Application of Transource Pennsylvania, LLC  
Filed Pursuant to 52 Pa. Code Chapter 57, Subchapter G  
For Approval of the Siting and Construction of the 230 kV Transmission Line  
Associated with the Independence Energy Connection-West Project in Portions of Franklin County  
Docket No. A-2017-2640200

**PROTEST**

Pursuant to 52 Pa. Code Sections 5.51, *et seq.* and 66 Pa. C. S. Sections 1101, *et. seq.*, Joseph and Mary Ann Rebok files this Protest to the Independence Energy Connection-West. In support of this Protest, Joseph W. Rebok avers as follows:

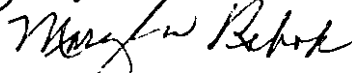

The name and contact information of the Protestant is as follows:

Joseph W. and Mary Ann Rebok  
37 Linoak Road  
Chambersburg, PA 17202

We who live, work, and pay rates in Franklin County, PA, are facing a crisis due to the proposed Transource power line. This power line, running 29 miles through our counties, farmland, housing developments, schools, and Falling Spring stream and surrounding watershed will have a devastating, irrevocable impact on the environment, health issues, land values, loss of tax revenue, and render hundreds of acres of productive crop land unusable.

This project offers nothing but hardship for our community in Franklin County. If this electricity is needed in Maryland, Virginia, or Washington D.C., other options must be considered, such as power plants more local to those receiving the benefits of said services.

WHEREFORE, Joseph W. and Mary Ann Rebok respectfully request that the Pennsylvania Public Utility Commission denies the application of the Transource powerline through Franklin County. I trust that good judgement and common sense will prevail.

Respectfully submitted,  
  
  
Joseph W. and Mary Ann Rebok
