Docket No. M-2015-2468991

Responses to Account Number Access Mechanism Data Request Dated February 26, 2015

1. Please provide the date the account number access mechanism was made available for EGS use.

Response

The account number access mechanism was made available for EGS use on December 15, 2014.

2. Please provide the total costs, to date, of the account number access mechanism. These costs should include, but may not be limited to, implementation costs and any applicable maintenance costs incurred to date.

Response

Total costs related to the account number access mechanism were \$27,168.

3. Please provide the number of EGSs (or EGS representatives) registered (i.e., provided the appropriate login information for access) to use the account number access mechanism, to date.

Response

One EGS has requested access and has been provided with login information for 20 individual representatives.

4. Please provide the number of attempted accesses to the account number access mechanisms, to date. This would include both those attempts that are rejected and those that match the customer's account information and therefore result in the provision of an account number.

Response

There have been no attempted accesses to the account number access mechanism to date.

Docket No. M-2015-2468991

Responses to Account Number Access Mechanism Data Request Dated February 26, 2015

5. Please provide the number of successful attempts, to date, that result in an account number that was already available to the EGSs through the eligible customer list (ECL).

Response

There have been no successful attempts, to date, that resulted in an account number that was already available through the Company's ECL.

6. Should an EDC be unable to provide a response to any of the above questions, please explain. If you anticipate having the information available in the future, briefly explain when that information may be made available.

Response
