TARIFF FORMAT

A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the most current page number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

MOTION FOR A PROTECTIVE ORDER

DOCKETED
SEP 21 2004

COMES NOW, InterGlobe Communications ("InterGlobe") and with this motion moves for the Commission to enter a protective order prohibiting disclosure to the general public of any portion of the documents known as Financial Statements of InterGlobe, labeled Confidential. InterGlobe requests that the protective order specifically state that these documents be disclosed only to Staff members directly involved in this case, and that any pleading or other filings that incorporate, reference or attach the document or any portion thereof be submitted under SEAL.

As grounds for this motion, InterGlobe states that its Financial Statements contain information which is required to be submitted to the Commission as part of the Application of InterGlobe for a Certificate of Public Convenience, however, InterGlobe is a private, closely held corporation whose financial information is maintained as highly confidential and proprietary.

Public disclosure of this information would materially damage the competitive and financial positions of InterGlobe. Further, the public interest would be impaired by public disclosure of the information contained in the Financial Statements, in that any compromise of the competitive or financial positions of the Company, vis-a-vis its competitors, would ultimately work to the detriment of the consuming public.

**DOCUMENT
FOLDER**

WHEREFORE, InterGlobe Communications requests the entry of a Protective Order containing the terms and conditions set forth above, relative to the Financial Statements of InterGlobe, and for all other appropriate relief.

Respectfully Submitted,
