

Pennsylvania Public Utility Commission
Rate Comparison Report
April 30, 2012

Prepared By:
The Bureau of Technical Utility Services

Pennsylvania Public Utility Commission
Rate Comparison Report
April 30, 2012

Prepared by:
The Bureau of Technical Utility Services

The Honorable Thomas W. Corbett
Governor of Pennsylvania

The Honorable James F. Cawley
Lieutenant Governor of Pennsylvania

Members of the General Assembly,

I am pleased to submit for your review the Commission's Rate Comparison Report.

Act 201, signed into law on Nov. 30, 2004, added Section 308.1(b) to the Public Utility Code, 66 Pa. C.S. §308. Section 308.1(b) requires the Public Utility Commission to file an annual Rate Comparison Report (Report) with the Governor and the General Assembly on April 15, every year. The Report compares all categories of ratepayers for all electric and gas public utilities so that a reasonably accurate comparison of rates can be made between similar ratepayers receiving services in different service areas of the Commonwealth.

The first section of the Report provides information on electric service. The second section provides information on natural gas service. Each section contains a comparison table of all companies followed by individual company information.

Sincerely,

A handwritten signature in black ink that reads "Robert F. Powelson". The signature is written in a cursive, slightly slanted style.

Robert F. Powelson
Chairman

Introduction

To achieve an accurate comparison, the Commission established ratepayer categories and monthly usage parameters. These usage parameters include a demand component where applicable. The Commission also established that the rates used would be as of Jan. 31, 2012, and would be based on the Provider of Last Resort (POLR) default service for electric customers, or Supplier of Last Resort (SOLR) default service for gas customers. All rates are for ratepayers not currently purchasing their gas or electric generation from competitive suppliers (non-shoppers) and reflect a monthly bill at the given usage parameters. The ratepayer classifications and usage assumptions are detailed below.

<u>Ratepayer Classification</u>	<u>Electric Usage</u>	<u>Gas Usage</u>
1. Residential	500 KWH	2 MCF/month
2. Residential Heating	2,000 KWH	15 MCF/month
3. Small Commercial	5 KW demand 1,000 KWH	150 MCF/year
4. Medium Commercial	25 KW demand 10,000 KWH	500 MCF/year
5. Large Commercial	500 KW demand 200,000 KWH	9,000 MCF/year
6. Industrial	1,000 KW demand 400,000 KWH	>9,000 MCF/year
7. Public Street Lighting (sodium vapor)	250 watts	N/A

KWH = Kilowatt hour, a standard measure of electricity usage calculated by multiplying total wattage by hours of use divided by 1,000, e.g. one 100-watt bulb will use 24 KWH in one month (30 days) if used eight hours a day [(100*240)/1,000 = 24 KWH].

KW = Kilowatt (1000 watts), used as a demand measure for larger users of electricity. Essentially, it is a measure of the electrical capacity required by the customer at any instantaneous moment.

MCF = 1,000 cubic feet of gas, a standard measure of gas usage. It is the measure of the flow of cubic feet of gas through the meter.

Street lighting is determined as the cost of running one 250-watt sodium vapor light for a month.

The Commission issued a Secretarial Letter by certified mail to the appropriate contact for every electric and gas utility. Utilities with Internet access were asked to download and fill out a rate table based on the ratepayer categories and usage parameters above. Utilities then submitted the forms via email with subsequent printed copies mailed to the Commission. Utilities without Internet access were asked to fill out enclosed hard copies of the rate tables and to submit those hard copies to the Commission. The Commission is grateful for the timely response of the utility companies.

The following sections present the rate tables for each utility, so an accurate comparison between utilities can be made. Section 1 begins with a comparison table that includes all of the electric utilities. After the comparison table, Section 1 presents each of the electric utilities, in alphabetical order, with their individual rate tables and a brief description of the utility, the applicable tariff number, and any unique company-specific information that is relevant to the rate information provided.

Section 2 contains the same information, also in the same format, for the gas utilities. The only exception is the beginning comparison tables, which are divided between the 1307(f)¹ and GCR² gas utilities. The comparison tables in the beginning of each section show the total charges for each rate classification between all of the electric and gas utilities. The individual company rate tables detail the separate pieces that make up the total charges for each rate classification. While the beginning tables of each section present the easiest measure of comparison for rates, the Commission encourages readers of this report to examine the full contents of Sections 1 and 2, to understand the components that make up the rate for any company and any unique situations that may affect the company's rates.

¹ Gas utilities with more than \$40 million in revenues and subject to rate filings under Section 1307(f) of the Public Utility Code, 66 Pa. C.S. § 1307(f).

² Gas utilities with revenues less than \$40 million that file annual Gas Cost Rate (GCR) adjustments.

Section 1: Electric Utilities

Abbreviations Used in the Tables

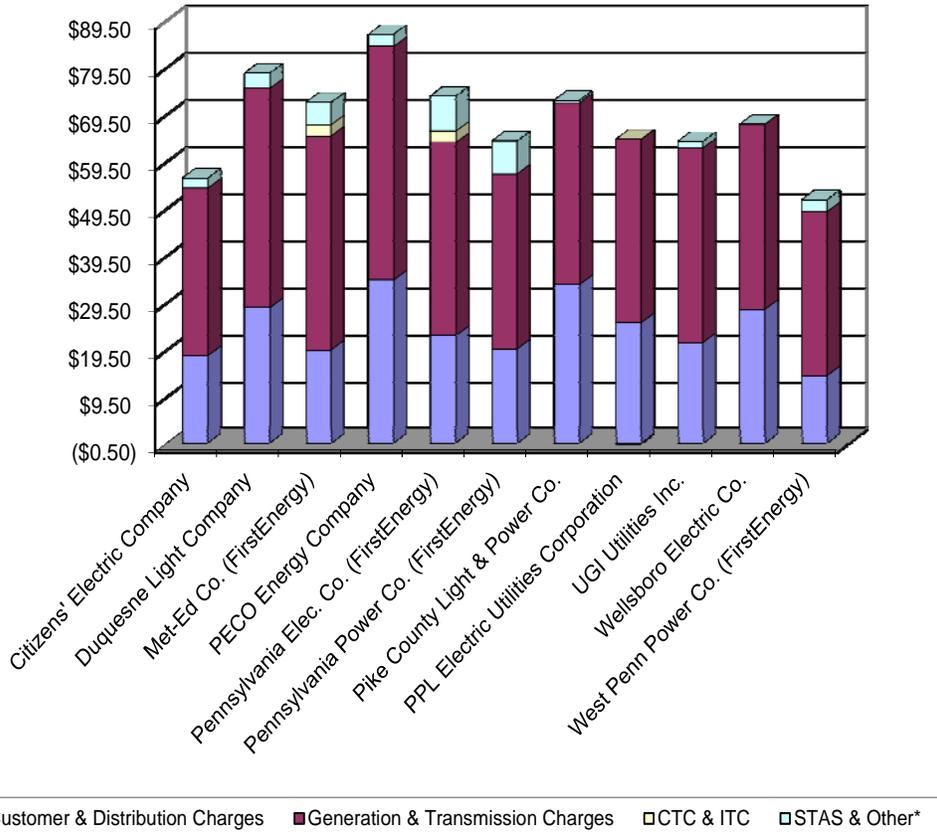

- KWH – Kilowatt Hours
- KW – Kilowatt
- CTC – Competitive Transition Charge, for companies still recovering stranded costs
- ITC – Intangible Transition Charge, for companies still recovering stranded costs
- STAS – State Tax Adjustment Surcharge

Electric Utilities Comparison

Total Monthly Bill Calculation as of Jan. 31, 2012**

■ Customer & Distribution Charges ■ Generation & Transmission Charges ■ CTC & ITC ■ STAS & Other*

* Other charges may include any of the following: Universal Service Charges, Education Charges, CAP charges, Systems Benefits Charges, Default Service Support Rider, or Energy Efficiency Charges related to Act 129 legislation. Please see a utility's individual chart for a breakdown of what charges can be found on its bill.

Citizens' Electric Company

Citizens' Electric Company (Citizens'), a subsidiary of C&T Enterprises Inc., serves roughly 5,700 residential, 1,070 commercial and 40 industrial customers. Its service territory consists of Lewisburg Borough and the townships of East Buffalo, Buffalo and Kelly in Union County, as well as West Chillisquaque in Northumberland County. Citizens' operates under the terms of Electric Tariff Pa. P.U.C. No. 14. With a service area of only 55 square miles, Citizens' is one of the smallest electric companies both in area and in number of customers included in this rate comparison. C&T Enterprises Inc. is a holding company owned by the Claverack and Tri-County Rural Electric Cooperatives for their for-profit enterprises. C&T also owns Valley Energy Inc. (gas) and Wellsboro Electric Company.

Public Street* (Sodium Vapor Service) at 250 Watts										

Notes: *Citizens does not tariff 250 watt lights, only 100 watt @ flat rate of \$10.93 per month and 400 watt @ 23.59 per month.
Transmission is bundled in generation rates *GRT - Gross Receipt Tax - 1.0626990

Shopping Update: As of January 31, 2012, there were no electric generation suppliers making offers within Citizen's service territory. Competition has yet to penetrate the markets of small EDCs. As soon as suppliers begin making offers within Citizen's territory, shopping information, as well as the current price to compare, will be available at www.PAPowerSwitch.com.

Duquesne Light Company

Duquesne Light Company (Duquesne), a subsidiary of Duquesne Light Holdings, serves approximately 525,000 residential, 54,200 commercial and 1,160 industrial customers. Duquesne's service territory consists of parts of Allegheny, Beaver, and Westmoreland counties, in Western Pennsylvania. Duquesne operates under the terms of Electric Tariff Pa. P.U.C. No. 24. On February 24, 2011, the Commission approved a settlement allowing for a \$45.7 million (3.5%) base rate increase for Duquesne.

Notes: *Effective 1/21/12, Rider 10, STAS (Part 1) is set at -0.5578% and applied to all distribution charges of customer bills; STAS (Part 2) is set at 0.0% and applied to all portions of customer bills.

**All Duquesne customers with a peak demand greater than 300 KW are enrolled in an hourly price plan for the generation component of their bill.

The generation rate used for this report was a calculated average based on historic hourly price service data throughout the past year.

***Act 129, Energy Efficiency and Conservation and Demand Response Surcharge.

Shopping Update: As of January 31, 2012, there were 22 electric generation suppliers (EGSs) making offers within Duquesne's service territory. Furthermore, there were 202,061 total customers shopping, which represents 34.3% of customers and 69.3% of total load. Additional information, including Duquesne's current price to compare and actual residential customer price offerings by EGSs in Duquesne's service territory, is available at www.PAPowerSwitch.com.

Metropolitan Edison Company

Metropolitan Edison Company (Met-Ed), a subsidiary of FirstEnergy Corporation, serves approximately 487,000 residential, 63,500 commercial and 1,720 industrial customers. Met-Ed's service territory consists of parts of the Easton, Lebanon and Reading areas in Eastern Pennsylvania and the York Area in South Central Pennsylvania. The total service area is roughly 3,300 square miles. Met-Ed operates under the terms of Electric Tariff Pa. P.U.C. No. 50. FirstEnergy Corporation, headquartered in Akron, Ohio, is one of the country's largest investor-owned electric systems, serving approximately 6 million customers through its ten electric utility operating companies in Pennsylvania, Ohio, Maryland, West Virginia and New Jersey. Other FirstEnergy electric utility operating companies in Pennsylvania are the Pennsylvania Electric Company, Pennsylvania Power Company, and West Penn Power Company.

Utility: **Metropolitan Edison Company**

Notes: The Large Commercial and Industrial rates are billed generation based on hourly pricing. The generation cost per kWh used to calculate the generation portion was based on the calendar year 2011 average hourly rate.

*Default Service Support Rider

Shopping Update: As of January 31, 2012, there were 16 electric generation suppliers (EGSs) making offers within Met-Ed's service territory. Furthermore, there were 77,560 total customers shopping, which represents 14% of customers and 50.4% of total load. Additional information, including Met-Ed's current price to compare and actual residential customer price offerings by EGSs in Met-Ed's service territory, is available at www.PAPowerSwitch.com.

PECO Energy Company

PECO Energy Company (PECO), a subsidiary of the Exelon Corporation (Exelon), serves approximately 1.4 million residential, 157,000 small commercial and industrial, and 3,100 large commercial and industrial customers. PECO's service territory consists of parts of the following counties in Southeastern Pennsylvania: Philadelphia; Bucks; Delaware; Montgomery; Chester; and York. PECO operates under the terms of Electric Tariff Pa. P.U.C. No. 3. PECO also provides gas service to approximately 490,000 customers in the Philadelphia area. Exelon, through its utility operating companies, is one of the nation's largest electric utilities. Exelon is headquartered in Chicago and provides service to approximately 6.6 million customers in Illinois, Maryland, and Pennsylvania.

Utility: **PECO Energy Company**

 Alternative Energy Portfolio Standards *Tax Accounting Repair Credit

Shopping Update: As of January 31, 2012, there were 41 electric generation suppliers (EGSs) making offers within PECO's service territory. Furthermore, there were 409,002 total customers shopping, which represents 26% of customers and 57% of total load. Additional information, including PECO's current price to compare and actual residential customer price offerings by EGSs in PECO's service territory, is available at www.PAPowerSwitch.com.

Pennsylvania Electric Company

Pennsylvania Electric Company (Penelec), a subsidiary of the FirstEnergy Corporation, serves approximately 506,000 residential, 81,600 commercial and 2,250 industrial customers. Penelec's service territory consists of 17,600 square miles spanning more than 30 counties throughout mostly rural areas of Northern and Central Pennsylvania. Penelec operates under the terms of Electric Tariff Pa. P.U.C. No. 79. FirstEnergy Corporation, headquartered in Akron, Ohio, is one of the country's largest investor-owned electric systems, serving approximately 6 million customers through its ten electric utility operating companies in Pennsylvania, Ohio, Maryland, West Virginia and New Jersey. Other FirstEnergy electric utility operating companies in Pennsylvania are the Metropolitan Edison Company, Pennsylvania Power Company, and West Penn Power Company.

Public Street (Sodium Vapor Service) at 250 Watts	\$9.15		\$6.85		\$1.67			\$0.02	\$0.12	\$17.81

Notes: The Industrial rates are billed generation based on hourly pricing. The generation cost per kWh used to calculate the generation portion was calendar year 2011 average hourly rate.
*Default Service Support Rider

Shopping Update: As of January 31, 2012, there were 3 electric generation suppliers (EGSs) making offers within Penn Power's service territory. Furthermore, there were 39,993 total customers shopping, which represents 24.9% of customers and 57.6% of total load. Additional information, including Penn Power's current price to compare and actual residential customer price offerings by EGSs in Penn Power's service territory, is available at www.PAPowerSwitch.com.

Pike County Light & Power Company

Pike County Light & Power Company (Pike), a subsidiary of Orange & Rockland Utilities Inc., serves approximately 3,660 residential and 1,000 commercial customers. Pike's service territory consists of Westfall, Milford and Dingman (northern section) townships, and Matamoras and Milford boroughs in Pike County, Northeastern Pennsylvania. Pike operates under the terms of Electric Tariff Pa. P.U.C. No. 8. Pike also provides natural gas service in Pennsylvania in Westfall Township and Matamoras Borough, Pike County. Orange & Rockland Utilities Inc. (O&R), through subsidiaries Pike County Light & Power and Rockland Electric Company, provides service to roughly 300,000 electric and 130,000 natural gas customers. Based in Pearl River, New York, O&R's service area covers 1,350 square miles in Southeastern New York, Northern New Jersey and Northeastern Pennsylvania.

Utility: **Pike County Light & Power Company**

**System Benefits Charges

***Pike's default generation rate is a spot rate that is set monthly, based on a forecast of market prices and a reconciliation of prior-period costs. The rate used for this report was the one in effect on Jan. 31, 2012.

Pike customers also have the option of participating in a fixed price retail aggregation plan provided by Direct Energy.

Shopping Update: As of January 31, 2012, there were 3 electric generation suppliers (EGSs) making offers within Pike's service territory. Furthermore, there were 3,148 total customers shopping, which represents 68% of customers and 53% of total load. Additional information, including Pike's current price to compare and actual residential customer price offerings by EGSs in Pike's service territory, is available at www.PAPowerSwitch.com.

PPL Electric Utilities Corporation

PPL Electric Utilities Corporation (PPL), a subsidiary of the PPL Corporation, serves approximately 1.22 million residential, 172,000 commercial and 4,400 industrial customers. PPL's service territory consists of parts of the following counties in Eastern Pennsylvania: Berks; Bucks; Carbon; Chester; Clinton; Columbia; Cumberland; Dauphin; Juniata; Lackawanna; Lancaster; Lebanon; Lehigh; Luzerne; Lycoming; Monroe; Montgomery; Montour; Northampton; Northumberland; Perry, Pike; Schuylkill; Snyder; Susquehanna; Union; Wyoming; Wayne; and York. PPL operates under the terms of Electric Tariff Pa. P.U.C. No. 200. PPL Corporation, headquartered in Allentown, Lehigh County, delivers energy to more than 10 million customers in Kentucky, Pennsylvania, and the United Kingdom.

Utility: **PPL Electric Utilities Corporation**

Public Street (Sodium Vapor Service) at 250 Watts	\$8.45	\$5.61	\$11.78						\$0.31	\$26.15

Notes: *Customers with demand > 500 kW are billed on an hourly basis for actual costs incurred. The generation charges shown above were calculated using the average rate billed for these customers during calendar year 2011. The distribution and transmission charges use tariff rates.

Shopping Update: As of January 31, 2012, there were no electric generation suppliers making offers to residential customers within UGI's service territory. However, as of January 25, 2012, 1% of customers in UGI's service territory chose an electric generation supplier, accounting for 18% of load. When suppliers resume making offers to residential customers within UGI's territory, shopping information will be available at www.PAPowerSwitch.com.

Wellsboro Electric Company

Wellsboro Electric Company (Wellsboro), a subsidiary of C&T Enterprises Inc., serves approximately 5,000 residential, 1,130 commercial and 14 industrial customers. Wellsboro's service territory consists of about 178 square miles in the Borough of Wellsboro, and the townships of Charleston, Delmar and Middlebury in Tioga County in North Central Pennsylvania. Wellsboro operates under the terms of Electric Tariff Pa. P.U.C. No. 8. C&T Enterprises Inc. is a holding company owned by the Claverack and Tri-County rural electric cooperatives for for-profit enterprises. C&T also owns Valley Energy Inc. (gas), and Citizens' Electric Company.

Utility: **Wellsboro Electric Company**

Able Company Ltd.

Able Company Ltd. (Able) provides natural gas service in Kittanning Township and Wayne Township in Armstrong County, Upper Burrell and Hempfield townships in Westmoreland County, and Armstrong Township in Indiana County. Able operates under Gas Tariff Pa. P.U.C. No. 1. Able provides a flat rate for all thousand cubic feet (MCF) of gas consumed for both residential and commercial customers. Residential rates are gauged according to the square footage of a building and consist of the following categories: mobile home; detached garage with gas heater; and house and swimming pool with heater.

For the purpose of this report, the residential rate was calculated using a house consisting of between 1,300 and 1,500 square feet, and a commercial building consisting of between 2,000 to 3,000 feet.

Utility: Able Company Ltd.
