PUC Docket Number A-2018-3004933

To Whom It May Concern:

We are writing another letter in opposition to the proposed acquisition of the Exeter Township wastewater system assets by Pennsylvania American Water.

The first letter was written in April, 2019 after receiving information outlining an estimated monthly increase for residential customers of \$2.79 for wastewater and \$0.24 for water. We recently received information reflecting **substantially** higher increases. The wastewater rates now have a potential increase of \$26.73 per month. It appears this acquisition will proceed regardless of the customers concerns who will be funding it. As we stated in our previous letter, ever since Pennsylvania American Water became our water supplier, our water bill has increased exponentially. Now our wastewater bill will be subject to the same greed. No matter how many letters are written, it all falls on deaf ears.

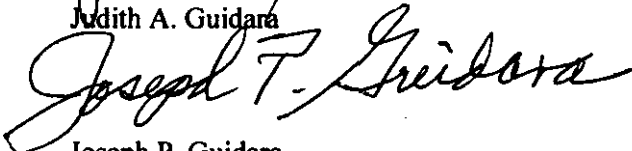

When will someone with the authority to make a difference stand up for the customer and stop this constant manipulation. Our **monthly** wastewater bill will be as much as we were paying **quarterly** when we moved into Exeter Township. That is unacceptable. However, we have no control over this constant greed by big business to dominate the people who made them into a big business. Please reconsider the approval of this acquisition. Pennsylvania American Water will be the only party to benefit from this transaction and the residents of Exeter Township will be paying for it ad infinitum. Please stop this madness.

Thank you for your consideration of this terrible situation.

Sincerely,

Judith A. Guidara

Joseph P. Guidara

CC: Honorable Andrew M. Calvelli
