Petition of Duquesne Light Company for Approval of its Act 129 Phase III Energy Efficiency and Conservation Plan

Docket No. M-2015-2515375

PREHEARING CONFERENCE MEMORANDUM OF DUQUESNE LIGHT COMPANY

Pursuant to 52 Pa. Code § 5.222 and the Prehearing Conference Order issued by Administrative Law Judge Katrina Dunderdale on December 15, 2015, Duquesne Light Company ("Duquesne" or "Company") respectfully submits its Prehearing Conference Memorandum in the above-captioned matter.

I. BACKGROUND

On November 25, 2015, pursuant to Act 129 of 2008 ("Act 129"), 66 Pa. C.S §§2806.1 and 2806.2, the Implementation Order issued by the Pennsylvania Public Utility Commission ("Commission") on June 11, 2015\(^1\), and the Clarification Order issued by the Commission on August 20, 2015\(^2\), Duquesne Light filed the above-captioned Petition with the Commission. Act 129, which became effective on October 15, 2008, created, inter alia, an energy efficiency and conservation ("EE&C") program. This program required each EDC with at least 100,000 customers to adopt and implement a Commission-approved EE&C Plan. EE&C Plans are

SL1 v.
programs designed to achieve the Act 129 conservation and peak load reduction requirements, by specified dates, within the specified cost cap.

With its Petition, Duquesne Light requested Commission approval of Duquesne Light’s Phase III EE&C Plan, which covers the period from June 1, 2016 through May 31, 2021. The Phase III Plan includes a range of energy efficiency and demand response programs designed to achieve the required 440,916 MWh of reduced energy consumption and the required demand reduction of 42 MW. Duquesne Light’s Phase III EE&C Plan includes a total of fifteen programs: six programs targeting the residential sector; four programs targeting the small commercial and industrial sector; three programs targeting the large commercial and industrial sector; and two programs specifically targeted to the G/E/NP sector. The Company’s Phase III Plan also includes a demand response (“DR”) program that will include two program components: 1) a direct load control program for residential and/or small commercial and industrial customers; and 2) a large C & I customer curtailment component, in order to achieve the required reduction of 42 MW.

Duquesne Light’s Plan proposes an Energy Efficiency and Conservation (“EEC”) Surcharge, which is designed to fully recover all applicable EE&C-related costs. The EEC Surcharge is fully reconcilable and will be applied on a non-bypassable basis to customers who receive distribution service from the Company. The Plan includes a reconcilable adjustment clause tariff mechanism in accordance with 66 Pa.C.S. § 1307.

On December 10, 2015, the Office of Consumer Advocate (“OCA”) filed its Notice of Intervention and Public Statement in this proceeding.
On December 12, 2015, notice of Duquesne Light’s Petition was published in the Pennsylvania Bulletin. The notice established a deadline of January 4, 2015 for the filing of comments on, and responsive pleadings to, the Company’s Phase III EE&C Plan.

On December 15, 2015, a Prehearing Conference Order was issued in this proceeding. The Prehearing Conference Order scheduled a Prehearing Conference for January 6, 2015, and directed the parties to file prehearing conference memoranda on or before January 5, 2015.

On December 17, 2015, the Coalition for Affordable Utility Services and Energy Efficiency in Pennsylvania (“CAUSE-PA”) filed a Petition to Intervene in this proceeding. On November 18, 2015, the Office of Small Business Advocate (“OSBA”) filed its Notice of Intervention and Public Statement in this proceeding.

On January 4, 2016, the OCA and Energy Efficiency for All (“EEFA”) filed Comments to the Company’s Phase III EE&C Plan. Also on January 4, 2016, Citizen Power and the Duquesne Industrial Intervenors (“DII”) filed Petitions to Intervene in this proceeding, and DII filed its Comments to the Company’s Phase III EE&C Plan.

II. WITNESSES AND ISSUES

The issue for resolution in this proceeding is whether Duquesne Light’s Phase III EE&C Plan should be approved by the Commission as being consistent with the requirements of Act 129 and the Commission’s Implementation Order and Clarification Order. Duquesne Light’s
Petition included the Direct Testimony of the following two witnesses in support of the approval of Duquesne Light’s Phase III EE&C Plan:

1. David Defide, Duquesne Light’s Manager of Customer Programs, 411 Seventh Avenue, Pittsburgh, PA 15219. Mr. Defide’s Testimony addresses the methodology employed to analyze, develop, and implement the Company’s Phase III EE&C plan.

2. William V. Pfommer, Duquesne Light’s Manager of Rate & Tariff Services, 411 Seventh Avenue, Pittsburgh, PA 15219. Mr. Pfommer’s Testimony details the Company’s proposed cost recovery mechanism for the Phase III EE&C Plan.

The Direct Testimony and accompanying Exhibits submitted with the Company’s Petition fully support the approval of the Company’s Phase III EE&C Plan. Duquesne Light reserves the right to identify and present the testimony of additional witnesses, as necessary, depending on the additional issues raised by other parties to the proceeding.

Prehearing Conference                      January 6, 2016
Other Parties’ Direct Testimony Served     January 13, 2016
Rebuttal Testimony Served                  January 21, 2016
Evidentiary Hearing                       January 26, 2016
Briefs                                      February 5, 2016
Filing of Revised Plan (if necessary)      February 22, 2016
Certification of Record to the Commission  February 24, 2016

V. DISCOVERY

Duquesne has been served with discovery requests by multiple parties since the proceeding was initiated, and Duquesne has already responded to one full set of discovery requests. Duquesne will also make its witnesses available for informal discovery, and in order to expedite the conduct of this proceeding, Duquesne Light proposes the following modifications to the Commission’s procedural rules regarding discovery:

1. Answers to written interrogatories and Responses to requests for production of documents must be served in-hand within 10 calendar days of service.
2. Objections to interrogatories must be communicated orally within 3 calendar days of service of the interrogatories. Unresolved objections must be served within 5 calendar days of service of the interrogatories.

3. Motions to dismiss objections to interrogatories must be filed within 3 calendar days of service of the objections.

4. Answers to motions to dismiss objections must be filed within 3 calendar days of service of the motion.

5. Rulings on motions to dismiss objections will be issued, to the extent possible, within 7 calendar days of the filing of the motion.

6. Any discovery requests served after 12:00 noon on a Friday will be deemed served on the following business day for purposes of calculating due dates.

7. All discovery due dates require “in-hand” service. Electronic service on the due date will satisfy the “in-hand” requirement, where such service is immediately followed by a hard copy sent via First Class U.S. Mail.

8. Discovery-related pleadings, such as objections, motions, and answers to same, served on a Friday or any business day preceding a state holiday will be deemed served on the next business day.

VI. PROTECTIVE ORDER

Duquesne will confer with the parties regarding the submission of a Motion for Protective Order to address the handling of confidential information in the proceeding.
VII. SETTLEMENT

Settlement negotiations between the parties are expected to begin shortly after the Prehearing Conference in this matter. Duquesne Light will make every effort to resolve this proceeding through a settlement. Furthermore, if full settlement cannot be achieved, Duquesne intends to work with the other parties to reach agreement on as many factual and legal issues as possible, to limit the number of issues in dispute and to streamline this proceeding to the greatest extent possible.

Respectfully submitted,
