Re: Review and Approval of Electric Distribution Company Consumer  
Education Plan  
Docket Nos. M-00061957, M-2008-2032266

Dear Secretary McNulty:

By letter dated April 15, 2008 relating to the above-referenced proceedings, Mr. Tom Charles, Manager, Office of Communications, requested that Pike County Light & Power Company ("Pike") provide detailed information in response to two questions. Pike's response is set forth below.

1. Do your rates currently provide for recovery of any consumer education related costs? If so, what is the amount on an annualized basis? Identify the specific categories of costs, including FERC account numbers and amounts, which are currently being recovered. What current tariff rate and/or tariff provision or rider provides for the recovery of these costs?

Response:

Pike's electric rates do not provide for the specific recovery of consumer education related costs.

2. What specific categories of costs, including FERC account numbers and amounts, do you feel are recoverable items under your proposed consumer education adjustment rider? These should reflect costs not already recovered per question 1 above.

Response:

Pike has not proposed a consumer education adjustment rider.

Please contact me if you have any questions regarding this matter. Please date and time-stamp the enclosed extra copy of this letter and return it to me in the envelope provided.

Very truly yours,

  
John L. Carley  
Assistant General Counsel
