

To The Attention of Secretary of the PUC Commission,

RE: PUC Docket #A-2018-3004933

Today I received in the mail a letter containing the notice of a proposed purchase approval of the Exeter Wastewater Treatment Plant by the PA American Water Company listing the projected rate increases when the purchase is approved. Myself, my spouse and the entire population of the Exeter Township oppose this change to take place. It will be a financial burden on most of the residents of the township. Especially those on a fixed income like my household.

What substantiates this amount of increase? This information has not been made public and raises a lot of questions that will go unanswered. My bill will almost double in cost and I can only imagine the yearly increases that will take place after the initial one to take place in year 2021.

I can only hope that my request gives you much pause to approve this purchase since it will have a negative impact on every resident and business in the township. This matter was never put to a vote by the residents and we have no say in whether or not this will be approved other than writing these letters. We all need this service so we are trapped into paying.....or what? Will we no longer be able to flush our toilets or bathe? I see an all out uprising from the citizens of the township on the horizon. We are tired of the supervisors putting through monetary changes without the population it affects having a say in the matter.

This all gets done so blindly without regard to "we the citizens". What happened to our rights? I guess we don't have any.

PLEASE VOTE NO TO APPROVE THIS SETTLEMENT OF PURCHASE AND LISTEN TO WHAT THE PEOPLE HAVE TO SAY.

Sincerely,

Melanie & Joseph Moroney
3800 Romig Ave. Reading, PA 19606

I REPEAT!!!!

Please vote NO and save the residents and businesses of Exeter Township from this very one sided action. If this goes through, what is the township going to do with ALL the money from the sale of the facility? How about they help pay our bills, or the supervisors help (who will be burdened by this increase) pay since they are the ones that approved this!!!!
