Good afternoon Judge Jones.

I am writing regarding the hearing dates for the Core v. AT&T matter (Docket Nos. C-2009-2108186 and C-2009-2108239). Some of the AT&T personnel have a conflict with the first day of hearings, February 2. We have asked Core's counsel if it would be ok to start on the 3rd instead of the 2nd and they have agreed that will be fine. I don't know if Your Honor is available on the 4th of February, but if we did need a second day, we are all available on that day as well.

Please let me know if Your Honor would be agreeable to changing the hearing dates to the 3rd and 4th of February and I can file a more formal request if needed (I recognize that we have a pending request to suspend the procedural schedule and dismiss the case, but this e-mail is intended to be proactive given that the current schedule is still in effect).

Thanks,  
Michelle

Judge Jones,

This is intended to follow-up regarding Ms. Painter's email below and our conference call on Monday. While Core does believe that we may only need one day for a hearing on its complaint and does not oppose Ms. Painter's request that the hearing scheduled for 2/2/10 be cancelled based on her client's conflict, Core still requests that another day be set aside in case it becomes necessary. Core is not agreeable to delaying the start of the hearings (which have been scheduled for months now) and, therefore, respectfully requests that the hearing start as scheduled on 2/3/10 (though perhaps earlier in the day) and that the 2/5/10 date be held open in case a second day of hearings becomes necessary.

Thank you for your consideration.
