RE: Pennsylvania Public Utility Commission v. Wellsboro Electric Company; Supplement No. 133 to Tariff Electric – Pa. P.U.C. No. 8 (Compliance Filing) Docket No. R-2019-3008208

#### Dear Secretary Chiavetta:

Attached under Tab A for filing with the Pennsylvania Public Utility Commission is Wellsboro Electric Company's ("Wellsboro" or "Company") Supplement No. 133 to Tariff Electric PA. P.U.C. No. 8 ("Supplement No. 133"). Wellsboro is filing Supplement No. 133 in compliance with the Commission's Order entered on April 29, 2020, at Docket No. R-2019-3008208. Consistent with Ordering Paragraph No. 6, Wellsboro is filing Supplement No. 133 on one day's notice, with issued and effective dates of April 30, 2020, and May 1, 2020, respectively.

Supplement No. 133 increases the Company's distribution rates and implements other tariff changes in accordance with the Commission's Order in the above-referenced docket. Consistent with Ordering Paragraph No. 7, the filing includes supporting calculations detailing the tariff adjustments in Tab B. This filing also adjusts Wellsboro's State Tax Adjustment Surcharge ("STAS") to a surcharge of 0.2602%, to reflect the roll-in of state taxes into distribution rates. Please note that the state taxes rolled into distribution rates reflect the 2018 levels, which did not include the adjustment implemented as of January 1, 2020, to the Company's Public Utility Reality Tax Assessment ("PURTA") and the PURTA Surcharge established by the Department of Revenue. The Company's recalculation is set forth in Tab C, Attachments A, B, C, D, E, and F (computation of STAS for period May 1, 2020, through December 31, 2020, with roll-in). The supporting documentation was submitted with Wellsboro's filing on December 20, 2019, at Docket No. R-2019-3015094.

As shown by the attached Certificate of Service and per the Commission's March 20, 2020, Emergency Order, all parties to this proceeding are being duly served via email only due to the current COVID-19 pandemic. We are also filing these documents electronically. Upon lifting of the aforementioned Emergency Order, we can provide parties with a hard copy of this pleading upon request.

### SERVICE SCHEDULE NO. 8 EXCHANGE OF SERVICE

#### **Application of Schedule**

Application to an exchange of energy with other utilities.

#### Net Rate (per month)

For all energy delivered over the Company's switchboard to other utilities for emergency service 8.7320 cents per kWh.

For all energy delivered to other utilities at the Company's franchise limits, under "Borderline Agreements," 8.7320 cents per kWh, with guaranteed monthly return equal to 1 1/2% of "Construction Costs" (I) for all new pole lines necessary to effect the delivery.

#### **Generation and Transmission Charge**

For customers purchasing generation supply service from Wellsboro Electric Company, the generation charge is the GSSR-1 or the GSSR-2, determined under Rider C of this Tariff and will not apply to customers purchasing generation supply service from other PUC approved Electric Generation Suppliers.

Customers with monthly billing demands under 400 kW for each of the prior 12 months will pay the GSSR-1. As set forth in Rider C-GSSR-1, the GSSR-1 rate includes projected energy, capacity, transmission, ancillary services, congestion and administrative charges. The current GSSR-1 is 6.654 cents per kWh

Customers with a monthly billing demand of 400 kW or more during any month in the last 12 months will pay the GSSR-2. The GSSR-2 includes the Administrative Charges defined in Rider C – GSSR-2 (including administrative, ancillary, and congestion charges from the wholesale supplier and administrative charges from the Company). Costs for energy, capacity and transmission (including RTEP) will be added to the Administrative Charge as set forth in Rider C – GSSR-2. The current GSSR-2 Administrative Charge is 0.299 cents per kWh.

#### **Terms of Payment**

Bills will be calculated on the rates stated herein and this is the net amount due and payable on or before 15 days from the postmarked date of mailing of the bill to Customer. On amounts not paid within the 15 day period an interest charge shall be added of 1.5% of the unpaid balance. In subsequent months, balances in arrears will be subject to the monthly interest charge of 1.5%.

#### RIDER A - STATE TAX ADJUSTMENT SURCHARGE

(Applicable to all rates except Service Schedule No. 8)

(I) (C)

The above recalculations will be submitted to the Commission within 10 days after the occurrence of the event or date which occasion such re-computation. If the recomputed surcharge is less than the one in effect the Company will, and if the recomputed surcharge is more than the one then in effect the company may submit with such re-computation a Tariff or supplement to reflect such recomputed surcharge; the effective date of which shall be ten days after filing.

#### RIDER E - TCJA VOLUNTARY SURCHARGE

To implement the effects of the Tax Cuts and Jobs Act ("TCJA"), on March 15, 2018, the Pennsylvania Public Utility Commission ("Commission") issued a Temporary Rates Order at Docket No. M-2018-2641242 directing the Company to file its current base rates and riders as temporary rates, pursuant to Section 1310(d) of the Public Utility Code. 66 Pa. C.S. § 1310(d). Subsequently, on May 17, 2018, the Commission entered an Order superseding the March 15, 2018, Temporary Rates Order, and directing the Company to establish temporary rates as follows:

A surcharge of 0.00% will apply as a credit for intrastate service to all customer bills rendered on and after May 1, 2020. This negative surcharge will be distributed equally among the Company's various customer classes, exclusive of State Tax Adjustment Surcharge ("STAS") and automatic adjustment clause revenues.

This negative surcharge will be reconciled as part of the annual rate recalculation each year and will remain in place until the Company files, and the Commission approves, new base rates for the Company pursuant to Section 1308(d) that include the effects of the TCJA tax rate changes.

Interest on over or under collections shall be computed monthly at the residential mortgage lending rate specified by the Secretary of Banking in accordance with the Loan Interest and Protection Law (41 P.S. §§ 101, et seq.) from the month that the over or under collection occurs to the mid-point of the recovery period.

Upon determination that the negative surcharge, if left unchanged, would result in a material over or under collection, the Company may file with the Commission, on at least 10 days' notice, for an interim revision of the TCJA Voluntary Surcharge.

The Company will submit a reconciliation for the TCJA Voluntary Surcharge within 120 days of April 29, 2020, pursuant to the Commission's Final Order at Docket No. R-2019-3008208. (C)
