BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION

For Approval of its Act 129 Phase III Energy Efficiency and Conservation Plan:

PREHEARING MEMORANDUM
OF THE
OFFICE OF CONSUMER ADVOCATE

Pursuant to Section 333 of the Public Utility Code, 66 Pa. C.S. Section 333, and in response to the December 15, 2015 Prehearing Conference Order issued in the above-captioned matter, the Office of Consumer Advocate (OCA) provides the following information:

I. Introduction

On October 15, 2008, Act 129 of 2008 (Act 129 or the Act) was signed into law by Governor Edward G. Rendell. Act 129 made numerous amendments to Chapter 28 of the Public Utility Code and required the seven major electric distribution companies (EDCs) to file energy efficiency and conservation plans (EE&C Plans), which occurred in the summer of 2009. The Phase I Plans expired on May 31, 2013. Phase II of the EE&C Plans began on June 1, 2013 and will continue until May 31, 2016. The Commission has now established the requirements and process for Phase III of the EE&C Plans to operate from June 1, 2016 through May 31, 2021. Energy Efficiency and Conservation Program, Docket No. M-2014-2424864 (June 19, 2015) (Phase III Implementation Order). This proceeding concerns the Phase III Plan filing of Duquesne Light Company (Duquesne or the Company).

The Phase III Implementation Order directed that each EDC meet a consumption reduction target and a demand response target. Phase III Implementation Order at 35. The Phase
III Implementation Order also established that 5.5% of the consumption reduction target must be met through the low-income customer sector programs and that 3.5% of the consumption reduction target must be met through the Government/Education/Non-Profit (G/E/NP) sector programs. Phase III Implementation Order at 68-70 (low-income customer segment consumption reduction target), 74-76 (G/E/NP customer segment consumption reduction target).

The Total Resource Cost (TRC) test will continue to be used to evaluate each EDC’s EE&C Plan. Phase III Implementation Order at 102, citing 66 Pa. C.S. § 2806.1(a)(3). Act 129 caps annual spending on the Plan at 2% of the EDC’s total revenues for the calendar year 2006. 66 Pa. C.S. § 2806.1(g). The Act provides for full and current cost recovery of the Plan costs through an automatic adjustment rider, but it prohibits the recovery of lost revenues by the EDC through the automatic adjustment rider. 66 Pa. C.S. § 2806.1(k). The costs incurred are to be allocated to the classes that directly benefit from the program measures implemented, unless a system wide benefit can be shown.

Duquesne is required to file a Plan under Act 129 and the Phase III Implementation Order. Under the timeline set forth in the Phase III Implementation Order, Duquesne’s EE&C Plan must be ruled upon within 120 days of the Company’s filing, or by March 29, 2016.

II. Procedural History

On November 30, 2015, Duquesne filed its Petition for Approval of its Energy Efficiency and Conservation Phase III Plan pursuant to Section 2806.1 of the Public Utility Code and pursuant to the Phase III Implementation Order. Duquesne plans to reduce annual energy consumption by 449,734,320 kWh and reduce demand by 44.1 MW by May 31, 2021. EE&C Plan at 17. The five-year cost of Duquesne’s EE&C Phase III Plan is projected to be $97,652,861. EE&C Plan at 16. With respect to residential customers, Duquesne has proposed the following six (6) residential customer energy efficiency programs: (1) REEP Rebate
Program; (2) Residential Whole House Retrofit Program (WHRP); (3) Residential Home Energy Reports (HER); (4) Residential Appliance Recycling Program (RARP); (5) Savings by Design New Construction Program (SBD); and (6) Residential Low Income Energy Efficiency Program (LIEEP). EE&C Plan at 17. Duquesne has also proposed a demand response (DR) program for residential customers consisting of a direct load control program.

Duquesne’s filing was assigned to the Office of Administrative Law Judge and further assigned to Administrative Law Judge Katrina L. Dunderdale for investigation. On December 15, 2015, ALJ Dunderdale issued a Prehearing Conference Order. On January 6, 2016, the Prehearing Conference will be held telephonically.

On December 10, 2015, the OCA filed a Notice of Intervention and Public Statement in this proceeding.

On January 4, 2016, the OCA filed Comments in accordance with the Phase III Implementation Order and the directive included in the publication of the filing in the Pennsylvania Bulletin.

III. Issues and Sub-issues

Based upon a preliminary analysis of the Duquesne filing and participation in the stakeholder meetings, the OCA has compiled a list of issues and sub-issues that it anticipates will be included in its investigation of the filings. It is anticipated that other issues may arise and may be pursued during the course of these proceedings.

The following list sets forth the issues at this time that the OCA anticipates it will examine:
(1) Whether the proposed energy conservation plan and the individual program design meets the requirements of Section 2806.1 of the Code and the Commission’s Phase III Implementation Order;

(2) Whether the portfolio of programs proposed is reasonably balanced and whether the programs are equitably distributed across rate classes;

(3) Whether the Plan is reasonable and meets the requirements of Section 2806.1 and the Phase III Implementation Order for low-income and government/educational/non-profit customers;

(4) Whether the proposed multi-family buildings programs are reasonably designed and the proposed cost allocation of those programs is reasonable;

(5) Whether the design of the proposed demand response program measures are reasonable and appropriately meet the requirements of the Phase III Implementation Order’s identified demand response targets;

(6) Whether the proposed cost recovery mechanisms, including the proposed budgets, are reasonable;

(7) Whether the proposed program measures, including the cost-effectiveness of the Plan, are reasonable as measured by the Total Resource Cost (TRC) test; and

(8) Whether the proposed measurement and verification and evaluation plan is appropriate and reasonable.

The OCA reserves the right to raise additional issues as may be necessary.

IV. Witnesses

The OCA intends to present the direct testimony of the following witness in this proceeding. In order to expedite the resolution of this proceeding, the OCA requests that copies
of all interrogatories, comments and answers to interrogatories be mailed directly to the expert witness as well as to counsel for the OCA.
