Dear Secretary:

I am writing to you in regard to Docket # 2015-2510230.

I would like to voice my opinion that 717 area not be split into two areas. I would like to see the overlay option used. There are a few reasons I would like to see the overlay option used. First, I live on the border of the proposed boundary split, I would be required to dial a ten-digit number for most of my phone calls, as they would likely cross the boundary. Second, I do not have a problem with needing to start dialing a ten-digit number. Most areas in this country already require ten digit dialing. I have been working in Maryland for about thirteen years and have always had to use ten-digit dialing there. Third, most people no longer dial numbers. They have numbers stored into their cell phones or whatever and they look up a name to call someone, not dial a number. The number of times someone actually dials a number has significantly been reduced over the years and I do not see the occasional use of ten-digit dialing to be that much of an inconvenience.

If you or anyone would like to speak to me regarding this, I can be reached at 717-554-5429 or emailed at timothy.knepp@gmail.com.

Sincerely,

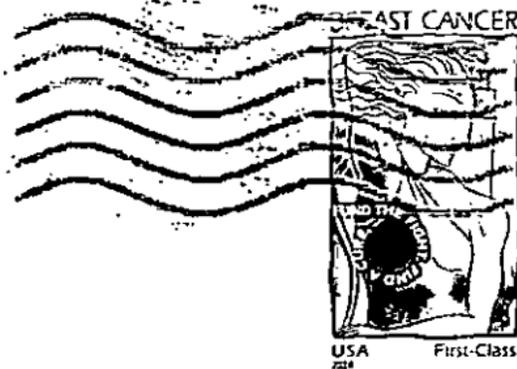

Timothy P. Knepp, Jr
