A leader in exploration & production in the Appalachian Basin

- EQT production: 5.4 Tcfe proved res.
- EQT midstream: 11,000 pipeline miles
- Equitable Gas: 275,000 customers
- 3.5 MM acres
Market Push

Corporate Fleet Vehicle Transition

Regional Education & Outreach:

- Public engagement & collaboration:
  - City of Pittsburgh
  - Butler Transit
  - Carnegie Science Center
  - Manchester Bidwell
  - Family House
  - Pittsburgh Zoo and PPG Aquarium
  - Allegheny Clean Ways
  - Pittsburgh Clean Cities
  - Heinz Endowments/ Port Authority of Allegheny County

- Marcellus Shale Coalition
- AGA
- ANGA
- NGV America
Market Push (continued)

- Our Pittsburgh station, Strip District (public, 2011)
- Giant Eagle, Crafton (public, 2011)
- City of Pittsburgh – refuse truck purchase (2011)
- UPMC – CNG shuttle bus purchase (2011)
- Waste Management, Washington (public, 2011)
- Drilling rig conversion
  - Pilot project (2012)
  - Driver for LNG demand
Discussion:

- **Retail fueling model – non-jurisdictional**
- **LDC dedicated fueling facility – public access opportunity:**
  - Case-by-case pro rata investment recovery
- **Market demand support:**
  - Infrastructure build-out: cost recovery
    - e.g. Pennsylvania Turnpike Oakmont Plum service plaza
  - NGV Fund – surcharge to support infrastructure and vehicle investment
- **Value of public investment model**
  - Alternative Fuel Investment Grants
  - Pennsylvania Energy Development Authority
  - Commonwealth Financing Authority
  - Natural Gas Energy Development Program
- **Lifecycle Greenhouse Gas – comparative advantage**
Public Utilities Commission:
Alternative Fuel Vehicle Forum
