  - Planning full day technical workshop for fleet customers, mid 2013
    - NGV maintenance
    - Maintenance facility safety
    - Fueling Overview
- ✓ Supporting customers and associations with grant applications
  - PA Act 13 grant applications
  - AFIG grants
  - CMAQ grants
  - DVRPC and Clean Cities education grant from DOE

11 stations currently in operation

 = Clean Energy      = PECO      = PECO Limited Access

 = Lehigh Gas      = Waste Management

# Success Stories

## ✓ Recent Accomplishments

- Supported the expansion of public CNG fueling access across our service territory with 5 new stations in addition to PECO's 6 stations
- Assisted a major water company with private CNG fueling and fleet conversion plans
- Supported three Act 13 grant applicants from our service territory including a school district, a private company and a coalition
- Ongoing meetings with municipalities, elected officials and other utilities throughout the region to expand CNG through promotion, education and facilitation
