2. I have a vested interest in the Independence Energy Connection-West project being conducted by Transource Pennsylvania, LLC and protest their utility proposal because it affects me directly as a utility ratepayer and a landowner.

3. Because of the above project proposal, if it is approved, implemented and constructed; my utility rates will eventually increase, the value of my land and home will decrease as they are adjacent to the proposed powerline right-of-way, the resale value of my property will decrease and as a result, I will be negatively impacted financially which will affect the quality of my life in numerous multiple ways.
