**Re: Application of PPL Electric Utilities Corporation filed Pursuant to 52 Pa. Code Chapter 57, Subchapter G, for Approval of the Siting and Construction of Transmission Lines Associated with the Northeast-Pocono Reliability Project in Portions of Luzerne, Lackawanna, Monroe, and Wayne Counties, Pennsylvania Docket No. A-2012-2340872, et al.**

---

Dear Parties:

As agreed by the Parties at the Prehearing Conference in the above-referenced matter on March 6, 2013, PPL Electric Utilities Corporation ("PPL Electric") has designed a secured website for purposes of posting discovery responses in lieu of serving hard copies. This letter explains how to obtain access to the electronic discovery responses using the secured website.

To obtain access to the secured website, each Party must submit an e-mail to [cwright@postschell.com](mailto:cwright@postschell.com) requesting access to the Northeast-Pocono Reliability Project discovery responses. Your e-mail address will be used to create your profile and user name for the secured website. Upon receipt of your e-mail, a confirmatory e-mail will be sent from URS Corporation that will grant you access and explain how to login to the secured website.

The secured website will contain two different folders. The NEPOC-General folder will include all non-confidential discovery responses. The responses in the NEPOC-General folder will be available to all Parties that enroll in the secured website by following the steps explained above. The NEPOC-Confidential folder will include all the confidential discovery responses. The responses in the NEPOC-Confidential folder will only be available to Parties pursuant to the forthcoming Protective Order. Please be advised that discovery responses containing Critical Energy Infrastructure Information will not be posted on the secured website and will only be made available to the requesting Party pursuant to the forthcoming Protective Order.

Once an interrogatory response is posted and available on the website, PPL Electric will file and serve a cover letter and certificate of service notifying the Parties that the response has been posted and is available for review on the secured website. The Parties can then login to the secured website using their e-mail address to access the posted discovery responses. The discovery responses will remain available on the secured website until the conclusion of the case.

In the event that you do not have access to e-mail, please contact me at 717.612.6013 to discuss alternative arrangements. PPL Electric will assume that any Party that fails to either (1) submit an e-mail for access to the secured website or (2) contact me directly to make alternative arrangements does not want to receive discovery responses in this proceeding.

Please do not hesitate to contact me should you have any questions or if you have any difficulties in accessing the secured website.”

Respectfully submitted,

Christopher T. Wright
