**RE: Constellation NewEnergy-Gas Division, LLC ("CNEG")
Request to Amend Natural Gas Supplier License No. A-125095 for Mixed-Meter
Residential Service**

Dear Ms. Chiavetta:

Constellation NewEnergy-Gas Division, LLC ("CNEG") herein requests the Pennsylvania Public Utility Commission ("Commission") amend CNEG's natural gas supplier license to permit service to incidental residential accounts in mixed-meter scenarios or where a natural gas distribution company ("NGDC") may permit a commercial entity to take service under a residential rate schedule. This request for amended authority is being submitted pursuant to the Commission's July 3, 2013 Secretarial Letter in Docket No. M-2009-2082042.

CNEG has been licensed by Commission Orders to offer, render, furnish or supply natural gas supply services to small commercial, large commercial, industrial, and governmental customers in the NGDC service territories of Columbia Gas of Pennsylvania, Inc., Equitable Gas Company, National Fuel Gas Distribution Corporation, PECO Energy Company, Peoples Natural Gas Company, Philadelphia Gas Works, T. W. Phillips Gas and Oil Company, UGI Central Penn, UGI Penn Natural, UGI Utilities, Inc., and Valley Energy within the Commonwealth of Pennsylvania.

CNEG does not anticipate directly marketing or providing service to residential customers that are not within the mixed meter or rate classification scenarios described in the Commission's July 3, 2013 Secretarial Letter. Therefore, CNEG has not enclosed a disclosure statement as required by 52 PA Code §56. CNEG understands that if it subsequently decides to directly serve and interact with residential customers outside the described scenarios, CNEG will be required to submit a disclosure statement.

Also, in accordance with the Commission's July 3, 2013 Secretarial Letter, CNEG is only seeking an amended license regarding the classes of customers served and therefore has not published notice of this request in newspapers of general circulation.

Respectfully yours,
