**EXPLANATION OF SYMBOLS**

A revision of a Tariff page is coded to designate the type of change from the previous revision. These symbols, which appear in the right-hand margin of the page, are used to signify:

C - Change

D - Decrease Rate

I - Increase Rate

---

**COMPETITIVE LOCAL EXCHANGE CARRIER TARIFF**

---

**TARIFF FORMAT**

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4<sup>th</sup> revised Sheet 14 cancels the 3<sup>rd</sup> revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level;
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).1.
  - 2.1.1.A.1.(a).1.(i).
  - 2.1.1.A.1.(a).1.(i).(1).
- D. Check Sheets - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

## 2.1.5 Directory Errors

In the absence of gross negligence or willful misconduct and except for the allowances stated below, no liability for damages arising from errors or mistakes in or omissions of directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company.

An allowance for errors or mistakes in or omissions of published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator shall be given as follows:

## 2.1 Use of Facilities and Service (continued)

## 2.1.5 Directory Errors (continued)

- E. Definitions: As used in Paragraphs A, B, C, and D above, the terms "error," "mistake" or "omission" shall refer to a discrepancy in the directory listing or directory assistance records which the Company has failed to correct and where the error affects the ability to locate a particular subscriber's correct telephone number. The terms shall refer to addresses only to the extent that an error, mistake or omission of an address places the subscriber on an incorrect street or in an incorrect community.
- F. Notice: Such allowances or credits as specified in Paragraphs A, B, and C above, shall be given upon notice to the Company by the subscriber that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company shall give credit without the requirement of notification by the subscribers.

## 2.2 Minimum Period of Service

The Minimum Period of Service is one month except as otherwise provided in this Tariff. The customer must pay the regular tariffed rate for the service they subscribe to for the Minimum Period of Service. If a customer disconnects service before the end of the minimum service period, that customer is responsible for paying the regular rates for the remainder of the minimum service period. The Company will pro-rate the billing of services, after the initial month, if service starts or stops midway through the billing cycle.

When the service is moved within the same building, to another building on the same premises, or to a different premise entirely, the period of service at each location is accumulated to calculate if the customer has met the Minimum Period of Service obligation.

If service is terminated before the end of the Minimum Period of Service as a result of condemnation of property, damage to property requiring the premises to be abandoned, or by the death of the customer, the customer is not obligated to pay for service for the remainder of the minimum period.

If service is switched over to a new customer at the same premises after the first month's service, the Minimum Period of Service requirements are assigned to the new customer if the new customer agrees in writing to accept them. For facilities not taken over by the new customer, the original customer is responsible for the remaining payment for the minimum service period in accordance with the terms under which the service was originally furnished.

The Company may offer services, which require a minimum use guarantee ("MUG") wherein the customer agrees, in writing, to pay the minimum amount per period agreed to upon commencement of service. Customers falling below their MUG will be billed for the minimum amount due per period pursuant to the MUG agreement.

---

**COMPETITIVE LOCAL EXCHANGE CARRIER TARIFF**

---

**SECTION 2 - GENERAL RULES AND REGULATIONS****2.2 Minimum Period of Service (continued)**

Should the customer choose to terminate their contract prior to expiration of the term agreed to in the MUG agreement, the customer will be liable for the minimum usage requirements contained in the contract multiplied by the number of months remaining in the term, unless customer converts to another Company service with equal or greater term and minimum usage commitment. If no termination of customer's contract, customer will be liable for their monthly average usage (calculated over the last three full months immediately preceding the date of termination) multiplied by the number of months remaining in the term.

The initial contract period for service under this section is one month. Subsequent contract periods shall be for additional one-month periods unless otherwise specified.

**2.2.1 Termination Liability Charge**

If a Subscriber terminates business network switched or dedicated services, to include private branch exchange trunk service and PRI T-1 or comparable services, in whole or in part, before the expiration of the contract period, the Subscriber shall pay to the Company an early termination liability charge for each disconnected service(s) or feature(s) equal to the applicable monthly rate for the Company service(s) or feature(s) multiplied by the number of months remaining in the contract term.

**2.3 Payment for Service Rendered****2.3.1 Responsibility for All Charges**

Any applicant for facilities or service may be required to sign an application form requesting the Company to furnish the facilities or service in accordance with the rates, charges, rules and regulations from time to time in force and effect. The customer is responsible for all local and toll calls originating from the customer's premises and for all calls charged to the customer's line where any person answering the customer's line agrees to accept such charge.

**2.3.2 Deposits**

Any applicant or customer whose financial responsibility is not established to the satisfaction of the Company may be required to deposit a sum up to an amount equal to the total of the estimated local service and intraLATA toll charges for up to two (2) months for the facilities and service. If the minimum period of service for the requested facilities and service is more than one month, as specified in this Tariff, the customer may also be required to deposit a sum up to an amount equal to the total charges for service for the minimum service period less any connection charge paid by the customer. The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the Tariff regulations for the prompt payment of bills on presentation. Each applicant from whom a deposit is collected will be given a certificate of deposit and circular containing the terms and conditions applicable to deposits, in accordance with the Rules and Regulations of the Commission pertaining to customer deposits.

## 2.3 Payment for Service Rendered (continued)

## 2.3.2 Deposits (continued)

Advanced Payments may also be required prior to furnishing any of the following: (1) the construction of facilities and furnishing of special equipment, and (2) temporary service for short-term use.

The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the Tariff regulations for the prompt payment of bills on presentation. Each applicant from whom a deposit is collected will be given a certificate of deposit and circular containing the terms and conditions applicable to deposits, in accordance with the Rules and Regulations of the Commission pertaining to customer deposits.

## A. Interest on Deposits

Interest on customer deposits shall be the rate of interest of six percent annually.

## B. Inadequate Deposit

If the amount of a deposit is proven to be less than required to meet the requirements specified above, the customer shall be required to pay an additional deposit upon request.

## C. Return of Deposit

When a deposit is to be returned, the customer may request that the full amount of the deposit be issued by check. If the customer requests that the full amount be credited to amounts owed the Company, the Company will process the transaction on the billing date and apply the deposit to any amount currently owed to the Company, and return any remaining amount of the deposit to the customer by check.

**SECTION 2 - GENERAL RULES AND REGULATIONS**

## 2.3 Payment for Service Rendered (continued)

## 2.3.3 Payment of Charges

Charges for facilities and service, other than usage charges, are due monthly, in advance. All other charges are payable upon request of the Company. Bills are due on the due date shown on the bill and are payable at any business office of the Company, by U.S Mail, or at any location designated by the Company. All bills are presumed accurate and shall be binding on the Customer unless written notice of the disputed charge(s) is received by the Company within thirty (30) days after the invoice date. If the Company does not receive objection within three months after the bill is rendered, the items and charges appearing thereon shall be determined to be correct and binding upon the Customer. A bill will not be deemed correct and binding upon the Customer if the Company has records on the basis of which an object may be considered or if the customer has in his or her possession such Company records. If objection results in a refund to the Customer, such refund will be with interest at the greater of the unadjusted customer deposit rate or the applicable late payment rate, if any, for the service classification under which the customer was billed. Interest will be paid from the date when the customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, compounded monthly, until the overpayment is refunded. Notwithstanding the foregoing, no interest will be paid by the Company on customer overpayments that are refunded within 30 days after the Company receives the overpayment.

Where an objection to the bill involves a superseded service order, the items and charges appearing on the bill shall be deemed to be correct and binding upon the customer if the Company does not receive objection within two months after the bill is rendered.

In accordance with 52 Pa Code § 53.84, clearly specify whether, if bills are paid by mail, the date of the postmark will be considered the date of payment.

If a Customer and the Company are unable to resolve billing disputes to their mutual satisfaction, the Customer may file an informal complaint with the Bureau of Consumer Services at the Pennsylvania Public Utilities Commission, P.O. Box 3265, Harrisburg, Pennsylvania 17105-3265, Phone: 717-783-1740 or 800-692-7380, in accordance with the Commission's rules of procedure. The Bureau of Consumer Services shall have primary jurisdiction over all complaints.

**SECTION 2 - GENERAL RULES AND REGULATIONS**

## 2.3 Payment for Service Rendered (continued)

## 2.3.5 Late Payment Charges

- A. Customer bills for telephone service are due on the due date specified on the bill. A customer is in default unless payment is made not more than five (5) days after the due date specified on the bill. If payment is not received by the customer's next billing date, a late payment charge of 1.25% per month will be applied to all unpaid and overdue amounts previously billed under this Tariff, excluding one month's local service charge. The rate, when annualized, may not exceed 15% per annum—computed by the simple interest method—and may not include previously accrued late payment charges. A late payment charge may not be assessed against an outstanding security deposit. An additional charge, fixed fee or penalty designed to recover the cost of a subsequent rebilling may not be charged.
- B. Late payment charges do not apply to those portions (and only those portions) of unpaid balances that are associated with disputed amounts. Undisputed amounts on the same bill are subject to late payment charges if unpaid and carried forward to the next bill.
- C. Late payment charges do not apply to final accounts.
- D. Late payment charges do not apply to government agencies of the State of Pennsylvania. These agencies are required to make payment in accordance with applicable state law.

## 2.3.6 Customer Overpayments

The Company will provide interest on customer overpayments that are not refunded within 30 days of the date the Company receives the overpayment. An overpayment is considered to have occurred when payment in excess of the correct charges for service is made because of erroneous Company billing. The customer will be issued reimbursement for the overpayment, plus interest, or, if agreed to by the customer, credit for the amount will be provided on the next regular Company bill. The rate of interest shall be the greater of the customer deposit interest rate or the Company's applicable Late Payment Charge.

Interest shall be paid from the date when overpayment was made, adjusted for any changes in the deposit rate or late payment rate, and compounded monthly, until the date when the overpayment is refunded. The date when overpayment is considered to have been made will be the date on which the customer's overpayment was originally recorded to the customer's account by the Company.

**2.6 Telephone Surcharges/Taxes****2.6.1 General**

2.7.1 A customer who wished to have service discontinued shall give at least 5 days oral or written notice to the telephone company, specifying the date on which it is desired that service be discontinued. The customer shall retain responsibility for service and equipment charges until the day and time on which service is requested to be discontinued. The Company shall thereafter render a final bill to the Customer for all services furnished and any applicable termination charges or fees as provided in this Section or elsewhere in this tariff.

A. Specifically, in case of additional directory listings and joint user service, where the listing has appeared in the directory, the termination charges are the charges due to the end of the directory period.

## 3.1 Universal Emergency Telephone Number Service

## 3.1.1 General

Universal Emergency Telephone Number Service (911 Service) is an arrangement of Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone from which the number is dialed or will be routed to an operator if all lines to an emergency report center are busy. If no emergency customer report center exists for a central office entity, a telephone user who dials the number 911 will be routed to an operator. The telephone user who dials the 911 number will not be charged for the call.

The Service Access Code 9-1-1 allows the customer to reach the appropriate emergency services including police, fire and medical services. Enhanced 9-1-1 has the ability to selectively route an emergency call to the primary 9-1-1 provider so that it reaches the correct emergency service located closest to the caller. In addition, the Customer's address and telephone information will be displayed to the primary 9-1-1 provider for display at the Public Answering Point (PSAP).

Pursuant to the Public Safety Emergency Telephone Act (Act 78 of 1990), as amended), the Telephone Company collects a fee from its customers on behalf of the counties in its operating area to support the 9-1-1 system. Counties of the first through second class may impose a monthly contribution rate in an amount not to exceed \$1 per line on each local exchange access line. Counties of the third through fifth class may impose a monthly contribution rate in an amount not to exceed \$1.25 per line on each local exchange access line. Counties of the sixth through the eighth class may impose a monthly contribution rate not to exceed \$1.50 per line on each local exchange access line. The contribution rate may be used by counties for the expenses of implementing, expanding or upgrading a 911 system.

Parties dialing 9-1-1 waive the privacy afforded by non-listed and non-published service to the extent that the telephone number, names, and address associated with the originating station location are furnished to the Public Safety Answering Point.

## 3.3 Telecommunications Relay Service

## 3.3.1 General

The Pennsylvania Telecommunications Relay Service (PA TRS) is a relay telecommunication service for the deaf, hard of hearing, hearing and/or speech disabled population of the Commonwealth. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunication Devices for the Deaf (TDD)) and captioned-telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company's switching equipment is arranged to translate the "711" calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with Commission's Order entered on February 4, 2000 at Docket No. M-00900239.

## 3.3.2 Surcharge

In addition to the charges provided in this tariff, a surcharge will apply to all residence and business access lines served by this Company. (Access lines are those lines extending from the telephone company's central office to the end-user's premises.) This surcharge applies regardless of whether or not the access line uses the PA TRS.

The surcharge serves as the funding vehicle for the operation of the PA TRS, Telecommunications Device Distribution Program and the Print Media Access Service Program and shall be calculated by the Pennsylvania Public Utility Commission (the Commission). The Commission shall compute the PA TRS surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period commencing with July 1 of each year.

The Commission may revise the surcharge more frequently than annually at its discretion.

Tariff revisions will be filed whenever the Commission calculates a new surcharge amount and notifies the Company.
