**Commission:**

This letter is a protest to the proposed acquisition of East Norriton Township wastewater system assets by Aqua and the proposed increase in the possible monthly percentage increase of 38.84%.

What would justify such a large increase and as a consumer what options do I have? I don't understand how the PUC could consider let alone approve the transaction as documented in your letter received November 25, 2019.

Sincerely,

Allen R Dalton
