Dear Secretary of the Commission,  
As 30 year residents of Exeter Township, we object to this settlement. The proposed increase costs are near double the current price, plus no firm commitment on actual future costs. This settlement will impose financial hardship on us as retired citizens, as well as many others on fixed incomes. We already pay Exeter Township taxes to cover Township operational wastewater expenses, plus current quarterly bills. This settlement won't lower Exeter taxes if the Township sells the water plant, just impose more unknown charges on homeowners.

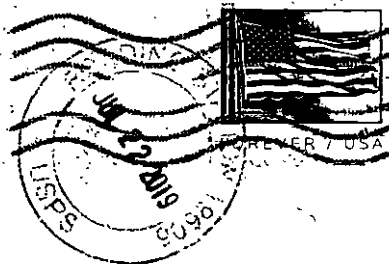

Please reconsider this settlement.

Sincerely,  
Mark + Cynthia Teti
