RE: Velocity.Net Communications, Inc. - Amended CLEC Application
Docket Number A-311409F0002

Dear Secretary Chiavetta:

On behalf of Velocity.Net Communications, Inc. ("Velocity"), I am enclosing an original plus four copies of its Amended Application for Certification as a Competitive Local Exchange Carrier, along with the required certification, affidavit, and preliminary local exchange and switched access tariffs. By way of background, Velocity filed its original CLEC Application in 2006. Velocity was granted provisional authority to operate as a CLEC by a Secretarial Letter issued on May 23, 2006 in the above-referenced docket. No final Commission action was ever taken on the Application. Subsequently, the Bureau of Technical Utility Services ("TUS") contacted Velocity to request the filing of this Amended Application. Velocity submitted the required filing fee with its original CLEC application, and according to TUS staff, no additional filing fee is required for this Amended Application.

Copies of this Amended Application have been served in accordance with the attached Certificate of Service. Upon filing, kindly return a time-stamped copy of the Amended Application to the courier. Thank you, and feel free to contact me if you have any questions or concerns.
