IV. TERMS AND CONDITIONS OF THE JOINT SETTLEMENT

15

The Company will not implement a Distribution System Improvement Charge (“DSIC”) during the calendar year ending December 31, 2018. The first DSIC in 2019 will be effective no earlier than April 1, 2019 based on DSIC-eligible expenditures during January and February 2019. In any event, the Company will not begin to impose a DSIC until the total aggregate gross plant costs (before depreciation or amortization) associated with the eligible property that has been placed in service exceeds the following total aggregate plant costs claimed by the Company in the FPFTY:

Water - \$149,660,658 (as shown in detail on Appendix E)

Total Wastewater - \$6,770,153 (as shown in detail on Appendix E)

In compliance with the Supplemental Implementation Order entered on September 21, 2016 at Docket No. M-2012-2293611, the amounts shown in Appendix E constitute the baseline of gross plant balances to be achieved in order to restart charges under the Company’s DSIC. This provision relates solely to the calculation of the DSIC during the time that the Settlement Rates are in effect and is not determinative for future ratemaking purposes of the projected plant additions to be included in rate base in a fully projected future test year filing.
