NOTICE OF PROPOSED RATE CHANGES

To Our Customers:

Peoples Natural Gas Company ("Peoples") is filing a request with the Pennsylvania Public Utility Commission ("PUC") to increase your natural gas distribution rates as of March 29, 2019. This notice describes the company's rate request, the PUC's role, and what actions you can take.

Peoples has requested an overall net distribution rate increase of \$94.9 million per year.

If you are a Peoples Division customer and if the company's entire request is approved:

- The total bill for a Peoples Division residential customer using 86 Mcf per year would increase from \$74.24 to \$84.73 per month or by 14.1%.
- The total bill for a Peoples Division commercial customer using 238 Mcf per year would increase from \$150.79 to \$172.56 per month or by 14.4%.
- Rates for a Peoples Division industrial customer using 3,224 Mcf per year would increase from \$1,684.32 to \$1,957.16 per month or by 16.2%.

If you are an Equitable Division customer and if the company's entire request is approved:

- The total bill for an Equitable Division residential customer using 86 Mcf per year would increase from \$70.79 to \$84.73 per month or by 19.7%.
- The total bill for an Equitable Division commercial customer using 238 Mcf per year would increase from \$158.79 to \$172.56 per month or by 8.7%.
- Rates for an Equitable Division industrial customer using 3,224 Mcf per year would decrease from \$2,140.64 to \$2,050.63 per month or by 4.2%.

To find out your customer class or how the requested increase may affect your natural gas bill, contact Peoples at 1-800-764-0111. The rates requested by the company may be found in Tariff No. 47. You may examine the material filed with the PUC which explains the requested increase and the reasons for it. A copy of this material is kept at Peoples office. Upon request, the company will send you the Statement of Reasons for Tariff No. 47, explaining why the rate increase has been requested.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After

examining the evidence, the PUC may grant all, some or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each division and customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1. You can file a formal complaint. If you want a hearing before a Judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before April 29, 2019.

If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a Judge.

2. You can send a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when the PUC investigates the rate request.

Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.

3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record.

For more information, call the PUC at 1-800-692-7380. You may leave your name and address so you can be notified of any public input hearings that may be scheduled in this case.

Galveston police capture pair of runaway emus

GALVESTON, Texas (AP) — Police in coastal Texas last week captured a pair of runaway emus that had been on the lam for an entire day after escaping from their owner's backyard.

n't permitted in but police say n'tly brought the

large, flightless birds to the island after the death of his mother.

She'd owned them at her home near Houston.

The Galveston County Daily News reports that the emus escaped from their new owner's backyard sometime Monday.

Police recaptured the birds Tuesday morning near an elementary school.

Officials say the birds' owner didn't realize that Galveston had a ban on emus.

The owner currently is working with authorities to find an off-island home for them.

The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining

the evidence, the PUC may grant all, some or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each division and customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before April 29, 2019.

If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2. You can send a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when the PUC investigates the rate request.

Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.

3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request, and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record.

For more information, call the PUC at 1-800-692-7380. You may leave your name and address so you can be notified of any public input hearings that may be scheduled in this case.

ed by the Kennebec River, who say they are proud to be helping the military.

"We put a lot of blood, sweat and tears into making this shoe because we know where it's going," said Brandon Munroe, one of the 348 workers producing the military footwear at the New Balance plant in Norridgewock, Maine.

Members of the congressional delegations in Maine and Massachusetts pressed for years for athletic foot-

expanded to 248,000.

The other two companies are making athletic trainers for the first time. Missouri-based defense contractor Propper International has a contract for up to 348,000 units, which are being produced in Puerto Rico. San Antonio Shoe won a contract for up to 398,000 units that are being made in Texas.

For now, U.S. production of shoes "is just a small, tiny drop in the bucket of

Danner, Eastland and L.L. Bean also make some or all of their shoes in the United States.

Boston-based New Balance's owner, Jim Davis, has made domestic manufacturing a top priority — and it has become a selling point for many customers. The company remains competitive with U.S. production thanks to efficiencies that help to offset higher labor costs in the United States.

NOTICE OF PROPOSED RATE CHANGES

To Our Customers:

Peoples Natural Gas Company ("Peoples") is filing a request with the Pennsylvania Public Utility Commission ("PUC") to increase your natural gas distribution rates as of March 29, 2019. This notice describes the company's rate request, the PUC's role, and what actions you can take.

Peoples has requested an overall net distribution rate increase of \$94.9 million per year.

If you are a Peoples Division customer and if the company's entire request is approved:

- The total bill for a Peoples Division residential customer using 86 Mcf per year would increase from \$74.24 to \$84.73 per month or by 14.1%.
- The total bill for a Peoples Division commercial customer using 238 Mcf per year would increase from \$150.79 to \$172.56 per month or by 14.4%.
- Rates for a Peoples Division industrial customer using 3,224 Mcf per year would increase from \$1,684.32 to \$1,957.16 per month or by 16.2%.

If you are an Equitable Division customer and if the company's entire request is approved:

- The total bill for an Equitable Division residential customer using 86 Mcf per year would increase from \$70.79 to \$84.73 per month or by 19.7%.
- The total bill for an Equitable Division commercial customer using 238 Mcf per year would increase from \$158.79 to \$172.56 per month or by 8.7%.
- Rates for an Equitable Division industrial customer using 3,224 Mcf per year would decrease from \$2,140.64 to \$2,050.63 per month or by 4.2%.

To find out your customer class or how the requested increase may affect your natural gas bill, contact Peoples at 1-800-764-0111. The rates requested by the company may be found in Tariff No. 47. You may examine the material filed with the PUC which explains the requested increase and the reasons for it. A copy of this material is kept at Peoples office. Upon request, the company will send you the Statement of Reasons for Tariff No. 47, explaining why the rate increase has been requested.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After examining

the evidence, the PUC may grant all, some or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each division and customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before April 29, 2019.

If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2. You can send a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when the PUC investigates the rate request.

Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.

3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC Judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record.

For more information, call the PUC at 1-800-692-7380. You may leave your name and address so you can be notified of any public input hearings that may be scheduled in this case.

NOTICE OF PROPOSED RATE CHANGES

To Our Customers:

Peoples Natural Gas Company ("Peoples") is filing a request with the Pennsylvania Public Utility Commission ("PUC") to increase your natural gas distribution rates as of March 29, 2019. This notice describes the company's rate request, the PUC's role, and what actions you can take.

Peoples has requested an overall net distribution rate increase of \$94.9 million per year.

If you are a Peoples Division customer and if the company's entire request is approved:

- The total bill for a Peoples Division residential customer using 86 Mcf per year would increase from \$74.24 to \$84.73 per month or by 14.1%.
- The total bill for a Peoples Division commercial customer using 238 Mcf per year would increase from \$150.79 to \$172.56 per month or by 14.4%.
- Rates for a Peoples Division industrial customer using 3,224 Mcf per year would increase from \$1,684.32 to \$1,957.16 per month or by 16.2%.

If you are an Equitable Division customer and if the company's entire request is approved:

- The total bill for an Equitable Division residential customer using 86 Mcf per year would increase from \$70.79 to \$84.73 per month or by 19.7%.
- The total bill for an Equitable Division commercial customer using 238 Mcf per year would increase from \$158.79 to \$172.56 per month or by 8.7%.
- Rates for an Equitable Division industrial customer using 3,224 Mcf per year would decrease from \$2,140.64 to \$2,050.63 per month or by 4.2%.

To find out your customer class or how the requested increase may affect your natural gas bill, contact Peoples at 1-800-764-0111. The rates requested by the company may be found in Tariff No. 47. You may examine the material filed with the PUC which explains the requested increase and the reasons for it. A copy of this material is kept at Peoples office. Upon request, the company will send you the Statement of Reasons for Tariff No. 47, explaining why the rate increase has been requested.

The state agency which approves rates for public utilities is the PUC. The PUC will examine the requested rate increase and can prevent existing rates from changing until it investigates and/or holds hearings on the request. The company must prove that the requested rates are reasonable. After

examining the evidence, the PUC may grant all, some or none of the request or may reduce existing rates.

The PUC may change the amount of the rate increase or decrease requested by the utility for each division and customer class. As a result, the rate charged to you may be different than the rate requested by the company and shown above.

There are three ways to challenge a company's request to change its rates:

1. You can file a formal complaint. If you want a hearing before a judge, you must file a formal complaint. By filing a formal complaint, you assure yourself the opportunity to take part in hearings about the rate increase request. All complaints should be filed with the PUC before April 29, 2019.

If no formal complaints are filed, the Commission may grant all, some or none of the request without holding a hearing before a judge.

2. You can send a letter telling why you object to the requested rate increase. Sometimes there is information in these letters that makes us aware of problems with the company's service or management. This information can be helpful when the PUC investigates the rate request.

Send your letter or request for a formal complaint form to the Pennsylvania Public Utility Commission, Post Office Box 3265, Harrisburg, PA 17105-3265.

3. You can be a witness at a public input hearing. Public input hearings are held if the Commission opens an investigation of the company's rate increase request and if there is a large number of customers interested in the case. At these hearings you have the opportunity to present your views in person to the PUC Judge hearing the case and the company representatives. All testimony given "under oath" becomes part of the official rate case record.

For more information, call the PUC at 1-800-692-7380. You may leave your name and address so you can be notified of any public input hearings that may be scheduled in this case.
