SECRETARY'S BUREAU

Exeter township Supervisors are trying to sell the waste water treatment plant to American Water for 96 million Dollars. My bill in 2017 went up 58% & in 2019 my bill increased another 29%. I was Paying 43.00 every three months & now my latest bill is now 78.70. These increases where put in place so the Exeter Township would get a good price for the Plant. If this is granted to American Water what will our future bills look like?

The People 9,000 residents did not get to vote on this sale. This Plant belongs to the residents of Exeter Township. Do you think American water wanted to purchase this plant to loose Money?? This Board of Supervisors NEVER listen to the Residents who are paying the Bills. We residents are treated like CASH COWS. We have 9,000 residents in the Township & 40 chairs in the Meeting room. I am 76 & I can not afford these High School taxes 4.5% raise. High Township taxes that went up to 6.8% this year. So I have decided to Move & sell my

house this yr as soon as my APT is ready at the Mason's Retirement Village in Elizabeth Town. I can live cheaper there than in Exeter. In short this sale should not be permitted to go through. I feel sorry for the Seniors that are on fixed incomes when these Supervisors do not even let us have any Say in a sale like this. The people that work at the Plant will all loose their jobs. What a Dam Shame. People will not be ables to stay in this township & I am so glad I am Leaving. These Supervisors should all be FIRED they do not care about the Residents. The Township is almost Bankrupt & so they start selling Township Property with out the Residents consents. Please deny this sale. Docket # A-2018-3004933.
