Shop for suppliers

Whether you're a residential customer or business owner, you'll find the rate and services you need.

1. Visit [PAPowerSwitch.com](https://www.papowerswitch.com) on your desktop, tablet or phone.
2. Enter your zip code to find the suppliers who are making offers and the "price to compare." A usage calculator translates your kilowatt hours from your electric bill into savings.
3. Narrow your search for a supplier by choosing the services and features that matter most.
 - Filter by fixed or variable term
 - Choose your term length
 - Find suppliers who offer discounts and incentives
 - Review each supplier's terms & conditions before you make a selection

Make the switch

Once you choose a supplier, you can switch by calling the electric supplier or by signing up through the supplier's website. Your new supplier will notify your electric utility of the change. The electric utility will then contact you by mail to confirm the change.

Save money

Shopping for a new electric supplier can help you lower your energy rate. [PAPowerSwitch.com](https://www.papowerswitch.com) also helps you learn more about steps you can take to make your home more energy-efficient.
