# FIFTH STATUS REPORT TO THE

## PENNSYLVANIA PUBLIC UTILITY COMMISSION

# NORTH HEIDELBERG SEWER COMPANY AQUA PENNSYLVANIA WASTEWATER, INC. RECEIVERSHIP

DOCKET NO. M-2018-2645983 DOCKET NO. I-2018-3001161

Dated: May 7, 2019

#### A. <u>BACKGROUND</u>

On February 9, 2018, the Pennsylvania Public Utility Commission ("PUC" or the "Commission") entered an Order in Docket No. M-2018-2645983 ("February 9 Order") naming Aqua Pennsylvania Wastewater, Inc. ("Aqua" or the "Company") as receiver for the North Heidelberg Sewer Company ("NHSC"). Aqua was ordered to assume its receivership role on March 5, 2018. Included within the PUC's February 9 Order, the Company was directed to "[s]ubmit an initial status report with the Commission within 60 days of assuming operations and then quarterly thereafter to detail any relevant updates pursuant to duties and responsibilities assigned through receivership."<sup>1</sup>

Aqua submitted its initial status report on the operations of NHSC as directed by the Commission on May 4, 2018. Aqua submitted its second status report to the Commission on August 6, 2018. Aqua submitted its third status report to the Commission on November 5, 2018. Aqua submitted its fourth status report to the Commission on February 3, 2019. Aqua now submits its fifth status report on the operations of NHSC to the Commission.

#### B. <u>FIFTH STATUS REPORT</u>

#### **1.** Operations and Capital Expenditures

On March 5, 2018, Aqua assumed its role as receiver for NHSC. Since the fourth status report, filed by Aqua on February 3, 2019, Aqua has made the following improvements to the NHSC system:

- i. Completed service of the on-site generator, including a field inspection and changed fluids in the generator.
- ii. Completed a partial replacement of the water service line to the plant due to leaks in the service line.
- iii. Replaced EQ tank grinder pump that had failed due to age of the grinder pump.
- iv. Repaired collapsed main adjacent to plant and jetted the main following repair.

There were no Pennsylvania Department of Environmental Protection ("DEP") violations since the fourth status report from February 3, 2019.

As Aqua continues to operate the system to ensure compliance with the PUC Order, Aqua will make improvements necessary to provide quality and reliable service. Aqua will have further information on operational issues in later reports.

<sup>&</sup>lt;sup>1</sup> <u>Pa. P.U.C. v. North Heidelberg Sewer Co.</u>, Docket No. M-2018-2645983, Opinion and Order Appendix A Paragraph 1.o. (Feb. 9, 2018).

#### 2. Financial

Aqua has developed a trial balance for NHSC for year-end 2017, which is included in this report as **Attachment A**. The trial balance includes a balance sheet and income statement as of December 31, 2017. Also included in this report as **Attachment B** is a balance sheet and income statement for NHSC as of March 5, 2018. These attachments together establish the financial position of NHSC at the time the receivership was initiated, as required in the Commission's February 8, 2018 Order, Appendix A, Paragraph 1.r.

#### C. <u>CONCLUSION</u>

Aqua will continue to investigate the system's operations and financial status, and will make necessary improvements to operate NHSC to ensure quality service to the NHSC customers for the period of its receivership duties during the 529 proceeding. Aqua will provide its next status report on or before August 5, 2019.
