such Receivables, starting with the oldest such Receivable; and

(iv) if and to the extent the Administrative Agent, any Managing Agent or any Purchaser shall be required for any reason to pay over to an Obligor any amount received on its behalf hereunder, such amount shall be deemed not to have been so received but rather to have been retained by the Seller and,

accordingly, the Administrative Agent, such Managing Agent or such Purchaser, as the case may be, shall have a claim against the Seller for such amount, payable when and to the extent that any distribution from or on behalf of such Obligor is made in respect thereof.

(e) No later than three (3) Business Days after the end of each Settlement Period, each Managing Agent shall furnish to the Administrative Agent and the Seller with an invoice setting forth the amount of the accrued and unpaid Yield and Fees for such Settlement Period with respect to Receivable Interests held by the Conduit Purchasers in its Purchaser Group.

SECTION 2.05 Payment of Servicer Fee. The Servicer shall be entitled to receive a fee (the "Servicer Fee") equal to 0.25% per annum multiplied by the average daily aggregate Outstanding Balance of all Pool Receivables, payable in arrears on each Settlement Date out of Collections available for such purpose pursuant to Section 2.04. Upon three (3) Business Days' notice to the Administrative Agent and the Managing Agents, the Servicer (if not the Originator, the Seller or its designee or an Affiliate of the Seller) may, with the prior written consent of the Administrative Agent, elect to be paid, as such fee, another percentage per annum on the average daily Outstanding Balance of the Receivables. The portion of the Servicer Fee payable by each Purchaser shall be equal to the Servicer Fee Rate multiplied by the average daily Capital of each Receivable Interest owned by such Purchaser, payable on each Settlement Date for such Receivable Interest. *Notwithstanding anything herein to the contrary, the Servicer Fee shall be payable only from Collections pursuant to, and subject to the priority of payments set forth in, Section 2.04. To the extent such Collections are not sufficient to pay the Servicer Fee in full, none of the Seller, the Administrative Agent, the Managing Agents or the Purchasers shall have any liability for the deficiency.*

SECTION 2.06 Payments and Computations, Etc. (a) All amounts to be paid by the Seller or the Servicer to the Administrative Agent, any Managing Agent or any Purchaser hereunder shall be paid no later than 11:00 A.M. (New York City time) on the day when due in same day funds to the account designated by the Administrative Agent, such Managing Agent or the Managing Agent of such Purchaser's Purchaser Group, as applicable.

(b) Each of the Seller and the Servicer shall, to the extent permitted by law, pay interest on any amount not paid or deposited by it when due hereunder, at an interest rate per annum equal to 2.50% per annum above the Base Rate, payable on demand.

(c) All computations of interest under subsection (b) above and all computations of Yield, Fees, and other amounts hereunder shall be made on the basis of a year of 360 days for the actual number of days (including the first but excluding the last day) elapsed. *Whenever any payment or deposit to be made hereunder shall be due on a day other than a Business Day, such payment or deposit shall be made on the next succeeding Business Day and such extension of time shall be included in the computation of such payment or deposit.*

SECTION 2.07 Dividing or Combining Receivable Interests. Either the Seller or (following an Event of Termination or an Involuntary Bankruptcy Event) the Administrative Agent (in consultation with the Managing Agents) may, upon notice to the other party received

at least three (3) Business Days prior to the last day of any Settlement Period in the case of the Seller giving notice, or up to the last day of such Settlement Period in the case of the Administrative Agent giving notice, either (i) divide any Receivable Interest into two or more Receivable Interests having aggregate Capital equal to the Capital of such divided Receivable Interest, or (ii) combine any two or more Receivable Interests originating on such last day or having Settlement Periods ending on such last day into a single Receivable Interest having Capital equal to the aggregate of the Capital of such Receivable Interests; provided, however, that no Receivable Interest owned by any Conduit Purchaser may be combined with a Receivable Interest owned by any Bank Purchaser.

SECTION 2.08 Increased Costs. (a) If (i) an Accounting Based Consolidation Event shall have occurred, or (ii) the Administrative Agent, any Conduit Purchaser, any Bank Purchaser, any Managing Agent or any other Person (including any Conduit Support Provider or other bank or other financial institution providing liquidity and/or credit support to any Conduit Purchaser in connection with such Conduit Purchaser's commercial paper program) which enters into a commitment to purchase Receivable Interests or interests therein (each, an "Affected Person") determines that compliance with any change in any law or regulation or any guideline or request or in the interpretation or administration thereof from any central bank or other governmental authority (whether or not having the force of law) otherwise affects or would affect the amount of the capital required or expected to be maintained by such Affected Person and such Affected Person determines that the amount of such capital is increased by or based upon the existence of any commitment to make purchases of or otherwise to maintain the investment in Receivables or interests therein related to this Agreement or to the funding thereof, then, upon demand by such Affected Person (with a copy to the Administrative Agent), the Seller shall pay to the related Managing Agent for the account of such Affected Person (as a third-party beneficiary, in the case of an Affected Person that is not a party to this Agreement), from time to time as specified by such Affected Person, additional amounts sufficient to compensate such Affected Person in the light of such circumstances, to the extent that such Affected Person reasonably determines such increase in capital to be allocable to the existence of any of such commitments.

(b) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) compliance with any guideline or request from any central bank or other governmental authority (whether or not having the force of law), there shall be any increase in the cost to any Affected Person of agreeing to purchase or purchasing, or maintaining the ownership of Receivable Interests, then, upon demand by such Affected Person (with a copy to the Administrative Agent), the Seller shall pay to the related Managing Agent, for the account of such Affected Person, from time to time as specified by such Affected Person, additional amounts sufficient to compensate such Affected Person for such increased costs.

(c) A certificate of the Affected Person setting forth such amount or amounts (including computation of such amount or amounts) as shall be necessary to compensate the Affected Person as specified in paragraph (a) or (b) above, as the case may be, delivered to the Seller shall be conclusive and binding absent manifest error. Each Affected Person shall designate a different funding office for its purchases with respect to Receivable Interests hereunder if such designation will avoid the need for, or reduce the amount of, compensation

pursuant to this Section 2.08 and will not, in the sole opinion of such Affected Person, be disadvantageous to such Affected Person and will not result in any material expense.

(d) Failure on the part of any Affected Person to demand compensation for any increased costs or reduction in amounts received or receivable or reduction in return on capital with respect to any period shall not constitute a waiver of such Affected Person's right to demand compensation with respect to any other period. The protection of this Section shall be available to each Affected Person regardless of any possible contention of the invalidity or inapplicability of the law, rule, regulation, guideline or other change or condition which shall have occurred or been imposed.

SECTION 2.09 Taxes. (a) Any and all payments and deposits required to be made hereunder or under any other Transaction Document by the Servicer or the Seller shall be made free and clear of and without deduction for any and all present or future taxes, levies, imposts, deductions, charges or withholdings, and all liabilities with respect thereto, excluding net income taxes that are imposed by the United States and franchise taxes and net income taxes that are imposed on an Affected Person by the state or foreign jurisdiction under the laws of which such Affected Person is organized or any political subdivision thereof (all such non-excluded taxes, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as "Taxes"). If the Seller or the Servicer shall be required by law to deduct any Taxes from or in respect of any sum payable hereunder to any Affected Person, (i) the Seller shall make an additional payment to such Affected Person, in an amount sufficient so that, after making all required deductions (including deductions applicable to additional sums payable under this Section 2.09), such Affected Person receives an amount equal to the sum it would have received had no such deductions been made, (ii) the Seller or the Servicer, as the case may be, shall make such deductions and (iii) the Seller or the Servicer, as the case may be, shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law.

(b) In addition, the Seller agrees to pay any present or future stamp or other documentary taxes or any other excise or property taxes, charges or similar levies which arise from any payment made hereunder or under any other Transaction Document or from the execution, delivery or registration of, or otherwise with respect to, this Agreement or any other Transaction Document (hereinafter referred to as "Other Taxes").

(c) The Seller will indemnify each Affected Person for the full amount of Taxes or Other Taxes (including, without limitation, any Taxes or Other Taxes imposed by any jurisdiction on amounts payable under this Section 2.09) paid by such Affected Person and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto whether or not such Taxes or Other Taxes were correctly or legally asserted. This indemnification shall be made within thirty (30) days from the date the Affected Person makes written demand therefor (and a copy of such demand shall be delivered to the Administrative Agent). A certificate as to the amount of such indemnification submitted to the Seller and the Administrative Agent by such Affected Person, setting forth, in reasonable detail, the basis for and the calculation thereof, shall be conclusive and binding for all purposes absent manifest error.

(d) Each Affected Person who is organized outside the United States shall, prior to the date hereof (or, in the case of any Person who becomes an Affected Person after the date hereof, prior to the date on which it so becomes an Affected Person), (x) deliver to the Seller and the Administrative Agent such certificates, documents or other evidence, as required by the IRC or Treasury regulations issued pursuant thereto, including Internal Revenue Service Form W-8BEN or Form W-8ECI and any other certificate or statement of exemption required by Treasury Regulation Section 1.1441-1(a) or Section 1.1441-6(c) or any subsequent version thereof, properly completed and duly executed by such Affected Person establishing that such payment is (i) not subject to withholding under the IRC because such payment is effectively connected with the conduct by such Affected Person of a trade or business in the United States or (ii) totally exempt from United States tax under a provision of an applicable tax treaty and (y) upon request of the Seller or the Administrative Agent, and to the extent it may do so under applicable law, furnish any other government forms which are necessary or required under an applicable tax treaty or otherwise by law to reduce or eliminate any withholding tax. Each such Affected Person that changes its funding office shall promptly notify the Seller and the Administrative Agent of such change and, upon written request from the Seller or the Administrative Agent, shall deliver any new certificates, documents or other evidence required pursuant to the preceding sentence prior to the immediately following due date of any payment by the Seller hereunder. Unless the Seller and the Administrative Agent have received forms or other documents satisfactory to them indicating that payments hereunder are not subject to United States withholding tax, notwithstanding paragraph (a), the Seller or the Administrative Agent shall withhold taxes from such payments at the applicable statutory rate in the case of payments to or for any Affected Person organized under the laws of a jurisdiction outside the United States.

(e) The Seller shall not be required to pay any amounts to any Affected Person in respect of Taxes and Other Taxes pursuant to paragraphs (a), (b) and (c) above if the obligation to pay such amounts would not have arisen but for a failure by such Affected Person to comply with the provisions of paragraph (d) above unless such Affected Person is unable to comply with paragraph (d) because of (i) a change in applicable law, regulation or official interpretation thereof or (ii) an amendment, modification or revocation of any applicable tax treaty or a change in official position regarding the application or interpretation thereof, in each case after the date hereof (or, in the case of any Person who became an Affected Person after the date hereof, after the date on which it so became an Affected Person).

SECTION 2.10 Liquidity Asset Purchase Agreement Fundings. The parties hereto acknowledge that any Conduit Purchaser may put all or any portion of its Receivable Interests to the Bank Purchasers in its Purchaser Group at any time pursuant such Conduit Purchaser's related Liquidity Asset Purchase Agreement to finance or refinance the necessary portion of its Receivable Interests through a funding under such Liquidity Asset Purchase Agreement to the extent available. The fundings under each Liquidity Asset Purchase Agreement will accrue interest at the Assignee Rate. Regardless of whether a funding of Receivable Interests by any such Bank Purchaser constitutes the direct purchase of a Receivable Interest hereunder, an assignment under the related Liquidity Asset Purchase Agreement of a Receivable Interest originally funded by a Conduit Purchaser or the sale of one or more participations under the related Liquidity Asset Purchase Agreement in a Receivable Interest originally funded by a Conduit Purchaser, each Bank Purchaser participating in a funding of a

Receivable Interest shall have the rights and obligations of a "Purchaser" hereunder with the same force and effect as if it had directly purchased such Receivable Interest from Seller hereunder.

SECTION 2.11 Security Interest. As security for the performance by the Seller of all the terms, covenants and agreements on the part of the Seller (whether as Seller or otherwise) to be performed under this Agreement or any other Transaction Document, including the punctual payment when due of all Seller Obligations, the Seller hereby assigns to the Administrative Agent for its benefit and the ratable benefit of the other Indemnified Parties, and hereby grants to the Administrative Agent for its benefit and the ratable benefit of the other Indemnified Parties, a security interest in, all of the Seller's right, title and interest in and to (A) the Sale Agreement, including, without limitation, (i) all rights of the Seller to receive moneys due or to become due under or pursuant to the Sale Agreement, (ii) all security interests and property subject thereto from time to time purporting to secure payment of monies due or to become due under or pursuant to the Sale Agreement, (iii) all rights of the Seller to receive proceeds of any insurance, indemnity, warranty or guaranty with respect to Sale Agreement, (iv) claims of the Seller for damages arising out of or for breach of or default under the Sale Agreement, and (v) the right of the Seller to compel performance and otherwise exercise all remedies thereunder, (B) all Receivables, whether now owned and existing or hereafter acquired or arising, all Related Security and Collections with respect thereto and all Lock-Boxes and all Blocked Accounts and funds on deposit therein, (C) all other assets of the Seller, whether now owned and existing or hereafter acquired or arising, including, without limitation, all accounts, chattel paper, goods, instruments, investment property, deposit accounts and general intangibles (as those terms are defined in the UCC as in effect on the date hereof in the State of New York), including undivided interests in any of the foregoing, now owned or hereafter acquired by the Seller and not otherwise purchased under this Agreement, and (D) to the extent not included in the foregoing, all proceeds of any and all of the foregoing.

SECTION 2.12 Replacement of Purchaser Groups. During any time that any Bank Purchaser is a Defaulting Purchaser, the Seller may, upon written notice to such Bank Purchaser, the related Managing Agent and the Administrative Agent, replace such Bank Purchaser and its Purchaser Group by causing such Bank Purchaser and all other Purchasers in such Purchaser Group to assign their respective Commitments, if any, and Receivable Interests (with the assignment fee to be paid by the Seller in such instance) pursuant to Section 11.01(b) to one or more other Purchasers or Eligible Assignees procured by the Seller upon payment in full all Capital, Yield, Fees and other amounts owing to such Purchasers and the Managing Agent in such Purchaser Group through the date of replacement, and the Company shall release all such Purchasers and the Managing Agent of such Purchaser Group from their respective obligations under, and each such Purchaser and the related Managing Agent shall cease to be party to, this Agreement and the other Transaction Documents, if any. Any Purchaser being so replaced shall execute and deliver an Assignment and Assumption with respect to its Commitment, if any, and Receivable Interests.

## ARTICLE III

### CONDITIONS OF PURCHASES

SECTION 3.01 Conditions Precedent to Initial Purchase. The initial purchase of a *Receivable Interest under this Agreement* is subject to the conditions precedent that the Administrative Agent and the Managing Agents shall have received on or before the date of such purchase the following, each (unless otherwise indicated) dated such date, in form and substance satisfactory to the Administrative Agent and the Managing Agents:

(a) Certified copies of the resolutions of the Board of Directors of each Transaction Party approving each Transaction Document to which it is a party and certified copies of all documents evidencing other necessary corporate action and governmental approvals, if any, with respect to this Agreement and the other Transaction Documents.

(b) A certificate of the Secretary or Assistant Secretary of each Transaction Party certifying the names and true signatures of the officers of such Transaction Party authorized to sign the Transaction Documents to which it is a party.

(c) Acknowledgment copies or time stamped receipt copies (or other evidence of filing) of proper financing statements, duly filed on or before the date of such initial purchase under the UCC of all jurisdictions that the Administrative Agent may deem necessary or desirable in order to perfect the ownership and security interests contemplated by this Agreement and the Sale Agreement.

(d) Acknowledgment copies or time stamped receipt copies (or other evidence of filing) of proper financing statements necessary to release all security interests and other rights of any Person in the Receivables, Contracts or Related Security previously granted by any Transaction Party or any of their respective Affiliates.

(e) Completed requests for information, dated on or before the date of such initial purchase, listing all effective financing statements filed in the jurisdictions referred to in subsection (c) above that name the Seller or the Originator as debtor, together with copies of such financing statements (none of which shall cover any Receivables, Contracts, Related Security or the collateral referred to in Section 2.11 except to the extent the Administrative Agent shall have received executed termination statements therefor pursuant to subsection (d) above).

(f) Executed copies of Blocked Account Agreements for each Blocked Account and each Lock-Box.

(g) Favorable opinions of (i) Schiff Hardin LLP, counsel for the Seller, the Servicer, the Originator and NiSource, relating to true sale and substantive consolidation issues, enforceability of this Agreement and the other Transaction Documents, creation of security interests, perfection of security interests granted hereunder, non-contravention of laws and agreements, general corporate matters and such other matters as the Administrative Agent may reasonably request and (ii) Post & Schell PC, special Pennsylvania counsel to the Seller, the

Servicer, the Originator and NiSource, relating to perfection of security interests under the Receivables Sale Agreement, due authorization and certain regulatory issues.

- (h) An executed copy of the Sale Agreement.
- (i) An executed copy of the Performance Guaranty.
- (j) A copy of the by-laws of each Transaction Party, certified by the Secretary or Assistant Secretary of such Transaction Party.
- (k) A copy of the certificate or articles of incorporation of each Transaction Party, certified as of a recent date by the Secretary of State or other appropriate official of the State of incorporation of such Transaction Party, and a certificate as to the good standing of each Transaction Party from such Secretary of State or other official, dated as of a recent date.
- (l) The opening pro forma balance sheet of the Seller referred to in Section 4.01(e).

**SECTION 3.02 Conditions Precedent to All Purchases and Reinvestments.** Each purchase (including the initial purchase) and each reinvestment hereunder shall be subject to the further conditions precedent that:

(a) the Servicer shall have delivered to the Administrative Agent and the Managing Agents all Monthly Reports and Daily Reports required to be delivered hereunder, each duly completed and containing information covering the most recently ended reporting period for which information is required pursuant to Section 6.02(g) and (h);

(b) on the date of such purchase or reinvestment the following statements shall be true, except that the statements in clause (iii) below are required to be true only if such reinvestment is by a Conduit Purchaser (and acceptance of the proceeds of such purchase or reinvestment shall be deemed a representation and warranty by the Seller and the Servicer (each as to itself) that such statements are then true):

(i) the representations and warranties contained in Sections 4.01 and 4.02 are correct on and as of the date of such purchase or reinvestment as though made on and as of such date;

(ii) no event has occurred and is continuing, or would result from such purchase or reinvestment, that constitutes an Event of Termination, an Involuntary Bankruptcy Event or, in the case of a purchase, an Incipient Event of Termination;

(iii) no Managing Agent shall have given the Seller notice that a Conduit Purchaser has terminated the reinvestment of Collections in Receivable Interests; provided, however that no such notice shall relieve the related Bank Purchaser in such Conduit Purchaser's Purchaser Group of its obligation to make purchases and reinvestments as set forth herein; and

(iv) the Originator shall have sold or contributed to the Seller, pursuant to the Sale Agreement, all Receivables that arose on or prior to such date; and

(c) the Administrative Agent and each Managing Agent shall have received such other approvals, opinions or documents as it may reasonably request.

#### ARTICLE IV

#### REPRESENTATIONS AND WARRANTIES

SECTION 4.01 Representations and Warranties of the Seller. The Seller hereby represents and warrants as follows to the Administrative Agent, each Managing Agent and each Purchaser, as to itself, as of the date hereof and as of the date of each purchase or reinvestment hereunder:

(a) The Seller is a corporation duly formed and validly existing under the laws of Delaware, and is duly qualified to do business, and is in good standing, in every jurisdiction where the nature of its business requires it to be so qualified.

(b) The execution, delivery and performance by the Seller of the Transaction Documents, including the Seller's use of the proceeds of purchases and reinvestments, (i) are within the Seller's corporate powers, (ii) have been duly authorized by all necessary corporate action, (iii) do not contravene (1) the Seller's certificate or articles of incorporation or by-laws, (2) any law, rule or regulation applicable to the Seller, (3) any contractual restriction binding on or affecting the Seller or its property or (4) any order, writ, judgment, award, injunction or decree binding on or affecting the Seller or its property, and (iv) do not result in or require the creation of any Adverse Claim upon or with respect to any of its properties (except as created pursuant to this Agreement). Each of the Transaction Documents has been duly executed and delivered by the Seller.

(c) No authorization or approval or other action by, and no notice to or filing with, any governmental authority or regulatory body is required for the due execution, delivery and performance by the Seller of the Transaction Documents to which it is a party or any other document to be delivered thereunder other than those that have been obtained or made and except for the filing of UCC financing statements which are referred to therein.

(d) Each of the Transaction Documents to which the Seller is a party constitutes the legal, valid and binding obligation of the Seller enforceable against the Seller in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity, regardless of whether such enforceability is considered in a proceeding in equity or at law.

(e) The opening pro forma balance sheet of the Seller as of March 15, 2010, giving effect to the initial purchase to be made under this Agreement, a copy of which has been furnished to the Administrative Agent and the Managing Agents, fairly presents the financial condition of the Seller as of such date, in accordance with generally accepted accounting principles, and since its formation there has been no (i) material adverse change in the business,

operations, property or financial condition of the Seller or (ii) other event or circumstance which has had or will have a Material Adverse Effect.

(f) There is no pending or (to the best knowledge of the Seller) threatened action or proceeding affecting the Seller before any court, governmental agency or arbitrator. The Seller is not in default in any material respect of any order of any court, arbitrator or governmental agency.

(g) No proceeds of any purchase or reinvestment will be used for a purpose that violates or would be inconsistent with Regulation T, U or X promulgated by the Board of Governors of the Federal Reserve System from time to time.

(h) Each Receivable treated as or represented to be a Pool Receivable is owned by the Seller free and clear of any Adverse Claim (except for Permitted Liens or as created in favor of the Administrative Agent and the Purchasers hereunder). The Purchasers have acquired a valid and perfected first priority ownership interest or security interest in each Pool Receivable now existing or hereafter arising and in the Related Security and Collections with respect thereto, in each case free and clear of any Adverse Claim other than Permitted Liens. No effective financing statement or other instrument similar in effect is filed in any recording office listing the Seller as debtor, covering any Receivable, Related Security or Collections except such as may be filed in favor of the Administrative Agent in accordance with this Agreement. No effective financing statement or other instrument similar in effect, is filed in any recording office listing the Originator as debtor, covering any Receivable, Related Security or Collections except such as may be filed in favor of the Seller and assigned to the Administrative Agent in accordance with this Agreement.

(i) Each Monthly Report and Daily Report (in each case, if prepared by any Transaction Party or one of their respective Affiliates, or to the extent that information contained therein is supplied by any Transaction Party or an Affiliate), all information, and each exhibit, financial statement, document, book, record or report furnished or to be furnished in writing at any time by or on behalf of any Transaction Party to the Administrative Agent, any Managing Agent or any Purchaser in connection with this Agreement is or will be accurate in all material respects as of its date or (except as otherwise disclosed to the Administrative Agent, the Managing Agent or the Purchaser, as the case may be, at such time) as of the date so furnished, and no such Monthly Report, Daily Report, information, exhibit, financial statement, document, book, record or report, as of its date, contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary in order to make the statements contained therein, in the light of the circumstances under which they were made, not materially misleading.

(j) The principal place of business of the Seller and the office where the Seller keeps its records concerning the Receivables are located at the address or addresses referred to in Section 5.01(b).

(k) The names and addresses of all the Blocked Account Banks together with the number of the Lock-Boxes and the account numbers of the Blocked Accounts of the Seller at

or maintained by such Blocked Account Banks are as specified in Schedule II hereto, as such Schedule II may be updated from time to time pursuant to Section 5.01(g).

(l) Each purchase of a Receivable Interest and each reinvestment of Collections in Receivables will constitute (i) a "current transaction" within the meaning of Section 3(a)(3) of the Securities Act of 1933, as amended, and (ii) a purchase or other acquisition of notes, drafts, acceptances, open accounts receivable or other obligations representing part or all of the sales price of merchandise or services within the meaning of Section 3(c)(5) of the Investment Company Act of 1940, as amended.

(m) In the past five (5) years, the Seller has not used any corporate name, trade name or doing-business-as name other than the name in which it has executed this Agreement. The Seller's organizational identification number is 4752028.

(n) The Seller was formed on March 2, 2010 and the Seller did not engage in any business activities prior to the date of this Agreement. The Seller has no Subsidiaries. Columbia Gas of Pennsylvania directly owns 100% of the capital stock of the Seller, free and clear of any Adverse Claims other than Permitted Liens.

(o) (i) The fair value of the property of the Seller is greater than the total amount of liabilities, including contingent liabilities, of the Seller, (ii) the present fair salable value of the assets of the Seller is not less than the amount that will be required to pay all probable liabilities of the Seller on its debts as they become absolute and matured, (iii) the Seller does not intend to, and does not believe that it will, incur debts or liabilities beyond the Seller's abilities to pay such debts and liabilities as they mature and (iv) the Seller is not engaged in a business or a transaction, and is not about to engage in a business or a transaction, for which the Seller's property would constitute unreasonably small capital.

(p) With respect to each Receivable, the Seller (i) shall have received such Receivable as a contribution to the capital of the Seller by Originator or (ii) shall have purchased such Receivable from Originator in exchange for payment (made by the Seller to Originator in accordance with the provisions of the Sale Agreement) of cash, Purchase Price Credits (as defined in the Sale Agreement), Deferred Purchase Price, or a combination thereof in an amount which constitutes fair consideration and reasonably equivalent value. Each such sale referred to in clause (ii) of the preceding sentence shall not have been made for or on account of an antecedent debt owed by Originator to the Seller and no such sale or capital contribution is or may be voidable or subject to avoidance under any section of the United States Bankruptcy Code.

(q) The Seller and its ERISA Affiliates are in compliance in all material respects with ERISA, and no Adverse Claim exists in favor of the Pension Benefit Guaranty Corporation on any of the Receivables.

(r) Each Receivable included as an Eligible Receivable in the calculation of the Net Receivables Pool Balance on any Monthly Report or Daily Report satisfies the requirements of eligibility contained in the definition of "Eligible Receivable" as of the date of the information reported in such Monthly Report or Daily Report.

(s) On the date of each purchase and reinvestment hereunder (and after giving effect thereto), the sum of the Receivable Interests does not exceed 100% except to the extent that Collections set aside and held for the benefit of the Purchasers pursuant to Section 2.04(b)(iii) would cause the sum of the Receivable Interests to be less than or equal to 100% if such funds were applied to the reduction of Capital.

(t) Each of the representations and warranties set forth on Annex F are true and correct.

(u) The Seller is not an "investment company" within the meaning of the Investment Company Act of 1940, as amended.

(v) Each of the facts and assumptions with respect to the Seller, and its conduct set forth in the opinion letter issued by Schiff Hardin LLP, in connection with the closing under this Agreement and relating to issues of "true sale" and "substantive nonconsolidation", and in the certificates accompanying such opinion letter, are true and correct.

(w) The Seller has complied in all respects with all applicable laws, rules, regulations, orders, writs, judgments, injunctions, decrees or awards to which it may be subject. Each Receivable, together with the Contract related thereto, does not contravene any laws, rules or regulations applicable thereto (including, without limitation, laws, rules and regulations relating to truth in lending, fair credit billing, fair credit reporting, equal credit opportunity, fair debt collection practices and privacy), and no part of such Contract is in violation of any such law, rule or regulation, except where such contravention or violation could not reasonably be expected to have a Material Adverse Effect.

(x) The Seller has complied in all material respects with the Credit and Collection Policy with regard to each Receivable and the related Contract, and has not made any change to such Credit and Collection Policy, except for any such change in the Credit and Collection Policy permitted under Section 5.01(f).

SECTION 4.02 Representations and Warranties of the Servicer. Columbia Gas of Pennsylvania, in its capacity as Servicer, hereby represents and warrants as follows to the Administrative Agent, each Managing Agent and each Purchaser as of the date hereof and as of the date each purchase or reinvestment hereunder:

(a) The Servicer is a corporation duly incorporated, validly existing and in good standing under the laws of Pennsylvania, and is duly qualified to do business, and is in good standing, in every jurisdiction where the nature of its business requires it to be so qualified.

(b) The execution, delivery and performance by the Servicer of this Agreement and any other documents to be delivered by it hereunder (i) are within the Servicer's corporate powers, (ii) have been duly authorized by all necessary corporate action, (iii) do not contravene (1) the Servicer's charter or by-laws, (2) any law, rule or regulation applicable to the Servicer, (3) any contractual restriction binding on or affecting the Servicer or its property or (4) any order, writ, judgment, award, injunction or decree binding on or affecting the Servicer or its property (unless, in the case of the preceding clauses (3) and (4), such non-contravention would not reasonably be expected to have a Material Adverse Effect), and (iv) do not result in or

require the creation of any Adverse Claim upon or with respect to any of its properties. This Agreement has been duly executed and delivered by the Servicer.

(c) No authorization or approval or other action by, and no notice to or filing with, any governmental authority or regulatory body is required for the due execution, delivery and performance by the Servicer of this Agreement or any other document to be delivered by it hereunder (other than those that have been obtained or made).

(d) This Agreement constitutes the legal, valid and binding obligation of the Servicer enforceable against the Servicer in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity, regardless of whether such enforceability is considered in a proceeding in equity or at law.

(e) The balance sheets of the Servicer and its Subsidiaries as of December 31, 2008, and the related statements of income and retained earnings of the Servicer and its Subsidiaries as of and for the fiscal year then ended, copies of which have been furnished to the Administrative Agent and the Managing Agents, fairly present the financial condition of the Servicer and its Subsidiaries as at such date and the results of the operations of the Servicer and its Subsidiaries for the fiscal year ended on such date, all in accordance with generally accepted accounting principles consistently applied. Since December 31, 2008, there has been no material adverse change in the business, operations, property or financial condition of the Servicer.

(f) There is no pending or (to the best knowledge of the Servicer) threatened action or proceeding affecting the Servicer or any of its Subsidiaries before any court, governmental agency or arbitrator which (if adversely determined) would constitute an Event of Termination or otherwise have a Material Adverse Effect, except as disclosed in the Servicer's financial statements referred to in Section 4.02(e).

(g) On the date of each purchase and reinvestment hereunder (and after giving effect thereto) the sum of the Receivable Interests does not exceed 100% except to the extent that Collections set aside and held for the benefit of the Purchasers pursuant to Section 2.04(b)(iii) would cause the sum of the Receivable Interests to be less than or equal to 100% if such funds were applied to the reduction of Capital.

(h) Servicer is able, on any date on which it is required to make such an identification under the terms of this Agreement, to produce a report identifying which amounts paid into the Blocked Accounts constitute Collections and which amounts constitute other amounts.

(i) Servicer has complied in all respects with all applicable laws, rules, regulations, orders, writs, judgments, injunctions, decrees or awards to which it may be subject. Each Receivable, together with the Contract related thereto, does not contravene any laws, rules or regulations applicable thereto (including, without limitation, laws, rules and regulations relating to truth in lending, fair credit billing, fair credit reporting, equal credit opportunity, fair debt collection practices and privacy), and no part of such Contract is in violation of any such

law, rule or regulation, except where such contravention or violation could not reasonably be expected to have a Material Adverse Effect.

(j) Servicer has complied in all material respects with the Credit and Collection Policy with regard to each Receivable and the related Contract, and has not made any change to such Credit and Collection Policy, except for any such change in the Credit and Collection Policy permitted under Section 5.01(f).

## ARTICLE V

### COVENANTS

SECTION 5.01 Covenants of the Seller. Until the later of (i) the Termination Date and (ii) the date on which no Capital of or Yield on any Receivable Interest shall be outstanding and all Fees and other Seller Obligations are paid in full:

(a) Compliance with Laws, Etc. The Seller will comply in all respects with all applicable laws, rules, regulations and orders and preserve and maintain its corporate existence, rights, franchises, qualifications, and privileges except to the extent that the failure so to comply with such laws, rules and regulations or the failure so to preserve and maintain such rights, franchises, qualifications, and privileges would not reasonably be expected to have a Material Adverse Effect.

(b) Offices, Records and Books of Account. The Seller will keep its principal place of business and the office where it keeps its records concerning the Receivables at (i) the address of the Seller set forth under its name on the signature pages to this Agreement, or (ii) upon thirty (30) days' prior written notice to the Administrative Agent and the Managing Agents, at any other locations in jurisdictions where all actions reasonably requested by the Administrative Agent to protect and perfect the interest in the Receivables have been taken and completed. The Seller also will maintain and implement administrative and operating procedures (including, without limitation, an ability to recreate records evidencing Receivables and related Contracts in the event of the destruction of the originals thereof), and keep and maintain all documents, books, records and other information reasonably necessary or advisable for the collection of all Receivables (including, without limitation, records adequate to permit the daily identification of each Receivable and all Collections of and adjustments to each existing Receivable).

(c) Performance and Compliance with Contracts and Credit and Collection Policy. The Seller will, at its expense, (i) timely and fully perform and comply in all material respects with all provisions, covenants and other promises required to be observed by it under the Contracts related to the Receivables and (ii) timely and fully comply in all material respects with the Credit and Collection Policy in regard to each Receivable and the related Contracts.

(d) Sales, Liens, Etc. The Seller will not sell, assign (by operation of law or otherwise) or otherwise dispose of, or create or suffer to exist any Adverse Claim (except for Permitted Liens or the interest in favor of the Administrative Agent and the Indemnified Parties created pursuant to this Agreement) upon or with respect to, any Receivable, Related Security,

related Contract or Collections, or upon or with respect to any Blocked Account or Lock-Box or any other asset of the Seller, or assign any right to receive income in respect thereof.

(e) Extension or Amendment of Receivables and Contracts. Except as provided in Section 6.02(c), the Seller will not extend, amend or otherwise modify the terms of any Receivable or amend, modify or waive any term or condition of any Contract related thereto.

(f) Change in Business or Credit and Collection Policy. The Seller will not make any change in the character of its business or in the Credit and Collection Policy, except for any such change in the Credit and Collection Policy that would not impair the collectibility of any Receivable.

(g) Addition or Termination of Blocked Accounts and Lock-Boxes; Change in Payment Instructions to Obligors. The Seller will not add or terminate any bank as a Blocked Account Bank from those listed in Schedule II to this Agreement, or make any change in its instructions to Obligors regarding payments to be made in respect of the Receivables, unless the Administrative Agent and the Managing Agents shall have received notice of such addition, termination or change (including an updated Schedule II) and with respect to each new Lock-Box or Blocked Account, a fully executed Blocked Account Agreement.

(h) Deposits to Lock-Boxes and Blocked Accounts. The Seller will cause all Obligors to be instructed to remit all their payments in respect of Receivables to one of the Lock-Boxes or Blocked Accounts or to a Sub-Agent that has been instructed to remit payments to one of the Blocked Accounts. If the Seller shall receive any Collections directly, the Seller shall promptly (and in any event within one (1) Business Day) cause such Collections to be deposited into a Blocked Account. From and after the occurrence of a Lock-Box Event, the Seller will not permit any funds to be deposited into any Blocked Account other than Collections of Receivables, proceeds of accounts receivable generated under any Percent of Income Plan, Retail Services Payments, and prepayments made under any Balanced Payment Plan.

(i) Further Assurances; Change in Name or Jurisdiction of Origination, etc.

(i) The Seller agrees from time to time, at its expense, promptly to execute and deliver all further instruments and documents, and to take all further actions, that may be necessary or desirable, or that the Administrative Agent may reasonably request, to perfect, protect or more fully evidence the Receivable Interests purchased under this Agreement and/or security interest granted pursuant to this Agreement, or to enable any Managing Agent, any Conduit Purchaser, any Bank Purchaser or the Administrative Agent to exercise and enforce their respective rights and remedies under this Agreement. Without limiting the foregoing, the Seller will, upon the request of the Administrative Agent, execute and file such financing or continuation statements, or amendments thereto, and such other instruments and documents, that may be necessary or desirable, or that the Administrative Agent may reasonably request, to perfect, protect or evidence such Receivable Interests.

(ii) The Seller authorizes the Administrative Agent to file financing or continuation statements, and amendments thereto and assignments thereof, relating to the Receivables and the Related Security, the related Contracts and the Collections with respect thereto and the other Collateral described in Section 2.11 without the signature of the Seller. A photocopy or other reproduction of this Agreement shall be sufficient as a financing statement where permitted by law.

(iii) The Seller shall at all times be organized under the laws of the State of Delaware and shall not take any action to change its jurisdiction of organization.

(iv) The Seller will not change its name, identity or corporate structure unless the Administrative Agent and the Managing Agents shall have received at least thirty (30) days' advance written notice of such change and all action by the Seller necessary or appropriate to perfect or maintain the perfection of the Receivable Interests (including, without limitation, the filing of all financing statements and the taking of such other action as the Administrative Agent may request in connection with such change or relocation) shall have been duly taken.

(j) Reporting Requirements. The Seller will cause to be provided to the Administrative Agent and each Managing Agent the following:

(i) as soon as available and in any event within ninety (90) days after the end of each fiscal year of Columbia Gas of Pennsylvania, a consolidated balance sheet of Columbia Gas of Pennsylvania and its Subsidiaries as of the end of such fiscal year and the related consolidated statements of income, cash flows and changes in common stockholders' equity for such fiscal year, setting forth in each case in comparative form the figures for the previous fiscal year, certified by a Financial Officer of Columbia Gas of Pennsylvania as having been prepared in conformity with generally accepted accounting principles consistently applied;

(ii) as soon as available and in any event within forty-five (45) days after the end of each of the first three (3) quarters of each fiscal year of Columbia Gas of Pennsylvania, a consolidated balance sheet of Columbia Gas of Pennsylvania and its Subsidiaries, as of the end of such quarter and the related consolidated statement of income for such quarter and for the portion of Columbia Gas of Pennsylvania's fiscal year ended at the end of such quarter, and the related consolidated statement of cash flows for the portion of Columbia Gas of Pennsylvania's fiscal year ended at the end of such quarter, setting forth in each case in comparative form (A) for the consolidated balance sheet, the figures as of the end of Columbia Gas of Pennsylvania's previous fiscal year, (B) for the consolidated statement of income, the figures for the corresponding quarter and the corresponding portion of Columbia Gas of Pennsylvania's previous fiscal year and (C) for the consolidated statement of cash flows, the figures for the corresponding portion of Columbia Gas of Pennsylvania's previous fiscal year; the delivery of such financial statement shall constitute a certification (subject to

normal year-end adjustments) as to fairness of presentation and conformity with generally accepted accounting principles consistently applied;

(iii) as soon as (and if) available and in any event within ninety (90) days after the end of each fiscal year of NiSource, a Form 10-K for NiSource which will include an audited consolidated balance sheet of NiSource and its Consolidated Subsidiaries as of the end of such fiscal year and the related audited consolidated statements of income, cash flows and changes in common stockholders' equity for such fiscal year, setting forth in each case in comparative form the figures for the previous fiscal year, all reported on in a manner acceptable to the United States Securities and Exchange Commission by independent public accountants of nationally recognized standing; provided, however, that such Form 10-K need not be provided if it is available, within the above referenced time period, via the EDGAR system of the United States Securities and Exchange Commission ("EDGAR") on the Internet;

(iv) as soon as (and if) available and in any event within forty-five (45) days after the end of each of the first three (3) quarters of each fiscal year of NiSource, a Form 10-Q for NiSource which will include a consolidated balance sheet of NiSource and its Consolidated Subsidiaries, as of the end of such quarter and the related consolidated statement of income for such quarter and for the portion of NiSource's fiscal year ended at the end of such quarter, and the related consolidated statement of cash flows for the portion of NiSource's fiscal year ended at the end of such quarter, setting forth in each case in comparative form (A) for the consolidated balance sheet, the figures as of the end of NiSource's previous fiscal year, (B) for the consolidated statement of income, the figures for the corresponding quarter and the corresponding portion of NiSource's previous fiscal year and (C) for the consolidated statement of cash flows, the figures for the corresponding portion of NiSource's previous fiscal year; the delivery of such financial statement shall constitute a certification (subject to normal year-end adjustments) as to fairness of presentation and conformity with generally accepted accounting principles consistently applied; provided, however, that such Form 10-Q need not be provided if it is available, within the above referenced time period, via EDGAR on the Internet;

(v) as soon as available and in any event within ninety (90) days after the end of the fourth fiscal quarter of each fiscal year of the Seller and, within forty-five (45) days after the end of each of the first three (3) quarters of each fiscal year of the Seller, a balance sheet of the Seller as of the end of such quarter and a statement of income and retained earnings of the Seller for the period commencing at the end of the previous fiscal year and ending with the end of such quarter, certified by a Financial Officer of the Seller as having been prepared in accordance with generally accepted accounting principles consistently applied;

(vi) as soon as possible and in any event within five (5) Business Days after obtaining knowledge of the occurrence of each Event of Termination or Incipient Event of Termination, a statement of a Financial Officer of the Seller

setting forth details of such Event of Termination or Incipient Event of Termination and the action that the Seller has taken and proposes to take with respect thereto;

(vii) promptly after the sending or filing thereof, copies of all reports that NiSource files with the SEC or distributes to its shareholders; provided, however, that such reports need not be provided if they are available via EDGAR on the Internet;

(viii) promptly after the filing or receiving thereof, copies of all reports and notices that the Seller or any Affiliate files under ERISA with the Internal Revenue Service or the Pension Benefit Guaranty Corporation or the U.S. Department of Labor or that the Seller or any Affiliate receives from any of the foregoing or from any multiemployer plan (within the meaning of Section 4001(a)(3) of ERISA) to which the Seller or any Affiliate is or was, within the preceding five (5) years, a contributing employer, in each case in respect of the assessment of withdrawal liability or an event or condition which could, in the aggregate, result in the imposition of liability on the Seller and/or any such Affiliate in excess of \$50,000,000, other than the liability for payment of amounts required to satisfy a minimum funding requirement standard under ERISA Section 302, or an alternative minimum funding standard under ERISA Section 305, provided that such required funding amounts do not include any waived funding deficiency with the meaning of ERISA Section 302;

(ix) at least thirty (30) days prior to any change in the name or jurisdiction of organization of any Transaction Party, a notice setting forth the new name or jurisdiction of organization, as applicable, and the effective date thereof;

(x) promptly and in any event within five (5) Business Days after the Seller obtains knowledge thereof, notice of any "Event of Termination" or "Facility Termination Date" under the Sale Agreement;

(xi) as soon as possible and in any event no later than the day of occurrence thereof, notice that the Originator has stopped selling to the Seller, pursuant to the Sale Agreement, all newly arising Receivables;

(xii) at the time of the delivery of the financial statements provided for in clause (v) of this paragraph, a certificate of a Financial Officer of the Seller to the effect that, to the best of such officer's knowledge, no Event of Termination or Incipient Event of Termination has occurred and is continuing or, if any Event of Termination or Incipient Event of Termination has occurred and is continuing, specifying the nature and extent thereof;

(xiii) promptly after receipt thereof, copies of all notices received by the Seller from the Originator under the Sale Agreement;

(xiv) promptly upon learning thereof, notice of any downgrade in the Debt Rating (or the withdrawal by either S&P or Moody's of a Debt Rating) of any Transaction Party, setting forth the Debt affected and the nature of such change (or withdrawal);

(xv) at least thirty (30) days prior to any resignation or termination of the Person acting as the independent director as required pursuant to Section 5.01(k), a notice setting forth the name of the replacement independent director and the effective date of such resignation or termination, as applicable, and replacement; provided, however, if such resignation or termination is at the initiative of the independent director, the Seller shall provide notice thereof to the Administrative Agent and each Managing Agent within three (3) Business Days of the Seller's actual knowledge thereof.

(xvi) promptly after the occurrence thereof any event or condition that has had, or could reasonably be expected to have, a Material Adverse Effect; and

(xvii) such other information respecting the Receivables or the condition or operations, financial or otherwise, of any Transaction Party as the Administrative Agent or any Managing Agent may from time to time reasonably request.

(k) Separateness. (i) The Seller shall at all times maintain at least one independent director who (w) is not currently and has not been during the five (5) years preceding the date of this Agreement an officer, director or employee of an Affiliate of the Seller or any Other Company, (x) is not a current or former officer or employee of the Seller, (y) is not a stockholder of any Other Company or any of their respective Affiliates and (z) who (A) has prior experience as an independent director for a corporation whose charter documents required the unanimous consent of all independent directors thereof before such corporation could consent to the institution of bankruptcy or insolvency proceedings against it or could file a petition seeking relief under any applicable federal or state law relating to bankruptcy and (B) has at least three (3) years of employment experience with one or more entities that provide, in the ordinary course of their respective businesses, advisory, management or placement services to issuers of securitization or structured finance instruments, agreements or securities.

(ii) The Seller shall not direct or participate in the management of any of the Other Companies' operations.

(iii) The Seller shall conduct its business from an office separate from that of the Other Companies (but which may be located in the same facility as one or more of the Other Companies). The Seller shall have stationery and other business forms separate from that of the Other Companies.

(iv) The Seller shall at all times be adequately capitalized in light of its contemplated business.

(v) The Seller shall at all times provide for its own operating expenses and liabilities from its own funds except that common overhead expenses may be shared by the Seller and the Other Companies on a basis reasonably related to use.

(vi) The Seller shall maintain its assets and transactions separately from those of the Other Companies and reflect such assets and transactions in financial statements separate and distinct from those of the Other Companies and evidence such assets and transactions by appropriate entries in books and records separate and distinct from those of the Other Companies. The Seller shall hold itself out to the public under the Seller's own name as a legal entity separate and distinct from the Other Companies. The Seller shall not hold itself out as having agreed to pay, or as being liable, primarily or secondarily, for, any obligations of the Other Companies.

(vii) The Seller shall not maintain any joint account with any Other Company or become liable as a guarantor or otherwise with respect to any Debt or contractual obligation of any Other Company.

(viii) The Seller shall not make any payment or distribution of assets with respect to any obligation of any Other Company or grant an Adverse Claim on any of its assets to secure any obligation of any Other Company.

(ix) The Seller shall not make loans, advances or otherwise extend credit to any of the Other Companies except as expressly contemplated by the Sale Agreement.

(x) The Seller shall hold regular duly noticed meetings of its Board of Directors, make and retain minutes of such meetings and otherwise observe all corporate formalities.

(xi) The Seller shall have bills of sale (or similar instruments of assignment) and, if appropriate, UCC-1 financing statements, with respect to all assets purchased from any of the Other Companies, in each case to the extent such bills of sale and UCC-1 financing statements would be customarily prepared in transactions with non-Affiliates.

(xii) The Seller shall not engage in any transaction with any of the Other Companies, except as permitted by this Agreement and as contemplated by the Sale Agreement.

(xiii) The Seller shall prepare its financial statements separately from those of any of the Other Companies and shall ensure that any consolidated financial statements of any Other Company that are filed with the Securities and Exchange Commission or any other governmental agency or are furnished to any creditors of any Other Company do not treat any of the Pool Receivables as an asset of the Originator, except to the extent required by generally accepted accounting principles.

(xiv) The Seller shall take such other actions as are necessary on its part to ensure that the facts and assumptions set forth in the opinion issued by Schiff Hardin LLP in connection with the closing of this Agreement and relating to substantive consolidation issues, and in the certificates accompanying such opinion, remain true and correct in all material respects at all times.

(l) Transaction Documents. The Seller will not terminate, amend, waive or modify, or consent to any termination, amendment, waiver or modification of, any provision of any Transaction Document or grant any other consent or other indulgence under any Transaction Document, in each case without the prior written consent of the Administrative Agent and the Required Managing Agents. The Seller will perform all of its obligations under the Sale Agreement and will enforce the Sale Agreement in accordance with its terms. The Seller will take all actions to perfect and enforce its rights and interests (and the rights and interests of the Administrative Agent, the Managing Agents and the Purchasers as assignees of Seller) under the Sale Agreement as the Administrative Agent may from time to time reasonably request, including, without limitation, making claims to which it may be entitled under any indemnity, reimbursement or similar provision contained in the Sale Agreement.

(m) Nature of Business. The Seller will not engage in any business other than the purchase of Receivables, Related Security and Collections from the Originator and the transactions contemplated by this Agreement and the Sale Agreement. The Seller will not create or form any Subsidiary.

(n) Mergers, Etc. The Seller will not merge with or into or consolidate with or into, or convey, transfer, lease or otherwise dispose of (whether in one transaction or in a series of transactions), all or substantially all of its assets (whether now owned or hereafter acquired) to, or acquire all or substantially all of the assets or capital stock or other ownership interest of, or enter into any joint venture or partnership agreement with, any Person, other than as contemplated by this Agreement and the Sale Agreement.

(o) Distributions, Etc. The Seller will not declare or make any dividend payment or other distribution of assets, properties, cash, rights, obligations or securities on account of any equity interests of the Seller, or return any capital to its equity holders as such, or purchase, retire, defease, redeem or otherwise acquire for value or make any payment in respect of any equity of the Seller or any warrants, rights or options to acquire any equity of the Seller, now or hereafter outstanding; provided, however, that the Seller may declare and pay cash dividends out of Collections available for such purpose pursuant to the Transaction Documents so long as (i) no Event of Termination shall then exist or would occur as a result thereof, (ii) such dividends are in compliance with all applicable law, and (iii) such dividends have been approved by all necessary and appropriate corporate action of the Seller and its board of directors.

(p) Debt. The Seller shall not create, incur, guarantee, assume or suffer to exist any indebtedness or other liabilities, whether direct or contingent, other than (i) as a result of the endorsement of negotiable instruments for deposit or collection or similar transactions in the ordinary course of business, (ii) the incurrence of obligations under this Agreement, (iii) the incurrence of other obligations pursuant to, and, as expressly contemplated in, the Sale Agreement, and (iv) the incurrence of operating expenses in the ordinary course of business.

(q) Certificate of Incorporation and By-Laws. The Seller will not amend, modify or delete (or permit any amendment, modification or deletion of) (i) the definition of "Independent Director" in its certificate of incorporation as in effect on the date hereof or (ii) any other provision of its certificate of incorporation or by-laws as in effect on the date hereof if, pursuant to the terms thereof, such amendment, modification or deletion requires the consent of the Independent Director thereunder.

(r) Tangible Net Worth. The Seller will maintain Tangible Net Worth at all times equal to at least five percent (5.0%) of the Outstanding Balance of all Non-Defaulted Receivables at such time.

(s) Taxes. The Seller will file all tax returns and reports required by law to be filed by it and will promptly pay all taxes and governmental charges at any time owing, except such as are being contested in good faith by appropriate proceedings and for which appropriate reserves have been established. The Seller will pay when due any taxes payable in connection with the Receivables, exclusive of taxes on or measured by income or gross receipts of the Administrative Agent, the Managing Agents, the Conduit Purchasers or the Bank Purchasers.

(t) Treatment as Sales. The Seller shall not account for or treat (whether in financial statements or otherwise) the transactions contemplated by the Sale Agreement in any manner other than as the sale and/or absolute conveyance of Receivables by the Originator to the Seller.

(u) Investments. The Seller shall not make any loans to, advances to, investments in or otherwise acquire any capital stock or equity security of, or any equity interest in, any other Person.

SECTION 5.02 Agreed Upon Procedures. Until the later of (i) the Termination Date and (ii) the date on which no Capital of or Yield on any Receivable Interest shall be outstanding and all Fees and other Seller Obligations have been paid in full, each of the Seller and the Servicer shall from time to time, upon the request of the Administrative Agent and at the expense of the Seller or the Servicer, as applicable (A) cause independent public accountants or others satisfactory to the Administrative Agent and the Required Managing Agents to furnish to the Administrative Agent and the Managing Agents reports showing reconciliations, aging and test verifications of, and trial balances for, the Receivables and/or a written report of agreed upon procedures conducted by such accountants or others with respect to the Pool Receivables, Credit and Collection Policy, Blocked Account activity and the Seller's performance of its obligations under this Agreement and the Receivables Sale Agreement on a scope and in a form reasonably requested by the Administrative Agent for such agreed upon procedures, (B) during regular business hours permit the Administrative Agent and each Managing Agents or their respective agents or representatives (x) to conduct periodic agreed upon procedures with respect to the Receivables, the Related Security and the related books and records and collections systems of the Seller or the Servicer, as the case may be, (y) to examine and make copies of and abstracts from all books, records and documents (including, without limitation, computer tapes and disks) in the possession or under the control of the Seller or the Servicer, as the case may be, relating to Receivables and the Related Security, including, without limitation, the Contracts, and (z) to visit the offices and properties of the Seller or the Servicer, as the case may be, for the purpose of

examining such materials described in clause (y) above, and to discuss matters relating to Pool Receivables and the Related Security or the Seller's or the Servicer's performance under the Transaction Documents or under the Contracts with any of the officers or employees of the Seller or the Servicer, as the case may be, having knowledge of such matters. Notwithstanding the foregoing, so long as no Event of Termination has occurred and is continuing, (i) the Administrative Agent will not cause more than one (1) agreed upon procedures review pursuant to clause (A) above to be conducted in any calendar year, and (ii) the Administrative Agent and each Managing Agent will give the Seller three (3) Business Days' prior notice of any examination conducted pursuant to clause (B) above.

## ARTICLE VI

### ADMINISTRATION AND COLLECTION OF RECEIVABLES

**SECTION 6.01 Designation of Servicer.** The servicing, administration and collection of the Receivables shall be conducted by the Servicer so designated hereunder from time to time. Until the Administrative Agent gives notice to the Seller of the designation of a new Servicer, Columbia Gas of Pennsylvania is hereby designated as, and hereby agrees to perform the duties and obligations of, the Servicer pursuant to the terms hereof. Columbia Gas of Pennsylvania may not resign from the obligations and liabilities hereby imposed on it. The Administrative Agent at any time with the prior written consent of the Required Managing Agents, may designate as Servicer any Person (including itself) to succeed Columbia Gas of Pennsylvania or any successor Servicer, on such terms and conditions as the Administrative Agent and such successor Servicer shall agree, provided, that such successor Servicer shall administer the Receivables in accordance with the applicable rules and regulations of the Pennsylvania Public Utility Commission. The Servicer may, with the prior consent of the Administrative Agent and the Required Managing Agents, subcontract with any other Person for the servicing, administration or collection of the Receivables. Any such subcontract shall not affect the Servicer's liability for performance of its duties and obligations pursuant to the terms hereof.

**SECTION 6.02 Duties of Servicer.** (a) The Servicer shall take or cause to be taken all such actions as may be necessary or advisable to collect each Receivable from time to time, all in accordance in all material respects with applicable laws, rules and regulations (including the applicable rules and regulations of the Pennsylvania Public Utility Commission), with reasonable care and diligence, and in accordance with the Credit and Collection Policy. The Seller, each Managing Agent, each Purchaser and the Administrative Agent hereby appoint the Servicer, from time to time designated pursuant to Section 6.01, as their agent to enforce their respective rights and interests in the Receivables, the Related Security and the related Contracts. In performing its duties as Servicer, the Servicer shall exercise the same care and apply the same policies as it would exercise and apply if it owned such Receivables and shall act in such manner as it reasonably deems to be in the best interests of the Purchasers, the Managing Agents and the Administrative Agent. Following the occurrence and during the continuation of a Servicer Default the Administrative Agent (in consultation with the Managing Agents) shall have the sole right to direct the Servicer to commence or settle any legal action to enforce collection of any Receivable or any Related Security with respect thereto.

(b) The Servicer shall administer the Collections in accordance with Section 2.04. If so instructed in writing by the Administrative Agent following the occurrence of an Event of Termination, the Servicer shall transfer to the Administrative Agent (by wire transfer of funds to the account specified by the Administrative Agent) all Collections set aside or required to be set aside for the Administrative Agent or any Purchaser pursuant to Section 2.04 by the Business Day following the Servicer's receipt of such Collections.

(c) If no Servicer Default shall have occurred and be continuing, Columbia Gas of Pennsylvania, while it is the Servicer, may, in accordance with the Credit and Collection Policy, extend the maturity or adjust the Outstanding Balance of any Receivable as the Servicer deems appropriate to maximize Collections thereof, provided that the classification of any such Receivable as a Defaulted Receivable shall not be affected by any such extension. Following the occurrence and during the continuation of a Servicer Default, the Servicer may grant such extensions or adjustments only with the prior written consent of the Administrative Agent and the Required Managing Agents. In no event shall the Servicer be entitled to make any Purchaser, any Managing Agent or the Administrative Agent a party to any litigation involving the Transaction Documents or the Receivables without such Purchaser's, such Managing Agent's or the Administrative Agent's prior written consent.

(d) The Servicer shall hold in trust for the Seller, the Administrative Agent, each Managing Agent and each Purchaser, in accordance with their respective interests, all documents, instruments and records (including, without limitation, computer tapes or disks) which evidence or relate to Receivables. The Servicer shall mark the Seller's and the Originator's master data processing records evidencing the Receivables with a legend, reasonably acceptable to the Administrative Agent, evidencing that Receivable Interests therein have been sold. At the request of the Administrative Agent following a Servicer Default, the Servicer shall mark each invoice which evidence or relate to Receivables with a legend, reasonably acceptable to the Administrative Agent, evidencing that Receivable Interests therein have been sold and shall deliver to the Administrative Agent a copy (which may be in electronic form) of each invoice evidencing each Receivable.

(e) The Servicer shall, as soon as practicable following receipt and identification thereof, and in any event within two (2) Business Days, turn over to the Seller or such other Person as may be entitled thereto any cash collections or other cash proceeds received in any Blocked Account and not constituting Collections of Receivables, including, without limitation, any proceeds of accounts receivable generated under any Percent of Income Plan, Retail Services Payments, or prepayments made under any Balanced Payment Plan.

(f) The Servicer shall, from time to time at the request of the Administrative Agent following the occurrence and during the continuation of any Event of Termination, furnish to the Administrative Agent and the Managing Agents (promptly after any such request) a calculation of the amounts set aside for the Purchasers, the Managing Agents and the Administrative Agent pursuant to Section 2.04.

(g) On or prior to the second (2<sup>nd</sup>) Business Day prior to each Settlement Date and at such other times and covering such other periods (but no more frequently than weekly) as the Administrative Agent may request, the Servicer shall prepare and forward to the

Administrative Agent and the Managing Agents a Monthly Report relating to the Receivables as of the close of business on the last day of the immediately preceding calendar month or such other period, as the case may be; provided that at any time when NiSource's Debt Ratings are (a) BB+ by S&P and Ba1 by Moody's, or (b) either (x) unrated or less than or equal to BB by S&P or (y) unrated or less than or equal to Ba2 by Moody's, the Servicer shall provide the Monthly Report relating to the Receivables to the Administrative Agent and the Managing Agents on a weekly basis.

(h) From and after the occurrence of an Event of Termination or at any time when NiSource's Debt Ratings are either withdrawn by either S&P or Moody's or below either (x) BB by S&P or (y) Ba2 by Moody's, the Servicer shall, from time to time at the request of the Administrative Agent or any Managing Agent, prepare and forward to the Administrative Agent and the Managing Agents a Daily Report on each Business Day relating to the Receivables as of the close of business of the immediately preceding Business Day.

SECTION 6.03 Certain Rights of the Administrative Agent. (a) The Administrative Agent is hereby authorized at any time to instruct the Obligors of Pool Receivables, or any of them, to make payment of all amounts payable under any Pool Receivable to any account designated by the Administrative Agent and the Seller or the Servicer shall, at the Administrative Agent's request, send notices to the Obligors of Pool Receivables, or any of them, instructing them to make payment in the manner requested by the Administrative Agent. At any time during the Liquidation Period or after a Lock-Box Event, the Administrative Agent may have each Blocked Account and Lock-Box transferred into the name of the Administrative Agent and/or assume exclusive control of the Blocked Accounts and Lock-Boxes, and may take such actions to effect such transfer or assumption as it may determine to be necessary or appropriate (including, without limitation, delivering the notices attached to the Blocked Account Agreements).

(b) At any time following the designation of a Servicer other than Columbia Gas of Pennsylvania:

(i) At the Administrative Agent's request and at the Seller's expense, the Servicer shall (and if the Servicer shall fail to do so, the Administrative Agent may) notify each Obligor of Receivables of the ownership of Receivable Interests under this Agreement and direct that payments be made directly to the Administrative Agent or its designee.

(ii) At the Administrative Agent's request and at the Seller's or the Servicer's expense, the Seller and the Servicer shall (A) assemble all of the documents, instruments and other records (including, without limitation, computer tapes and disks) that evidence or relate to the Receivables and the related Contracts and Related Security, or that are otherwise necessary or desirable to collect the Receivables, and shall make the same available to the Administrative Agent at a place selected by the Administrative Agent or its designee, and (B) segregate all cash, checks and other instruments received by it from time to time constituting Collections of Receivables in a manner acceptable to the Administrative Agent and, promptly upon receipt, remit all such cash,

checks and instruments, duly indorsed or with duly executed instruments of transfer, to the Administrative Agent or its designee.

(c) Each of the Seller and the Servicer authorizes the Administrative Agent, and hereby irrevocably appoints the Administrative Agent as its attorney-in-fact coupled with an interest, with full power of substitution and with full authority in place of the Seller or the Servicer, following the occurrence and during the continuation of a Servicer Default, to take any and all steps in the Seller's or the Servicer's name and on behalf of the Seller or the Servicer that are necessary or desirable, in the determination of the Administrative Agent, to collect amounts due under the Receivables, including, without limitation, endorsing the Seller's, the Servicer's or the Originator's name on checks and other instruments representing Collections of Receivables and enforcing the Receivables and the Related Security and related Contracts.

(d) If replaced as Servicer, Columbia Gas of Pennsylvania agrees that it will (i) terminate, and (to the extent requested by the Administrative Agent) will cause each existing sub-servicer to terminate, its collection activities in a manner and to the extent requested by the Administrative Agent to facilitate the transition to a new Servicer and (ii) transfer to the Administrative Agent (or its designee), or (to the extent permitted by applicable law and contract) license to the Administrative Agent (or its designee) the use of, all software used in connection with the collection of the Receivables. (To the extent any such transfer or license would require the payment of any license fee or other amount the Servicer agrees to pay such fee or other amount out of its own funds promptly upon demand by the Administrative Agent.) The Servicer shall cooperate with and assist any successor Servicer in the performance of its responsibilities as Servicer (including, without limitation, providing access to, and transferring, to such successor Servicer all records related to the Receivables and allowing (to the extent permitted by applicable law and contract) the successor Servicer to use all licenses, hardware or software necessary or desirable to collect or obtain or store information regarding the Receivables).

(e) Following the occurrence of an Event of Termination, the Servicer shall, upon the request of the Administrative Agent acting (and if the Servicer fails to do so the Administrative Agent may itself) deliver a notice to all applicable Obligor, in form and substance satisfactory to the Administrative Agent, stating that (i) the Receivables have been sold to the Seller and ownership interests in the Receivables have been sold to the Purchasers hereunder and (ii) effective immediately all payments on the Receivables must be made without any setoff. Such notice shall be delivered by the Servicer as soon as practicable and in any event within three (3) Business Days after such written request by the Administrative Agent. From and after the date the Administrative Agent requests the Servicer to deliver such notice, (i) the Servicer shall require all payments by Obligor to be made without any setoff, and shall make available to the Administrative Agent such information as may be required to determine whether such payments are being so made and (ii) Columbia Gas of Pennsylvania and the Seller shall, and shall cause each other Transaction Party to, pay, or cause to be paid, when due all amounts (including, without limitation, in respect of credit card charges) owing by any Transaction Party to any Obligor without any set off of such amounts against Receivables due from such Obligor.

**SECTION 6.04 Rights and Remedies.** (a) If the Servicer or the Seller fails to perform any of its obligations under this Agreement, the Administrative Agent may (but shall not

be required to) itself perform, or cause performance of, such obligation; and the Administrative Agent's costs and expenses reasonably incurred in connection therewith shall be payable by the Servicer or the Seller, as applicable.

(b) The Seller and the Servicer shall perform their respective obligations under the Contracts related to the Receivables to the same extent as if Receivable Interests had not been sold and the exercise by the Administrative Agent on behalf of the Purchasers of their rights under this Agreement shall not release the Servicer or the Seller from any of their duties or obligations with respect to any Receivables or related Contracts. None of the Administrative Agent, any Managing Agent, any Conduit Purchaser or any Bank Purchaser shall have any obligation or liability with respect to any Receivables or related Contracts, nor shall any of them be obligated to perform the obligations of the Seller thereunder.

(c) In the event of any conflict between the provisions of Article VI of this Agreement and Article VI of the Sale Agreement, the provisions of this Agreement shall control.

(d) The Administrative Agent's rights and powers under this Article VI shall not subject the Administrative Agent to any liability if any action taken by it proves to be inadequate or invalid, nor shall such powers confer any obligation whatsoever upon the Administrative Agent.

#### SECTION 6.05 Covenants of the Servicer.

(a) Change in Credit and Collection Policy. The Servicer will not make any change in the Credit and Collection Policy except for any such change that would not (i) impair the collectibility of any Receivables or the ability of the Servicer to perform its obligations under this Agreement or (ii) otherwise be reasonably likely to have a Material Adverse Effect. In the event that the Servicer makes any material change to the Credit and Collection Policy, it shall, promptly following such change, provide the Administrative Agent and each Managing Agent with an updated Credit and Collection Policy and a summary of all material changes.

(b) Other Covenants. The Servicer shall perform and comply with all covenants required to be performed or observed by it pursuant to this Agreement and each other Transaction Document.

(c) Perfection and Priority of Security Interests. The Servicer shall, from time to time, at its expense, promptly deliver all instruments and documents and take all actions that may be necessary or desirable, or that the Administrative Agent or any Managing Agent may reasonably request, to perfect, protect or more fully evidence the Receivable Interests purchased under this Agreement and/or the first priority security interest granted pursuant to this Agreement. Without limiting the foregoing, the Servicer will, upon the request of the Administrative Agent or any Managing Agent, file such financing or continuation statements, or amendments thereto, and such other instruments and documents, that may be necessary or desirable, or that the Administrative Agent or any Managing Agent may reasonably request, to perfect, protect, evidence or maintain the priority of such Receivable Interests or security interest.

**SECTION 6.06 Indemnities by the Servicer.** Without limiting any other rights that the Administrative Agent, each Managing Agent, each Conduit Purchaser, each Bank Purchaser, each Affected Person or any of their respective Affiliates, officers, directors, agents and employees (each, a "Special Indemnified Party") may have hereunder or under applicable law, and in consideration of its appointment as Servicer, Columbia Gas of Pennsylvania hereby agrees to indemnify each Special Indemnified Party from and against any and all claims, losses and liabilities (including reasonable attorneys' fees) (all of the foregoing being collectively referred to as "Special Indemnified Amounts") arising out of or resulting from any of the following (excluding, however, (a) Special Indemnified Amounts resulting from gross negligence or willful misconduct on the part of such Special Indemnified Party, (b) recourse for uncollectible Receivables or delayed payment thereon due to creditworthiness of the Obligors and (c) any income taxes or any other tax or fee measured by income incurred by such Special Indemnified Party arising out of or as a result of this Agreement or the ownership of Receivable Interests or in respect of any Receivable or any Contract):

(i) any representation or warranty or statement made or deemed made by the Servicer under or in connection with this Agreement, the Sale Agreement or any Monthly Report, Daily Report or other report delivered to any Special Indemnified Party which shall have been incorrect in any respect when made or deemed made;

(ii) the failure by the Servicer to comply with any applicable law, rule or regulation with respect to any Receivable or Contract;

(iii) the failure to have filed, or any delay in filing, financing statements or other similar instruments or documents under the UCC of any applicable jurisdiction or other applicable laws with respect to any Receivables, the Contracts and the Related Security and Collections in respect thereof, whether at the time of any purchase or reinvestment or at any subsequent time;

(iv) any failure of the Servicer to perform its duties or obligations in accordance with the provisions of this Agreement or any other Transaction Document;

(v) the commingling of Collections of Receivables at any time by the Servicer with other funds;

(vi) any action by the Servicer (other than an action required by the Transaction Documents) reducing or impairing the rights of the Administrative Agent, any Managing Agent, any Conduit Purchaser or any Bank Purchaser with respect to any Receivable or the value of any Receivable;

(vii) if Columbia Gas of Pennsylvania has been terminated by the Administrative Agent as the Servicer prior to the occurrence of a Servicer Default, any Servicer Fees or other costs and expenses payable to any replacement Servicer, to the extent in excess of the Servicer Fees payable to Columbia Gas of Pennsylvania in its capacity as Servicer hereunder;

(viii) any claim brought by any Person other than a Special Indemnified Party arising from any activity by the Servicer or its Affiliates in servicing, administering or collecting any Receivable; or

(ix) any change in the Credit and Collection Policy which impairs the collectibility of any Receivable or the ability of the Servicer to perform its obligations under this Agreement.

Notwithstanding anything to the contrary in this Agreement, solely for purposes of the Servicer's indemnification obligations in clauses (i) and (iv) of this Section 6.06, any representation, warranty or covenant qualified by the occurrence or non-occurrence of a Material Adverse Effect or similar concepts of materiality shall be deemed to be not so qualified.

## ARTICLE VII

### EVENTS OF TERMINATION

SECTION 7.01 Events of Termination. If any of the following events (each an "Event of Termination") shall occur and be continuing:

(a) (i) The Servicer shall fail to perform or observe any term, covenant or agreement under this Agreement (other than as referred to in clause (ii) of this subsection (a)) and such failure shall remain unremedied for five (5) Business Days after the earlier of (x) the first date on which the Servicer receives written notice thereof from the Administrative Agent or any Managing Agent or (y) the first date the Servicer has actual knowledge thereof, or (ii) any Transaction Party shall fail to make when due any payment or deposit to be made by it under this Agreement or any other Transaction Document; or

(b) Any representation or warranty made or deemed made by any Transaction Party (or any of their respective officers) under or in connection with this Agreement or any other Transaction Document or any certificate, report or other statement delivered by any Transaction Party pursuant to this Agreement or any other Transaction Document shall prove to have been incorrect or untrue in any material respect when made or deemed made or delivered; or

(c) (i) The Seller shall fail to perform or observe any term, covenant or agreement contained in Sections 5.01(a), 5.01(h) or 6.03(a), or (ii) the Seller shall fail to perform or observe any other term, covenant or agreement contained in this Agreement or any other Transaction Document on its part to be performed or observed and such failure shall remain unremedied for five (5) Business Days after the earlier of (x) the first date on which the Seller receives written notice thereof from the Administrative Agent or any Managing Agent or (y) the first date the Seller has actual knowledge thereof; or

(d) (i) Any Transaction Party shall default beyond any applicable period of grace in any payment of principal or interest on any indebtedness for any borrowed money for which such Transaction Party is liable in a principal amount then outstanding of \$50,000,000 (or in the case of the Seller, \$10,000) or more or (ii) any other event of default (other than a failure to pay principal or interest) shall occur under any mortgage, indenture, agreement or instrument

under which there may be issued, or by which there may be secured or evidenced, any indebtedness for any borrowed money for which any Transaction Party is liable in a principal amount then outstanding of \$50,000,000 (or in the case of the Seller, \$10,000) and either (A) the occurrence of such event shall result in such indebtedness becoming or being declared due and payable prior to the date on which it could otherwise become due and payable or (B) the occurrence of such event shall permit the holders of such indebtedness to declare such indebtedness to be due and payable prior to the date on which it would otherwise become due and payable; or

(e) Any purchase or any reinvestment pursuant to this Agreement shall for any reason cease to create, or any Receivable Interest shall for any reason cease to be, a valid and perfected first priority undivided percentage ownership or security interest to the extent of the pertinent Receivable Interest in each Pool Receivable and the Related Security and Collections with respect thereto; or the security interest created pursuant to Section 2.11 shall for any reason cease to be a valid and perfected first priority security interest in the collateral referred to in that Section; or

(f) Any Transaction Party shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against any Transaction Party seeking to adjudicate it a bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), either such proceeding shall remain undismissed or unstayed for a period of forty-five (45) days, or any of the actions sought in such proceeding (including, without limitation, the entry of an order for relief against, or the appointment of a receiver, trustee, custodian or other similar official for, it or for any substantial part of its property) shall occur; or any Transaction Party shall take any corporate or other action to authorize any of the actions set forth above in this subsection (f); or

(g) As of the last day of any calendar month, the Three-Month Default Ratio shall exceed 6.75%; or

(h) As of the last day of any calendar month, the Three-Month Dilution Ratio shall exceed 3.50%; or

(i) (x) As of the last day of any of the calendar months of December through May, the Three-Month Loss-to-Liquidation Ratio shall exceed 4.00% or (y) as of the last day of any of the calendar months of June through November, the Three-Month Loss-to-Liquidation Ratio shall exceed 10.50%; or

(j) The sum of the Receivable Interests shall exceed 100% except to the extent that Collections set aside and held for the benefit of the Purchasers pursuant to Section 2.04(b)(iii) would cause the sum of the Receivable Interests to be less than or equal to 100% if such funds were applied to the reduction of Capital; or

(k) There shall have occurred or shall exist any event or condition which has had or will have a Material Adverse Effect; or

(l) An "Event of Termination" shall occur under the Sale Agreement, or the Sale Agreement or the Performance Guaranty shall cease to be in full force and effect or any Transaction Party shall so state in writing; or

(m) Columbia Gas of Pennsylvania shall cease to own, directly or indirectly, all of the outstanding capital stock of the Seller, free and clear of any Adverse Claim (other than Permitted Liens) or a NiSource Change of Control shall occur; or

(n) The Internal Revenue Service shall file notice of a lien pursuant to Section 6323 of the IRC with regard to any of the assets of the Seller or the Originator and such lien shall not have been released within five (5) Business Days, or the Pension Benefit Guaranty Corporation shall, or shall indicate its intention to, file notice of a lien pursuant to Section 4068 of ERISA with regard to any of the assets of the Seller, the Originator or any Subsidiaries of the Originator; or

(o) One or more judgments, orders or decrees shall be entered against any Transaction Party involving in the aggregate a liability (not satisfied or fully covered by insurance) of \$50,000,000 (or \$10,000 in the case of the Seller) or more and either (i) all such judgments, orders or decrees shall not have been vacated, dismissed, discharged or otherwise satisfied, bonded or stayed within thirty (30) days from the entry thereof or (ii) with respect to any such judgments, orders or decrees for which enforcement has been stayed, there shall be any period of thirty (30) consecutive days during which a stay of enforcement of all such judgments, orders or decrees, by reason of a pending appeal or otherwise, shall not be in effect; or

(p) NiSource's Debt Rating shall be (i) withdrawn by either S&P or Moody's, or (ii) below either (x) BB- by S&P or (y) Ba3 by Moody's;

then, and in any such event, the Administrative Agent may, in its discretion, and shall (at the written direction of the Required Managing Agents) declare the Termination Date to have occurred (in which case the Termination Date shall be deemed to have occurred); provided that, automatically upon the occurrence of any event (without any requirement for the giving of notice) described in paragraph (f) of this Section 7.01, the Termination Date shall occur and Columbia Gas of Pennsylvania (if it is then serving as the Servicer) shall cease to be the Servicer, and the Administrative Agent or its designee shall become the Servicer. Upon any such declaration or designation or upon such automatic termination, each Managing Agent, each Conduit Purchaser, each Bank Purchaser and the Administrative Agent shall have, in addition to the rights and remedies which they may have under this Agreement, all other rights and remedies provided after default under the UCC and under other applicable law, which rights and remedies shall be cumulative.

## ARTICLE VIII

### THE ADMINISTRATIVE AGENT AND THE MANAGING AGENTS

SECTION 8.01 Authorization and Action. Each Purchaser hereby designates and appoints (i) BTMU to act as its agent hereunder and under each other Transaction Document, and (ii) the Managing Agent in its Purchaser Group to act as its agent hereunder and under each other Transaction Document, and authorizes the Administrative Agent and such Purchaser's Managing Agent, as the case may be, to take such actions as agent on its behalf and to exercise such powers as are delegated to the Administrative Agent or such Managing Agent by the terms of this Agreement and the other Transaction Documents together with such powers as are reasonably incidental thereto. Neither the Administrative Agent nor the Managing Agents shall have any duties or responsibilities, except those expressly set forth herein or in any other Transaction Document, or any fiduciary relationship with any Purchaser, and no implied covenants, functions, responsibilities, duties, obligations or liabilities on the part of the Administrative Agent or the Managing Agents shall be read into this Agreement or any other Transaction Document or otherwise exist for the Administrative Agent or the Managing Agents. In performing its functions and duties hereunder and under the other Transaction Documents, (x) the Administrative Agent shall act solely as agent for the Purchasers, (ii) each Managing Agent shall act solely as agent for the Conduit Purchasers and Bank Purchasers in its Purchaser Group, and (iii) neither the Administrative Agent nor any Managing Agent shall be deemed to have assumed any obligation or relationship of trust or agency with or for any Transaction Party or any of such Transaction Party's successors or assigns. Neither the Administrative Agent nor any Managing Agent shall be required to take any action that exposes the Administrative Agent or such Managing Agent to personal liability or that is contrary to this Agreement, any other Transaction Document or applicable law. The appointment and authority of the Administrative Agent and the Managing Agents hereunder shall terminate upon the indefeasible payment in full of all Seller Obligations. Each Purchaser hereby authorizes the Administrative Agent to file each of the Uniform Commercial Code financing statements and to execute the Blocked Account Agreements on behalf of such Purchaser (the terms of which shall be binding on such Purchaser).

SECTION 8.02 Delegation of Duties. The Administrative Agent and the Managing Agents may execute any of their respective duties under this Agreement and each other Transaction Document by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. Neither the Administrative Agent nor any Managing Agent shall be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

SECTION 8.03 Exculpatory Provisions. None of the Administrative Agent, the Managing Agents or any of their respective directors, officers, agents or employees shall be (i) liable for any action lawfully taken or omitted to be taken by it or them under or in connection with this Agreement or any other Transaction Document (except for its, their or such Person's own gross negligence or willful misconduct), or (ii) responsible in any manner to any of the Purchasers for any recitals, statements, representations or warranties made by any Transaction Party contained in this Agreement, any other Transaction Document or any certificate, report, statement or other document referred to or provided for in, or received under or in connection with, this Agreement, or any other Transaction Document or for the value, validity,

effectiveness, genuineness, enforceability or sufficiency of this Agreement, or any other Transaction Document or any other document furnished in connection herewith or therewith, or for any failure of any Transaction Party to perform its obligations hereunder or thereunder, or for the satisfaction of any condition specified in Article III, or for the perfection, priority, condition, value or sufficiency of any collateral pledged in connection herewith. Neither the Administrative Agent nor any Managing Agent shall be under any obligation to any Purchaser to ascertain or to inquire as to the observance or performance of any of the agreements or covenants contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Transaction Parties. Neither the Administrative Agent nor any Managing Agent shall be deemed to have knowledge of any Event of Termination or Incipient Event of Termination unless the Administrative Agent or such Managing Agent, as applicable, has received notice from Seller or a Purchaser. No Managing Agent shall have any responsibility hereunder to any Purchaser other than the Purchasers in its Purchaser Group.

SECTION 8.04 Reliance by Administrative Agent and the Managing Agents. (a)

The Administrative Agent shall in all cases be entitled to rely, and shall be fully protected in relying, upon any document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to Seller), independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall in all cases be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the Managing Agents, the Required Managing Agents or all of the Purchasers, as applicable, as it deems appropriate and it shall first be indemnified to its satisfaction by the Purchasers, provided that unless and until the Administrative Agent shall have received such advice, the Administrative Agent may take or refrain from taking any action, as the Administrative Agent shall deem advisable and in the best interests of the Purchasers. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, in accordance with a request of the Managing Agents or the Required Managing Agents or all of the Purchasers, as applicable, and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Purchasers.

(b) Each Managing Agent shall in all cases be entitled to rely, and shall be fully protected in relying, upon any document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to Seller), independent accountants and other experts selected by such Managing Agent. Each Managing Agent shall in all cases be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the Purchasers in its related Purchaser Group as it deems appropriate and it shall first be indemnified to its satisfaction by the Purchasers in its Purchaser Group, provided that unless and until such Managing Agent shall have received such advice, such Managing Agent may take or refrain from taking any action, as such Managing Agent shall deem advisable and in the best interests of the Purchasers in its related Purchaser Group. Each Managing Agent shall in all cases be fully protected in acting, or in refraining from acting, in accordance with a request of the Purchasers in its related Purchaser Group, and such request and any action taken or failure to act pursuant thereto shall be binding upon all such Purchasers.

SECTION 8.05 Non-Reliance on Administrative Agent and Other Purchasers. Each Purchaser expressly acknowledges that none of the Administrative Agent, the Managing Agents or any of their respective officers, directors, employees, agents, attorneys-in-fact or affiliates has made any representations or warranties to it and that no act by the Administrative Agent or any Managing Agent hereafter taken, including, without limitation, any review of the affairs of any Transaction Party, shall be deemed to constitute any representation or warranty by the Administrative Agent or such Managing Agent. Each Purchaser represents and warrants to the Administrative Agent and the Managing Agents that it has made and will continue to make, independently and without reliance upon the Administrative Agent, any Managing Agent or any other Purchaser and based on such documents and information as it has deemed appropriate, its own appraisal of and investigation into the business, operations, property, prospects, financial and other conditions and creditworthiness of each Transaction Party and the Receivables and made its own decision to enter into this Agreement, the other Transaction Documents and all other documents related hereto or thereto.

SECTION 8.06 Reimbursement and Indemnification. The Bank Purchasers agree to reimburse and indemnify the Administrative Agent, and the Bank Purchasers in each Purchaser Group agree to reimburse the Managing Agent for such Purchaser Group, and their respective officers, directors, employees, representatives and agents ratably according to their (a) Percentages (in the case of any reimbursement and indemnity obligations owing to its Managing Agent) or (b) Commitments (in the case of any reimbursement and indemnity obligations owing to the Administrative Agent), to the extent not paid or reimbursed by the Transaction Parties (i) for any amounts for which the Administrative Agent, in its capacity as Administrative Agent, or any Managing Agent, acting in its capacity as a Managing Agent, is entitled to reimbursement by the Transaction Parties hereunder and (ii) for any other expenses incurred by the Administrative Agent, in its capacity as Administrative Agent, or any Managing Agent, acting in its capacity as a Managing Agent, and acting on behalf of its related Purchasers, in connection with the administration and enforcement of this Agreement and the other Transaction Documents.

SECTION 8.07 Administrative Agent and the Managing Agents in their Individual Capacities. The Administrative Agent, each Managing Agent and each of their respective Affiliates may make loans to, accept deposits from and generally engage in any kind of business with Seller or any Affiliate of Seller as though it were not the Administrative Agent or a Managing Agent hereunder. With respect to the acquisition of Receivable Interests pursuant to this Agreement, the Administrative Agent and each Managing Agent shall have the same rights and powers under this Agreement in its individual capacity as any Purchaser and may exercise the same as though it were not the Administrative Agent or a Managing Agent, and the terms "Managing Agent" and "Managing Agents" shall include the Administrative Agent in its individual capacity and the terms "Bank Purchaser," "Purchaser," "Bank Purchasers" and "Purchasers" shall include the Administrative Agent and each Managing Agent in its individual capacity.

SECTION 8.08 Successor Administrative Agent. The Administrative Agent may, upon five (5) days' notice to Seller and the Purchasers resign as Administrative Agent. If the Administrative Agent shall resign, then the Required Managing Agents during such five-day period shall appoint from among the Managing Agents a successor Administrative Agent. If for any reason no successor Administrative Agent is appointed by the Required Managing Agents

during such five-day period, then effective upon the termination of such five day period, the Managing Agents shall perform all of the duties of the Administrative Agent hereunder and under the other Transaction Documents and Seller and the Servicer (as applicable) shall make all payments in respect of the Seller Obligations directly to the applicable Managing Agents and for all purposes shall deal directly with the Managing Agents. After the effectiveness of any retiring Administrative Agent's resignation hereunder as Administrative Agent, the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Transaction Documents and the provisions of this Article VIII and Article IX shall continue in effect for its benefit with respect to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and under the other Transaction Documents.

SECTION 8.09 Successor Managing Agent. A Managing Agent may, upon five (5) days' notice to Seller, the Administrative Agent and the Purchasers in its Purchaser Group resign as Managing Agent. If a Managing Agent shall resign, then the Bank Purchasers in such Managing Agent's Purchaser Group shall appoint a successor managing agent during such five-day period. If for any reason no successor Managing Agent is appointed by such Bank Purchasers during such five-day period, then effective upon the termination of such five-day period, the Bank Purchasers in such Managing Agent's Purchaser Group shall perform all of the duties of the resigning Managing Agent hereunder and under the other Transaction Documents and Seller and the Servicer (as applicable) shall make all payments in respect of the Seller Obligations directly to the applicable Purchasers and for all purposes shall deal directly with such Purchasers. After the effectiveness of any retiring Managing Agent's resignation hereunder, the retiring Managing Agent shall be discharged from its duties and obligations hereunder and under the other Transaction Documents and the provisions of this Article VIII and Article IX shall continue in effect for its benefit with respect to any actions taken or omitted to be taken by it while it was a Managing Agent under this Agreement and under the other Transaction Documents.

## ARTICLE IX

### INDEMNIFICATION

SECTION 9.01 Indemnities by the Seller. Without limiting any other rights that the Administrative Agent, each Managing Agent, each Conduit Purchaser, each Bank Purchaser, each Affected Person or any of their respective Affiliates, officers, directors, agents and employees (each, an "Indemnified Party") may have hereunder or under applicable law, the Seller hereby agrees to indemnify each Indemnified Party from and against any and all claims, losses and liabilities (including reasonable attorneys' fees) (all of the foregoing being collectively referred to as "Indemnified Amounts") arising out of or resulting from this Agreement or any other Transaction Document or the use of proceeds of purchases or reinvestments or the ownership of Receivable Interests or in respect of any Receivable or any Contract, excluding, however, (a) Indemnified Amounts resulting from gross negligence or willful misconduct on the part of such Indemnified Party, (b) recourse for uncollectible Receivables or delayed payment thereon due to creditworthiness of the Obligors and (c) any income taxes or any other tax or fee measured by income incurred by such Indemnified Party arising out of or as a result of this Agreement or the ownership of Receivable Interests or in

respect of any Receivable or any Contract. Without limiting or being limited by the foregoing, the Seller shall pay on demand to each Indemnified Party any and all amounts necessary to indemnify such Indemnified Party from and against any and all Indemnified Amounts relating to or resulting from any of the following:

(i) the failure of any Receivable represented by the Seller or the Servicer to be an Eligible Receivable hereunder to be an "Eligible Receivable" at the time of such representation;

(ii) any representation, warranty or statement made or deemed made by any Transaction Party (or any of their respective officers) under or in connection with this Agreement or any of the other Transaction Documents which shall have been incorrect in any respect when made;

(iii) the failure by any Transaction Party to comply with any applicable law, rule or regulation with respect to any Receivable or the related Contract; or the failure of any Receivable or the related Contract to conform to any such applicable law, rule or regulation;

(iv) the failure to vest (a) in the Purchasers a first priority perfected undivided percentage ownership interest, to the extent of each Receivable Interest, in the Receivables and the Related Security and Collections in respect thereof, or (b) in the Administrative Agent a first priority perfected security interest in all of the property described in Section 2.11, in each case free and clear of any Adverse Claim;

(v) the failure to have filed, or any delay in filing, financing statements or other similar instruments or documents under the UCC of any applicable jurisdiction or other applicable laws with respect to any Receivables and the Related Security and Collections in respect thereof, whether at the time of any purchase or reinvestment or at any subsequent time;

(vi) any dispute, claim or defense (other than discharge in bankruptcy) of an Obligor to the payment of any Receivable (including, without limitation, a defense based on such Receivable or the related Contract not being a legal, valid and binding obligation of such Obligor enforceable against it in accordance with its terms), or any other claim resulting from the sale of the merchandise, goods or services related to such Receivable or the furnishing or failure to furnish such merchandise, goods or services or relating to collection activities with respect to such Receivable;

(vii) any failure of any Transaction Party to perform its duties or obligations in accordance with the provisions hereof and each other Transaction Document or to perform its duties or obligations under the Contracts or to timely and fully comply in all respects with the applicable Originator's Credit and Collection Policy in regard to each Receivable and the related Contract;

(viii) any products liability, environmental or other claim arising out of or in connection with merchandise, goods or services which are the subject of any Contract or any credit card issued by the Originator or any Contract related thereto;

(ix) the commingling of Collections of Receivables at any time with other funds;

(x) any investigation, litigation or proceeding (actual or threatened) related to this Agreement or any other Transaction Document or the use of proceeds of purchases or reinvestments or the ownership of Receivable Interests or in respect of any Receivable or Related Security or Contract;

(xi) any failure of any Transaction Party to comply with its covenants contained in this Agreement or any other Transaction Document;

(xii) any setoff with respect to any Receivable;

(xiii) any claim brought by any Person other than an Indemnified Party arising from any activity by the Seller or any Affiliate of the Seller in servicing, administering or collecting any Receivable; or

(xiv) the failure by any Transaction Party to pay when due any taxes, including, without limitation, sales, excise or personal property taxes.

Notwithstanding anything to the contrary in this Agreement, solely for purposes of the Seller's indemnification obligations in this Article IX, any representation, warranty or covenant qualified by the occurrence or non-occurrence of a Material Adverse Effect or similar concepts of materiality shall be deemed to be not so qualified.

## ARTICLE X

### MISCELLANEOUS

SECTION 10.01 No Waiver; Amendments; Etc. No failure on the part of any Managing Agent, any Conduit Purchaser, any Bank Purchaser or the Administrative Agent to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right hereunder preclude any other or further exercise thereof or the exercise of any other right. No amendment or waiver of any provision of this Agreement or consent to any departure by any Transaction Party therefrom shall be effective unless in a writing signed by the Administrative Agent and the Required Managing Agents (and, in the case of any amendment, also signed by the Seller), and then such amendment, waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that no amendment, waiver or consent shall, unless in writing and signed by the Servicer in addition to the Administrative Agent and the Required Managing Agents, affect the rights or duties of the Servicer under this Agreement; provided, further, that no amendment, waiver or consent shall, unless in writing and signed by each Managing Agent in addition to the Administrative Agent:

(a) change (directly or indirectly) the definitions of Eligible Receivable, Lock-Box Event, Default Ratio, Defaulted Receivable, Dilution Reserve Percentage, Loss-to-Liquidation Ratio, Net Receivables Pool Balance, Loss Reserve Percentage, Yield Reserve Percentage or Total Reserves contained in this Agreement, or increase the then existing Concentration Limit for any Obligor or change the calculation of Receivable Interest as set forth in such definition;

(b) reduce the amount of Capital or Yield that is payable on account of any Receivable Interest or delay any scheduled date for payment thereof;

(c) reduce fees (including, without limitation, the Facility Fees, Commitment Fees and Excess Commitment Fees) payable by the Seller to any Managing Agent, any Conduit Purchaser or any Bank Purchaser or delay the dates on which such fees are payable;

(d) extend the Scheduled Commitment Termination Date (except as set forth in Section 11.02);

(e) change or waive any Event of Termination;

(f) change or waive any of the provisions of Section 2.04(c);

(g) waive the representations and warranties set forth on Annex F and referred to in Section 4.01(t);

(h) consent to any waiver of the representations and warranties set forth on Annex A to the Sale Agreement;

and provided, further, that no amendment, waiver or consent shall increase the Commitment of any Bank Purchaser unless in writing and signed by such Bank Purchaser.

SECTION 10.02 Notices, Etc. All notices and other communications hereunder shall, unless otherwise stated herein, be in writing (which shall include facsimile communication) and faxed or delivered, to each party hereto, at its address set forth under its name on the signature pages hereof or at such other address as shall be designated by such party in a written notice to the other parties hereto. Notices and communications by facsimile shall be effective when sent (and shall be followed by hard copy sent by regular mail), and notices and communications sent by other means shall be effective when received.

SECTION 10.03 [Reserved.]

SECTION 10.04 Costs and Expenses. In addition to the rights of indemnification granted under Section 9.01 hereof, the Seller agrees to pay on demand all reasonable costs and expenses in connection with the preparation, execution, delivery and administration (including periodic auditing and the other activities contemplated in Section 5.02, subject to the limitations described therein) of this Agreement, any Liquidity Asset Purchase Agreement and the Transaction Documents, including, without limitation, the reasonable fees and out-of-pocket expenses of counsel for the Administrative Agent, each Managing Agent, each Conduit Purchaser, each Bank Purchaser and their respective Affiliates with respect thereto and with

respect to advising the Administrative Agent, such Managing Agent, such Conduit Purchaser, such Bank Purchaser and their respective Affiliates as to their rights and remedies under this Agreement. In addition, the Seller agrees to pay on demand all costs and expenses (including reasonable counsel fees and expenses), of the Administrative Agent, each Managing Agent, each Conduit Purchaser, each Bank Purchaser and their respective Affiliates, incurred in connection with the enforcement of this Agreement and the Transaction Documents.

SECTION 10.05 No Proceedings. Each of the Seller, the Administrative Agent, each Managing Agent, each Bank Purchaser, the Servicer, each assignee of a Receivable Interest or any interest therein and each Person which enters into a commitment to purchase Receivable Interests or interests therein hereby agrees that it will not institute against any Conduit Purchaser any proceeding of the type referred to in Section 7.01(f) so long as any commercial paper, promissory notes or other senior indebtedness issued by such Conduit Purchaser shall be outstanding or there shall not have elapsed one year plus one day since the last day on which any such commercial paper, promissory notes or other senior indebtedness shall have been outstanding.

SECTION 10.06 Confidentiality. (a) The Seller and the Servicer each agrees to maintain the confidentiality of the Transaction Documents in communications with third parties and otherwise; provided that the Transaction Documents may be disclosed (i) to the legal counsel and auditors of the Seller and the Servicer if they agree to hold it confidential, and (ii) to the extent required by applicable law or regulation or by any court, regulatory body or agency having jurisdiction over such party.

(b) Each Purchaser, each Managing Agent and the Administrative Agent agrees to maintain the confidentiality of all proprietary information with respect to the Seller, the Servicer or the Receivables furnished or delivered to it pursuant to this Agreement; provided, that such information may be disclosed (i) to such party's legal counsel and auditors if they agree to hold such information confidential, (ii) to such party's assignees and participants and potential assignees and participants and their respective counsel if they agree to hold it confidential, (iii) to the rating agencies and the providers of credit enhancement or liquidity for any Conduit Purchaser, and (iv) to the extent required by applicable law or regulation or by any court, regulatory body or agency having jurisdiction over such party; and provided, further, that such party shall have no obligation of confidentiality in respect of any information which may be generally available to the public or becomes available to the public through no fault of such party.

SECTION 10.07 GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK (INCLUDING SECTION 5-1401 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK BUT OTHERWISE WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES) EXCEPT TO THE EXTENT THAT THE PERFECTION AND THE EFFECT OF PERFECTION OR NON-PERFECTION OF THE INTERESTS OF THE ADMINISTRATIVE AGENT, THE MANAGING AGENTS, THE CONDUIT PURCHASERS AND THE BANK PURCHASERS IN THE RECEIVABLES AND ANY OTHER COLLATERAL DESCRIBED IN SECTION 2.11 ARE GOVERNED BY THE LAWS OF A JURISDICTION OTHER THAN THE STATE OF NEW YORK.

SECTION 10.08 Execution in Counterparts. This Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one and the same agreement.

SECTION 10.09 Integration; Binding Effect; Survival of Termination. This Agreement and the other Transaction Documents executed by the parties hereto on the date hereof contain the final and complete integration of all prior expressions by the parties hereto with respect to the subject matter hereof and shall constitute the entire agreement among the parties hereto with respect to the subject matter hereof superseding all prior oral or written understandings. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns (including any trustee in bankruptcy). Any provisions of this Agreement which are prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. This Agreement shall create and constitute the continuing obligations of the parties hereto in accordance with its terms and shall remain in full force and effect until the later of (i) the Termination Date and (ii) the date on which no Capital of or Yield on any Receivable Interest shall be outstanding and all Fees and other Seller Obligations are paid in full; provided, however, that rights and remedies with respect to any breach of any representation and warranty made by the Seller pursuant to Article IV, (including, without limitation, those representations and warranties set forth on Annex F) and the provisions of Sections 2.08, 2.09, 6.06, 9.01, 10.04, 10.05 and 10.06 shall survive any termination of this Agreement.

SECTION 10.10 Consent to Jurisdiction. (a) Each party hereto hereby irrevocably submits to the non-exclusive jurisdiction of any New York State or Federal court sitting in New York City in any action or proceeding arising out of or relating to this Agreement, and each party hereto hereby irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined in such New York State court or, to the extent permitted by law, in such Federal court. The parties hereto hereby irrevocably waive, to the fullest extent they may effectively do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(b) Each of the Seller and the Servicer consents to the service of any and all process in any such action or proceeding by the mailing of copies of such process to it at its address specified in Section 10.02. Nothing in this Section 10.10 shall affect the right of any Managing Agent, any Conduit Purchaser, any Bank Purchaser or the Administrative Agent to serve legal process in any other manner permitted by law.

SECTION 10.11 WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY WAIVES, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, TRIAL BY JURY IN ANY JUDICIAL PROCEEDING INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH THIS AGREEMENT OR ANY OTHER TRANSACTION DOCUMENT.

SECTION 10.12 Limitation of Liability. No claim may be made by any Transaction Party or any other Person against any Managing Agent, any Purchaser, the Administrative Agent or their respective Affiliates, directors, officers, employees, attorneys or agents (each a "Purchaser Party") for any special, indirect, consequential or punitive damages in respect of any claim for breach of contract or any other theory of liability arising out of or related to the transactions contemplated by this Agreement or any other Transaction Document, or any act, omission or event occurring in connection herewith or therewith, except with respect to any claim arising out of the willful misconduct or gross negligence of such Purchaser Party; and each of the Seller and the Servicer hereby waives, releases, and agrees not to sue upon any claim for any such damages, whether or not accrued and whether or not known or suspected to exist in its favor.

SECTION 10.13 Intent of the Parties. (a) It is the intention of the parties hereto that each purchase of Receivable Interests shall convey to the applicable Purchasers, to the extent of such Receivable Interests, an undivided interest in the Receivables and the Related Security and Collections in respect thereof and that such transaction shall constitute a purchase and sale and not a secured loan for all purposes other than for United States federal, state and local income tax purposes. If, notwithstanding such intention, the conveyance of the Receivable Interests from the Seller shall ever be recharacterized as a secured loan and not a sale, it is the intention of the parties hereto that this Agreement shall constitute a security agreement under applicable law, and that the Seller shall be deemed to have granted to the Administrative Agent for the benefit of the Purchasers a duly perfected first priority security interest in all of the Seller's right, title and interest in, to and under the Receivables and Related Security and Collections in respect thereof, free and clear of Adverse Claims other than Permitted Liens.

(b) The Seller has structured the Transaction Documents with the intention that the Receivable Interests and the obligations of the Seller hereunder will be treated under United States federal, and applicable state, local and foreign tax law as debt (the "Intended Tax Treatment"). The Seller, Columbia Gas of Pennsylvania, the Administrative Agent, each Managing Agent, each Conduit Purchaser and each Bank Purchaser agree to file no tax return, or take any action, inconsistent with the Intended Tax Treatment. Each assignee and each participant acquiring an interest in a Receivable Interest, by its acceptance of such assignment or participation, agrees to comply with the immediately preceding sentence.

SECTION 10.14 Release Upon Termination. On the date following the Termination Date on which all outstanding Capital and Yield is reduced to zero and all other Seller Obligations are paid in full, the Administrative Agent shall, at the expense of the Seller, promptly deliver any document or agreement reasonably requested by the Seller to evidence the termination of the interests of the Administrative Agent and the Purchasers in the Receivables, Related Security, the Blocked Accounts and the Lock-Boxes (including, without limitation, *UCC-3 termination statement and notices terminating the Blocked Account Agreements*).

SECTION 10.15 Limited Recourse. Notwithstanding anything to the contrary contained herein, the obligations of each Conduit Purchaser under this Agreement are solely the obligations of such Conduit Purchaser and shall be payable at such time as funds are received by or are available to such Conduit Purchaser in excess of funds necessary to pay in full all outstanding commercial paper issued by it and, to the extent funds are not available to pay such

obligations, the claims relating thereto shall not constitute a claim against such Conduit Purchaser but shall continue to accrue. Each party hereto agrees that the payment of any claim (as defined in Section 101 of Title 11, United States Code (Bankruptcy)) of any such party shall be subordinated to the payment in full of all commercial paper of each Conduit Purchaser. No recourse under any obligation, covenant or agreement of any Conduit Purchaser contained in this Agreement shall be had against any member, manager, officer, director, employee or agent of any Conduit Purchaser, any Bank Purchaser, any Managing Agent, the Administrative Agent or any of their Affiliates (solely by virtue of such capacity) by the enforcement of any assessment or by any legal or equitable proceeding, by virtue of any statute or otherwise; it being expressly understood and agreed that this Agreement is solely an obligation of the Administrative Agent, the Managing Agents, the Conduit Purchasers and the Bank Purchasers, respectively, individually, and that no personal liability whatever shall attach to or be incurred by any incorporator, stockholder, officer, director, member, employee or agent of any Managing Agent, any Conduit Purchaser, any Bank Purchaser, the Administrative Agent or any of their Affiliates (solely by virtue of such capacity) under or by reason of any of the obligations, covenants or agreements of the Administrative Agent, any Managing Agent, any Conduit Purchaser or any Bank Purchaser contained in this Agreement, or implied therefrom, and that any and all personal liability for breaches by the Administrative Agent, any Managing Agent, any Conduit Purchaser or any Bank Purchaser of any of such obligations, covenants or agreements, either at common law or at equity, or by statute, rule or regulation, of every such member, manager, officer, director, employee or agent is hereby expressly waived as a condition of and in consideration for the execution of this Agreement; provided that the foregoing shall not relieve any such Person from any liability it might otherwise have as a result of fraudulent actions taken or omissions made by them.

SECTION 10.16 USA PATRIOT Act. Each party hereto that is subject to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act") hereby notifies the Seller and the Servicer that pursuant to the requirements of the Act, it is required to obtain, verify and record information that identifies the Seller and the Servicer, which information includes the name and address of each of the Seller and the Servicer and other information that will allow such Person to identify the Seller and the Servicer in accordance with the Act.

## ARTICLE XI

### ASSIGNMENTS; PARTICIPATIONS; RENEWAL

SECTION 11.01 Assignability. (a) Assignment by Conduit Purchasers. This Agreement and any Conduit Purchaser's rights and obligations hereunder (including ownership of each Receivable Interest) shall be assignable by such Conduit Purchaser and its successors and permitted assigns to any Eligible Assignee. The Managing Agent of such Conduit Purchaser shall notify the Administrative Agent and the Seller of any such assignment of a Receivable Interest or any interest therein. Each Conduit Purchaser in connection with may, in connection with an assignment or participation of a Receivable Interest or any interest therein, disclose to the assignee or participant any information relating to the Transaction Parties, including the Receivables, furnished to such assignor by or on behalf of any Transaction Party or by the Administrative Agent; provided that, prior to any such disclosure, the assignee or participant

agrees to preserve the confidentiality of any confidential information relating to the Transaction Parties received by it from any of the foregoing entities in a manner consistent with Section 10.07(b).

(b) Assignment by Bank Purchasers. Each Bank Purchaser may assign all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and any Receivable Interests or interests therein owned by it) to (x) without the consent of the Seller, any Eligible Assignee or (y) with the consent of the Seller, any other Person (such consent not to be unreasonably withheld or delayed); provided, however that

(i) each such assignment shall be of a constant, and not a varying, percentage of all rights and obligations under this Agreement,

(ii) the amount being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than the lesser of (x) \$10,000,000 and (y) all of such Bank Purchaser's Commitment,

(iii) the parties to each such assignment shall execute and deliver to the Administrative Agent, for its acceptance and recording in the Register (as defined below), an Assignment and Acceptance, together with a processing and recordation fee of \$3,500, and

(iv) concurrently with such assignment, it shall assign to such Eligible Assignee or such other Person an equal percentage of its rights and obligations under the Liquidity Asset Purchase Agreement to which such assignor Bank Purchaser is a party.

Upon such execution, delivery, acceptance and recording from and after the effective date specified in such Assignment and Acceptance, (x) the assignee thereunder shall be a party to this Agreement and, to the extent that rights and obligations under this Agreement have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Bank Purchaser thereunder and (y) the assigning Bank Purchaser shall, to the extent that rights and obligations have been assigned by it pursuant to such Assignment and Acceptance, relinquish such rights and be released from such obligations under this Agreement (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Bank Purchaser's rights and obligations under this Agreement, such Bank Purchaser shall cease to be a party hereto). In addition, each Bank Purchaser or any of its Affiliates may assign any of its rights (including, without limitation, rights to payment of Capital and Yield) under this Agreement to any Federal Reserve Bank without notice to or consent of any Transaction Party, any Conduit Purchaser, any Managing Agent or the Administrative Agent.

(c) Register. The Administrative Agent shall maintain at its address referred to on the signature page of this Agreement (or such other address of the Administrative Agent notified by the Administrative Agent to the other parties hereto) a copy of each Assignment and Acceptance delivered to it and accepted by it and a register for the recordation of the names and addresses of each Managing Agent, each Conduit Purchaser and each Bank Purchaser, the

Commitment of the Bank Purchasers and the aggregate outstanding Capital of the Receivable Interest or interests therein owned by each of the Conduit Purchasers and the Bank Purchasers from time to time (the "Register"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Seller, the Servicer, the Administrative Agent, the Managing Agents, the Conduit Purchasers and the Bank Purchasers may treat each Person whose name is recorded in the Register as a Managing Agent, Conduit Purchaser or Bank Purchaser, as the case may be, as such under this Agreement for all purposes of this Agreement. The Register shall be available for inspection by the Seller, the Managing Agents, the Conduit Purchasers and the Bank Purchasers at any reasonable time and from time to time upon reasonable prior notice.

(d) Procedure. Upon its receipt of an Assignment and Acceptance executed by an assigning Bank Purchaser, the Managing Agent of such Bank Purchaser and an Eligible Assignee or other Person, the Administrative Agent shall, if such Assignment and Acceptance has been duly completed, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the Seller.

(e) Participations. Each Bank Purchaser may sell participations to one or more Eligible Assignees in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and the interests in the Receivable Interests owned by it); provided, however, that

(i) such Bank Purchaser's obligations under this Agreement (including, without limitation, its Commitment to the Seller hereunder) shall remain unchanged,

(ii) such Bank Purchaser shall remain solely responsible to the other parties to this Agreement for the performance of such obligations, and

(iii) concurrently with the sale of such participation, the selling Bank Purchaser shall sell to such bank or other entity a participation in an equal percentage of its rights and obligations under the Liquidity Asset Purchase Agreement to which such Bank Purchaser is a party.

The Administrative Agent, the Seller, the Managing Agents, the Conduit Purchasers and the Servicer shall have the right to continue to deal solely and directly with such Bank Purchaser in connection with such Bank Purchaser's rights and obligations under this Agreement.

(f) Assignments by Administrative Agent. This Agreement and the rights and obligations of the Administrative Agent herein shall be assignable by the Administrative Agent and its successors and assigns with the prior written consent of the Required Managing Agents; provided that in the case of an assignment to a Person that is not an Affiliate of the Administrative Agent, so long as no Event of Termination has occurred and is continuing, such assignment shall require the Seller's consent (not to be unreasonably withheld or delayed).

(g) No Assignment by Seller or Servicer. Neither the Seller nor the Servicer may assign any of its rights or obligations hereunder or any interest herein without the prior written consent of the Administrative Agent and each Required Managing Agent.

SECTION 11.02 Extension of Scheduled Commitment Termination Date. Seller may advise the Managing Agents in writing of its desire to extend the Scheduled Commitment Termination Date for an additional 364 days, provided such request is made not more than sixty (60) days prior to, and not less than forty-five (45) days prior to, the then current Scheduled Commitment Termination Date. Each Managing Agent, upon being so advised by Seller, shall promptly notify each Bank Purchaser in its related Purchaser Group of any such request and each such Bank Purchaser shall notify its related Managing Agent, Seller and the Administrative Agent of its decision to accept or decline the request for such extension no later than thirty (30) days after receipt of such request (it being understood that each Bank Purchaser may accept or decline such request in its sole discretion and on such terms as it may elect, and the failure to so notify its related Managing Agent, Seller and the Administrative Agent shall be deemed an election not to extend by such Bank Purchaser). In the event that any Bank Purchaser declines the request to extend the Scheduled Commitment Termination Date (each such Bank Purchaser being referred to herein as a "Non-Renewing Bank Purchaser"), and the Commitment of such Non-Renewing Bank Purchaser is not assigned to another Person in accordance with the terms of this Article XI prior to the then current Scheduled Commitment Termination Date, the then current Scheduled Commitment Termination Date shall not be extended.

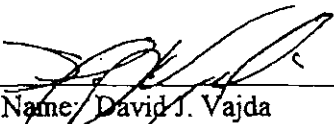

SECTION 11.03 Additional Purchaser Groups. Upon Seller's request with approval of the Administrative Agent and each Managing Agent, an additional Purchaser Group may be added to this Agreement at any time by the execution and delivery of a Joinder Agreement by the members of such proposed additional Purchaser Group, Seller, the Servicer, the Administrative Agent and each Managing Agent, and execution and delivery of a reaffirmation of the Performance Guaranty, which execution and delivery shall not be unreasonably refused by such parties. Upon the effective date of such Joinder Agreement, (i) each Person specified therein as a "Conduit Purchaser" shall become a party hereto as a Conduit Purchaser, entitled to the rights and subject to the obligations of a Conduit Purchaser hereunder, (ii) each Person specified therein as a "Bank Purchaser" shall become a party hereto as a Bank Purchaser, entitled to the rights and subject to the obligations of a Bank Purchaser hereunder, (iii) each Person specified therein as a "Managing Agent" shall become a party hereto as a Managing Agent, entitled to the rights and subject to the obligations of a Managing Agent hereunder and (iv) the Program Limit shall be increased by an amount equal to the aggregate Commitments of the Bank Purchasers party to such Joinder Agreement.

*[Remainder of page intentionally left blank]*

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their respective officers thereunto duly authorized, as of the date first above written.

ANNEX A

Form of Assignment and Acceptance

(attached)

FORM OF ASSIGNMENT AND ACCEPTANCE

Dated [\_\_\_\_\_]

Reference is made to the Receivables Purchase Agreement, dated as of March 15, 2010, by and among Columbia Gas of Pennsylvania Receivables Corporation, as the Seller, Columbia Gas of Pennsylvania, Inc., as the Servicer, the Conduit Purchasers and Bank Purchasers from time to time party thereto, the Managing Agents from time to time party thereto and The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as Administrative Agent, as the same may be amended, supplemented or otherwise modified from time to time (the "Agreement"). Terms defined in the Agreement are used herein with the same meaning.

[*Assigning Purchaser*] (the "Assignor") and [*Eligible Assignee*] (the "Assignee"), hereby agree as follows:

1. Purchase and Sale of Interest. The Assignor hereby sells and assigns to the Assignee, and the Assignee hereby purchases and assumes from the Assignor, an interest in and to all of the Assignor's rights and obligations under the Agreement as of the date hereof (including, without limitation, its Commitment and all Receivables Interests owned by it) equal to the percentage (the "Percentage") interest specified on the signature page hereto. After giving effect to such sale and assignment, the Assignee's Commitment will be as set forth in Section 2 of the signature page hereto. [As consideration for the sale and assignment contemplated in this Section 1, the Assignee shall pay to the Assignor on the Effective Date (as hereinafter defined) in immediately available funds an amount equal to \$[\_\_\_\_\_], representing the purchase price payable by the Assignee for the Receivables Interests sold and assigned to the Assignee under this Section 1.]

2. Representations and Disclaimers of Assignor. The Assignor:

- A. represents and warrants that it is the legal and beneficial owner of the interest being assigned by it hereunder and that such interest is free and clear of any adverse claim;
- B. makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with any Transaction Document or any other instrument or document furnished pursuant thereto or the execution, legality, validity, enforceability, genuineness, sufficiency or value of any Transaction Document or any other instrument or document furnished pursuant thereto; and
- C. makes no representation or warranty and assumes no responsibility with respect to the financial condition of any Transaction Party or the performance or observance by any Transaction Party of any of its respective obligations under the Transaction Documents or any other instrument or document furnished pursuant thereto.

---

• Include bracketed text if Assignor holds a portion of the Receivables Interests on the Effective Date.

3. Representations and Agreements of Assignee. The Assignee:
- A. confirms that it has received a copy of the Agreement, together with copies of the most recent financial statements delivered pursuant to Section 5.01(j) of the Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Assignment and Acceptance;
  - B. agrees that it will, independently and without reliance upon the Administrative Agent, any Managing Agent, the Assignor or any other Purchaser and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Agreement;
  - C. (x) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers under the Agreement and the other Transaction Documents as are delegated to the Administrative Agent by the terms thereof, together with such powers as are reasonably incidental thereto and (y) appoints and authorizes [ ] to take such action as agent on its behalf and to exercise such powers under the Agreement and the other Transaction Documents as are delegated to a Managing Agent by the terms thereof, together with such powers as are reasonably incidental thereto;
  - D. agrees that it will perform in accordance with their terms all of the obligations which by the terms of the Agreement and this Assignment and Acceptance are required to be performed by it as a [Bank][Conduit] Purchaser;
  - E. specifies as its address for notices the office set forth beneath its name on the signature pages hereof;
  - F. represents that this Assignment and Acceptance has been duly authorized, executed and delivered by the Assignee pursuant to its corporate powers and constitutes the legal, valid and binding obligation of the Assignee; and
  - G. if the Assignee is organized under the laws of a jurisdiction outside the United States, (i) attaches the forms prescribed by the Internal Revenue Service of the United States certifying as to the Assignee's status for purposes of determining exemption from United States withholding taxes with respect to all payments to be made to the Assignee under the Agreement or such other documents as are necessary to indicate that all such payments are subject to such taxes at a rate reduced by an applicable tax treaty and (ii) agrees to provide the Administrative Agent (to the extent permitted by applicable law) with similar forms for each subsequent tax year of the Assignee in which payments are to be made to the Assignee under the Agreement.

4. Effectiveness of Assignment. Following the execution of this Assignment and Acceptance by the Assignor and the Assignee, it will be delivered to the Administrative Agent for acceptance and recording by the Administrative Agent. The effective date of this

Assignment and Acceptance shall be the date of acceptance thereof by the Administrative Agent, unless otherwise specified in Section 3 of the signature page hereto (the "Effective Date").

5. Rights of the Assignee. Upon such acceptance and recording by the Administrative Agent, as of the Effective Date, (i) the Assignee shall be a party to the Agreement and, to the extent provided in this Assignment and Acceptance, have the rights and obligations of a [Bank][Conduit] Purchaser thereunder and hereunder, (ii) the Assignee shall be a member of the Purchaser Group of which [ ] is the Managing Agent and (iii) the Assignor shall, to the extent provided in this Assignment and Acceptance, relinquish its rights and be released from its obligations under the Agreement.

6. Payments. Upon such acceptance and recording by the Administrative Agent, from and after the Effective Date, the Administrative Agent, the Seller or the Servicer, as the case may be, shall make all payments under the Agreement in respect of the interest assigned hereby (including, without limitation, all payments of fees with respect thereto) to the Assignee in accordance with the Agreement. The Assignor and Assignee shall make all appropriate adjustments in payments under the Agreement for periods prior to the Effective Date directly between themselves.

7. **GOVERNING LAW. THIS ASSIGNMENT AND ACCEPTANCE AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.**

IN WITNESS WHEREOF, the parties hereto have caused this Assignment and Acceptance to be executed by their respective officers thereunto duly authorized, as of the date first above written.

ANNEX B

Form of Blocked Account Agreement

(attached)

Multi-Party Blocked Account Agreement (this "Agreement")  
Dated as of  
March 15, 2010  
among  
Columbia Gas of Pennsylvania, Inc. ("CPA"), a Pennsylvania corporation  
Columbia Gas of Pennsylvania Receivables Corporation (the "Seller"),  
The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch,  
as administrative agent pursuant to the  
Receivables Purchase Agreement referred to below (the "Agent")  
and  
PNC Bank, National Association ("PNC Bank")

CPA maintains the deposit accounts identified on Schedule I hereto (each, an "Account", and collectively, the "Accounts") into which accounts checks and other items of payment ("Items") are deposited. The parties acknowledge that the provisions of the customary agreements for accounts of this type between PNC Bank and CPA shall apply to the extent not inconsistent.

CPA hereby informs PNC Bank that in connection with that certain Receivables Sale Agreement dated as of March 15, 2010 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Receivables Sale Agreement"), among CPA, as seller, and Seller, as purchaser, CPA has transferred all of its right, title and interest in and to the Accounts to the Seller. CPA hereby requests that the Account be retitled in the name of "Columbia Gas of Pennsylvania Receivables Corporation". CPA and the Seller hereby inform you that in connection with that certain Receivables Purchase Agreement dated as of March 15, 2010 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Receivables Purchase Agreement"), among the Seller, CPA, as initial servicer, the entities named therein as Conduit Purchasers and Bank Purchasers (collectively, the "Purchasers"), the entities named therein as Managing Agents, and The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as Administrative Agent, the Seller has transferred control in and to the Accounts to the Agent for the benefit of the Purchasers. In addition, Seller has granted the Agent a first priority security interest in all of its right, title and interest in and to the Accounts and all funds on deposit from time to time therein.

PNC Bank hereby confirms it is a "bank" within the meaning of Section 9-102 of the Uniform Commercial Code (the "UCC"), and that the Accounts constitute "deposit accounts" within the meaning of Section 9-102 of the UCC. PNC Bank hereby acknowledges that it is the intent of the parties in entering into this Agreement to grant to, and confer upon, the Agent "control" of the Accounts, as contemplated in Section 9-104 (and similar related provisions) of the UCC.

CPA, the Seller, the Agent and PNC Bank are entering into this Agreement to set forth their relative rights and duties with respect to the Accounts and all funds on deposit therein from time to time. Subject to the terms of this Agreement, PNC Bank acknowledges notice of the Agent's security interest in the Accounts.

I. Accounts. Until such time as PNC Bank shall have received a written notice, in a Timely Manner, from the Agent in the form of Exhibit A attached hereto (the "Notice"), funds on deposit from time to time in the Accounts shall be disbursed as the Seller may direct. Upon

PNC Bank's receipt of the Notice, in a Timely Manner, the Agent shall have the exclusive right to direct and provide instructions to PNC Bank as to the disposition of all amounts then or thereafter deposited in the Accounts, and PNC Bank shall not comply with any instruction from CPA or the Seller in connection with the Accounts. "Timely Manner" means receipt of the relevant notice, notice revocation or instruction at a time and in a manner affording PNC Bank a reasonable opportunity to act thereon not to exceed two business days after PNC's receipt of Notice. PNC Bank, after receipt of Notice and subject to its applicable availability policy in effect from time to time, will transfer on each banking day all available funds on deposit in the accounts by wire transfer, or other method of transfer mutually agreeable to PNC Bank and the Agent, as the Agent may from time to time direct PNC Bank in accordance with PNC Bank's usual and customary procedures for funds transfers. CPA, Seller and Agent agree that wire or other electronic funds transfers from the Accounts shall be subject to the terms of PNC Bank's standard agreements for such services. In the event of any inconsistency between this Agreement and the terms of such other agreements, the terms of this agreement shall control.

2. Reliance Upon Instructions. PNC Bank may rely upon, and shall be protected in acting, or refraining from acting upon the contents of any notice, including without limitation a Notice, or instructions that PNC Bank believes in good faith to be genuine and given by CPA or the Agent, as the case may be, without any independent investigation. PNC Bank shall have no duty to inquire into the authority of the person in giving such notice or instruction. In the event that PNC Bank receives conflicting notices or instructions prior to its receipt of Notice, PNC Bank will refrain from action and shall be entitled to take action in accordance with Section 19.

3. Information. PNC Bank will from time to time provide to CPA and, as requested by the Agent, the Agent information regarding the Accounts as such parties may reasonably request via utilization of PNC Bank's internet-based system then in effect.

4. Financing Documents. PNC Bank shall not be deemed to have any knowledge (imputed or otherwise) of: (a) any of the terms or conditions of the Receivables Purchase Agreement, the Receivables Sale Agreement or any document referred to therein or relating to any financing arrangement between CPA, the Seller, and the Agent, or any breach thereof, or (b) any occurrence or existence of a default. PNC Bank has no obligation to inform any person of such breach or to take any action in connection with any of the foregoing, except such actions regarding the Accounts as are specified in this Agreement. PNC Bank is not responsible for the enforceability or validity of the security interest in the Accounts.

5. Set-Off. PNC Bank agrees it shall not offset, charge, deduct or otherwise withdraw funds from the Accounts, except as permitted by Section 6.

6. Charges and Fees. PNC Bank may debit the Accounts for (a) any items (including, but not limited to, checks, drafts, Automatic Clearinghouse ("ACH") credits or wire transfers or other electronic transfers or credits) deposited or credited to the Accounts in error or which may be returned or otherwise not collected; (b) processing errors; (c) fees and expenses payable hereunder; (d) reasonable attorney's fees of PNC Bank's outside counsel for the review, negotiation and enforcement of this Agreement, which attorney's fees CPA and Seller hereby agrees to pay; (e) obligations and liabilities arising out of any cash management services provided by PNC Bank, including, but not limited to, Automated Clearing House transactions;

and (f) all charges, fees, commissions and expenses incurred by PNC Bank in providing services or otherwise in connection herewith; PNC Bank may charge the Accounts as permitted herein at such times as are in accordance with its customary practices for any item, fee, expense or other amount due PNC Bank as listed in clauses (a) through (f) of this Section. In the event that there are insufficient funds in the Account for any item, fee, expense or other amount due PNC Bank as listed in clauses (a) through (f) of this Section, Seller shall reimburse PNC Bank for same.

7. Liability. PNC Bank's duties and obligations shall be determined solely by the provisions of this Agreement and PNC Bank shall not be liable except for the performance of its duties and obligations as are set forth herein; provided, however, PNC Bank shall have no liability to any party to this Agreement or to any other party arising out of or in connection with this Agreement other than for its gross negligence or willful misconduct. PNC Bank shall have no obligation to review, or confirm that any actions taken pursuant to this Agreement comply with, any other agreement or document. Substantial compliance by PNC Bank with its standard procedures for the services PNC Bank is providing hereunder shall be deemed to be the exercise by it of ordinary care. In no event shall PNC Bank be liable for any lost profits or for any indirect, special, consequential or punitive damages even if advised of the possibility or likelihood of such damages. This provision shall survive termination of the Agreement.

8. Indemnification. Seller agrees to indemnify PNC Bank for, and hold PNC Bank harmless from, all claims, demands, losses, liabilities and expenses (including attorneys' fees), resulting from or with respect to the services provided hereunder including, without limitation: (a) any action taken, or not taken, by PNC Bank in regard thereto in accordance with the terms of this Agreement; (b) Items, including, without limitation, any automated clearinghouse transactions, which are returned for any reason, and any adjustments or processing errors; and (c) any failure of the Seller to pay any invoice or charge of PNC Bank for services in respect to this Agreement, the Items, the Account or any amount owing to PNC Bank from Seller with respect thereto or to the service provided hereunder. To the extent of such indemnity, Seller agrees to reimburse PNC Bank for any amounts described in clause (b) of this Section in the event and to the extent that there are insufficient funds in the Accounts to cover any amounts described in clause (b) of this Section after receiving "Notice". Seller agree to pay within thirty (30) days of receipt thereof any documented invoice by PNC Bank under this indemnity. The indemnification provided for in this Section 8 does not apply to any cost or damage attributable to PNC Bank's gross negligence or willful misconduct. This indemnity shall survive the termination of this Agreement. If Seller fails to so repay PNC Bank the amounts described in clause (b) above, then Agent shall repay PNC Bank for such amounts immediately upon demand to the extent that Agent has given the Notice and such amounts were transferred from an Account at the direction of the Agent.

9. Failure to Perform. None of CPA, the Seller, the Agent or PNC Bank will be liable for any failure to perform its obligations when the failure arises out of causes beyond its control, including, without limitation, an act of a governmental regulatory/authority, an act of God, accident, equipment failure, labor disputes or system failure, provided it has exercised such diligence as the circumstances require.

10. Governing Law. This agreement shall be construed in accordance with and governed by the laws of the State of New York. PNC Bank, CPA, the Seller and Agent hereby waive their respective rights to a trial by jury in any proceeding related to this Agreement.

11. No Extension of Credit. Nothing in this Agreement, unless otherwise agreed to in writing, or any course of dealing between CPA, the Seller, the Agent or PNC Bank, commits or obligates PNC Bank to extend any overdraft or other credit to CPA, the Seller or the Agent.

12. Amendments and Waivers. This Agreement may be amended or waived only in writing signed by CPA, the Seller, the Agent and PNC Bank.

13. Assignment. None of CPA, the Seller, the Agent or PNC Bank may assign or transfer any of its rights or obligations under this Agreement, except PNC Bank may assign or transfer its rights and obligations to any successor by merger of PNC Bank or to any financial institution that is directly or indirectly (a) in control of PNC Bank, (b) under the control of PNC Bank, or (c) under common control with PNC Bank, provided that in the event of an assignment to a financial institution that is directly or indirectly under the control of PNC Bank, PNC Bank agrees to remain primarily liable under this Agreement. This Agreement shall bind the respective successors and assigns of the parties and shall inure to the benefit of their respective successors and assigns.

14. Termination. PNC Bank may terminate this Agreement upon thirty (30) business days' prior written notice to CPA, the Seller and the Agent. The Agent may terminate this Agreement upon forty-five (45) days' prior written notice to PNC Bank. Neither CPA nor the Seller may terminate this Agreement without the prior written consent of the Agent. Any claim or cause of action of any party against any other relating to this Agreement which existed at the time of termination shall survive the termination. All mail received after the date specified in such notice of termination shall be returned by PNC Bank to the Agent by first class mail or such other means mutually agreeable to the Agent and PNC Bank. Notwithstanding the foregoing, PNC Bank may terminate this Agreement immediately upon contemporaneous written notice to the other parties in the event of suspected fraud, abuse, or other illegal activity in connection with the Accounts or this Agreement. Upon any such termination, PNC Bank will close the Accounts and transfer all funds therein to, or at the direction of, the Agent.

15. Entire Agreement. This Agreement constitutes the entire agreement and understanding, and supersedes all prior agreements and understandings, between CPA, the Seller, the Agent and PNC Bank relating to the services provided pursuant to this Agreement as of the date of this Agreement.

16. Notices. Any notices given pursuant to this Agreement shall be given by any commercially reasonable means and all notices shall be effective when received. Each written notice shall be addressed to the relevant address appearing below or at another address specified in a written notice by one party to the other.

If to CPA:

801 E. 86th Avenue  
Merrillville, Indiana 46410  
Attention: Assistant Treasurer

If to the Seller:

200 Civic Center Drive  
Columbus, Ohio 43215  
Attention: Assistant Treasurer

If to the Administrative Agent:

The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch  
1251 Avenue of the Americas  
New York, NY 10020

If to PNC Bank:

PNC Bank, National Association  
Treasury Management  
Two PNC Plaza, 31st Floor  
620 Liberty Avenue  
Pittsburgh, PA 15222  
Attn: Gabe Galioto

17. Counterparts. This Agreement may be executed by CPA, the Seller, the Agent and PNC Bank individually or in several separate counterparts, each of which shall be an original and all of which taken together shall constitute one and the same agreement.

18. Rules. Use of the services provided pursuant to this Agreement is subject to all applicable laws, regulations, rules and funds transfer systems and clearing arrangements, whether or not PNC Bank is a party to such policies.

19. Right to Place Hold, Bankruptcy, Interpleader. If at any time: (a) PNC Bank, in good faith, is in doubt as to the action it should take under this Agreement or (b) Seller becomes subject to a voluntary or involuntary bankruptcy, reorganization, receivership or similar proceeding, or (c) PNC Bank is served with legal process which it in good faith believes prohibits the disbursement of the funds deposited in the Accounts, then PNC Bank shall have the right (i) to place a hold on the funds in all such Accounts until such time as it receives an appropriate court order or other assurance satisfactory to it as to the disposition of the funds in the Accounts, or (ii) to commence, at Seller's expense, an interpleader action in any competent Federal or State Court located in the Commonwealth of Pennsylvania, and otherwise to take no further action except in accordance with joint written instructions from CPA, Seller and Agent or in accordance with the final order of a competent court, served on PNC Bank.

[SIGNATURE PAGE FOLLOWS]

ANNEX F

Additional Representations and Warranties of the Seller

1. This Agreement creates a valid and continuing security interest (as defined in the applicable UCC) in the Receivables, the Related Security and Collections with respect thereto and the Blocked Accounts and Lock-Boxes in favor of the Administrative Agent, for the benefit of the Indemnified Parties, which security interest is prior to all other Adverse Claims other than Permitted Liens, and is enforceable as such against the creditors of and purchasers from the Seller.
2. The Receivables constitute "accounts" within the meaning of the applicable UCC.
3. The Seller owns and has good title to the Receivables, the Related Security and Collections with respect thereto and the Blocked Accounts and Lock-Boxes, free and clear of any Adverse Claim, claim or encumbrance of any Person other than Permitted Liens.
4. The Seller has caused or will have caused, within ten (10) days, the filing of all appropriate financing statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Receivables, the Related Security and Collections with respect thereto (except with respect to Choice Marketer Receivables which are not Eligible Receivables, solely with respect to filings perfecting the transfer of such Receivables from the related Choice Marketer to the Originator) and the Blocked Accounts and Lock-Boxes granted to the Administrative Agent, for the benefit of the Indemnified Parties, hereunder.
5. Other than the security interest granted to the Administrative Agent, for the benefit of the Indemnified Parties, pursuant to this Agreement, the Seller has not pledged, assigned, sold, granted a security interest in, or otherwise conveyed any of the Receivables, the Related Security and Collections with respect thereto or the Blocked Accounts or Lock-Boxes. The Seller has not authorized the filing of and is not aware of any financing statements against the Seller that include a description of collateral covering the Receivables, the Related Security and Collections with respect thereto or the Blocked Accounts or Lock-Boxes other than any financing statement relating to the security interest granted to the Administrative Agent, for the benefit of the Purchasers, hereunder or that has been terminated. The Seller is not aware of any judgment or tax lien filings against the Seller.

Re: PURCHASE NOTICE

Ladies and Gentlemen:

Reference is hereby made to that certain Receivables Purchase Agreement, dated as of March 15, 2010, by and among Columbia Gas of Pennsylvania Receivables Corporation, a Delaware corporation (the "Seller"), Columbia Gas of Pennsylvania, Inc., as Servicer, the Bank Purchasers, Conduit Purchasers and Managing Agents party thereto and The Bank of Tokyo-Mitsubishi UFJ, Ltd. New York Branch, as Administrative Agent (as amended, restated, supplemented or otherwise modified, the "Receivables Purchase Agreement"). Capitalized terms used herein shall have the meanings assigned to such terms in the Receivables Purchase Agreement.

Each of you is hereby notified of the following purchase of Receivables Interest:

Purchase Price: \$ \_\_\_\_\_

Date of Purchase: \_\_\_\_\_

[Yield]:\* [Adjusted Eurodollar Rate][Base Rate]

\* If Assignee Rate is to apply

The amount of the purchase price to be funded by each Purchaser Group is as follows:

BTMU Purchaser Group: \$ \_\_\_\_\_  
[PURCHASER GROUP]: \$ \_\_\_\_\_

Please wire-transfer the proceeds of the purchase price in immediately available funds to the Seller's Account.

Please advise [Name] at telephone no. \_\_\_\_\_ if the Conduit Purchaser in your Purchaser Group will not be making this purchase.

In connection with the purchase to be made on the above listed "Date of Purchase" (the "Purchase Date"), the Seller hereby certifies that the following statements are true on the date hereof, and will be true on the Purchase Date (before and after giving effect to the proposed purchase):

(i) the representations and warranties contained in Sections 4.01 and 4.02 of the Receivables Purchase Agreement are correct on and as of the Purchase Date as though made on and as of such date;

(ii) no event has occurred and is continuing, or would result from the proposed purchase, that constitutes an *Event of Termination*, an *Involuntary Bankruptcy Event* or an *Incipient Event of Termination*; and

(iii) the Originator shall has sold or contributed to the Seller, pursuant to the Sale Agreement, all Receivables that arose on or prior to the Purchase Date.

Very truly yours,

COLUMBIA GAS OF PENNSYLVANIA  
RECEIVABLES CORPORATION

Form of Joinder Agreement

(attached)

## FORM OF JOINDER AGREEMENT

Reference is made to the Receivables Purchase Agreement dated as of March 15, 2010 by and among Columbia Gas of Pennsylvania Receivables Corporation (the "Seller"), Columbia Gas of Pennsylvania, Inc., as the Servicer, the Bank Purchasers and Conduit Purchasers from time to time party thereto, the Managing Agents from time to time party thereto and The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as Administrative Agent for the Purchasers (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Agreement"). To the extent not defined herein, capitalized terms used herein have the meanings assigned to such terms in the Agreement.

\_\_\_\_\_ (the "New Managing Agent"), \_\_\_\_\_ (the "New Conduit Purchaser[s]"), \_\_\_\_\_ (the "New Bank Purchaser[s]"); and together with the New Managing Agent and New Conduit Purchaser[s], the "New Purchaser Group"), the Seller, the Servicer and the Administrative Agent agree as follows:

1. Pursuant to Section 11.03 of the Agreement, the Seller has requested that the New Purchaser Group agree to become a "Purchaser Group" under the Agreement.

2. The effective date (the "Effective Date") of this Joinder Agreement shall be the later of (i) the date on which a fully executed copy of this Joinder Agreement is delivered to the Administrative Agent and (ii) the date of this Joinder Agreement.

3. By executing and delivering this Joinder Agreement, each of the New Managing Agent, the New Conduit Purchaser[s] and the New Bank Purchaser[s] confirms to and agrees with each other party to the Agreement that (i) it has received a copy of the Agreement and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Joinder Agreement; (ii) it will, independently and without reliance upon the Administrative Agent, the other Managing Agents, the other Purchasers or any of their respective Affiliates, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Agreement or any Transaction Document; (iii) it appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers under the Agreement, the Transaction Documents and any other instrument or document pursuant thereto as are delegated to the Administrative Agent by the terms thereof, together with such powers as are reasonably incidental thereto and to enforce its respective rights and interests in and under the Agreement, the Transaction Documents, the Receivables, the Related Security and the Collections; (iv) it will perform all of the obligations which by the terms of the Agreement and the Transaction Documents are required to be performed by it as a Managing Agent, a Conduit Purchaser or a Bank Purchaser, as applicable; (v) its address for notices shall be the office set forth beneath its signature to this Joinder Agreement; and (vi) it is duly authorized to enter into this Joinder Agreement.

4. On the Effective Date of this Joinder Agreement, each of the New Managing Agent, the New Conduit Purchaser[s] and the New Bank Purchaser[s] shall join in and be a party to the Agreement and, to the extent provided in this Joinder Agreement, shall have the

rights and obligations of a Managing Agent, a Conduit Purchaser or a Bank Purchaser, as applicable, under the Agreement.

5. This Joinder Agreement may be executed by one or more of the parties on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument.

6. This Joinder Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, the parties hereto have caused this Joinder Agreement to be executed by their respective officers thereunto duly authorized, as of the date first above written, such execution being made on Schedule I hereto.

Form of Choice Marketer Purchase Agreement

(attached)

## ACCOUNTS RECEIVABLE PURCHASE AGREEMENT

This Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, (“Agreement”) by \_\_\_\_\_ and \_\_\_\_\_ between \_\_\_\_\_ located at \_\_\_\_\_ (“NGS”), and Columbia Gas of Pennsylvania, Inc. (“Company” or “CPA”), 200 Civic Center Dr., Columbus, OH 43215.

**WHEREAS**, the Company has instituted a service regulated by the Pennsylvania Public Utility Commission (“Commission”) in which it offers gas distribution service to residential and small commercial customers of the Company (“Choice Service”);

**WHEREAS**, the Choice Service contemplates that the Company’s customers will secure *their gas supplies competitively, through a natural gas supplier (“NGS”) that has been licensed to supply natural gas in Pennsylvania and is eligible to provide service on the Company’s system, and that the Company’s customers will continue to use the Company to distribute the gas supplies;*

**WHEREAS**, the Choice Service provides that the Company, at its option, may purchase the accounts receivable from participating NGSS who desire the Company to make such purchases;

**WHEREAS**, the NGS is participating in the Choice Service, and the NGS desires to have the Company purchase its accounts receivable and the Company has agreed to purchase the NGS’s accounts receivable;

**NOW THEREFORE** in consideration of the mutual promises and covenants contained in this Agreement, the NGS and the Company agree to the following terms and conditions:

1. Definitions.

- a. The term “Customer” as used herein shall mean the Company’s customers who are both participating in the Company’s Choice Service and who are being provided natural gas by the NGS. Under no circumstances shall the term “Customer” include the Company’s customers who are not participating in the Choice Service or who are not being provided natural gas by the NGS.
- b. The term “Accounts Receivable” as used herein shall mean the uncollected amounts that are justly due and owing from Customers in payment for the natural gas sold to the Customer by the NGS. This term does not include any applicable Pennsylvania sales tax or late payment fees charged to the Customer and added to the Customer’s bill.
- c. The term “NGS Agreement” as used herein shall mean any and all agreements between the NGS and the Company and/or all applicable tariffs of the Company as approved by the Commission, which govern the relationship between the NGS and the Company. The NGS Agreement is hereby incorporated by reference and made part of this Agreement.

- d. The term "Customer Base" as used herein shall mean the entire group of Customers for which the NGS is providing natural gas.
2. Purchases. Under this Agreement, the Company agrees to purchase from the NGS, and the NGS Agrees to sell to the Company, the NGS's Accounts Receivable in accordance with the following requirements:
    - a. The Company shall make purchases beginning in the calendar month December, 2003 and shall make purchases each month thereafter through the remainder of the Initial Term of this Agreement (as defined in paragraph 3 below) and any subsequent renewal term. The purchase made in any particular month shall consist of the Customer indebtedness incurred during the most recently completed billing cycle for each particular Customer. For illustration purposes only, if a Customer's billing cycle is the fifteenth (15<sup>th</sup>) day of Month One to the fifteenth (15<sup>th</sup>) day of Month Two, in Month Two, the Company shall purchase that Customer's Accounts Receivable that is billed in Month Two.
    - b. Irrespective of paragraph a. above, in no case shall the Company purchase the Accounts Receivable for Customer indebtedness incurred prior to October 25, 2001. The Company shall make each monthly purchase as a lump sum consisting of the Accounts Receivable for all of the accounts in the NGS's Customer Base, and the Company shall not make purchases of less than all of the Accounts Receivable held by the NGS for that particular month. Under no circumstance shall the Company purchase the Accounts Receivable for any customer or customers who did not participate in the Choice Service for the month being purchased.
  3. Term. The initial term of this Agreement shall commence upon execution of this Agreement and shall continue until July 1, 2005 (the "Initial Term"). After the expiration of the Initial Term, this Agreement shall continue and renew on a year to year basis unless either party provides the other with written notice of its desire to cancel this Agreement at least thirty (30) days prior to expiration of the Initial Term or any renewal term thereafter.
  4. Price. The Company shall purchase the NGS's Accounts Receivable at a five percent (5%) discount of the total amount billed by the NGS to its total Customer Base for providing natural gas supplies to the Customer Base for that month. The Company shall calculate the amount due the NGS by first adding together all of the bills for natural gas sold to Customers in the NGS's Customer Base, and then multiplying that total amount by ninety-five percent (95%). This calculation methodology shall be effective for all Accounts Receivable purchases made during the entire Initial Term and any renewal term of this Agreement.
  5. Payment. Beginning with Accounts Receivable purchased in December, 2003, and continuing on a monthly basis for the Initial Term and any renewal term of this Agreement, the Company shall make payment to the NGS for the Accounts Receivable

being purchased within thirty (30) days after the last unit billed in any billing cycle. Said monthly payment shall be made to the NGS by the Company regardless of whether any particular Customer or Customers in the NGS's Customer Base pays their bill(s). Any monthly payment, other than payments associated with an adjustment to an account, which is not made by the Company within 60 days shall be subject to a late payment charge of 1.25% per month applied to any unpaid amount.

6. Sales Tax Responsibility. The NGS, and not the Company, is fully responsible for all Pennsylvania sales tax deficiencies and audits regarding the NGS's sale of the natural gas commodity to the Customer. The Company acknowledges that it is providing a service to the NGS in those situations where the Company collects the sales tax and remits the sales tax over to Pennsylvania. The NGS also acknowledges that it is responsible for collecting and maintaining Pennsylvania sales tax exemption certificates from the Customers and informing the Company as to which Customers are not required to pay the sales tax. The Company is fully responsible for all Pennsylvania sales tax deficiencies and audits regarding the Company's charges related to the distribution of the natural gas commodity to the Customer.

7. Late Payment Fees. The Company shall be entitled to collect and retain from the Customers any and all late payment fees specified in the NGS's agreements with the Customer. NGS agrees to include late payment fee language in all natural gas commodity supply agreements with Customers initiated or renewed during the term of this Agreement. The late payment fee shall be equal to at least 1.25% of any unpaid natural gas commodity balance outstanding at the next billing date.

8. Adjustments. The Company reserves the right to adjust the NGS's account with regard to Accounts Receivable purchases for up to two (2) years after the original billing date for any individual Customer's bill at issue for accounting errors or any other necessary adjustment.

9. Right of Set-Off. The Company and the NGS agree that if the NGS owes the Company any fees, costs or penalties whatsoever, the Company shall have the right of set-off as against those fees, cost or penalties due and owing to the Company. In calculating the payment due the NGS under this Agreement, said fees, costs or penalties shall be deducted from the amount to be paid to the NGS after the five (5%) percent discount is applied to total amount billed by the NGS to its total Customer Base for providing natural gas supplies to the Customer Base for that month.

10. Binding Agreement. This Agreement shall be binding upon the parties hereto, their heirs, executors, administrators, successors and assigns.

11. Assignment. This Agreement may be assigned only with the prior written consent of Company, which consent shall not be unreasonably withheld.

12. Notice and Payments. If requested by the NGS in writing, all payments to the NGS under this Agreement shall be made by wire transfer pursuant to the wire instructions provided by the NGS to the Company. All notices to the NGS and the

Company which are provided for in this Agreement shall be duly delivered to the post office address as follows:

13. Governing Law. This Agreement and the rights and obligations of the parties hereunder shall in all respects be governed by, and construed in accordance with, the laws of the Commonwealth of Pennsylvania (without regard to the conflict of law principles of such Commonwealth), including all matters of construction, validity and performance.

14. Counterparts. This Agreement may be executed in counterparts, each of which when so executed and delivered shall be an original, with all such counterparts together constituting one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement this day of \_\_\_\_\_, 20\_\_.

ANNEX I-2

Form of Choice Marketer Security Agreement

(attached)

## ACKNOWLEDGEMENT AND SECURITY AGREEMENT

WHEREAS, Columbia Gas of Pennsylvania, Inc. (the "Company") and [ ] ("Supplier") are parties to an Accounts Receivable Purchase Agreement dated [ ] pursuant to which certain of Supplier's accounts receivable are sold by Supplier to the Company;

WHEREAS, the parties wish to perfect the Company's interest in such transfer.

NOW, THEREFORE, in consideration of the agreements set forth in the Accounts Receivable Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

Notwithstanding any statement in the Accounts Receivable Purchase Agreement, the parties acknowledge and agree that title to a Receivable shall pass to the Company upon delivery of gas to the obligor under such Receivable. The Company shall pay for such Receivable in accordance with the terms of the Accounts Receivable Purchase Agreement. The Company and Supplier have structured the Accounts Receivable Purchase Agreement with the intention that each purchase of Receivables thereunder be treated as a sale of such Receivables by Supplier to the Company. In the event that, contrary to the mutual intent of the Company and Supplier, any purchase of Receivables under the Accounts Receivable Purchase Agreement is not characterized as a sale, Supplier shall, effective as of the date hereof, be deemed to have granted (and the Supplier hereby does grant) to the Company a first priority security interest in all of Supplier's right, title and interest in and to all Receivables, whether now owned and existing or hereafter acquired or arising (but not including any Receivable that arises after the expiration or termination of the Company's obligation to purchase and pay for Receivables under the Accounts Receivable Purchase Agreement), all Related Security and Collections with respect thereto and, to the extent not included in the foregoing, all proceeds of any and all of the foregoing. Supplier acknowledges and agrees that the security interest granted herein attaches at the time of delivery of gas to the obligor of a Receivable. In the event the Accounts Receivable Purchase Agreement expires or is terminated pursuant to its terms without being replaced by a successor agreement, the Company agrees to promptly amend any financing statement on file in a matter reasonably satisfactory to Supplier. Although it is not the intent of this document to interfere with or otherwise compromise the confidential nature of any information possessed by Supplier, Supplier also hereby agrees to provide access at reasonable times and in a reasonable manner to all books, records and other information (including, without limitation data contained in computer programs, tapes, discs, punch cards, data processing software and related property and rights) relating to such Receivables and only to the extent necessary in the event Company possesses no other reasonably comparable information and therefore needs such access to collect such Receivables.

As used in this Acknowledgement and Security Agreement, capitalized terms shall have the following meanings:

"Collections" means, with respect to any Receivable, all cash collections and other cash proceeds of such Receivable, including, without limitation, all cash proceeds of Related Security with respect to such Receivable.

“Receivable” means the indebtedness and other obligations of any obligor to pay for natural gas provided by Supplier under the Company’s Choice Service and delivered on the Company’s distribution system, whether billed or unbilled, including the right to payment of any interest or finance charges, late payment charges, delinquency charges, extension or collection fees and all other obligations of such obligor with respect thereto.

“Related Security” means with respect to any Receivable:

- (i) all security interests or liens and property subject thereto from time to time purporting to secure payment of such Receivable, together with all financing statements authorized by an obligor describing any collateral securing such Receivable;
- (ii) all guaranties, insurance and other agreements or arrangements of whatever character from time to time supporting or securing payment of such Receivable; and
- (iii) all of Supplier’s right, title and interest, if any, in and to all invoices that evidence, secure or otherwise relate to such Receivable.

IN WITNESS WHEREOF, the parties have executed this Acknowledgement and Security Agreement this \_\_\_ day of \_\_\_\_\_, 2010.

ANNEX I-3

Form of Revised Choice Marketer Purchase Agreement

(attached)

**COLUMBIA GAS OF PENNSYLVANIA, INC.**

**ACCOUNTS RECEIVABLE PURCHASE AGREEMENT**

This Agreement made this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, (“Agreement”) by and between \_\_\_\_\_ located at \_\_\_\_\_ (“Supplier”), and Columbia Gas of Pennsylvania, Inc. (“Company”), 200 Civic Center Dr., Columbus, OH 43215.

**WHEREAS**, the Company has instituted a service regulated by the Pennsylvania Public Utility Commission (“Commission”) in which it offers gas distribution service to residential and small commercial customers of the Company (“Choice Service”);

**WHEREAS**, the Choice Service contemplates that the Company’s customers will secure their gas supplies competitively, through a natural gas supplier that has been licensed to supply natural gas in Pennsylvania and is eligible to provide service on the Company’s system, and that the Company’s customers will continue to use the Company to distribute the gas supplies;

**WHEREAS**, the Choice Service provides that the Company, at its option, may purchase the accounts receivable from participating Suppliers who desire the Company to make such purchases;

**WHEREAS**, the Supplier is participating in the Choice Service, and the Supplier desires to have the Company purchase its accounts receivable and the Company has agreed to purchase the Supplier’s accounts receivable;

**NOW THEREFORE** in consideration of the mutual promises and covenants contained in this Agreement, the Supplier and the Company agree to the following terms and conditions:

1. **Definitions.** The following capitalized terms will have the following meanings when used in this Agreement:
  - a. **“Accounts Receivable”** means the indebtedness and other obligations of any Customer to pay for natural gas provided by Supplier under the Company’s Choice Service and delivered on the Company’s distribution system, whether billed or unbilled. This definition does not include any Company distribution charges or the applicable sales tax.
  - b. **“Collections”** means, with respect to any Account Receivable, all cash collections and other cash proceeds of such Account Receivable, including, without limitation, all cash proceeds of Related Security with respect to such Receivable.
  - c. **“Customer”** means the Company’s customers who are both participating in the Company’s Choice Service and who are being provided natural gas by the Supplier. Under no circumstances shall the term “Customer” include the Company’s customers who are not participating in the Choice Service or who are not being provided natural gas by the Supplier.

- d. “Customer Base” means the entire group of Customers for which the Supplier is providing natural gas.
- e. “Supplier Agreement” means any and all agreements between the Supplier and the Company and/or all applicable tariffs of the Company as approved by the Commission, which govern the relationship between the Supplier and the Company. The Supplier Agreement is hereby incorporated by reference and made part of this Agreement.
- f. “Related Security” means with respect to any Account Receivable:
  - (i) all security interests or liens and property subject thereto from time to time purporting to secure payment of such Account Receivable, together with all financing statements authorized by a Customer describing any collateral securing such Receivable;
  - (ii) all guaranties, insurance and other agreements or arrangements of whatever character from time to time supporting or securing payment of such Account Receivable; and
  - (iii) all of Supplier’s right, title and interest, if any, in and to all invoices that evidence, secure or otherwise relate to such Account Receivable.

2. Purchases. Under this Agreement, the Company agrees to purchase from the Supplier, and the Supplier agrees to sell to the Company, the Supplier’s Accounts Receivable in accordance with the terms and conditions of this Agreement including the following requirements:

- a. The Company shall make purchases on a daily basis beginning on the commencement date of this Agreement (see Paragraph 3 below) and shall make purchases daily through the remainder of the term of this Agreement. Although the price for each Account Receivable coming into existence after the date hereof shall be owed by the Company to the Supplier on the date such Account Receivable comes into existence, final settlement of the price between the Company and the Supplier shall be effected on a monthly basis as provided in Paragraph 5 with respect to all Receivables coming into existence during the most recently completed billing cycle for each particular Customer. For illustration purposes only, if a Customer’s billing cycle is the fifteenth (15<sup>th</sup>) day of Month One to the fifteenth (15<sup>th</sup>) day of Month Two, in Month Two, the Company shall pay for those Customer’s Accounts Receivable that are billed in Month Two.
- b. Irrespective of Paragraph a. above, in no case shall the Company purchase the Accounts Receivable for any Customer’s indebtedness incurred prior to that Customer’s enrollment with the Supplier. The Company shall acquire the Accounts Receivable for all of the accounts in the Supplier’s Customer Base, and the Company shall not make purchases of less than all

of the Accounts Receivable originated by the Supplier. Under no circumstance shall the Company purchase the Accounts Receivable for any Customer or Customers who did not participate in the Choice Service for the month being purchased.

- c. Supplier warrants that it has good title to all Accounts Receivable delivered to Company hereunder, and that such Accounts Receivable will be free and clear of all liens, encumbrances, and claims whatsoever, and that it will indemnify Company, and save it harmless from all suits, actions, debts, accounts, damages, costs, losses and expenses arising from or out of a breach of such warranty.
- d. Although it is not the intent of this Agreement to interfere with or otherwise compromise the confidential nature of any information possessed by Supplier, Supplier hereby agrees to provide access at reasonable times and in a reasonable manner to all books, records and other information (including, without limitation data contained in computer programs, tapes, discs, punch cards, data processing software and related property and rights) relating to such Accounts Receivable and only to the extent necessary in the event Company possesses no other reasonably comparable information and therefore needs such access to collect such Accounts Receivable.

3. Term. The initial term of this Agreement shall commence upon execution of this Agreement and shall continue through \_\_\_\_\_, 20\_\_, unless cancelled by either party giving to the other not less than thirty (30) days prior written notice of the termination prior to the next expiration date.

4. Price. The Company shall purchase the Supplier's Accounts Receivable at a two and one-quarter percent (2.25%) discount of the total amount billed by the Supplier to its total Customer Base for providing natural gas supplies to the Customer Base for that month. The Company shall calculate the amount due the Supplier by first adding together all of the bills for natural gas sold to Customers in the Supplier's Customer Base, and then multiplying that total amount by ninety-seven and three-quarters percent (97.75%). This calculation methodology shall be effective for all Accounts Receivable purchases made during the initial term as well as all subsequent terms of this Agreement.

5. Payment. Beginning with Accounts Receivable purchased from the commencement of the term of this Agreement (see Paragraph 3 above), and continuing on a monthly basis for the remainder of the term, the Company shall make payment to the Supplier for the Accounts Receivable being purchased within thirty (30) days after the last unit billed in any billing cycle. Subject to the provisions of Paragraphs 3, 8 and 10, said monthly payment shall be made to the Supplier by the Company regardless of whether any particular Customer or Customers in the Supplier's Customer Base pays their bill(s).

6. Sales Tax Responsibility/Indemnification. The Supplier, and not the Company, is fully responsible for all Pennsylvania sales tax deficiencies and audits regarding the Supplier's sale of the natural gas commodity to the Customer. The Company acknowledges that it is providing a service to the Supplier in those situations where the Company collects the sales tax and remits the sales tax over to Pennsylvania. The Supplier also acknowledges that it is responsible for collecting and maintaining Pennsylvania sales tax exemption certificates from the Customers and informing the Company as to which Customers are not required to pay the sales tax. The Company is fully responsible for all Pennsylvania sales tax deficiencies and audits regarding the Company's charges related to the distribution of the natural gas commodity to the Customer. To the fullest extent allowed by law, Supplier shall defend, indemnify, and hold the Company harmless from any and all costs, claims, damages, fines, taxes and any penalties and interest thereon, relating in any way to: (i) the Company's reliance on information or directives provided by Supplier to Company, or (ii) the Company's collection or remittance or failure to collect or remit sales taxes on Supplier's behalf, or (iii) the failure of Supplier to satisfy its tax obligations related to the sale of natural gas. The Company is only responsible for Pennsylvania sales tax deficiencies and audits regarding the Company's charges directly related to its distribution of the natural gas commodity to the Customer. The obligations of Supplier to defend, indemnify and hold Company harmless shall survive the termination or expiration of this Agreement.

7. Late Payment Fees. The Company shall be entitled to collect and retain from the Customers any and all late payment fees specified in the tariff.

8. Adjustments. The Company reserves the right to adjust the Supplier's account with regard to Accounts Receivable purchases for up to two (2) years after the original billing date for any individual Customer's bill at issue for accounting errors or any other necessary adjustment.

9. Additional Actions. Supplier agrees to provide Company with any additional documents and take any additional steps that Company may request to perfect Company's interest in the Accounts Receivable being sold and assigned to Company pursuant to this Agreement, and Supplier hereby authorizes the filing of UCC-1 financing statements to perfect the Company's interest.

10. Right of Set-Off. If the Supplier owes the Company any sum under this Agreement or any other arrangement whatsoever, the Company shall have the rights of recoupment and set-off, with respect to any payments for Accounts Receivable purchased, as against all amounts owed to the Company by Supplier. In calculating the payment due the Supplier under this Agreement, said amounts owed by Supplier to the Company shall be deducted from the amount to be paid to the Supplier (see Paragraph 4) after the two and one-quarter percent (2.25%) discount is applied to total amount billed by the Supplier to its total Customer Base for providing natural gas supplies to the Customer Base for that month.

11. Binding Agreement. This Agreement shall be binding upon the parties hereto, their heirs, executors, administrators, successors and assigns.

12. Assignment. This Agreement may be assigned only with the prior written consent of the Company.

13. Notice and Payments. If requested by the Supplier in writing, all payments to the Supplier under this Agreement shall be made by wire transfer pursuant to the wire instructions provided by the Supplier to the Company. All notices to the Supplier and the Company which are provided for in this Agreement shall be duly delivered to the post office address as follows:

14. Governing Law. This Agreement and the rights and obligations of the parties hereunder shall in all respects be governed by, and construed in accordance with, the laws of the Commonwealth of Pennsylvania (without regard to the conflict of law principles of such Commonwealth), including all matters of construction, validity and performance. The parties hereto agree that any and all actions, suits or claims with respect to this Agreement shall be brought in a state or federal court located in the State of Pennsylvania or before the Commission, if appropriate. This Agreement shall not be interpreted either more or less favorably toward any party by virtue of the fact that such party or its counsel was responsible or principally responsible for the drafting of all or a portion hereof.

15. Amendment/Waiver. Provisions of this Agreement shall be changed, waived, discharged or terminated only by an instrument in writing signed by authorized representatives of all parties. Notwithstanding any other provision to the contrary, no waiver by a party of any default of any of the obligations contained in this Agreement to be performed by another party shall be construed as a waiver of any succeeding default or breach of the same, or any other obligation or condition.

16. Headings. All headings contained in this Agreement are for convenience only and shall not, in any way, affect the meaning of any provision hereof.

17. Counterparts. This Agreement may be executed or amended in one or more counterparts, each of which, when so executed and delivered, shall be deemed an original, but all of which together shall constitute one instrument.

18. Signatures. Facsimile signatures of the parties on this instrument and any amendment thereto, shall be legally binding.

19. Invalid or Unenforceable Provisions. If any provision of this Agreement is found by a court of competent jurisdiction to be invalid such provision shall be deemed modified so as to be no longer invalid and, all of the remaining provisions of this Agreement shall remain in full force and effect.

20. Recitals. The recitals set forth in this Agreement are an integral part hereof and shall have the same contractual significance as any other language contained in this Agreement.

21. No Joint Venture. Nothing in this Agreement shall be deemed to constitute a joint venture, partnership, corporation or any other entity taxable as a corporation or otherwise.

22. True Sale. The Company and Supplier have structured this Agreement with the intention that each purchase of Accounts Receivable hereunder be treated as a sale of such Accounts Receivable by Supplier to the Company. In the event that, contrary to the mutual intent of the Company and Supplier, any purchase of Accounts Receivable under the Accounts Receivable Purchase Agreement is not characterized as a sale, Supplier shall, effective as of the date hereof, be deemed to have granted (and the Supplier hereby does grant) to the Company a first priority security interest in all of Supplier's right, title and interest in and to all Accounts Receivable, whether now owned and existing or hereafter acquired or arising, all Related Security and Collections with respect thereto and, to the extent not included in the foregoing, all proceeds of any and all of the foregoing. Supplier acknowledges and agrees that the security interest granted herein attaches at the time of delivery of gas to the Customer.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement this day of \_\_\_\_\_, 20\_\_.

FIRST AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March 14, 2011

THIS FIRST AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March 14, 2010 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the defined term "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March 14, 2011" and to insert the date "March 13, 2012" in the place thereof.

SECTION 2. Condition Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon receipt by (x) the Administrative Agent of duly executed counterparts of this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (y) the Administrative Agent and each Managing Agent, in immediately available funds by wire transfer to its account, all fees payable to the Administrative Agent or such Managing Agent, as applicable, under each of the Fee Letters in effect as of the date hereof.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to "this Agreement," "hereunder," "hereof," "herein," "hereby" or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

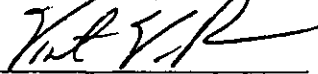

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

\_\_\_\_\_ AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March \_\_, 20\_\_

THIS \_\_\_\_\_ AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March \_\_, 2010 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

1.1. The defined term "Program Limit" appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

"Program Limit" means, at any time, (w) during the period from [Month] 19 of any calendar year to [Month] 18 of such calendar year, \$\_\_\_\_\_, (x) during the period from [Month] 19 of any calendar year to [Month] 18 of such calendar year, \$\_\_\_\_\_, (y) during the period from [Month] 19 of any calendar year to [Month] 18 of such calendar year, \$\_\_\_\_\_ and (z) during the period from [Month] 19 of any calendar year to [Month] 18 of the immediately succeeding calendar year, \$\_\_\_\_\_. References to the unused portion of the Program Limit shall mean, at any time, the Program Limit (as then reduced pursuant to Section 2.01(b)), minus the aggregate outstanding Capital of all Receivable Interests under this Agreement. The Program Limit shall not exceed \$75,000,000.

1.2. The defined term "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March \_\_, 20\_\_" and to insert the date "March \_\_, 20\_\_" in the place thereof.

- 1.3. Schedule I to the RPA is amended and restated in its entirety as set forth on Schedule I hereto. Each reference to "Schedule I" in the RPA shall mean and be a reference to "Schedule I" attached hereto.

SECTION 2. Condition Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon receipt by (x) the Administrative Agent of duly executed counterparts of this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (y) the Administrative Agent and each Managing Agent, in immediately available funds by wire transfer to its account, all fees payable to the Administrative Agent or such Managing Agent, as applicable, under each of the Fee Letters in effect as of the date hereof.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to "this Agreement," "hereunder," "hereof," "herein," "hereby" or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

SECOND AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March 13, 2012

THIS SECOND AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March 13, 2012 by and among (i) ~~COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION~~, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

1.1. The defined term "Program Limit" appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

*"Program Limit" means, at any time, (w) during the period from January 19 of any calendar year to May 18 of such calendar year, \$75,000,000, (x) during the period from May 19 of any calendar year to June 18 of such calendar year, \$25,000,000, (y) during the period from June 19 of any calendar year to November 18 of such calendar year, \$10,000,000, and (z) during the period from November 19 of any calendar year to January 18 of the immediately succeeding calendar year, \$35,000,000. References to the unused portion of the Program Limit shall mean, at any time, the Program Limit (as then reduced pursuant to Section 2.01(b)), minus the aggregate outstanding Capital of all Receivable Interests under this Agreement. The "Program Limit" shall not exceed \$75,000,000.*

- 1.2. The defined term "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March 13, 2012" and to insert the date "March 12, 2013" in the place thereof.
- 1.3. Schedule I to the RPA is amended and restated in its entirety as set forth on Schedule I hereto. Each reference to "Schedule I" in the RPA shall mean and be a reference to "Schedule I" attached hereto.

---

SECTION 2. Condition Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon receipt by (x) the Administrative Agent of duly executed counterparts of this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (y) the Administrative Agent and each Managing Agent, in immediately available funds by wire transfer to its account, all fees payable to the Administrative Agent or such Managing Agent, as applicable, under each of the Fee Letters in effect as of the date hereof.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to "this Agreement," "hereunder," "hereof," "herein," "hereby" or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

## SECOND AMENDED AND RESTATED FEE LETTER

March 13, 2012

Columbia Gas of Pennsylvania Receivables Corporation  
200 Civic Center Drive  
Columbus, OH 43216

---

Re: Receivables Purchase Agreement

Ladies and Gentlemen:

Reference is hereby made to that certain Receivables Purchase Agreement, dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified from time to time, the "Purchase Agreement"), among Columbia Gas of Pennsylvania Receivables Corporation (the "Seller"), Columbia Gas of Pennsylvania, Inc., as the initial "Servicer", the financial institutions party thereto from time to time as Bank Purchasers (the "Bank Purchasers"), the commercial paper conduits party thereto from time to time as Conduit Purchasers (the "Conduit Purchasers" and together with the Bank Purchasers, the "Purchasers"), The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch ("BTMU") and the other financial institutions party thereto from time to time as Managing Agents (the "Managing Agents") and BTMU, as Administrative Agent for the Purchasers and the Managing Agents (in such capacity, the "Administrative Agent"). This Amended and Restated Fee Letter (this "Fee Letter") constitutes the "Fee Letter" referred to in the Purchase Agreement and sets forth our understanding in respect of certain fees payable by the Seller and the obligations of the Seller in connection therewith. Capitalized terms that are used herein and not otherwise defined herein shall have the respective meanings assigned thereto under the Purchase Agreement.

SECTION 1. Fees. The Seller shall pay to each of the Managing Agents for the benefit of the Purchasers in their respective Purchaser Groups the following fees, on the dates set forth below:

1.1 Facility Fee. On each Settlement Date, the Seller shall pay to each Managing Agent a fee (the "Facility Fee") equal to 0.75% per annum of such Managing Agent's Purchaser Group's average daily Capital outstanding during the immediately preceding Settlement Period.

1.2 Commitment Fee. On each Settlement Date, the Seller shall pay to each Managing Agent a fee (the "Commitment Fee") equal to 0.35% per annum of the difference between (i) 102% of the average daily aggregate Commitment of the Bank Purchasers in such Managing Agent's Purchaser Group during the immediately preceding Settlement Period and (ii) such Managing Agent's Purchaser Group's average daily Capital outstanding during such Settlement Period.

1.3 Excess Commitment Fee. On each Settlement Date, the Seller shall pay to each Managing Agent a fee (the "Excess Commitment Fee") equal to 0.10% per annum of 102% of the average daily aggregate Excess Commitment of the Bank Purchasers in such Managing Agent's Purchaser Group in effect from time to time during the immediately preceding Settlement Period; where "Excess Commitment" means, on each Settlement Date for each Bank Purchaser, an amount equal to the positive difference, if any, between (x) its highest Commitment for any month or months (or portion thereof) set forth on Schedule I to the Purchase Agreement and (y) its average daily Commitment amount during the immediately preceding Settlement Period.

1.4 Renewal Fee. On the date hereof, the Seller shall pay to each Managing Agent, in immediately available funds by wire transfer to the account of such Managing Agent as may be specified in writing by such Managing Agent, of a renewal fee (the "Renewal Fee") equal to 0.05% times the highest Commitment of the Bank Purchasers in such Managing Agent's Purchaser Group for any month or months (or portion thereof) set forth in Schedule I to the Purchase Agreement (after giving effect to the amendments to occur on the date hereof).

1.5 Calculation of Fees. The Facility Fee, the Commitment Fee and the Excess Commitment Fee described herein shall accrue during the period commencing on the date hereof and ending on the Collection Date (as defined in Section 4 below). ~~All of the foregoing fees shall be paid in~~ immediately available funds when due and shall be fully earned and non-refundable when paid. As provided in Section 2.06 of the Purchase Agreement, the Facility Fee, the Commitment Fee and the Excess Commitment Fee shall be calculated on the basis of a 360-day year for the actual number of days elapsed (including the first but excluding the last such day).

SECTION 2. Independent Nature of Fees. Each of the Facility Fee, the Commitment Fee, the Excess Commitment Fee and the Renewal Fee shall be in addition to, and not in lieu of any other fees, expenses, reimbursements, indemnities and any other amounts payable by the Seller under or in connection with the Purchase Agreement and the other Transaction Documents. Nothing contained in this Fee Letter shall limit in any way the obligation of the Seller to pay any amount required to be paid by it in accordance with the terms of the Purchase Agreement.

SECTION 3. Payment. All fees to be paid hereunder shall be paid to such accounts as the Managing Agents may from time to time direct in writing, and any such amount not paid when due shall bear interest at the Prime Rate plus 2.50% per annum.

SECTION 4. Termination. This Fee Letter shall terminate on the date (the "Collection Date") following the Termination Date on which the Seller Obligations shall have been indefeasibly reduced to zero.

SECTION 5. Amendments and Waivers. No amendment, waiver, supplement or other modification of this Fee Letter shall be effective unless made in writing and executed by each of the parties hereto.

SECTION 6. Counterparts. This Fee Letter may be executed by facsimile, by portable document format ("pdf") or other electronic means of transmission and in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one and the same agreement.

SECTION 7. Successors and Assigns. This Fee Letter shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and assigns; provided that the Seller may not assign any of its obligations hereunder without the prior written consent of the Administrative Agent and each Managing Agent.

SECTION 8. GOVERNING LAW. THIS FEE LETTER SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 9. Amendment and Restatement. This Fee Letter amends and restates that certain Amended and Restated Fee Letter dated as of March 14, 2011, by and among the parties hereto

(the "Existing Fee Letter") in its entirety. This Fee Letter is in no way intended to constitute a novation of any obligations owed by the Seller under the Existing Fee Letter.

\* \* \* \* \*

---

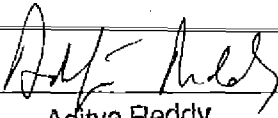

If the foregoing agreements evidence your understanding, please acknowledge by executing this Fee Letter in the space provided below.

Very truly yours,

THE BANK OF TOKYO-MITSUBISHI UFJ, LTD.,  
NEW YORK BRANCH, as a Managing Agent and  
as Administrative Agent

G-2011-2268697

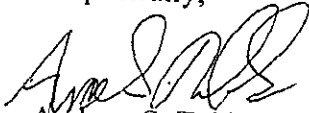

Dear Secretary Chiavetta:

Columbia Gas of Pennsylvania, Inc. ("Columbia") files this letter pursuant the Pennsylvania Public Utility Commission's ("Commission") Secretarial Letter dated March 7, 2013, in the above-referenced proceeding, approving a minor modification to the Commission-approved Receivables Purchase Agreement ("RPA"). In addition, the Commission's Secretarial Letter ordered, within 30 days of the execution of the annual contract renewal to the RPA, that Columbia file with the Commission a copy of the amendment to the RPA in the form which it was executed.

On March 12, 2013, Columbia executed the Third Amendment to the RPA. Therefore, enclosed for filing is a copy of the Execution Version of the Third Amendment to the Receivables Purchase Agreement.

THIRD AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March 12, 2013

This THIRD AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March 12, 2013 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

1.1. The defined term "Program Limit" appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

*"Program Limit" means, at any time, (w) during the period from January 19 of any calendar year to April 18 of such calendar year, \$75,000,000, (x) during the period from April 19 of any calendar year to June 18 of such calendar year, \$25,000,000, (y) during the period from June 19 of any calendar year to November 18 of such calendar year, \$10,000,000, and (z) during the period from November 19 of any calendar year to January 18 of the immediately succeeding calendar year, \$35,000,000. References to the unused portion of the Program Limit shall mean, at any time, the Program Limit (as then reduced pursuant to Section 2.01(b)), minus the aggregate outstanding Capital of all Receivable Interests under this Agreement. The "Program Limit" shall not exceed \$75,000,000.*

1.2. The defined term "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March 12, 2013" and to insert the date "March 11, 2014" in the place thereof.

- 1.3. Clause (i) of the second sentence of Section 2.02(a) of the RPA is amended and restated in its entirety to read as follows: “the amount requested to be paid to the Seller (such amount, which shall be not less than \$1,000,000, being referred to herein as the initial “Capital” of the Receivable Interest then being purchased)”.
- 1.4. Clause (p) of Section 7.01 of the RPA is deleted in its entirety.
- 1.5. Schedule I to the RPA is amended and restated in its entirety as set forth on Schedule I hereto. Each reference to “Schedule I” in the RPA shall mean and be a reference to “Schedule I” attached hereto.

SECTION 2. Conditions Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon receipt by (x) the Administrative Agent of duly executed counterparts of (i) this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (ii) the Third Amended and Restated Fee Letter of even date herewith among the Administrative Agent, the Managing Agent and the Seller and (y) the Administrative Agent and each Managing Agent, in immediately available funds by wire transfer to its account, all fees due and payable to the Administrative Agent or such Managing Agent, as applicable, under each of the Fee Letters in effect as of the date hereof.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to “this Agreement,” “hereunder,” “hereof,” “herein,” “hereby” or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

**Re: Amendment to Affiliated Interest Agreement Between Columbia Gas of Pennsylvania, Inc. and Columbia Gas of Pennsylvania Receivables Corporation  
Docket No. G-2011-2268697**

Dear Secretary Chiavetta:

Columbia Gas of Pennsylvania, Inc. ("Columbia") files this letter pursuant the Pennsylvania Public Utility Commission's ("Commission") Secretarial Letter dated February 14, 2014, in the above-referenced proceeding, approving a minor modification to the Commission-approved Receivables Sales Agreement ("RSA"). In addition, the Commission's Secretarial Letter ordered, within 30 days of the execution of the annual contract renewal to the RSA, that Columbia file with the Commission a copy of the amendment to the RSA in the form which it was executed.

On March 11, 2014, Columbia executed the First Amendment to the RSA. Therefore, enclosed for filing is a copy of the Execution Version of the First Amendment to the Receivables Sales Agreement.

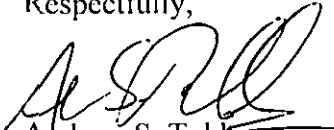

Further, on October 21, 2011, Columbia filed for approval of an amended affiliated interest agreement to the Receivables Purchase Agreement ("RPA"). The amendment was designed to provide the parties to the RPA the flexibility to modify, as part of the annual contract renewal, the monthly maximum limits of receivables that may be sold, subject to the previously approved maximum limit of \$75 million. In addition, Columbia requested the ability to revise the monthly program limits without prior Commission approval. By Secretarial Letter dated January 13, 2012, the Commission approved Columbia's filing as requested. In addition, the Commission ordered that within 30 days of the execution of the annual contract renewal to the RPA, that

Rosemary Chiavetta, Secretary  
March 13, 2014  
Page 2

Columbia file with the Commission a copy of the amendment to the RPA in the form which it was executed.

Pursuant to the Commission's January 13, 2012 Secretarial Letter, also enclosed for filing are copies of the Execution Versions of the Fourth Amendment to the Receivables Purchase Agreement.

Respectfully,

Andrew S. Tubbs

FIRST AMENDMENT  
to  
RECEIVABLES SALE AGREEMENT

Dated as of March 11, 2014

THIS FIRST AMENDMENT TO RECEIVABLES SALE AGREEMENT (this "Amendment") is entered into as of March 11, 2014 by and between (i) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Seller and (ii) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Purchaser.

PRELIMINARY STATEMENT

A. The Seller and the Purchaser are parties to that certain Receivables Sale Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RSA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RSA.

B. The Seller and the Purchaser have agreed to amend the RSA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RSA is hereby amended as follows:

- 1.1. Section 7.01 of the RSA is amended (A) to delete the word "or" appearing at the end of clause (j) thereof and (B) to delete clause (k) thereof in its entirety.

SECTION 2. Condition Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon receipt by the Administrative Agent of duly executed counterparts of this Amendment from the Seller and the Purchaser.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, the Seller hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RSA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Purchaser hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RSA.

4.1 Upon the effectiveness of this Amendment, each reference in the RSA to “this Agreement,” “hereunder,” “hereof,” “herein,” “hereby” or words of like import shall mean and be a reference to the RSA as amended hereby, and each reference to the RSA in any other document, instrument or agreement executed and/or delivered in connection with the RSA shall mean and be a reference to the RSA as amended hereby.

4.2 Except as specifically amended hereby, the RSA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchaser under the RSA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

FOURTH AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March 11, 2014

This FOURTH AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March 11, 2014 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

1.1. The defined term "Program Limit" appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

"Program Limit" means, at any time, (w) during the period from January 19 of any calendar year to May 18 of such calendar year, \$75,000,000, (x) during the period from May 19 of any calendar year to July 18 of such calendar year, \$25,000,000, (y) during the period from July 19 of any calendar year to November 18 of such calendar year, \$10,000,000 and (z) during the period from November 19 of any calendar year to January 18 of the immediately succeeding calendar year, \$35,000,000. References to the unused portion of the Program Limit shall mean, at any time, the Program Limit (as then reduced pursuant to Section 2.01(b)), minus the aggregate outstanding Capital of all Receivable Interests under this Agreement. The "Program Limit" shall not exceed \$75,000,000.

- 1.2. The defined term "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March 11, 2014" and to insert the date "March 10, 2015" in the place thereof.
- 1.3. Schedule I to the RPA is amended and restated in its entirety as set forth on Schedule I hereto. Each reference to "Schedule I" in the RPA shall mean and be a reference to "Schedule I" attached hereto.

SECTION 2. Conditions Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon receipt by (x) the Administrative Agent of duly executed counterparts of (i) this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (ii) the First Amendment to the Receivables Sale Agreement of even date herewith among the Seller and the Purchaser and (y) receipt by each Managing Agent, in immediately available funds by wire transfer to the account of such Managing Agent as may be specified in writing by such Managing Agent, of a renewal fee equal to 0.05% times the highest Commitment of the Bank Purchasers in such Managing Agent's Purchase Group for any month or months (or portion thereof) set forth in Schedule I to the RPA.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to "this Agreement," "hereunder," "hereof," "herein," "hereby" or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

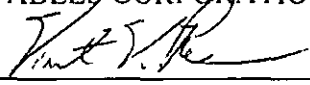

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

FIFTH AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March 10, 2015

This FIFTH AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March 10, 2015 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

1.1. Clause (c) of the definition of "Eligible Receivable" appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

(c) the Obligor of such Receivable (i) is a United States resident, (ii) is a Designated Obligor, (iii) is not a NiSource Entity and (iv) is not a Sanctioned Person;

1.2. The definition of "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March 10, 2015" and to insert the date "March 9, 2016" in the place thereof.

1.3. Section 1.01 of the RPA is amended to insert the following definitions in appropriate alphabetical order therein:

"Anti-Corruption Laws" means all laws, rules, and regulations of any jurisdiction applicable to the Transaction Parties or their respective Subsidiaries from time to time concerning or relating to bribery or corruption, including, without limitation, the Foreign Corrupt

Practices Act of 1977, as amended, and any applicable law or regulation implementing the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions.

“Sanctioned Country” means, at any time, a country or territory which is the subject or target of any Sanctions, including, without limitation, on March 20, 2015, Cuba, Burma (Myanmar), Iran, North Korea, Sudan and Syria.

“Sanctioned Person” means, at any time, (a) any Person currently the subject or the target of any Sanctions, including any Person listed in any Sanctions-related list of designated Persons maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury or the U.S. Department of State, and (b) any Person controlled by any such Person.

“Sanctions” means economic or financial sanctions or trade embargoes imposed, administered or enforced from time to time (a) by the U.S. government, including those administered by the Office of Foreign Assets Control of the U.S. State Department, the U.S. Department of Commerce or the U.S. Department of the Treasury, or (b) by any other relevant sanctions authority, including the U.S. and Canada.

1.4. Section 4.01(u) of the RPA is amended and restated in its entirety to read as follows:

(u) The Seller is neither (i) an “investment company” or a company “controlled by an investment company” within the meaning of the Investment Company Act of 1940, as amended (the “Investment Company Act”), nor (ii) a “covered fund” under Section 13 of the U.S. Bank Holding Company Act of 1956, as amended, and the applicable rules and regulations thereunder. In determining that the Seller is not a covered fund, the Seller is entitled to rely on the exemption from the definition of “investment company” set forth in Section 3(c)(5) of the Investment Company Act

1.5. Section 4.01 of the RPA is amended to add the following as new clause (y) after clause (x) thereof:

(y) Policies and procedures have been implemented and maintained by or on behalf of the Seller that are reasonably designed to achieve compliance by the Seller and its directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, giving due regard to the nature of its business and activities, and the Seller and its officers and employees acting in any capacity in connection with or directly benefitting from the facility established hereby are in compliance with Anti-Corruption Laws and applicable Sanctions, in each case in all material respects. None of the Seller or, to the knowledge of the Seller, any of its directors, officers, employees, or agents that will act in any capacity in connection with or directly benefit from the facility established hereby, is a Sanctioned Person. The Seller is not organized or resident in a Sanctioned Country. No purchase hereunder or use of proceeds thereof by the Seller in any manner will violate Anti-Corruption Laws or applicable Sanctions.

- 1.6. Section 4.02 of the RPA is amended to add the following as new clause (k) after clause (j) thereof:

(k) Policies and procedures have been implemented and maintained by or on behalf of each of the Transactions Parties (other than the Seller) that are reasonably designed to achieve compliance by such Transaction Parties and their respective Subsidiaries, directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, giving due regard to the nature of such Person's business and activities, and each of such Transaction Parties, their respective Subsidiaries and their respective officers and employees acting in any capacity in connection with or directly benefitting from the facility established hereby, are in compliance with Anti-Corruption Laws and applicable Sanctions, in each case in all material respects. None of (a) the Transactions Parties (other than the Seller) or any of their respective Subsidiaries or, to the knowledge of such Transaction Parties, as applicable, any of their respective directors, officers, employees, or agents that will act in any capacity in connection with or directly benefit from the facility established hereby, is a Sanctioned Person, and (b) such Transaction Parties or any of their respective Subsidiaries is organized or resident in a Sanctioned Country. No purchase hereunder or use of proceeds thereof by any Transactions Parties (other than the Seller) in any manner will violate Anti-Corruption Laws or applicable Sanctions.

- 1.7. Section 5.01 of the RPA is amended to add the following as new clause (v) after clause (u) thereof:

(v) Anti-Corruption Laws and Sanctions.

(i) Policies and procedures will be maintained and enforced by or on behalf of the Seller that are designed in good faith and in a commercially reasonable manner to promote and achieve compliance, in the reasonable judgment of the Seller, by the Seller and its directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, in each case giving due regard to the nature of such Person's business and activities.

(ii) The Seller will not request any purchase hereunder, and shall ensure its directors, officers, employees and agents shall not use, the proceeds of any purchaser hereunder (A) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws, (B) for the purpose of funding or financing any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, in each case to the extent doing so would violate any Sanctions, or (C) in any other manner that would result in liability to any party hereto under any applicable Sanctions or the violation of any Sanctions by any such Person.

- 1.8. Section 6.05 of the RPA is amended to add the following as new clause (d) after clause (c) thereof:

(d) Anti-Corruption Laws and Sanctions.

(i) Policies and procedures will be maintained and enforced by or on behalf of each of the Transaction Parties (other than the Seller) that are designed in good faith and in a commercially reasonable manner to promote and achieve compliance, in the reasonable judgment of such Transaction Party, by the each such Transaction Party and each of its Subsidiaries and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions, in each case giving due regard to the nature of such Person's business and activities.

(ii) The Transaction Parties shall ensure that their respective Subsidiaries and its or their respective directors, officers, employees and agents shall not use, the proceeds of any purchase hereunder (A) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of any Anti-Corruption Laws, (B) for the purpose of funding or financing any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, in each case to the extent doing so would violate any Sanctions, or (C) in any other manner that would result in liability to any party hereto under any applicable Sanctions or the violation of any Sanctions by any such Person.

- 1.9. Schedule I to the RPA is amended and restated in its entirety as set forth on Schedule I hereto. Each reference to "Schedule I" in the RPA shall mean and be a reference to "Schedule I" attached hereto.

SECTION 2. Conditions Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon (i) receipt by the Administrative Agent of duly executed counterparts of this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (ii) receipt by each Managing Agent, in immediately available funds by wire transfer to the account of such Managing Agent as may be specified in writing by such Managing Agent, of a renewal fee equal to 0.05% times the highest Commitment of the Bank Purchasers in such Managing Agent's Purchase Group for any month or months (or portion thereof) set forth in Schedule I to the RPA.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to “this Agreement,” “hereunder,” “hereof,” “herein,” “hereby” or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

SIXTH AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March 9, 2016

This SIXTH AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March 9, 2016 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

- 1.1. The definition of "Scheduled Commitment Termination Date" appearing in Section 1.01 of the RPA is amended to delete the reference to the date "March 9, 2016" and to insert the date "March 8, 2017" in the place thereof.

SECTION 2. Conditions Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon (i) receipt by the Administrative Agent of duly executed counterparts of this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (ii) receipt by each Managing Agent, in immediately available funds by wire transfer to the account of such Managing Agent as may be specified in writing by such Managing Agent, of a renewal fee equal to 0.05% times the highest Commitment of the Bank Purchasers in such Managing Agent's Purchase Group for any month or months (or portion thereof) set forth in Schedule I to the RPA.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to "this Agreement," "hereunder," "hereof," "herein," "hereby" or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

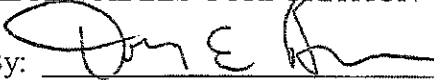

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

Re: Amendment to Affiliated Interest Agreement Between Columbia Gas of  
Pennsylvania, Inc. and Columbia Gas of Pennsylvania Receivables Corporation  
Docket No. G-2017-

Dear Secretary Chiavetta:

Columbia Gas of Pennsylvania, Inc. ("Columbia") proposes to amend the Receivables Purchase Agreement ("RPA") among Columbia Gas, Columbia Gas of Pennsylvania Receivables Corporation ("CPRC") and The Bank of Tokyo – Mitsubishi UFJ, LTD ("Third Party Purchaser"). The amendments are intended to update the RPA to match current market practice and to provide clarity relative to existing operational flexibility.

## **BACKGROUND**

On November 13, 2009, Columbia filed an application pursuant to Chapters 11 and 21 of the Pennsylvania Public Utility Code requesting: (a) approval of the sale of accounts receivable to a then to be created wholly-owned subsidiary, CPRC; (b) the approval of Columbia to acquire all of the capital stock of CPRC; and (c) the approval of the affiliated interest agreements related to the sale of accounts receivable to CPRC. By Order entered on February 25, 2010, the Commission approved Columbia's sale of accounts receivable to CPRC, the acquisition by Columbia of all the capital stock of CPRC and the related affiliated transactions and issued certificates of public convenience evidencing such approvals.

On April 7, 2010, consistent with the Commission's February 25, 2010 Order approving its Application, Columbia filed a letter informing the Commission that Columbia had acquired all the capital stock of CPRC and provided the Commission with copies of the executed Receivable Sales Agreement ("RSA") for the sale of Columbia's accounts receivables to CPRC and the RPA by which CPRC funded its purchase the accounts receivable through the sale of undivided fractional ownership interests in Columbia's accounts receivables to unaffiliated parties. Columbia is a party to the RPA due to its

Rosemary Chiavetta, Secretary  
February 15, 2017  
Page 2

responsibilities as servicer for collection of receivables. Further, Columbia filed a copy of the executed Administrative Service Agreement under which Columbia performs record keeping and cash collection functions for the accounts receivable sold to CPRC.

On October 21, 2011, Columbia requested Commission authority to modify the seasonal capacity limits in the RPA, subject to filing the updated program limits as part of the annual renewal process. The Commission granted Columbia's request by Secretarial Letter issued on January 13, 2012. In addition, the Commission stated that Columbia must file any further amendments associated with the financing of Columbia's accounts receivables for approval. Columbia intends to again extend the RPA for an additional 364 days.

### **DESCRIPTION OF PROPOSED AMENDMENTS**

The proposed amendments are set forth in the attached Seventh Amendment to the RPA, and are described below:

1. Section 1.01 –
  - a. The definition of "Eurodollar Rate" contained in Section 1.01 will be amended to reflect current market practice in identifying the source of the London interbank offered rate. In keeping with current market practice, the definition clarifies that if such rate is below zero, the rate will be deemed to be zero.
  - b. The definition of "Program Limit" contained in Section 1.01 of the RPA, and related Schedule I, will be amended to reflect new seasonal funding limits. The Commission previously authorized annual changes to the Program Limits by the Order at G-2011-2268697.
  - c. The definition of "Scheduled Commitment Termination Date" contained in Section 1.01 of the RPA will be amended to extend the agreement by 364 days.
2. Section 2.13 – New Section 2.13 of the RPA, and related Schedule K, will specifically permit reductions of Aggregate Capital from the Third Party Purchaser. While Columbia, CPRC and the Third Party Purchaser believe that the existing RPA currently permits such reductions, the parties would prefer if the agreement was more specific on this point. On the occasions where drawing the maximum permitted Aggregate Capital is not necessary, this will permit reductions that will reduce the costs of operating the facility.
3. Section 6.02(g) – The proposed amendment will result in moving up monthly reporting by one business day.

Columbia seeks Commission approval of these amendments to the RPA. The proposed revisions will not impact the current operation of the RPA and may result in increased efficiencies in the administration of the agreement.

Based upon the Commission's 2012 Secretarial Letter, Columbia respectfully requests that the Pennsylvania Public Utility Commission approve, pursuant to Section 2102 of

Rosemary Chiavetta, Secretary  
February 15, 2017  
Page 2

the Public Utility Code, 66 Pa. C.S. § 2012, the above-described amendment to the affiliated interest agreement with Columbia Gas of Pennsylvania Receivables Corporation prior to the scheduled **March 8, 2013** commitment date.

Respectfully submitted,

A handwritten signature in cursive script that reads "Andrew S. Tubbs".

SEVENTH AMENDMENT  
to  
RECEIVABLES PURCHASE AGREEMENT

Dated as of March [8], 2017

This SEVENTH AMENDMENT TO RECEIVABLES PURCHASE AGREEMENT (the "Amendment") is entered into as of March [8], 2017 by and among (i) COLUMBIA GAS OF PENNSYLVANIA RECEIVABLES CORPORATION, a Delaware corporation, as Seller, (ii) COLUMBIA GAS OF PENNSYLVANIA, INC., a Pennsylvania corporation, as Servicer, (iii) THE MANAGING AGENTS SIGNATORY HERETO, and (iv) THE BANK OF TOKYO-MITSUBISHI UFJ, LTD., NEW YORK BRANCH, as Administrative Agent.

PRELIMINARY STATEMENT

A. The Seller, the Servicer, the Managing Agents and the Administrative Agent are parties to that certain Receivables Purchase Agreement dated as of March 15, 2010 (as amended, restated, supplemented or otherwise modified through the date hereof, the "RPA"). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in the RPA.

B. The Seller, the Servicer, the Managing Agents and the Administrative Agent have agreed to amend the RPA, subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

SECTION 1. Amendment. Effective as of the date hereof, subject to the satisfaction of the condition precedent set forth in Section 2 below, the RPA is hereby amended as follows:

- 1.1. The definition of "Eurodollar Rate" appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

"Eurodollar Rate" means, with respect to each Purchaser and any Eurodollar Tranche Period, an interest rate per annum determined on the basis of the London interbank offered rate administered by ICE Benchmark Administration Limited (or any other Person which takes over the administration of that rate) for deposits in Dollars for a period approximately equal to such Eurodollar Tranche Period as it appears on the relevant display page on the Bloomberg Professional Service (or any successor or substitute page or service providing quotations of interest rates applicable to Dollar deposits in the London interbank market comparable to those currently provided on such page, as determined by such Purchaser from time to time), at approximately 11:00 a.m., London, England time, three (3) Business Days prior to the first day of such Eurodollar Tranche Period. Notwithstanding the foregoing, if the interest rate per annum determined pursuant to the preceding sentence is below zero, such interest rate per annum will be deemed to be zero for purposes of this Agreement.

- 1.2. The definition of “Program Limit” appearing in Section 1.01 of the RPA is amended and restated in its entirety to read as follows:

“Program Limit” means, at any time, (w) during the period from [January 19] of any calendar year to [May 18] of such calendar year, \$[75,000,000], (x) during the period from [May 19] of any calendar year to [July 18] of such calendar year, \$[25,000,000], (y) during the period from [July 19] of any calendar year to [November 18] of such calendar year, \$[10,000,000] and (z) during the period from [November 19] of any calendar year to [January 18] of the immediately succeeding calendar year, \$[35,000,000]. References to the unused portion of the Program Limit shall mean, at any time, the Program Limit (as then reduced pursuant to Section 2.01(b)), minus the aggregate outstanding Capital of all Receivable Interests under this Agreement. The “Program Limit” shall not exceed \$[75,000,000].

- 1.3. The definition of “Scheduled Commitment Termination Date” appearing in Section 1.01 of the RPA is amended to delete the reference to the date “March 8, 2017” and to insert the date “March 7, 2018” in the place thereof.
- 1.4. Article II of the RPA is amended to add the following as new Section 2.13 immediately following Section 2.12 thereof:

SECTION 2.13 Decreases. The Seller shall provide the Administrative Agent and each Managing Agent with prior written notice in the form set forth as Annex K hereto (a “Reduction Notice”) of any proposed reduction of the Aggregate Capital at least one (1) Business Day prior to the Proposed Reduction Date. Such Reduction Notice shall designate (i) the date (the “Proposed Reduction Date”) upon which any such reduction of the Aggregate Capital shall occur (which date shall be at least one (1) Business Day prior thereto), and (ii) the amount by which the Aggregate Capital is to be reduced (the “Aggregate Reduction”) which shall be distributed ratably to each Purchaser Group based upon the Capital held by each Purchaser Group and which shall be applied by each Managing Agent ratably to the Receivable Interests of the Purchasers in such Managing Agent’s Purchaser Group ratably in accordance with the amount of outstanding Capital owned by such Purchasers. Only one (1) Reduction Notice may be outstanding at any time. No Aggregate Reduction shall be made with funds other than Collections or other funds of the Seller. No Aggregate Reduction shall be made following the occurrence of and during the continuance of an Event of Termination or an Incipient Event of Termination without the prior written consent of the Administrative Agent.

- 1.5. Section 6.02(g) of the RPA is amended by deleting the words “second (2<sup>nd</sup>) Business Day” set forth therein and replacing them with the words “third (3<sup>rd</sup>) Business Day”.
- 1.6. Schedule I to the RPA is amended and restated in its entirety as set forth on Schedule I hereto. Each reference to “Schedule I” in the RPA shall mean and be a reference to “Schedule I” attached hereto.
- 1.7. The RPA is amended to include the Annex K attached hereto as Annex K to the RPA.

SECTION 2. Conditions Precedent. This Amendment shall become effective and be deemed effective, as of the date first above written, upon (i) receipt by the Administrative Agent of duly executed counterparts of this Amendment from the Seller, the Servicer, the Administrative Agent and the Required Managing Agents and (ii) receipt by each Managing Agent, in immediately available funds by wire transfer to the account of such Managing Agent as may be specified in writing by such Managing Agent, of a renewal fee equal to 0.05% times the highest Commitment of the Bank Purchasers in such Managing Agent's Purchase Group for any month or months (or portion thereof) set forth in Schedule I to the RPA.

SECTION 3. Covenants, Representations and Warranties of the Seller and Servicer.

3.1 Upon the effectiveness of this Amendment, each of the Seller and the Servicer hereby reaffirms all covenants, representations and warranties made by it, to the extent the same are not amended hereby, in the RPA and agrees that all such covenants, representations and warranties shall be deemed to have been re-made as of the effective date of this Amendment.

3.2 Each of the Seller and the Servicer hereby represents and warrants that this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally and general principles of equity which may limit the availability of equitable remedies.

SECTION 4. Reference to and Effect on the RPA.

4.1 Upon the effectiveness of this Amendment, each reference in the RPA to "this Agreement," "hereunder," "hereof," "herein," "hereby" or words of like import shall mean and be a reference to the RPA as amended hereby, and each reference to the RPA in any other document, instrument or agreement executed and/or delivered in connection with the RPA shall mean and be a reference to the RPA as amended hereby.

4.2 Except as specifically amended hereby, the RPA and other documents, instruments and agreements executed and/or delivered in connection therewith shall remain in full force and effect and are hereby ratified and confirmed.

4.3 The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Purchasers, the Managing Agent or the Administrative Agent under the RPA or any of the other Transaction Documents, nor constitute a waiver of any provision contained therein, except as specifically set forth herein.

SECTION 5. GOVERNING LAW. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS (AND NOT THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK.

SECTION 6. Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery by facsimile or other

electronic transmission of an executed counterpart of a signature page to this Amendment shall be effective as delivery of a manually executed counterpart of this Amendment.

SECTION 7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

\* \* \* \* \*

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed on the date first set forth above by their respective officers thereto duly authorized, to be effective as hereinabove provided.

Re: Reduction Notice

Ladies and Gentlemen:

Reference is hereby made to that certain Receivables Purchase Agreement, dated as of March 15, 2010, among Columbia Gas of Pennsylvania Receivables Corporation (the "Seller"), Columbia Gas of Pennsylvania, Inc., as the initial "Servicer", the Bank Purchasers, Conduit Purchasers and Managing Agents party thereto from time to time and The Bank of Tokyo-Mitsubishi UFJ, Ltd., New York Branch, as Administrative Agent (as amended, restated, supplemented or otherwise modified, the "Receivables Purchase Agreement"). Capitalized terms used herein shall have the meanings assigned to such terms in the Receivables Purchase Agreement.

Pursuant to Section 2.13 of the Receivables Purchase Agreement, the Seller hereby notifies the Administrative Agent of the following reduction of Aggregate Capital from Collections[ and other funds of the Seller]. The proposed date of such reduction is [DATE] (the "Proposed Reduction Date").<sup>1</sup> The amount of Aggregate Capital to be reduced on the Proposed Reduction Date is \$[\_\_\_\_\_], which will be applied to reduce each Purchaser Group's share of Aggregate Capital as follows:

\$[\_\_\_\_\_] to the Purchaser Group for which [\_\_\_\_\_] is the Managing Agent; and

\$[\_\_\_\_\_] to the Purchaser Group for which [\_\_\_\_\_] is the Managing Agent.

In connection with the reduction to be made on the Proposed Reduction Date, the Seller hereby certifies that the following statements are true on the date hereof, and will be true on the Proposed Reduction Date (before and after giving effect to the proposed reduction):

<sup>1</sup> Must be at least one (1) Business Day after the date of this notice.

a. the representations and warranties contained in Sections 4.01 and 4.02 of the Receivables Purchase Agreement are correct on and as of the Proposed Reduction Date as though made on and as of such date; and

b. no event has occurred and is continuing, or would result from the proposed reduction, that constitutes an Event of Termination, an Involuntary Bankruptcy Event or an Incipient Event of Termination.

Very truly yours,

COLUMBIA GAS OF PENNSYLVANIA  
RECEIVABLES CORPORATION

**Re: Columbia Gas of Pennsylvania, Inc. – Affiliate Transaction  
With Northern Indiana Public Service Company LLC**

Dear Ms. Chiavetta:

Submitted herewith for the Commission's approval pursuant to 66 Pa. C.S. § 2102 is a Service Agreement between Columbia Gas of Pennsylvania, Inc. ("CPA") and Northern Indiana Public Service Company LLC ("NIPSCO"), which are affiliated companies. This Service Agreement will enable CPA and NIPSCO to provide certain services to one another, and provides that such services shall be provided at the lesser of actual cost or market value.

The Service Agreement shall be effective as of October 1, 2018 or the date that it is approved by the Commission, whichever occurs later. Should you have any questions regarding this matter, please do not hesitate to contact me at 724-416-6355 or tjgallagher@nisource.com.

Very truly yours,

## SERVICE AGREEMENT

This SERVICE AGREEMENT (“Service Agreement” or “Agreement”) is made and entered into the 7<sup>th</sup> day of August, 2018 by and between Columbia Gas of Pennsylvania, Inc. (“CPA”) and Northern Indiana Public Service Company LLC (“NIPSCO”) (individually a “party” and collectively, the “parties”).

### WITNESSETH:

WHEREAS, CPA is a wholly owned subsidiary of NiSource Gas Distribution Group, Inc. (“NiSource Gas Distribution”) and both NiSource Distribution Group and Northern Indiana Public Service Company LLC (“NIPSCO”) are wholly owned subsidiaries of NiSource Inc. (“NiSource”), a Delaware corporation, and both NiSource and NiSource Gas Distribution are “holding companies” as defined in the Public Utility Holding Company Act of 2005;

WHEREAS, CPA and NIPSCO are “affiliated interests” as defined in Section 2101(a) of the Pennsylvania Public Utility Code and Indiana Code Section 8-1-2-49;

WHEREAS, CPA and NIPSCO agree to enter into this Service Agreement whereby either party may provide certain services to the other party, subject to the providing party’s ability to perform such services; and

WHEREAS, the rendition of such services set forth in Article 1 enables the parties to realize economic and other benefits through the sharing of knowledge and expertise of subject matter experts and the provision of operations and technical support and assistance in areas such as emergency response and preparedness, outage restoration, training, process improvement and identification/execution of best practices.

NOW THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties to this Service Agreement covenant and agree as follows:

### ARTICLE 1 SERVICES

1.1 The providing party shall furnish to the requesting party, upon the terms and conditions hereinafter set forth, such of the services described in Section 1.2 (the “Services”) at such times, for such periods and in such manner as from time to time requested and that the providing party concludes it is able to perform.

1.2 The scope of Services that may be provided under the Agreement are detailed below. The descriptions are deemed to include services associated with, or related or similar to, the services contained in such descriptions. The details listed under each heading are intended to be illustrative rather than inclusive:

- (a) *Operations Support Services.* Operations support and planning, including the provision of operations, engineering, construction, maintenance and technical support and assistance, logistics, scheduling and dispatching; assistance with emergency response and work stoppages; workforce planning; corrosion and leakage programs; estimates of gas requirements and gas availability; gas transmission, measurement,

storage and distribution; construction requirements; construction management; operating standards and practices; regulatory and environmental compliance; pipeline safety and compliance; employee and system safety programs; sustainability; training; management of gas transportation and sales activities; security services; measurement, regulation and conditioning equipment; meter testing, calibration and repair; gas network modeling, facility mapping and GIS technologies; planning, installation and operation of radio networks, remote control and telemetering devices, microwave relay systems and other applications of electronics to the fields of communication and control; and

(b) *Training Services.* Sharing of knowledge and expertise of subject matter experts, training, process improvement and identification/execution of best practices across a spectrum of public utility activities, including corrosion and leakage program design; pipeline safety and compliance practices; operations; and engineering and construction.

1.3 Each party shall preserve the confidentiality and security of confidential and proprietary information of the other party to the extent that a party becomes aware of confidential or proprietary information of the other party in the furnishing or receipt of Services hereunder.

## ARTICLE 2 COMPENSATION

2.1 As compensation for the Services to be rendered hereunder, the requesting party shall compensate and pay to the providing party the lesser of actual costs or market value thereof, including labor, materials and pertinent overheads.

2.2 The parties shall make available monthly billing information to each other that reflects information necessary to identify the costs charged and Services rendered for that month. The requesting party shall undertake a review of the charges and identify any questions or concerns regarding the charges reflected within a reasonable period of time. The providing party shall remit to the requesting party payment for billed charges within a period of time not exceeding 30 days of receipt of the monthly billing information.

2.3 Each party shall permit the other party reasonable access to its accounts and records to verify the accuracy of any charges hereunder.

## ARTICLE 3 TERM

3.1 This Service Agreement shall become effective on October 1, 2018. The Service Agreement shall continue in force and effect through September 30, 2023 or until terminated by the either party, upon not less than thirty (30) days prior written notice to the other party, whichever occurs first. This Service Agreement shall also be subject to termination or modification at any time, without notice, if and to the extent performance under this Service Agreement may conflict with any state or federal statute, or any rule, decision, or order of any state or federal regulatory agency having jurisdiction over one or both of the parties. Further, this Service Agreement shall be terminated immediately upon the parties ceasing to be affiliates.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date and year first above written.

## SERVICE AGREEMENT

This SERVICE AGREEMENT (“Service Agreement” or “Agreement”) is made and entered into effective the 1st day of October, 2021 by and between Columbia Gas of Virginia, Inc. (“CGV”) and Columbia Gas of Pennsylvania, Inc. (“CPA”).

### WITNESSETH:

WHEREAS, CGV and CPA (individually a “party” and collectively, the “parties”) are wholly owned subsidiaries of NiSource Gas Distribution Group, Inc. (“NiSource Gas Distribution”), which is a wholly owned subsidiary of NiSource Inc. (“NiSource”), a Delaware corporation, and both NiSource and NiSource Gas Distribution are “holding companies” as defined in the Public Utility Holding Company Act of 2005;

WHEREAS, CGV and CPA are “affiliated interests” as defined in Virginia Code Section 56-76 and Section 2101(a) of the Pennsylvania Public Utility Code;

WHEREAS, CGV and CPA agree to enter into this Service Agreement whereby either party may provide certain services to the other party, subject to the providing party’s ability to perform such services; and

WHEREAS, the rendition of such services set forth in Article 1 enables the parties to realize economic and other benefits through the sharing of knowledge and expertise of subject matter experts and the provision of operations and technical support and assistance in areas such as emergency response and preparedness, outage restoration, training, process improvement and identification/execution of best practices.

NOW THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties to this Service Agreement covenant and agree as follows:

### ARTICLE 1 SERVICES

1.1 The providing party shall furnish to the requesting party, upon the terms and conditions hereinafter set forth, such of the services described in Section 1.2 (the “Services”) at such times, for such periods and in such manner as from time to time requested and that the providing party concludes it is able to perform.

1.2 The scope of Services that may be provided under the Agreement are detailed below. The descriptions are deemed to include services associated with, or related or similar to, the services contained in such descriptions. The details listed under each heading are intended to be illustrative rather than inclusive:

(a) *Accounting and Financial Services.* Various aspects of accounting and finance, including financial accounting; asset accounting; regulatory accounting; financing; financial planning; budgeting; auditing; depreciation; economic research; forecasting; accounts payable; accounts receivable; reconciliations; accounting research; reporting; operation and maintenance expense analysis; payroll; business applications support; and accounting practices and policies.

(b) *Communications and Customer Education Services.* Preparation and use of educational and advertising materials; development of processes to facilitate residential, commercial and industrial customer growth, as well as maintenance of business in those areas; providing information to customers regarding products and services; furnishing information to customers, employees, other interested groups, and to the public generally, including the preparation of booklets, photographs, and other media; management and content of social media; and advertising programs.

(c) *Conservation and Energy Efficiency Services.* Conservation and energy efficiency program design and administration, including program management; portfolio design; cost/benefit analysis; program evaluation, measurement and verification; education and outreach; rebate processing; reporting; and related activities.

(d) *Customer Billing, Collection, and Contact Services.* Calculating, bill exception processing, back office processing, posting, printing, inserting, mailing and related services associated with the preparation and issuance of customer bills, notices, inserts and similar mailings; cash processing, revenue recovery, account reconciliations and adjustments, and related services associated with the collection of revenue and management of accounts receivable; customer contact and related services, including alternative pricing services, customer contact center management, operation and administration; management of key customer relationships; communications associated with the commencement, transfer, maintenance and disconnection of service; the receipt and processing of emergency calls; the handling of customer complaints; and responses to customer billing, credit, collection, order take and inquiry, outage, meter reading, retail choice and other inquiries.

(e) *Employee Services.* Organizational, leadership and strategic development; employee relations matters, including recruitment, employee placement and retention, training, compensation, safety, labor relations and health, welfare and employee benefits; activities in connection with temporary labor matters, including assessment, selection, contract negotiation, administration, service provider relationships, compliance, review and reporting.

(f) *Engineering and Construction Services.* Engineering phases of construction, operations and maintenance activities, including estimates of costs of construction; preparation of plans and designs; engineering and supervision of the fabrication of natural gas facilities; standardization of engineering and construction procedures; construction activities; and supervision and inspection of construction.

(g) *Facility Services.* Management and execution of facility operations and maintenance.

(h) *Land/Surveying Services.* Land asset management, land contract management, and surveying services in connection with the acquisition, leasing, maintenance, and disposal of interests in real property, including the maintenance of land records and the recording of instruments relating to such interests in real property.

(i) *Operations Support Services.* Operations support and planning, including logistics, scheduling and dispatching; assistance with emergency response and work stoppages;

workforce planning; corrosion and leakage programs; estimates of gas requirements and gas availability; gas transmission, measurement, storage and distribution; construction requirements; construction management; operating standards and practices; regulatory and environmental compliance; pipeline safety and compliance; employee and system safety programs; sustainability; training; management of gas transportation and sales activities; security services; measurement, regulation and conditioning equipment; meter testing, calibration and repair; gas network modeling, facility mapping and GIS technologies; planning, installation and operation of radio networks, remote control and telemetering devices, microwave relay systems and other applications of electronics to the fields of communication and control.

(j) *Purchasing, Storage and Disposition Services.* Supply chain activities, including the standardization, purchase, lease, license and acquisition of equipment, materials, supplies, services, software, intellectual property and other assets, as well as shipping, storage and disposition of same; negotiation of the purchase, sale, acquisition or disposition of assets and services; and the placing of purchase orders.

(k) *Rates and Regulatory Services.* Regulatory and rate matters, including the design and preparation of schedules and tariffs; analysis of rate filings; and preparation and presentation of testimony and exhibits to regulatory authorities.

(l) *Transportation Services.* Purchase, lease, operation and maintenance of motor vehicles.

1.3 Each party shall preserve the confidentiality and security of confidential and proprietary information of the other party to the extent that a party becomes aware of confidential or proprietary information of the other party in the furnishing or receipt of Services hereunder.

## **ARTICLE 2 COMPENSATION**

2.1 As compensation for the Services to be rendered hereunder, the requesting party shall compensate and pay to the providing party the actual costs thereof, including labor, materials and pertinent overheads. Each of the parties hereto recognize that the other party is regulated by the utility regulatory commission in its respective jurisdiction, and that the costs incurred hereunder are subject to scrutiny and disallowance by such commission.

2.2 The parties shall make available monthly billing information to each other that reflects information necessary to identify the costs charged and Services rendered for that month. The requesting party shall undertake a review of the charges and identify any questions or concerns regarding the charges reflected within a reasonable period of time. The providing party shall remit to the requesting party payment for billed charges within a period of time not exceeding 30 days of receipt of the monthly billing information.

2.3 Each party shall permit the other party reasonable access to its accounts and records to verify the accuracy of any charges hereunder.

**ARTICLE 3**  
**TERM**

3.1 This Service Agreement shall become effective as of the date first written above, subject only to the receipt of any required regulatory approvals from the Virginia State Corporation Commission and the Pennsylvania Public Utility Commission and shall continue in force until terminated by the either party, upon not less than thirty (30) days prior written notice to the other party. This Service Agreement shall also be subject to termination or modification at any time, without notice, if and to the extent performance under this Service Agreement may conflict with any state or federal statute, or any rule, decision, or order of any state or federal regulatory agency having jurisdiction over one or both of the parties. Further, this Service Agreement shall be terminated immediately upon the parties ceasing to be affiliates.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date and year first above written.

## SERVICE AGREEMENT

This SERVICE AGREEMENT (“Service Agreement” or “Agreement”) is made and entered into effective the 1st day of October, 2021 by and between Columbia Gas of Ohio, Inc. (“COH”) and Columbia Gas of Pennsylvania, Inc. (“CPA”).

### WITNESSETH:

WHEREAS, COH and CPA (individually a “party” and collectively, the “parties”) are wholly owned subsidiaries of NiSource Gas Distribution Group, Inc. (“NiSource Gas Distribution”), which is a wholly owned subsidiary of NiSource Inc. (“NiSource”), a Delaware corporation, and both NiSource and NiSource Gas Distribution are “holding companies” as defined in the Public Utility Holding Company Act of 2005;

WHEREAS, COH and CPA are “affiliated interests” as defined in Section 2101(a) of the Pennsylvania Public Utility Code;

WHEREAS, COH and CPA agree to enter into this Service Agreement whereby either party may provide certain services to the other party, subject to the providing party’s ability to perform such services; and

WHEREAS, the rendition of such services set forth in Article 1 enables the parties to realize economic and other benefits through the sharing of knowledge and expertise of subject matter experts and the provision of operations and technical support and assistance in areas such as emergency response and preparedness, outage restoration, training, process improvement and identification/execution of best practices.

NOW THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties to this Service Agreement covenant and agree as follows:

### ARTICLE 1 SERVICES

1.1 The providing party shall furnish to the requesting party, upon the terms and conditions hereinafter set forth, such of the services described in Section 1.2 (the “Services”) at such times, for such periods and in such manner as from time to time requested and that the providing party concludes it is able to perform.

1.2 The scope of Services that may be provided under the Agreement are detailed below. The descriptions are deemed to include services associated with, or related or similar to, the services contained in such descriptions. The details listed under each heading are intended to be illustrative rather than inclusive:

(a) *Accounting and Financial Services.* Various aspects of accounting and finance, including financial accounting; asset accounting; regulatory accounting; financing; financial planning; budgeting; auditing; depreciation; economic research; forecasting; accounts payable; accounts receivable; reconciliations; accounting research; reporting; operation and maintenance expense analysis; payroll; business applications support; and accounting practices and policies.

(b) *Communications and Customer Education Services.* Preparation and use of educational and advertising materials; development of processes to facilitate residential, commercial and industrial customer growth, as well as maintenance of business in those areas; providing information to customers regarding products and services; furnishing information to customers, employees, other interested groups, and to the public generally, including the preparation of booklets, photographs, and other media; management and content of social media; and advertising programs.

(c) *Conservation and Energy Efficiency Services.* Conservation and energy efficiency program design and administration, including program management; portfolio design; cost/benefit analysis; program evaluation, measurement and verification; education and outreach; rebate processing; reporting; and related activities.

(d) *Customer Billing, Collection, and Contact Services.* Calculating, bill exception processing, back office processing, posting, printing, inserting, mailing and related services associated with the preparation and issuance of customer bills, notices, inserts and similar mailings; cash processing, revenue recovery, account reconciliations and adjustments, and related services associated with the collection of revenue and management of accounts receivable; customer contact and related services, including alternative pricing services, customer contact center management, operation and administration; management of key customer relationships; communications associated with the commencement, transfer, maintenance and disconnection of service; the receipt and processing of emergency calls; the handling of customer complaints; and responses to customer billing, credit, collection, order take and inquiry, outage, meter reading, retail choice and other inquiries.

(e) *Employee Services.* Organizational, leadership and strategic development; employee relations matters, including recruitment, employee placement and retention, training, compensation, safety, labor relations and health, welfare and employee benefits; activities in connection with temporary labor matters, including assessment, selection, contract negotiation, administration, service provider relationships, compliance, review and reporting.

(f) *Engineering and Construction Services.* Engineering phases of construction, operations and maintenance activities, including estimates of costs of construction; preparation of plans and designs; engineering and supervision of the fabrication of natural gas facilities; standardization of engineering and construction procedures; construction activities; and supervision and inspection of construction.

(g) *Facility Services.* Management and execution of facility operations and maintenance.

(h) *Land/Surveying Services.* Land asset management, land contract management, and surveying services in connection with the acquisition, leasing, maintenance, and disposal of interests in real property, including the maintenance of land records and the recording of instruments relating to such interests in real property.

(i) *Operations Support Services.* Operations support and planning, including logistics, scheduling and dispatching; assistance with emergency response and work stoppages;

workforce planning; corrosion and leakage programs; estimates of gas requirements and gas availability; gas transmission, measurement, storage and distribution; construction requirements; construction management; operating standards and practices; regulatory and environmental compliance; pipeline safety and compliance; employee and system safety programs; sustainability; training; management of gas transportation and sales activities; security services; measurement, regulation and conditioning equipment; meter testing, calibration and repair; gas network modeling, facility mapping and GIS technologies; planning, installation and operation of radio networks, remote control and telemetering devices, microwave relay systems and other applications of electronics to the fields of communication and control.

(j) *Purchasing, Storage and Disposition Services.* Supply chain activities, including the standardization, purchase, lease, license and acquisition of equipment, materials, supplies, services, software, intellectual property and other assets, as well as shipping, storage and disposition of same; negotiation of the purchase, sale, acquisition or disposition of assets and services; and the placing of purchase orders.

(k) *Rates and Regulatory Services.* Regulatory and rate matters, including the design and preparation of schedules and tariffs; analysis of rate filings; and preparation and presentation of testimony and exhibits to regulatory authorities.

(l) *Transportation Services.* Purchase, lease, operation and maintenance of motor vehicles.

1.3 Each party shall preserve the confidentiality and security of confidential and proprietary information of the other party to the extent that a party becomes aware of confidential or proprietary information of the other party in the furnishing or receipt of Services hereunder.

## **ARTICLE 2 COMPENSATION**

2.1 As compensation for the Services to be rendered hereunder, the requesting party shall compensate and pay to the providing party the actual costs thereof, including labor, materials and pertinent overheads. Each of the parties hereto recognize that the other party is regulated by the utility regulatory commission in its respective jurisdiction, and that the costs incurred hereunder are subject to scrutiny and disallowance by such commission.

2.2 The parties shall make available monthly billing information to each other that reflects information necessary to identify the costs charged and Services rendered for that month. The requesting party shall undertake a review of the charges and identify any questions or concerns regarding the charges reflected within a reasonable period of time. The providing party shall remit to the requesting party payment for billed charges within a period of time not exceeding 30 days of receipt of the monthly billing information.

2.3 Each party shall permit the other party reasonable access to its accounts and records to verify the accuracy of any charges hereunder.

**ARTICLE 3**  
**TERM**

3.1 This Service Agreement shall become effective as of the date first written above, subject only to the receipt of any required regulatory approvals from the Pennsylvania Public Utility Commission and shall continue in force until terminated by the either party, upon not less than thirty (30) days prior written notice to the other party. This Service Agreement shall also be subject to termination or modification at any time, without notice, if and to the extent performance under this Service Agreement may conflict with any state or federal statute, or any rule, decision, or order of any state or federal regulatory agency having jurisdiction over one or both of the parties. Further, this Service Agreement shall be terminated immediately upon the parties ceasing to be affiliates.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date and year first above written.

## SERVICE AGREEMENT

This SERVICE AGREEMENT (“Service Agreement” or “Agreement”) is made and entered into effective the 1st day of October, 2021 by and between Columbia Gas of Kentucky, Inc. (“CKY”) and Columbia Gas of Pennsylvania, Inc. (“CPA”).

### WITNESSETH:

WHEREAS, CKY and CPA (individually a “party” and collectively, the “parties”) are wholly owned subsidiaries of NiSource Gas Distribution Group, Inc. (“NiSource Gas Distribution”), which is a wholly owned subsidiary of NiSource Inc. (“NiSource”), a Delaware corporation, and both NiSource and NiSource Gas Distribution are “holding companies” as defined in the Public Utility Holding Company Act of 2005;

WHEREAS, CKY and CPA are “affiliated interests” as defined in Section 2101(a) of the Pennsylvania Public Utility Code;

WHEREAS, CKY and CPA agree to enter into this Service Agreement whereby either party may provide certain services to the other party, subject to the providing party’s ability to perform such services; and

WHEREAS, the rendition of such services set forth in Article 1 enables the parties to realize economic and other benefits through the sharing of knowledge and expertise of subject matter experts and the provision of operations and technical support and assistance in areas such as emergency response and preparedness, outage restoration, training, process improvement and identification/execution of best practices.

NOW THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties to this Service Agreement covenant and agree as follows:

### ARTICLE 1 SERVICES

1.1 The providing party shall furnish to the requesting party, upon the terms and conditions hereinafter set forth, such of the services described in Section 1.2 (the “Services”) at such times, for such periods and in such manner as from time to time requested and that the providing party concludes it is able to perform.

1.2 The scope of Services that may be provided under the Agreement are detailed below. The descriptions are deemed to include services associated with, or related or similar to, the services contained in such descriptions. The details listed under each heading are intended to be illustrative rather than inclusive:

- (a) *Accounting and Financial Services.* Various aspects of accounting and finance, including financial accounting; asset accounting; regulatory accounting; financing; financial planning; budgeting; auditing; depreciation; economic research; forecasting; accounts payable; accounts receivable; reconciliations; accounting research; reporting; operation and maintenance expense analysis; payroll; business applications support; and accounting practices and policies.

(b) *Communications and Customer Education Services.* Preparation and use of educational and advertising materials; development of processes to facilitate residential, commercial and industrial customer growth, as well as maintenance of business in those areas; providing information to customers regarding products and services; furnishing information to customers, employees, other interested groups, and to the public generally, including the preparation of booklets, photographs, and other media; management and content of social media; and advertising programs.

(c) *Conservation and Energy Efficiency Services.* Conservation and energy efficiency program design and administration, including program management; portfolio design; cost/benefit analysis; program evaluation, measurement and verification; education and outreach; rebate processing; reporting; and related activities.

(d) *Customer Billing, Collection, and Contact Services.* Calculating, bill exception processing, back office processing, posting, printing, inserting, mailing and related services associated with the preparation and issuance of customer bills, notices, inserts and similar mailings; cash processing, revenue recovery, account reconciliations and adjustments, and related services associated with the collection of revenue and management of accounts receivable; customer contact and related services, including alternative pricing services, customer contact center management, operation and administration; management of key customer relationships; communications associated with the commencement, transfer, maintenance and disconnection of service; the receipt and processing of emergency calls; the handling of customer complaints; and responses to customer billing, credit, collection, order take and inquiry, outage, meter reading, retail choice and other inquiries.

(e) *Employee Services.* Organizational, leadership and strategic development; employee relations matters, including recruitment, employee placement and retention, training, compensation, safety, labor relations and health, welfare and employee benefits; activities in connection with temporary labor matters, including assessment, selection, contract negotiation, administration, service provider relationships, compliance, review and reporting.

(f) *Engineering and Construction Services.* Engineering phases of construction, operations and maintenance activities, including estimates of costs of construction; preparation of plans and designs; engineering and supervision of the fabrication of natural gas facilities; standardization of engineering and construction procedures; construction activities; and supervision and inspection of construction.

(g) *Facility Services.* Management and execution of facility operations and maintenance.

(h) *Land/Surveying Services.* Land asset management, land contract management, and surveying services in connection with the acquisition, leasing, maintenance, and disposal of interests in real property, including the maintenance of land records and the recording of instruments relating to such interests in real property.

(i) *Operations Support Services.* Operations support and planning, including logistics, scheduling and dispatching; assistance with emergency response and work stoppages;

workforce planning; corrosion and leakage programs; estimates of gas requirements and gas availability; gas transmission, measurement, storage and distribution; construction requirements; construction management; operating standards and practices; regulatory and environmental compliance; pipeline safety and compliance; employee and system safety programs; sustainability; training; management of gas transportation and sales activities; security services; measurement, regulation and conditioning equipment; meter testing, calibration and repair; gas network modeling, facility mapping and GIS technologies; planning, installation and operation of radio networks, remote control and telemetering devices, microwave relay systems and other applications of electronics to the fields of communication and control.

(j) *Purchasing, Storage and Disposition Services.* Supply chain activities, including the standardization, purchase, lease, license and acquisition of equipment, materials, supplies, services, software, intellectual property and other assets, as well as shipping, storage and disposition of same; negotiation of the purchase, sale, acquisition or disposition of assets and services; and the placing of purchase orders.

(k) *Rates and Regulatory Services.* Regulatory and rate matters, including the design and preparation of schedules and tariffs; analysis of rate filings; and preparation and presentation of testimony and exhibits to regulatory authorities.

(l) *Transportation Services.* Purchase, lease, operation and maintenance of motor vehicles.

1.3 Each party shall preserve the confidentiality and security of confidential and proprietary information of the other party to the extent that a party becomes aware of confidential or proprietary information of the other party in the furnishing or receipt of Services hereunder.

## **ARTICLE 2 COMPENSATION**

2.1 As compensation for the Services to be rendered hereunder, the requesting party shall compensate and pay to the providing party the actual costs thereof, including labor, materials and pertinent overheads. Each of the parties hereto recognize that the other party is regulated by the utility regulatory commission in its respective jurisdiction, and that the costs incurred hereunder are subject to scrutiny and disallowance by such commission.

2.2 The parties shall make available monthly billing information to each other that reflects information necessary to identify the costs charged and Services rendered for that month. The requesting party shall undertake a review of the charges and identify any questions or concerns regarding the charges reflected within a reasonable period of time. The providing party shall remit to the requesting party payment for billed charges within a period of time not exceeding 30 days of receipt of the monthly billing information.

2.3 Each party shall permit the other party reasonable access to its accounts and records to verify the accuracy of any charges hereunder.

**ARTICLE 3**  
**TERM**

3.1 This Service Agreement shall become effective as of the date first written above, subject only to the receipt of any required regulatory approvals from the Pennsylvania Public Utility Commission and shall continue in force until terminated by the either party, upon not less than thirty (30) days prior written notice to the other party. This Service Agreement shall also be subject to termination or modification at any time, without notice, if and to the extent performance under this Service Agreement may conflict with any state or federal statute, or any rule, decision, or order of any state or federal regulatory agency having jurisdiction over one or both of the parties. Further, this Service Agreement shall be terminated immediately upon the parties ceasing to be affiliates.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date and year first above written.

## SERVICE AGREEMENT

This SERVICE AGREEMENT (“Service Agreement” or “Agreement”) is made and entered into effective the 1st day of October, 2021 by and between Columbia Gas of Maryland, Inc. (“CMD”) and Columbia Gas of Pennsylvania, Inc. (“CPA”).

WITNESSETH:

WHEREAS, CMD and CPA (individually a “party” and collectively, the “parties”) are wholly owned subsidiaries of NiSource Gas Distribution Group, Inc. (“NiSource Gas Distribution”), which is a wholly owned subsidiary of NiSource Inc. (“NiSource”), a Delaware corporation, and both NiSource and NiSource Gas Distribution are “holding companies” as defined in the Public Utility Holding Company Act of 2005;

WHEREAS, CMD and CPA are “affiliated interests” as defined in Section 2101(a) of the Pennsylvania Public Utility Code;

WHEREAS, CMD and CPA agree to enter into this Service Agreement whereby either party may provide certain services to the other party, subject to the providing party’s ability to perform such services; and

WHEREAS, the rendition of such services set forth in Article 1 enables the parties to realize economic and other benefits through the sharing of knowledge and expertise of subject matter experts and the provision of operations and technical support and assistance in areas such as emergency response and preparedness, outage restoration, training, process improvement and identification/execution of best practices.

NOW THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties to this Service Agreement covenant and agree as follows:

### ARTICLE 1 SERVICES

1.1 The providing party shall furnish to the requesting party, upon the terms and conditions hereinafter set forth, such of the services described in Section 1.2 (the “Services”) at such times, for such periods and in such manner as from time to time requested and that the providing party concludes it is able to perform.

1.2 The scope of Services that may be provided under the Agreement are detailed below. The descriptions are deemed to include services associated with, or related or similar to, the services contained in such descriptions. The details listed under each heading are intended to be illustrative rather than inclusive:

(a) *Accounting and Financial Services.* Various aspects of accounting and finance, including financial accounting; asset accounting; regulatory accounting; financing; financial planning; budgeting; auditing; depreciation; economic research; forecasting; accounts payable; accounts receivable; reconciliations; accounting research; reporting; operation and maintenance expense analysis; payroll; business applications support; and accounting practices and policies.

(b) *Communications and Customer Education Services.* Preparation and use of educational and advertising materials; development of processes to facilitate residential, commercial and industrial customer growth, as well as maintenance of business in those areas; providing information to customers regarding products and services; furnishing information to customers, employees, other interested groups, and to the public generally, including the preparation of booklets, photographs, and other media; management and content of social media; and advertising programs.

(c) *Conservation and Energy Efficiency Services.* Conservation and energy efficiency program design and administration, including program management; portfolio design; cost/benefit analysis; program evaluation, measurement and verification; education and outreach; rebate processing; reporting; and related activities.

(d) *Customer Billing, Collection, and Contact Services.* Calculating, bill exception processing, back office processing, posting, printing, inserting, mailing and related services associated with the preparation and issuance of customer bills, notices, inserts and similar mailings; cash processing, revenue recovery, account reconciliations and adjustments, and related services associated with the collection of revenue and management of accounts receivable; customer contact and related services, including alternative pricing services, customer contact center management, operation and administration; management of key customer relationships; communications associated with the commencement, transfer, maintenance and disconnection of service; the receipt and processing of emergency calls; the handling of customer complaints; and responses to customer billing, credit, collection, order take and inquiry, outage, meter reading, retail choice and other inquiries.

(e) *Employee Services.* Organizational, leadership and strategic development; employee relations matters, including recruitment, employee placement and retention, training, compensation, safety, labor relations and health, welfare and employee benefits; activities in connection with temporary labor matters, including assessment, selection, contract negotiation, administration, service provider relationships, compliance, review and reporting.

(f) *Engineering and Construction Services.* Engineering phases of construction, operations and maintenance activities, including estimates of costs of construction; preparation of plans and designs; engineering and supervision of the fabrication of natural gas facilities; standardization of engineering and construction procedures; construction activities; and supervision and inspection of construction.

(g) *Facility Services.* Management and execution of facility operations and maintenance.

(h) *Land/Surveying Services.* Land asset management, land contract management, and surveying services in connection with the acquisition, leasing, maintenance, and disposal of interests in real property, including the maintenance of land records and the recording of instruments relating to such interests in real property.

(i) *Operations Support Services.* Operations support and planning, including logistics, scheduling and dispatching; assistance with emergency response and work stoppages;

workforce planning; corrosion and leakage programs; estimates of gas requirements and gas availability; gas transmission, measurement, storage and distribution; construction requirements; construction management; operating standards and practices; regulatory and environmental compliance; pipeline safety and compliance; employee and system safety programs; sustainability; training; management of gas transportation and sales activities; security services; measurement, regulation and conditioning equipment; meter testing, calibration and repair; gas network modeling, facility mapping and GIS technologies; planning, installation and operation of radio networks, remote control and telemetering devices, microwave relay systems and other applications of electronics to the fields of communication and control.

(j) *Purchasing, Storage and Disposition Services.* Supply chain activities, including the standardization, purchase, lease, license and acquisition of equipment, materials, supplies, services, software, intellectual property and other assets, as well as shipping, storage and disposition of same; negotiation of the purchase, sale, acquisition or disposition of assets and services; and the placing of purchase orders.

(k) *Rates and Regulatory Services.* Regulatory and rate matters, including the design and preparation of schedules and tariffs; analysis of rate filings; and preparation and presentation of testimony and exhibits to regulatory authorities.

(l) *Transportation Services.* Purchase, lease, operation and maintenance of motor vehicles.

1.3 Each party shall preserve the confidentiality and security of confidential and proprietary information of the other party to the extent that a party becomes aware of confidential or proprietary information of the other party in the furnishing or receipt of Services hereunder.

## **ARTICLE 2 COMPENSATION**

2.1 As compensation for the Services to be rendered hereunder, the requesting party shall compensate and pay to the providing party the actual costs thereof, including labor, materials and pertinent overheads. Each of the parties hereto recognize that the other party is regulated by the utility regulatory commission in its respective jurisdiction, and that the costs incurred hereunder are subject to scrutiny and disallowance by such commission.

2.2 The parties shall make available monthly billing information to each other that reflects information necessary to identify the costs charged and Services rendered for that month. The requesting party shall undertake a review of the charges and identify any questions or concerns regarding the charges reflected within a reasonable period of time. The providing party shall remit to the requesting party payment for billed charges within a period of time not exceeding 30 days of receipt of the monthly billing information.

2.3 Each party shall permit the other party reasonable access to its accounts and records to verify the accuracy of any charges hereunder.

**ARTICLE 3**  
**TERM**

3.1 This Service Agreement shall become effective as of the date first written above, subject only to the receipt of any required regulatory approvals from the Pennsylvania Public Utility Commission and shall continue in force until terminated by the either party, upon not less than thirty (30) days prior written notice to the other party. COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

23. Describe costs relative to leasing equipment, computer rentals, and office space, including terms and conditions of the lease. State the method of calculating monthly or annual payments.

Response:

Description of Terms and Conditions

Columbia's lease agreements depicted on page 3 of this exhibit fall into the categories of office and service space rental, motor vehicle rental, general tools, and communication equipment. Because the terms vary by the nature and type of property leased, the following descriptions highlight typical conditions which may be found in lease agreements for that specific type of lease property. Of course, even within categories the specific terms and conditions are subject to variation from agreement to agreement.

Office and Service Space Rental

Each such agreement particularly describes the premises to be leased. Typically, the annual rental is due in equal monthly installments payable on the first day of the month. The lessee specifically agrees to use the demised premises for its intended use (typically office and commercial purposes) except with the express written consent of the lessor to use the building for other purposes. It is the lessee's responsibility to pay all real estate taxes and assessments levied against the demised premises during the term of the lease, either directly to the taxing authority or to the landlord as part of operating expense. The lessee further agrees to carry general commercial liability insurance during the lease term. The assignment or subletting of the demised premises is subject to the written consent of the lessor, which consent is to be reasonably granted. The lessee agrees to indemnify the lessor against liability for damages including reasonable attorneys' fees occasioned by damage or losses to the lessor, its employees or third persons resulting from lessee's act, omission or negligence, but excluding damage or loss caused by the negligence of the lessor. It is the responsibility of the lessor to maintain the roof and exterior, structural walls, and sewage system of the demised premises in good condition. It is the responsibility of the lessee to maintain the interior of the building, ordinary wear and tear excepted, except where interior maintenance is included as part of the operating expenses, which are paid by the lessee in addition to rent. The lessee is permitted to make improvements and alterations to the premises in a workmanlike manner, without impairing the structural soundness of the existing building or improvements. These lease agreements contain a covenant on the part of the lessor permitting the lessee the quiet enjoyment of the demised premises without disturbance during the lease term.

Motor Vehicle Leases/Licensed General Tool Lease

Columbia leases motor vehicles from Peterson, Howell, and Heather, Inc. (PHH) and Automotive Rentals Inc. (ARI). The lease term commences on the date each unit is physically delivered to lessee. Upon the expiration of the initial term, the lessee may renew the lease from month to month subject to termination upon 30 days written notice to the lessor. The rental payment is calculated on the basis of an equal monthly share of the base price over the life of the lease term plus a monthly lease service charge. Each unit is to be purchased at the best procurable market price, subject to the prior approval of the lessee. Upon surrender of a leased unit to the lessor, within 30 days the unit will be sold at the best price obtainable. If the sale price exceeds the unit's amortized value, lessee is entitled to the excess. If the sale price results in a deficiency below the amortized value, that deficiency is paid to the lessor by the lessee. Lessee is obligated to maintain and service each unit in good condition, ordinary wear and tear excepted.

Telecommunication

Communication Equipment consists of radio site leases and dedicated telephone line rentals.

Columbia leases radio sites for the location of radio transmitting equipment. These site leases generally include the right to install an antenna on an existing structure (water tower, commercial radio tower, etc.) and either the right to install the actual transmitting equipment in an existing communications building or the right to erect a small radio transmitter building near the base of the structure.

Columbia rents dedicated telephone lines from NiSource Corporate Services and communication Lines S/T are leased from Columbia Network Services on a month to month basis.

53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

34. List and explain all non-recurring, abnormal or extraordinary expenses incurred in the test year which will not be present in future years.

Response: Material non-Recurring abnormal or extraordinary expenses incurred in the test year are recorded as Miscellaneous Deductions and reflected "below the line" in the caption Other Income.

35. List and explain all expenses included in the test year which do not occur yearly but are of a nature that they do occur over an extended period of years. (e.g. - Non-yearly maintenance programs, etc.)

Response: See Exhibit No. 4, Schedule No. 2 for detail of expense adjustments.

36. Using the adjusted year's expenses under present rates as a base, give detail necessary for clarification of all expense adjustments. Give clarifying detail for any such adjustments that occur due to changes in accounting procedure, such as charging a particular expense to a different account than was used previously. Explain any extraordinary declines in expense due to such change of account use.

Response: See Exhibit No. 4, Schedule No. 2 for detail of expense adjustments.

37. Indicate the expenses that are recorded in the test year, which are due to the placement in operating service of major plant additions or the removal of major plant from operating service and estimate the expense that will be incurred on a full-year's operation.

Response: No expenses were recorded on the books of Columbia related to placement of major plant additions in or removal of major plant additions to/from operating service other than Columbia's continuation of its accelerated investment in cast iron and unprotected steel mains replacement.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

38. Submit a statement of past and anticipated changes, since the previous rate case, in major accounting procedures.

Response:

There have been no changes in major accounting procedures and no changes are anticipated in the foreseeable future.

Five Year Amortization of Negative Net Salvage **(4,729,294)**

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

35. Submit a schedule showing Gross Receipts Tax Base used in computing Pennsylvania Gross Receipts Tax Adjustment.

Response:

Effective January 1, 2000, the Utility Gross Receipts Tax is not imposed on sales of natural gas. Consequently, there were no amounts computed or included for gross receipts taxes.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

50. Provide a schedule of federal and Pennsylvania taxes, other than income taxes, calculated on the basis of test year per books, pro forma at present rates, and pro forma at proposed rates, to include the following categories:
- a. social security
  - b. unemployment.
  - c. capital stock.
  - d. public utility realty.
  - e. P.U.C. assessment.
  - f. other property.
  - g. any other appropriate categories.

Response:

Refer to Exhibit No. 6, Schedule 2, Pages 2 through 4. Please note Pennsylvania has eliminated the capital stock tax for all taxpayers effective for years beginning on or after January 1, 2016. Consequently, there were no amounts included for capital stock taxes. P.U.C assessment and fees are included in Exhibit No. 4, Schedule No. 1, Pages 2, Line 19.

53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

48. Provide a copy of the latest capital stock tax report and the latest capital stock tax settlement.

Response:

Pennsylvania has eliminated the capital stock tax for all taxpayers effective for years beginning on or after January 1, 2016. Consequently, there were no amounts included for capital stock taxes.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

49. Submit details of calculations for Taxes, Other than Income where a company is assessed taxes for doing business in another state, or on its property located in another state.

Response:

Columbia Gas of Pennsylvania, Inc. maintains several contracts for the storage of gas in states outside Pennsylvania. The current amounts presented on Exhibit No. 6, Schedule No. 2, Page No. 4, Line No. 5 include property tax for gas storage maintained in West Virginia as follows:

<u>Type of Tax</u>	<u>For the 12 Months Ended</u> <u>11/30/2021</u>
WV Property – Storage	256,400

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 II. RATE OF RETURN  
A. ALL UTILITIES

8. State amount of debt interest utilized for income tax calculations, and details of debt interest computations, under each of the following rate case bases:
- a. Actual test year
  - b. Annualized test year-end
  - c. Proposed test year-end

Response: See Exhibit No. 2, Schedule No. 3, Page No. 4 for detail of the debt interest computation for the actual test year (HTY) and Exhibit No. 102, Schedule No. 3, Page No. 4 for detail of the debt interest computation for the annualized test year (FPFTY) and proposed test year at proposed rates.

a.	Actual test year	\$45,932,535
b.	Annualized test year-end	\$58,870,071
c.	Proposed test year-end	\$58,870,071

9. State amount of debt interest utilized for income tax calculations which has been allocated from the debt interest of an affiliate, and details of the allocation, under each of the following rate case bases:
- a. Actual test year
  - b. Annualized test year-end
  - c. Proposed test year-end

Response: The Company is reflecting a Columbia Gas of Pennsylvania, Inc. capital structure in its claim. No interest has been allocated from an affiliate.

26. Provide the following income tax data:

- a. Consolidated income tax adjustment, if applicable.
- b. Interest for tax purposes (basis.)

Response: The income tax data for the twelve months historic test year presented on the following schedules:

- a. The Company does not have a consolidated income tax adjustment.
- b. The Interest included in the tax computation is presented on Exhibit No. 7, Page No. 14, Line No. 6.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

51. Submit a schedule showing for the last five years the income tax refunds, plus interest (net of taxes), received from the federal government due to prior years' claims.

Response: See Exhibit No. 7, Page No. 6.

52. Provide detailed computations showing the deferred income taxes derived by using accelerated tax depreciation applicable to post-1969 utility property increases productive capacity and ADR rates on property. (Separate between state and federal; also, rate used).
- a. State whether tax depreciation is based on all rate base items claimed as of the end of the test year, and whether it is the annual tax depreciation at the end of the test year.
  - b. Reconcile any difference between the deferred tax balance, as shown as a reduction to measures of value (rate base), and the deferred tax balance as shown on the balance sheet.

Response: See Exhibit No. 7, Page 7, showing the computation of deferred income taxes. See also Attachments 1 and 2, reports showing by vintage the estimated tax depreciation used for the 2020 and 2021 accrual for the twelve months ended November 30, 2021. Additional detailed reports are too voluminous to attach.

- a. Tax depreciation is based on all rate base items claimed at the end of the test year. Federal tax depreciation (including Bonus for years prior to 2018) of \$86,809,129 is the annual tax depreciation at the end of the test year.
- b. See Exhibit No. 7, Page 7.

COLUMBIA GAS OF PENNSYLVANIA, INC

DESCRIPTION OF PRO FORMA ADJUSTMENTS  
AS REFERENCED ON PAGES 13 AND 14, HEREIN

- (1) See Exhibit No. 3.
- (2) See Exhibit No. 4.
- (3) See Exhibit No. 5.
- (4) This adjustment represents the annualized payroll tax adjustment for FICA and property tax related to stored gas. See Exhibit No. 6, Schedule 2, Page 2, Lines 1 and 3.
- (5) This adjustment has been eliminated because it is a non-operating income item and, therefore, not applicable for rate purposes. See adjustment (7) for interest expense imputed for tax calculation purposes.
- (6) This statutory adjustment has been eliminated as inappropriate for recovery from the Pennsylvania ratepayer.
- (7) Interest has been included as a deduction in calculating tax expense to reflect the imputed level of interest based on the Company's debt/capitalization ratio and embedded cost of debt included in rate of return claim. See Exhibit No. 7, page 1, for details.

COLUMBIA GAS OF PENNSYLVANIA, INC

DESCRIPTION OF PRO FORMA ADJUSTMENTS  
AS REFERENCED ON PAGES 13 AND 14, HEREIN

- (8) Adjusted as inappropriate to the rate proceeding.
- (9) To recognize flow back of excess deferred income taxes related to accelerated depreciation using the “average rate assumption” method for the test year.
- (10) Adjustment reflects the pro forma level of deferred state income taxes.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

56. Submit detailed calculations supporting taxable income before state and federal income taxes where the income tax is subject to allocation due to operations in another state, or due to operation of other taxable utility or non-utility business, or by operating divisions or areas.

Response:

Columbia Gas of Pennsylvania has a proprietary interest in gas stored underground in other states. The Company also makes off-system gas sales that in some instances are allocated for tax purposes to states other than Pennsylvania.

The ownership of the stored gas and the off-system gas sales noted above have created certain tax liabilities in the state jurisdictions where the gas is located or the sale allocated. This, in turn, has created a decrease in taxable income apportioned to the Commonwealth of Pennsylvania for state income tax calculations. The overall impact on the company's state income tax effective rate is not material compared to the 9.99% Pennsylvania rate that is included in base rates.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

57. Submit detailed calculations showing the derivation of deferred income taxes for amortization of repair allowance if such policy is followed.

Response: Not applicable. The company has not elected the ADR repair allowance for federal income tax purposes.

58. Furnish a breakdown of major items comprising prepaid and deferred income tax charges and other deferred income tax credits and reserves by accounting areas.

Response: Please refer to Exhibit No. 7, Pages 13, 14, 19 and 20 for a complete breakdown of the income tax calculation including deferred tax charges and credits.

59. Provide details of the Federal Surtax Credit allocated to the Pennsylvania jurisdictional area, if applicable.

Response: Not applicable.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

60. Explain the reason for the use of cost of removal of any retired plant figures in the income tax calculations.

Response:

For retired plant which was originally installed prior to 1971, the cost of removal has been used to make a reducing adjustment to the reserve for depreciation for tax reporting purposes under the mass asset accounting provisions of the Internal Revenue Code. For plant installed after vintage year 1970, cost of removal has been deducted as a current expense as required under the Asset Depreciation Range and the Accelerated Cost Recovery System (ACRS) regulations, including the modified ACRS prescribed by the Tax Reform Act of 1986. The income tax effect of the deductible removal costs has been flowed through for book purposes in accordance with the final opinion and order in Case No. R-832493.

61. Submit the corresponding data applicable to Pennsylvania Corporate Income Tax deferment.
- a. Show the amounts of straight-line tax depreciation and accelerated tax depreciation, the difference between which gave rise to the normalizing tax charged back to the test year operating statement.
  - b. Show normalization for both Federal and State Income Taxes.
  - c. Show tax rates used to calculate tax deferment amount.

Response:

See Exhibit No. 7, Page 7. This response to Regulation 53.53 III A. 52 details the deferred federal income tax and tax rate used to calculate the normalization of accelerated depreciation. State accelerated depreciation is not normalized.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

62. Provide the accelerated tax depreciation and the book depreciation used to calculate test year deferrals in amounts segregated as follows: For:
- a. Property installed prior to 1970.
  - b. Property installed subsequent to 1969 (indicate increasing capacity additions and non-increasing capacity additions).

Response:

- a. No tax deferrals have been booked, or included in the filing, for property installed prior to 1970.
- b. See Exhibit No.7, Page 7. This response to Regulation 53.53 III A,52 details the tax and book depreciation on property installed subsequent to 1969.

63. State whether all tax savings due to accelerated depreciation on property installed prior to 1970 have been passed through to income. (If not, explain).

Response:

All tax savings due to accelerated depreciation on property installed prior to 1970 have been passed through to income.

64. Show any income tax loss/gain carryovers from previous year that may affect test year income taxes or future year income taxes. Show loss/gain carryovers by years of origin and amounts remaining by years at the end of the test year.

Response:

The Company incurred a tax loss for federal purposes in tax years 2008, 2010, 2011, 2012, 2013, 2016 and 2017. Some of the loss for federal purposes offset income from prior years and some has been carried forward. For state income purposes losses were incurred in tax years 2008, 2010 and 2011, see Exhibit No.7, Page 23. The Company notes that the State net operating loss carryforward is fully utilized in the Fully Projected Future Test Year.

65. State whether the company eliminates any tax savings by the payment of actual interest on construction work in progress not in rate base claim. If response is affirmative:
- a. Set forth amount of construction claimed in the tax savings reduction. Explain the basis for this amount.
  - b. Explain the manner in which the debt portion of this construction is determined for purposes of the deferral calculation.
  - c. State the interest rate used to calculate interest on this construction debt portion, and the manner in which it is derived.
  - d. Provide details of calculation to determine tax savings reduction. State whether state taxes are increased to reflect the construction interest elimination.

Response:

The Company does not eliminate tax savings by payment of actual interest on CWIP. The Company capitalizes interest under section 263A of the Internal Revenue Code for tax purposes. This may result in more or less interest capitalized compared to the books. Deferred income taxes are recorded.

66. Provide a detailed analysis of Taxes Accrued per books as of the test year date. Also supply the basis for the accrual and the amount of taxes accrued monthly.

Response:

Refer to Exhibit No.7, Pages 26 through 28.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
ACCRUED TAXES AND BASIS FOR ACCRUALS  
AS OF NOVEMBER 30, 2021

<u>Taxes Accrued Balance</u>	<u>Amount</u> \$	<u>Basis for Accrued Tax</u>
Federal Income Tax	(14,838,240)	Tax is based on the taxable net income generated from Company operations as defined by and reported to the Internal Revenue Service. The tax rate at the end of the historic test year is 21%. The monthly accrual is based on the taxable income or loss achieved from that month's operations.
Social Security Taxes (FICA)	(5,501,415)	Social Security tax for 2019 is based on the first \$132,900 of taxable wages paid to an employee at a rate of 6.20% (for 2020, \$137,700 wage base, and rate of 6.20%). The wage base for the 1.45% Medicare tax was applied to total taxable wages.
Federal Unemployment Insurance (FUTA)	(35,965)	Tax is based on the first \$7,000 of wages paid to an employee at a rate of 6.0%. A credit is allowed for state unemployment taxes paid for the first 5.4%, thus making the effective federal rate .8%. Taxes are accrued monthly based on taxable wages paid.
Pennsylvania Corporate Net Income Tax	(3,863,352)	Tax is based on the taxable net income as defined by the Federal Income Tax Code before the deduction for Pennsylvania State Income Taxes. To this taxable income, adjustments are made as provided by the Commonwealth of Pennsylvania Tax Code. The tax rate is 9.99% of taxable income. The monthly accrual is based on the taxable income or loss achieved from that month's operations.
Pennsylvania PURTA (Public Utility Realty Tax Act), local property tax and WV stored gas property tax	(522,181)	PURTA is based on the market value of public utility land, buildings, and other structures. One-twelfth (1/12) of the total amount of estimated annual PURTA plus local property tax is amortized to the property tax expense. WV stored gas property tax is based on the assessed value per the property tax return. One-twelfth (1/12) of the total amount of estimated WV stored gas property tax is expensed per month.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
ACCRUED TAXES AND BASIS FOR ACCRUALS  
AS OF NOVEMBER 30, 2021

<u>Taxes Accrued Balance</u>	<u>Amount</u>	<u>Basis for Accrued Tax</u>
	\$	
Federal Corporate Net Income Tax Prior Years' Adjustment Non-Current	-	Federal tax accrual for prior year returns due to adjustments to the return as filed. Amounts are settled with IRS during federal income tax audits.
Pennsylvania Corporate Net Income Tax Prior Years' Adjustment Non-Current	-	State tax accrual for prior year returns due to adjustments to the return as filed. Amounts are settled with the state after the federal return is settled.
Pennsylvania Unemployment Compensation Tax (SUTA)	(148,332)	Tax is based on the first \$10,000 of wages paid to an employee in a calendar year. Taxes are accrued at various rates depending upon experience. The monthly accrual is based on payroll data for the period.
Pennsylvania Sales and Use tax	(27,656)	Tax is based on the value of a product or service sold at retail for users as defined by the State. The current tax rate is 6% of the sales price. Monthly accrual is based on the analysis of the Company's actual purchases. Quarterly accrual for current sales tax audit.
License and Franchise and Other Local Taxes	-	The Company pays miscellaneous local taxes such as franchise and license fees as assessed by local governments. The accrual is made for these taxes when the taxes are paid.
<b>TOTAL ACCRUED TAXES</b>	<u><u>(24,937,141)</u></u>

53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

67. For the test year as recorded on test year operating statement:
- a. Supply the amount of federal income taxes actually paid.
  - b. Supply the amount of the federal income tax normalizing charge to tax expense due to excess of accelerated tax depreciation over book depreciation.
  - c. Supply the normalizing tax charge to federal income taxes for the 10% Job Development Credit during test year.
  - d. Provide the amount of the credit of federal income taxes due to the amortization or normalizing yearly debit to the reserve for the 10% Job Development Credit.
  - e. Provide the amount of the credit to federal income taxes for the normalizing of any 3% Investment Tax Credit Reserve that may remain on the utility books.

Response:

- a. The amount of Federal Income Taxes paid during the test year was \$0.
- b. Federal Income Tax expense for the normalization of the excess of accelerated tax depreciation over book depreciation is \$3,002,449. See Exhibit No. 7, Page 7.
- c. None.
- d. For the twelve months ended November 30, 2021 the amount of the credit to federal income taxes due to the yearly amortization debit to the reserve for the Job Development Credit (JDC) is \$259,544. (Note: This amortization includes portions of JDC accrued at 4%, 10%, and 8%) on Exhibit No. 7, Page 11.
- e. None.

COLUMBIA GAS OF PENNSYLVANIA, INC

A. ALL UTILITIES

68. Provide the debit and credit in the test year to the Deferred Taxes due to Accelerated Depreciation for federal income tax, and provide the debit and credit for the Job Development Credits (whatever account) for test year.

Response:

DATA FOR 12-MONTH PERIOD ENDED NOVEMBER 30, 2021

Accounting entries per Books for:

a. Accelerated Depreciation Deferred

Cr. 28205000 Deferred Federal Income Tax	\$3,002,449
Dr. 41011000 Accumulated Deferred Income Taxes	\$3,002,449

b. Amortization of Job Development Credits

Dr. 25500000 Deferred Investment Tax Credit	\$ 259,544
Cr. 41141000 Deferred Federal Income Tax	\$ 259,544

69. Reconcile all data given in answers to questions on income taxes charged on the test year operating statement with regard to income taxes paid, income taxes charged because of normalization and credits due to yearly write-offs of past years' income tax deferrals, and from normalization of investment tax and development credits. (Both state and federal income taxes.)

Response: Refer to the following schedules which detail the requirements of these items:

<u>Schedule No.</u>	<u>Description</u>
Exhibit No. 7, Pages 19 and 20	Calculation of Income Taxes
Exhibit No. 7, Pages 13 and 14	Reconciliation of Taxable Net Income Per Books and Pro Forma
Exhibit No. 7, Page 29 (question 67a)	Income Taxes Paid

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

70. With respect to determination of income taxes, federal and state:
- a. Show income tax results of the annualizing and normalizing adjustments to the test year record before any rate increase.
  - b. Show income taxes for the annualized and normalized test year.
  - c. Show income tax effect of the rate increase requested.
  - d. Show income taxes for the normalized and annualized test year after application of the full rate increase.

[It is imperative that continuity exists between the income tax calculations as recorded for the test year and the final income tax calculation under proposed rates. If the company has more than one accounting area, then additional separate worksheets must be provided in addition to those for total company.]

Response: See Exhibit No. 2, Page 3 and Exhibit No. 7, Pages 19 and 20, for the income tax results of the various annualization and adjustments made to the historic test year twelve months ended November 30, 2021.

71. In adjusting the test year to an annualized year under present rates, explain any changes that may be due to book or tax depreciation change and to debits and credits to income tax expense due to accelerated depreciation, deferred taxes, job development credits, tax refunds or other items. (The above refers only to the adjustments going from recorded test year to annualized test year).

Response: Refer to Exhibit No. 7, Pages 13, 14, 19 and 20, for explanation of the adjustments to the twelve months ended November 30, 2021.

COLUMBIA GAS OF PENNSYLVANIA, INC

53.53 II. RATE OF RETURN

A. ALL UTILITIES

10. Under Section 1552 of the Internal Revenue Code and Regulations 1.1552-1 thereunder, if applicable, Parent Company, in filing a consolidated income tax return for the group, must choose one of four options by which it must allocate total income tax liability of the group to the participating members to determine each member's tax liability to the federal government. (If this interrogatory is not applicable, so state.)
  - a. State what option has been chosen by the group.
  - b. Provide, in summary form, the amount of tax liability that has been allocated to each of the participating members in the consolidated income tax return.
  - c. Provide a schedule, in summary form, of contributions, which were determined on the basis of separate tax return calculations, made by each of the participating members to the tax liability indicated in the consolidated group tax return. Provide total amounts of actual payments to the tax depository for the tax year, as computed on the basis of separate returns of members.
  - d. Provide annual income tax return for group, and if income tax return shows net operating loss; provide details of amount of net operating loss allocated to the income tax returns of each of the members of the consolidated group.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 II. RATE OF RETURN  
A. ALL UTILITIES

Response:

- a. For Earnings and Profits purposes under Section 1552, the company has not made an election. Under the law, if no election is made the tax liability shall be apportioned among the members of the group in accordance with the ratio which that portion of the consolidated taxable income attributable to each member of the group having taxable income bears to the consolidated taxable income. The company would only use this allocation for earnings and profits purposes.
- b. The amended and restated intercompany income tax allocation agreement approved by state regulatory commissions dictate the terms of the allocation of tax liability which is in effect beginning with the Historic Test Year. Under the agreement each company is allocated tax based on a standalone return tax liability. Attached is the companies' tax sharing agreement (Exhibit No. 7, pages 34 - 46) which was revised effective March 27, 2020, as approved by the Commission in Docket No. G-2020-3019409. In 2016, Act 40 was passed which eliminated the consolidated tax savings adjustment. Please see schedule for the participating members updated for requirements under Section 1301.1 in Exhibit No. 7, Pages 2 – 4.
- c. In 2016, Act 40 was passed which eliminated the consolidated tax savings adjustment. Please see schedule for the participating members updated for requirements under Section 1301.1 in Exhibit No. 7, Pages 2 – 4 discussed in b, above.
- d. The income tax return(s) for 2018, 2019 and 2020 were provided with response to SDR-GASRR-055.

March 27, 2020

**NISOURCE INC., AND SUBSIDIARY COMPANIES**

**AMENDED AND RESTATED**

**INTERCOMPANY INCOME TAX ALLOCATION AGREEMENT**

WHEREAS, NiSource Inc., a corporation organized under the laws of the State of Delaware (“NiSource”) and a holding company under the Public Utility Holding Company Act of 2005 (“Act”), together with its subsidiary companies, direct and indirect, listed as parties hereto in Exhibit A, comprise the members of the NiSource consolidated group which will join annually in the filing of a consolidated U.S. federal income tax return, and it is now the intention of NiSource and its subsidiaries, direct and indirect, to enter into an agreement for the allocation of current U.S. federal income taxes; and

WHEREAS, certain members of the Consolidated Group (as defined below) will join annually in the filing of certain consolidated state income tax returns (to the extent permitted or required under applicable state income tax laws), and it is now the intention of the Consolidated Group to enter into an agreement for the allocation of current state income taxes; and

WHEREAS, the members of the Consolidated Group as of September 30, 2002 entered into that Intercompany Income Tax Allocation Agreement dated September 30, 2002, for the allocation of U.S. federal income taxes (the “2002 Agreement”); and

WHEREAS, NiSource entered into that Separation and Distribution Agreement with Columbia Pipeline Group, Inc., dated as of June 30, 2015; and

WHEREAS, the members of the Consolidated Group as of April 7, 2016 entered into that Amended and Restated Intercompany Income Tax Allocation Agreement dated April 7, 2016, for the allocation of U.S. federal income taxes and the members of the Consolidated Group as of August 17, 2016 ratified the First Amendment to Amended and Restated Intercompany Income Tax Allocation Agreement dated August 17, 2016 (together the “2016 Agreement”); and

WHEREAS, the Parties desire to amend and restate the 2016 Agreement as set forth herein in order to amend certain provisions therein, including, but not limited to, adopting certain

obligations with respect to the allocation of income taxes among the Members; and

NOW THEREFORE, each member of the Consolidated Group does hereby covenant and agree with one another that the current consolidated income tax liabilities of the Consolidated Group shall be allocated as follows:

## ARTICLE I.

### **Definitions and Interpretation**

Section 1.1 Definitions. For all purposes of this Agreement, except as otherwise expressly provided, the following terms shall have the following respective meanings:

“Code” means the Internal Revenue Code of 1986, as amended.

“Consolidated Group” means NiSource and all of its subsidiaries which, from time to time, may be included in any (i) U.S. federal income tax return filed by NiSource in accordance with Sections 1501 and 1502 of the Code or (ii) Other Return.

“Consolidated Return” means, with reference to any Taxable Period, any consolidated U.S. federal income tax return or Other Return filed by NiSource whether before or after the date hereof, which includes one or more Members of the Consolidated Group in a consolidated, combined, composite or unitary group of which NiSource is a common parent.

“Consolidated Return Year” means any Taxable Period for which NiSource files a Consolidated Return or Other Return that includes one or more Members of the Consolidated Group in a consolidated, combined, composite or unitary group of which NiSource is a common parent.

“Consolidated Tax Liability” means, with reference to any Taxable Period, the consolidated, combined, composite or unitary U.S. federal income tax liability or liability relating to Other Taxes, as the case may be (including any interest, additions to tax and penalties), of the Consolidated Group for such Taxable Period.

“Designated Official” means the Vice President, Corporate Tax of NiSource Corporate Services Company or such other official assigned the responsibilities of Vice President, Corporate Tax of NiSource Corporate Services Company.

“Includible Corporation” has the meaning attributed to that term in Section 1504(b) of the Code.

“Member” means, for any Taxable Period, any entity that is treated as a corporation for federal tax purposes (or any predecessor or successor in interest to such corporation under Section 381 of the Code which was or is, as the case may be, an Includible Corporation) which at any time during such Taxable Period is an Includible Corporation that is included in the

Consolidated Group, including NiSource. Provided, however, that Northern Indiana Public Service Company LLC will also be treated as a Member for purposes of this agreement.

“Other Return” means any consolidated, combined, composite or unitary tax return of Other Taxes filed by NiSource or another Member of the Consolidated Group, whether before or after the date hereof, which includes the operations, income or assets of one or more Members of the Consolidated Group.

“Other Taxes” means any taxes (including any interest and penalties) payable by NiSource or another Member of the Consolidated Group to any taxing authority of any state, municipal or other political subdivision, including all agencies and instrumentalities of such taxing authority, other than those taxes subject to Section 2.1.

“Person” means any individual, partnership, firm, corporation, limited liability company, joint stock company, unincorporated association, joint venture, trust or other entity or enterprise, or any government or political subdivision or agency, department or instrumentality thereof.

“Regulations” means the Treasury Regulations promulgated under the Code.

“Standalone” means, with reference to any Member’s tax items or attributes, such tax items or attributes shall be taken into consideration as though such Member were not a Member of the Consolidated Group.

“Standalone Return Tax Liability” means, in the case of each Member of the Consolidated Group for any Taxable Period of the Consolidated Group, the U.S. federal income tax liability of such Member for such Taxable Period computed on a Standalone basis as though such Member were not a Member of the Consolidated Group, except that in making such computation for any such Taxable Period, such liability shall be determined: (1) to the extent the corporate alternative minimum tax is applicable in a Taxable Period, then on the assumption that the "exemption amount" previously specified in Section 55(d)(2) of the Code which is applicable to such Member for such Taxable Period is zero, and (2) on the further assumption that any tax credit or tax deduction will only be taken into account to the extent allowed on a consolidated basis.

“Taxable Period” shall mean any (i) period of 12 consecutive months or (ii) period of less than 12 consecutive months, for which a Consolidated Return is or will be filed by the Consolidated Group.

Section 1.2 Reference, Etc. The words “*hereof*”, “*herein*” and “*hereafter*” and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement. All terms defined herein in the singular shall have the same meanings in the plural and *vice versa*. All References herein to any Person includes such Person’s successors and assigns. All references herein to Articles and Sections shall, unless the context requires a different construction, be deemed to be references to the Articles and Sections of this Agreement. In this Agreement, unless a clear contrary intention appears the word “*including*” (and with correlative meaning “*include*”) means “including but not limited to”.

## ARTICLE II.

### **Preparation and Filing of Tax Returns; Allocation of Taxes**

#### Section 2.1 Federal Returns.

(a) A Consolidated Return shall be prepared and filed by NiSource for each Taxable Period in respect of which this Agreement is in effect and for which the Consolidated Group is required or permitted to file a consolidated U.S. federal income tax return. NiSource and all its Members shall execute and file such consents, elections and other documents that may be required or appropriate for the proper filing of such returns.

(b) The U.S. federal Consolidated Tax Liability of the Consolidated Group for each Taxable Period of the Consolidated Group shall be borne by the Members in an amount equal to each Member's Standalone Return Tax Liability. If any Member's Standalone Return Tax Liability does not result in a positive tax liability, the amount of such Standalone Return Tax Liability will be treated as zero. The general effect of the foregoing is that each Member will pay its Standalone Return Tax Liability.

(c) The amounts determined for each Member under Section 2.1(b) shall be used in determining the amounts to be paid (as provided in Sections 3.2(a) and 3.4 of this Agreement) by each Member to NiSource with respect to each Member's share of the Consolidated Group's U.S. federal Consolidated Tax Liability.

(d) In the case of any Member whose Standalone Return Tax Liability for such Taxable Period is greater than zero, such Member shall make a payment of its Standalone Return Tax Liability for such Taxable Period to NiSource, pursuant to Section 3.2(a) hereof.

(e) To the extent the Consolidated Group is subject to a limitation on interest deductions under Section 163(j) and corresponding regulations, the tax liability associated with the Consolidated Group's section 163(j) limitation will be allocated among the Members consistent with the principles of Section 2.1(b), and payments associated with such liability shall be required under the principles of Sections 2.1(c) and (d). Similar allocation and payment principles shall be applied to any interest deduction carryforwards that are permitted under Section 163(j) and corresponding regulations.

(f) For purposes of calculating a Member's Standalone net operating loss ("NOL") for any Taxable Period under this Agreement, such NOL shall be determined by taking such Member's NOL determined on a Standalone basis as of the beginning of the Taxable Period (determined by computing NOLs by reference to only such Member's items of income, gain, deduction and loss). To the extent any NOL of the Consolidated Group may be carried back or carried forward, a Member shall be allocated for use by such Member the percentage of such carryback or carryforward, as the case may be, in the amount calculated by dividing such Member's Standalone NOL by the NOL of the Consolidated Group as of the beginning of the Taxable Period. Notwithstanding the language in Section 4.2 herein, each Member's Standalone

NOL as of the relevant effective date of this Agreement shall be equal to the amount allocated to such Member under the 2002 Agreement or 2016 Agreement, as applicable, immediately prior to the time such prior Agreement was superseded.

(g) To the extent of a tax refund, NOL carryback or other adjustment that subsequently reduces a Member's tax liability as calculated under Section 2.1(b), NiSource shall credit such amount to future payments due from the affected Member. To the extent of audits and other upward adjustments in a Member's tax liability as calculated under Section 2.1(b), such Member is required to make a corresponding payment (as provided in Section 3.4 of this Agreement) to NiSource taking into account such adjustments. Any tax carryforward shall be carried forward for use by the respective Member in calculating its Standalone Return Tax Liability in the subsequent year, and no payment shall be made to NiSource by such Member until such carryforward is fully utilized.

## Section 2.2 Other Taxes.

(a) Wherever appropriate, Other Taxes shall be shared among the applicable Members of the Consolidated Group in a manner that is consistent with the method set forth in Section 2.1 hereof, and amounts due to NiSource, with respect to Other Taxes, shall be determined in a manner consistent with Section 2.1. NiSource will prepare and file (or cause to be prepared and filed) all returns of Other Taxes which are required to be filed with respect to the operations of NiSource, the Consolidated Group and its Members (as Members of the Consolidated Group). In the event any taxing authority permits, but does not require, that a consolidated, combined, composite or unitary return be filed for Other Taxes, which return includes both NiSource and a Member, NiSource may elect to file such return and shall have the right to require any Member to be included in such return. NiSource will notify each of its Members included in each Other Return.

(b) Each Member of the Consolidated Group that is included on a return other than pursuant to an Other Return with any other Member of the Consolidated Group shall be solely responsible and obligated to pay the tax liability with respect to such return from its own funds. Such returns shall be prepared and filed by NiSource or the Member included on such Other Return, as determined by NiSource.

(c) If any Member of the Consolidated Group is required to file a consolidated, combined, composite or unitary return for Other Taxes with another Member of the Consolidated Group, but not with NiSource, then NiSource shall be required to prepare and file such tax returns and shall apportion among and, collect and remit from, the applicable Members such Other Taxes in a manner consistent with Section 2.1. If the right to file a consolidated, combined, composite, or unitary return for such Other Taxes is optional, then NiSource shall

decide which of the Members should, to the extent permitted by law, join in filing each such return.

Section 2.3 Member Tax Information. The Members of the Consolidated Group shall submit or make available the tax information requested by the Designated Official of NiSource in the manner and by the date requested, in order to enable the Designated Official to fulfill its rights and obligations pursuant to Article 2 hereof.

### ARTICLE III.

#### **Responsibility for Tax; Intercompany Payments**

Section 3.1 Responsibility. NiSource will be solely responsible for, and will indemnify and hold each Member of the Consolidated Group harmless, to the extent such Member has complied with its rights and obligations hereunder (including its payment obligations under this Article III), with respect to the payment of: (a) the Consolidated Tax Liability for each Taxable Period for which, as determined under Section 2.1 hereof, NiSource did file, elected to file or was required to file a Consolidated Return for U.S. federal income taxes; and (b) any and all Other Taxes for each Taxable Period for which, as determined under Section 2.2 hereof, NiSource did file, elected to file or was required to file any Other Return. No Member shall at any time be required pursuant to this Agreement to remit, as part of any payment that such Member makes pursuant to this Agreement, any amount of penalty or interest that the Consolidated Group may incur for any Taxable Period by reason of NiSource's failure to properly calculate or timely pay any Consolidated Tax Liability of the Consolidated Group for such Taxable Period or to file timely the Consolidated Group's Consolidated Return for any such Taxable Period.

Section 3.2 Federal Tax Payments. (a) With respect to each Consolidated Return Year, the Designated Official of NiSource shall estimate each Member's share of quarterly estimated U.S. federal tax payments to be made for each Consolidated Return Year. In making this determination, NiSource shall elect a reasonable method for determining estimated tax and each Member shall follow that method. At the direction of the Designated Official, such Members will pay to NiSource such estimates not later than the 15<sup>th</sup> day of the 4<sup>th</sup>, 6<sup>th</sup>, 9<sup>th</sup>, and 12<sup>th</sup> months of such Consolidated Return Year, or at such intervals as directed by the Designated Official. The difference between (1) a Member's estimated tax payments used for computation of the quarterly estimated payments and (2) such Member's actual tax liability for any Consolidated Return Year as determined under Section 2.1 hereof, shall be paid to NiSource within sixty (60) days after the filing of the U.S. federal Consolidated Return, or applied as a credit against such Member's next estimated tax payment due under this Section 3.2(a), as the case may be.

(b) NiSource shall have sole authority, to the exclusion of all other Members of the Consolidated Group, to agree to any adjustment proposed by the Internal Revenue Service

or any other taxing authority with respect to any U.S. federal Consolidated Return, including interest or penalties, attributable to any Member of the Consolidated Group during any Consolidated Return Year in which such Member was a Member of the Consolidated Group notwithstanding that such adjustment may increase the amounts payable by Members of the Consolidated Group under this Agreement. In the event of any adjustment to the U.S. federal Consolidated Tax Liability attributable to any Member of the Consolidated Group by reason of an amended return, claim for refund or audit by the Internal Revenue Service or any other taxing authority, the liability of all other Members of the Consolidated Group hereunder shall be redetermined to give effect to such adjustment as if such adjustment had been made as a part of the original computation of such liability, and payment by a Member to NiSource (or credit against such Member's next estimated tax payment due under Section 3.2(a), as the case may be) shall be promptly made (or applied as a credit, as the case may be) after any payments are made to the Internal Revenue Service or any other taxing authority, refund is received or final determination of the matter is made in the case of contested proceedings. In such event, any payments between the parties shall bear interest at the then prevailing rate or rates on deficiencies assessed by the Internal Revenue Service or any other relevant taxing authority, during the period from the due date of such Consolidated Return (determined without regard to extensions of time for the filing thereof) for the Consolidated Return Year to which the adjustments were made to the date of payment.

Section 3.3 Other Tax Payments. Wherever appropriate, payments by a Member with respect to Other Taxes and required estimates thereof shall be calculated and made by such Member in a manner consistent with the method set forth in Section 3.2. The principles set forth in Section 3.2 governing the determination and adjustment of payments as well as the method of payment by such Member with respect to U.S. federal income taxes shall be equally applicable in determining and adjusting the amount of and due date of payments to be made by such Member with respect to Other Taxes and estimates thereof. Wherever appropriate, each Member shall pay, directly to the appropriate taxing authority, all taxes for which such Member is liable and for which no other Member has joint and several liability.

Section 3.4 Payment Mechanics. (a) Any payments to be made by a Member of the Consolidated Group pursuant to this Agreement shall be made by such Member to NiSource by either promptly crediting as an offset against amounts owed to such Member by NiSource or to the extent no amounts are owed to such Member by NiSource, by cash payments to NiSource.

(b) Tax payments by NiSource with respect to any Consolidated Tax Liability shall be paid by NiSource and shall be debited to the Member of the Consolidated Group for their respective shares of such Consolidated Tax Liability as determined pursuant to Articles II and III hereof. Tax refunds received by NiSource with respect to any Consolidated Tax Liability shall be credited by NiSource against the future tax liability of the Member entitled to such tax refund, as determined pursuant to Article II.

(c) NiSource shall be responsible for maintaining the books and records reflecting the intercompany accounts reflecting the amounts owned, collected and paid with respect to taxes pursuant to this Agreement.

(d) NiSource may delegate to other Members of the Consolidated Group responsibilities for the collection and disbursement of funds as required under this Agreement as well as responsibilities for maintaining books and records as required under this Agreement.

**Section 3.5 Departing Members.** In the event that any Member of the Consolidated Group at any time leaves the Consolidated Group and, under any applicable statutory provision or regulation, NiSource shall, to the extent required or permitted by applicable statutory provision or regulation, file the appropriate tax returns with respect to such departing Member or the Consolidated Group, as the case may be, and shall calculate the applicable Consolidated Tax Liability of the Members included in such return in the manner as set forth in this Agreement, in each case as reasonably determined by NiSource. If, under applicable statutory provision or regulation, such departing Member is deemed to take with it all or a portion of any of the tax attributes of the Consolidated Group (including but not limited to NOLs, alternative minimum tax credit carry forwards under Section 53, and other applicable credit carry forwards), then the departing Member shall make a payment to NiSource if such tax attributes of the departing Member differ from the attributes previously allocated to such Member under this Agreement. Such settlement shall consist of payment (1) on a dollar for dollar basis for all differences in credits, and, (2) in the case of NOL differences (or other differences related to other deductions), in a dollar amount computed by reference to the amount of NOL (or other deduction) multiplied by the applicable tax rate relating to such NOL (or other deduction). The settlement payment shall be paid to NiSource within sixty days after the Member leaves the Consolidated Group. The settlement amounts shall be allocated among the remaining Members of the Consolidated Group in proportion to the relative attributes possessed by each Member.

**Section 3.6 Administration.** The provisions of this Agreement shall be administered by the Designated Official of NiSource. The interpretations of this Agreement by the Designated Official of NiSource shall be conclusive.

**Section 3.7 Refunds.** For the avoidance of doubt, NiSource will be entitled to receive any and all federal income tax refunds and will be the owner thereof and not the Members that may have generated losses or other tax attributes giving rise to the refund. NiSource will then treat refunds received according to Article II and Sections 3.2, 3.3, and 3.4(b) of this Agreement.

## **ARTICLE IV.**

### **Miscellaneous Provisions**

Section 4.1 Effect. The provisions hereof shall fix the rights and obligations of the parties as to the matters covered hereby whether or not such are followed for U.S. federal income tax or other purposes by the Consolidated Group, including the computation of earnings and profits for U.S. federal income tax purposes.

Section 4.2 Effective Date. This Agreement shall be effective with respect to all Taxable Periods ending on or after July 1, 2020 for the portion of such Taxable Period beginning on such date, in which any subsidiary of NiSource is a Member of the Consolidated Group for any portion of such Taxable Period, and thereafter the 2002 Agreement and 2016 Agreement shall be deemed to have been superseded and replaced in their entirety by this Agreement. It is the intent of the parties hereto that any payments previously made or received by the Members under the 2002 Agreement or 2016 Agreement shall not be taken into account under this Agreement including for purposes of determining each Member's obligations under this Agreement, and that the rights and obligations of the parties under the 2002 Agreement and 2016 Agreement shall survive only with respect to Taxable Periods or portions thereof ending prior to July 1, 2020, except as otherwise noted in this Agreement. In the event that a party to this Agreement ceases to be a Member of the Consolidated Group, the rights and obligations of such party and each other party to this Agreement shall survive, but only with respect to Taxable Periods including or ending before the date such party ceases to be a Member of the Consolidated Group.

Section 4.3 State Public Utility Commission Requirements. Section 4.3 State Public Utility Commission Requirements. This Agreement shall only be effective once filed with the Massachusetts Department of Public Utilities and the Indiana Utility Regulatory Commission under Indiana Code 8-1-2-49(2) and Indiana Utility Regulatory Commission General Administrative Order 2016-5, and approved by the Virginia State Corporation Commission under Virginia Code Sections 56-76, et seq., and approved by the Pennsylvania Public Utility Commission under 66 Pennsylvania Consolidated Statutes § 2102. Pursuant to Indiana Utility Regulatory Commission General Administrative Order 2016-5, this agreement shall terminate 5 years from the effective date in Section 4.2.

Section 4.4 Notices. Any and all notices, requests or other communications hereunder shall be given in writing (a) if to NiSource to Attention: Vice President, Tax, Facsimile Number 614-460-8415 and (b) if to any other person, at such other address as shall be furnished by such person by like notice to the other parties.

Section 4.5 Expenses. Each party hereto shall pay its own expenses incident to this Agreement and the transactions contemplated hereby, including all legal and accounting fees and disbursements.

Section 4.6 Benefit and Burden. This Agreement shall inure to the benefit of, and shall be binding upon, the parties hereto and their respective successors.

Section 4.7 Amendments and Waiver. No amendment, modification, change or cancellation of this Agreement shall be valid unless the same is in writing and signed by the parties hereto. No waiver of any provision of this Agreement shall be valid unless in writing and signed by the person against whom that waiver is sought to be enforced. The failure of any party at any time to insist upon strict performance of any condition, promise, agreement or understanding set forth herein shall not be construed as a waiver or relinquishment of the right to insist upon strict performance of the same or any other condition, promise, agreement or understanding at the future time.

Section 4.8 Assignments. Neither this Agreement nor any right, interest or obligation hereunder may be assigned by any party hereto and any attempt to do so shall be null and void.

Section 4.9 Tax Reporting. Notwithstanding the terms of this Agreement, earnings and profits of the Consolidated Group shall be allocated to the Members pursuant to the methods under Sections 1.1552-1(a)(2) and 1.1502-33(d)(3) of the Treasury Regulations, and stock basis shall be determined pursuant to Section 1.1502-32 of the Treasury Regulations.

Section 4.10 Severability. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision were omitted.

Section 4.11 Entire Agreement. **THIS AGREEMENT SETS FORTH ALL OF THE PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES AND REPRESENTATIONS AMONG THE PARTIES WITH RESPECT TO THE TRANSACTIONS CONTEMPLATED HEREBY, AND SUPERSEDES ALL PRIOR AGREEMENTS, ARRANGEMENTS AND UNDERSTANDINGS BETWEEN THE PARTIES HERETO, WHETHER WRITTEN, ORAL OR OTHERWISE, THERE ARE NO PROMISES, AGREEMENTS, CONDITIONS, UNDERSTANDINGS, WARRANTIES OR REPRESENTATIONS, ORAL OR WRITTEN, EXPRESS OR IMPLIED, AMONG THE PARTIES EXCEPT AS SET FORTH HEREIN.**

Section 4.12 Applicable Law. **THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF INDIANA.**

Section 4.13 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and together which shall constitute one instrument. The parties hereto specifically recognize that from time to time other corporations may become Members of the Consolidated Group and thereby agree that such new Members may become Members to this Agreement by executing a copy of this Agreement and it will be effective as if all the Members had re-signed.

Section 4.14 Attorneys' Fees. If any Member or former member hereto commences an action against another party to enforce any of the terms, covenants, conditions or provisions of this Agreement, or because of a default by a party under this Agreement, the prevailing party in any such action shall be entitled to recover its costs, expenses and losses, including attorneys' fees, incurred in connection with the prosecution or defense of such action from the losing party.

Section 4.15 No Third Party Rights. Nothing in this Agreement shall be deemed to create any right in any creditor or other person or entity not a party hereto and this Agreement shall not be construed in any respect to be a contract in whole or in part of the benefit of any third party.

Section 4.16 Further Documents. The parties agree to execute any and all documents, and to perform any and all other acts, reasonably necessary to accomplish the purposes of this Agreement.

Section 4.17 Headings and Captions. The headings and captions contained in this Agreement are inserted and included solely for convenience and shall not be considered or given any effect in construing the provisions hereof if any question of intent should arise.

EXECUTED as of the date and year first above written.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.52 C

If a public utility files a tariff, revision or supplement which it is calculated will increase the bills of a customer or a group of customers by an amount, when projected to an annual basis, exceeding 3% of the operating revenues of the utility - subsection (b)(4) divided by the operating revenues of the utility for a 12-month period as defined in subsection (b)(2) - or which it is calculated will increase the bills of 5% or more of the number of customers served by the utility – subsection (b)(3) divided by subsection (a)(2) - it shall submit to the Commission with the tariff, revision, or supplement, in addition to the statements required by subsections (a) and (b), all of the following information:

1. A statement showing the utility's calculation of the rate of return earned in the 12-month period referred to in subsection (b)(2), and the anticipated rate of return to be earned when the tariff, revision, or supplement becomes effective. The rate base used in this calculation shall be supported by summaries of original cost for the rate of return calculation.

Response:

See response to 53.53 I.A.2 at Exhibit No. 8, Page 2.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.52 (c)

If a public utility files a tariff, revision or supplement which it is calculated will increase the bills of a customer or a group of customers by an amount, when projected to an annual basis, exceeding 3% of the operating revenues of the utility - subsection (b)(4) divided by the operating revenues of the utility for a 12-month period as defined in subsection (b)(2) - or which it is calculated will increase the bills of 5% or more of the number of customers served by the utility – subsection (b)(3) divided by subsection (a)(2) - it shall submit to the Commission with the tariff, revision or supplement, in addition to the statements required by subsections (a) and (b), all of the following information:

4. A statement showing the amount of the depreciation reserve, at the date of the balance sheet required by paragraph (2), applicable to the property, summarized as required by paragraph (3).

Response:

Please see Exhibit No. 8, Schedule No. 3.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 I. VALUATION  
A. ALL UTILITIES

8. Provide a description of the trending methodology which was utilized. Identify all indexes which were used (include all back up workpapers) and the reasons particular indexes were chosen. If indexes were spliced, indicate which years were utilized in any splices. If indexes were composited, show all supporting calculations. Include any analysis made to "test" the applicability of any indexes.
- a. Supply a comprehensive statement of any changes made in the selection of trend factors or in the methodology used in the current rate filing compared to the most recent previous rate filing.

Response:

See Pa. B. Doc. No. 81-1842 filed November 27, 1981, changing the Commission's Regulations with respect to the filing of trended original cost measures of value. (Refer to Pennsylvania Bulletin Vol. 11, No. 48, Saturday November 28, 1981, pp. 41 57 - 41 58).

9. Provide an exhibit indicating the spot trended original cost at test year end by vintage by account and include applicable depreciation reserves. Include totals by account for all other trended measures of value.

Response:

See Pa. B. Doc. No. 81-1842 filed November 27, 1981, changing the Commission's Regulations with respect to the filing of trended original cost measures of value. (Refer to Pennsylvania Bulletin Vol. 11, No. 48, Saturday November 28, 1981, pp. 41 57 - 41 58).

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 I. VALUATION  
A. ALL UTILITIES

10. Supply an exhibit indicating the percentages of undepreciated original cost which were trended with the following indexes:
- a. Boeckh
  - b. Handy-Whitman
  - c. Indexes developed from supplier's prices
  - d. Indexes developed from company records and company price histories
  - e. Construction equipment
  - f. Government statistical releases.

Response: See Pa. B. Doc. No. 81-1842 filed November 27, 1981, changing the Commission's Regulations with respect to the filing of trended original cost measures of value. (Refer to Pennsylvania Bulletin Vol. 11, No. 48, Saturday November 28, 1981, pp. 41 57 - 41 58).

11. Provide a table, showing the cumulative *trended depreciated original cost* (at the spot price level) by year of installation for utility plant in service at the end of the test year (depreciable plant only) as claimed in the measures of value, in the following form:
- a. Year Installed
  - b. Trended original cost (at the spot price level) - the total surviving cost associated with each installation year from all plant accounts.
  - c. Trended calculated depreciation reserve - the calculated depreciation reserve associated with each installation year from all plant accounts.
  - d. Depreciated trended original cost - (Column B minus Column C)
  - e. Total - cumulation year by year of the figures from Column D
  - f. Column E divided by the total of the figures in Column D.

Response: See Pa. B. Doc. No. 81-1842 filed November 27, 1981, changing the Commission's Regulations with respect to the filing of trended original cost measures of value. (Refer to Pennsylvania Bulletin Vol. 11, No. 48, Saturday November 28, 1981, pp. 41 57 - 41 58).

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 I. VALUATION  
A. ALL UTILITIES

12. If a claim is made for construction work in progress, include, in the form of an exhibit, the summary page from all work orders, amount expended at the end of the test year and anticipated in-service dates. Indicate if any of the construction work in progress will result in insurance recoveries, reimbursements, or retirements of existing facilities. Describe in exact detail the necessity of each project claimed if not detailed on the summary page from the work order. Include final completion dates and estimated total amounts to be spent on each project.

Response: CPA is not making a claim for construction work in progress as of November 30, 2021. Please see Exhibit No.8, Schedule No.2.

13. If a claim is made for non-revenue producing construction work in progress, include in the form of an exhibit, the summary page from all work orders, amount expended at the end of the test year and anticipated in-service dates. Indicate if any of the construction work in progress will result in insurance recoveries, reimbursements, or retirements of existing facilities. Describe in exact detail the necessity of each project claimed if not detailed on the summary page from the work order. Include final completion date and estimated total amounts to be spent on each project.

Response: CPA is not making a claim for non-revenue producing construction work in progress for the Historic Test Year.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.53 I. VALUATION

A. ALL UTILITIES

14. If a claim is made for plant held for future use, supply the following:
- a. A brief description of the plant or land site and its costs.
  - b. Expected date of use for each item claimed.
  - c. Explanation as to why it is necessary to acquire each item in advance of its date of use.
  - d. Date when each item was acquired.
  - e. Date when each item was placed in plant held for future use.

Response: CPA is not making a claim for plant held for future use for the Historic Test Year.

15. If materials and supplies comprise part of cash working capital claim, attach an exhibit showing the actual book balances for materials and supplies by month for thirteen months prior to the end of the test year. Explain any abrupt changes in monthly balances. (Explain method of determining claim if other than that described above)

Response: There are no expected abrupt changes in monthly balances for the Historic Test Year.

16. If fuel stocks comprise part of the cash working capital claim, provide an exhibit showing the actual book balances (quantity and price) for the fuel inventories by type of fuel for the thirteen months prior to the end of the test year by location, station, etc. (Explain the method of determining claim if other than that described above.)

Response: CPA is not making a claim for fuel stock for the Historic Test Year.

A. ALL UTILITIES

14. Provide schedules and data in support of the following working capital items:
- a. Prepayments - List and Identify all items
  - b. Federal Excise Tax accrued and prepaid
  - c. Federal Income Tax accrued or prepaid
  - d. Pa. State Income Tax accrued or prepaid
  - e. Pa. Gross Receipts Tax accrued or prepaid
  - f. Pa. Capital Stock Tax accrued or prepaid
  - g. Pa. Pub Utility realty Tax accrued or prepaid
  - h. State sales tax accrued or prepaid
  - i. Payroll taxes accrued or prepaid
  - j. Any adjustment related to the above items for ratemaking purposes.

Response:

See Exhibit No.8, Schedule No.4, for cash working capital (lead/lag), Exhibit No.8, Schedule No.6, for prepayments working capital, and Exhibit No.8, Schedule No.7, for Gas Stored Underground working capital.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.52 C 3

3. A summary, by detailed plant accounts, of the book value of the property of the utility at the date of the balance sheet required by paragraph (2).

		As of November 30, 2021

53.53 III BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

15. Supply an Exhibit supporting the claim for working capital requirement based on a lead-lag method.
- a. Pro forma expenses and revenues are to be used in lieu of book data for computing lead-lag days.
  - b. Respondent must either include sales for resale and related expenses in revenues and in expenses or exclude from revenues and expenses. Explain

Response:

Columbia Gas of Pennsylvania, Inc. ("Columbia") is not making a claim for cash working capital. Columbia does not offer wholesale service.

16. Provide detailed calculations showing the derivation of the tax liability offset to gross cash working capital requirements.

Response:

Columbia is not making a claim for cash working capital.

53.53 I. VALUATION

A. ALL UTILITIES

3. Provide a description of the depreciation methods utilized in calculating annual depreciation amounts and depreciation reserves, together with a discussion of factors which were considered in arriving at estimates of service life and dispersion by account. Provide dates of all field inspections and facilities visited.

Response:

The depreciation methods utilized in calculating annual and accrued depreciation are discussed in Exhibit No. 109 in the section titled, "Calculation of Annual and Accrued Depreciation" beginning on page IV-2. The factors considered in arriving at estimates of service life and dispersion by account, begin in the section on page III-2 and the section on page III-8.

Field trips and facilities visited over the years for Columbia Gas of Pennsylvania are presented in Exhibit No. 109, in the section "Field Trips", beginning on page III-2.

4. Set forth, in exhibit form, charts depicting the original and estimated survivor curves and a tabular presentation of the original life table plotted on the chart for each account, where the retirement rate method of analysis is utilized.
  - a. If any utility plant was excluded from the measures of value because it was deemed not to be "used and useful" in the public service; supply a detailed description of each item of property.
  - b. Provide the surviving original cost at test year end by vintage by account and include applicable depreciation reserves and annuities.
    - (i) These calculations should be provided for plant in service as well as other categories of plant, including, but not limited to, contributions in aid of construction, customers' advances for construction, and anticipated retirements associated with any construction work in progress claims (if applicable).

Response:

The charts depicting the original and estimated survivor curves, and a tabular presentation of the original life table plotted on the chart for each account where the retirement rate method of analysis is utilized, is presented in Exhibit No. 109 in the section beginning on page VI-2.

- a. There were no assets deemed not to be "used or useful" in the depreciation study.
- b. The detailed calculations which set forth the surviving original cost as of November 30, 2021, by vintage by account and including applicable depreciation reserves and accruals begin on page II-8.

March 8, 2022

Columbia Gas of Pennsylvania, Inc.  
121 Champion Way, Suite 100  
Canonsburg, PA 15317

Ladies and Gentlemen:

Pursuant to your request, we have determined the annual depreciation accruals applicable to gas plant as of November 30, 2021. Summaries of the original cost, annual accruals and the book depreciation reserve are presented in Tables 1 and 2, beginning on page I-3 of the attached report.

A description of the methods and procedures upon which the study was based is set forth in a companion report, "2022 Depreciation Study - Calculated Annual Depreciation Accruals Related to Gas Plant as of November 30, 2022".

Respectfully submitted,

GANNETT FLEMING VALUATION  
AND RATE CONSULTANTS, LLC

## **PART I. RESULTS OF STUDY**

**COLUMBIA GAS OF PENNSYLVANIA, INC.  
DEPRECIATION STUDY**

**PART I. RESULTS OF STUDY**

**DESCRIPTION OF SUMMARY TABULATIONS**

The results of the depreciation study are summarized in Table 1, which sets forth the calculated annual depreciation related to Gas Plant in Service as of November 30, 2021. Table 2 presents the experienced gross salvage and cost of removal associated with regular retirements during the five-year period, 2016-2020 and the annual amortization of net salvage.

**DETAILED TABULATIONS OF DEPRECIATION CALCULATIONS**

The supporting data for the depreciation calculations are presented in account sequence in the section beginning on II-7. The original cost, calculated accrued depreciation, allocated book reserve, future accruals, remaining life and annual accrual are shown for each vintage of each account or subaccount. The amounts of regular retirements, gross salvage and cost of removal are set forth by account for the years 2016 through 2020, beginning on beginning on pages III-2 through III-6.

53.53 I. VALUATION  
A. ALL UTILITIES

6. Supply a schedule by account and depreciation group showing the survivor curve and annual accrual rate estimated to be appropriate:
- a. For the purposes of this filing.
  - b. For the purposes of the most recent rate increase filing prior to the current proceedings.
    - (i) Supply a comprehensive statement of any changes made in method of depreciation and in the selection of average services lives and dispersion.

Response:

- a. Please refer to pages I-3 through I-5 of the Columbia's historic test year Depreciation Study in Exhibit No.9, Schedule No.1.
- b. Please refer to Exhibit No.9, Schedule No.3, Pages 2 through 4.
- b. (i) The depreciation methods and procedures used in this filing are the same as those used in previous filings. Explanations of the depreciation methods and procedures are presented in Exhibit No. 109.

The estimated survivor curves used in this filing have not changed from those used in the most recent rate filing, R-2021-3024296.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 I. VALUATION  
A. ALL UTILITIES

7. Provide a table, showing the cumulative depreciated original cost by year of installation for utility plant in service at the end of the test year (depreciable plant only) as claimed in the measures of value, in the following form:
- a. Year installed
  - b. Original cost – the total surviving cost associated with each installation year from all plant accounts.
  - c. Calculated depreciation reserve – the calculated depreciation reserve associated with each installation year from all plant accounts.
  - d. Depreciated original cost – (Column B minus Column C).
  - e. Total – cumulation year by year of the figures from Column D.
  - f. Column E divided by the total of the figure in Column D.

Response:

Please reference pages II-3 through II-6 of Columbia's Depreciation Study for the historic test year included in Exhibit No.9, Schedule No.1.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.53 I. VALUATION

A. ALL UTILITIES

17. Regardless of whether a claim for net negative or positive salvage is made, attach an exhibit showing gross salvage, cost of removal, and net salvage for the test year and four previous years by account.

Response:

Please refer to pages III-2 through III-6 of Columbia's historic test year depreciation study is included in Exhibit No.9, Schedule No.1.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

12. Provide a schedule showing residential and commercial heating sales by unit (MCF) per month and degree days for the test year and three preceding twelve month periods.

Response:

See Exhibit No. 10, Schedule No. 1, Pages 2-3 for residential and commercial heating sales by Dth.

(1) Rate test year and Future test year reflecting normal weather based upon the 20 Year (2002-2021) average.

(2) Historic test year.

(3) Actual heating sales, not weather normalized.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

19. Provide growth patterns of usage and customer numbers per rate class, using historical and projected data.

Response:

See Exhibit No. 10, Schedule 2, Pages 2-8.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

22. Provide supporting data detailing curtailment adjustments, procedures and policies.

Response:

No curtailment adjustments have been made to the retail sales volumes for the twelve months ended November 30, 2021 (Historic Test Year), the twelve months ended November 30, 2022 (Future Test Year) or the twelve months ending December 31, 2023 (Fully Projected Future Test Year).

For Columbia's procedures and policies relating to curtailment, please see Tariff section Section 2.3 Gas Emergency Rules and Section 2.4 Emergency Curtailment for Tests or Repair. Please see Exhibit No. 14, Schedule No. 2, for a complete copy of Columbia's tariff.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

38. Identify company's policy with respect to replacing customers lost through attrition.

Response:

Columbia's policy for replacing customers lost through attrition and its policy for new business are essentially identical. Columbia's New Business field team is currently staffed with five Development Managers whose focus is on commercial and industrial projects, as well as residential new construction projects where main is needed. Columbia's New Business team collaborates with internal stakeholders to implement the process of connecting the customers to Columbia's system. Residential customers who wish to convert to natural gas from alternate fuel sources where main is already available are assisted by the New Business team located in Columbus, Ohio. In addition, Columbia uses the annual Dormant Account Survey process as a means of identifying customers who have left the system and targets them for reconnection.

Rules and regulations regarding applicant/new customers are detailed on Page Nos. 38 through 54 of Tariff Gas Pa. P.U.C. No.9 and are included as part of Exhibit 14, Schedule 2, Attachment 1. Page Nos. 38 through 54 of the current Tariff contain rules relevant to applicants and customers, including Application for Service, Customer's Installation, Testing and Inspection of Customer's Service, Credit, Point of Delivery of Gas to Customer, Extensions, Rights of Way, Introduction of Service, Company Equipment on Customer's Premises and Selection of Rate Schedule.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

39. Identify procedures developed to govern relationships between the respondent and potential customers; i.e., basically expansion, alternate energy requirements, availability of supply, availability of distribution facilities, ownership of metering and related facilities.

Response:

The relationship between Columbia Gas of Pennsylvania, Inc. and potential customers is described in its tariff currently on file with the Pennsylvania Public Utility Commission (Commission). Please reference Exhibit No. 14, Schedule No.2.

The availability of gas supply and/or capacity is evaluated for new loads being considered for addition to the distribution system. Key variables include the projected daily maximum and annual usage of the load being evaluated, the character of service being requested (sales service or general distribution service, firm service or interruptible service), the ability to accept such new loads within the constraints of existing distribution facilities and the existing contracts with the companies' interstate pipeline suppliers. Ownership of metering and related facilities is specifically addressed in Section 4 (Customer's Installations - refer to Page Nos. 40-41c) of the Company's tariff currently on file with the Commission.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.53 IV. RATE STRUCTURE

B. GAS UTILITIES

4. Provide an exhibit for each customer classification showing the following data for the test year and the four previous years.
  - a. The maximum coincident peak day demand.
  - b. The maximum coincident three-day peak day demand.
  - c. The average monthly consumption in MCF during the primary heating season (November - March).
  - d. The average monthly consumption in MCF during the non-heating season (April - October).
  - e. The average daily consumption in MCF for each twelve-month period.

Response:

Consistent with the fact that Columbia now bills in therms, the requested information is provided in Dth. Data by customer class is provided in the response to GAS-COS-010.

- a. See Page 2.
- b. See Page 2.
- c. See Exhibit No. 10, Schedule No.2.
- d. See Exhibit No. 10, Schedule No.2.
- e. See Exhibit No. 10, Schedule No.2.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

3. Submit a schedule showing a reconciliation of test year MCF sales and line losses. List all amounts of gas purchased, manufactured and transported.

Response:

See Page 2 attached. Note that the data is presented in DTH. Columbia Gas of PA converted from billing in MCFs to therms effective February 2012, as approved by the Commission at Docket No. R-2010-2215623.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 IV. RATE STRUCTURE  
B. GAS UTILITIES

14. Supply an exhibit showing the gas deliveries to each customer class for the most recent 24 month period. The exhibit should identify the source of the gas, such as "purchased" (pipeline), "production" (includes purchases from local producers), "storage withdrawal", "propane/air", and "unaccounted for".

Response:

See Pages 2 and 3 attached. Note that the data is presented in DTH. Columbia Gas of PA converted from billing in MCFs to therms effective February 2012, as approved by the Commission at Docket No. R-2010-2215623.

Response:

Please see Exhibit 3, Schedule 5.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 IV. RATE STRUCTURE  
B. GAS UTILITIES

1. Provide a Cost of Service Study showing the rate of return under the present and proposed tariffs for all customer classifications. The study should include a summary of the allocated measures of value, operating revenues, operating expenses and net return for each of the customer classifications at original cost and at the 5-year trended original cost.

Response: See Exhibit No. 111, Schedule Nos. 1 through 3

2. Provide a statement of testimony describing the complete methodology of the cost of service study.

Response: See Statement No. 6

3. Provide a complete description and back-up calculations for all allocation factors.

Response: See Statement No. 6 and related attachments.

9. Supply a cost analysis supporting minimum charges for all rate schedules.

Response: See Exhibit No. 111, Schedule No. 2, Pages 14 through 30.

10. Supply a cost analysis supporting demand charges for all tariffs, which contain demand charges.

Response: None of Columbia's tariff rate schedules contain a distribution cost demand charge.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 IV. RATE STRUCTURE  
B. GAS UTILITIES

5. Submit a Bill Frequency Analysis for each rate. The analysis should include the rate schedule and block interval, the number of bills at each interval, the cumulative number of bills at each interval, the Mcf or therms at each interval, the cumulative Mcf or therms at each interval, the accumulation of Mcf or therms passing through each interval, and the revenue at each interval for both the present and the proposed rates. The Analysis should show only those revenues collected from the basic tariff.

Response: Refer to Exhibit No. 103, Schedule No.1 (Revenue @ Current Rates on a Forecast Adjusted Bills and Volume) and Exhibit No. 103, Schedule No. 7, (Revenue @ Proposed Rates Based on Forecast Adjusted Bills and Volume).

7. Supply a graph of present and proposed base rates on hyperbolic cross section paper.

Response: Refer to Exhibit No. 111, Schedule No.5.

12. Supply a tabulation of base rate bills for each rate schedule comparing the existing rates to proposed rates. The tabulation should show the dollar difference and the per cent increase or decrease.

Response: Refer to Exhibit No. 103, Schedule No.8 and Exhibit No. 111, Schedule 6.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

47. Submit a schedule showing rate of return on facilities allocated to serve wholesale customers.

Response:

Columbia Gas of Pennsylvania, Inc. does not offer service to wholesale customers; therefore, no facilities were allocated within the class cost of service studies presented in Exhibit No. 111.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

5. Submit a schedule showing the sources of gas supply associated with annualized DTH sales.

Response:

The following schedule shows the sources of supply used to meet Columbia's sales during the twelve-month period ended November 30, 2021 (Historic Test Year).

	(MDth)
Interstate Pipeline Purchases	41,428
City Gate Purchases	1,650
Local Production	117
Storage	
Withdrawal	21,076
Injection	<u>(23,396)</u>
Net	(2,321)
All Sources	40,874

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

18. If the utility has a Fuel Adjustment Clause:
- a. State the base fuel cost per MCF chargeable against basic customers' rates during the test year. If there was any change in this basic fuel charge during the test year, give details and explanation thereof.
  - b. State the amount in which the fuel adjustment clause cost per MCF exceeds the fuel cost per MCF charged in base rates at the end of the test year.
  - c. If fuel cost deferment is used at the end of the test year, give:
    - (i) The amount of deferred fuel cost contained in the operating statement that was deferred from the 12-month operating period immediately preceding the test year.
    - (ii) The amount of deferred fuel cost that was removed from the test period and deferred to the period immediately following the test year.
  - d. State the amount of Fuel Adjustment Clause revenues credited to the test year operating account.
  - e. State the amount of fuel cost charged to the operating expense account in the test year which is the basis of Fuel Adjustment Clause billings to customers in that year. Provide summary details of this charge.
  - f. From the recorded test year operating account, remove the Fuel Adjustment Clause Revenues. Also remove from the test year recorded operating account the excess of fuel cost over base rate fuel charges, which is the basis for the Fuel Adjustment charges. Explain any differences between FAC Revenues and excess fuel costs. [The above is intended to limit the operating account to existing customers' base rate revenues and expense deductions relative thereto].

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

Response:

- a. Base Cost of Gas - Columbia Gas of Pennsylvania, Inc. files quarterly adjustments in compliance with 52 Pa. Code § 53.64 (i)(5)(iii), which permits gas utilities to update their gas cost recovery rate. During the test year, quarterly filings were made in October 2020, January 2021, April 2021, and October 2021.
- b. Columbia Gas of Pennsylvania, Inc. eliminated the fuel adjustment clause in its 1985 1307(f) proceeding.
- c. (i) During the twelve month period ended November 30, 2020, the revenues exceeded the cost of purchased gas collected in tariff rates by \$5,884,704.  
  
(ii) During the twelve month period ended November 30, 2021, the cost of purchased gas exceeded revenues collected in tariff rates by \$32,468,900.
- d. All purchased gas costs are included in Base Tariff Rates for the twelve months ending November 30, 2021.
- e. The purchased gas cost charged to the operating expense account during the twelve month period ended November 30, 2021 totaled \$174,273,980.
- f. Please refer to Exhibit No.3, Schedule 1 for the adjustment to operating revenue and expense, which is also summarized on Exhibit No.3, Page 10.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

23. Submit a schedule showing fuel cost in excess of base compared to fuel cost recovery for the period two months prior to test year and the test year.

Response:

Period	Excess of Fuel Costs
	\$ 1_/
Oct-20	(4,052,866)
Nov-20	(2,680,478)
Dec-20	(831,741)
Jan-21	7,569,229
Feb-21	7,059,678
Mar-21	7,438,328
Apr-21	1,667,945
May-21	(1,498,973)
Jun-21	(4,239,149)
Jul-21	(6,155,733)
Aug-21	(7,454,801)
Sep-21	(8,220,742)
Oct-21	(13,130,714)
Nov-21	(14,672,316)

1\_/ Please refer to Exhibits No. 1-E, Schedule No. 4, Sheet 1a and 1b and Exhibit 1-A, Schedule 1, Sheet 5 of 6 of Columbia's January 1, 2022 quarterly PGC filing.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

24. Supply a detailed analysis of Purchased Gas for the test year and the twelve month period prior to the test year.

Response: Please see Exhibit No. 12, Schedule 4, pages 2 and 3 of 55.

26. Submit detailed calculations for bulk gas transmission service costs under supply and/or interconnection agreements.

Response: Columbia has no bulk transmission service agreements.

30. Provide a schedule showing suppliers, Mcf purchased, cost (small purchases from independent suppliers may be grouped); emergency purchases, listing same information; curtailments during the year; gas put into and taken out of storage; line loss, and any other gas input or output not in the ordinary course of business.

Response: Please see Exhibit No. 12, Schedule 4, pages 4 through 55. These pages are Exhibit 1-D from Columbia's 2021 1307(f) filing at Docket No. R-2021-3024349.

36. State the amount of gas, in Dth, obtained through various suppliers in past years.

Response: Please see Exhibit No. 12, Schedule No. 4 (30).

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

25. Submit calculations supporting energy cost per MCF and operating ratio used to determine increase in costs other than production to serve additional load.

Response:

For support of energy cost per Dth included in the base cost of gas, refer to Exhibit No. 12, Schedule No. 5 (31), Page 1.

The Company has not adjusted test year operating expenses to serve additional load other than to reflect the base cost of gas applicable to the adjusted sales volumes.

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
E. GAS UTILITIES

31. Provide a schedule showing the determination of the fuel costs included in the base cost of fuel.

Response:

The cost of gas included in the base cost of fuel from October 1, 2020 through December 31, 2020 is detailed on Page 2. During this period, the PGC Rate was \$3.4455 per Dth with an E-Factor of (\$0.0451), which equals a combined Total Rate of \$3.4004 per Dth.

The cost of gas included in the base cost of fuel from January 1, 2021 through September 30, 2021 is detailed on Page 3. During this period, the PGC Rate was \$3.8714 per Dth with an E-Factor of (\$0.0202), which equals a combined Total Rate of \$3.8512 per Dth.

The cost of gas included in the base cost of fuel from October 1, 2021 through December 31, 2021 is detailed on Page 4. During this period, the PGC Rate was \$5.4813 per Dth with an E-Factor of \$0.2467, which equals a combined Total Rate of \$5.7280 per Dth.

Columbia has used its purchased gas cost rates effective January 1, 2022 in determining pro forma revenues and pro forma purchased gas cost expense for the historic and future test years in this case. Please refer to Exhibit No. 3, Schedule No. 1, and Exhibit No. 103, Schedule No. 1.

COLUMBIA GAS OF PENNSYLVANIA, INC.  
53.53 IV. RATE STRUCTURE  
B. GAS UTILITIES

11. Supply the net fuel clause adjustment by month for the test year.

Response:

Columbia Gas of Pennsylvania, Inc. does not have a net fuel clause in its tariff.

COLUMBIA GAS OF PENNSYLVANIA, INC  
SECTION 53.62 RECOVERIES OF FUEL COSTS BY GAS UTILITIES

In addition to information otherwise required to be filed by a jurisdictional natural gas distributor with gross intrastate annual operating revenues in excess of \$40 million seeking a change in its base rates, each gas utility must also file updates to the information required by Section 53.64(b) (relating to filing requirements for natural gas distributors with gross intrastate annual operating revenues in excess of \$40 million). In the case of a gas utility purchasing gas as defined at Section 53.61(a) (relating to purpose) from an affiliated interest, it shall also file updates to the information required at Section 53.65 (relating to special provisions relating to natural gas distributors with gross intrastate annual operating revenues in excess of \$40 million with affiliated interests). These updates shall be made at the time the base rate case under 66 Pa. C.S. Section 1308 (relating to voluntary changes in rates) is originally filed. Deficiencies in filing will be treated as set forth at Section 53.51(c) (relating to general).

---

Columbia Gas of Pennsylvania, Inc. hereby incorporates by reference 1307(f) Case R-2021-3024349 consisting of 15 exhibits filed on March 1, 2021. On April 1, 2021, the Company filed its testimony and additional exhibits.

Copies of this filing can be provided upon request.

See Exhibit No. 12, Schedule No. 8, Pages 2-85 for the filing updates of purchased gas cost and revenues. The October 1, 2021 Quarterly PGC comprises Pages 2-43 with rates effective for October 1, 2021 through December 31, 2021. The January 1, 2022 Quarterly PGC comprises Pages 44-85 with rates effective for January 1, 2022 through March 31, 2022.

Capacity Assignment Factor  
Assignment of FT Only

Purchased Gas Demand Charge (PGDC) Paid By the CHOICE Customer  
Rates Based on Projected Costs For 12 Months Ending September, 2022

\$113,300,251		1. Projected Demand Costs Oct. 2021 through Sept. 2022 (Exh. 1-B, Sch. 1 from Oct. 2021 PGC
(882,614)		1a. Less Purchased Gas Demand Costs Recovered Under Rate SS (Exhibit 1-A, Schedule 1, Sheet 6)
0		1b. Less Purchased Gas Demand Allocated to Rates LTS, STS, SGS-TS, and MLS
7,771,459		1c. Experienced Demand Net Under/(Over) Collection (Exhibit No. 1-E)
<u>\$120,189,096</u>		2. Total Adjusted Demand Costs per 1307(f) Filing (1) + (1a) + (1b) + (1c)
\$120.28	per Dth	3. Unit FT Demand Charge Per Dth of Gulf/TCO/DTI capacity the marketer would pay Gulf and TCO. (Exhibit 1-A, Schedule 3, Sheet 2)
47,066	MMDth	4. Projected Sales & Choice Requirements for 12 billing periods of October, 2021 through September, 2022
47,781	MMDth	5. Projected Sales & Choice Requirements 12 months ended September 2022, including Unaccounted For @ 1.5%
21,755	MMDth	6. Annual Injections and Withdrawals, Normal Weather
1	Dth	7a. Quantity Delivered to the Customer
<u>1.5%</u>		7b. Unaccounted-for & Co. Use Factor from Volume Balancing System
1.0152	Dth	7c. Quantity Delivered to the City Gate. (7a)/(1-7b)
\$2.5537	per Dth	8. Unit Demand Charge: (2) / (4)
\$0.0288		9a. Quarterly Purchased Gas Demand Adjustment (Jan. 1, 2022 Filing, Schedule 1, Sheet 2)
<u>(\$0.4646)</u>		9b. Quarterly Purchased Gas Demand Adjustment (Jan. 1, 2022 Filing, Schedule 1, Sheet 4)
\$2.1179		10. Net Unit Demand Charge (8) + (9a) + (9b)
(\$0.0328)	per Dth	11. OSS and Capacity Release Credit
0.0028	Dth	12. Average Daily FT Delivery: (7c) / 365 days
\$0.3368	per Dth	13. Annual Demand Charge for the Assigned FT Capacity payable to the pipeline(s): (3) X (12)
\$2.2169	per Dth	14. Annual Demand Charge for other capacity that CPA retains (8) - (13)
0.4622	Dth	15. Quantity Injected and Withdrawn to Deliver 1 Dth to the Customer: (6) / (4)
\$0.0069		14a. Injection Charge @ \$0.0150/Dth
\$0.0093		14b. FSS Shrinkage @ 0.622% for gas at \$3.2252/Dth
\$0.0069		14c. Withdrawal Charge @ \$0.0150/Dth
\$0.0069		14d. SST Commodity Charge @ \$0.0150/Dth
<u>\$0.0240</u>		14e. SST retention @ 1.608% for gas at \$3.2252/Dth
<u>\$0.0540</u>	per Dth	16f. Total Annual Variable Storage Costs
\$0.3368	per Dth	17. Credit to Purchased Gas Demand Charge for the CHOICE Customer:
<u>(\$0.0540)</u>	per Dth	17a. For Demand Cost Paid to Pipelines: = (13)
<u>\$0.2828</u>	per Dth	17b. Less Storage Costs: = (16f)
<u>\$0.02828</u>	per Therm	17c. Net Credit: (17a) + (17b)
		17d. Per Therm: (17c)/10 - Capacity Assignment Factor
<u>\$1.8023</u>	per Dth	18. Purchased Gas Demand Charge Paid By the CHOICE Customer: (10)+(11) - (17c)
<u>\$0.18023</u>	per Therm	19. Per Therm: (18)/10

Columbia Gas of Pennsylvania, Inc. (CPA)  
 CPA Capacity Assignment (PCA): Assignment of FT Capacity Only  
 CPA Capacity on TCO and Gulf. Cost of the Capacity Allocated to Marketers.

	<u>TCO</u> FT <u>Capacity</u>	<u>DTI</u> FT <u>Capacity</u>	<u>Total:</u> TCO, Gulf and DTI
1. <u>CPA FT Capacity on TCO, Gulf and DTI</u>			
2. CPA Contract: Dth/d	113,308	5,000 1/	
3. <u>Projected Demand Costs</u>			
4. Annual Demand Cost 2/	\$13,892,319	\$336,327	
4a. Monthly Billing Determinants	113,308	5,000	
4b. Annual Demand Charge (4/ 4a)	\$122.61	\$67.27	
4c. Monthly Demand Charge (4b / number of months)	\$10.218	\$5.606	
<u>Allocation Capacity and Costs.</u>			
5. Retained Volume:	1.0000	1.0000	
6. Number of Months	12	12	
7. Capacity Allocation	0.9577 3/	0.0423 4/	
8. Unit Annual Cost of City Gate Capacity: (4c) x (5) x (6) x (7) \$/Dth	\$117.44	\$2.84	<u><u>\$120.28</u></u>

Notes:

- 1/ Non-storage DTI FT capacity
- 2/ Projected demand costs for the period 12 months ended September, 2021.
- 3/  $113,308 / (113,308 + 5,000) = 0.9577$
- 4/  $5,000 / (113,308 + 5,000) = 0.0423$

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.52

Applicability; public utilities other than canal, turnpike, tunnel, bridge and wharf companies.

- (a) Whenever a public utility, other than a canal, turnpike, tunnel, bridge or wharf company files a tariff, revision or supplement effecting changes in the terms and conditions of service rendered or to be rendered, it shall submit to the Commission, with the tariff, revision or supplement, statements showing all of the following:

- (1) The specific reasons for each change.

Response (Kempic):

The rate changes are being proposed to allow Columbia Gas of Pennsylvania a reasonable opportunity to recover revenue sufficient to cover its operating expenses and increases to rate base and provide a reasonable opportunity to earn a fair rate of return.

- (2) The total number of customers served by the utility.

Response (Kempic): Refer to Exhibit No. 3.

- (3) A calculation of the number of customers, by tariff subdivisions, whose bills will be affected by the change.

Response (Johnson): Refer to Exhibit No.103, Schedule No. 8.

- (4) The effect of the change on the utility's customers.

Response (Johnson): Refer to Exhibit No. 103, Schedule No. 8.

- (5) The direct or indirect effect of the proposed change on the utility's revenue and expenses.

Response (Kempic): Refer to Exhibit Nos. 3 and 4.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.52

- (6) The effect of the change on the service rendered by the utility.

Response (Kempic): Service rendered by the utility will not be impacted by the changes to rates.

- (7) A list of factors considered by the utility in its determination to make the change. The list shall include a comprehensive statement about why these factors were chosen and the relative importance of each. This subsection does not apply to a portion of a tariff change seeking a general rate increase as defined in 66 Pa. C.S. §1308 (relating to voluntary changes in rates).

Response (Kempic): Not Applicable.

- (8) Studies undertaken by the utility in order to draft its proposed change. This paragraph does not apply to a portion of a tariff change seeking a general rate increase as defined in 66 Pa. C.S. §1308.

Response (Kempic): Not Applicable.

- (9) Customer polls taken and other documents which indicate customer acceptance and desire for the proposed change. If the poll or other documents reveal discernible public opposition, an explanation of why the change is in the public interest shall be provided

Response (Kempic): No customer polls were taken to indicate customer acceptance and desire for the proposed rate changes.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.52

- (10) Plans the utility has for introducing or implementing the changes with respect to its ratepayers.

Response (Kempic): Columbia will notify its ratepayers of the proposed changes through a bill insert in compliance with the Commission's Regulations (Pa Code Section 53.45).

- (11) F.C.C., F.E.R.C. or Commission orders or rulings applicable to the filing.

Response (Kempic): There are no orders or rulings that directly apply to this change.

- (b) Whenever a public utility, other than a canal, turnpike, tunnel, bridge or wharf company files a tariff, revision, or supplement which will increase or decrease the bills to its customers, it shall submit in addition to the requirements of subsection (a), to the Commission, with the tariff, revision or supplement, statements showing all of the following:

- (1) The specific reason for each increase or decrease.

Response (Kempic): The rate changes are being proposed to allow Columbia Gas of Pennsylvania a reasonable opportunity to recover revenue sufficient to cover its operating expenses and increases to rate base and provide a reasonable opportunity to earn a fair rate of return.

COLUMBIA GAS OF PENNSYLVANIA, INC.

53.52

- (2) The operating income statement of the utility for a 12-month period, the end of which may not be more than 120 days prior to the filing.

Response (Kempic): Refer to Exhibit No.2.

- (3) A calculation of the number of customers, by tariff subdivision, whose bills will be increased.

Response (Johnson): Refer to Exhibit No. 103, Schedule No. 8.

- (4) A calculation of the total increase, in dollars, by tariff subdivision, projected to an annual basis.

Response (Johnson): Refer to Exhibit No. 103, Schedule No. 8.

- (5) A calculation of the number of customers, by tariff subdivision, whose bills will be decreased.

Response (Johnson): Refer to Exhibit No.103, Schedule No. 8.

- (6) A calculation of the total decreases, in dollars, by tariff subdivision, projected to an annual basis.

Response (Johnson): Refer to Exhibit No.103, Schedule No. 8.

COLUMBIA GAS OF PENNSYLVANIA, INC

53.52(c)2	A detailed balance sheet of the utility as of the close of the period referred to in subsection (b)(2).	1	1	101		Miller
53.52(c)3	A summary, by detailed plant accounts, of the book value of the property of the utility at the date of the balance sheet required by paragraph (2).	8	1, 2	108		Covert
53.52(c)4	A statement showing the amount of the depreciation reserve, at the date of the balance sheet required by paragraph (2), applicable to the property, summarized as required by paragraph (3).	8	3	108	3	Covert
53.52(c)5	A statement of operating income, setting forth the operating revenues and expenses by detailed accounts for the 12-month period ending on the balance sheet required by paragraph (2).	2	1	102	1	Miller
53.52(c)6	A brief description of a major change in the operating or financial condition of the utility occurring between the date of the balance sheet required by paragraph (2) and the date of transmittal of the tariff, revision or supplement. As used on this paragraph, a major change is one which materially alters the operating or financial condition of the utility from that reflected in paragraphs (1) - (5).	1	2	101		Miller
53.53 I A	<b>53.53 I. VALUATION</b> <b>A. ALL UTILITIES</b>					
53.53.I.A.1	Provide a corporate history (include the dates of original incorporation, subsequent mergers and/or acquisitions). Indicate all countries and cities and other governmental subdivisions to which service is provided (including service areas outside the state), and the total population in the area served.	15	1	115		Danhires

Columbia Gas of Pennsylvania, Inc.  
Docket No. R-2022-3031211  
Referenced by Commission Regulations

Commission Regulation Number	Commission Regulation	Historic Test Year Twelve Months Ended <u>November 30, 2020</u>		Fully Projected Future Test Year Twelve Months Ended <u>December 31, 2022</u>		Witness
		<u>Exhibit</u>	<u>Schedule</u>	<u>Exhibit</u>	<u>Schedule</u>	
53-53.I.A.2	Provide a schedule showing the measures of value and the rates of return at the original cost and trended original cost measures of value at the spot, three-year and five-year average price levels. All claims made on this exhibit should be cross-referenced to appropriate exhibits. Provide a schedule similar to the one listed above, reflecting respondent's final claim in its previous rate case.	8		108		Covert
53-53.I.A.3	Provide a description of the depreciation methods utilized in calculating annual depreciation amounts and depreciation reserves, together with a discussion of all factors which were considered in arriving at estimates of service life and dispersion by account. Provide dates of all field inspections and facilities visited.	9	1	109	1	Spanos
53-53.I.A.4	Set forth, in exhibit form, charts depicting the original and estimated survivor curves and a tabular presentation of the original life table plotted on the chart for each account where the retirement rate method of analysis is utilized. a. If any utility plant was excluded from the measures of value because it was deemed not to be "used and useful" in the public service, supply a detailed description of each item of property. b. Provide the surviving original cost at test year end by vintage by account and include applicable depreciation reserves and annuities. (i) These calculations should be provided for plant in service as well as other categories of plant, including, but not limited, to contributions in aid of construction, customer's advances for construction, and anticipated retirements associated with any construction work in progress claims (if Applicable)	9	1	109	1	Spanos
53-53.I.A.5	Provide a comparison of respondent's calculated depreciation reserve vs. book reserve by account at the end of the test year.	9	2	109	2	Spanos
53-53.I.A.6	Supply a schedule by account and depreciable group showing the survivor curve and annual accrual rate estimated to be appropriate: a. For the purposes of this filing. b. For the purposes of the most recent rate increase filing prior to the current proceedings. (i) Supply a comprehensive statement of any changes made in method of depreciation and in the selection of average service lives and dispersion.	9	3	109	3	Spanos
53-53.I.A.7	Provide a table, showing the cumulative depreciated original cost by year of installation for utility plant in service at the end of the test year (depreciable plant only) as claimed in the measures of value, in the following form: a. Year installed. b. Original cost - the total surviving cost associated with each installation year from all plant accounts.	9	4	109	4	Spanos

53-53.III.A62	Provide the accelerated tax depreciation and the book depreciation used to calculate test year deferrals in amounts segregated as follows: For: a. Property installed prior to 1970. b. Property installed subsequent to 1969 (indicate increasing capacity additions and no increasing capacity additions).	7		107		Harding
53-53.III.A63	State whether all tax savings due to accelerated depreciation on property installed prior to 1970 have been passed through to income. (If not, explain).	7		107		Harding
53-53.III.A64	Show any income tax loss/gain carryovers from previous years that may effect test year income taxes or future year income taxes. Show loss/gain carryovers by years of origin and amounts remaining by years at the end of the test year.	7		107		Harding
53-53.III.A65	State whether the company eliminates any tax savings by the payment of actual interest on construction work in progress not in rate base claim. If response is affirmative: a. Set forth amount of construction claimed in this tax savings reduction. Explain the basis for this amount. b. Explain the manner in which the debt portion of this construction is determined for purposes of the deferral calculations. c. State the interest rate used to calculate interest on this construction debt portion, and the manner in which it is derived. d. Provide details of calculation to determine tax saving reduction. State whether state taxes are increased to reflect the construction interest elimination.	7		107		Harding
53-53.III.A66	Provide a detailed analysis of Taxes Accrued per books as of the test year date. Also supply the basis for the accrual and the amount of taxes accrued monthly.	7		107		Harding
53-53.III.A67	For the test year as recorded on test year operating statement: a. Supply the amount of federal income taxes actually paid. b. Supply the amount of the federal income tax normalizing charge to tax expense due to excess of accelerated tax depreciation over book depreciation. c. Supply the normalizing tax charge to federal income taxes for the 10% Job Development Credit during test year. d. Provide the amount of the credit of federal income taxes due to the amortization or normalizing yearly debit to the reserve for the 10% Job Development Credit. e. Provide the amount of the credit to federal income taxes for the normalizing of any 3% Investment Tax Credit Reserve that may remain on the utility books.	7		107		Harding
53-53.III.A68	Provide the debit and credit in the test year to the Deferred Taxes due to Accelerated Depreciation for federal income tax, and provide the debit and credit for the Job Development Credits (whatever account) for test year.	7		107		Harding

53-53.IV.B.1	Provide a Cost of Service Study showing the rate of return under the present and proposed tariffs for all customer classifications. The study should include a summary of the allocated measures of value, operating revenues, operating expenses and net return for each of the customer classifications at original cost and at the 5-year trended original cost.	11		111	1 - 3	Johnson
53-53.IV.B.2	Provide a statement of testimony describing the complete methodology of the cost of service study.	11		111		Johnson
53-53.IV.B.3	Provide a complete description and back-up calculations for all allocation factors.	11		111	4	Johnson
53-53.IV.B.4	Provide an exhibit for each customer classification showing the following data for the test year and the four previous years: a. The maximum coincident peak day demand. b. The maximum coincident 3-day peak day demand. c. The average monthly consumption in Mcf during the Primary Heating Season (November-March).  d. The average monthly consumption in Mcf during the Non-heating season (April-October). e. The average daily consumption in Mcf for each 12-month period	10	5	110	5	Bartos
53-53.IV.B.5	Submit a Bill Frequency Analysis for each rate. The analysis should include the rate schedule and block interval, the number of bills at each interval, the cumulative number of bills at each interval, the Mcf or therms at each interval, the cumulative Mcf or therms at each interval, the accumulation of Mcf or therms passing through each interval, and the revenue at each interval for both the present rate and the proposed rates. The analysis should show only those revenues collected from the basic tariff	11		111		Siegler
53-53.IV.B.6	Supply copies of all present and proposed Gas Tariffs.	14	2	114	1	Danhires
53-53.IV.B.7	Supply a graph of present and proposed base rates on hyperbolic cross section paper.	11		111	5	Siegler

Columbia Gas of Pennsylvania, Inc.  
Docket No. R-2022-3031211  
Referenced by Commission Regulations

Commission Regulation Number	Commission Regulation	Historic Test Year Twelve Months Ended <u>November 30, 2020</u>		Fully Projected Future Test Year Twelve Months Ended <u>December 31, 2022</u>		Witness
		<u>Exhibit</u>	<u>Schedule</u>	<u>Exhibit</u>	<u>Schedule</u>	
53-53-IV.B.8	Supply a map showing the Gas System Facilities and Gas Service Areas. The map should include transmission lines, distribution lines, other companies' lines interconnecting with the interconnecting points clearly designated, major compressor stations, gas storage and gas storage lines. The normal direction of gas flow within the transmission system should be indicated by arrows. Separate service areas within the system should be clearly designated.	15	2	115		Danhires
53-53-IV.B.9	Supply a cost analysis supporting minimum charges for all rate schedules.	11		111	2 - 3	Johnson
53-53-IV.B.10	Supply a cost analysis supporting demand charges for all tariffs which contain demand charges.	11		111		Johnson
53-53-IV.B.11	Supply the net fuel clause adjustment by month for the test year.	12	6	112	2	Siegler
53-53-IV.B.12	Supply a tabulation of base rate bills for each rate schedule comparing the existing rates to proposed rates. The tabulation should show the dollar difference and the per cent increase or decrease.	11		111	6	Siegler
53-53-IV.B.13	Submit the projected demands for all customer classes for both purchased and produced gas for the three years following the test year filing.	10	6	110	6	Bartos
53-53-IV.B.14	Supply an exhibit showing the gas deliveries to each customer class for the most recent 24 month period. The exhibit should identify the source of the gas, such as "purchased" (pipeline), "production" (include purchases from local producers), "storage withdrawal", "propane/air", and "unaccounted for".	10	7	110	7	Siegler
<b>53.62</b>	<b>53.62 RECOVERY OF FUEL COSTS BY GAS UTILITIES</b> In addition to information otherwise required to be filed by a jurisdictional natural gas distributor with gross intrastate annual operating revenues in excess of \$40 million seeking a change in its base rates, each gas utility must also file updates to the information required by &53.64(c) (relating to filing requirements for natural gas distributors with gross intrastate annual operating revenues in excess of \$40 million). In the case of a utility purchasing gas as defined at &53.61 (a) (relating to purpose) from an affiliated interest, it shall also file updates to the information required at &53.65 (relating to special provisions relating to natural gas distributors with gross interstate annual operating revenues in excess of \$40 million with affiliated interests). These updates shall be made at the time the base rate case under 66 Pa.C.S. 1308 (relating to voluntary changes in rates) is originally filed. Deficiencies in filing will be treated as set forth at &53.51 (c) (relating to general).

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

40. Adjustments which are estimated shall be fully supported by basic information reasonably necessary.

Response: All adjustments made were based on annualizing and normalizing the 12 months ended November 30, 2021. The derivation and support behind the adjustments are shown on the following exhibits:

Exhibit No. 2	Income Statement
Exhibit No. 3	Revenues
Exhibit No. 4	Expenses
Exhibit No. 5	Depreciation
Exhibit No. 6	Taxes Other Than Income Taxes
Exhibit No. 7	Income Taxes
Exhibit No. 8	Measures of Value

41. Submit a statement explaining the derivation of the amounts used for projecting future test year level of operations and submit appropriate schedules supporting the projected test year level of operations.

Response: Exhibits explaining the derivation of the amounts used for projecting a future test year (12 months ending November 30, 2022) and a fully projected future test year (12 months ended December 31, 2023) are:

Exhibit No. 102	Income Statement
Exhibit No. 103	Revenues
Exhibit No. 104	Expenses
Exhibit No. 105	Depreciation
Exhibit No. 106	Taxes Other Than Income Taxes
Exhibit No. 107	Income Taxes
Exhibit No. 108	Measures of Value

COLUMBIA GAS OF PENNSYLVANIA, INC  
53.53 III. BALANCE SHEET AND OPERATING STATEMENT  
A. ALL UTILITIES

44. Ratios, percentages, allocations and averages used in adjustments must be fully supported and identified as to source.

Response: When allocation factors are used, they are identified on the appropriate exhibit.

45. Provide an explanation of any differences between the basis or procedure used in allocations of revenues, expenses, depreciation and taxes in the current rate case and that used in the prior rate case.

Response: There are no differences.

46. Supply a copy of internal and independent audit reports of the test year and prior calendar year, noting any exceptions and recommendations and disposition thereof.

Response: Please see Exhibit 13, Schedule 4 Attachment A for copies of internal audits. There were no independent audit reports performed specifically for Columbia Gas of Pennsylvania during the test year and prior calendar year.

# 2019 Emergency Preparedness and Response Plan Audit - NiSource

February 24, 2020

To: Don Eckstein, Senior VP Gas Operations Support  
Pat Gyure, Director Corporate Compliance & Business Continuity

From: Natalie Ladd, Lead Auditor  
Lin Koh, Director of Internal Audit

## Executive Summary

Internal Audit performed a review over the new gas segment Emergency Preparedness and Response Plan (EPRP) created in 2019. The EPRP focuses on the gas segment and integrates the Incident Command System (ICS) as a standardized approach to command, control, and coordination of emergency response. Internal Audit evaluated the communication and training of the EPRP to management and employees. Internal Audit also assessed the adequacy of plan administration and reviewed how the EPRP integrates into the Corporate Crisis Management Plan (CCMP). The electric segment has a Storm Management Emergency Response Plan, which is out of scope for this audit. The audit period for review was January 1, 2019 through December 31, 2019.

Based on procedures performed, Internal Audit noted the following findings:

- *Moderate Risk Findings*
  - Vacant ICS roles with no identified backup or only 1 identified backup exists.
  - While general ICS training has occurred, position specific training and practical exercises have not occurred for individuals with roles below the Command and General Staff leadership level or for front line leaders/supervisors and a plan has not yet been established to train these levels.
  - Some Command and General Staff leaders have incomplete training.
  - Key actions resulting from After Action Reviews are not clearly prioritized, assigned, and tracked. A process for communicating lessons learned to incident/training participants has not been established.
  
- *Low Risk Findings*
  - Training has not yet exercised emergency response using ICS at LNG or Underground Gas Storage facilities.
  - The process for updating, tracking, and communicating ICS roles is not documented.

*This audit conforms with the International Standards for the Professional Practice of Internal Auditing. A summary, along with detailed observations, will be provided to the Audit Committee.*

# Background

## Emergency Preparedness & Response Plan

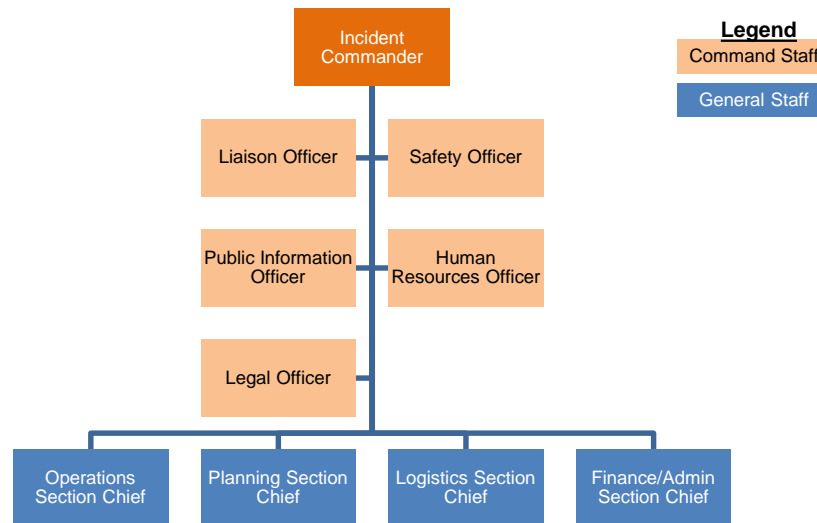

The Emergency Preparedness and Response (EP&R) team was formed in early 2019 to address and enhance NiSource's emergency response to gas incidents. The team created a new Emergency Preparedness and Response Plan (EPRP) to provide a framework for system-wide management of NiSource's response to gas related incidents. The plan was finalized in Q3 2019 and the beginning roll out of the plan, including role assignment and training, occurred in Q3 and Q4 2019. One of the guiding principles of the plan is to "collect feedback and measure our performance to ensure continuous improvement and the effectiveness of our processes."

## Incident Command System (ICS)

The EPRP framework is based on the Incident Command System (ICS), an established management system designed to enable effective and efficient incident management by integrating a combination of facilities, equipment, personnel, procedures, and communications operating within a common organizational structure. ICS is flexible and scalable, and can be used for incidents of any type, scope, or complexity.

## ICS Organizational Structure and Roles

The ICS is organized around functional areas, each led by a Section Chief or Officer who reports directly to the Incident Commander. Each area has a structure of roles that serve a specific function and can either be sourced through internal or external resources. Each Section Chief or Officer has the responsibility of activating roles within their functional area. The EP&R team manages the assignment and training of ICS roles. Refer to the figure below for a high level view of the functional areas:

# Background

## Emergency Preparedness & Response Training

The EP&R team created a multi-year training and exercise framework to educate employees on the EPRP and ICS principles. Training in 2019 was organized in the following way:

All Employees	Anyone with an ICS Role	Command & General Staff		EP&R "Go Team"
~8,000 PEOPLE	~2,000 PEOPLE	~200 PEOPLE	Level 1 & 2 Tabletop Exercise (Columbus, OH)	20 PEOPLE
NiSource GAS SEGMENT EP&R FOUNDATIONS (LMS)	IS-100.C Introduction to the Incident Command System (FEMA)  IS-200.C Basic Incident Command System for Initial Response (FEMA)  IS-700.C Introduction to the National Incident Management System (FEMA)  OVERVIEW OF THE GAS SEGMENT ICS (LMS)	POSITION-SPECIFIC SELF-STUDY + Performance Support Knowledge Center  POSITION-SPECIFIC COACHING  ICS TRAINING SCENARIO (In Person)		IC-800.C National Response Framework (FEMA)  ICS-300 Intermediate Incident Command System for Expanding Incidents (FEMA)
Q3 2019	Q3 2019	Q3-Q4 2019	Q4 2019	Q4 2019

## Third-Party Evaluation of the Training and Exercise Program

In late 2019, NiSource engaged Nixon & Associates to offer benchmarking and evaluation services related to the Training and Exercise program. Nixon & Associates provided the EP&R team with a written report evaluating NiSource's emergency preparedness and response program and specific observations from the December 9 Tabletop Exercise. The final section of this report includes recommendations for the company to consider as its emergency planning process moves forward.

# Background

## Corporate Crisis Management Plan

In 2019, NiSource also enhanced its corporate crisis response efforts by revising the NiSource Corporate Crisis Management Plan (CCMP). The CCMP defines a corporate crisis as any Level 1 or Level 2 incident, as defined by the NiSource Gas EPRP (see Appendix B). Once a corporate crisis has been determined, a Crisis Commander is named and a Crisis Management Team (CMT) is formed. For a gas operations related corporate crisis, the day-to-day responsibility for crisis management response is delegated to Incident Command and the Gas EPRP, while the Crisis Commander and CMT provide strategic direction and communicate with the Board of Directors and high-level elected and agency officials. The CCMP integrates the EPRP into the plan and clearly defines when a Gas Operations incident is deemed a Corporate Crisis. In addition, the role of the Crisis Management Team (CMT) is clearly defined for Gas Operations Incidents that are deemed a Corporate Crisis.

# Audit Scope and Approach

The audit procedures are aligned as follows:

<b>Objective 1:</b> Assess whether the EPRP is communicated to management and employees.		
#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Evaluate whether identified ICS roles were communicated to specific individuals.	<b>Finding #1 – See Page 7</b>
2	Review whether individuals with ICS roles were trained over the plan.	<b>Finding #2 – See Page 8-9</b>
		<b>Finding #3 – See Page 10-11</b>
		<b>Finding #4 – See Page 12</b>
3	Review the protocols in place for identifying and capturing ICS role changes.	<b>Finding #5 – See Page 13</b>
<b>Objective 2:</b> Assess the adequacy of the EPRP administration and ownership.		
1	Observe EPRP drills and tabletop exercises and evaluate how lessons learned are incorporated into after action plans.	<b>Finding #6- See Page 14 (Refer to Appendix B)</b>
2	Review the process for capturing and integrating lessons learned after an emergency event.	<b>Finding #6 – See Page 14</b>
3	Review the protocols in place for plan revisions and updates.	<b>No Findings Noted</b>
<b>Objective 3:</b> Review how the EPRP is integrated into the CCMP.		
1	Evaluate whether clear lines of communication exist between the gas segment EPRP and Executive Management.	<b>No Findings Noted</b>
2	Review whether role alignment exists among the gas segment EPRP, the CCMP, and the Gas Emergency manual.	<b>No Findings Noted</b>

# Findings

<p><b>Audit Objective #1, Procedure #1:</b> Evaluate whether identified ICS roles were communicated to specific individuals.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> 28 ICS roles (94 total designees) across NiSource are either 1) vacant with no identified backups or 2) only 1 designee was identified with no identified backup as of 12/13/2019.</p> <p>Note: These vacancies do not include any Command or General Staff leadership roles (Officers and Section Chiefs); rather, these roles are at deeper levels in the ICS.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support  <b>Executive Council Member Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b>  <b>12/31/2020</b></p>
<p><b>Observation</b></p> <p><b>Criteria:</b> Qualified personnel are appointed to serve in ICS roles and backups have been identified for each role.  <b>Condition:</b> Vacant ICS roles with no identified backup or only 1 identified backup exists.  <b>Risk/Impact:</b> Vacant ICS roles may prohibit efficient and effective emergency response.</p>	
<p><b>Recommendation</b></p> <p>Management should work to identify individuals to fill vacancies and provide them with training. If a pool of candidates will be used to fill vacancies, management should have a plan for identifying, training, and activating pool candidates.</p>	
<p><b>Management Response</b></p> <p>This is a valid concern, and one that has been identified as a high priority for 2020. Currently we have filled 82% of ICS positions. Our target goal for 2020 is to fill 90% of our ICS positions. Our stretch goal is to fill 100% of our ICS positions, although we recognize that will remain an ongoing challenge because of turnover in the organization and ongoing training needs. We receive a monthly extract from NiSource’s Human Resources department, which our team uses to make changes based on movement of people to other departments or leaving the company. Some roles were left vacant because we do not have equivalent positions or skillsets at NiSource, and we are creating new training by the end of 2020 for those vacant roles.</p>	

# Findings

<p><b>Audit Objective #1, Procedure #2:</b> Review whether individuals with ICS roles were trained over the plan.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #2:</b> Position specific training and practical ICS scenario training/exercises have not occurred for individuals with ICS roles below the Command and General Staff leadership level. In addition, limited training over ICS concepts and the EPRP has occurred for front line leaders/supervisors who play a role in responding to gas emergencies, but are not a part of the ICS structure. A plan has not yet been established to train these levels. Training of the EPRP has been focused at the Command and General Staff leadership level.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support  <b>Executive Council Member Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b>          12/31/2020</p>
<p><b>Observation</b></p> <p><b>Criteria:</b> Employees with ICS roles are trained and exercised in their assigned emergency roles.</p> <p><b>Condition:</b> While general ICS training has occurred, position specific training and practical exercises have not occurred for individuals with roles below the Command and General Staff leadership level or for front line leaders/supervisors and a plan has not yet been established to train these levels.</p> <p><b>Risk/Impact:</b> A lack of position specific and practical exercises for individuals below the Command and General Staff may prohibit efficient and effective emergency response.</p>	
<p><b>Recommendation</b></p> <p>Management should create a plan to provide training over ICS concepts, individual positions, and practical exercises for individuals with ICS roles below the Command and General Staff leadership levels. Management should determine how front line leaders/supervisors will be trained over ICS concepts and emergency response at NiSource.</p>	
<p><b>Management Response</b></p> <p>Refer to slide 9 for the Management Response to Finding #2.</p>	

# Findings

<b>Audit Objective #1, Procedure #2:</b> Review whether individuals with ICS roles were trained over the plan.	<b>Risk Rating</b>
<b>Finding #2 (Continued)</b>	<b>Moderate</b>
<b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support <b>Executive Council Member Responsible:</b> Pablo Vegas, EVP & President Gas Utilities	<b>Target Remediation Date:</b> 12/31/2020

## Management Response

We created a tiered strategy for building ICS capabilities across the NiSource Gas Segment. The first tier of training focused on the Command and General Staff positions because of the critical need of a clear leadership structure during incident response.

Position specific training below the Command and General Staff is currently under development for roles that do not align with existing jobs at NiSource, and is scheduled to be delivered by the end of 2020. These ICS positions represent the next tier of roles that are critical to ensuring a well-organized, effective and efficient incident response. We are currently working with our training department to develop resources, such as position-specific workbooks and Learning Management System modules that will be assigned to those in this next wave of training.

It is important to recognize that numerous ICS roles do not require position-specific training because their day-to-day job aligns with their Incident Command System (ICS) role. Examples of these roles include Safety Branch Director, Work Planning and Prioritization Branch Director, Regulatory & Governmental Affairs Branch Director, Customer Care Center Branch Director, Corporate Security Branch Director, and Insurance and Claims Branch Director. While these roles do not require position-specific training the individuals identified for these roles have completed two LMS modules as well as the EPRP attestation.

All front line leaders/workers have completed the NiSource EP&R Foundations LMS module. We are currently developing additional training specifically for Operations Center Managers, Front Line Leaders and Front Line Workers in 2020. This training includes a field oriented LMS module to build greater awareness and understanding of the Gas Segment ICS, and a quarterly LMS module for reinforcing incident classification.

Tabletop exercises in each state, scheduled for Q1 2020, will involve participation from some positions below the Command and General Staff level to strengthen ICS capabilities. During the third quarter of 2020, we expect to conduct a functional exercise to simulate a severe or catastrophic incident, which will involve positions below the Command and General Staff, as well as external stakeholders.

# Findings

<p><b>Audit Objective #1, Procedure #2:</b> Review whether individuals with ICS roles were trained over the plan.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #3:</b> Some Command and General Staff leaders have incomplete Emergency Preparedness and Response training as of 12/13/2019. Out of 165 individuals assigned to Command and General Staff leadership roles:</p> <ul style="list-style-type: none"> <li>• 13 have incomplete FEMA training.</li> <li>• 17 did not complete a Coaching Session.</li> <li>• 25 did not participate in a Training Scenario.</li> </ul>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support  <b>Executive Council Member Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b>  <b>12/31/2020</b></p>
<p><b>Observation</b></p> <p><b>Criteria:</b> Command and General Staff leaders are trained and exercised in their assigned emergency roles.</p> <p><b>Condition:</b> Some Command and General Staff leaders have incomplete training.</p> <p><b>Risk/Impact:</b> Command and General Staff leaders with incomplete training may not efficiently or effectively lead emergency response efforts.</p>	
<p><b>Recommendation</b></p> <p>Management should work with Command and General Staff leaders and ensure they complete their required training (FEMA, Coaching Session, Training Scenarios). Management should determine the period of time newly appointed Command and General Staff leaders can complete ICS training.</p>	
<p><b>Management Response</b></p> <p>Refer to slide 11 for the Management Response to Finding #3.</p>	

# Findings

<b>Audit Objective #1, Procedure #2:</b> Review whether individuals with ICS roles were trained over the plan.	<b>Risk Rating</b>
<b>Finding #3 (Continued)</b>	<b>Moderate</b>
<b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support <b>Executive Council Member Responsible:</b> Pablo Vegas, EVP & President Gas Utilities	<b>Target Remediation Date:</b>
	<b>12/31/2020</b>
<p><b><u>Management Response</u></b></p> <p>We regularly track who has completed all of the required training, using a weekly automated report from the LMS Training team. The EP&amp;R team sends reminder e-mails to individuals who are past due on the training, and will escalate the reminders to their supervisors as needed. Only five employees with Command &amp; General Staff roles have incomplete LMS training, and a reminder email was sent by the Senior VP of Gas Operations Support to those employees on 02/06/20.</p> <p>As of 02/07/2020, there are 21 people who currently need to attend their respective Command &amp; General Staff “Coaching Session.” Of these 21, a total of 13 missed the earlier sessions, while eight others have been added to the ICS Roster since the beginning of 2020. In all cases, we will schedule make-up sessions for these employees in the coming weeks/months.</p> <p>As of 02/07/2020, 32 employees currently need to attend the ICS Scenario Training. Twenty four of these employees missed the earlier sessions, while eight others have been added to the ICS Roster since the beginning of 2020. In all cases, we will schedule make-up sessions for these employees in the coming weeks/months.</p>	

# Findings

<p><b>Audit Objective #1 , Procedure #2:</b> Review whether individuals with ICS roles were trained over the plan.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #4:</b> ICS training has not yet specifically exercised emergency response using ICS at LNG or Underground Gas Storage facilities. Potential incidents at these facilities would be covered by the EPRP; however, specific training over responding to incidents using ICS has not been exercised.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s): Don Eckstein, SVP Gas Operations Support</b></p>	
<p><b>Observation</b></p> <p><b>Criteria:</b> Employees with ICS roles are trained and exercised on their assigned emergency roles during a gas emergency.</p> <p><b>Condition:</b> Training has not yet exercised emergency response using ICS at LNG or Underground Gas Storage facilities.</p> <p><b>Risk/Impact:</b> Lack of specific exercises at LNG or Underground Gas Storage could lead to inefficient or ineffective emergency response for gas emergencies occurring at these facilities.</p>	
<p><b>Recommendation</b></p> <p>As the EPRP training and exercises plan continues to be executed, management should work to incorporate LNG and Underground Gas Storage facilities into practical emergency response training.</p>	
<p><b>Management Response</b></p> <p>We are aware of this situation and plan to incorporate an LNG plant and/or Underground Gas Storage facility into future exercises.</p>	

# Findings

<p><b>Audit Objective #1 , Procedure #3:</b> Review the protocols in place for identifying and capturing ICS role changes.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #5:</b> The process for updating, tracking, and maintaining ICS roles has not been formally documented. A process for updating, tracking, and maintaining ICS roles exists and is managed in Excel by one individual.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support</p>	
<p><b>Observation</b></p> <p><b>Criteria:</b> The process for updating, tracking, and communicating ICS roles is documented.</p> <p><b>Condition:</b> The process for updating, tracking, and communicating ICS roles is not documented.</p> <p><b>Risk/Impact:</b> The lack of a documented process for updating, tracking, and communicating ICS roles could lead to inconsistent practices or knowledge transfer gaps.</p>	
<p><b>Recommendation</b></p> <p>Management should document the process for updating, tracking, and maintaining ICS roles. The process should include the frequency of updates and process for communicating with newly identified individuals with ICS roles.</p>	
<p><b>Management Response</b></p> <p>We have a detailed process in place, which will be formally documented by mid-year. Based on feedback from the Incident Management Teams across NiSource, we have made each state’s Level 3-5 ICS roster, as well as NiSource’s Level 1-2 roster, available on MySource, and these files are updated weekly. Long term, we have developed a business case to support a comprehensive technology solution to manage not only ICS rosters, but additional aspects of incident response.</p>	

# Findings

<p><b>Audit Objective #2 Procedure #1:</b> Observe EPRP drills and tabletop exercises and evaluate how lessons learned are incorporated into after action plans.</p> <p><b>Audit Objective #2, Procedure #2:</b> Review the process for capturing and integrating lessons learned after an emergency event.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #6:</b> A process for tracking and prioritizing required After Actions resulting from After Action Reviews has not been established. Nixon &amp; Associates also provided management with suggested actions for enhancements/improvements regarding the overall program that should be addressed by NiSource. In addition, a method for communicating lessons learned to incident/training participants has not been established.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Don Eckstein, SVP Gas Operations Support</p> <p><b>Executive Council Member Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b></p>
	<p>6/30/2020</p>
<p><b>Observation</b></p> <p><b>Criteria:</b> Key actions resulting from After Action Reviews are prioritized and remediated. Lessons learned are communicated to incident/training participants.</p> <p><b>Condition:</b> Key actions resulting from After Action Reviews are not clearly prioritized and tracked. A process for communicating lessons learned to incident/training participants has not been established.</p> <p><b>Risk/Impact:</b> Key actions resulting from After Action Reviews are integrated into the EPRP, but not consistently communicated to the incident/training participants, resulting in efficient and ineffective emergency response.</p>	
<p><b>Recommendation</b></p> <p>Management should establish a process for tracking and prioritizing After Actions resulting from After Action Reviews and establish a method for communicating lessons learned to incident/training participants. Management should also create a plan for addressing Recommended Action Items included in the Nixon &amp; Associates' <i>Program Analysis Following Dec. 9, 2019 Tabletop Exercise</i> report.</p>	
<p><b>Management Response</b></p> <p>The EP&amp;R team conducts After Action Reviews (AAR) on all Level 1-3 incidents, as well as all Gas Segment ICS exercises. Findings from these AARs are captured and documented in the EP&amp;R SharePoint site. A continuous improvement process is under development to ensure that all findings are evaluated, prioritized, completed and communicated. As appropriate, the EP&amp;R team will incorporate findings (including the Nixon &amp; Associates recommendations) into the EPRP (The Plan). We expect to have the finalized process in place by mid-year 2020.</p>

# Appendix A

Rating Scale for Audit Findings	
<b>High</b>	<p>Requires corrective action due to high risk of one or more of the following: safety risk; material financial statement impact or fraud; significant violation of established policies and procedures; process/control environment breakdown for critical business processes; high likelihood of legal/regulatory fines or penalties for non-compliance; or significant brand/reputational exposure.</p> <p><i>High risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform independent effectiveness validation testing of a Management remediated, high risk finding prior to official closure.</i></u></p>
<b>Moderate</b>	<p>Requires corrective action due to moderate risk of one or more of the following: safety risk; potential for significant financial statement impact or fraud; process/control design deficiency; process/control not operating effectively; moderate likelihood of legal/regulatory fines or penalties; or potential for negative publicity/brand impact.</p> <p><i>Moderate risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform an independent process design review of a Management remediated, moderate risk finding prior to official closure.</i></u></p>
<b>Low</b>	<p>Requires minimal attention: no material financial or operational impact; low probability of residual risk; process/controls operating below optimal levels.</p> <p><i>Low risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is NOT required to perform follow-up review procedures on low risk findings.</i></u></p>

## Appendix B

The following table represents a portion from **Attachment 1: Incident Level Matrix – Summary** per the Emergency Preparedness and Response Plan (Version Revised 10/25/2019) and is provided for context for Incident Levels referenced in the report.

Level	Incident Characteristics	Customers Affected	Incident Duration*
5	<b>Routine Incident</b>	<10	<8 Hours
4	<b>Elevated Incident</b>	Between 10 and 49	<24 Hours
3	<b>Serious Incident</b>	Between 50 and 499	<48 Hours
2	<b>Severe Incident</b>	Between 500 and 999	<72 Hours
1	<b>Catastrophic Incident</b>	>1,000	>72 Hours

\*From the time that NiSource can safely respond to an event until the time all impacted customers have been visited once for a relief.

## Appendix C

In Audit Objective 2, Step 1, Internal Audit observed EPRP Training Scenarios at CKY, CMA, and NIPSCO, as well as the Tabletop Exercise with the EC in Columbus, OH. After Action reviews were performed at the end of each Training Scenario and documented by the EP&R team. Internal Audit interviewed 12 participants within the General and Command Staff who attended the training scenarios and documented a summary of responses below:

#	Question	Summary of Response
1	<b>Was the Training Scenario realistic?</b>	Yes (12/12 participants)
2	<b>Were the responsibilities of your section clear?</b>	<ul style="list-style-type: none"> <li>All interviewees thought the training scenario helped to clarify their specific section's roles/responsibilities. Their individual roles were not as clear prior to participation.</li> <li>Overarching theme: Desire for repetition and training to help reinforce responsibilities.</li> </ul>
3	<b>Are you clear on how to activate resources within your org?</b>	<ul style="list-style-type: none"> <li>Individuals are clear on when they need to activate, but overall, everyone would like more visibility into the list of individuals (ICS roster).</li> <li>Overarching theme: Transparency and accessibility of the ICS roster (within state and across the organization).</li> </ul>
4	<b>Did you identify gaps in your area/section that need to be addressed? If so, what are they?</b>	<p>Responses ranged based on the role, so a summary of high level points are noted below:</p> <ul style="list-style-type: none"> <li>Visibility into the ICS role structure, not only within your state, but across the organization.</li> <li>The practicality of having the Planning Section Chief be remotely located in Columbus.</li> <li>Terminology differences (critical care vs priority care) and differentiating from an individual customer and a commercial customer in CMA.</li> <li>Front line leaders need to be trained on the terminology and structure.</li> </ul>
5	<b>How clear was it that process gaps identified in the training scenario are to be solved by your individual group?</b>	<ul style="list-style-type: none"> <li>CKY and NIPSCO – Clear</li> <li>CMA – Not as clear. Looking for more support from EP&amp;R team to solve gaps.</li> </ul>

## Appendix C

#	Question	Summary of Response
6	<b>What "After Action" items are you interested in seeing follow up on?</b>	<p>Responses ranged based on the role, so a summary of high level points are noted below:</p> <ul style="list-style-type: none"> <li>• Visibility into ICS roles/structure.</li> <li>• More information on how ICS activation happens in real life (phone call, automated system).</li> <li>• Front Line Leader Exposure (terminology, structure, activation).</li> <li>• Clarity around how our existing Emergency Plans roll into EPRP.</li> </ul>
7	<b>Do you feel better prepared to respond to an incident?</b>	Yes (12/12 participants)
8	<b>If you could change anything about the Training Scenario, what would it be?</b>	<p>Responses ranged based on the role, so a summary of high level points are noted below:</p> <ul style="list-style-type: none"> <li>• More specific with incident (address/area) where you can pull up the address (similar to Tabletop Drill).</li> <li>• More practice and training. Keep this a regular training.</li> <li>• Eventually practicing in a different setting (outside, eventually using Mobile Command Centers for practice).</li> </ul>
9	<b>Any other comments?</b>	<ul style="list-style-type: none"> <li>• Need to review what people are in place and communicate roles and responsibilities in deeper layers (not just Command and General Staff).</li> <li>• More clarity around the transition of shifts - how does the Incident Commander know who's on duty? How do you keep track of who leaves? Not clear.</li> <li>• Operations Section Chief Interviewed – "Most useful" training all year and full day was well worth it.</li> </ul>

## Odorization Monitoring Process / Documentation:

Columbia Gas Distribution Companies

**March 3, 2020**

To: P. D. Wilson, VP & General Manager CGV  
D. A. Roy, VP & General Manager CKY  
L. A. Carmean, VP & General Manager COH  
W. F. Davis, VP Construction COH  
M. J. Davidson, VP & General Manager CPA/CMD  
R. M. Kitchell, VP Construction CPA/CMD  
M. G. Poulin, VP & General Manager CMA  
D. A. Monte, SVP Gas Technical Services

From: M. Castillo, Internal Auditor  
J. Callahan, Manager Internal Audit  
R. Binkley, Director Internal Audit

# Executive Summary

Internal Audit conducted an audit of the controls and processes associated with the Odorization Monitoring Process and Documentation for Columbia Gas Companies\*. The purpose of this audit was to assess whether processes followed are in accordance with the Pipeline and Hazardous Materials Safety Administration (PHMSA) requirements, which are aligned with the following Gas Standards:

- **Gas Standard 1670.010** (Odorant and Odorization Equipment Inspection and Maintenance); and
- **Gas Standard 1670.020** (Odor Level Monitoring).

The focus of the audit included the following procedures:

- Determine whether processes and controls support compliance with the inspection for facilities identified as odorizers and the inspection of the downstream odor level tests.

## Summary Conclusions:

As a result of our procedures, Internal Audit identified **1 Moderate Risk** finding:

There were several inconsistencies in the processes used to ensure proper odor level reads and odorization inspections were being completed.

- **Recommendation:** Operations Management should establish processes to ensure facilities are accurately reflected in systems of record and that Repetitive Tasks (RTs) are utilized to ensure timely completion and documentation of required facility inspections and the downstream odor level tests.
- **Management Response:** Management agrees to establish a cross functional working group to evaluate the inconsistencies in the processes relating to proper odor level reads and odorization inspections. In addition, a recommended mitigation strategy will be developed prior to the August Audit Committee.

\* Internal Audit will consider performing a separate review in the future to assess processes and controls for NIPSCO Gas as it will require the review of separate systems.

**Note:** Internal Audit attempted to test the Operation Qualification requirements related to the jobs performed under the gas standards above, however testing has been postponed due to technical errors in the switch from the LMS to the OnBoard system.

# Background

## Columbia Gas Distribution Companies

All Columbia Gas Distribution Companies are subject to Gas Standard (GS) 1670.010: The standard sets forth the following requirements for inspection of odorization equipment and maintenance:

- *“Odorizers shall be inspected on a **monthly basis**, with the exception of individual customer odorizers which shall be inspected **once every three years**. However, odorization facilities should be inspected more frequently if local knowledge of operating conditions indicates that more frequent inspection is necessary.”*

All Columbia Gas Distribution Companies are also subject to Gas Standard (GS) 1670.020. The standard sets forth the following requirements for odor levels:

- *“The company shall monitor the gas for proper concentration of odorant using an instrument capable of determining the percentage of gas in air.”* For frequency requirements of when gas levels should be monitored, refer to the chart below:

Location	State	Frequency
Systems downstream of odorizers and systems that contain a natural odorant	<b>CMA, CVA, COH, CPA, CMD</b>	Monthly
Systems downstream of odorizers and systems that contain a natural odorant	<b>KY</b>	95 days - with ten (10) or fewer customers  Weekly - With more than ten (10) customers
Systems downstream of individual customer odorizers	<b>CMA, CVA, COH, CPA, CMD</b>	Once each calendar year not to exceed 15 months
Systems downstream of individual customer odorizers	<b>KY</b>	95 days

## Audit Scope and Approach

Internal Audit reviewed the processes and controls in place related to monitoring and documenting the odorization levels and inspection and maintenance of odorization equipment at the Columbia Gas Distribution Companies in accordance with both federal and state regulatory requirements as well as any internal Gas Standards for the audit period as of October 2019.

This audit conforms with the International Standards for the Professional Practice of Internal Auditing. A summary, along with detailed observations, have been provided to Gas Operations Management.

**Objective 1:** Review the processes and controls in place to ensure odorization equipment is inspected and to ensure odor levels are monitored in accordance with NiSource Gas Standards.

#	Procedures	Findings Summary (Refer to Appendix A)
1	Obtain the WMS population of all Columbia company odorizer facilities as of 10/4/2019, including RTs related to odorizer job types for those facilities to test for compliance with both federal and state regulatory requirements as well as any internal Gas Standards.	<b>Refer to Appendix B</b>
2	Using the population above, select at least 40 facilities to ensure every identified odorizer facility has a corresponding RT set up to ensure timely completion of the required odorization inspection and a corresponding RT for timely completion of downstream odor level tests.	<b>Finding #1 – See page 5</b>

## Findings (Cont'd)

<p><b>Objective 1, Procedure #2:</b> Using the odorizer Facility population, select at least 40 facilities to ensure every identified odorizer facility has a corresponding RT set up to ensure timely completion of the required odorization inspection and a corresponding RT for timely completion of downstream odor level tests. (See Appendix B for facilities tested)</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> There were several inconsistencies in the processes used to ensure proper odor level reads and odorization inspections were being completed. (Columbia Companies only) (See Appendix C for facilities tested)</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> All NiSource Gas Distribution Presidents and General Managers; D. T. Williamson, Distribution Operations Management  <b>Executive Council Members Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities [Operations]</p>	<p><b>Target Plan Date:</b></p>
	<p><b>Q3 2020</b></p>
<p><b>Observation:</b></p> <p><b>Criteria:</b> Odorizer facilities within WMS are properly classified as an active odorizer facility and have a related RT for odor level reads and odorizer inspections.</p> <p><b>Condition:</b></p> <p>Internal Audit noted that the following areas of risk in the odorization inspection process out of the <b>42</b> facilities tested:</p> <ul style="list-style-type: none"> <li>• <b>12</b> facilities were listed as active in the WMS system which had been previously retired             <ul style="list-style-type: none"> <li>- 6 of the facilities above had RTs initially created but which were later manually voided</li> </ul> </li> <li>• <b>18</b> active facilities which did not have an RT created to ensure timely inspection</li> <li>• <b>1</b> active facility which used the same RT for both the facility inspection and the level test, creating a lack of clarity in what work was performed</li> <li>• <b>4</b> facilities which had multiple RTs to complete the same task</li> </ul> <p><b>Risk/Impact:</b> Inconsistent processes increase the risk of noncompliance of required inspections odorization which can lead to undetected gas leaks.</p>	
<p><b>Recommendation:</b></p> <p>Operations Management should establish processes to ensure odorizer facilities are accurately reflected in systems of record and that RTs are utilized to ensure timely completion and documentation of required facility inspections.</p>	
<p><b>Management Response:</b></p> <p>Management agrees to establish a cross functional working group to evaluate the inconsistencies in the processes relating to proper odor level reads and odorization inspections. In addition, a recommended mitigation strategy will be developed prior to the August Audit Committee.</p>

## Appendix C – Breakout of findings by state and facility type

State	Finding	Odorizer Facility	Individual Customer Odorizer
Kentucky	More than one RT created for the same job		1
	No RT for odorizer inspection		2
Ohio	Facility is inactive	1	
	No RT for odorizer inspection		9
Virginia	More than one RT created for the same job	3	
	No RT for odorizer inspection		4
	No RT for downstream odor level read	1	
	Facility uses the same RT for both jobs	1	
Massachusetts	No RT for downstream odor level read	1	
<b>Total</b>		<b>7</b>	<b>16</b>

# Cross Bore Identification & Remediation

NiSource Gas Distribution Companies

**March 3, 2020**

To: P. D. Wilson, VP & General Manager CGV  
D. A. Roy, VP & General Manager CKY  
L. A. Carmean, VP & General Manager COH  
W. F. Davis, VP Construction COH  
S. W. Sylvester, VP & General Manager NIPSCO  
M. J. Davidson, VP & General Manager CPA/CMD  
R. M. Kitchell, VP Construction, CPA/CMD  
M. G. Poulin, VP & General Manager CMA

From: A. Meyers, Senior Internal Auditor  
J. Callahan, Manager Internal Auditor  
R. Binkley, Director Internal Auditor

## Executive Summary

Internal Audit conducted a review of the processes and procedures in place within each of the NiSource Gas Distribution Companies (NGD) to identify and remediate cross bores. Cross bores are defined as “an intersection of an existing underground utility by a second utility resulting in direct contact between the utilities’ assets that compromises the integrity of either utility.” Cross bores of gas lines in sewers have resulted in property damage, injury and death. According to the Cross Bore Safety Association (CBSA), the largest reported court award associated with a cross bore explosion of a residence was \$30M. There have been 18 incidents that have occurred between 2002 – 2015, but the CBSA believes that the total is most likely understated as PHMSA does not track cross bore incidents specifically. The use of trenchless technology, or the process of installing pipe without the need to make an open trench excavation, was identified as increasing the risk of creating cross bores.

In 2008, NGD implemented a new common gas standard (GS 1100.050, “Damage Prevention – Using Trenchless Technology”) which outlined recommended processes to be followed to avoid creating cross bores when utilizing trenchless installation methods. In 2016, this standard clarified the requirements for performing pre- and post-construction cameraing and additional training was provided to field personnel. During this same time period, each company established a Cross Bore Program to inspect pipeline infrastructure that was historically subject to damage as a result of these trenchless technology practices. (Refer to chart below for company program start dates.)

**Summary Conclusions:** Internal Audit identified **(3) high risk** audit findings as a result of our testing procedures:

- A total of **21%** of the cross bores identified by the Company Programs were installed subsequent to 2008. Although the gas standard clarified requirements and training was provided in 2016, **2%** of the cross bores identified were installed subsequent to 12/31/16. This indicates a lack of adherence to GS 1100.050, "Damage Prevention - Using Trenchless Technology."

Company	Program Start Date	Total	Breakout of Total					
			Prior to 1/1/08	% of Total	1/1/08 to 12/31/16	% of Total	After 1/1/17	% of Total
COH	5/1/2015	632	457	72%	161	25%	14	2%
CPA	9/1/2013	274	217	79%	52	19%	5	2%
CGV	3/1/2014	227	216	95%	11	5%	-	0%
CKY	11/1/2017	34	33	97%	1	3%	-	0%
CMA	5/3/2018	20	20	100%	-	0%	-	0%
CMD	9/1/2016	10	9	90%	-	0%	1	10%
NIPSCO	1/1/2018	46	32	70%	7	15%	7	15%
<b>NGD Total</b>		<b>1,243</b>	<b>984</b>	<b>79%</b>	<b>232</b>	<b>19%</b>	<b>27</b>	<b>2%</b>

**NOTE:** Refer to **Appendix B** for further detail of the chart above.

# Executive Summary

## Summary Conclusions (Cont'd):

- **Recommendation:**

- Management should:

- Establish processes and controls which ensure that the requirements of GS 1100.050, “Damage Prevention – Using Trenchless Technology” are being met (e.g. additional QA/QC procedures over work performed in the field and training over gas standards).
    - Ensure that Company Cross Bore Programs continue to target known risks, including installations that occurred during the period of 1/1/08 – 12/31/2016.
    - Evaluate root cause and trends in cross bores identified. (Refer to **Appendix C** for analysis of cross bores installed by company versus contractor personnel.)

- **Management Response:** Management agrees to establish a cross functional working group to evaluate existing processes and controls related to cross bores in Gas Standard 1100.050, “Damage Prevention –Using Trenchless Technology” by January 31, 2021. Identified opportunities for additional processes and controls will be captured along with an initial timeframe for implementation. This cross functional group will also ensure that cross bore teams are included in the evaluation of causes or trends.

- The population of cross bores identified indicate that steel pipelines are also at risk of cross bores if they were not originally installed with the proper clearance from neighboring utilities. (Refer to **Appendix D** for further detail of cross bores found in steel pipelines.)

Note: With the exception of the gas standard for CGV, the scope of the requirements outlined in GS 1100.050 does not include the sleeving method (i.e. inserting plastic lines into existing steel lines).

- **Recommendation:** Management should expand the requirements to perform camera work outlined in GS 1100.050 to include installations utilizing the sleeving method (i.e. inserting plastic lines into existing steel lines) to ensure that no cross bores exist prior to installation.
- **Management Response:** Management agrees to expand requirements for planned work by completing a pre or post-video on any insertion regardless of material type. By January 31, 2021 a target date will be established when this change will become effective. In addition, State Operating Companies will review and align current state Gas Standard (GS 1100.050) as it relates to insertions. Please note, Pennsylvania’s customer-owned service lines may require additional review/exception.

**Summary Conclusions (Cont'd):**

- The length of time estimated to complete each program ranges from 41 years to 338 years.

Project Estimates	COH	CKY	CGV	CMA	CPA	CMD	NIPSCO
Estimated Total Miles	15,000	1,945	2,272	5,000	2,804	223	17,572
Average Miles/Year	41.76	20.00	55.00		43.90	2.40	52.00
# of Years to Complete	318	100	41	130	64	94	338

**NOTE:** The numbers above all reflect estimates provided by the Company Program Leads. It is important to note that the estimated total miles for each program is developed from data obtained at a point in time and is subject to change. Internal Audit noted that some of the estimates vary from historical actuals completed per year as some expect the program to increase in funding and/or efficiency. Refer to **Appendix E** and **Appendix F** for further details on actual spend, miles completed per year and additional information related to the project estimates above.

- Recommendation:** Management should assess the timeline to complete each program in comparison to the assessment this risk and the resulting risk tolerance.
- Management Response:** Management will establish a team to assess the current estimated number of years to complete each cross bore program by state. This effort will continue to be ranked with other system risks that will impact program completion time frame. Furthermore, state operating companies will continue to explore opportunities to accelerate existing programs, in addition to leveraging Regulatory strategies in future rate case proceedings. Initial findings from this assessment to accelerate existing programs will be developed by January 31, 2021.

Internal Audit identified **(1) low risk** audit finding as a result of our testing procedures:

- Potential process improvements were identified specific to the various Company Cross Bore Programs to ensure consistent risk coverage across the NGD companies.
  - Recommendation:** Each of the Company Cross Bore Programs should consider process improvements related to formalizing program objectives, metrics, and remediation policies, establishing QA/QC processes for camera work performed by contractors, and coordinating with the construction group. (Refer to **Slide 8** for further details.)
  - Management Response:** Management will establish a team to identify process improvement opportunities for the cross bore programs. A program charter will be developed by January 31, 2021 that will include initial process improvement opportunities along with estimated timeframe(s) to initiate and implement these recommendations.

## Background

Refer to the table below for a brief overview of the history of events and regulatory guidance established related to cross bores:

Year	History of Events and Regulatory Guidance Established Related To Cross Bore Prevention
1976	<p><b><u>Wisconsin Cross Bore Incident:</u></b> On August 29th, a sewer drain cleaner hit a cross-bored gas line, causing an explosion that resulted in two deaths. The National Transportation Safety Board (NTSB) recommended performing inspections where gas mains and sewer laterals may be in proximity, determining other locations where gas lines were installed near existing facilities and taking corrective action where necessary.</p>
1999	<p><b><u>Advisory Bulletin ADB-99-04:</u></b> On August 23rd, a subgroup of the Department of Transportation (DOT) issued a bulletin to advise the industry to review/amend written damage prevention programs to minimize risks associated with directional drilling near buried pipelines. This action followed several pipeline incidents involving trenchless technology operations which resulted in loss of life, injuries and significant property damage.</p>
2006	<p><b><u>Columbia Gas of Ohio Incident:</u></b> In August 2006, a gas main was ruptured when the sewer lateral was being cleaned by a power drain snake. Natural gas traveled through the sewer lateral and into a residence causing explosion and injuries. Investigation found that a contractor working for COH in 2001 unknowingly damaged the sewer lateral. As a result, COH made a commitment to the Public Utilities Commission of Ohio (PUCO) that NiSource would implement procedures to address the requirements for construction using trenchless technology.</p>
2008	<p><b><u>Gas Standard 1100.050:</u></b> The policy created in response to the 2006 COH incident was implemented in COH in July 2007. This was later superseded by a new common Gas Standard, GS 1100.050, "Damage Prevention – Using Trenchless Technology," effective March 2008 for all companies. The purpose is to avoid creating a cross bore of another underground facility when utilizing trenchless installation methods.</p>
2016	<p><b><u>Revision to GS 1100.050:</u></b> Effective September 12, 2016, a revision to the gas standard created the requirement that a post sewer camera or pull back camera video is required when certain service installation methods are utilized. Use of video is intended to verify that cross bores aren't created.*</p> <p><b>Note:</b> CGV created an additional requirement in their gas standard that requires camera work to be completed on lines installed by the sleeving method.</p>

\*Refer to the 2017 audit completed by Internal Audit, Service Line Post Camera Sewer Video (Trenchless Technology), which was completed to evaluate the processes and controls in place to ensure compliance with GS 1100.050.

## Background (Cont'd)

**Timeline of Program Establishment:** The Company Cross Bore Programs are at various stages of maturity across all of the NGD Companies. Refer to the timeline below, which reflects the inception date for each company's program.

Note: The CMA Cross Bore Program began in May 2018, and was subsequently placed on hold due to the Merrimack Valley event that occurred in September 2018.

**Risk Model:** Each company recently adopted a risk model in order to target future areas of investigation, which considers the following factors:

- High density/hard to evacuate locations (schools, hospitals, nursing homes, etc.)
- Location of known cross bores
- Areas where previous damage occurred (query of WMS database and claims)
- Evaluation of soil/terrain
- Notification by other parties
- Review of job orders for any type of boring activity (directional, mole, etc.) (query of WMS database for bore contract items)
- Water-table – may result in shallow sewers and in the elevation where gas lines are frequently installed
- Rock soil conditions – may result in shallow sewers
- Basements – may result in deeper sewers and often below gas line elevations
- Slab or mobile home construction – may result in shallow sewers
- Deep gas main – allows for deeper gas mains and laterals, which may more likely intersect with sewers
- Material of pipe
- Date of installation
- Population density
- Length of service line (longer length could be higher risk)
- Services that are replaced

Note: Prior to the risk model, companies utilized a list of locations where cross bores had previously been found and then determined if any were close to high risk areas (schools, churches, hospitals, etc.). Additionally, the installation date and material of pipe were considered.

**Public Awareness and Education:** Each NiSource Company Cross Bore Program Lead noted that a successful program includes raising awareness of the risk of cross bores through public outreach and education, which can prevent the occurrence of cross bore incidents. Project specialists distribute fliers, attend seminars, work with contractors and emergency officials, and send information to plumbers in their operating area. Each company website includes information regarding cross bore safety information, as well.

# Audit Scope and Approach

Internal Audit conducted a review of the processes and procedures in place within each of the NiSource Gas Distribution Companies to identify and remediate cross bores. This audit conforms with the International Standards for the Professional Practice of Internal Auditing.

A summary, along with detailed observations, have been provided to NiSource Management.

<b>Objective 1: Assess the processes and controls in place across the NiSource Gas Distribution Companies to address the risk of cross bores.</b>		
<b>#</b>	<b>Procedures</b>	<b>Findings Summary (Refer to Appendix A)</b>
1	Review the procedures performed by Cross Bore Program Leads for each NGD Company to identify and remediate existing cross bores.	<b>Finding #1 – See page 8</b>
2	For each NGD Company, analyze the Company Cross Bore Program metrics and results to identify trends, patterns, or other areas of risk.	<b>Finding #2 – See page 9</b>
		<b>Finding #3 – See page 11</b>
		<b>Finding #4 – See page 12</b>

## Findings (Cont'd)

<p><b>Objective #1, Procedure #1:</b> Review the procedures performed by Cross Bore Program Leads for each NGD Company to identify and remediate existing cross bores.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> Potential process improvements were identified specific to the various Cross Bore Programs to ensure consistent risk coverage across the NGD companies.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> All NiSource Gas Distribution Presidents and General Managers</p> <p><b>Executive Council Members Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b></p> <p><b>Q1 2021</b></p>
<p><b>Observation</b></p> <p><b>Criteria:</b> Documented and thorough processes and controls (including QA/QC processes) are established to ensure that a program is effective.</p> <p><b>Condition:</b> Potential process improvement opportunities were identified specific to the various Cross Bore Programs to ensure consistent risk coverage across the NGD companies.</p> <p><b>Risk/Impact:</b> Lack of systematic approach in Cross Bore Programs may lead to inefficiencies and low quality results.</p>	
<p><b>Recommendation</b></p> <p>Each of the Company Cross Bore Programs should consider the following process improvements:</p> <ul style="list-style-type: none"> <li>• Development of a Program Charter outlining objectives and key stakeholders;</li> <li>• Definition of key metrics for tracking and reporting of Program progress;             <ul style="list-style-type: none"> <li>• Note: Currently, metrics are created and reported at a company level. Consideration should be given to creating consistency in metrics and reporting across all companies to provide a NiSource-wide lens of progress.</li> </ul> </li> <li>• Creation of remediation policies outlining timeframes and requirements for remediation;</li> <li>• Development of QA/QC processes to review camera work performed by contractors engaged by the Program Leads to ensure that contractors are properly identifying cross bores when they are noted within videos; and</li> <li>• Coordination with the construction group to eliminate duplication of camera work in certain areas.             <ul style="list-style-type: none"> <li>• Note: New construction utilizing trenchless technology is required to perform camera work which could benefit the Company Cross Bore Programs.</li> </ul> </li> </ul>	
<p><b>Management Response</b></p> <p>Management will establish a team to identify process improvement opportunities for the cross bore programs. A program charter will be developed by January 31, 2021 that will include initial process improvement opportunities along with estimated timeframe(s) to initiate and implement these recommendations.</p>	

## Findings (Cont'd)

<p><b>Objective #1, Procedure #2:</b> For each NGD Company, analyze the Company Cross Bore Program metrics and results to identify trends, patterns, or other areas of risk.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #2:</b> A total of <b>21%</b> of the cross bores identified by the Company Programs were installed subsequent to 2008. Although the gas standard clarified requirements and training was provided in 2016, <b>2%</b> of the cross bores identified were installed subsequent to 12/31/16. This indicates a lack of adherence to GS 1100.050, "Damage Prevention - Using Trenchless Technology."</p>	<p><b>High</b></p>
<p><b>Process Owner(s):</b> All NiSource Gas Distribution Presidents and General Managers</p> <p><b>Executive Council Members Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b></p> <p><b>Q1 2021</b></p>

### Observation

**Criteria:** The company shall adhere to GS 1100.050 in order to prevent creating cross bores from the use of trenchless technology.

**Condition:** A total of **21%** of the cross bores identified by the Company Programs were installed subsequent to 2008. Although the gas standard clarified requirements and training was provided in 2016, **2%** of the cross bores identified were installed subsequent to 12/31/16. This indicates a lack of adherence to GS 1100.050, "Damage Prevention - Using Trenchless Technology."

Company	Program Start Date	Total	Breakout of Total					
			Prior to 1/1/08	% of Total	1/1/08 to 12/31/16	% of Total	After 1/1/17	% of Total
COH	5/1/2015	632	457	72%	161	25%	14	2%
CPA	9/1/2013	274	217	79%	52	19%	5	2%
CGV	3/1/2014	227	216	95%	11	5%	-	0%
CKY	11/1/2017	34	33	97%	1	3%	-	0%
CMA	5/3/2018	20	20	100%	-	0%	-	0%
CMD	9/1/2016	10	9	90%	-	0%	1	10%
NIPSCO	1/1/2018	46	32	70%	7	15%	7	15%
<b>NGD Total</b>		<b>1,243</b>	<b>984</b>	<b>79%</b>	<b>232</b>	<b>19%</b>	<b>27</b>	<b>2%</b>

**Risk/Impact:** Lack of adherence to GS 1100.050 creates the risk that cross bores may be created, which could potentially cause loss of life, injury, or damages if not remediated.

## Findings (Cont'd)

<p><b>Objective #1, Procedure #2:</b> For each NGD Company, analyze the Company Cross Bore Program metrics and results to identify trends, patterns, or other areas of risk.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #2:</b> A total of <b>21%</b> of the cross bores identified by the Company Programs were installed subsequent to 2008. Although the gas standard clarified requirements and training was provided in 2016, <b>2%</b> of the cross bores identified were installed subsequent to 12/31/16. This indicates a lack of adherence to GS 1100.050, "Damage Prevention - Using Trenchless Technology."</p>	<p><b>High</b></p>
<p><b>Process Owner(s):</b> All NiSource Gas Distribution Presidents and General Managers</p> <p><b>Executive Council Members Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b></p>
	<p><b>Q1 2021</b></p>
<p><b>Recommendation</b></p> <p>Management should perform the following:</p> <ul style="list-style-type: none"> <li>Establish processes and controls which ensure that the requirements of GS 1100.050, "Damage Prevention – Using Trenchless Technology" are being met (e.g. additional QA/QC procedures over work performed in the field and training over gas standards).</li> <li>Ensure that Company Cross Bore Programs continue to target known risks, including installations that occurred during the period of 1/1/08 – 12/31/2016.</li> <li>Evaluate root causes and trends in cross bores identified. (Refer to <b>Appendix C</b> for analysis of cross bores installed by company versus contractor personnel.)</li> </ul>	
<p><b>Management Response</b></p> <p>Management agrees to establish a cross functional working group to evaluate existing processes and controls related to cross bores in Gas Standard 1100.050, "Damage Prevention –Using Trenchless Technology" by January 31, 2021. Identified opportunities for additional processes and controls will be captured along with an initial timeframe for implementation. This cross functional group will also ensure that cross bore teams are included in the evaluation of causes or trends.</p>	

## Findings (Cont'd)

<p><b>Objective #1, Procedure #2:</b> For each NGD Company, analyze the Company Cross Bore Program metrics and results to identify trends, patterns, or other areas of risk.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #3:</b> The population of cross bores identified indicate that steel pipelines are also at risk of cross bores if they were not originally installed with the proper clearance from neighboring utilities. (Refer to Appendix D for further detail of cross bores found in steel pipelines.)</p>	<p><b>High</b></p>
<p><b>Process Owner(s):</b> All NiSource Gas Distribution Presidents and General Managers</p> <p><b>Executive Council Members Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b></p>
	<p><b>Q1 2021</b></p>
<p><b>Observation</b></p> <p><b>Criteria:</b> NiSource has policies and practices in place that mitigate the risk of future cross bores being created.</p> <p><b>Condition:</b> Internal Audit noted that 22% of cross bores identified were steel. Steel cross bores are created when the utility is either dug/pushed/jacked through or built on top of another facility. It is common for the bottom of a gas main to settle and crack in the top of a storm main. This is caused when proper clearance from neighboring utilities is not assured or if written permission from facility owner is obtained. The current practice allows for plastic to be inserted through steel lines without having to camera.</p> <p><b>Risk/Impact:</b> Unknown cross bores are created, which could potentially cause loss of life, injury, or damages if not remediated.</p>	
<p><b>Recommendation</b></p> <p>Management should expand the requirements to perform camera work outlined in GS 1100.050 to include installations utilizing the sleeving method (i.e. inserting plastic lines into existing steel lines) to ensure that no cross bores exist prior to installation.</p> <p><b>Note:</b> CGV has already created an additional requirement in their gas standard that requires camera work to be completed on lines installed by the sleeving method.</p>	
<p><b>Management Response</b></p> <p>Management agrees to expand requirements for planned work by completing a pre or post-video on any insertion regardless of material type. By January 31, 2021 a target date will be established when this change will become effective. In addition, State Operating Companies will review and align current state Gas Standard (GS 1100.050) as it relates to insertions. Please note, Pennsylvania's customer-owned service lines may require additional review/exception.</p>	

## Findings (Cont'd)

<p><b>Objective #1, Procedure #2:</b> For each NGD Company, analyze the Company Cross Bore Program metrics and results to identify trends, patterns, or other areas of risk.</p>	<p><b>Risk Rating</b></p>																																
<p><b>Finding #4:</b> The length of time estimated to complete each program ranges from 41 years to 338 years.</p>	<p><b>High</b></p>																																
<p><b>Process Owner(s):</b> All NiSource Gas Distribution Presidents and General Managers</p> <p><b>Executive Council Members Responsible:</b> Pablo Vegas, EVP &amp; President Gas Utilities</p>	<p><b>Target Remediation Date:</b></p> <p style="text-align: center;">Q1 2021</p>																																
<p><b>Observation</b></p> <p><b>Criteria:</b> NiSource management is actively working to remediate known risks to pipeline integrity.</p> <p><b>Condition:</b> The length of time estimated to complete each program ranges from 41 years to 338 years.</p> <table border="1" data-bbox="253 648 1543 839"> <thead> <tr> <th>Project Estimates</th> <th>COH</th> <th>CKY</th> <th>CGV</th> <th>CMA</th> <th>CPA</th> <th>CMD</th> <th>NIPSCO</th> </tr> </thead> <tbody> <tr> <td>Estimated Total Miles</td> <td>15,000</td> <td>1,945</td> <td>2,272</td> <td>5,000</td> <td>2,804</td> <td>223</td> <td>17,572</td> </tr> <tr> <td>Average Miles/Year</td> <td>41.76</td> <td>20.00</td> <td>55.00</td> <td style="background-color: #cccccc;"></td> <td>43.90</td> <td>2.40</td> <td>52.00</td> </tr> <tr> <td># of Years to Complete</td> <td>318</td> <td>100</td> <td>41</td> <td>130</td> <td>64</td> <td>94</td> <td>338</td> </tr> </tbody> </table> <p><b>Risk/Impact:</b> An abnormal operating condition that remains unremediated could potentially lead to loss of life, injury, or damages.</p>		Project Estimates	COH	CKY	CGV	CMA	CPA	CMD	NIPSCO	Estimated Total Miles	15,000	1,945	2,272	5,000	2,804	223	17,572	Average Miles/Year	41.76	20.00	55.00		43.90	2.40	52.00	# of Years to Complete	318	100	41	130	64	94	338

# Appendix A

Rating Scale for Audit Findings	
<b>High</b>	<p>Requires corrective action due to high risk of one or more of the following: safety risk; material financial statement impact or fraud; significant violation of established policies and procedures; process/control environment breakdown for critical business processes; high likelihood of legal/regulatory fines or penalties for non-compliance; or significant brand/reputational exposure.</p> <p><i>High risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform independent effectiveness validation testing of a Management remediated, high risk finding prior to official closure.</i></u></p>
<b>Moderate</b>	<p>Requires corrective action due to moderate risk of one or more of the following: safety risk; potential for significant financial statement impact or fraud; process/control design deficiency; process/control not operating effectively; moderate likelihood of legal/regulatory fines or penalties; or potential for negative publicity/brand impact.</p> <p><i>Moderate risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform an independent process design review of a Management remediated, moderate risk finding prior to official closure.</i></u></p>
<b>Low</b>	<p>Requires minimal attention: no material financial or operational impact; low probability of residual risk; process/controls operating below optimal levels.</p> <p><i>Low risk findings require an auditee Management Response</i></p> <p><u><i>Internal Audit typically does not perform follow-up review procedures on low risk findings.</i></u></p>

## Appendix B –Cross Bores Identified and Remediated

Internal Audit obtained the cross bore log from each Company Cross Bore Program leader. The inputs in the chart below include all cross bores found in each company by year since program inception date. Additionally, Internal Audit also obtained information from each Program leader on the remediation status of all identified cross bores, noting that management is actively working to remediate the 29 outstanding.

Note: The amounts reflected for 2019 are through September 2019.

Cross Bores Found per Year by Company							
Year	COH	CKY	CGV	CMA	CPA	CMD	NIPSCO
2013					28		
2014			31		46		
2015	101		33		44		
2016	150		35		40	2	
2017	152	4	40		44	3	
2018	127	18	52	20	49	1	25
2019	102	12	36	-	23	4	21
<b>Total</b>	<b>632</b>	<b>34</b>	<b>227</b>	<b>20</b>	<b>274</b>	<b>10</b>	<b>46</b>

Program	Total	Remediated	Outstanding

<b>TOTAL</b>	<b>1,243</b>	<b>1,214</b>	<b>29</b>

## Appendix C – Cross Bores Installed by Company vs. Contractor

Internal Audit obtained the cross bore log for each Company Cross Bore Program from the project lead in each company. The inputs in the chart below include all cross bores found, including those found by non-program resources (external parties).

Note: The amounts reflected for 2019 are through September 2019. The chart identifies cross bores installed by the Company vs. Contractors. Some records did not contain adequate information in order to determine who installed the cross bore.

Note: The program totals reconcile to Appendix B – Cross Bores Found per Year. Refer to the chart below:

Program	Prior to 1/1/2008				Between 1/1/2008 to 12/31/2016				After 1/1/2017				Program
	CO.	CONT.	Unknown	ALL	CO.	CONT.	Unknown	ALL	CO.	CONT.	Unknown	ALL	Total

## Appendix D – Cross Bores Found by Type & Material

Internal Audit obtained the cross bore log for each Company Cross Bore Program from the project lead in each company. The inputs in the charts below include cross bores that are found by external parties broken out by type and material.

Note: The amounts reflected for 2019 are through September 2019. The charts identify the type of pipe where the cross bore was found (main versus service) and the material type (plastics versus steel). Some records did not contain adequate information in order to determine the material or type of cross bore.

Note: The program totals reconcile to Appendix B – Cross Bores Found per Year. Refer to the tables below:

Type - Main vs. Service							
Program	Main	%	Service	%	Unknown	%	Total
COH	289	46%	343	54%	-	-	632
CKY	24	71%	10	29%	-	-	34
CGV	144	63%	83	37%	-	-	227

<b>Est. Total Miles</b>	<b>15,000</b>	<b>2,272</b>	<b>2,804</b>	<b>17,572</b>	<b>1,945</b>	<b>223</b>	<b>5,000</b>							

\* Information included herein was provided by the Program Lead for each Company and was not verified against source data by Internal Audit.

\*\* Actuals for 2019 represent spend through September 2019.

\*\*\* CPA did not manually track spend until 2015, as such, an estimate was utilized.

\*\*\*\* Minimal spend was incurred during the two three-month periods the program was in place.

## Appendix F – Program Details

Internal Audit obtained this information from the project lead for each company program. The ET did not verify this information with source data. Refer to the Project Estimates table in the Executive Summary and Appendix E – Actual Spend and Miles Reviewed in conjunction with the additional information below:

Program	Additional Details:
COH	<p><b>Cost:</b> The cross bore program budget includes costs for inspection, investigation, remediation, public awareness and education, risk model advancements, data analysis, salaries, equipment and travel expenses. The budget is allocated as part of the PSP program, which is determined by the COH Regulatory Group. All costs are recoverable through deferral. COH utilizes WMS in order to track spend, in addition to code patterns for expenses and employee salaries/overhead.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through October 2019. The amount of miles inspected does not reflect storm and sanitary laterals, and are tracked within the annual totals by operating center log. The laterals are tracked within the same log by the amount of laterals inspected that had a cross bore. The estimated total miles for the entire program are based off of sanitary main footage in records. The estimated years to complete does not include the amount of pipe that could be eliminated in rural areas and replacement.</p>
CKY	<p><b>Cost:</b> The program budget includes costs for inspection, remediation, salaries, expenses, outside services and plant department cost. The budget is determined by executive Kentucky leadership. The recoverable costs include any cross bore identified outside of the legacy program and any capital work. Costs are tracked manually.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through October 2019. The information is tracked in an invoice log maintained by a Project Specialist. There is an estimated 1,931 miles of main and 14 miles of service for a total of 1,945 miles that should be included in the program. The estimate was obtained by selecting all mains and services within the municipality boundaries for CKY, which was obtained by a GIS Tech. According to the DOT report, at the end of 2017, CKY has a total of 2,586.5 miles of main and 135,767 service lines. Note, the average miles per year was not calculated using miles inspected per year, as the program is expected to gain efficiency.</p>
CGV	<p><b>Cost:</b> The budget includes costs for investigation, remediation and any restoration. Salaries are included in the O&amp;M budget. Money for the program is allocated from the commission in rates as part of the DIMP budget. The only O&amp;M is the Project Specialist's salary and expenses. For tracking spend, Virginia has a code of DP07 in WMS, and the budget is included in the GM budget – not the general O&amp;M budget.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through October 2019. The amount of miles inspected each year was obtained from a spreadsheet maintaining financial information, which is how miles are being tracked. The estimated total miles for the entire project is from a report requested from engineering that includes all plastic pipe from 1983 – 2008, which came back as 12M feet, which calculates to 2,272 miles. It is estimated that the budget increase (as of this year) will bring the program completion time to ~40 years, as they project to hit 50 miles of inspection for 2019.</p>
CMA	<p><b>Cost:</b> The budget includes costs for camera investigation, field investigations, travel and office expenses and salaries. The budget was created in April 2018 for a two person team. Remediation is taken care of by the Operations Group. There are no recoverable costs (rate case in 2018, but did not get the opportunity). Spend is tracked through WMS – Reverse Billing.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through October 2019. Note, CMA has only been able to operate the Legacy Cross Bore Program a few months each year due to the Merrimack Valley incident taking precedence. As such, the amount of miles inspected has been limited; however, during the few months of operation, they were able to inspect 11 miles, but this is not enough information to provide a sufficient average of miles inspected per year in order to calculate the number of years to complete the program. The miles inspected are tracked within the Dash Board and Mapping, which is located in GIS. The total number of miles for the program was obtained from a PHMSA report inspected by IA. The number of years to complete the program is an estimate.</p>

# Appendix F – Program Details (Cont'd)

Program	Additional Details:
CPA	<p><b>Cost:</b> The budget includes costs for salaries and expenses of two full-time employees, expenses for one fleet vehicle and sewer investigation by contractors. It also includes costs for remediation, excluding large jobs that will be considered a capital project.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through October 2019. The miles inspected per year are tracked within the Daily Progress Report completed by the contractors, which is provided to the Project Specialist. The Project Specialist inputs these footages into the manual tracking spreadsheets (Job Orders and Units Reported). The total number of miles completed are miles of sanitary sewer inspected (storm sewers, sanitary laterals and storm laterals are also inspected). There were 25,629 sewer laterals inspected for CPA and 111.9 miles of storm sewer mains have been inspected in CPA since the program started. The estimated total miles of the entire program is 7,500, but the estimated miles remaining for the program is 2,804. These footages are based on a Crossbore Risk Report generated through CIS in August 2018, which deducted capital work areas and areas where sewers had been inspected at that time from the total length of gas main. As such, IA utilized the estimated miles remaining within the table in Appendix E. The average miles per year only averaged the 2014 through 2018, as 2013 and 2019 do not include all 12 months (due to program start date and the date audit work concluded).</p>
CMD	<p><b>Cost:</b> There is no formal legacy cross bore program, but funds have been made available for some legacy sewer inspections since September 2016. For 2017, the initial amount provided was \$100K; however, additional funds were made available in November 2017.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through October 2019. The miles inspected per year are tracked within the Daily Progress Report completed by the contractors, which is provided to the Project Specialist. The Project Specialist inputs these footages into the manual tracking spreadsheets (Job Orders and Units Reported). The total number of miles completed are miles of sanitary sewer inspected (storm sewers, sanitary laterals and storm laterals are also inspected). There were 1,232 sewer laterals inspected for CPA and 2.4 miles of storm sewer mains have been inspected in CPA since the program started. The estimated total miles of the entire program is 650, but the estimated miles remaining for the program is 223. These footages are based on a Crossbore Risk Report generated through CIS in August 2018, which deducted capital work areas and areas where sewers had been inspected at that time from the total length of gas main. As such, IA utilized the estimated miles remaining within the table in Appendix E. The average miles per excludes 2019, as 2019 does not include all 12 months (due to the date audit work concluded).</p>
NIPSCO	<p><b>Cost:</b> The budget includes costs for investigation, remediation, salaries, expenses and contractors. The budget will stay flat from January 2018 to 2021, as it is funded through a rate case. Costs are split between O&amp;M and capital. In order to track spend, a monthly report is run in Cognos.</p> <p><b>Miles:</b> The information provided in the chart in Appendix F is through September 2019. The miles inspected each year are tracked manually the Project Specialist, through spreadsheets, invoices and videos received. The average utilized in the table should increase as the program continues, as it is only in its second year, and have yet to complete an entire 12 months of the program annually. The estimated total miles for the entire project is based on what is reported to PHMSA annually.</p>

**TO:** Tami Ely – Lead IT Analyst, Service Governance  
Amy Weiss-Neal - Manager, Service Governance  
JoAnn Cummins – Director, Service Management  
Kevin Johannsen – VP, IT Services

**FROM:** Goranka Kasic - Project Manager - Infor. Systems Audit  
Greg Wancheck - Director - Infor. Systems Audit

**DATE:** March 5, 2020

**SUBJECT: Software Asset Management Design – Advisory Memo**

NiSource IT Audit performed an independent advisory assessment over Software Asset Management (SAM) processes, including how assets are accounted for, optimized, and maintained for value realization. The objective of IT Audit’s advisory assessment was to provide management with an overall opinion on the design of processes and procedures used to govern, safeguard, and manage software assets throughout the asset lifecycle.

### **Key Observations/Review Results:**

#### Policies and Procedures:

IT Audit’s advisory assessment of currently available NiSource policies and procedures related to Software Asset Management found that an enterprise Software Asset Management procedure is not currently utilized.\* While various components of software asset management were found to be embedded within NiSource’s existing IT policy portfolio, core processes such as the Software Asset Management Lifecycle, Software Asset Compliance (for external and internal licensing audits), and Software Maintenance were found to be managed, but are not formally defined. In addition, while an Operating Level Manual (OLM) for Software Asset Management exists for NiSource’s primary IT Service Providers, this document has not been kept up-to-date. As a result, an opportunity exists for refresh of the legacy Software Asset OLM based on both current IT Service Provider contractual agreements and how the software asset lifecycle currently operates.

IT Audit was made aware of an ongoing effort by NiSource IT Risk Management to refresh the IT enterprise policy and procedure stack. Based on interviews with NiSource’s IT Services management team, IT Audit additionally noted that Software Asset Management will be embedded into a new ITIL-based roadmap for process enhancement. As such, IT Audit sees an

alignment opportunity between IT Services and IT Risk Management in establishing an enterprise Software Asset Management procedure and/or supporting policies that incorporate risk and are based on ITIL best practices.

*\*At the time of IT Audit's Advisory Memo creation, and post Advisory fieldwork closure, IT Audit was made aware of a Software Asset Management Process Handbook that was developed by NiSource as part of the 2017 IT Service Provider Transition. While this Software Asset Management Process Handbook is not currently in use for recent software asset management procedural activities, NiSource IT Service Governance is currently evaluating this document and intends to share it with broader NiSource IT management post completion of this advisory assessment.*

#### Roles and Responsibilities:

IT Audit noted that NiSource Software Asset Management does not have a defined process owner, with the legacy process traditionally managed based on acquired knowledge and experience. As a result, IT Audit sees an opportunity to both define and formalize the roles and responsibilities for all stakeholders within the Software Asset Management process for providing heightened enterprise accountability and awareness.

#### ITIL Adoption:

While it appears ITIL based training has been completed by a majority of NiSource IT members, the roadmap for adoption and execution of ITIL based practices related to Software Asset Management has yet to be defined. Core Software Asset Management processes such as License Audit Framework and Accountability, Software Asset Maintenance, and Software Asset Lifecycle (from license procurement to retirement) have been managed ad-hoc and based on experience. As such, IT Audit sees an opportunity to leverage ITIL in formalizing the Software Asset Management process and in helping define roles, responsibilities, deliverables, and the related communications strategy.

#### **Summary Comments:**

IT Audit noted there is an opportunity to re-evaluate the Software Asset Management process to clearly communicate process ownership and leverage ITIL based Software Asset Management design work that was originally created by NiSource for the 2017 IT Service Provider Transition program. Additionally, configuration and adoption of an ITIL approach would enable the definition and alignment of key roles and responsibilities for the full Software Asset Management value chain.

NiSource IT Audit would like to thank NiSource IT Service Management/Governance and other relevant business stakeholders for their cooperation and time in supporting this effort.

## SMS Mitigation Proposal Plan Audit

July 2, 2020

To: William Mojica, VP Safety Management & Engineering

From: Chris Marlatt, Audit Project Manager  
Ryan Binkley, Director Internal Audit

# Executive Summary

Internal Audit performed an audit over the governance and controls of implementing the SMS Mitigation Proposal Plans.

The focus of the audit included the following procedures:

- Determine if SMS Mitigation Proposal Plans are implemented throughout NiSource; and
- Understand the processes and controls in place to govern the implementation of the SMS Mitigation Proposal Plans.

## **Summary Conclusions:**

As a result of our procedures, Internal Audit noted governance processes and controls are in place to properly implement proposal plans throughout NiSource and effectively govern the implementation of the SMS Mitigation Proposal Plan.

The following programs were completed meeting all stated objectives: **Casing Removal, Gasket Strainer Inspections, Electric Systems Maintenance Work Stoppage, and ASV Installation – Massachusetts.**

Internal Audit noted that during the audit some of the mitigation plans experienced delays and were not fully executed. The major cause related to the COVID-19 outbreak starting in March which prevented mitigation teams to conduct field visits, training, etc. The following were still in progress as of testing, however Internal Audit noted that SMS leadership has been aligned with process owners over the status of each project.

**LP Uprates:** Plan delayed due to COVID-19. As of date of testing, the LP Uprate team did execute ON 19-10, suspended LP Uprates involving the incremental method, and applied a buffer zone that requires an investigation to determine if address/structures may or may not be in a LP uprate zone. Remaining effort is to finalize the Gas Standard based upon feedback from Operation SMR's with a planned release date of September 1, 2020. This plan impacts multiple states and departments, and as such, Internal Audit will consider auditing this process in future audit periods.

**Secondary Damage Investigation:** Plan delayed due to COVID-19 which had an effect on the training department being able to instruct the new ON. Revisions to Gas Standards completed to expand the definition of damages, added additional requirements for inside inspection or service shut-off, and enhanced gas leak testing. This plan impacts multiple states and departments, and as such, Internal Audit will consider auditing this process in future audit periods.

**UGS Blowout Contingency Plan:** Delays in getting the third party Wild Well to sign and agree to a service agreement postponed implementation of this plan. Once Wild Well and NiSource came to agreeable terms, COVID-19 also delayed Wild Well's field visits which is required to gather data and develop site specific plan, train, and perform table top exercises.

**Confined Space Entry:** This plan is still aligned with original deadline and has completed the following: implemented and updated procedures for safe entry work practices (permit and non-permit) for confined spaces at Supplemental Gas facilities, created an ON Mitigation Plan, and training and inspections complete for vaporizers at LNG plants.

This audit conforms with the International Standards for the Professional Practice of Internal Auditing. Internal Audit would like to thank SMS staff and management for their cooperation and time in support of this audit.

## Background

During the third quarter of 2019, NiSource performed a 30-Day SMS Deep Dive that focused on producing safety mitigation plans across the five SMS asset classes with the goal of reducing operation risk across NiSource. A total of 8 proposals were approved, the following is a brief description of each plan.

**Casing Removal:** Transmission asset class plan focused on updating standards and contingency planning around transmission casing removal.

**Recommendations for LP Upgrades:** M&R asset class plan which will modify procedures and standards related to work on incremental upgrade projects.

**Gasket Strainer Inspections:** M&R asset class plan focused on creating a formal process to document and perform gasket strainer inspections to ensure gas flow will not be limited if strainers have become partially or completely clogged.

**UGS Blowout Contingency Plan:** Supplemental Gas asset class plan related to creating an underground gas storage blowout contingency plan that meets the standards recommended by the American Petroleum Institute.

**Secondary Damage Investigation:** Main or Services & Meter asset class plan that will enhance and standardize requirements for secondary damage investigations following a reported dig-in when a main or service gas line is damaged, weakened or unexpectedly uncovered during excavation.

**Confined Space Entry:** Supplemental Gas asset class plan focused on implementing specific procedures for safe entry work practices for confined spaces at LNG facilities.

**Electric System Maintenance Stop Work:** Supplemental Gas asset plan which will ensure future electrical work is performed by trained electricians.

**Automatic Shutoff Valves (ASV) Installation – Massachusetts:** M&R asset class plan which resumes work of ASV installation in Massachusetts which was on pause as of August 8, 2019.

# Audit Scope and Approach

Internal Audit performed an audit over the governance and controls of implementing the SMS Mitigation Proposal Plans in accordance with company policies and standards. The review performed aligned with the following objectives:

Objective 1: Determine if SMS Mitigation Proposal Plans are implemented throughout NiSource.		
#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Perform walkthroughs with overall management and process plan owners to understand how proposal plans are being adopted throughout NiSource and ensure that implementation activities are aligned with established plans/proposals.	<b>No Findings Noted</b>

Objective 2: Understand the processes and controls in place to govern the implementation of the SMS Mitigation Proposal Plans.		
#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Perform walkthroughs with overall management and process plan owners to understand the processes and controls implemented and where applicable perform testing procedures (i.e. test to ensure gasket strainers were inspected or test to see if blowout contingency plan is in compliance with API RP 1171).	<b>No Findings Noted</b>

**DATE:** April 17, 2020

**SUBJECT: Planning IT Migration – Advisory Memo**

NiSource IT Audit performed an independent advisory assessment of the NiSource Information Technology (IT) PlanningIT Migration project to migrate Software AG's PlanningIT tool into ServiceNow's (SNOW) Application Program Management (APM) module. This migration was performed by KPMG LLP, with NiSource IT providing support and guidance. The objectives of this migration were to establish confidence in how to ensure data quality of NiSource's application portfolio, enable proactive decision making, drive operational excellence, and establish further capabilities within the ServiceNow platform.

### **Key Observations/Review Results:**

#### PlanningIT Migration to ServiceNow APM:

IT Audit's advisory assessment found the project utilized a systematic approach to validate, update and migrate data from the legacy PlanningIT tool into ServiceNow APM. The project team held workshops to identify the key application fields necessary for migration, divided NiSource's applications into functional groups (corporate, customer, infrastructure, etc.), and validated PlanningIT information with both relevant IT and Business owners prior to migration. Additionally, reports and tasks were setup within SNOW to provide the periodic data review cadence required to drive continued accuracy.

#### Statement of Work Deliverables:

IT Audit noted that within the associated Statement of Work (SOW) between KPMG and NiSource IT, nine (9) deliverables were found to be related to APM module development. These deliverables included items such as policy and process guides, technical designs, and "As-Built" documentation outlining configuration changes for the APM module. IT Audit verified these SOW deliverables were created and documented within the construct of project deliverables and in their handoff discussions with WIPRO to assist with understanding and

preparation for APM support (as WIPRO is responsible for ongoing steady state support of the SNOW APM module).

**Future State Management Controls:**

Lastly, IT Audit verified the project team created future state management controls to be utilized by NiSource IT management in assisting with ongoing accuracy and completeness of the SNOW APM module and associated data during steady state operation. These controls consist of reports and tasks, both on-demand and scheduled, which will assist NiSource IT management in maintaining accuracy and completeness of the APM module. IT Audit also met with NiSource IT Risk Management in preparation for inclusion of these management controls in future state IT compliance efforts to ensure they are performed and maintain currency.

**Summary Comments:**

IT Audit found the project team's migration of the defined business application repository from the PlanningIT tool into ServiceNow APM, coupled with subsequent data validation, allowed for the creation of a new application with initially accurate data and processes designed to maintain data accuracy. Additionally, the detailed handover between NiSource IT Service Integration and WIPRO should assist with the support of the new system. However, the continued accuracy of data and information within the tool can only be maintained provided solid processes and procedures are followed and the management controls developed during the project are performed on a routine basis. IT Audit encourages the related SNOW APM IT management controls provided by KPMG be absorbed into any future state NiSource IT Risk Management framework(s) so as to require their continued use in maintaining the accuracy of the system.

NiSource IT Audit would like to thank NiSource IT Architecture, Infrastructure and Application teams and other relevant business stakeholders for their cooperation and time in supporting this effort.

## 2020 Tie-In Audit

May 15, 2020

To: William Mojica, VP Safety Management & Engineering

From: Chris Marlatt, Audit Project Manager  
Ryan Binkley, Director Internal Audit

# Executive Summary

Internal Audit performed an audit over the governance, controls, and management of change to properly execute tie-in work in accordance with company policies and standards for COH, CKY, CGV, CPA, and CMD.

The focus of the audit included the following procedures:

- Determine if tie-in work completed was performed in accordance with company policies and standards; and
- Understand the processes and controls in place to govern the tie-in work flow from design to close-out.

## **Summary Conclusions:**

As a result of our procedures, Internal Audit noted governance processes and controls are in place to properly execute tie-in work in accordance with company policies and standards. Internal Audit noted no findings, however we have made observations regarding Operator Qualifications (“OQ”) and SMS activity/CAP tool.

## **OQ Observations:**

With the assistance of the PS&C department Internal Audit noted that none of the selections showed OQ noncompliance; however Internal Audit did note the following:

- Inconsistency in retaining (i.e. uploading to WMS Docs) OQ documentation;
- Instances where the construction coordinator had past due OQ covered tasks; since they are not physically doing the work this observation is more of a of best practice consideration that coordinators are “current” for all OQ Covered tasks; and
- Tie-in work is typically group based. As such, we noted examples of work where Internal Audit was unable to conclude whether there was full compliance as each task designated as part of a job is not fully documented/reported for each person, etc.

## **SMS Task Force**

The SMS department created a task force to address the growing number of CAP tool items related to Tie-ins and the Tie-in Plan. Starting in February 2020 a cross departmental approach was created to provide SME knowledge to identify which areas of the Tie-in Plan and Tie-in process to focus on. Internal Audit noted that these teams had representation from each state and from all critical departments (i.e. Engineering, Construction, Operations, Standards, Training, and SMS). In March 2020 there was an all hands meeting where specific issues and subteams were identified, see **following slide** for list.

## Executive Summary (Con't)

As of time of testing the following are the different sub teams that are addressing Tie-in risks:

- Contingency Plans – Team created to overhaul the contingency plan section of the Tie-in Plan
- Emergency Tie-In Process – Team created to streamline the process for emergency Tie-in Plans
- Engineering Checklist & Signature Process – Plan to make edits to the engineering section of the Tie-in Plan and clarifying what goes into the signature/approval process within the Advanced Briefing Section
- Tie-in Preparation – Construction/Field Operations and Pre-Construction Review – Team working on edits to each checklist section
- Miscellaneous Items – Team looking into the use of specific equipment (i.e. Air Movers, Electric Gauges, and Tablets)
- Tie-in Specific Template and Drawing Updates - Will review Tie-in specific process steps and standard Tie-in drawings

### ***Internal Audit Conclusion***

Internal Audit will plan to perform follow up work at a later date to determine if the various states adopted the changes from the above SMS Tie-in teams. In addition Internal Audit will comment on SMS leadership's communication of the changes, training provided, and highlight how SMS Management is assessing the effectiveness of the changes as part of the SMS methodology of plan, do, check, act.

## Background

During 2019 there were changes to Gas Standard 1680.010 “Tie-Ins and Tapping Pressurized Pipelines” and a new Gas Standard 2810.050 “Stakeholder Reviews of Design Capital Projects” that impacted the processes and controls related to tie-in work. One of the changes was the expansion of the Tie-in Plan. The Gas Standard provided a Tie-in Plan template that included an Engineering Checklist, Contingency Plan, Advance Briefing, Construction/Field Operations Checklist, Pre-Construction Review, and Project-Specific Tie-in Steps.

## Audit Scope and Approach

Internal Audit performed an audit over the governance, controls, and management of change to properly execute tie-in work in accordance with company policies and standards. The review performed aligned with the following objectives:

<b>Objective 1: Determine if tie-in work completed was performed in accordance with company policies and standards.</b>		
#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Sampled completed Job Orders (both internal and external) and make sure that the Tie-in Plan is filled out in accordance with Gas Standards.	<b>No Findings Noted</b>
2	Verify if Tie-in work performed was completed by individuals with proper OQ.	<b>No Findings Noted</b>
3	Determine if work had proper approval based on GS guidance (i.e. peer or PE).	<b>No Findings Noted</b>

<b>Objective 2: Understand the processes and controls in place to govern the tie-in work flow from design to close-out.</b>		
#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Perform walkthroughs with Gas Control, Engineering, Construction to understand how Gas Control is notified of work performed.	<b>No Findings Noted</b>
2	Perform walkthroughs with supporting departments (i.e. Construction Scheduling, Close-out, PS&C, SMS) to understanding additional layers of governance over the Tie-in process.	<b>No Findings Noted</b>

# 2020 Finding Follow Up: Abnormal Operating Conditions on Customer-Owned Services – Columbia Gas of Pennsylvania

July 13, 2020

To: Michael Davidson, VP & GM of CPA/CMD

From: Jaclyn Callahan, Manager Internal Audit  
Ryan Binkley, Director Internal Audit

## Executive Summary

During 2018, Internal Audit conducted an audit to assess how Abnormal Operating Conditions (AOC)\* were tracked through the use of the NiSource Field Application Survey Tool (NiFAST) and how identified AOCs were remediated timely for Columbia Gas of Pennsylvania (CPA). As of result of the audit, the following **moderate** risk audit finding was created specific to customer-owned services:

- **2018 Audit Finding:** Formal policies, processes and procedures have not been established to address AOCs identified on customer-owned service lines in CPA. (Refer to **Appendix A** for findings rating scale.)
- **2018 Management Response:** Management and IT will be submitting a RIT for the April (2019) IT demand meeting to notify customers through an automated process. This process will entail sending a communication in letter format that notifies a customer to take certain actions when an AOC is identified. The solution will be linked to NiFAST: When a customer is identified, a letter needs to be triggered. After a letter is sent, it needs documented and recorded as such in NiFAST. This IT solution will be in place by the end of the 3<sup>rd</sup> quarter. This change in process will be used when the condition is not deemed to be hazardous. In addition to the IT automated notification, Management will also be putting together a cross-functional team consisting of Regulatory, Legal, Compliance, System Operations and the Integration Center to design the communication message for any possible AOC on a customer-owned service line.

To verify that Management implemented the actions noted above, Internal Audit performed the following:

- Reviewed templates of the letter created to notify customers of AOCs on their lines.
- Obtained a listing of all AOCs identified on customer-owned services from the November 18, 2019 – March 27, 2020.\*\*
  - For a selection of **40** customers, Internal Audit verified DIS system programming indicated that letters were generated.
  - For a selection of **5** customers, Internal Audit obtained a copy of the actual letter sent. No exceptions were noted.

**Internal Audit Conclusion:** Based on procedures performed, Internal Audit considers the finding **adequately addressed by CPA Management**. As such, Internal Audit will close this audit finding.

\*The Code of Federal Regulations, Title 49, Section 192: Subpart I (*Requirements for Corrosion Control*) defines an abnormal operating condition as a condition identified by the operator that may indicate a malfunction of a component or deviation from normal operations that may: (a) indicate a condition exceeding design limits; or (b) result in a hazard(s) to persons, property, or the environment.

\*\*Management implemented the automated process to send letters notifying customers of any AOCs identified on their assets going forward from November 18, 2019. However, as a result of COVID-19, these letters were suppressed as of March 27<sup>th</sup> as Management decided not to send letters that referenced the possibility of shutting off services during the pandemic.

# NiSource Officer Expense Audit

July 28, 2020

To: J. Hamrock, Chief Executive Officer  
From: A. Meyers, Senior Internal Auditor  
J. Callahan, Manager Internal Audit  
R. Binkley, Director Internal Audit

**Note:** Officers as defined in this review were referred to as the Executive Council as of December 31, 2019. In June 2020, the name was changed to the Executive Leadership Team and members of that team were also changed. Those changes will be reflected in the audit conducted over 2020 expenses.

## Executive Summary

Internal Audit conducted an audit of spend incurred by Officers(1) via NiSource corporate credit cards as well as any cash reimbursements processed through the MySpend expense reporting system to identify trends in spending and instances of non-compliance during the period of January 1, 2019 to December 31, 2019(2).

As part of the testing procedures, Internal Audit identified the population of expenses incurred by Officers related to the Columbia Gas of Massachusetts' Greater Lawrence Incident (GLI) that occurred on September 13, 2018. Restoration efforts and related expenses were incurred in both 2018 and 2019; however, the related Officer expenses decreased significantly in 2019. Officer GLI spend for 2019 was **\$8.7K**, which accounted for **~3%** of the total **\$345K** Officer Spend and **~0.2%** of the total 2019 GLI spend of **\$4.4M**.(3)

The focus of the audit included the following procedures:

- Review Accounts Payable and Supply Chain procedures to monitor spend and/or periodically audit Officer expenses; and
- Review Officer expense reimbursements to identify any potential unusual items and/or trends.

### Summary Conclusions:

Internal Audit identified **two (2) low risk** audit findings related to MySpend audit rules and minor deviations from policy.

### Low Risk Finding #1: MySpend Pre-Payment Audit Rule

As an added level of review(4), Accounts Payable programmed MySpend to require all expense reports submitted by Officers and their Administrative Assistants to be subject to a pre-payment audit performed by Accounts Payable personnel. Upon review of this process in Q1 2020, Internal Audit noted that one (1) Officer and their supporting Administrative Assistant (both new to the role in 2019) were excluded from the programming language. As of the date of this report, Accounts Payable has updated the MySpend programming to ensure that all current Officers and their Administrative Assistants are included.

- **Recommendation:** Accounts Payable should establish a process to periodically update the MySpend pre-payment audit programming for any changes to Officer and Executive Administrative Assistant roles.

(1) For the purposes of this audit, Officers are defined as any direct report to the CEO as of December 31, 2019.

(2) Expense population determined by utilizing the GL Extraction Date, the date the expense is posted to the General Ledger.

(3) While no additional testing procedures were deemed necessary, the Officer GLI expense population was subject to review through both analytic procedures and sample testing.

(4) This additional level of review performed by Accounts Payable is not identified as a 404 control but is considered a best practice.

## Executive Summary (Cont'd)

### Summary Conclusions (cont'd):

- **Management Response:** Going forward, a monthly check will be completed using the HR employee list to ensure all employees reporting directly to the CEO and their administrative assistants will be included in the audit group. This group will have all expense reports submitted to the audit queue for review and approval.

### Low Risk Finding #2 –Supporting Documentation:

Internal Audit reviewed **57** Officer expense selections for compliance with corporate policy and treatment for tax purposes. (Refer to **Appendix B** for testing criteria and risk factors utilized in selection process). As a result, it was noted that one (**1**) Officer expense selection did not provide the level of detail required by policy in the documentation uploaded to MySpend.

- **Recommendation:** Officers and their Administrative Assistants should ensure that supporting documentation submitted meets the requirements outlined in NiSource policy.
- **Management Response:** In the future, hotel receipts for meeting deposits and conference room rentals will be returned if not itemized.

### Analytic Highlights

- Officer expenses for 2019 increased **\$35K (11%)** over 2018. The main drivers of this increase were within the following expenses categories: Meals (**\$11K**), Training (**\$10K**), and Ground Transportation (**\$7K**). (Refer to **Appendix C – Analysis by Officer** and **Appendix E – Analysis by Category**).
- Spend submitted by the Administrative Assistants who support Officers increased 100% during 2019. Internal Audit analyzed the total spend by each Administrative Assistant to identify any unusual items or trends. (Refer to and **Appendix D – Analysis by Administrative Assistant**).
  - Note: As Administrative Assistants may incur expenses that benefit Officers due to the nature of their supportive roles and responsibilities, Internal Audit reviewed supplemental selections (as noted in **Appendix B**) in order to ensure that any expenses made by the Administrative Assistants for an Officer’s benefit had the appropriate level of review.

Employee Level	2019	2018	Change (\$)	Change (%)
Officer	345,024	310,098	34,926	11.3%
Administrative Assistant	124,008	61,900	62,108	100.3%

# Executive Summary (Cont'd)

### 2019 vs 2018 Officer Expenses by Category

Refer to **Appendix E** for further analysis on Officer spend by category.

## Background

The following NiSource policies apply to the use of corporate credit cards and reimbursement of business expenses:

Policy Name	Owner
Business Expense Rules and Guidelines (includes Guidelines reference document)	Finance & Accounting
Requisition and Disbursement Approval Levels	Finance & Accounting
Vehicle Policy	Supply Chain
Travel Policy	Supply Chain
Mobile Devices and Cellular Services Policy	Information Technology
Fraud Prevention Policy	Corporate
Gifts, Meals and Entertainment	Corporate
Use of Aircraft Policy	Corporate

In 2018, NiSource transitioned from an American Express Employee Expense card to a JPMorgan Chase (“One Card”) Visa. American Express was effective as the provider for corporate cards from January 1, 2018 through August 30, 2018 and the One Card was effective July 19, 2018 through the date of this review.

In 2019, Officers held only One Cards to pay for business expenses. One Card charges are auto-fed into the NiSource expense reporting system, MySpend, and then processed by the individual Officers. Officers who incur out of pocket business expenses may include them within their MySpend expense reports for review and approval by their supervisor. Once expense reports are processed and approved within MySpend, payments are remitted to the card administrator.

Accounts Payable designed the following rules within the MySpend system:

- “Hard Stops” are generated if a transaction does not meet programmed criteria and an automatic web response is sent to the MySpend user notifying them that the expense report won’t be processed until all required criteria have been entered.
- Expense reports meeting programmed criteria within MySpend are sent to pre-payment reviews performed by Accounts Payable. As part of the programmed criteria, Accounts Payable reviews:
  - A system generated sample of 10% of all expense reports submitted; and
  - Expense reports from Officers and their Administrative Assistants are automatically sent to the audit queue. The list is periodically updated. (Refer to **Slide 7** for a finding related to this process.)

# Audit Scope and Approach

<b>Objective 1: Analyze Officer expenses to identify unusual items and/or trends.</b>		
<b>#</b>	<b>Procedures</b>	<b>Findings Summary (Refer to Appendix A)</b>
1	Analyze a two-year period of Officer to detect significant variations over time.	<b>No Findings Noted – Refer to Appendix C</b>
2	Analyze the current audit period’s Officer expenses and determine whether the expenses were submitted timely for review, approval, and payment.	<b>No Findings Noted</b>
3	Analyze the current audit period’s Officer expenses to identify outliers, anomalies, or potential fraud indicators.	<b>Refer to Objective 2 &amp; Appendix E</b>
<b>Objective 2: Determine whether corporate credit card expenses are submitted timely and processed in accordance with the Business Expense Policy and Internal Revenue Service guidelines.</b>		
<b>#</b>	<b>Procedures</b>	<b>Findings Summary (Refer to Appendix A)</b>
1	Review the procedures performed by Accounts Payable and Supply Chain to monitor spend and/or periodically audit transactions incurred by Officers.	<b>Finding #1 – See Page 7</b>
2	Using a risk-based approach, review selected expense transactions incurred by Officers (and their administrative assistants) identified as part of our analytic procedures in Step 3 of Objective 1 and evaluate their compliance with Corporate Policies.	<b>Finding #2 – See Page 8</b>
3	Review procedures followed to identify expenses incurred on behalf of the Officer’s spouse and ensure proper treatment for tax purposes.	<b>No Findings Noted</b>
4	Verify that taxable travel (including the use of the Company-leased aircraft or instances of unique commuting arrangements) has been identified and properly included in income as required by IRS reporting requirements for Officers.	<b>No Findings Noted</b>
5	Assess the accuracy and completeness of perquisite information disclosed in the most recent NiSource, Inc. Proxy (Schedule 14A) for the applicable Officers.	<b>No Findings Noted</b>

## Findings (Cont'd)

<p><b>Objective #2, Procedure #1:</b> Review the procedures performed by Accounts Payable and Supply Chain to monitor spend and/or periodically audit transactions incurred by Officers.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> One (1) Officer and their supporting Administrative Assistant (both new to the role in 2019) were excluded from MySpend programming language which sends expense reports to Accounts Payable to perform pre-payment audits.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Remediation Date:</b></p> <p><b>Q3 2020</b></p>
<p><b>Observation</b></p> <p><b>Criteria:</b> As an added level of review, MySpend is programmed to require all expense reports submitted by Officers and their Administrative Assistants to be subject to a pre-payment audit performed by Accounts Payable personnel.</p> <p><b>Condition:</b> Upon review of this process in Q1 2020, Internal Audit noted that one (1) Officer and their supporting Administrative Assistant (both new to the role in 2019) were excluded from the programming language. As of the date of this report, Accounts Payable has updated the MySpend programming to ensure that all current Officers and their Administrative Assistants are included.</p> <p><b>Risk/Impact:</b> Instances of non-compliance with policy and / or unusual transactions may not be identified by management.</p>	
<p><b>Recommendation</b></p> <p>Accounts Payable should establish a process to periodically update the MySpend pre-payment audit programming for any changes to Officer and Executive Administrative Assistant roles.</p>	
<p><b>Management Response</b></p> <p>Going forward, a monthly check will be completed using the HR employee list to ensure all employees reporting directly to the CEO and their administrative assistants will be included in the audit group. This group will have all expense reports submitted to the audit queue for review and approval.</p>	

## Findings (Cont'd)

<p><b>Objective #2, Procedure #2:</b> Review selected corporate card expense transactions identified as outliers, anomalies, or potential fraud indicators and evaluate their compliance with corporate policies.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #2:</b> One (1) Officer expense selection did not provide the level of detail required by policy in the supporting documentation uploaded to MySpend.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Remediation Date:</b></p> <p>Q3 2020</p>
<p><b>Observation</b></p> <p><b>Criteria:</b> Officer expenses are for valid business purposes, are adequately supported and reviewed, and are in compliance with corporate policy.</p> <p><b>Condition:</b> Internal Audit reviewed <b>57</b> expense selections for compliance with corporate policy and treatment for tax purposes. (Refer to <b>Appendix B</b> for testing criteria and risk factors utilized in selection process). Internal Audit identified one (<b>1</b>) Officer expense selection did not provide the level of detail required by policy in the supporting documentation uploaded to MySpend.</p> <p>The selection identified related to a deposit for the June NiSource Leadership Meeting for ~\$8,317 that was labeled as a “Hotel” expense in MySpend. Based on the nature of this transaction, the expense type for “Conference Room Rentals” may be more appropriate*; however, the Business Expense Rules and Guidelines note that both expense types require the following supporting documentation:</p> <ul style="list-style-type: none"> <li>• <b>Hotel:</b> Itemized hotel receipts must be provided in order for room expenses to be distinguished from all other expenses; and</li> <li>• <b>Conference Room Rentals:</b> Offsite Conference Room Rental or deposit should be itemized by day and by conference room. Itemizations are required.</li> </ul> <p>A receipt was uploaded to MySpend for this expense, which had one line item for “group charges.” Internal Audit noted that this selection was audited by Accounts Payable as part of the MySpend pre-payment audit rule but was not sent back to the Officer to provide the proper level of detail.</p> <p><i>*As the accuracy of the expense type classification impacts the business’ ability to analyze expenses (e.g. identify average cost per person, transaction, and / or day) and make policy decisions, we encourage Officers and their Executive Administrative Assistants to fully consider the nature of the transaction when classifying expenses.</i></p>	

## Findings (Cont'd)

<p><b>Objective #2, Procedure #2:</b> Review selected corporate card expense transactions identified as outliers, anomalies, or potential fraud indicators and evaluate their compliance with corporate policies.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #2:</b> One (1) Officer expense selection did not provide the level of detail required by policy in the supporting documentation uploaded to MySpend.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Remediation Date:</b></p> <p>Q3 2020</p>
<p><b>Observation (cont'd)</b></p> <p><b>Risk/Impact:</b> Instances of non-compliance with policy and / or unusual transactions may not be identified by management.</p>	
<p><b>Recommendation</b></p> <p>Officers and their Administrative Assistants should ensure that supporting documentation submitted in MySpend meets the requirements outlined in NiSource policy.</p>	
<p><b>Management Response</b></p> <p>In the future, hotel receipts for meeting deposits and conference room rentals will be returned if not itemized.</p>

# Appendix A

Ratings Scale for Audit Findings	
<b>High</b>	<p>Requires corrective action due to high risk of one or more of the following: safety risk; material financial statement impact or fraud; significant violation of established policies and procedures; process/control environment breakdown for critical business processes; high likelihood of legal/regulatory fines or penalties for non-compliance; or significant brand/reputational exposure.</p> <p><i>High risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform independent effectiveness validation testing of a Management remediated, high risk finding prior to official closure.</i></u></p>
<b>Moderate</b>	<p>Requires corrective action due to moderate risk of one or more of the following: safety risk; potential for significant financial statement impact or fraud; process/control design deficiency; process/control not operating effectively; moderate likelihood of legal/regulatory fines or penalties; or potential for negative publicity/brand impact.</p> <p><i>Moderate risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform an independent process design review of a Management remediated, moderate risk finding prior to official closure.</i></u></p>
<b>Low</b>	<p>Requires minimal attention: no material financial or operational impact; low probability of residual risk; process/controls operating below optimal levels.</p> <p><i>Low risk findings require an auditee Management Response.</i></p> <p><u><i>Internal Audit typically does not perform follow-up review procedures on low risk findings.</i></u></p>

## Appendix B – Selection Analysis

Using a risk-based approach, Internal Audit selected a total of **57** selections for compliance with corporate policy and treatment for tax purposes based on the following criteria and methodologies:

Criteria:	Definition:
High Risk Expense Types	Expense types with past audit issues, higher potential for fraud, misclassification, or tax impacts such as Gifts, Entertainment, & Other
Amount	High dollar spend, or high spend per nights stay, rental days, or attendees; spend just under receipt requirements or other thresholds
Payment Type	Cash reimbursements in unexpected expense types
Vendor	Unusual vendors
Business Purpose	Transactions without sufficient detail in the business purpose (e.g. March Expenses) or transactions which indicate a purpose related to NIPAC
Fraud Risk Factors	Transactions incurred on weekends or holidays, round dollar amounts, spend just below policy limits, etc
Risk of Inadequate Review	Internal Audit made selections of expenses submitted by Officers' Administrative Assistants to address the risk of an Administrative Assistant charging expenses for the benefit of the Officer without adhering to the appropriate approval process in those cases. Additionally, Internal Audit noted that total expenses submitted by Officers' Administrative Assistant expenses increased \$62.1K from 2018 to 2019, which is a 100.3% increase. As such, IA selected nine (9) selections from the 2019 Executive Administrative Assistant Expenses obtained from MySpend, as this was deemed to be a risk factor in the current year.

Selection Summary				
Employee Level	Selections		Population	
	#	\$	#	\$
Officers	48	59,474	2,586	345,024
Admin Assistants	9	24,706	686	124,008
<b>Total</b>	<b>57</b>	<b>84,180</b>	<b>3,272</b>	<b>469,032</b>

## Appendix C – Analysis by Officer

The table and chart below display the 2019 vs. 2018 MySpend expenses for Officers. Total Officer spend increased 11% from 2018 to 2019. See below for further analysis:

Spend by Officer	2019	2018	Change (\$)	Change (%)
<b>Brown, Donald</b>	38,130	28,098	10,032	36%
<b>Disser, Peter</b>	12,437	14,240	(1,803)	-13%
<b>Hamrock, Joseph</b>	53,899	64,993	(11,094)	-17%
<b>Hightman, Carrie</b>	72,001	51,636	20,365	39%
<b>Keener, Kenneth</b>	16,719	11,883	4,836	41%
<b>Shafer, Charles</b>	33,201	48,763	(15,562)	-32%
<b>Sistovaris, Violet</b>	58,566	34,236	24,330	71%
<b>Surface, Suzanne</b>	16,754	25,575	(8,821)	-34%
<b>Vegas, Pablo</b>	43,317	30,674	12,643	41%
<b>Grand Total</b>	<b>345,024</b>	<b>310,098</b>	<b>34,926</b>	<b>11%</b>

In addition to the selection testing performed, Internal Audit noted that these increases were evaluated as part of our analysis of the top 5 expense categories (Refer to **Appendix F** through **Appendix I**):

Internal Audit concluded that the increases listed above were reasonable. Refer to **Appendix E – Analysis by Category** for an overview of Officer spend by category.

## Appendix D – Analysis by Administrative Assistant

The table and chart below display the 2019 vs. 2018 spend for Administrative Assistants that directly reported to Officers as of 12/31/2019. Overall spend submitted by Administrative Assistants Spend doubled in total from 2018 to 2019. See below:

Spend by Admin.	2019	2018	Change (\$)	Change (%)
<b>Morris, Jessica</b>	31,857	21,809	10,048	46%
<b>Logan, Jennifer</b>	30,646	10,673	19,973	187%
<b>Llewellyn, Dana</b>	28,429	1,036	27,393	2644%
<b>Ruckman, Cynthia</b>	10,488	2,316	8,172	353%
<b>Vanson, Janet</b>	7,257	7,922	(665)	-8%
<b>Nelson, Stacye</b>	6,378	5,731	647	11%
<b>Metcalfe, Beverly</b>	6,099	4,210	1,889	45%
<b>Deak, Lisa</b>	2,854	8,203	(5,349)	-65%
<b>Grand Total</b>	<b>124,008</b>	<b>61,900</b>	<b>62,108</b>	<b>100%</b>

- 1** – Morris’ **\$10K** increase related to catering for SMS project meetings, which did not occur in 2018.
- 2** – Logan’s **\$20K** increase was for an Officer’s OSU Fisher College of Business COE Board Membership that commenced in 2019.
- 3** – Llewellyn had a **\$26K** increase due to travel related to monthly SMS Quality Review Board meetings that commenced in April 2019.
- 4** – Ruckman had a **\$6K** increase related to dues to a professional organization for two annual periods - both 2018 and 2019 dues were posted to the GL in 2019 .

**Conclusion:** Per review of the table above, Internal Audit noted the following 2019 expense increases related to projects, events and membership dues that were not incurred in 2018. Internal Audit concluded that the increases listed above were reasonable. As such, no further analysis has been provided for Administrative Assistant spend.

Note, Internal Audit identified three (3) policy deviations within the population of expenses submitted by Administrative Assistants:

- One (1) selection that was a taxable expense not properly included in income; and
- Two (2) selections that were misclassified in the Expense Type field available within MySpend.

These deviations are not included as a separate finding in this report, as these deviations did not directly relate to an Officer and the nature of the exceptions are covered by existing findings within the **Employee Expense Review**.

## Appendix E – Analysis by Category

Internal Audit reviewed Officer spend by expense category, noting the top 5 categories with highest spend made up **94%** of the total Officer spend. Additionally, Internal Audit compared the average spend by category incurred by Officers to the average spend of the same category incurred by non-Officers, noting the following:

Officer Spend by Category					2019 Average Spend per Transaction			Reference:
Category	2019 (\$)	2018 (\$)	Variance (\$)	Variance (%)	Officer Average (\$)	Non-Officer Average (\$)	Variance (\$)	
Meals	125,203	113,725	11,478	10%	169	50	119	Appendix E
Hotel Services	85,747	85,813	(66)	0%	135	103	32	Appendix F
Ground Transportation	43,574	36,191	7,383	20%	57	45	12	Appendix G
Air Transportation	40,986	44,340	(3,354)	-8%	197	263	(66)	Appendix H
Training, Dues & Memberships	30,227	20,028	10,199	51%	916	477	439	Appendix I
Meetings	5,359	3,040	2,319	76%	335	445	(110)	N/A
Office	4,837	4,280	557	13%	72	131	(59)	N/A
Other	4,579	264	4,315	1634%	82	418	(336)	*
Entertainment	2,432	-	2,432	100%	304	414	(110)	N/A
Gifts & Awards	1,574	2,350	(776)	-33%	143	157	(14)	N/A
Communications	472	65	407	626%	10	88	(78)	N/A
Field	34	2	32	1600%	34	234	(200)	N/A
<b>Grand Total</b>	<b>345,024</b>	<b>310,098</b>	<b>34,926</b>	<b>11%</b>	<b>N/A</b>	<b>N/A</b>	<b>N/A</b>	

\*Due to the variable nature of the “Other” category, IA deemed it necessary to provide further information on the year-over-year fluctuation, as this category may contain expenses for: advertising, charitable contributions / donations, credit card fees and miscellaneous costs. For this category in table above, the year-over-year variance is related to a **\$2.2K** donation for the GCSC Community Cup and **\$2.4K** for CMA Emergency Response.

**NOTE:** In **Appendix F** through **Appendix J**, Internal Audit reviewed any Officer’s spend within the respective category with a variance over \$5K from the prior year to identify drivers. All averages in this report are based on transaction count. Additionally, Internal Audit identified outliers within category spend to review for compliance with policy as part of our selections testing methodology on Slide 11. IA also identified the top 5 vendors of the top 5 categories noted in the table above (see **Appendix K**).

## Appendix F – Meals Analysis

Officers' largest expense category related to Meal expenses totaling ~\$125K in 2019. Refer to the tables below for further analysis:

Officer	2019	2018	Change	
	\$	\$	(\$)	(%)
Sistovaris, Violet	35,487	11,660	23,827	204% <sup>1</sup>
Hamrock, Joseph	20,657	22,486	(1,829)	-8%
Vegas, Pablo	19,790	12,420	7,370	59% <sup>2</sup>
Hightman, Carrie	13,015	20,911	(7,896)	-38% <sup>1</sup>
Shafer, Charles	12,712	14,896	(2,184)	-15%
Keener, Kenneth	7,690	5,563	2,127	38%
Surface, Suzanne	7,367	15,752	(8,385)	-53% <sup>3</sup>
Brown, Donald	6,161	5,964	197	3%
Disser, Peter	2,324	4,073	(1,749)	-43%
<b>Grand Total</b>	<b>125,203</b>	<b>113,725</b>	<b>11,478</b>	<b>10%</b>

<sup>1</sup> – The main driver of the Sistovaris' increase related to expenses totaling \$16.4K for the 2019 Energetic Women's Conference. Expenses related to this event totaling \$17.6K were submitted by Hightman in 2018.

<sup>2</sup> – The increase for Vegas can mainly be attributed to \$8.6K related to multiple SMS Quality Review Board dinners in 2019, which was implemented in 2019.

<sup>3</sup> – The significant decrease for Surface is mainly attributed to \$10.8K related to CVT Weekly Working Sessions that occurred in 2018, but not 2019.

Meals – Expense Type	2019			2018			Change	
	\$	Count	Average (\$)	\$	Count	Average (\$)	(\$)	(%)
With Attendees *	113,892	419	272	104,459	500	209	9,433	9%
Work Late/Snacks/Celebrations	5,976	27	221	6,351	10	635	(375)	-6%
Self Only - Travel Status	5,283	293	18	2,900	159	18	2,383	82%
Self Only - Not On Travel Stat (Taxable)	52	4	13	15	2	8	37	247%
<b>Grand Total</b>	<b>125,203</b>	<b>743</b>	<b>169</b>	<b>113,725</b>	<b>671</b>	<b>169</b>	<b>11,478</b>	<b>10%</b>

\*For the Meals with Attendees Expense Type, the average cost per attendee for expenses submitted by Officers was \$40 per attendee. Internal Audit noted that the average cost per attendee for expenses submitted by Non-Officers in 2019 was \$19. Of the 419 Meals with Attendees submitted by Officers, 48 of them were over \$100 per attendee. The maximum meal per attendee submitted by an Officer was \$482 per person.

## Appendix G – Hotel Services Analysis

Officers' second largest expense category related to Hotel Services expenses totaling ~\$85.7K in 2019. Refer to the tables below for further analysis:

Officer	2019	2018	Change	
	\$	\$	(\$)	(%)
Hightman, Carrie	24,747	6,438	18,309	284% <sup>1</sup>
Hamrock, Joseph	17,943	26,647	(8,704)	-33% <sup>2</sup>
Brown, Donald	13,069	9,316	3,753	40%
Sistovaris, Violet	9,120	7,638	1,482	19%
Vegas, Pablo	6,801	10,890	(4,089)	-38%
Shafer, Charles	5,661	12,757	(7,096)	-56% <sup>3</sup>
Disser, Peter	4,548	5,430	(882)	-16%
Keener, Kenneth	2,086	2,513	(427)	-17%
Surface, Suzanne	1,772	4,184	(2,412)	-58%
<b>Grand Total</b>	<b>85,747</b>	<b>85,813</b>	<b>(66)</b>	<b>-0.1%</b>

<sup>1</sup> – The significant flux from prior year for Hightman related to ~\$13K expenses incurred in 2019 for travel for CMA legal meetings, prep and hearings for the GLI.

<sup>2</sup> – The decrease in Hamrock's hotel spend in 2019 can be attributed to \$3K expensed in 2018 for an extension of the Executive Council Meeting that did not occur in 2019. Additionally, he traveled less in 2019 for GLI work than he did in 2018.

<sup>3</sup> – The significant decrease for Shafer's hotel services relates to a \$5K decrease in travel for GLI work in 2019.

Hotel Services – Expense Type	2019			2018			Change	
	\$	Count	Average (\$)	\$	Count	Average (\$)	(\$)	(%)
<b>Non-Room Expense</b>	138	132	1	1,325	49	27	(1,187)	-90%
<b>Hotel</b>	76,058	260	293	79,803	315	253	(3,745)	-5%
<b>Hotel Tax</b>	8,190	175	47	3,273	136	24	4,917	150%
<b>Hotel/Lodging – Self (retired)</b>	683	2	341	864	6	144	(181)	-21%
<b>Travel Fees (Egencia)</b>	678	66	10	548	40	14	130	24%
<b>Grand Total</b>	<b>85,747</b>	<b>635</b>	<b>135</b>	<b>85,813</b>	<b>546</b>	<b>157</b>	<b>(66)</b>	<b>-0.1%</b>

\*For the Hotel Expense Type, the average cost for expenses submitted by Officers was \$293. Internal Audit noted that the average cost for expenses submitted by Non-Officers in 2019 was \$144.

The maximum transaction submitted by an Officer was \$8.3K. This transaction was referenced in more detail in **Finding #2** (page 8). See slide for further review.

## Appendix H – Ground Transportation Analysis

Officers' third largest expense category related to Ground Transportation expenses totaling ~\$43.6K in 2019. Refer to the tables below for further analysis:

Officer	2019	2018	Change	
	\$	\$	(\$)	(%)
Hightman, Carrie	9,907	4,789	5,118	107% <sup>1</sup>
Hamrock, Joseph	9,395	7,770	1,625	21%
Sistovaris, Violet	6,411	6,315	96	2%
Vegas, Pablo	6,015	2,795	3,220	115%
Brown, Donald	5,321	3,153	2,168	69%
Disser, Peter	2,190	1,960	230	12%
Shafer, Charles	1,786	7,055	(5,269)	-75% <sup>2</sup>
Keener, Kenneth	1,690	841	849	101%
Surface, Suzanne	859	1,513	(654)	-43%
<b>Grand Total</b>	<b>43,574</b>	<b>36,191</b>	<b>7,383</b>	<b>20%</b>

<sup>1</sup> – The significant flux in Hightman's ground transportation expenses from prior year related to ~\$3K expenses incurred in 2019 for travel for CMA legal meetings, prep and hearings for the GLI.

<sup>2</sup> – The significant decrease in Shafer's ground transportation expenses relates to a ~\$3K decrease in travel for GLI work in 2019.

Ground Transportation – Expense Type	2019			2018			Change	
	\$	Count	Average (\$)	\$	Count	Average (\$)	(\$)	(%)
Car Rental	3,341	29	115	7,863	33	238	(4,522)	-58%
Rental Car Fuel	104	9	12	489	14	35	(385)	-79%
Ground Transportation (Bus/Car/Rail/Taxi)*	29,662	481	62	18,091	303	60	11,571	64%
Tolls / Road Charges / Parking	5,190	167	31	4,738	131	36	452	10%
Personal Car Mileage	5,277	73	72	5,010	94	53	267	5%
<b>Grand Total</b>	<b>43,574</b>	<b>759</b>	<b>57</b>	<b>36,191</b>	<b>575</b>	<b>63</b>	<b>7,383</b>	<b>20%</b>

\*Ground Transportation (Bus/Car/Rail/Taxi) spend increased due to increases in travel of \$3K for Investor Meetings, \$1.3K for National Transportation Safety Board Meetings and \$2.1K for Ratings Agency Meetings in the current year.

For the Ground Transportation (Bus/Car/Rail/Taxi) Expense Type, the average cost for expenses submitted by Officers was \$62. Internal Audit noted that the average cost for expenses submitted by Non-Officers in 2019 was \$27. The maximum transaction submitted by an Officer was \$1,577.

## Appendix I – Air Transportation Analysis

Officers' fourth largest expense category related to Air Transportation expenses totaling ~\$41K in 2019. Refer to the tables below for further analysis:

Officer	2019	2018	Change	
	\$	\$	(\$)	(%)
Hightman, Carrie	14,373	8,649	5,724	66% <sup>1</sup>
Shafer, Charles	5,842	9,664	(3,822)	-40%
Keener, Kenneth	4,742	2,455	2,287	93%
Brown, Donald	4,402	7,331	(2,929)	-40%
Surface, Suzanne	3,814	4,088	(274)	-7%
Hamrock, Joseph	2,251	5,675	(3,424)	-60%
Disser, Peter	1,922	2,451	(529)	-22%
Vegas, Pablo	1,918	943	975	103%
Sistovaris, Violet	1,722	3,084	(1,362)	-44%
<b>Grand Total</b>	<b>40,986</b>	<b>44,340</b>	<b>(3,354)</b>	<b>-8%</b>

<sup>1</sup> – The significant flux for Hightman from prior year related to \$5K expenses incurred in 2019 for travel for CMA legal meetings, prep and hearings for the GLI.

Air Transportation – Expense Type	2019			2018			Change	
	\$	Count	Average (\$)	\$	Count	Average (\$)	(\$)	(%)
Airfare*	40,340	142	284	42,922	166	259	(2,582)	-6%
Airline Fees	646	66	10	1,418	111	13	(772)	-54%
<b>Airfare / Airline Fees</b>	<b>40,986</b>	<b>208</b>	<b>197</b>	<b>44,340</b>	<b>277</b>	<b>160</b>	<b>(3,354)</b>	<b>-8%</b>

\*For Airfare, the average cost for expenses submitted by Officers was \$284. Internal Audit noted that the average cost for expenses submitted by Non-Officers in 2019 was \$350. The maximum airfare / airline fee submitted by an Officer was \$1,609.

Note: The corporate jet was in use during 2019 and the use of the jet could impact Officer spend for Air Transportation.

## Appendix J – Training, Dues & Memberships Analysis

Officers' fifth largest expense category related to Training expenses totaling ~\$30K in 2019. Refer to the tables below for further analysis:

Officer	2019	2018	Change	
	\$	\$	(\$)*	(%)
Vegas, Pablo	7,230	2,295	4,935	215%
Hightman, Carrie	6,539	7,406	(867)	-12%
Shafer, Charles	5,475	2,595	2,880	111%
Sistovaris, Violet	3,609	2,399	1,210	50%
Hamrock, Joseph	3,480	2,295	1,185	52%
Brown, Donald	2,385	2,295	90	4%
Disser, Peter	1,300	325	975	300%
Keener, Kenneth	209	418	(209)	-50%
<b>Grand Total</b>	<b>30,227</b>	<b>20,028</b>	<b>10,199</b>	<b>51%</b>

\*Internal Audit noted no significant fluctuations from prior year.

Training, Dues & Memberships – Expense Type	2019			2018			Change	
	\$	Count	Average (\$)	\$	Count	Average (\$)	(\$)	(%)
Civic and Professional Associations*	9,933	12	828	4,703	9	523	5,230	111%
Seminars / Conferences / Training	20,294	21	966	15,325	15	1,022	4,969	32%
<b>Grand Total</b>	<b>30,227</b>	<b>33</b>	<b>916</b>	<b>20,028</b>	<b>24</b>	<b>835</b>	<b>10,199</b>	<b>51%</b>

\*Significant fluctuation for Civic and Professional Associations was attributed to a membership to YPO INTL for \$3.75K in the current year.

For the Seminars / Conferences / Training Expense Type, the average cost for expenses submitted by Officers was \$966. Internal Audit noted that the average cost for expenses submitted by Non-Officers in 2019 was \$557. The maximum transaction submitted by an Officer was \$1,900.

## Appendix K – Top Vendors for Officer Spend

The two charts below display the top 10 vendors for Officers for 2019 and 2018 for overall spend:

2019 Top 10 Vendors	Count	Spend (\$)	Average (\$)	Max (\$)
Marriott	81	32,186	397	16,440
American Airlines	169	21,303	126	1,609
Guckenheimer NiSource	115	18,769	163	1,147
Hilton	135	17,817	132	8,318
Hyatt	128	16,755	131	1,053
Southwest Airlines	64	15,693	245	1,106
Uber	390	11,355	29	267
American Gas Association	11	8,050	732	1,095
Ritz Carlton	51	7,621	149	965
Edison Electric Inst.	5	7,500	1,500	1,900

2018 Top 10 Vendors	Count	Spend (\$)	Average (\$)	Max (\$)
Guckenheimer NiSource	129	31,693	246	2,441
Hilton	152	23,167	152	3,000
Hyatt	56	20,965	374	9,015
Southwest Airlines	100	18,641	186	1,186
Waldorf Astoria	4	17,604	4,401	13,073
American Airlines	72	16,301	226	1,489
DoubleTree	199	13,660	69	347
United Airlines	24	6,217	259	1,354
Edison Electric Inst.	4	5,600	1,400	1,400
Uber	237	5,496	23	169

**Conclusion:** No unusual vendors noted in the tables above and no significant changes in spend. The max transactions in 2019 and 2018 listed above are for a recurring annual conference. No further analysis required.

The charts below display the top five vendors for the top five categories analyzed in Appendix F through Appendix J:

Meals - 2019 Top Vendors	Count	Spend (\$)	Average (\$)	Max (\$)
Marriott	23	20,539	893	16,440
Guckenheimer NiSource	105	15,038	143	736
Black Point	9	6,696	744	1,991
Gamba	12	5,854	488	2,111
McCormick & Schmick's	1	4,506	4,506	4,506

Hotel - 2019 Top Vendors	Count	Spend (\$)	Average (\$)	Max (\$)

# Employee Expense Audit & Analytics (2019 Annual Period)

July 28, 2020

To: A . Acevedo, Director Shared Services Center

From: M. Castillo, Internal Auditor  
J. Callahan, Manager Internal Audit  
R. Binkley, Director Internal Audit

# Executive Summary

Internal Audit conducted an audit of expense transactions incurred by employees on behalf of NiSource to analyze trends in employee spending and aid in identifying instances of non-compliance during the period of January 1, 2019 to December 31, 2019<sup>(1)</sup>. Refer to the chart below for a breakdown of spend by the various corporate card types in use during 2019.

Card Type	Administrator	Total 2019 Spend (MM)	Total 2018 Spend (MM)	Variance (MM)	% of Change	Reference
Employee Expense Cards <sup>(2)</sup>	JPMorgan Chase "One Card" Visa	\$ 44.65	\$ 50.41	\$ (5.76)	-11%	Appendix E-I
Purchasing Cards	Citibank	\$ 0.40	\$ 27.70	\$ (27.30)	-99%	(3)
Fuel Cards	ARI/WEX	\$ 16.13	\$ 17.50	\$ (1.37)	-8%	Appendix J
Fleet Cards	ARI	\$ 0.04	\$ 0.05	\$ (0.01)	-26%	Appendix J
<b>Total Corporate Credit Card Spend</b>		<u>\$ 61.22</u>	<u>\$ 95.66</u>	<u>\$ (34.44)</u>	<u>-36%</u>	

The focus of the audit included the following procedures:

- Determine whether corporate card access is properly removed from terminated/former employees;
- Analyze corporate card and other reimbursable expenses to identify any unusual items and/or trends;
- Determine whether a sample of corporate card and other reimbursable expenses are processed in accordance with the Business Expense policy and Internal Revenue Service (IRS) guidelines.

<sup>(1)</sup> Expense population determined by utilizing the GL Extraction Date, the date the expense posted to the General Ledger.

<sup>(2)</sup> Employees who are not issued corporate credit cards or who incur out of pocket expenses may still incur legitimate reimbursable business expenses. These expenses are submitted within the MySpend expense reporting system and are included in the Employee Expense Cards total referenced above.

<sup>(3)</sup> Supply Chain noted that all Purchasing Cards, with the exception of two (2), were closed as of November 22, 2018. The remaining two (2) cards were utilized solely for the Columbia Gas Massachusetts' Greater Lawrence Incident (GLI) expenses. The cards were managed by Supply Chain personnel and were closed as of February 22, 2019.

# Executive Summary

## Summary Conclusions:

As a result of the analytic procedures performed and a review of **54** expense selections (refer to **Appendix B** for testing criteria and risk factors utilized in selection process), Internal Audit identified the following **four (4) moderate** and **one (1) low** risk audit findings:

### **Finding #1 - Departed Employees With One Card Access (Moderate Risk)**

Internal Audit reviewed a listing of all active One Cards as of April 1, 2020, noting that card access was not removed timely upon the departure of six **(6)** employees and extended leave (i.e. greater than 6 months) of five **(5)** employees. Additionally, one **(1)** former employee made purchases totaling **\$656** on their corporate card several months after their departure from the company and these expenses were paid by NiSource.

- **Recommendation:** Supervisors should ensure employees no longer have access to their corporate card and should reconcile any remaining balances (i.e. unprocessed credit card transactions in MySpend and/or unpaid submitted personal expenses) upon the employee's departure. In addition to the supervisor's responsibilities, Accounts Payable Management and Human Resources should collaborate to periodically verify that active corporate cards are assigned to active employees only and any outstanding balances have been resolved.
- **Management Response:** When this was researched, the employees with continued access were not included in the termination report sent by HR and received every Monday into the MySpend@nisource.com inbox. HR and Accounts Payable are working together to streamline its communication process and ensure that weekly emails will include all terminations and extended leaves. These changes will be in place by **August 1, 2020**.

# Executive Summary

## Summary Conclusions (Cont'd):

### **Finding #2 – Method of Submission Varies (Low Risk)**

Internal Audit identified transactions which appear to meet the classification of employee expenses submitted through methods other than MySpend (e.g. Catalyst). Refer to **Slide 15** for further detail on the transactions identified.

The Business Expense Policy states the following:

“The One Card is required for all approved business expenses wherever the card is accepted. If a merchant does not accept the One Card, or in the event of an emergency where the employee does not have access to the One Card, a personal credit card may be used after receiving approval from the employee's supervisor.” Additionally, the policy notes that business expenses must be submitted for reimbursement “in the expense reporting tool, MySpend.”

However, the expense policy also indicates that “the One Card can not be used for invoices provided by a supplier.”

As the policy language may conflict in certain cases, none of the transactions identified by Internal Audit are direct violations of policy. However, Internal Audit noted that employee expenses submitted through other methods may not provide the detail necessary to ensure proper tax treatment (e.g. names of attendees/recipients) and current processes do not review transactions submitted in this manner for tax purposes. Additionally, employee expense transactions that are not submitted through MySpend are not classified by expense categories and impact the company's ability to effectively analyze expenses and make policy decisions.

- **Recommendation:** Accounts Payable should work to clarify requirements for method of submission within the policy and work with Communications and Training to educate employees and their supervisors on the proper methods to submit business expenses.
- **Management Response:** Accounts Payable is currently proposing changes to the policy to add verbiage to use the OneCard for payment specifically for Season Tickets, Civic & Professional Associations, and Social and Athletic Club Memberships. Accounts Payable will reach out to the employees who completed the payments through Catalyst which were identified by Internal Audit to provide education once the policy has been finalized. Additionally, as referenced in the response to Finding #5, Accounts Payable is also working to establish a training for employees over the Business Expense policy and use of MySpend. These changes are expected to be completed by **December 31, 2020**.

# Executive Summary

## Summary Conclusions Cont'd:

### **Finding #3 - Taxable Expenses not Properly Included in Income (Moderate Risk)**

Internal Audit noted two (2) expense types, “Taxable to the Employee” and “Meals – Self Only – Not On Travel Status (Taxable to the Employee)”, which were created upon the transition to One Card, are not currently assessed for tax requirements. As a result, the total of **\$5,671** expenses incurred in these categories were not properly taxed in 2019.

In addition to the process gap identified above, Internal Audit noted one (1) gift selection totaling **\$332** was not appropriately included in the recipient’s taxable income as the employee who submitted the expense did not include the recipient’s name within MySpend and did not submit the required manual forms to Payroll.

- **Recommendation:** Accounts Payable, Tax, and Payroll should establish processes to ensure any expenses with tax implications are properly included in employee income.
- **Management Response:** Accounts Payable, Tax, and HR/Payroll have created a MySpend report that can be used to identify all transactions taxable to employees. This will be reviewed by Tax in the 4<sup>th</sup> quarter of every year (beginning in **Q4 2020**) and applied to income by Payroll. Gift cards/gift merchandise transactions will be applied to employee income monthly when Payroll pulls the MySpend report. Taxable Travel and Meals-Self Non Travel-Taxable to Employee expense types have been removed from MySpend as of July 8, 2020. (Total spend in these categories to date has been \$1,959, which will be included in income for 2020 if applicable). Going forward employees will be directed to identify those transactions as “personal” within MySpend.

# Executive Summary

## Summary Conclusions Cont'd:

### Finding #4 – Improper categorization/coding of NiSource Political Action Committee (NIPAC) expenses (Moderate Risk)

Two (2) selections reviewed by Internal Audit related to expenses incurred for the benefit of NIPAC. Internal Audit noted that both selections were not appropriately classified using the NIPAC expense type. Additionally, one (1) selection was charged to the incorrect accounting code.

To determine the prevalence of these errors within the complete expense population, Internal Audit analyzed all expenses which referenced PAC in the Transaction Business Purpose within MySpend to determine whether they utilized the proper expense type accounting code, noting the following:

- **360** transactions totaling **~\$46K** referenced PAC.
  - **26** transactions (from the population above) totaling **~\$5K** were classified using the PAC expense type.
  - **17** transactions (from the population above) totaling **~\$3K** were properly charged to the correct accounting code.
- **Recommendation:** As NIPAC expenses have different tax implications than other expenses, a process should be put in place to ensure any transactions that relate to PAC expenses are properly identified and charged to the correct expense type/accounting code. There should be more guidance in the policy as to which PAC expenses need to be charged to the PAC code.
- **Management Response:** Tax has confirmed that PAC transactions should be classified in specific categories. Accounts Payable will work with PAC team to send a targeted email to employees submitting PAC expenses to provide additional training for correct MySpend Expense Types. Accounts Payable has also added 'Travel' to the PAC/Lobbying-Meals and Entertainment. These efforts will be completed by **December 31, 2020**.

# Executive Summary

## Summary Conclusions Cont'd:

### Finding #5 - Deviations from Policy (Moderate Risk)

As a result of the testing performed, Internal Audit identified the following:

- One **(1)** transaction related to an employee who made a personal purchase with their One Card and did not mark it as a personal expense within the MySpend reporting system, resulting in the amount of the expense **(\$164)** being improperly paid by the company.
- Two **(2)** transactions totaling **(\$1,898)** were charged to the incorrect accounting code based on the nature of the expenses.
  - Both expenses were charged to the accounting code 92100000 for Office Supplies and Expenses even though the expenses were classified as Special Event/Season Tickets/Golf and General Entertainment, respectively.

Additional Items to Note:

- **14** transactions did not provide the level of detail required by policy in the supporting documentation uploaded to MySpend. See **Appendix C** for further detail.
- **16** transactions were misclassified in the Expense Types field available within MySpend. In some cases, these misclassifications would impact our ability to comply with IRS regulations. See **Appendix D**.
- **Recommendation:** Based on the policy deviations identified, Internal Audit supports the implementation of the policy enhancements proposed by Accounts Payable on **Slide 10** as these improvements would help clarify responsibilities, establish a culture of accountability, and alleviate risk to the company.
- **Management Response:** Accounts Payable is working on several items to help guide employee selections, including the following: Policy recommendations to better direct employees, required yearly training, and MySpend audit rules to require specific accounts be used. These efforts will be completed by **December 31, 2020**.

# Background

The following NiSource policies apply to the use of corporate credit cards and reimbursement of business expenses:

Policy Name	Owner
Business Expense Rules and Guidelines (includes Guidelines reference document)	Finance & Accounting
Requisition and Disbursement Approval Levels	Finance & Accounting
Vehicle Policy	Supply Chain
Travel Policy	Supply Chain
Mobile Devices and Cellular Services Policy	Information Technology
Fraud Prevention Policy	Corporate
Gifts, Meals and Entertainment	Corporate
Use of Aircraft Policy	Corporate

## Employee Expense Cards:

In 2018, NiSource transitioned from an American Express Employee Expense card to a JPMorgan Chase (“One Card”) Visa. American Express was effective as the provider for corporate cards from January 1, 2018 through August 30, 2018 and the Visa (“One Card”) was effective July 19, 2018 through the date of this review.

In 2019, employees used JPMorgan Chase Visa “One Cards” to pay for appropriate company related expenses. One Card charges are auto-fed into the NiSource expense reporting system, Concur Expense Solutions (referred to herein as “MySpend”), and then processed by individual employees. Employees who incur out of pocket business expenses may include them within the MySpend employee expense statement for review and approval by their supervisor. Once expense reports are processed and approved within MySpend, payments are remitted to the card administrator.

- Accounts Payable performs pre-payment audits on expense reports meeting programmed criteria within MySpend. Additionally, MySpend allows for “Hard Stops” which will generate an automatic web response if a transaction does not meet specific required criteria and will not allow the expense report to be processed until all required criteria have been entered. Once expense reports are processed within the reporting system, payments are remitted.
- Additionally, Accounts Payable has identified specific employees (based on employee level or employees with previous instances of non-compliance with policy) who are automatically sent to the audit queue. The list is periodically updated.

## Background (Cont'd)

### Purchase Cards

Prior to the transition to “One Card”, Purchase Cards were used as a payment method for purchases of materials, supplies, and certain field services. The process of approval for expenses incurred on Purchase Cards was manually intensive, lacked automated controls and quality assurance/quality control processes. As a result, NiSource made the decision to stop using these cards in 2018. Supply Chain noted that all Purchasing Cards, with the exception of two (2), were closed as of November 22, 2018. The remaining cards were utilized solely for GLI expenses and were closed as of February 22, 2019.

### Fuel Cards

Fuel cards are used to purchase fuel or very limited vehicle-related expenses (e.g. a car wash, quart of oil, or diesel additive). Fuel cards are restricted using the Merchant Category Code (MCC) to limit the types of purchases that can be made using the card. Cards are assigned to a vehicle within a NiSource company and must remain with the vehicle at all times. Each card is assigned a cost accounting code and changes to the code require management approval. In order to use a Fuel card, an employee must sign the NiSource Automotive Resource International (ARI) Wright Express Card User Agreement and submit the form with manager approval to the NiSource Credit Card Program Administrator. Employees are then assigned a unique PIN number which allows purchases to be traced to the individual employee using a vehicle card. ARI monitors spend for compliance with NiSource policy and potential fraud and will communicate with the Fleet Administration team when transactions need further review. In addition to the controls outlined above, exception reporting is also available to supervisors of employees using Fuel cards. Each supervisor may determine what criteria they would like to monitor related to fuel spend and the Fleet Administration team will communicate the results of the daily exceptions to the supervisors. Examples of exception reports are (but not limited to): cardholders with more than 3 transactions per day, transactions greater than \$150, cardholders who made a purchase in gallons which exceeded the vehicle's tank capacity, and a purchase of premium fuel when vehicle calls for regular.

### Fleet Cards

Fleet cards are not credit cards but they do contain ARI billing information which allow users to make purchases at automotive parts stores via a purchase order process managed for NiSource by ARI. Purchases under \$50 don't require approval, however, any purchase over \$50 is required to go through an ARI approval process. Cardholders are instructed to only use the incidental card for small items (i.e. lights bulbs, oil, windshield wipers) as a way to be cost effective and not use a garage for replacement.

**Note:** Cardholders who incur Fuel and Fleet (incidental) spend are not required to submit receipts or “process” expenses. ARI (Wright Express) maintains the detail of all spend transactions and monitors spend on a daily basis. See **Appendix J** for Fleet and Fuel Card Analysis

## Background (Cont'd)

### Accounts Payable Initiative

Accounts Payable has established an initiative focused on continuous improvement in the expense submission, approval, and reporting processes as well as the following proposed enhancements to associated company policies:

- Returning guidelines to the policy, rather than suggestions, to provide more regulation and clarity to employees. Examples include:
  - Requiring itemized receipts for all purchases over \$25  
*Internal Audit Comment: This would improve transparency, provide support for the stated business purpose and decrease the risk of fraud, especially for vendors like Amazon, Paypal, Sam's Club, etc where various types of items can be purchased.*
  - Clarifying when to rent a car versus when to submit for personal mileage and requiring employees to utilize the Google maps functionality to provide detail on trip information for personal mileage  
*Internal Audit Comment: Current policy language is vague, resulting in inconsistent interpretation by employees.*
  - Establishing requirements for how to process the purchase of Entertainment expenses and season tickets, including defining the One Card as the acceptable purchase method, requiring a process to track attendees, and clarifying which level of employee must purchase and approve  
*Internal Audit Comment: Entertainment expenses reviewed by Internal Audit often lack details regarding attendees (and the related tax implications) as well as and business purposes. Clarifying the policy to require more information would be provide more transparency related to this expense type.*
- Establishment of yearly refresher training to include policy reminders and updates on any changes to the policy, with a focus on training for those supervisors approving reports  
*Internal Audit Comment: As with any change, communication and education for employees will aid in their ability to comply with policy.*

Based on the findings of this review, Internal Audit agrees that these recommendations would help establish a culture of accountability, alleviate risk to the company and increase compliance with tax laws and IRS regulations.

# Audit Scope and Approach

Internal Audit reviewed the processes and controls in place related to employee expensed for the audit period of 2019.

<b>Objective 1: Determine whether corporate card access is properly removed from terminated/former employees.</b>		
#	Procedures	Findings Summary (Refer to Appendix A)
1	Review the processes and procedures in place to remove corporate card access from terminated/former employees.	<b>No Findings Noted</b>
2	Independently verify that card access has been removed for all non-active employees and ensure no transactions were incurred subsequent to employee departure.	<b>Finding #1 – Page 13-14</b>

<b>Objective 2: Analyze employee expenses to identify unusual items and/or trends.</b>		
#	Procedures	Findings Summary (Refer to Appendix A)
1	Analyze a two-year period of employee expenses and examine historical spending patterns to detect significant variations over time.	<b>No Findings Noted – Refer to Appendix E-J</b>
2	Analyze the current audit period's employee expenses and determine whether the expenses were submitted timely for review, approval, and payment.	<b>No Findings Noted</b>
3	Analyze the current audit period's employee expenses to identify outliers, anomalies, or potential fraud indicators.	<b>See Objective 3</b>

# Audit Scope and Approach

Objective 3: Determine whether corporate credit card expenses are submitted timely and processed in accordance with the Business Expense Policy and Internal Revenue Service guidelines.				
#	Procedures	Findings Summary (Refer to Appendix A)		
1	Review the procedures performed by Accounts Payable and Supply Chain to monitor spend and/or periodically audit transactions incurred by employees.	<b>No Findings Noted</b>		
2	Review expense transactions submitted through other Accounts Payable processes (e.g Catalyst) to identify potential employee expenses that should have been incurred through the One Card or processed through MySpend.	<b>Finding #2 – Page 15-16</b>		
3	<p>Using a risk-based approach, make a selection of no less than 40 transactions from the MySpend audit population. Review selected transactions and evaluate their compliance with Corporate Policies.</p> <p><i>NOTE: Upon reviewing the controls and processes in place to monitor Fuel and Fleet spend and performing an independent analysis of the Fuel and Fleet transactions to identify potential fraud indicators and/or significant outliers, Internal Audit noted that additional sample testing was not necessary to assess the risk related to Fuel and Fleet transactions. As such, the sample testing performed herein focused on MySpend transactions.</i></p>	<table border="1" style="width: 100%; background-color: yellow;"> <tr> <td style="text-align: center; width: 50%;"><b>Finding #4 – Pages 18</b></td> <td style="text-align: center; width: 50%;"><b>Finding #5 – Pages 19-20</b></td> </tr> </table>	<b>Finding #4 – Pages 18</b>	<b>Finding #5 – Pages 19-20</b>
<b>Finding #4 – Pages 18</b>	<b>Finding #5 – Pages 19-20</b>			
4	Verify that taxable expenses have been identified and properly included in income as required by IRS reporting requirements for employees.	<b>Finding #3 – Page 17</b>		

<p><b>Objective 1, Procedure #2:</b> Independently verify that card access has been removed for all non-active employees and ensure no transactions were incurred subsequent to employee departure.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> Card access was not removed timely upon the departure/extended leave of several employees. Additionally, an expense was incurred on an employee's card subsequent to their departure.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center), Tonja Langhurst (Director HR Operations Delivery)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p> <p><b>Q3 2020</b></p>
<p><b>Observation:</b></p> <p><b>Criteria:</b> Per the Business Expense Rules and Guidelines, when an employee leaves the company, access to One Card should be removed and their account should be deactivated. "The Cardholder agrees to surrender and cease use of his/her One Card upon termination of employment. The Cardholder is responsible for processing any outstanding expenses."</p> <p>If employees are out for an extended period, he/she should surrender their card to their supervisor/manager. If the employee is expected to be out for less than 6 months the card should be suspended. If the employee expected to be out for more than 6 months, the card should be closed.</p> <p><b>Condition:</b> Internal Audit noted the following :</p> <ul style="list-style-type: none"> <li>• Six <b>(6)</b> employees who had departed NiSource still had active corporate cards as of April 1, 2020. Accounts Payable has since removed access to the former employees.             <ul style="list-style-type: none"> <li>• One <b>(1)</b> employee made purchases totaling <b>\$656</b> on their corporate card several months after they were no longer employed at the company. The expenses were processed through a force submittal process and were paid by the company.                 <p><b>Note:</b> Force submittals occur when an expense is over 75 days old and has not been processed. Accounts Payable notified the supervisor of the person who incurred the expense about the force submittal through email.</p> </li> </ul> </li> <li>• Five <b>(5)</b> employees on extended leave (greater than 6 months) still had an active corporate card as of April 1, 2020.</li> </ul> <p><b>Risk/Impact:</b> Individuals who are no longer employees at NiSource with access to their corporate cards increases the risk of unauthorized or fraudulent purchases.</p>	

## Findings (Cont'd)

<p><b>Objective 1, Procedure #2:</b> Independently verify that card access has been removed for all non-active employees and ensure no transactions were incurred subsequent to employee departure.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> Card access was not removed timely upon the departure/ extended leave of several employees. Additionally, an expense was incurred on an employee's card subsequent to their departure.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center), Tonja Langhurst (Director HR Operations Delivery)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p> <p><b>Q3 2020</b></p>
<p><b>Recommendation:</b> Supervisors should ensure employees no longer have access to their corporate card and should reconcile any remaining balances (i.e. unprocessed credit card transactions in MySpend and/or unpaid submitted personal expenses) upon the employee's departure. In addition to the supervisor's responsibilities, Accounts Payable Management and Human Resources should collaborate to periodically verify that active corporate cards are assigned to active employees only and any outstanding balances have been resolved.</p>	
<p><b>Management Response:</b> When this was researched, the employees with continued access were not included in the termination report sent by HR and received every Monday into the MySpend@nisource.com inbox. HR and Accounts Payable are working together to streamline its communication process and ensure that weekly emails will include all terminations and extended leaves. These changes will be in place by <b>August 1, 2020</b>.</p>	

## Findings (Cont'd)

<p><b>Objective #3, Procedure #2:</b> Review expense transactions submitted through other Accounts Payable processes ( e.g. Catalyst) to identify potential employee expenses that should have been incurred through the One Card or processed through MySpend.</p>	<p><b>Risk Rating</b></p>																														
<p><b>Finding #2:</b> Various transactions which appear to meet the classification of employee expenses were submitted through methods other than MySpend (e.g. Catalyst).</p>	<p><b>Low</b></p>																														
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p> <p><b>Q4 2020</b></p>																														
<p><b>Observation:</b></p> <p><b>Criteria:</b> The Cardholder or delegate must submit Business Expenses for reimbursement in the expense reporting tool “MySpend.”</p> <p><b>Condition:</b> Internal Audit identified various expenses that appear to fall under the types of expenses covered by the Business Expense Rule and Guidelines policy which were submitted through Catalyst instead of MySpend. Internal Audit noted several of these expenses related to entertainment. Refer below for examples of the types of expenses submitted within Catalyst.</p> <table border="1" data-bbox="123 682 1798 1172"> <thead> <tr> <th>Vendor</th> <th>2019 AP Spend</th> <th>Notes</th> </tr> </thead> <tbody> <tr> <td>Rocky Gap Casino Resort</td> <td>\$ 3,379</td> <td>Appears to have hosted some sort of event here - could be classified as Non-Room Expense</td> </tr> <tr> <td>Sam’s Club Direct</td> <td>\$ 5,744</td> <td>Could flow through MySpend as General Office Supplies or Meals - Work Late/Snacks/Celebrations</td> </tr> <tr> <td>The Columbus Club</td> <td>\$ 17,922</td> <td>Could flow through MySpend as Social / Athletic Club Dues for better visibility and transparency</td> </tr> <tr> <td>OSU Football Season Tickets</td> <td>\$ 16,379</td> <td rowspan="5">Could flow through MySpend as Special Event / Season Tickets / Golf Fees for better visibility and transparency</td> </tr> <tr> <td>Columbus Blue Jackets (and other events at Nationwide Arena)</td> <td>\$ 50,845</td> </tr> <tr> <td>Toledo Mudhens Baseball</td> <td>\$ 34,850</td> </tr> <tr> <td>Cleveland Indians Baseball</td> <td>\$ 2,700</td> </tr> <tr> <td>Pittsburgh Pirates</td> <td>\$ 28,821</td> </tr> <tr> <td>Holiday Inn</td> <td>\$ 4,897</td> <td rowspan="3">Various transactions simply represented individual hotel stays or conference room rentals</td> </tr> <tr> <td>Zane’s Hotels (Springhill Suites)</td> <td>\$ 13,813</td> </tr> <tr> <td>Hilton Hotels (Various)</td> <td>\$ 21,154</td> </tr> </tbody> </table> <p><b>Note:</b> This is not an all inclusive list of expenses that were improperly submitted. ## Findings (Cont'd)

<p><b>Objective #3, Procedure #2:</b> Review expense transactions submitted through other Accounts Payable processes ( e.g. Catalyst) to identify potential employee expenses that should have been incurred through the One Card or processed through MySpend.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #2:</b> Several employee expenses that should have been submitted through MySpend were submitted through Catalyst.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p>	<p><b>Target Plan Date:</b></p>
<p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Q4 2020</b></p>
<p><b>Observation (cont'd):</b></p> <p>The Business Expense Policy states the following:</p> <p style="padding-left: 40px;">“The One Card is required for all approved business expenses wherever the card is accepted. If a merchant does not accept the One Card, or in the event of an emergency where the employee does not have access to the One Card, a personal credit card may be used after receiving approval from the employee’s supervisor.” Additionally, the policy notes that business expenses must be submitted for reimbursement “in the expense reporting tool, MySpend.”</p> <p>However, the expense policy also indicates that “the OneCard cannot be used for invoices provided by a supplier.”</p> <p>As the policy language may conflict in certain cases, none of the transactions identified by Internal Audit are direct violations of policy.</p> <p><b>Risk/Impact:</b> Employee expenses submitted through other methods may not provide the detail necessary to ensure proper tax treatment (e.g. names of attendees/recipients) and current processes do not review transactions submitted in this manner for tax purposes. Additionally, employee expense transactions that are not submitted through MySpend are not classified by expense categories and impact the company’s ability to effectively analyze expenses and make policy decisions.</p>	
<p><b>Recommendation:</b> Accounts Payable should work to clarify requirements for method of submission within the policy and work with Communications and Training to educate employees and their supervisors on the proper methods to submit business expenses.</p>	
<p><b>Management Response:</b> Accounts Payable is currently proposing changes to the policy to add verbiage to use the OneCard for payment specifically for Season Tickets, Civic &amp; Professional Associations, and Social and Athletic Club Memberships. Accounts Payable will reach out to the employees who completed the payments through Catalyst which were identified by Internal Audit to provide education once the policy has been finalized. Additionally, as referenced in the response to Finding #5, Accounts Payable is also working to establish a training for employees over the Business Expense policy and use of MySpend. These changes are expected to be completed by <b>December 31, 2020</b>.</p>	

## Findings (Cont'd)

<p><b>Objective 3, Procedure #4:</b> Verify that taxable expenses have been identified and properly included in income as required by IRS reporting requirements for employees.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #3:</b> Internal Audit noted the expense type “Taxable to the Employee” is not reviewed by Accounts Payable or the Tax Department thus any expenses incurred in this category may not be properly taxed.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center), Jennifer Harding (Director Income Tax Operations), Tonja Langhurst (Director HR Operations Delivery)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p> <p><b>Q4 2020</b></p>
<p><b>Observation:</b></p> <p><b>Criteria:</b> Expenses that are taxable to the employee are properly tracked and included in the employee’s income.</p> <p><b>Condition:</b> Internal Audit noted two (2) expense types, “Taxable to the Employee” and “Meals – Self Only – Not On Travel Status (Taxable to the Employee)”, which were created upon the transition to One Card and are not currently assessed for tax requirements. As a result, the total of <b>\$5,671</b> expenses incurred in these categories were not properly taxed in 2019.</p> <ul style="list-style-type: none"> <li>• “Taxable to the Employee” - <b>\$602</b></li> <li>• “Meals – Self Only – Non Travel - Taxable to the Employee” - <b>\$5,069</b></li> </ul> <p>In addition to the process gap identified above, Internal Audit noted one (1) gift selection totaling <b>\$332</b> was not appropriately included in the recipient’s taxable income as the employee who submitted the expense did not include the recipient’s name within MySpend and did not submit the required manual forms to Payroll.</p> <p><b>Risk/Impact:</b> Improper review of taxable expenses leaves the risk that taxable expenses are not properly included in income as required by IRS reporting requirements</p>	
<p><b>Recommendation:</b> Accounts Payable, Tax, and Payroll should establish processes to ensure any expenses with tax implications are properly included in employee income.</p>	
<p><b>Management Response:</b> Accounts Payable, Tax, and HR/Payroll have created a MySpend report that can be used to identify all transactions taxable to employees. This will be reviewed by Tax in the 4<sup>th</sup> quarter of every year (beginning in <b>Q4 2020</b>) and applied to income by Payroll. Gift cards/gift merchandise transactions will be applied to employee income monthly when Payroll pulls the MySpend report. Taxable Travel and Meals-Self Non Travel-Taxable to Employee expense types have been removed from MySpend as of July 8, 2020. (Total spend in these categories to date has been \$1,959, which will be included in income for 2020 if applicable). Going forward employees will be directed to identify those transactions as “personal” within MySpend.</p>	

## Findings (Cont'd)

<p><b>Objective 3, Procedure #3:</b> Using a risk-based approach, make a selection of no less than 40 transactions from the MySpend audit population. Review selected transactions and evaluate their compliance with Corporate Policies.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #4:</b> PAC expenses incurred deviated from established policy requirements.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center), Jennifer Harding (Director Income Tax Operations)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p>
	<p><b>Q4 2020</b></p>
<p><b>Observation:</b></p> <p><b>Criteria:</b> Any expense related to NiSource's Political Action Committee (PAC) must use the "PAC / Lobbying" expense type. Expenses can include but are not limited to dues, memberships, meeting expenses, supplies, meals, entertainment, etc. Additionally, any PAC expense should be charged to the code 42640000 - Other Income &amp; Expense Political Contributions.</p> <p><b>Condition:</b> Two (2) selections reviewed by Internal Audit related to expenses incurred for the benefit of NIPAC. Internal Audit noted that both selections were not appropriately classified using the NIPAC expense type. Additionally, one (1) selection was charged to the incorrect accounting code.</p> <p>To determine the prevalence of these errors within the complete expense population, Internal Audit analyzed all expenses which referenced PAC in the Transaction Business Purpose within MySpend to determine whether they were utilizing the proper expense type and were charged to the correct accounting code, noting the following inconsistencies:</p> <ul style="list-style-type: none"> <li>• <b>360</b> transactions totaling <b>~\$46K</b> referenced PAC.             <ul style="list-style-type: none"> <li>• <b>26</b> transactions (from the population above) totaling <b>~\$5K</b> were classified the PAC expense type.</li> <li>• <b>17</b> transactions (from the population above) totaling <b>~\$3K</b> were properly charged to the correct accounting code.</li> </ul> </li> </ul> <p><b>Risk/Impact:</b> PAC expenses are non-deductible for tax purposes. PAC related expenses not properly charged to the correct account codes may be included as deductible business expenses.</p>	
<p><b>Recommendation:</b> As NIPAC expenses have different tax implications than other expenses, a process should be put in place to ensure any transactions that relate to PAC expenses are properly identified and charged to the correct expense type/accounting code. There should be more guidance in the policy as to which PAC expenses need to be charged to the PAC code.</p>	
<p><b>Management Response:</b> Tax has confirmed that PAC transactions should be classified in specific categories. Accounts Payable will work with PAC team to send a targeted email to employees submitting PAC expenses to provide additional training for correct MySpend Expense Types. We have also added 'Travel' to the PAC/Lobbying-Meals and Entertainment. These efforts will be completed by <b>December 31, 2020.</b></p>	

## Findings (Cont'd)

<p><b>Objective 3, Procedure #3:</b> Using a risk-based approach, make a selection of no less than 40 transactions from the MySpend audit population. Review selected transactions and evaluate their compliance with Corporate Policies.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #5:</b> Expenses incurred deviated from established policy requirements.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p> <p><b>Q4 2020</b></p>
<p><b>Observation:</b></p> <p><b>Criteria:</b> Each business expense must have a valid business purpose, correct expense type, correct accounting, attendees listed (when required), and any other necessary information as required per the policy to ensure that reviewers, approvers, and auditors (internal or external) understand the circumstances under which a purchase is made and why it was necessary.</p> <p>If excess and/or inappropriate expenses are submitted and reimbursed, the employee must repay NiSource by writing a check or money order payable to the company by which he/she is employed.</p> <p><b>Condition:</b> As a result of reviewing <b>54</b> selections (Refer to <b>Appendix B</b> for further detail on the selection process), Internal Audit identified the following deviations from the established policy requirements:</p> <ul style="list-style-type: none"> <li>• <b>1</b> transaction related to an employee who made a personal purchase with their One Card and did not mark it as a personal expense within the MySpend reporting system, resulting in the amount of the expense (<b>\$164</b>) being improperly paid by the company.</li> <li>• <b>2</b> transactions totaling (<b>\$1,897</b>) were charged to the incorrect accounting code based on the nature of the expenses.       <ul style="list-style-type: none"> <li>• Both expenses were charged to the accounting code 92100000 for Office Supplies and Expenses even though the expenses were classified as Special Event/Season Tickets/Golf and General Entertainment, respectively.</li> </ul> </li> </ul> <p>Additional Items to Note:</p> <ul style="list-style-type: none"> <li>• <b>14</b> transactions did not provide the level of detail required by policy in the supporting documentation uploaded to MySpend. See <b>Appendix C</b> for further detail.</li> <li>• <b>16</b> transactions were misclassified in the Expense Types field available within MySpend. In some cases, these misclassifications would impact our ability to comply with IRS regulations. See <b>Appendix D</b>.</li> </ul> <p><b>Risk/Impact:</b> The accuracy of the expense type classification and coding impact the business' ability to analyze expenses (e.g. identify average cost per person, transaction, and/or day) and make policy decisions. Inaccurate expense types and coding also lead to inaccurate representation of expenses on financial statements. Additionally, business expenses that lack required documentation make it difficult for reviewers, approvers, and auditors to ensure expenses were necessary and in compliance with tax requirements.</p>	

## Findings (Cont'd)

<p><b>Objective 3, Procedure #3:</b> Using a risk-based approach, make a selection of no less than 40 transactions from the MySpend audit population. Review selected transactions and evaluate their compliance with Corporate Policies.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #5:</b> Expenses incurred deviated from established policy requirements.</p>	<p><b>Moderate</b></p>
<p><b>Process Owner(s):</b> Adolfo Acevedo (Director Shared Services Center)</p> <p><b>Executive Council Members Responsible:</b> Donald Brown (Chief Financial Officer)</p>	<p><b>Target Plan Date:</b></p> <p><b>Q4 2020</b></p>
<p><b>Recommendation:</b> Based on the policy deviations identified, Internal Audit notes that the policy enhancements proposed by Accounts Payable on <b>Slide 10</b> would help establish a culture of accountability, alleviate risk to the company and increase compliance with tax laws and IRS regulations.</p>	
<p><b>Management Response:</b></p> <p>Accounts Payable is working on several items to help guide employee selections, including the following: Policy recommendations to better direct employees, required yearly training, and MySpend audit rules to require specific accounts be used. These efforts will be completed by <b>December 31, 2020</b>.</p>

# Appendix A

Rating Scale for Audit Findings	
<b>High</b>	<p>Requires corrective action due to high risk of one or more of the following: safety risk; material financial statement impact or fraud; significant violation of established policies and procedures; process/control environment breakdown for critical business processes; high likelihood of legal/regulatory fines or penalties for non-compliance; or significant brand/reputational exposure.</p> <p><i>High risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform independent effectiveness validation testing of a Management remediated, high risk finding prior to official closure.</i></u></p>
<b>Moderate</b>	<p>Requires corrective action due to moderate risk of one or more of the following: safety risk; potential for significant financial statement impact or fraud; process/control design deficiency; process/control not operating effectively; moderate likelihood of legal/regulatory fines or penalties; or potential for negative publicity/brand impact.</p> <p><i>Moderate risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform an independent process design review of a Management remediated, moderate risk finding prior to official closure.</i></u></p>
<b>Low</b>	<p>Requires minimal attention: no material financial or operational impact; low probability of residual risk; process/controls operating below optimal levels.</p> <p><i>Low risk findings require an auditee Management Response</i></p> <p><u><i>Internal Audit typically does not perform follow-up review procedures on low risk findings.</i></u></p>

Using a risk-based approach, Internal Audit selected a total of **54** selections, representing **~\$124K** of the total **\$44.6M**, for compliance with corporate policy and treatment for tax purposes. The following criteria risk factors were considered when making selections:

Criteria:	Definition:	# of Selections
High Risk Expense Types	Expense types with past audit issues, higher potential for fraud, misclassification, or tax impacts such as Gifts, Entertainment, & Other	24
Amount	High dollar spend, or high spend per nights stay, rental days, or attendees; spend just under receipt requirements or other thresholds	6
Payment Type	Cash reimbursements in unexpected expense types	2
Vendor	Unusual vendors	6
Business Purpose	Transactions without sufficient detail in the business purpose (e.g. March Expenses) or transactions which indicate a purpose related to NIPAC	12
Fraud Risk Factors	Transactions incurred on weekends or holidays, round dollar amounts, spend just below policy limits, etc.	4
<b>TOTAL SELECTIONS</b>		<b>54</b>

**Note:** Internal Audit reviewed the expenses incurred by employees as a result of the Columbia Gas Massachusetts' GLI, noting total related spend of **\$4.4M** (~10% of the total **\$44.6M** employee spend) in 2019 vs. **\$27M** (~54% of the total **\$50.4M** employee spend) in 2018. (Refer to **Appendix F**). As GLI related expenses decreased significantly in 2019, Internal Audit did identify GLI related transactions as a risk factor and did not sample from that population specifically. However, all GLI related expenses were subject to selection through the process noted above.

## Appendix C – Selections Exceptions: Lack of Required Detail

The following are the expense types of our selections that did not provide the level of detail required by policy:

Expense Types	Policy Deviation	Issues	# of selections
Entertainment Meals	<b>Attendees not provided</b>	Unable to determine cost per person Analytics are skewed when assessing trends in spend	<b>5</b>
Employee Merchandise	<b>Recipients not provided</b>	Unable to determine tax implications.	<b>1</b>
Entertainment Gifts Meals Service Repairs/ Other	<b>Unclear business purpose</b>	Unable to determine why expense was necessary	<b>7</b>
Meals – Non-travel	<b>Unclear business purpose</b>	Unable to determine correct expense category	<b>1</b>
<b>Total</b>			<b>14</b>

# Appendix D – Selection Exceptions: Category Deviations

Recorded Expense Type	Recommended Expense Type	Reasoning	Instances
Employee - Gift Card	<i>Employee Gift - Merchandise</i>	Employee Gift Cards have different tax implications than employee merchandise	<b>2</b>
Employee - Gift Card	<i>No - Should be under Employee – Retirement Gift Card / Certificate</i>	Retirement Gift Cards have different tax implications than Employee Gift Cards	<b>1</b>
Employee – Merchandise	<i>Non-Employee Merchandise</i>	Employee merchandise has different tax implications than non-employee merchandise	<b>1</b>
Employee / Non-Employee (General Entertainment)	<i>Employee – NiSource Sponsored Raffle</i>	Raffles are considered a gift and can be taxable depending on the circumstance	<b>1</b>
Employee / Non-Employee (General Entertainment)	<i>Special Event / Season Tickets / Golf</i>	General entertainment is to be used only if another expense type is not applicable. A comment is required as to why this was used. In this case, the purchase was for tickets which has it's own category	<b>1</b>
Employee / Non-Employee (General Entertainment)	<i>Entertainment Suite Expenses</i>	General entertainment is to be used only if another expense type is not applicable. A comment is required as to why this was used. In this case, purchase was for a suite rental which has it's own category	<b>1</b>
Entertaining - Other	<i>Gift (Flowers or Merchandise)</i>	Flowers for employees are considered a gift and can be taxable depending on the circumstance	<b>1</b>
Meals - Self Only - Not On Travel Status (Taxable To Employee)	<i>Unclear</i>	Not enough information to conclude, however expense was not taxed to employee	<b>1</b>
Meals - Work Late/Snacks/Celebrations, etc.	<i>Entertainment Suite Expenses</i>	Expense was for CBJ Suites & Playoffs. A different level of detail is required for Entertainment Suite Expenses - expenses are to be infrequent in nature and should be submitted by the most senior person of the hosting department	<b>1</b>
Miscellaneous	<i>Catering</i>	Miscellaneous should only be used when there is no other option, this was for a catering which has it's own category	<b>1</b>
Mobile Device / Accessories (Cell Phone, Tablet, etc.)	<i>Should not have used MySpend</i>	Expense was for IT Hardware, all IT Hardware/Software expenses should be purchased using ServiceNow / TechDesk	<b>1</b>
Mobile Device / Accessories (Cell Phone, Tablet, etc.)	<i>Company Vehicle</i>	Expense was for a GPS for a company truck which better fits under the category Company Vehicle	<b>1</b>
Non Employees – Merchandise	<i>Charitable Contributions / Donations</i>	Purchase was for donations to a Non-Profit which could have tax implications	<b>1</b>
Hotel/Non-Room Expense	<i>Conference Room Rentals</i>	Offsite Conference Room Rental or deposit should be itemized by day and by conference room. Itemizations are required	<b>2</b>
<b>Total</b>			<b>16</b>

\* Refer to **Slide 2** for how the total spend processed through MySpend compares to spend incurred through other corporate cards.

## Appendix F – 2019 vs 2018 MySpend Comparisons

The charts below display total expenses processed through MySpend for both 2018 and 2019, with GLI spend broken out.

**NOTE:** A large volume of 2018 spend (~\$27.7M) was incurred on Purchase Cards which did not provide the ability to classify expenses by type/category and would not be included in the 2018 totals below. As such, the fluxes in the year over year change in MySpend expenses by category may not represent valid increases or decreases – those would have to be analyzed in total as displayed on **Slide 2**. However, Internal Audit noted that the categories with large MySpend fluxes from 2018 (e.g. Field, Office, Safety/Clothing, and Company Vehicles) aligned with our expectations of the types of spend that would have most likely been incurred on Purchase Cards during 2018.

GLI Spend				Non-GLI Spend			
Expense Categories	GLI 2018	GLI 2019	Change	Expense Categories	2018	2019	Change

## Appendix G – Spend Analysis by Employee Level

The chart below displays average and total spend by Expense Types processed through MySpend with break outs by the employee manager level (pulled from PeopleSoft HR tables). All averages are calculated using transaction count.

**Note:** Meal and Entertainment expenses are shown as average **per attendee** and Hotel Spend is shown as average **per night**. Additionally, expense types are breakouts of the total expense categories displayed in the MySpend charts in Appendix E and F and will not tie in total.

	Car Rental		Hotel Spend Per Night		Meals Self Only		Meals w/Attendee		Meals - Snacks/Celebrations		Air Fare		Entertainment

Sum of top 30 Vendors	\$ 19,949,692
Total 2019 MySpend	\$ 44,649,637
Percent of Spend	45%

\* Amazon and Paypal were part of the top 30 vendors. Internal Audit noted there have been confirmed cases of employee fraud through expense submissions with these vendors and there is an increased risk in these vendors since receipts may not be required and there is a wide range of items that can be purchased through these vendors.

## Appendix I – Mileage Analysis

### 2018 vs 2019 MySpend Mileage Submissions

Miles Submitted for Reimbursement	2018	2019	% of Chg	Change
	# of Employees	# of Employees		
1 - 100	126	152	21%	26
101 - 500	530	525	-1%	-5
501 - 1,000	308	336	9%	28
1,001 - 5,000	719	777	8%	58
5,001 - 14,000	184	206	12%	22
> 14,000 *	9	15	67%	6
<b>Total number of Employees Submitting Mileage</b>	<b>1,876</b>	<b>2,011</b>	<b>7%</b>	<b>135</b>

\* The Vehicle Policy states “An employee **may be eligible** to be assigned a Company vehicle if such employee’s job function requires a vehicle to perform the job function and the employee will travel at least **14,000** business miles on an annual basis.” Internal Audit provided a list of fifteen (**15**) employees noted above who submitted more than 14,000 miles to Fleet Management to determine eligibility for a fleet vehicle. Five (**5**) out of the 15 employees also travelled more than 14,000 miles in 2018.

- **Note:** Internal Audit noted that employee travel has decreased significantly due to impacts of the COVID-19 pandemic; thus use of fleet vehicles for these employees may not be necessary at this time.

# Appendix J – Fuel and Fleet Card Analysis

## NiSource Fuel Card and Fleet Card Expenses 2018-2019

Overall total Fuel Card Expense spending decreased ~8% from 2018 to 2019. The total number of employees submitting expenses decreased by ~ 1% during 2019 (4,503 – 4,476).

Overall total Fleet (incidental) spending decreased ~26% from 2018 to 2019. The total number of employees submitting expenses decreased by ~ 4% during 2019 (524 - 447).

## IT Modernization – Human Capital Management SDLC (Design and Build Phases)

To: Steve Brown, Manager – IT Portfolio (Corporate)  
Walt Wojcik, Director – IT Portfolio (Corporate)

From: John Manfreda, Project Manager - Infor. Systems Audit  
Greg Wancheck, Director - Infor. Systems Audit

July 28, 2020

NiSource IT Audit is conducting an ongoing System Development Lifecycle (SDLC) design and build assessment over NiSource's Human Capital Management (HCM) Workday program between January 2020 and December 2020 to provide an independent perspective around program governance, delivery service activities and inclusion of relevant solution control considerations. This opening SDLC review is centered around the program's initial Design & Build phases and will be directly followed by a Test & Deployment phase assessment that will provide a perspective on the program's testing execution, deployment activities and post-implementation closure actions.

IT Audit's HCM Workday Design & Build phase assessment resulted in zero (0) findings and noted the following:

- **Project delivery processes (and applicable controls) regarding scope, cost, schedule, quality, and communications are designed and in place.**
- **Project user acceptance practices, supportive approval structures, and third-party provider management activities are designed and in place.**
- **Business process (SOX) controls, both automated and manual, are being included in the HCM program's development, testing and deployment processes.**
- **IT General Computing Controls (GCC) are being included in the HCM program's development, testing and deployment processes.**
- **Interface, data conversion and reporting controls (where applicable) are being considered and included in solution deployment processes.**
- **Program Team conduct and governance appears adequate to help achieve program objectives.**

*This audit conforms with the International Standards for the Professional Practice of Internal Auditing, whereby a summary of HIGH and/or MODERATE findings will be provided to the NiSource Audit Committee. NiSource IT Audit would like to thank both HCM Program Management and the NiSource IT PMO for their cooperation and time in supporting this effort*

As part of NiSource enterprise IT Modernization activities that were commenced in 2019, NiSource's IT and Human Capital Management teams co-developed and approved a business case supported initiative to replace the current, legacy HCM systems stack with a more modern, scalable Software-as-a-Service (SaaS) solution in Workday. Post approval, NiSource engaged leading HCM software implementers in a managed RFP process to select a System Implementer (SI) for the Workday release effort. After choosing KPMG as the primary SI entity in January 2020, NiSource commenced an internal program to focus on the deployment of the following Workday enabled processes and solution components for use by January 2021:

- Human Capital Management (HCM) Core – Worker Data
- Core Compensation – Compensation Plans & Grades
- Advanced Compensation – Annual Compensation Processes
- Position Management
- Absence Management
- U.S.A. Payroll
- Recruiting – Job Requisitions & Prospect Data
- Self-Service – Employee and Manager
- Contingent Worker
- Onboarding/Offboarding
- SOX Controls (Design and Enablement)
- Standard Reporting
- PRISM Analytics ( Data Analytics)
- Mobile Application activation

NiSource's Human Capital Management initiative has the following goals over the program lifecycle:

- Simplify Existing Technologies and Process
- Accelerate Value and Effectiveness
- Empower Continuous Improvement

As part of the implementation effort, the NiSource HCM program is relying on KPMG's proven Workday System Implementation methodology and has collaborated with the NiSource IT Project Management Office (PMO) and relevant IT management personnel to gain both the proper waivers and alignment with the current NiSource IT Project Management Methodology (PMM) for the duration of the project.

# Audit Scope and Approach

IT Audit aligned with the HCM Program Team, the NiSource IT Project Management Office (PMO), and other HCM program stakeholders to review evidence on the setup of processes, procedures, and controls used to manage HCM program execution. The methods used by NiSource IT Audit may include (but are not limited to) interviews of key process owners, documentation review, observation and independent testing of appropriate, standards, metrics, and system configurations.

IT Audit review procedures included the following objective(s) and associated action steps listed below:

<b>Objective 1: Review program delivery-based control design and execution to provide a perspective on organizational risk inherent in HCM solution delivery.</b>		
<b>#</b>	<b>Procedures</b>	<b>Findings Summary (Refer to Appendix A for rating scale)</b>
1	Assess the HCM Program governance model over project delivery activities. Assess whether planned/defined project scope, cost and schedule practices are in place and compliant with either NiSource's IT Project Management Methodology (PMM) or a secondary System Integrator methodology that has been aligned with NiSource's IT PMM.	<b>No Findings Noted</b>
2	Assess project/program risk and issue management processes for accountability and inclusion of appropriate parties.	<b>No Findings Noted</b>
3	Assess whether quality controls over solution conformance to requirements are in place and are operating as designed.	<b>No Findings Noted</b>
4	Assess whether controls over communications and stakeholder alignment are in place and operating as designed.	<b>No Findings Noted</b>
5	Review whether (and/or how) legacy IT Audit findings being tracked as IT risks by NiSource IT Governance Risk and Compliance (GRC) are being addressed by the Human Capital Management (HCM) program.	<b>No Findings Noted</b>

## Audit Scope and Approach (cont'd)

**Objective 2:** Review program solution-based control design and execution to provide a perspective on any nonconformance risks associated with corporate control requirements.

#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Assess whether business process controls (automated and manual) were included in the solution development, testing and deployment processes.	<b>No Findings Noted</b>
2	Assess whether interface, required report generation, and data conversion controls were considered and included in solution development, test and deployment processes.	<b>No Findings Noted</b>
3	Assess whether IT general computing controls (ITGCC) were considered and included in the solution planning, development, test and deployment processes for the Human Capital Management (HCM) program.	<b>No Findings Noted</b>
4	Assess whether User Control Considerations residing within the service entity's System and Organization Controls (SOC) report have been formally dispositioned between NiSource HCM and IT management and assigned steady-state operational responsibility.	<b>No Findings Noted</b>

# Appendix A

Rating Scale for Audit Findings	
<b>High</b>	<p>Requires corrective action due to high risk of one or more of the following: safety risk; material financial statement impact or fraud; significant violation of established policies and procedures; process/control environment breakdown for critical business processes; high likelihood of legal/regulatory fines or penalties for non-compliance; or significant brand/reputational exposure.</p> <p><i>High risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform independent effectiveness validation testing of a Management remediated, high risk finding prior to official closure.</i></u></p>
<b>Moderate</b>	<p>Requires corrective action due to moderate risk of one or more of the following: safety risk; potential for significant financial statement impact or fraud; process/control design deficiency; process/control not operating effectively; moderate likelihood of legal/regulatory fines or penalties; or potential for negative publicity/brand impact.</p> <p><i>Moderate risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit is required to perform an independent process design review of a Management remediated, moderate risk finding prior to official closure.</i></u></p>
<b>Low</b>	<p>Requires minimal attention: no material financial or operational impact; low probability of residual risk; process/controls operating below optimal levels.</p> <p><i>Low risk findings require an auditee Management Response coupled with a Target Implementation Date for remediation.</i></p> <p><u><i>Internal Audit does not perform follow-up review procedures on low risk findings.</i></u></p>

# Report Distribution

July 29, 2020

To: Jillian Hansen, Director Benefits

From: Tammy Frazier, Lead Internal Auditor  
Lin Koh, Director of Internal Audit

Dear Jillian,

Internal Audit performed a follow-up review over the finding identified in the Pension Trust and Benefits Audit issued in 2019. The review included an assessment of the progress made over the remediation plan as provided in management's response to address the finding. The following moderate risk finding was reviewed during this follow-up:

**Moderate Risk Finding:** (Target Remediation: March 31, 2020 – Closed)

A small portion of one participant's benefit payment, out of a sample of 24, was incorrectly paid out from the qualified rather than the non-qualified account.

There was an error in Alight Solutions' qualified vs. nonqualified account balance calculation. This resulted in approximately \$1500 of the participant's benefit (\$1.3M total) being incorrectly paid out of the qualified rather than non-qualified account. The error was a result of the February 2011 deferred performance based pay not being recorded in Alight's system for this participant. A reconciliation between PeopleSoft and Alight for all other participants with deferred performance based pay for February 2011 was performed and no additional discrepancies were noted.

**Management Response:**

The error made in the qualified vs. non-qualified balance of the participant in question was made back in 2011, prior to the implementation of an annual audit process of the non-qualified pension benefit which commenced around the 2015 time frame. The audit on the non-qualified pension benefit occurs annually and ensures the participant's deferred compensation for said year is accurately reflected in Alight's system. Additionally as a result of this issue, a further review of the deferred compensation was recently added to the monthly Retirement/Earnings review to ensure all deferred compensation is accurately reflected at commencement. A comprehensive review of all participants with an outstanding non-qualified benefit (approximately 100 participants) will be completed by March 31, 2020.

**Resolution:**

Management has added a review of deferred compensation to the monthly Retirement/Earnings review process. Additionally management completed a comprehensive review of all participants with an outstanding non-qualified benefit in February 2020. All variances between deferred compensation recorded in PeopleSoft through December 31, 2019 and deferred compensation reported by Alight Solutions were identified and resolved.

Based on the follow up, Internal Audit determined that management has addressed the finding and completed the management response. The finding will be closed.

CC: P. Disser, K. Keener

## 2019 Pension Trust and Benefits

July 30, 2020

To: Jillian Hansen, Director of Benefits

From: Tammy Frazier, Internal Audit Lead  
Lin Koh, Director Internal Audit

## Executive Summary

Internal Audit performed an audit to assess the accuracy and completeness of pension plan information and payments for the period from January 1, 2019 through December 31, 2019.

Based on procedures performed, Internal Audit noted one low risk finding:

- For two NiSource participants, there were errors in Alight Solutions' manual documentation of Final Average Pay (FAP) protected benefit calculations. These errors were not systemic errors and did not impact payments made to the participants.

### Separation of Columbia Gas of Massachusetts Pension Data

On February 26, 2020, NiSource announced an agreement in which Eversource Energy will acquire Columbia Gas of Massachusetts (CMA). Eversource and NiSource has submitted a filing with the Massachusetts Department of Public Utilities (DPU) seeking approval of the transaction along with a joint settlement with the Massachusetts Attorney General, the Department of Energy Resources, and the Low-Income Weatherization and Fuel Assistance Program Network that addresses all key aspects of the filing. NiSource is currently asking the DPU to approve the transaction by September 30, 2020, and is currently on track to close the transaction soon after approval. Information related to the sale of CMA is as of the date of this report; however, is subject to change as the terms of the agreement are finalized. As part of the sale, Eversource will take over plan sponsorship and administration of the Bay State Union Pension Plan and the Bay State Gas Company Pension Plan effective October 1, 2020. As is the case with NiSource, Alight Solutions will be the third party administrator of the plans for Eversource. In accordance with the proposed transition service agreement, currently still in negotiations, NiSource will maintain time and labor and payroll records for CMA for the last three months of 2020, and will be responsible for providing all applicable data elements necessary to administer the plans in accordance with terms to Alight. Eversource will have access to all historical participant and plan data, dating back to 2003, maintained by Alight Solutions.

*This audit conforms with the International Standards for the Professional Practice of Internal Auditing. A summary, along with detailed observations, have been provided. IA would like to thank NiSource staff and management for their cooperation and time in support of this audit.*

## Background

On an annual basis, Internal Audit performs a review of the Pension Trust Fund. During this year's review, our work was designed to assess the accuracy of plan benefit payments as well as demographic data for the period under review.

Pension benefits are maintained by Alight Solutions, an outside provider. There were no significant changes in how pension benefits are managed and maintained for NiSource during 2019.

For NiSource participants that are currently participating in an Account Balance (AB) plan but previously participated in a Final Average Pay (FAP) plan, the plan may also consider a "Protected Benefit" in calculating retirement benefits. The Protected Benefit provision guarantees that a participant's benefit under the Account Balance Plan is not less than the lump sum actuarial equivalent of their accrued benefit under the FAP Benefit at their conversion date (Protected Benefit) plus applicable pay and interest credits from their conversion date through termination of employment. Both an AB and FAP benefit calculation must be performed for these participants to determine the winning benefit (greatest benefit for participant).

Internal Audit testing was based on the following samples selected by Deloitte & Touche:

Sample Selection	Total Participants
Lump sum benefit calculations	8
Annuity benefit calculations	8
Demographic data testing – Bay State only	6

## Audit Scope and Approach

The purpose of this audit was to assess the accuracy of the plan benefit payments for the period from January 1, 2019 through December 31, 2019.

<b>Business Objective 1: Assess the accuracy of the benefit payments for the period under review.</b>		
<b>#</b>	<b>Procedures</b>	<b>Findings Summary</b> (Refer to Appendix A for rating scale)
1	Perform a benefit payment recalculation on a sample selected by Deloitte & Touche.	<b>Finding #1 – See Page 6</b>
2	Review the accuracy of prior year annuity payments.	<b>No Findings Noted</b>

## Audit Scope and Approach

The purpose of this audit was to assess the accuracy of the plan benefit payments for the period from January 1, 2019 through December 31, 2019.

<b>Business Objective 2: Validation of Information through Demographic Testing</b>		
<b>#</b>	<b>Procedures</b>	<b>Findings Summary</b> (Refer to Appendix A for rating scale)
1	Validate participant's demographic information by comparing information provided by Hewitt to PeopleSoft.	<b>No Findings Noted</b>

## Audit Scope and Approach

The purpose of this audit was to assess the accuracy of the plan benefit payments for the period from January 1, 2019 through December 31, 2019.

### Business Objective 3: Gain an understanding of CMA work streams for transition activities related to pension benefits.

#	Procedures	Findings Summary (Refer to Appendix A for rating scale)
1	Inquire of Human Resources and Benefits Departments regarding procedures associated with the sale of Colombia Gas of Massachusetts to Eversource Energy.	<b>No Findings Noted</b>

# Findings

<p><b>Objective 1:</b> Perform a benefit payment recalculation on a sample selected by Deloitte &amp; Touche.</p>	<p><b>Risk Rating</b></p>
<p><b>Finding #1:</b> Alight used incorrect factors in audit work-papers when documenting two participant's FAP total protected benefit calculations:</p> <ul style="list-style-type: none"> <li>• 1 calculation used the incorrect lump sum factor table. The participant's benefit commencement date was 12/1/18 therefore the 2018, not the 2019 factor table should have been used.</li> <li>• 1 annuity calculation used an incorrect early retirement factor. The participant's benefit should not have been reduced.</li> </ul> <p>In both instances, the FAP total protected benefit was not the winning benefit for the participants. However, incorrect calculations could result in under/over payments to participants in the event of winning benefits.</p>	<p><b>Low</b></p>
<p><b>Process Owner(s):</b> Jillian Hansen, Director of Benefits</p>	
<p><b>Observation</b></p> <p><b>Criteria:</b> Pension benefits are calculated with complete and accurate information and are paid accordingly.</p> <p><b>Condition:</b> Incorrect lump sum and retirement factors were used by Alight in audit work-papers when documenting the FAP benefit calculations for two participants. However, the correct lump sum and retirement factors were used in Alight's automated system, TBA.</p> <p><b>Risk/Impact:</b> Incorrect or incomplete benefit calculations could result in under/over payment of benefits to participants.</p>	
<p><b>Recommendation</b></p> <p>Management should communicate to Alight the importance of ensuring all benefit calculations, including those that do not result in the winning benefit, are complete and accurate.</p>	
<p><b>Management Response</b></p> <p>The Benefits department understands the importance of accurate documentation to support audit requests and has scheduled a meeting with Alight to discuss the necessity to document all benefit calculations completely and accurately, for both the winning and non-winning benefit. While the calculations are manually documented for this audit, the documentation needs to reflect data in Alight's TBA system accurately.</p>

## Executive Summary

The services of Schneider Downs & Co, Inc. were retained by NiSource, Inc. to perform an advisory review of key cybersecurity initiatives and provide a secondary opinion on the current-state design, and where applicable, operating effectiveness of NiSource's Vulnerability Management Program. NiSource Inc. (NiSource) Internal Audit selected the NiSource Vulnerability Management Program for analysis based on the criticality of the area related to the company's cybersecurity posture, coupled with the program's maturity status within the broader NiSource cybersecurity roadmap. Schneider Downs' assessment occurred during August and September 2020.

For the purpose of this review, *vulnerability management* refers to:

- Identification of flaws, weaknesses, or misconfigurations of information systems that may be exploited by a bad actor
- Preventative maintenance in the form of the regular application of manufacturer software and firmware patches
- Change management processes as they relate to the remediation of system vulnerabilities
- Metrics, alerting, and reporting used to communicate identified vulnerabilities to stakeholder groups within the organization
- Analysis, acceptance, and tracking of organizational risk exposure due to vulnerable information systems
- The automated tools and manual processes implemented to support these activities

In order to assess the maturity of the NiSource Vulnerability Management Program against industry best practices, Schneider Downs utilized the SANS Vulnerability Management Maturity Model (VMMM), which is comprised of five *domains* and twelve *subdomains*, each with five maturity levels. A complete description of the activities expected at each of the maturity levels is provided in Appendix A: SANS Vulnerability Management Maturity Model.

## Background

Vulnerability Management functions at NiSource, including the administration of the vulnerability management platform (Qualys), workflows, configuration and execution of scans, vulnerability reports, and compliance, were previously outsourced to Verizon Communications Inc. (Verizon) from Q4 2017 until Q2 2020. In the months prior to this review, NiSource Information Technology (IT) hired internal staff and developed internal processes for the steady-state operation of vulnerability management. Currently, NiSource IT Security Operations is responsible for most vulnerability management duties, including vulnerability monitoring/scanning/reporting, vulnerability risk assessment, and coordination among stakeholders. However, NiSource third party service providers Wipro Limited (Wipro) and Verizon are responsible for patching and vulnerability remediation.

The observations in this report were compiled based on inquiry with NiSource IT staff members who perform various roles within the Vulnerability Management Program, as well as through selected tests of the operating effectiveness of implemented processes. A full listing of individuals interviewed as part of this review may be found in Appendix C: Vulnerability Management Program Organization Chart.

## Observed Strengths

In consideration of how recently the NiSource IT Security Operations team assumed responsibility for vulnerability management activities, Schneider Downs assesses that the company's Vulnerability Management Program is at or above the expected level of maturity. An increase in dedicated NiSource IT security team resources has enabled more focus on vulnerability management tasks and priorities and contributed to the upward maturity trend.

## Key Recommendations

### 1. **Vulnerability Management Roadmap**

While the organization has made significant progress implementing the Vulnerability Management Program, plans have not been formally developed to address a number of identified issues (e.g., incomplete or inaccurate asset inventories, technical issues with authenticated scanning, conflicting priorities between IT service provider SLAs and vulnerability remediation timeframes, etc.).

Schneider Downs recommends the NiSource IT Security Operations team adopt a specific Vulnerability Management roadmap to further enable increased program maturity within a defined timeframe. This roadmap should conform to an industry standard(s) such as SANS VMMM, NIST Cyber Security Framework (CSF), or Cybersecurity Capability Maturity Model for the Oil and Natural Gas Subsector (ONG-C2M2). This will guide development of time-bound future state milestones selected based on the organization's risk threshold and the alignment of required resources to perform activities on the Vulnerability Management roadmap.

### 2. **Asset Management & Discovery**

While asset management is not a function of the Vulnerability Management Program, the program's effectiveness is reliant on accurate asset information. Attributes critical to vulnerability management include:

- a. Asset ownership
- b. Data type(s) stored or processed
- c. Operating system
- d. Service(s) supported

Schneider Downs noted NiSource IT is using multiple technology tools, including ServiceNow and Qualys, to discover and store IT asset information. Although the use of multiple tools for asset discovery and information storage is common, NiSource IT does not reconcile the information obtained by and stored within each of the individual tools being leveraged. Schneider Downs recommends that NiSource IT develop a process to review and reconcile data being produced between the tools in order to reduce or eliminate inconsistent or duplicate information as inconsistent/duplicate information may impair effective vulnerability management.

Schneider Downs further recommends the use of authenticated vulnerability scanning for all assets, when possible, to ensure all asset attributes are collected. Authenticated scans were observed to be configured, but the scans were failing due to technical issues. Data collected from authenticated scanning can effectively assist in aligning technology inventory databases through available integrations between Qualys and ServiceNow or via custom/manual processes.

**3. Risk Tracking**

Schneider Downs found a number of vulnerabilities that had exceeded acceptable remediation timeframes per NiSource's policy. Schneider Downs recommends NiSource risk management team members, whether IT Risk Management and/or Enterprise Risk Management, be integrated into the vulnerability resolution process or systematically notified when an identified vulnerability has not been resolved within the established timeframe. Where possible, specific alerts or reports should be developed to ensure the following are monitored:

- a. New and high risk vulnerabilities
- b. Vulnerabilities that are not resolved within established remediation timeframes
- c. Vulnerabilities excluded/exempted from scan reports

**4. Vulnerability Remediation Execution**

Schneider Downs observed a number of lower criticality vulnerabilities that were prioritized for remediation ahead of higher-risk vulnerabilities and recommends NiSource IT Infrastructure re-evaluate and, if needed, update the established criteria for prioritizing vulnerability remediation to ensure the prioritization methodology drives towards the desired risk profile. Proper alignment of service level agreements and remediation timeframes within risk thresholds ensures that resources are directed first at mitigating the vulnerabilities posing the highest risk to the organization before addressing those with a lesser potential impact. This should include:

- a. Increasing focus on key factors such as access vector, access complexity, and contextual criteria about the assets impacted
- b. Remediation timeframes for lower criticality vulnerabilities be extended to allow focus on higher risk items
- c. Incorporation of threat intelligence data into the identification and prioritization of vulnerabilities, especially zero-day vulnerabilities that are not yet noted in Qualys

**5. External Vulnerability Reporting**

NiSource does not currently utilize a single process for the intake and management of vulnerabilities identified by external sources, such as unsolicited vendor scan reports. Schneider Downs recommends that IT Security Operations establish a single intake process to ensure appropriate routing of these reports. This process should include:

- a. A standardized approach for external vulnerability scanning, including the regular use of a third-party scanning provider and/or increased levels of scanning
- b. A publicly available means to report vulnerabilities, such as an email address or contact form
- c. A published Vulnerability Disclosure Policy (VDP) addressing how external parties should communicate with NiSource regarding vulnerabilities
- d. An internal procedure for incorporating externally identified vulnerabilities into the existing vulnerability management processes

### Management Response to Recommendations

NiSource IT agrees with the recommendations in the Advisory Memo and will incorporate the recommended items into our 2021 initiatives. This is especially timely given the recent insourcing of this function and the need to further define and build out processes as we continue to mature the program. We specifically will further define our vulnerability management roadmap, document and reconcile tools used in vulnerability management, determine the appropriate risk tracking processes, and ensure timeframes and remediation efforts are appropriately focused on risk. We will track issues in our Risk Register assigning ownership and remediation timeframes until items are brought to closure.

# Detailed Report

## SANS Vulnerability Management Maturity Model Assessment

To perform the assessment, Schneider Downs utilized the SANS Vulnerability Management Model (VMMM), a tool which helps evaluate the maturity of a Vulnerability Management Program by benchmarking against five Domains and 12 Subdomains. The Domains and Subdomains appear in the table below.

Domain	Subdomains		
<b>Prepare</b>	Policy & Standards		Context
<b>Identify</b>	Automated	Manual	External
<b>Analyze</b>	Prioritization		Root Cause Analysis
<b>Communicate</b>	Metrics & Reporting		Alerting
<b>Treat</b>	Change Management	Patch Management	Configuration Management

### Current State

Schneider Downs assessed the current state of the NiSource Vulnerability Management Program by evaluating the percentage of activities being performed at each of the prescribed maturity levels. The heat map below shows the areas of the Program that are established, as well as those that are currently undefined or underperformed. The following sections describe in detail the maturity assessment for each of the subdomains of the SANS VMMM, and include specific recommendations and risk metrics.

Activities Performed
100%
75%
50%
25%
None

Domain	Subdomain	Level 1	Level 2	Level 3	Level 4	Level 5
Prepare	Policy & Standards	100%		75%	50%	None
	Context	50%	50%	50%	50%	None
Identify	Automated	50%	50%	50%	25%	None
	Manual	100%		50%	None	
	External	50%	None			
Analyze	Prioritization	50%	50%	50%	25%	None
	Root Cause Analysis	50%	50%	50%	50%	None
Communicate	Metrics & Reporting	75%	75%	75%	50%	25%

## Prepare

### Policy & Standards

#### Description

The Policy & Standards subdomain encompasses the written governance for vulnerability management. Key areas considered in this subdomain include the establishment, measurement, and maintenance of the vulnerability management program.

### Subdomain Maturity

#### Maturity Level & Recommendations

Schneider Downs recommends NiSource continue its annual review of IT policies and procedures while developing a process to incorporate stakeholder feedback into the review. Additionally, stakeholder groups should receive training on policies specific to their roles and metrics for compliance to policies be developed. These recommendations address Levels three and four of the subdomain.

Level	Description	Conformity
1	Policy and standards are undocumented or in a state of change.	Generally Conforms
2	Policy and standards are defined in specific areas as a result of a negative impact to the program rather than based on a deliberate selection of best practices or standards from recognized frameworks.	Generally Conforms
3	Policy and standards have been carefully selected based on best practices and recognized security frameworks and are updated as needed to fulfill the program's mission. Employees are made aware of standards and training on requirements is available.	Partially Conforms
4	Adherence to defined policy and standards is tracked and deviations are highlighted. Training of personnel on requirements is required at least annually.	Partially Conforms
5	Automated, proactive controls enforce policy and standards and provide input to regular updates and training requirements.	Does Not Conform

#### Observations

There are four NiSource IT policy documents that are based on the NIST Cybersecurity Framework with standards covering portions of the NiSource Vulnerability Management Program:

- IT Vulnerability Management Policy
- IT Vulnerability Management Scanning Standard
- IT Endpoint Security and Patching Standards
- IT Protection from Malicious Software Standard

These IT policies were published in February/March 2020, are reviewed annually, and were recently updated to align with new Vulnerability Management program documentation. However, NiSource IT management does not track and monitor employees', contractors' and service providers' adherence to

the policies, and training regarding policy adherence and consequences of non-compliance is not currently provided.

Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- IT policies and procedures are not reviewed on an annual basis
- Stakeholders are unaware of their responsibilities as assigned by policy and procedure
- Training is not delivered or does not reflect current policies and procedures

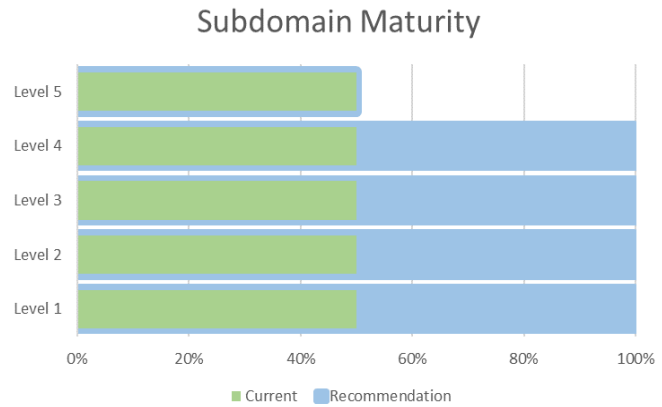

Context

Description

The Context subdomain describes key activities regarding asset tracking as they pertain to vulnerability management. Examples include asset discovery, ownership, and criticality as determined by underlying data type or operational function.

Maturity Level & Recommendations

Schneider Downs has noted its recommendations under the Key Recommendations section as recommendation #2. These recommendations address multiple levels of the subdomain maturity.

Level	Description	Conformity
1	Contextual data (e.g., asset details, ownership, relationships) are available from multiple data sources with varying degrees of accuracy.	Partially Conforms
2	There is a central repository of contextual data that has some data for most systems and applications.	Partially Conforms
3	The central repository requires that certain contextual information be tracked and updated for each system and that it is based on program needs.	Partially Conforms
4	Reports show compliance with contextual information requirements and processes are in place to identify non-compliant, missing, or retired systems and applications.	Partially Conforms
5	Automated or technology-assisted processes and procedures exist to both create and remove systems and applications and associated attributes from the central repository, or data is correlated and reconciled with other systems that contain information about tracked systems and applications.	Partially Conforms

Observations

Qualys mapping and discovery scans are run bi-weekly, however blind spots are difficult to quantify because the Qualys scanners can only identify the presence of devices. Root causes for these issues are detailed further in the Technical Assessment section of this report.

Additionally, based on inquiry with multiple NiSource IT Security Operations personnel, it was noted that the ServiceNow Configuration Management Database (CMDB) is unreliable and data accuracy is an issue. Management is aware and working to mature asset management processes.

Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High count of assets in the ServiceNow CMDB that do not have all required attributes to support vulnerability management
- High count of assets that appear in other asset inventories but not Qualys

Identify

Automated

Description

The Automated subdomain outlines all of the activities performed to support the detection of vulnerabilities through scanning tools. This function may range from ad hoc to fully integrated into system design processes.

Maturity Level & Recommendations

Schneider Downs recommends prioritizing the use of authenticated vulnerability scanning as captured in Recommendation #2 of the Key Recommendations. These recommendations address many of the subdomain maturity levels.

Level	Description	Conformity
1	Infrastructure and applications are scanned ad-hoc or irregularly for vulnerability details, or vulnerability details are acquired from existing data repositories or from the systems themselves as time permits.	Partially Conforms
2	The process, configuration, and schedule for scanning infrastructure and applications is defined and followed for certain departments or divisions within the organization. Available technology may vary throughout the organization.	Partially Conforms
3	There are defined and mandated organization wide scanning requirements and configurations for infrastructure and applications that set a minimum threshold for all departments or divisions. Technology is made available throughout the organization through enterprise licensing agreements or as a service.	Partially Conforms
4	Scanning coverage is measured and includes the measurement of authenticated vs. unauthenticated scanning (where applicable), the types of automated testing employed, false positive rates, and vulnerability escape rates.	Partially Conforms
5	Scanning is integrated into build-and-release processes and procedures and happens automatically in accordance with requirements. Scanning configurations and rules are updated based on previous measurements.	Does Not Conform

Observations

Qualys is utilized for vulnerability scanning, however most scans are currently performed in an *unauthenticated* manner, which means the scanner runs anonymously and does not have full access to the asset configuration. Because known issues exist with performing *authenticated*, as noted in the Technical Assessment section, most scans are reverting back to being run as unauthenticated. Authenticated scanning should be used whenever possible to gain full visibility over existing vulnerabilities.

Because NiSource does not have a comprehensive asset inventory to compare the Qualys inventory against, the coverage for vulnerability scanning is not measured and reported to management. As the ServiceNow CMDB has been selected as the “source of truth” at NiSource, use of available integrations between ServiceNow and Qualys or a combination of custom and manual methods would provide the capability to reconcile these two asset databases.

CrowdStrike, an endpoint security, threat intelligence and cyberattack response tool, will be considered as a potential source for cross-referencing vulnerability data in the future, pending internal approval.

#### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- Low ratio of authenticated to unauthenticated vulnerability scans
- High count of devices appearing in the ServiceNow CMDB or other asset databases that do not appear in the Qualys inventory

## Manual

### Description

The Manual subdomain provides guidance on activities for the manual triage and assessment of vulnerabilities. Initial manual review processes may materialize as a service performed at request while a mature manual review process will consider historic risks.

### Maturity Level & Recommendations

Schneider Downs recommends guidelines be established to trigger the manual review of a given vulnerability (e.g., at system owner request, identified out of cycle, impact to key systems, etc.). This recommendation addresses Level three of the subdomain maturity.

Level	Description	Conformity
1	Manual testing or review occurs when specifically required or requested.	Generally Conforms
2	Manual testing or review processes are established and some departments and divisions have defined requirements.	Generally Conforms
3	Manual testing or review occurs based on reasonable policy-defined requirements that apply to the entire organization and is available as a service where not specifically required by policy.	Partially Conforms
4	Deviations from manual testing or review requirements are tracked and reported.	Does Not Conform
5	Manual testing or review processes include focused testing based on historical test data and commonalities or threat intelligence.	Does Not Conform

### Observations

Weekly meetings are held to discuss the “Top 10” and “Severity 5” vulnerabilities. These meetings are followed by weekly action planning sessions.

Stand-up calls are held daily where management uses a feedback loop from UNITE and E-ISAC identifying threats to peer organizations, along with open source intelligence, to identify vulnerabilities that need to be prioritized outside of the standard process.

However, manual testing and review of vulnerabilities is not available as an optional service, and deviations are not tracked and reported to management.

From the Top 75 Weekly Reports, Schneider Downs noted the following:

- 114 vulnerabilities appeared on at least five of the reports, meaning the vulnerabilities remained open for at least five weeks. This is over the 30-day remediation timeline defined for all medium and above vulnerabilities in the IT Vulnerability Management Program
- Schneider Downs sampled 15 of the 114 vulnerabilities that appeared on at least five of the weekly reports, noting that:

1. Ten (of 15) vulnerabilities appeared on the most recent (8/18/2020) "Top 75" weekly report and therefore have not been remediated to date
2. Five (of 15) vulnerabilities did not have a change ticket documented
3. Twelve (of 15) vulnerabilities resulted in an increase of affected assets compared to the prior week's report

From the Severity (Sev) 5 Weekly Reports, Schneider Downs noted the following:

- 178 vulnerabilities appeared on at least five of the reports, meaning the vulnerabilities remained open for at least five weeks; this is over the 30-day remediation timeline defined for all medium and above vulnerabilities in the IT Vulnerability Management Program
- Schneider Downs sampled 15 of the 178 vulnerabilities that appeared on at least five of the reports, noting that:
  1. All 15 vulnerabilities in the sample appeared on the most recent (8/18/2020) Sev 5 weekly report and therefore have not been remediated to date
  2. All 15 vulnerabilities in the sample did not have a change ticket documented
  3. Four (of 15) vulnerabilities resulted in an increase of affected assets compared to the prior week's report

#### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High ratio of vulnerabilities that exceed mitigation timeframes without manual review
- High count of vulnerabilities that have been both:
  1. Accepted as risk items
  2. Exceeded their risk review period without manual review by a member of the vulnerability management team

**External**

**Description**

Activities that fall under the External subdomain include all those related to the intake and review of external vulnerability scans and/or research.

**Maturity Level & Recommendations**

Schneider Downs has noted its recommendations under the Key Recommendations section as recommendation #5. These recommendations address multiple levels of the subdomain maturity.

Level	Description	Conformity
1	External vulnerability reports and disclosures are handled on a case-by-case basis.	Partially Conforms
2	Basic vulnerability disclosure policy (VDP) and contact information published, but backend processes and procedures not documented.	Does Not Conform
3	More comprehensive VDP in place, along with terms and conditions for external vendors and security researchers, that outlines rules of engagement, tracking, and feedback processes.	Does Not Conform
4	Compliance with VDP and terms and conditions is tracked and measured and information is used to streamline processes and evaluate vendors and researchers.	Does Not Conform
5	A mature external testing and research program is in place with specific goals and campaigns that may only be available to specific vendors or researchers.	Does Not Conform

**Observations**

NiSource performs their own internal scans, but also receives several scans from external scanning companies per year that are then tracked as risk items. These scans usually come in after publishing a Request for Proposal (RFP) or due to considering a product or service.

Some reports of external vulnerabilities have been submitted through standard customer service channels. It is unknown if any such reports have been incorrectly routed internally. NiSource has not published a policy for how external parties should interact with NiSource systems when performing security research or submit identified vulnerabilities to the NiSource team.

**Key Risk Indicators**

The following metrics may indicate the failure of controls or processes in this subdomain:

- High ratio of externally reported vulnerabilities that arrive via unofficial channels

## Analyze

### Prioritization

#### Description

Processes supporting the assignment of a criticality score for individual vulnerabilities fall into the Prioritization subdomain. These processes typically utilize a combination of publicly available data, such as the Common Vulnerability Scoring System (CVSS) and NIST Common Vulnerabilities and Exposures (CVE) database, and contextual data gathered by the organization based on its established risk criteria.

### Subdomain Maturity

#### Maturity Level & Recommendations

Schneider Downs' recommendations for the Prioritization subdomain are addressed by Recommendation #3 in the Key Recommendations. These recommendations address multiple levels of subdomain maturity.

Level	Description	Conformity
1	Prioritization is performed based on CVSS/Severity designations provided by identification technology or indicated in reports.	Partially Conforms
2	Prioritization also includes analysis of other available fields such as whether or not exploits or malware exist or confidence scores.	Partially Conforms
3	Prioritization includes correlation with the affected asset, asset group, or application to account for its criticality in addition to the severity designation. This may require light to moderate customization depending on architecture and design.	Partially Conforms
4	Generic threat intelligence or other custom data, which may require additional products or services, are leveraged to perform prioritization.	Does Not Conform
5	Company-specific threat intelligence, or other information gathered from the operating environment, is leveraged to perform prioritization. This information may require human analysis or more extensive customization.	Does Not Conform

#### Observations

CVSS scores are incorporated into the Qualys scoring system, whereby NiSource has established a process to target the highest vulnerabilities based on Qualys scoring (Severity 5). Currently, contextual data is not factored into the prioritization process due to perceived inconsistencies within the ServiceNow CMDB. The only exception is the NiSource Call Center as the call center assets are prioritized over other systems due to uptime requirements.

Some vulnerabilities with known exploits are handled out of cycle, but Qualys reports are not specifically broken out by exploitability. For example, during the week of 8/17/2020, NiSource completed a "Patch

Now" remediation since they are able to escalate any CVSS score, or a score from a vendor, even if it was considered low.

Threat intelligence is not factored into severity scores, but is monitored to identify vulnerabilities that have not yet hit Qualys. No organization-specific feeds are implemented at this time, but research is performed in an ad hoc fashion from E-ISAC, Twitter, and other industry sources.

From the Top 75 Weekly Reports, Schneider Downs sampled 15 of the 114 vulnerabilities that appeared on at least five of the reports. Schneider Downs assessed that, based on the NIST CVE Base Scores (looking at the factors including Exploitability Scores, Access Vector, Access Complexity, and Authentication), five (or 33%) of the QID's (Qualys unique ID number assigned to a vulnerability) were lower risk vulnerabilities that received prioritization over higher risk vulnerabilities.

#### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- Vulnerability closure rates that do not align with priority (i.e., low risk vulnerabilities are closed more quickly than high risk vulnerabilities)
- High count of vulnerabilities that exceed the remediation timeframe for their severity level

## Root Cause Analysis

### Description

Root Cause Analysis pertains to all activities that aid in the identification of underlying causes of persistent vulnerabilities. Examples are systems that are exempt from patching policies or gaps in patch management processes.

### Maturity Level & Recommendations

Schneider Downs recommends NiSource develop reporting specific to system owners, applications, infrastructure, departments, or other business-relevant classifications in order to identify potential root causes for areas with lagging vulnerability remediation. These recommendations address multiple levels of the subdomain maturity.

Level	Description	Conformity
1	Root cause analysis is performed based on out-of-the-box information such as standard remediation/patch reports or other categorized reports (e.g., OWASP Top 10 category).	Partially Conforms
2	Data is lightly customized to apply less granular or more meaningful groupings of data than CVE, CWE, or Top 10 identifiers to facilitate root cause analysis.	Partially Conforms
3	Data is also identified, grouped, and/or filtered by department or location to enable identification of location- or group-based deficiencies. This may require light to moderate customization depending on architecture and design.	Partially Conforms
4	Data is also identified, grouped, and/or filtered by owner or role. This may require more extensive customization and ongoing maintenance.	Partially Conforms
5	An executive dashboard is in place and includes the highest-risk root cause impediments, exclusions, project cost projections, etc. This will require more detailed analysis and customization to become meaningful and should integrate with existing executive business intelligence tools.	Does Not Conform

### Observations

Root cause is discussed on the weekly calls with Wipro where the “Top 10” (number of assets affected) and “Severity 5” vulnerabilities are reviewed. An IT security analyst pulls these reports from Qualys for the calls, then asks Wipro to put remediation dates in place including pilot and testing dates. Wipro also provides a root cause for monthly patching cycles when deployments do not meet SLAs. It takes a month to evaluate patches and note if the patches are actually remediating the vulnerabilities. While root cause analysis does track underlying system owners, it does not incorporate attributes that may aid in identifying true root cause such as operating system patching and/or software dependency. The root causes of delays in remediating identified vulnerabilities are not formally investigated, which may impair the effectiveness and efficiency of vulnerability remediation.

Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- Vulnerabilities sharing an owner, application, infrastructure, departments, etc. repeatedly exceed standard remediation timeframes

## Communicate

### Metrics & Reporting

#### Description

The performance of all other vulnerability management activities cannot be effectively reported to management without developing metrics that align with organizational objectives. Such metrics should be vetted with leadership and reviewed on a regular basis.

#### Maturity Level & Recommendations

Schneider Downs recommends formal key risk indicators and reports be developed for vulnerability management as outlined in Recommendation #2 in the Key Recommendations. These recommendations address multiple levels of the subdomain maturity and focus on metrics and reporting as a means of identifying and communicating risks that exceed the established risk appetite.

Level	Description	Conformity
1	Simple, point-in-time operational metrics are available primarily sourced from out of- the-box reports leveraging minimal customization or filtering.	Generally Conforms
2	Filtered reports are created to target specific groups or prioritize findings. Specific divisions or departments have defined their own reporting requirements, including both program and operational metrics, and generate and release the corresponding reports at a defined interval.	Partially Conforms
3	Reporting requirements, including all required program, operational, and executive metrics and trends, are well-defined and baseline reports are consistent throughout the organization and tailored or filtered to the individual departments or stakeholders.	Partially Conforms
4	Reports and metrics include an indication of compliance with defined policy and standards, treatment timelines, and bug bars. Correlation with other security or contextual data sources allows for more meaningful grouping, improves accuracy, and allows for identification of faulty or inefficient design patterns.	Partially Conforms
5	Custom reporting is available as a service or via self-service options, or feedback is regularly solicited and reports are updated to reflect changing needs. Automated outlier and trend analysis, along with exclusion tracking, is performed to identify high/low performers and highlight systemic issues/successes.	Partially Conforms

#### Observations

The reports coincide with weekly meetings and align with workstations, servers, and applications as well as an executive level report. Weekly reports sent to stakeholder groups are filtered down in Excel-format to the areas covered by each team. However, a specific feedback loop has not been developed to

ensure reporting provides all necessary information to stakeholders required to perform their roles in the process.

Reports can also be generated on an ad hoc basis, although NiSource's goal is to create automated reports that will be generated for users on a defined basis. This will allow for best allocation of resources given that generating ad hoc reports can be taxing on the system.

Remediation SLAs are handled outside of Qualys. Open vulnerabilities and the change in the overall numbers, as well as how long vulnerabilities have been open, are tracked during weekly meetings.

From the Top 75 Weekly Reports, Schneider Downs noted that a process to report/escalate risks when they reach a defined threshold; i.e., the vulnerabilities that had not been remediated for over 30 days did not make it to the IT risk register either in an individual or aggregate form.

Also, during the transition of the reporting process from Verizon to NiSource (in-house), there was a 26-week gap in the available reports between 1/3/2020 and 8/18/2020.

However, Schneider Downs did note that, after assuming the reporting processes from Verizon, NiSource began tracking the Severity (Sev) 5 vulnerabilities on a weekly basis in addition to the Top 75 Vulnerabilities, and the average time to remediate Sev 5 vulnerabilities has decreased.

#### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High count of vulnerabilities that exceed their defined remediation timeline thresholds are not reported to Risk Management
- Reporting does not enable relevant business risk decisions

## Alerting

### Description

Alerts communicate either new vulnerabilities as they are discovered or existing vulnerabilities when they exceed remediation timeframes to the appropriate stakeholder groups.

### Maturity Level & Recommendations

Schneider Downs recommends implementing stakeholder alerts for newly discovered, high-risk vulnerabilities and for vulnerabilities that have exceeded their accepted mitigation timeframes. This recommendation addresses Levels one and two of the subdomain maturity.

Level	Description	Conformity
1	Alerting is either not available or only available within security-specific technologies.	Does Not Conform
2	Integrations exist and alerts are being sent for specific divisions or departments or for users of specific non-security technologies already being leveraged by some stakeholders.	Does Not Conform
3	Alerting is available for most stakeholders in their technology of choice.	Does Not Conform
4	Visibility and both timing and detail of response to alerts is measured and tracked.	Does Not Conform
5	Data is analyzed to develop a standard or automated response to alerts for common issues that can be tied to a common response.	Does Not Conform

### Observations

The only alerts currently in use by NiSource are on scan start and completion. The company has not yet explored other alerting functions available in Qualys.

Reports are sent out following scans for each of the stakeholder groups, but this is driven by the Vulnerability Management team versus the stakeholders subscribing to alerts or reports. The company's Vulnerability Management Program could be further improved by stakeholders proactively researching alerts published by manufacturers and industry resources rather than waiting for scans results.

### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High count of delivered alerts that are not acted upon
- High count of alerts that require escalation or reassignment

Treat

Change Management

Description

To balance operational and security priorities, organizations should establish healthy Change Management processes. These processes allow for approval from stakeholders across the organization prior to the deployment of patches or configuration changes.

Maturity Level & Recommendations

Schneider Downs identified instances where change tickets were closed prior to vulnerability remediation and recommends the Segregation of Duties for Change Management be realigned to ensure that changes are closed only after the vulnerability has been sufficiently remediated. Schneider Downs further recommends tracking closure metrics for Change Management activities to identify root causes for other potential process failures.

Level	Description	Conformity
1	Changes related to vulnerability management activities pass through the same workflow as any other change.	Generally Conforms
2	Some changes related to vulnerability management activities have a custom workflow or are treated as standard changes.	Generally Conforms
3	Most changes related to vulnerability management activities follow a custom workflow or are treated as standard changes.	Generally Conforms
4	Changes related to vulnerability management activities, along with success rates, are tracked. Timing is also measured for different stages of the change or subtasks related to the change.	Partially Conforms
5	Metrics from vulnerability management change activities are used to modify requirements or streamline future change requests. At least some standard changes are automated.	Partially Conforms

Observations

Wipro follows a change management workflow during the remediation process. However, some of the sampled change requests were observed to be closed prior to all systems being remediated. When an IT service provider opens a change, they are able to close the change prior to the vulnerability being fully addressed. The current agreements define Service Level expectations for patching, but are unclear on vulnerability remediation expectations.

There are custom workflows in the ServiceNow Change Management module for each level of change. For instance, a "Patch Now" would be considered an emergency change.

Changes related to vulnerability management are tracked and success rates are reported to management monthly. Items that fail, including patching, are tracked weekly and a feedback loop exists for improving future deployments.

From the Top 75 Weekly Reports, Schneider Downs noted that 114 vulnerabilities appeared on at least five of the reports, meaning those vulnerabilities remained open for at least five weeks. Schneider Downs evaluated 15 of those 114 vulnerabilities and noted that only 10 (of 15) of the vulnerabilities was associated with at least one open change ticket. Schneider Downs reviewed change ticket details for 14 change tickets associated with the 10 vulnerabilities. Of these 14 change tickets, Schneider Downs noted that:

- Change management duties were not appropriately segregated for eight change tickets, meaning that the Requestor, Tester, and/or Approver was the same person
- Six change tickets were closed at least 25 days before the associated QID was last reported on the Top 75 Weekly Status Reports (i.e., changes were closed early)

However, across the entire population of Top 75 Weekly Reports, Schneider Downs noted that the average remediation timeframe decreased to 20 days (from a previous 23 day average) after NiSource assumed vulnerability management responsibilities from Verizon.

#### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High ratio of tickets with segregation of duties conflicts between requestor, approver, and worker roles
- High count of tickets that are closed prior to remediation of the applicable vulnerabilities
- High ratio of tickets that exceed Service Level Agreements for vulnerability mitigation

## Patch Management

### Description

The regular application of operating system and application updates, and measurement thereof, comprise the Patch Management subdomain.

### Maturity Level & Recommendations

Schneider Downs recommends NiSource create formal thresholds for tracking failed/missed patches as risk items. These recommendations address Levels four and five of the subdomain maturity.

Level	Description	Conformity
1	Patches are applied manually or scheduled by admins and end-users.	Generally Conforms
2	There is a standard schedule defined and technology is available for some divisions or departments or for some platforms to automate patch testing and deployment.	Partially Conforms
3	All departments are required to patch within a certain timeframe and technologies are available to assist with testing and applying patches for all approved platforms.	Partially Conforms
4	Patch management activities are tracked along with compliance with remediation timelines and the success rate.	Partially Conforms
5	Data from patch management activities, security incidents, and threat intelligence are used to right-size remediation timelines and identify process or technology changes.	Partially Conforms

### Observations

Monthly patching processes are considered standard changes within the ServiceNow Change Management module. There is a schedule for monthly patching that is aligned with "Patch Tuesday". By design, NiSource remains one month behind for the monthly patches. Because this practice is established in policy and conforms to industry standards, the one month delay is an accepted risk. However, there is not a formal process in place to monitor when patches exceed established lag times.

Patching statistics are reported through the CISO. Wipro provides their metrics/statistics around patching and vulnerability information. In addition, NiSource IT Security is able to perform vulnerability reporting out of Qualys and is looking to enhance the tool's statistical capabilities in 2021.

### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High ratio of failed patch deployments

## Configuration Management

### Description

Configuration Management refers to the establishment, deployment, and measurement of standards for information systems in regards to cybersecurity. Examples include minimum software versions that may be deployed or protocols that must be enabled or disabled to enforce appropriate security controls.

### Maturity Level & Recommendations

Schneider Downs recommends NiSource continue expanding coverage using the CIS Benchmarks and Qualys Policy Compliance. This recommendation addresses Levels four and five of the subdomain maturity.

Level	Description	Conformity
1	Configuration requirements are not well-defined and changes are either applied manually or the automatic application of configurations is only available for a subset of platforms.	Generally Conforms
2	Configurations are defined for some divisions or departments or for specific platforms.	Generally Conforms
3	Configurations are defined for all supported platforms and technologies are available to automate or validate configuration changes for all platforms.	Partially Conforms
4	Deviations from configuration requirements and associated service impacts are measured and tracked.	Partially Conforms
5	Data from the configuration process along with security incidents and threat intelligence are leveraged to strengthen or relax requirements as needed.	Does Not Conform

### Observations

Policies are in place for standard configurations. Security technical specifications are being built for the entire environment. Build documents are in place for all systems. CIS Benchmarks were evaluated and adopted and the agreed upon values are being measured by the Qualys Policy Compliance tool. Wipro also measures compliance using their own tool.

Not all client machines are measured using Policy Compliance as Policy Compliance reporting is still in its infancy.

### Key Risk Indicators

The following metrics may indicate the failure of controls or processes in this subdomain:

- High count of devices that do not adhere to established secure configurations
- Low ratio of devices that are covered by an established secure configuration

## Technical Assessment

As part of this engagement, Schneider Downs reviewed the technical configuration of the Qualys platform as implemented at NiSource. During this review, the following observations were noted (recommendations are located in the corresponding subdomain section of this report).

### Observations

NiSource has deployed six internal scanning appliances as well as several external scanners. Scanning agents are deployed to many devices and are incorporated as part of the server build process. Scans are configured to be run from both a network and agent perspective.

Most scanning configurations were observed to be set to run as *authenticated*, but are defaulting to *unauthenticated* scanning due to issues with the authentication configuration. This creates an inability to correlate scanning data from the network and agent-based scans.

Scans that fail to execute are tracked and an informal root cause analysis is performed as time permits. Future goals include a formal auditing process to verify scan integrity and resolve any configuration issues.

Currently, Qualys reports roughly 14,183 assets in its scanning inventory. Asset criticality is not currently tracked. Regular discovery scans are only performed in the DMZ and only look at a defined range of 13 TCP ports. Internal discovery scans are not performed and there is no database of internal subnets to audit for scanning coverage. A process has not been formalized to validate that Qualys scanners have access to all network segments or that all devices are being discovered by Qualys. Scanning for rogue devices is a future state goal.

DMZ scanning is currently configured to “light” mode, which only scans 190 commonly used ports. For contrast, the “standard” scanning mode covers 1900 ports. DMZ scans are also performed from an internal versus external perspective.

## Appendix A: SANS Vulnerability Management Maturity Model

Domain	Subdomain	Level 1	Level 2	Level 3	Level 4	Level 5
<b>Prepare</b>	Policy & Standards	Policy and standards are undocumented or in a state of change.	Policy and standards are defined in specific areas as a result of a negative impact to the program rather than based on a deliberate selection of best practices or standards from recognized frameworks.	Policy and standards have been carefully selected based on best practices and recognized security frameworks and are updated as needed to fulfill the program's mission. Employees are made aware of standards and training on requirements is available.	Adherence to defined policy and standards is tracked and deviations are highlighted. Training of personnel on requirements is required at least annually.	Automated, proactive controls enforce policy and standards and provide input to regular updates and training requirements.
	Context	Contextual data (e.g., asset details, ownership, relationships) is available from multiple data sources with varying degrees of accuracy.	There is a central repository of contextual data that has some data for most systems and applications.	The central repository requires that certain contextual information be tracked and updated for each system and that it is based on program needs.	Reports show compliance with contextual information requirements and processes are in place to identify non-compliant, missing, or retired systems and applications.	Automated or technology-assisted processes and procedures exist to both create and remove systems and applications and associated attributes from the central repository, or data is correlated and reconciled with other systems that contain information about tracked systems and applications.
<b>Identify</b>	Automated	Infrastructure and applications are scanned ad-hoc or irregularly for vulnerability details, or vulnerability details are acquired from existing data repositories or from the systems themselves as time permits.	The process, configuration, and schedule for scanning infrastructure and applications is defined and followed for certain departments or divisions within the organization. Available technology may vary throughout the organization.	There are defined and mandated organization-wide scanning requirements and configurations for infrastructure and applications that set a minimum threshold for all departments or divisions. Technology is made available throughout the organization through enterprise licensing agreements or as a service.	Scanning coverage is measured and includes the measurement of authenticated vs. unauthenticated scanning (where applicable), the types of automated testing employed, false positive rates, and vulnerability escape rates.	Scanning is integrated into build-and-release processes and procedures and happens automatically in accordance with requirements. Scanning configurations and rules are updated based on previous measurements.

Domain	Subdomain	Level 1	Level 2	Level 3	Level 4	Level 5
	Manual	Manual testing or review occurs when specifically required or requested.	Manual testing or review processes are established and some departments and divisions have defined requirements.	Manual testing or review occurs based on reasonable policy-defined requirements that apply to the entire organization and is available as a service where not specifically required by policy.	Deviations from manual testing or review requirements are tracked and reported.	Manual testing or review processes include focused testing based on historical test data and commonalities or threat intelligence.
	External	External vulnerability reports and disclosures are handled on a case-by-case basis.	Basic vulnerability disclosure policy (VDP) and contact information published, but backend processes and procedures not documented.	More comprehensive VDP in place, along with terms and conditions for external vendors and security researchers, that outlines rules of engagement, tracking, and feedback processes.	Compliance with VDP and terms and conditions is tracked and measured and information is used to streamline processes and evaluate vendors and researchers.	A mature external testing and research program is in place with specific goals and campaigns that may only be available to specific vendors or researchers.
<b>Analyze</b>	Prioritization	Prioritization is performed based on CVSS/Severity designations provided by identification technology or indicated in reports.	Prioritization also includes analysis of other available fields such as whether or not exploits or malware exist or confidence scores.	Prioritization includes correlation with the affected asset, asset group, or application to account for its criticality in addition to the severity designation. This may require light to moderate customization depending on architecture and design.	Generic threat intelligence or other custom data, which may require additional products or services, are leveraged to perform prioritization.	Company-specific threat intelligence, or other information gathered from the operating environment, is leveraged to perform prioritization. This information may require human analysis or more extensive customization.
	Root Cause Analysis	Root cause analysis is performed based on out-of-the-box information such as standard remediation/patch reports or other categorized reports (e.g., OWASP Top 10 category).	Data is lightly customized to apply less granular or more meaningful groupings of data than CVE, CWE, or Top 10 identifiers to facilitate root cause analysis.	Data is also identified, grouped, and/or filtered by department or location to enable identification of location- or group-based deficiencies. This may require light to moderate customization depending on architecture and design.	Data is also identified, grouped, and/or filtered by owner or role. This may require more extensive customization and ongoing maintenance.	An executive dashboard is in place and includes the highest-risk root cause impediments, exclusions, project cost projections, etc. This will require more detailed analysis and customization to become meaningful and should integrate with existing executive business intelligence tools.

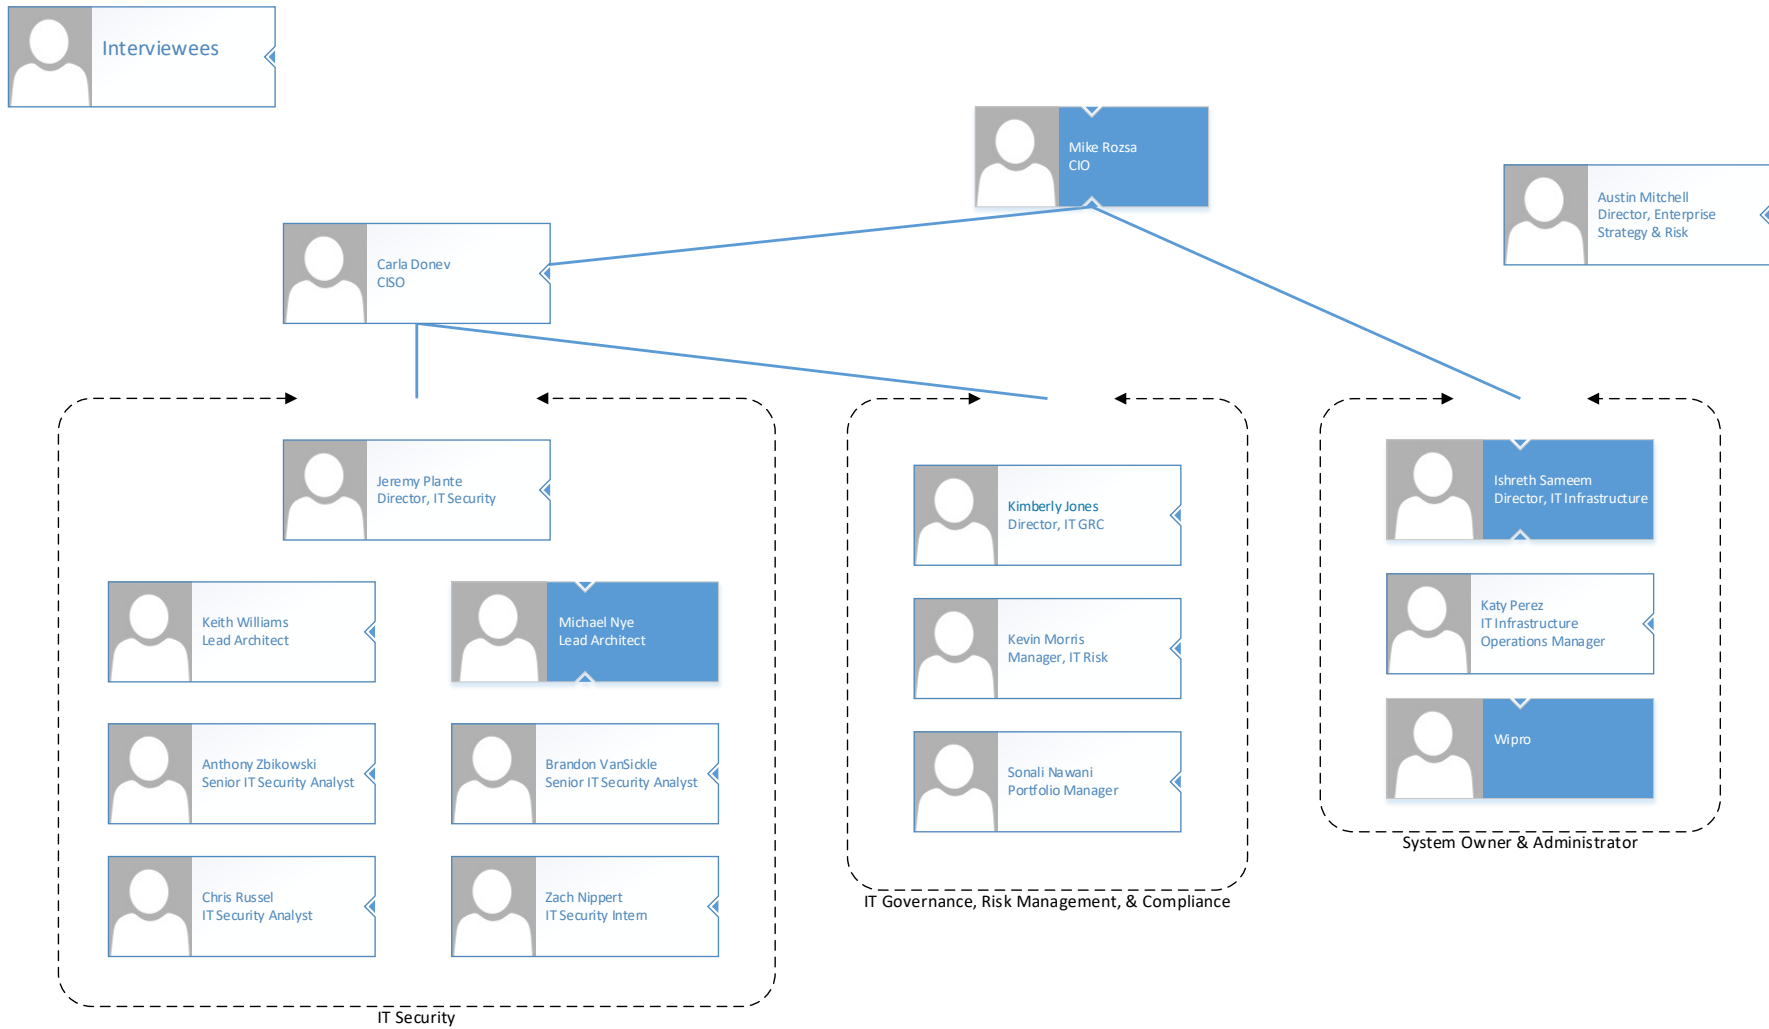

Domain	Subdomain	Level 1	Level 2	Level 3	Level 4	Level 5
<b>Communicate</b>	Metrics & Reporting	Simple, point-in-time operational metrics are available primarily sourced from out-of-the-box reports leveraging minimal customization or filtering.	Filtered reports are created to target specific groups or prioritize findings. Specific divisions or departments have defined their own reporting requirements, including both program and operational metrics, and generate and release the corresponding reports at a defined interval.	Reporting requirements, including all required program, operational, and executive metrics and trends, are well-defined and baseline reports are consistent throughout the organization and tailored or filtered to the individual departments or stakeholders.	Reports and metrics include an indication of compliance with defined policy and standards, treatment timelines, and bug bars. Correlation with other security or contextual data sources allows for more meaningful grouping, improves accuracy, and allows for identification of faulty or inefficient design patterns.	Custom reporting is available as a service or via self-service options, or feedback is regularly solicited and reports are updated to reflect changing needs. Automated outlier and trend analysis along with exclusion tracking is performed to identify high/low performers and highlight systemic issues/successes.
	Alerting	Alerting is either not available or only available within security-specific technologies.	Integrations exist and alerts are being sent for specific divisions or departments or for users of specific non-security technologies already being leveraged by some stakeholders.	Alerting is available for most stakeholders in their technology of choice.	Visibility and both timing and detail of response to alerts is measured and tracked.	Data is analyzed to develop a standard or automated response to alerts for common issues that can be tied to a common response.
<b>Treat</b>	Change Management	Changes related to vulnerability management activities pass through the same workflow as any other change.	Some changes related to vulnerability management activities have a custom workflow or are treated as standard changes.	Most changes related to vulnerability management activities follow a custom workflow or are treated as standard changes.	Changes related to vulnerability management activities along with success rates are tracked. Timing is also measured for different stages of the change or subtasks related to the change.	Metrics from vulnerability management change activities are used to modify requirements or streamline future change requests. At least some standard changes are automated.
	Patch Management	Patches are applied manually or scheduled by admins and end-users.	There is a standard schedule defined and technology is available for some divisions or departments or for some platforms to automate patch testing and deployment.	All departments are required to patch within a certain timeframe and technologies are available to assist with testing and applying patches for all approved platforms.	Patch management activities are tracked along with compliance with remediation timelines and the success rate.	Data from patch management activities, security incidents, and threat intelligence are used to right-size remediation timelines and identify process or technology changes.
	Configuration Management	Configuration requirements are not well defined and changes are either applied manually or the automatic application of configurations is only available for a subset of platforms.	Configurations are defined for some divisions or departments or for specific platforms.	Configurations are defined for all supported platforms and technologies are available to automate or validate configuration changes for all platforms.	Deviations from configuration requirements and associated service impacts are measured and tracked.	Data from the configuration process along with security incidents and threat intelligence are leveraged to strengthen or relax requirements as needed.

## Appendix B: NiSource Vulnerability Management Process Flow

## Appendix C: Vulnerability Management Program Organization Chart

## Appendix D: Summary of Recommendations

Recommendation	Risk & Observations	Recommendation	Owner/Dependencies	Related VMMM Subdomain(s)
<b>#1: Vulnerability Management Roadmap</b>	<p>Without a defined timeline for adopting or implementing program activities, there is risk of misalignment with management objectives.</p> <p>Schneider Downs observed during this assessment that a number of key activities have been implemented by NiSource IT management after the transition of the vulnerability management function from Verizon. While significant progress has been made in implementing the Vulnerability Management Program, a number of challenges identified by multiple stakeholder groups (e.g., incomplete or inaccurate asset inventories, technical issues with authenticated scanning, conflicting priorities between IT service provider SLAs and vulnerability remediation timeframes, etc.) do not have a defined plan in place for being addressed.</p>	<p>Schneider Downs recommends the adoption of a roadmap to address known issues and continue maturing the program within a defined timeframe. Areas for consideration include:</p> <ul style="list-style-type: none"> <li>a. Conformance to an industry standard(s) such as SANS VMMM, NIST Cyber Security Framework (CSF), and Cybersecurity Capability Maturity Model for the Oil and Natural Gas Subsector (ONG-C2M2)</li> <li>b. Time bound future state milestones selected based on the organization’s risk threshold</li> <li>c. Alignment of required resources to perform activities on the vulnerability management roadmap</li> </ul>	<p><b>Owner:</b> IT Security Operations</p> <p><b>Stakeholder Dependencies:</b> IT Tower Leadership</p>	<p>The roadmap does not address a specific domain but provides a timeline for implementing activities for each.</p>

Recommendation	Risk & Observations	Recommendation	Owner/Dependencies	Related VMMM Subdomain(s)
<b>#2: Asset Management &amp; Discovery</b>	<p>Incomplete or inaccurate data regarding IT assets has downstream effects to the identification and prioritization of vulnerabilities. Without a complete IT asset inventory, there is risk that assets may be overlooked when performing vulnerability scans and without accurate information about each asset, vulnerability severity scoring may be inaccurate.</p> <p>Schneider Downs noted through inquiry that inconsistencies appear to exist between the ServiceNow CMDB and other inventory databases, including Qualys. Testing was not performed to quantify this observation.</p>	<p>Schneider Downs recommends NiSource continue to mature its steady-state operation of the ServiceNow CMDB with consideration for the attributes that support the prioritization or assessment of vulnerability exposure. Attributes critical to vulnerability management include:</p> <ul style="list-style-type: none"> <li>a. Asset ownership</li> <li>b. Data type(s) stored or processed</li> <li>c. Operating system</li> <li>d. Service(s) supported</li> </ul> <p>Schneider Downs further recommends the use of authenticated vulnerability scanning for all assets, when possible, to ensure all asset attributes are collected. Authenticated scans were observed to be configured but failing due to technical issues. Data collected from authenticated scanning can effectively assist in aligning inventory databases either through available integrations between Qualys and ServiceNow or via custom/manual processes.</p>	<p><b>Owner:</b> IT Infrastructure</p> <p><b>Stakeholder Dependencies:</b> IT Security Operations</p>	Context – Levels 1-4
<b>#3: Risk Tracking</b>	<p>Without tracking vulnerabilities that exceed the remediation time frames established by NiSource policy, management cannot reliably assign resources to manage the risk.</p> <p>Schneider Downs noted 178 severity level 5 vulnerabilities that had exceeded acceptable remediation timeframes per NiSource policy, but had not been tracked in the IT risk register or formally accepted as risks.</p>	<p>We recommend that NiSource risk management team members, whether IT Risk Management and/or ERM, be either integrated into the vulnerability resolution process or systematically notified when a vulnerability exceeds the established resolution timeframe. Where possible, specific alerts or reports should be developed to ensure the following are tracked within the risk management function:</p> <ul style="list-style-type: none"> <li>a. New, high risk vulnerabilities</li> <li>b. Vulnerabilities that exceed established remediation timeframes</li> <li>c. Vulnerabilities that have been accepted as risk items and exempted from scan reports</li> </ul>	<p><b>Owner:</b> IT Risk Management</p> <p><b>Stakeholder Dependencies:</b> Enterprise Risk Management (ERM)</p>	<p>Policy &amp; Standards – Levels 3-4</p> <p>Alerting – Levels 1-2</p> <p>Patch Management – Levels 2-4</p>

Recommendation	Risk & Observations	Recommendation	Owner/Dependencies	Related VMMM Subdomain(s)
<p><b>#4: Vulnerability Remediation Execution</b></p>	<p>Prioritization of lower risk vulnerabilities for remediation can lead to extended remediation times for higher risk vulnerabilities.</p> <p>Schneider Downs observed 33% of vulnerabilities sampled from “Top 75” reports were considered moderate risk based on their severity scores, as well as 178 severity level 5 vulnerabilities that exceeded acceptable remediation timeframes per NiSource policy, indicating a misalignment of resources to remediating lower risk vulnerabilities.</p>	<p>Schneider Downs recommends NiSource establish criteria for the prioritization of vulnerabilities that aligns with the organizational risk profile. Proper alignment of service level agreements and remediation timeframes with risk thresholds ensures that resources are directed first at mitigating the vulnerabilities posing the highest risk to the organization before addressing those with a lesser potential impact. This should include:</p> <ul style="list-style-type: none"> <li>a. Increasing focus on key factors such as access vector, access complexity, and contextual criteria about the assets impacted</li> <li>b. Remediation timeframes for lower criticality vulnerabilities be extended to allow focus on higher risk items</li> <li>c. Incorporation of threat intelligence data into the identification and prioritization of vulnerabilities, especially zero-day vulnerabilities that are not yet noted in Qualys</li> </ul>	<p><b>Owner:</b> IT Infrastructure</p> <p><b>Stakeholder Dependencies:</b> IT Security Operations</p>	<p>Policy &amp; Standards – Levels 3-4          Prioritization – Levels 1-4</p>
<p><b>#5: External Vulnerability Reporting</b></p>	<p>Externally facing assets are subjected to the greatest number of threats and thus any vulnerabilities present on these systems have a high likelihood of exploit.</p> <p>NiSource does not currently utilize a single process for managing vulnerabilities identified by external sources and runs its own scans of externally facing systems using the “light” mode in Qualys.</p>	<p>Schneider Downs recommends a single intake process be established to ensure appropriate routing of these reports. This process should include:</p> <ul style="list-style-type: none"> <li>a. A standardized approach for external vulnerability scanning, including the regular use of a third-party scanning provider and/or increased levels of Qualys scanning in the DMZ</li> <li>b. A publicly available means to report vulnerabilities, such as an email address or contact form</li> <li>c. A published Vulnerability Disclosure Policy (VDP) addressing how external parties should communicate with NiSource regarding vulnerabilities</li> <li>d. An internal procedure for incorporating externally identified vulnerabilities into the existing vulnerability management processes</li> </ul>	<p><b>Owner:</b> IT Security Operations</p> <p><b>Stakeholder Dependencies:</b> None</p>	<p>External – Levels 1-2</p>

# Identity and Access Management Maturity Advisory Report

February 5, 2021

## Background

NiSource Information Technology (IT) engaged with Accenture LLP in 2019 to design and implement an Identity and Access Management (IAM) solution by deploying the SailPoint IdentityIQ, CyberArk, and Ping applications. These solutions replaced NiSource’s legacy IAM application stack consisting of Hitachi ID Identity Manager, Hitachi ID Privileged Access Manager, IBM Security Access Manager (ISAM) and RSA, respectively. The technical IAM migration was performed by Accenture with NiSource IT management providing internal requirements, ongoing project management support and guidance. The objectives of this migration was to build the base SailPoint infrastructure and implement foundational SailPoint capabilities, set up the base infrastructure and build the foundation for CyberArk and Ping Services, and lastly extend the foundational capabilities and operationalize a factory model to onboard additional applications and accounts for all three capabilities. While the base infrastructure and foundation components for all three technologies were implemented by December 2020, the initial onboarding of applications continues to occur with scheduled completion targeted for mid-2021. The overall IAM project budget is expected to be \$10,516,000 with total spend through December 2020 being \$8,946,000.

Internal Audit conducted its advisory review of the NiSource IT IAM project to provide an independent evaluation of the adequacy, effectiveness, and efficiency of project delivery activities, solution-based practices, and to assess the project’s positioning for future steady state operational execution. The review period for this assessment was April 2020 through December 2020.

<b>Objective 1: Review the base infrastructure build and implementation plans for SailPoint, CyberArk, and Ping Services.</b>		
<b>#</b>	<b>Procedures</b>	<b>Recommendations Summary</b>
1	Verify the infrastructure builds are being performed in accordance with existing NiSource IT configuration baselines and that these builds do not have any known vulnerabilities and are appropriately patched before release.	<b>No Recommendations Noted</b>
2	Determine whether core NiSource IT Non-Functional Requirements (NFR’s) have been pre-identified and dispositioned for the IAM solution’s design and build phases, along with NFR’s being assigned to internal subject matter experts for requirement traceability.	<b>No Recommendations Noted</b>
3	Assess whether the IAM program will be adopting NiSource’s internal IT PMM (Project Management Methodology) structure or instead leveraging the IAM system integrator’s delivery methodology. If the IAM program is leveraging the system integrator’s (Accenture) delivery methodology, assess the NiSource alignment cadence between internal NiSource IT PMO and system integrator’s delivery standards/requirements.	<b>No Recommendations Noted</b>

## Advisory Scope and Approach (cont'd)

<b>Objective 2: Review the project's internal RAID (Risk, Assumptions, Issues, and Dependencies) log to determine how items make it onto the log and get dispositioned for action.</b>		
#	Procedures	Recommendations Summary
1	Verify how Risk and Issue items are assigned and provided a timeline/accountable owner for appropriate resolution.	<b>No Recommendations Noted</b>
2	Determine whether proper documentation and retained evidence exists to support the remediation of RAID items. Verify whether appropriate NiSource IT internal project resources have signed-off on RAID items as they are resolved.	<b>No Recommendations Noted</b>
<b>Objective 3: Review how Accenture and the NiSource IAM project team are performing QA and validation of project deliverables.</b>		
#	Procedures	Recommendations Summary
1	Determine how the IAM project team is validating the appropriateness of items such as, but not limited to, security set-up, custom code development, and phase or application turnover.	<b>No Recommendations Noted</b>
2	Review the planned testing approach to be performed by the IAM project team to understand the types of testing to be executed, the results of the testing and how issues and/or defects should be remediated and that appropriate executive sign-off for deliverables are being performed.	<b>No Recommendations Noted</b>
3	Review the deliverables from the Accenture Statement of Work (SOW) and ensure these deliverables are being met. Verify these deliverables are being created and presented to NiSource IT, ensure a resource within NiSource IT is responsible for review and sign-off, and what the overall plan for deliverable acceptance is.	<b>No Recommendations Noted</b>
<b>Objective 4: Determine what future state management controls Accenture will be assisting NiSource IT management in creating for steady state operation.</b>		
#	Procedures	Recommendations Summary
1	Determine who within NiSource IT will be responsible for performing steady state IAM IT non-SOX controls to ensure continued accuracy and completeness of the solution once it resides in production.	<b>No Recommendations Noted</b>
2	Validate how Accenture and the IAM Project team are going to align with NiSource IT management in the operationalization of the controls after IAM program go-live and hypercare closure. This could include operational run-books, procedure documents, suggested staffing / roles for the new system, etc.	<b>No Recommendations Noted</b>
3	Verify whether SOX General IT Controls (IT GCC's) have been designed within the project solution and tested, as needed, to ensure continued adherence to SOX Governance. Ensure accountable internal NiSource parties have been appropriately engaged in pre-deployment discussions and clearly understand IAM design considerations and go-forward execution responsibilities.	<b>No Recommendations Noted</b>

## Emergency Preparedness and Response Plan Follow Up Audit

**Lin Koh** to: Jake Upper

02/18/2021 11:49 AM

Douglas Flowers, Kevin Hankins, Justin Darling, Lauren Hauser,  
Cc: William Mojica, Eric Belle, Daniel Douglas, Pablo Vegas, Heidie  
Cotey, Harold Grounds

NiSource Leaders,

In 2019, Internal Audit performed a review over the new gas segment Emergency Preparedness and Response Plan (EPRP) that was created that same year. The audit focused on the state of readiness of the Incident Command System (ICS) framework as a standardized approach to command, control, and coordinate emergency response. During the 2019 audit, the following four (4) moderate risk findings were identified:

1. Some Incident Command Structure (ICS) roles are vacant or has only one designee with no backup.
2. Practical specific training or practical ICS training has not occurred.
3. Some command and general staff leaders have incomplete EPRP training.
4. A process for tracking or prioritizing required After Action Reviews (AARs) have not been completed.

During the 2020 follow up review, Internal Audit evaluated the effectiveness of management's remediation to address the above audit findings. Based on the audit procedures performed, Internal Audit has determined that management has implemented the necessary management action plans to address the prior audit findings and mitigate the identified risks. All audit findings have been fully remediated and closed.

We would like to thank all personnel involved with this assessment for their cooperation and support throughout our review. If Internal Audit can be of further assistance, please do not hesitate to reach out to us.

*Lin*

## **Internal Audit Report**

---

### **Background**

NiSource Corporate Service Company (NCSC) is a wholly-owned subsidiary of NiSource Inc. (NiSource or “the Company”), an energy holding company whose primary subsidiaries are fully regulated natural gas and electric utility companies. NCSC incurs expenses that benefit the Company’s utility affiliate companies. NCSC maintains a cost allocation manual that defines the methodologies for assigning expenses to affiliate companies and classifying and disclosing expenses in the financial statements. Per Federal Energy Regulatory Commission (FERC) requirements, NCSC reports the expenses paid on behalf of each affiliate company in FERC Form 60 Financial, which NCSC files annually. Costs billed by NCSC to affiliate companies totaled approximately \$2 billion for 2019.

### **Audit Objective, Approach, and Coverage**

The objective of this risk-based internal audit was to provide an independent evaluation of the adequacy, effectiveness, and efficiency of controls associated with the allocation, records management and reporting of NCSC costs to the applicable affiliate companies. At the beginning of our audit, we completed a risk assessment, and we conducted detailed process assessments and sample-based transactional testing in higher-risk areas. The review period for this audit was January 1, 2019 through December 31, 2019.

During the audit, we specifically evaluated:

- NCSC cost allocation, including proper calculation of allocation factors utilized
- Segregation of holding company costs
- Employee and executive time allocation
- FERC Form 60 Financial

### **Internal Audit Finding Ratings**

We assign ratings to audit findings based on the following scale (see the Internal Audit Finding Rating Scale in Appendix A):

“1” – Significant Improvement is Needed and Prompt Management Attention is Required

“2” – Improvement is Needed and Management Attention is Necessary

“3” – Some Improvement is Needed and Management Attention is Justified

“4” – Management Evaluation is Desirable

### **Internal Audit Conclusion and Summary of Observations**

We found that allocation factors were properly calculated. We also found that holding company costs were appropriately segregated and expenses paid on behalf of each company were accurately reported in the FERC Form 60 Financial Report. While the vast majority of expenses in our sample (including employee and executive time) were properly allocated, we identified some expenses related to environmental inspections that were not properly allocated. The errors were immaterial in total and for the individual affiliates (see the Internal Audit Findings Matrix in Appendix B).

**Management's Response**

As no findings rated "1" through "3" were identified, a management response was not requested.

**Internal Audit Follow Up**

We will evaluate the adequacy, effectiveness, and efficiency of controls associated with the allocation, records management and reporting of indirect costs during the 2021 Indirect Cost Allocation Internal Audit.

We would like to thank all personnel involved with this assessment for their cooperation and support throughout our review. If Internal Audit can be of further assistance, please contact us.

\*\*\*\*\* End of Internal Audit Report \*\*\*\*\*

**“1” Significant Improvement is Needed and Prompt Management Attention is Required**

- More than remote probability for damage to the Company’s reputation or brand and the impact to the enterprise could be substantial and rapidly realized
- More than remote probability for a non-compliance with laws/regulations and the impact to the enterprise could be substantial and rapidly realized
- Crucial foundational controls related to high-impact processes are inadequate or ineffective and the impact to the enterprise could be substantial and rapidly realized
- Repeat audit findings and the impact could be significant within the scope of the area being audited

**“2” Improvement is Needed and Management Attention is Necessary (target to reduce risk within 3 to 6 months)**

- More than remote probability for damage to the Company’s reputation or brand and the impact could be substantial within the scope of the audit
- More than remote probability for a non-compliance with laws/regulations and the impact could be substantial within the scope of the audit
- Foundational controls related are inadequate or ineffective and the impact could be substantial within the scope of the audit
- Controls are not adequate to prevent or detect fraud in a timely manner
- Transactional errors identified during audit testing are significant within the scope of the audit (based on value or number of erroneous transactions identified)
- Internal Policy is not adequate or is violated and the impact could be substantial within the scope of the audit

**“3” Some Improvement is Needed and Management Attention is Justified (target to reduce risk within 12 months)**

- Internal Policy is not adequate or is violated, but impact is limited and the overall system of controls is not significantly compromised
- Controls are not adequate to prevent erroneous transactions and errors could be more than immaterial within the scope of the audit
- Notable lost opportunity or inefficiency within the scope of the audit

**“4” – Management Evaluation is Desirable**

- Isolated exception with limited impact
- Lost opportunity or inefficiency, but impact is limited

<b>1) <u>Processes to ensure that proper cost allocators are selected can be further improved.</u></b>	<b><u>Risk Rating: 4</u></b>
<p><b><u>Observation:</u></b> Proper allocation of expenses is dependent upon employees selecting the correct allocation factor when submitting expenses. Proper accounting classification (including the allocation factor) should be validated during the management review step, which occurs prior to payment. We evaluated a sample of expenses allocated by the NiSource Corporate Services Company (NCSC) to the various affiliate companies and identified one employee who utilized an improper allocation factor when submitting expenses related to environmental inspections. As a result, associated costs were incorrectly allocated to affiliates during 2019 and 2020. The errors were immaterial in total and for the individual affiliates.</p> <p><b><u>Criteria:</u></b> Employees are sufficiently trained and understand how to properly submit and approve expenses for payment, including the verification of accounting classification, which drives cost allocation.</p> <p><b><u>Risk:</u></b> Expenses are incorrectly allocated to affiliate companies, negatively impacting financial reporting and regulatory outcomes.</p>	<p><b><u>Management Action Plan:</u></b> As the error we identified had a limited impact, a management response was not requested. However, Internal Audit recommends that management:</p> <ul style="list-style-type: none"><li>• Provide the identified employee and supervisor with additional training over reviewing invoice support and processing invoices, including the selection of proper accounting classification</li><li>• Continue to communicate roles and responsibilities related to reviewing and approving invoices</li><li>• Consider the impact of the identified improper allocations to upcoming regulatory rate cases and make the correcting accounting adjustments as necessary</li></ul>

## **Internal Audit Report**

---

### **Background**

The Columbia Gas Companies, which are fully owned subsidiaries of NiSource Inc., own and operate over 36 thousand miles of distribution main pipeline serving over two million customers across five states. The Columbia Gas Companies utilize the Geographic Information System (GIS) to create electronic maps of natural gas mainline assets. Accurate GIS maps are necessary to ensuring safe and efficient distribution mainline maintenance, locate and emergency response activities.

Various departments across the company are responsible for ensuring that newly installed or replaced mainline assets are accurately reflected in company maps. Field Engineering designs mainline installations and both Operations and Construction groups perform job orders in the field to complete the installation projects. As part of the installation process, these teams also create records that capture key information about the assets, which is important to ensuring the assets are locatable and serviceable going forward. Upon project completion, Operations or Construction teams provide all relevant information in a job order packet to the Engineering Capital Close-Out team, who creates or updates GIS maps and closes the job order in the Work Management System (WMS).

### **Audit Objective, Approach, and Coverage**

The objective of this risk-based internal audit was to provide an independent evaluation of the adequacy, effectiveness, and efficiency of controls associated with timely updating of distribution mainline maps and records. At the beginning of our audit, we completed a risk assessment, and we conducted detailed process assessments and data analytics in higher-risk areas. The map updating process was reviewed through June 4, 2020 for all job orders placed in-service during 2019.

During the audit, we specifically evaluated:

- WMS distribution mainline job order completion
- Manual records existence and completeness per Gas Distribution Standards requirements
- GIS electronic map update processes
- GIS electronic map correction processes

We did not evaluate service line records management processes because these processes were previously audited and management's actions to resolve open audit findings are still ongoing.

### **Internal Audit Finding Ratings**

We assign ratings to audit findings based on the following scale (see the Internal Audit Finding Rating Scale in Appendix A):

"1" – Significant Improvement is Needed and Prompt Management Attention is Required

"2" – Improvement is Needed and Management Attention is Necessary

"3" – Some Improvement is Needed and Management Attention is Justified

"4" – Management Evaluation is Desirable

### **Internal Audit Conclusion and Summary of Observations**

During the course of our review, we noted that processes related to submitting and responding to map corrections are formalized, controlled, and operating as intended. We also noted that key personnel involved in the close-out process for new mainline installs or replacements are working towards continuous improvement.

We did, however, note that there are opportunities to improve coordination and communication across the various teams involved in the records and mapping processes. In particular, we noted that the timeliness of mapping activities could be improved if job order packet quality assurance activities were implemented by the Operations and Construction organizations. We identified one finding where management's attention is required (Rating 2).

A summary of the risk-rated "1" through "3" audit findings follows (see the Internal Audit Findings Matrix in Appendix B):

1) **Job Order Packet Processes** (Rating 2)

Inaccurate GIS electronic maps of mainline assets increases the probability of operational errors and delayed emergency response and reduces operational efficiency. Procedures and controls associated with completing and submitting job order packets can be improved to facilitate timely updating of GIS electronic maps.

### **Management's Response**

NiSource management will establish a cross-functional team consisting of Construction, Operations, Engineering Capital Close-Out and other designated subject matter experts across NiSource to assess the procedures and controls associated with completing and submitting job order packets in order to improve the timeliness of updates to GIS electronic maps. The cross-functional team will be established by June 30, 2021 and the team will be responsible for developing detailed action plans by August 31, 2021 to address each component of the audit finding. Action plans which will reduce the risk identified by Internal Audit will be implemented by March 31, 2022.

### **Internal Audit Follow Up**

Management has provided action plans for all findings with a rating of "1", "2", or "3". We have reviewed management's action plans and believe that the action plans will adequately address the findings identified in this audit. We will track the progress of resolution and will conduct follow-up testing for all rated "1" audit findings and a sample of rated "2" and rated "3" audit findings.

We would like to thank all personnel involved with this assessment for their cooperation and support throughout our review. If Internal Audit can be of further assistance, please contact us.

\*\*\*\*\* End of Internal Audit Report \*\*\*\*\*

**“1” Significant Improvement is Needed and Prompt Management Attention is Required**

- More than remote probability for damage to the Company’s reputation or brand and the impact to the enterprise could be substantial and rapidly realized
- More than remote probability for a non-compliance with laws/regulations and the impact to the enterprise could be substantial and rapidly realized
- Crucial foundational controls related to high-impact processes are inadequate or ineffective and the impact to the enterprise could be substantial and rapidly realized
- Repeat audit findings and the impact could be significant within the scope of the area being audited

**“2” Improvement is Needed and Management Attention is Necessary (target to reduce risk within 3 to 6 months)**

- More than remote probability for damage to the Company’s reputation or brand and the impact could be substantial within the scope of the audit
- More than remote probability for a non-compliance with laws/regulations and the impact could be substantial within the scope of the audit
- Foundational controls related are inadequate or ineffective and the impact could be substantial within the scope of the audit
- Controls are not adequate to prevent or detect fraud in a timely manner
- Transactional errors identified during audit testing are significant within the scope of the audit (based on value or number of erroneous transactions identified)
- Internal Policy is not adequate or is violated and the impact could be substantial within the scope of the audit

**“3” Some Improvement is Needed and Management Attention is Justified (target to reduce risk within 12 months)**

- Internal Policy is not adequate or is violated, but impact is limited and the overall system of controls is not significantly compromised
- Controls are not adequate to prevent erroneous transactions and errors could be more than immaterial within the scope of the audit
- Notable lost opportunity or inefficiency within the scope of the audit

**“4” – Management Evaluation is Desirable**

- Isolated exception with limited impact
- Lost opportunity or inefficiency, but impact is limited

**1) Job Order Packet Processes**

**Risk Rating: 2**

**Observation:**

Inaccurate GIS electronic maps of mainline assets increase the probability of operational errors and delayed emergency response and reduces operational efficiency. We evaluated processes and analyzed a population of job orders placed in service during 2019 and noted that procedures and controls associated with completing and submitting job order packets can be improved to facilitate timely updating of GIS electronic maps. We specifically noted:

- Multiple groups (Operations, Construction, and Engineering Capital Close-Out) have responsibility for activities that impact the timeliness of updating GIS electronic maps; While some individual teams have established various targets, established targets and metrics are inconsistent
- The time from when the mainline asset is put in-service to the time the electronic maps in GIS are updated is not tracked and a target for this metric has not been established; We found that the time from mainline asset in-service date to updated GIS map was over 40 days for 37% assets, of which 65% were over 60 days
- While Engineering Capital Close-Out created reports to identify missing job order packets, roles and responsibilities to validate that job order packets have been submitted for all capital job orders are not formalized and consistently performed (Note: Engineering Capital Close-Out periodically distributes reporting to Construction and Field leaders, primarily in the fourth quarter each year)
- Completeness and accuracy of job order packets is not formally monitored prior to submitting the packets to Engineering Capital Close-Out, which can delay GIS mapping activities; We noted that 39% of the job order packets in the population reviewed were placed on hold by Engineering Capital Close-Out due to missing or inaccurate information

**Management Action Plan:**

NiSource management will establish a cross-functional team consisting of Construction, Operations, Engineering Capital Close-Out and other designated subject matter experts across NiSource to assess the procedures and controls associated with completing and submitting job order packets in order to improve the timeliness of updates to GIS electronic maps. The cross-functional team will be established by June 30, 2021 and the team will be responsible for developing detailed action plans by August 31, 2021. Action plans will be implemented beginning in the third quarter of 2021 and finalized by March 31, 2022 to address each component of the audit finding as noted below:

- Establish and monitor departmental metrics that track the time from when an asset is placed in-service to the date the asset is mapped in GIS
- Define and communicate roles and responsibilities related to validating that all job order packets have been submitted for mainline capital job orders and ensure this validation step is consistently performed
- Establish processes to ensure job order packets are complete and accurate prior to submitting to Engineering Capital Close-Out to prevent process inefficiencies and subsequent delays in mapping
- Prioritize Engineering Capital Close-Out workload by processing job order packets based on known risk factors, such as the length of time in-service and unmapped
- Identify the appropriate party responsible for monitoring the number of days since a job order was placed in-service and ensure that updated drawings are submitted if the project duration will be prolonged subsequent to the in-service date

- GIS mapping activities are not prioritized based on risk and procedures (including locate assignments) are not adjusted for longer and more complex job orders that may result in assets being in-service for an extended period of time before the job order is complete and mapped

**Criteria:**

Management has defined a standard for timely mapping of newly installed assets. Mainline assets are reflected in the company's mapping system as soon as reasonably possible after installation.

**Risk:**

From the time an asset is placed in service until the time it is reflected within GIS, the risk of performing inaccurate locates increases. Additionally, the company may not be able to efficiently access critical information about a pipeline asset in the event of an emergency.

- Enhance processes to assign line-locate activities for areas where more complex or large job orders have recently been performed and GIS maps are not yet updated

Note: When developing this action plan timeline, consideration was given to the change management requirements associated with the organization realignments and resource impacts occurring to support NiSource Next. Status updates will be periodically provided to the State Operations Consistency Council, the Gas Segment Risk Table, the Safety Compliance & Risk Council, and the Internal Audit Department.

**Responsible:**

David Roy

**Resolution Date:**

- Detailed action plan(s) to be provided by August 31, 2021
- Implementation to begin in the third quarter of 2021
- All action plan items will be finalized by March 31, 2022

## Internal Audit Advisory Report

---

### **Background**

The corporate Information Technology (IT) function within NiSource Corporate Services Company, a fully-owned subsidiary of NiSource Inc. (NiSource or the Company), aligned with the Company's Customer Experience organization to stabilize the Contact Center technology environment and upgrade its existing technology platform and supporting software capabilities. The resulting Contact Center Technology Modernization (CCM) program was launched at the end of 2019 with a starting budget of \$17.9 million.

The NiSource Contact Center is the key point of contact for NiSource customers. The main objective of the CCM program is to stabilize the technology associated with the NiSource Contact Center (CC) and increase resiliency through the implementation of a single, integrated, and fully-redundant technology platform and associated infrastructure environment. The project team selected Verizon Communications Inc. as the primary Service Integrator to lead implementation and deployment efforts for the end-to-end Contact Center program. CCM program spend was originally budgeted for \$17 million with a targeted go-live in October 2020. Due to approved scope and schedule related modifications, the expected aggregate spend is now estimated at \$21.6 million (as of February 2021) with an updated deployment goal for late April 2021.

### **Audit Objective, Approach, and Coverage**

The objective of this advisory assessment was to provide an independent evaluation of the adequacy, effectiveness, and efficiency of project delivery activities, solution-based practices, and available control structures associated with the Contact Center Modernization program. The review period for this Internal Audit advisory assessment was January 2020 through January 2021.

During the advisory assessment, Internal Audit specifically evaluated:

- Compliance to NiSource IT Project Management Methodology guidelines for key project deliverables such as schedule, scope, and cost
- Program delivery efforts and solution-based practices
- Risk management practices and how those practices are aligned/managed from both a tactical and strategic program level
- The definition, design and management of program quality assurance practices (with specific focus on functional and non-functional requirements management)
- Business stakeholder communications
- Adherence to defined NiSource organizational change management standards
- Third party vendor management practices
- Overall program and individual project work stream roles and responsibilities

We did not evaluate either the design or operating effectiveness of any specific business and interface control structures as those were not available at the time of our advisory assessment. Additionally, Internal Audit did not evaluate any build phase deliverables, nor did we assess the upcoming testing, deployment, transition to steady-state, or user acceptance activities as those were not available at the timed conclusion of our advisory assessment.

## **Summary of Key Internal Audit Recommendations**

During the course of our review, we noted that the CCM program team adhered to existing NiSource IT Project Management Office (PMO) guidelines and effectively managed required deliverables for the planning, requirements, and design phases of the program.

We did, however, observe opportunities to further improve process related to solution requirements traceability and approval as noted below. In addition, we verbally conveyed less-significant recommendations to management during the course of our review. A summary of key recommendations follows:

### **Requirements Traceability:**
