NOTICE TO BE SENT TO EAST NORRITON CUSTOMERS

NOTICE OF PROPOSED ACQUISITION AND RATE BASE ADDITION

Docket No. A-2019-3009052

Dear Customer:

On August 1, 2019, the Pennsylvania Public Utility Commission (PUC) conditionally accepted for filing the application of Aqua Pennsylvania Wastewater, Inc. (Aqua) for approval to acquire the East Norriton Township (East Norriton) wastewater system assets. East Norriton serves approximately 4,900 customers in Montgomery County, Pennsylvania. Aqua's application also requests that the PUC authorize an addition of up to \$21 million to Aqua's rate base pursuant to 66 Pa. C.S. § 1329. A utility's rate base is the value of property used by the utility to provide service to its customers and is one of several components used to establish a utility's customer rates.

This acquisition will not immediately, but may in the future, affect water and/or wastewater bills of Aqua customers, including the new East Norriton Township wastewater customers. Aqua is not requesting a rate increase as part of the acquisition. Your rates will not change until the conclusion of Aqua's next rate case where Aqua requests and receives PUC approval to increase its rates. Currently, it is not known when Aqua will file its next rate case. At that time, based on a preliminary analysis of the potential rate impacts, Aqua estimates that the rates of the average customer could increase. The amount of the increase will be determined in Aqua's next base rate case and will be dependent on how the PUC chooses to apportion the increase among Aqua's acquired and existing customers. The table below presents a non-binding, estimated incremental rate effect of the proposed rate base addition on East Norriton's wastewater customers:

East Norriton Customers

Rate Class	Average Usage	Estimated Monthly Increase	Estimated Percentage Increase
Residential	4,000 gal/month	\$13.42	34.84%
Commercial	6,750 gal/month	\$19.69	34.84%
Industrial	6,750 gal/month	\$19.69	34.84%
Other	6,670 gal/month	\$11.03	34.84%

The amounts stated above could change and will depend on how the PUC chooses to apportion any increase among the types of service, rate zones, and classes of customers.

PUC ROLE

The state agency which approves acquisitions and rates for regulated public utilities is the PUC. The PUC will review and investigate the proposed acquisition and requested \$21 million in additional rate base. After examining the evidence, the PUC may approve, modify or deny the

acquisition and may approve or modify the \$21 million addition to rate base. The PUC will issue a decision on the application on or around [DATE].
