TO ALL INTERESTED PARTIES:

Re: Technical Conference - Compliance of Commonwealth of Pennsylvania with Section 410(a) of the American Recovery and Reinvestment Act of 2009
Docket No. I-2009-2099881

The Pennsylvania Public Utility Commission (“Commission”) will hold a Technical Conference as part of its efforts to ensure compliance by the Commonwealth of Pennsylvania with Section 410(a) of the American Recovery and Reinvestment Act of 2009 (“Recovery Act”).¹ The Recovery Act requires the Commission to consider rate making policies that align with the promotion of energy efficiency and conservation. In order to aid the Commission in issuing a policy statement that will comply with the Recovery Act, the focus of this conference will be on the impact of energy conservation efforts on revenue recovery by electric and gas utilities.

The Conference is scheduled for **Thursday, November 19, 2009, at 1:30 p.m.**, and will be held in Hearing Room 1, Commonwealth Keystone Building, 400 North Street, Harrisburg, Pennsylvania 17120. The public is welcome to attend.

Commissioner Wayne E. Gardner will moderate the Conference. The Parties who have filed comments in this proceeding are invited to participate. Participants will be grouped into panels and provided the opportunity to make brief statements, after which Commissioners may pose questions to the speakers. The panels will consist of the statutory parties, electric utilities, gas utilities, and commercial and industrial customers. The Technical Conference will be presided over by an Administrative Law Judge, so that the proceeding will become part of the official record.

Interested parties have until **Friday, November 13, 2009**, to confirm their attendance and name a representative who will provide comments and answer questions at the Conference. Information should be provided to Jennifer Kocher at
