A-2018-3004933

Dear Secretary:

We are long time residents of Exeter township and we are deeply opposed to the Exeter supervisors' latest decision to distribute the assets of the wastewater plant to American Water. The supervisors of Exeter Township have made, and continue to make, decisions that are not in the best interest of the residents of the township. This is only one of the decisions. Our supervisors are supposed to be making decisions in the best interest of the township, which means the residents. Without residents of Exeter township, there is no Exeter township. An increase of 160% over our current bill is clearly not taking into account the interests of these residents. There are many families on fixed budgets in this township who will not be able to handle an increase like this.

There is no clear advantage to be seen for the residents of Exeter township, and the supervisors of Exeter should never have agreed to it. Please hear our concerns and intervene in this case

Sincerely,

Jennifer and Kevin Hall
