

8/30/17

Dear PUC,

My name is Rob Ely. I have worked for (2) months preparing documents to assist the Puc in determining regulations and policies for TNC's. Comments are due today? Or tomorrow, I submitted them as several documents, as my word processing system leaves a lot to be desired. If one printed what I submitted it would be (1) document, I am going to print everything organize it and deliver it to PUC office tomorrow.

Again, I am not sure if these comments are due today or tomorrow, and would hope for a little latitude in this situation because of the amount of time and effort I have gone through to procure and produce the comments for the public benefit.

Yours Truly,

robert ely
