BEFORE THE  
PENNSYLVANIA PUBLIC UTILITY COMMISSION

Application of Transource Pennsylvania, LLC

Filed Pursuant to 52 Pa. Code Chapter 57, Supchapter G

For Approval of the Siting and Construction of the 230 kV Transmission Line

Associated with the Independence Energy Connection-West Project in Portions of Franklin County

Docket No. A-2017-2640200

**PROTEST**

Pursuant to 52 Pa. Code Sections 5.51, *et seq.* and 66 Pa. C. S. Sections 1101, *et seq.*, Norma and Walter Ricker files this Protest to the Independence Energy Connection-West. In support of this Protest, Norma and Walter Ricker avers as follows:

1. The name and contact information of the Protestant is as follows:

Norma and Walter Ricker, 3063 New Franklin Road, Chambersburg, PA 17202

2. We feel that this project is not necessary for the people in our area. The Power Line would create problems for ourselves in terms of our property value, in particular, as we are in our retirement years, and our property is our main asset. The value of our property is definitely going to be worth less as a result of this project, both for ourselves and our neighbors.

3. We also have concerns about the medical effects of the power line, both for ourselves and our neighbors, and for the agricultural interests in our area.

4. Our standing is valid because we live in close proximity to the power line, and our property values would be severely affected by the power line.

WHEREFORE, Norma and Walter Ricker respectfully requests that the Pennsylvania Public Utility Commission not to approve

This power line, and we want the Pennsylvania Public Utility Commission to investigate and hold full hearings regarding the filing.]

Respectfully submitted,

Dated: February 5, 2018
