Puerto Rico	Case SAN-2018-0001839	Maryguel Fuentes Laceron v. Sprint Communications Company L.P.	Complaint filed on March 6, 2018 for alleged false advertisement. Puerto Rico	Case JRT-2013-Q-0027	URS Caribe, LLP v. Puerto Rico Telephone Company, et al.	Complaint filed against Puerto Rico Telephone Company, MCI International, Inc. and Sprint Communications Company L.P. on January 4, 2013 alleging slamming and incorrect billing of long distance charges. Sprint Communications Company L.P. settled with URS without admission of liability in exchange for a credit equal to the allegedly fraudulent charges on August 18, 2015. The complaint was dismissed as to Sprint Communications Company L.P. on September 8, 2016 and the proceedings continued against the other two codefendants.
Puerto Rico	Case JRT-CERT-0009	Sprint Communications Company L.P.	The company filed several requests for extension of time to file audited financial statements for the years 2014, 2015, 2016, and 2017, all of which were granted with the imposition of automatic monthly \$5,000 fines. When the company realized

Puerto Rico	Case JRT-CERT-0009	Sprint Communications Company L.P.	<p>that its revenues for intraisland service for the years in question did not exceed \$1 million (the threshold for having to file audited financial statements) it requested a credit of the amounts paid in fines for the late filing of the audited financial statements for 2014 and 2015. This request was denied on May 16, 2016 through a Resolution and Order concluding that audited financial statements need to be filed whenever a company's revenue exceeds \$1 million, regardless of the nature or source of the revenue. The company submitted a request for reconsideration which was denied on December 15, 2016.</p> <p>On June 14, 2017, Sprint Communications Company L.P. requested that the TRB exempt it from having to file audited financial statements for the years 2014 to 2017 because the TRB regulations only require the filing of the same when a company's revenue exceeds \$1 million for intraisland service. The TRB denied this request on April 17, 2018, reiterating its previous conclusion that audited financial statements need to be filed whenever a company's revenue exceeds \$1 million, regardless of the nature or source of the revenue.</p>

Puerto Rico	Case JRT-CERT-0009	Sprint Communications Company L.P. This request is still pending before the TRB.

Puerto Rico Court of Appeals	Case KLRA 2017-00027	Sprint Communications Company L.P. v. TRB	Petition for judicial review of the TRB's decision on reconsideration denying Sprint Communications Company L.P.'s request for credit of the amounts paid in fines for late filing of audited financial statements for the years 2014 and 2015. The Puerto Rico Court of Appeals confirmed the TRB's ruling denying the credits requested for supposed lack of jurisdiction, because Sprint did not timely request reconsideration of the fines imposed. The Court of Appeals did not consider the merits of Sprint's claim that audited financial statements did not need to be filed pursuant to the TRB's regulations unless the company exceeded \$1 million

Puerto Rico Court of Appeals	Case KLRA 2018-00255	Sprint Communications Company L.P. v. TRB	<i>in revenue resulting from intraisland services.</i> Petition for judicial review of the TRB's decision dated April 17, 2018 denying Sprint Communications Company L.P.'s request for an exemption from filing audited financial statements for the years 2014 to 2017. The Puerto Rico Court of Appeals dismissed this appeal on May 30, 2018 for supposed lack of jurisdiction because the TRB Resolution and Order denying Sprint Communications Company L.P.'s request did not include the warnings regarding the right to seek reconsideration and appeal required by the Puerto Rico Administrative Procedure Act ("LPAU" for its acronym in Spanish).
