Re:
Pocket A-2019-3008589

As Residents of Moon Twp, we attended a meeting @ the Crescent Twp. Fire Hall last evening. We were informed by our neighbors about this. Duquesne Light is planning to install a series of towers down the existing easement w/ existing towers.

Their increase in voltage is NOT something we want.

Does it bother anyone that just in our cul-de-sac alone - SIX people have contracted CANCER and 2 of them died! 4 of us are in remission.

We do NOT want these proposed towers here. Their ugly visual presence will reduce our property value as well as dominate a pleasant view. this is a community of families.

In the name of reason and fairplay,
PLEASE use an alternate routing

Sincerely,

Doug & Linda Meyer
