East Norriton Twp.
Waste Water Collection System.
Docket # A-2019-3009052

As of date on this notice above;

I Stan Mansoll

Croydon Pa. 19021

(Withdrawal) my letter (copy enclosed) of petition
and objection to Aquas acquisition of East Norriton
twp. water System assets.

Although I withdrawal the objection to the
acquisition, I reserve the Right as a customer
of Aqua to object to any matter date Rate
increases in the future IF they are related to
or not to the acquisition.

To further inform all parties this is obviously
not just a rate increase, PUC hearing. It is a
high end acquisition. As just a customer of Aqua,
I have no business in the acquisition case.

Sincerely
Stan Mansoll

Docket # A-2019-300905-2

This letter is being written in reference to Docket # above and letter (copy enclosed). This letter is in protest and petition to the PUC to intervene the Aqua acquisition and Base Rate addition plans (66 PA CS 1329).

As a customer of Aqua (now-employee of) I totally submit an objection to Aquas plans to acquisition of East Norriton Twp water or waste system.

It is in the letter enclosed Aquas (intent) to raise the Base Rate of all Aquas customers to compensate these repairs/improvements to that East Norriton Twp system.

Reasons for objection;

Aqua's responsibility to itself should be;
1. When agreements of sale are made (as in personal property of homeowner) between (Twp systems) and Aqua the Twp of sale on acquisition should be responsible for the condition and improvements

to that system they sell or transfer.
*2. Are these deals made with (sold as is) ~~the~~ ^{clause?}
The general customer (Public) of Agua
should not bear the responsibility of those cost.

2. In past meetings and on other, I have stated
(I cannot choose) another water company as
I can with Phone/Gas/Elec etc.
(I'm stuck with Aguas Co.)

3. In all respect, I see this as a bad
investment for Agua, and as an ~~attempt~~ ^{attempt}
to make the general Public customers of Agua
(pay for their mistakes.

In closing Thanks to the PUC's Fairness
decisions in the past has stopped Agua from
unfair/unjust rate increases.

P.S. Please notify me of where meetings are.
I will be there!
