RE: PROPOSED RULEMAKING ORDER

DOCKET NO. L-2015-2507592

# COMMENTS OF BETHANY STRONGHART ON BEHALF OF MILLCREEK PARAMEDIC SERVICE, INC. IN OPPOSITION TO PROPOSED RULEMAKING ORDER

The Commission published in the <u>Pennsylvania Bulletin</u> dated February 27, 2016, a proposed rulemaking order to amend the existing regulations governing passenger motor carriers to eliminate the public demand or need requirement for applications for authority. Millcreek Paramedic Service, Inc. ("Millcreek") objects to the proposal to eliminate this requirement.

The business address of Millcreek is 3606 West 26th Street, Erie, PA 16506. Millcreek has authority at Docket No. A-00116034 authorizing it to provide paratransit service from points in Erie County to points in Pennsylvania. Millcreek has provided service under its PUC authority on a regular, continuing basis since it was first certificated in 2009.

As will be discussed below, Millcreek believes that the Commission should continue to handle paratransit applications in the same manner that it has handled such applications in the past and continues to handle such applications at the present time.

Millcreek firmly believes that there is a need to regulate the number of paratransit companies that can provide service in Pennsylvania and, in particular, in the territory which Millcreek is authorized to serve. If the public demand/need requirement is eliminated, the

obvious result will be that anyone that wants to secure paratransit authority will be able to secure such authority. There is already substantial competition in this industry and the addition of new companies in the industry may cause existing companies to go out of business.

Most of the paratransit service providers in our area are small operators who have built their business on providing local service to the public. The addition of the new competition that will result will have a negative financial effect on these companies which will far outweigh any benefit to the public. Existing companies have invested significant time and financial resources to provide the service required by the public.

Millcreek has made a substantial investment in its operating authority and in its equipment. This investment will be substantially in jeopardy if the proposed changes are put into effect.

For all of the above reasons, Millcreek opposes the proposed change set forth in the Pennsylvania Bulletin dated February 27, 2016.

Respectfully submitted,
