

**Application of Pennsylvania-American Water Company for Acquisition of
the Water Assets of the Steelton Borough Authority**

66 Pa. C.S. § 1329

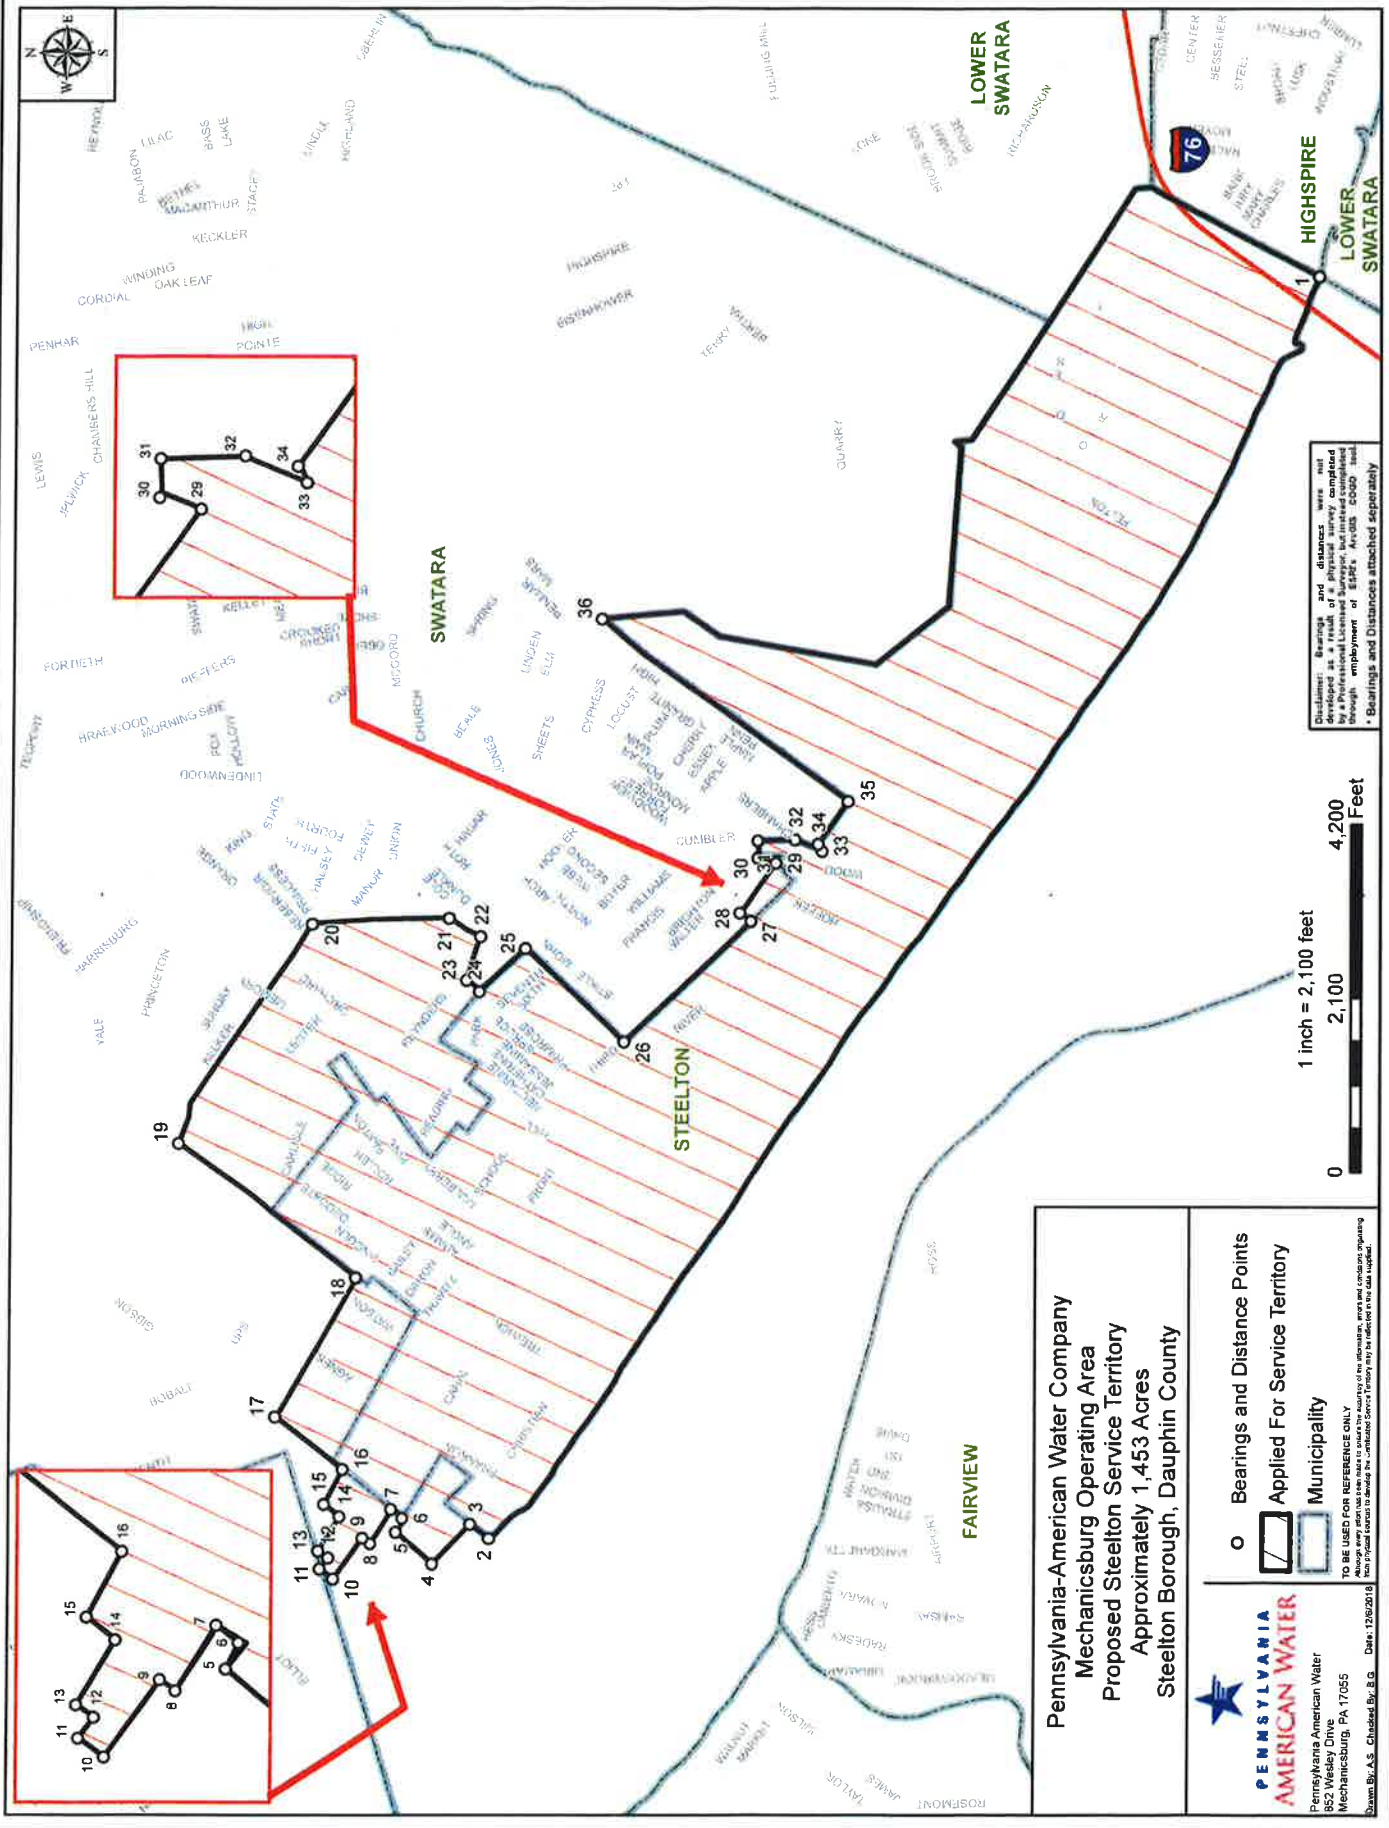

Application Filing Checklist – Water/Wastewater

Docket No. A-2019-_____

16. Map of Service Area. Provide a scalable map or plan of suitable scale highlighting the boundaries of the proposed service area that includes:
- a. The extent of the proposed service area with any existing adjoining service areas identified.
 - b. A north arrow depicting map orientation.
 - c. A graphic scale.
 - d. A written description of the boundaries for the service territory utilizing bearing angles and distances.
 - e. Size of the service territory area in terms of acres or square miles.
 - f. Identification and depiction of all municipal boundaries relative to the service area.
 - g. Identification and depiction of all private and public roads relative to the service area.
 - h. Depiction of the location or route of the waterworks or wastewater collection, treatment or disposal facilities.

RESPONSE: For subparts a. through c. and e. through h., see enclosed maps.

For the descriptions called for in subpart d., see enclosed written descriptions of the boundaries of the service territory utilizing bearing angles and distances.

Disclaimer: Bearings and distances were not developed as a result of a physical survey completed through employment of ERIE, No. 005, 5000 feet.
