Docket No. A-2014-2415045

Application of Lyft, Inc., a corporation of the State of Delaware, for the right to begin transport, by motor vehicle, persons in the experimental service of Transportation Network Company for passenger trips between points in Pennsylvania

2145047-OSA
Docket No. A-2014-2415047

DISSENTING STATEMENT OF
VICE CHAIRMAN JOHN F. COLEMAN, JR.

I am dissenting for the same reasons as I did in our prior actions on the Applications for Rasier-Pa. While I believe that the proposed service may benefit the public, I find that the Applicant did not meet its burden of proof in showing that it was fit to provide the service at this point in time. Specifically, I am concerned that the safety of drivers, passengers and other members of the public will be unnecessarily compromised under the Applicant's current business model.

I appreciate the majority's efforts to bring the Applicant into accord with reasonable safety and insurance requirements by making the grant of permanent authority contingent on compliance by a date certain. However, I am very skeptical that the Applicant will satisfy these conditions. The Applicant has not complied with prior Commission orders, including the insurance related provisions of the Emergency Temporary Authority granted this past summer. Therefore, I dissent.

JOHN F. COLEMAN, JR.
VICE CHAIRMAN
