Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

- R-1. The filing does not contain responses required pursuant to 52 Pa. Code § 53.52. Supplement the filing by providing statements for the following:
- j. Provide both of the following: (1) a statement showing Sugarcreek's calculation of the rate of return or operating ratio earned as of December 31, 2017; and (2) a statement showing Sugarcreek's anticipated rate of return or operating ratio to be earned when the tariff supplement becomes effective. If an operating ratio is used, please provide a comparison of the calculated operating ratio with the cost of service of similar companies which do not employ an operating ratio methodology.

Answer (Randall Rhodes, Secretary):

Using numbers from the filing, the Company's calculations for rate of return would be as follows:

December 31, 2017:

$$2,560.71 / 72,164.28 * 100 = 3.55\%$$

When the tariff supplement becomes effective:

$$7,598.77 / 72,164.28 * 100 = 10.53\%$$

Answer (Randall Rhodes, Secretary):

A revised customer notice was mailed to all customers on the original scheduled date of August 31, 2018.

See attached.

NOTICE OF PROPOSED RATE CHANGES
SUGARCREEK WATER COMPANY

To Our Customers:

Sugarcreek Water Company (the "Company") is filing a request with the Public Utility Commission ("PUC") to increase your water rates as of November 15, 2018. This notice describes the company's rate request, the PUC's role, and what actions you can take.

The Company has requested an overall rate increase of \$7,038.06 per year. If the company's entire request is approved, the total bill for a residential customer using 4,000 gallons would increase from \$31.49 to \$38.09 per month or by 20.96%. The total bill for a commercial customer using 62,000 gallons would increase from \$382.75 to \$462.93 per month or by 20.95%. The total bill for a public customer using 52,000 gallons would increase from \$334.02 to \$404.12 per month or by 20.99%.

To find out your customer class or how the requested increase may affect your water bill, contact the Company at 814-676-2730 or toll free at 800-724-8579. The Rates proposed by the Company may be found in Supplement No. 8 to Tariff Water PA P.U.C. No. 3. You may examine the material filed with the PUC which explains the requested increase and the reasons for it. A copy of this material is kept at the Company's office at 91 Brook Street, Reno, PA. This notice describes the Company's proposal, the PUC's role, and the options available to the customer.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before November 15, 2018. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2. You can send us a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when we investigate the rate request.

Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.

3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record. These hearings are held in the service area of the company.

For more information, call the PUC at 1-800-692-7380. You may leave your name and address so you can be notified of any public input hearings that may be scheduled in this case.

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

R-3. Provide a copy of the news release issued by Sugarcreek pursuant to 52 Pa. Code § 53.45(b)(3).

Answer (Randall Rhodes, Secretary):

See attached.

News Release

Sugarcreek Water Company (the "Company") has filed a request with the Public Utility Commission ("PUC") to increase water rates to customers in the Village of Sugarcreek, located in Sugarcreek Borough, Venango County. The proposed effective date of the increase is November 15, 2018. The Company has requested an overall rate increase of \$7,038.06 per year which represents 21% of the Company's annual revenues.

If the company's entire request is approved by the Commission, the total bill for a residential customer using 4,000 gallons would increase from \$31.49 to \$38.09 per month or by 20.96%. The total bill for a commercial customer using 62,000 gallons would increase from \$382.75 to \$462.93 per month or by 20.95%. The total bill for a public customer using 52,000 gallons would increase from \$334.02 to \$404.12 per month or by 20.99%.

Customers may contact the company locally at 814-676-2730 or toll free at 800-724-8579 to find out their customer class or how the requested increase may affect their water bill.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining the evidence, the PUC may grant all, some, or none of the request or may reduce existing rates.

There are three ways customers may challenge a company's request to change its rates:

1. They can file a formal complaint. If they want a hearing before a judge, they must file a formal complaint. By filing a formal complaint, they assure themselves the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before November 15, 2018. If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2. They can send the Commission a letter telling why they object to the requested rate increase. Sometimes there is information in the letters that makes the Commission aware of problems with the company's service or management. This information can be helpful when they investigate the rate request.

Letters or requests for a formal complaint form should be sent to the Pennsylvania Public Utility Commission, P.O. Box 3265, Harrisburg, PA 17105-3265.

3. They can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request and if there is a large number of customers interested in the case. At these hearings, they have the opportunity to present their views in person to the PUC judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record. These hearings are held in the service area of the company.

For more information, customers can call the PUC at 1-800-692-7380. They may leave their name and address so they can be notified of any public input hearings that may be scheduled in this case.

Data Request Set 1

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

- R-5. The filing's Additional Information page identifies the rate increase is intended, in part, to cover the costs of maintaining compliance with current and upcoming regulations. Identify the upcoming regulations this statement is referring to, provide an outline of Sugarcreek's plan for compliance and provide any cost estimates obtained for any required plant changes/upgrades.

Answer (Randall Rhodes, Secretary):

The current upcoming regulation is the implementation of the Disinfection Requirements Rule (DRR). This Rule was published as a final regulation in the Pennsylvania Bulletin on April 28, 2018.

The Company has to develop and submit a DRR sampling plan to the Department of Environmental Protection by October 29, 2018. Beginning April 29, 2019, the Company must collect weekly disinfectant residual concentration in the distribution system and must maintain a minimum disinfectant residual concentration in the distribution system of 0.2 mg/L.

Regulations are continually updated by the Department. The Company must maintain compliance at all times in order to avoid violations which could be issued by the Department.

Data Request Set 1

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

- R-6. The filing's Comparison Statement of Operating Revenues (Comparison Statement) reflects operating revenues that do not match Sugarcreek's 2017 annual report. The difference appears to be due to Sugarcreek including what is identified in the filing as late payment charges and other revenues as metered water revenue in Sugarcreek's annual reports. Please confirm if Sugarcreek includes late payment charges and other revenues as metered water revenue in Sugarcreek's annual reports. If so, please explain why such revenues are assigned as metered water revenue as opposed to being assigned to Uniform System of Accounts Account Nos. 470 (Forfeited Discounts) and 471 (Miscellaneous Service Revenues).

Answer (Randall Rhodes, Secretary):

Late payment charges and reconnection fees have been included as metered revenues on the annual reports for the Company. This was an oversight and will be corrected going forward.

Bureau of Technical Utility Services
Water/Wastewater Division
Data Request Set 1

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

- R-11. Quantify rate filing costs incurred by Sugarcreek as of the date of Sugarcreek's response to this Data Request and provide justification for the rate case filing's 2-year amortization period for Sugarcreek's rate case expense as specified in the filing's Annualizations to Level of Operations, Attachment-6.

Answer (Randall Rhodes, Secretary):

This is a projected amount based on a litigated case. To date, the Companies have only experienced \$18.23 in copying, notary and postage fees. However, in light of the litigation and/or settlement of the current filing, the Company is anticipating attorney fees to accumulate to the estimated amount. Thomas T. Niesen of the firm Thomas, Niesen & Thomas, LLC is representing the Company in this current filing.

The Company anticipates the payment of these fees to be spread over two years and that the rates determined in this proceeding will remain in effect for two years.

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

R-13. Provide calculations to quantify Sugarcreek's share of the distribution of wages and benefits to affiliates pursuant to Schedule I of Sugarcreek's amended AIA at Docket No. G-2014-2439212.

Answer (Randall Rhodes, Secretary):

See Attached.

DISTRIBUTION OF WAGES AND BENEFITS TO REGULATED AFFILIATES

To distinguish the average residential customers, non-residential for Venango must be equated to residential. To equate to residential equivalent, perform the following equations:

A = Venango's total residential customers for the year:		2,135.00	A
B = Venango's average monthly residential customers:	A / 12	177.92	B
C = Venango's total gross residential revenues:		77,415.58	C
D = Venango's average monthly gross residential revenues:	C / 12	6,451.30	D
E = Venango's average monthly residential bill:		36.26	E
F = Venango's total gross non-residential revenues, including Fire Prot:		50,923.22	F
G = Venango's average monthly non-residential revenues:	F / 12	4,243.60	G
H = Venango's residential equivalent for non-residential customer	G / E	117.03	H
I = Venango's average monthly customers equivalent:	B + H	294.95	I

For Plumer Water Company, B. E. Rhodes Sewer Company and West Hickory Water Company deductions are made to the average customers for the wage calculation.

J = Plumer's total customers for the year:		698.00	J
K = Plumer's average monthly customers:	J / 12	58.17	K
L = Plumer's average monthly customers after deduction:	K * .75	43.63	L
M = Rhodes Sewer's total customers for the year:		2,580.00	M
N = Rhodes Sewer's average monthly customers:	M / 12	215.00	N
O = Rhodes Sewer's average monthly customers after deduction:	N * .60	129.00	O
P = West Hickory's total customers for the year:		2,215.00	P
Q = West Hickory's average monthly customers:	P / 12	184.58	Q
R = West Hickory's average monthly customers after deduction:	Q * .60	110.75	R

For all other affiliates, use average customers:

S = Sugarcreek's total customers for the year:		872.00	S
T = Sugarcreek's average monthly customers:	S / 12	72.67	T
U = Fryburg's total customers for the year:		2,274.00	U
V = Fryburg's average monthly customers:	U / 12	189.50	V
W = Cooperstown's total customers for the year:		1,545.00	W
X = Cooperstown's average monthly customers:	W / 12	128.75	X

Calculation for Wages: $Y = I + L + N + P + S + U + X$

Y = Total average monthly customers for Regulated affiliates: 969.24 Y

I / Y = Venango Water Company's percentage:	0.3043
T / Y = Sugarcreek Water Company's percentage:	0.0750
L / Y = Plumer Water Company's percentage:	0.0450
V / Y = Fryburg Water Company's percentage:	0.1955
O / Y = B.E. Rhodes Sewer Company's percentage:	0.1331
X / Y = Cooperstown Water Company's percentage:	0.1328
R / Y = West Hickory Water Company's percentage:	0.1143
	1.0000

Bureau of Technical Utility Services
Water/Wastewater Division
Data Request Set 1

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

R-14. Identify any notices of violation or permit violations issued by the Pennsylvania Department of Environmental Protection for Sugarcreek's system within the last three years and identify any measures Sugarcreek has taken or plans to take to address these violations.

Answer (Randall Rhodes, Secretary):

August 14, 2015

On August 14, 2015, the Department issued a Notice of Violation due to a breakdown in treatment which occurred on August 6, 2015 at Entry Point 129 of Sugarcreek Water Company. This breakdown in treatment caused the entry point disinfectant residual to drop below the minimum level for a period greater than four hours. The Company did have an alarm installed to notify operators when chlorine residuals drop below 1.0; however, due to an equipment malfunction at the plant, the alarm did not notify operators of the problem. The equipment that malfunctioned has been replaced.

November 24, 2015

On November 24, 2015, the Department issued a Notice of Violation for failure to have certain water tests performed on time. Sugarcreek Water Company was required to sample water for TTHMs and HAA5s within ± 3 days of August 10th, in accordance with the Stage 2 disinfection byproducts monitoring plan for the system. Both TTHM and HAA5 samples were collected on August 10, 2015; however, due to a failure at the accredited laboratory on the HAA5 sample, the Company had to resample. A second HAA5 sample was collected on September 15, 2015. This violation occurred due to laboratory failure and that the resampled HAA5 sample was reported being outside of the required timeframe for monitoring.

Data Request Set 1

Sugarcreek Water Company Supplement No. 10 to Water – Pa. P.U.C. No. 3 at
Docket No. R-2018-3001506

December 15, 2017

On December 15, 2017, the Department issued a Notice of Violation due to failure to obtain an amended permit prior to making substantial modifications to the system. Specifically, permit No. 363W12-MA1 approved the operation of a Hach CI-17 chlorine analyzer. At the time of inspection, a GLI LP1-8 amperometric analyzer was in use. Also in the violation, Permit No. 363W12 approved the operation of two 10,145 gallon storage tanks. At the time of inspection, one take was in use and the second one was abandoned. A violation was also issued for failure to comply with EPA Standard Method 334.

Since the issue of the violations, the Company has hired Professional Engineer Steven R. Halmi, P.E. from Diess & Halmi Engineering, Inc of Edinboro and had a pre-application meeting with the Department on January 19, 2018.

On February 1, 2018, the GLI LP1-8 amperometric analyzer was removed and a new Hach CL-17 was installed at Sugarcreek Water Company's plant. The Department was notified of this installation on February 8, 2018 via email.

The engineer is currently working on the submission of an amended permit which will address the replacement of the two storage tanks with one storage tank. The Company has also been working on the removal of the abandoned storage tank. The abandoned tank is approximately 90% removed.

The Company is currently working to comply with EPA Standard Method 334. On July 25, 2018, the Department issued an email alerting the Company to training videos to assist water systems with their efforts to become Method 334.0 compliant; no training has been provided prior to the videos.

No expenses associated with this process have been worked into this filing.

VERIFICATION

I, RANDALL L. RHODES, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa. C.S. § 4904 (relating to unsworn falsification to authorities).

Randall L. Rhodes, Secretary
