PUC Docket Number: A-2018-3004933

To Whom It May Concern:

I am a resident of Exeter Township and Pennsylvania Water Company is asking for approval to purchase the Exeter Township sewer system. I am writing this letter to strongly object to this purchase. My sewer bill is based on water usage. What is to prevent Pennsylvania American Water from overcharging me on water usage to get more money on the sewer usage. This is a major conflict of interest.

Pennsylvania American Water installed electronic water meters several years ago for easier meter reading however they do not read the meter on a monthly basis and let me explain that statement. When my husband and I travel we are gone for 3-4 weeks at a time. The months when we are gone are the biggest months for water usage. How can that be when nobody is home? Those months my sewer bill is higher. I do not trust Pennsylvania American Water to provide honest billing on both my water and sewer. Please do not approve this sale. Thankyou.
