**NINTH STATUS REPORT TO THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

**NORTH HEIDELBERG SEWER COMPANY
AQUA PENNSYLVANIA WASTEWATER, INC. RECEIVERSHIP**

DOCKET NO. M-2018-2645983

DOCKET NO. I-2018-3001161

Dated: May 4, 2020

A. BACKGROUND

On February 9, 2018, the Pennsylvania Public Utility Commission (“PUC” or the “Commission”) entered an Order in Docket No. M-2018-2645983 (“February 9 Order”) naming Aqua Pennsylvania Wastewater, Inc. (“Aqua” or the “Company”) as receiver for the North Heidelberg Sewer Company (“NHSC”). Aqua was directed to assume its receivership role on March 5, 2018. Included within the PUC’s February 9 Order, the Company was directed to “[s]ubmit an initial status report with the Commission within 60 days of assuming operations and then quarterly thereafter to detail any relevant updates pursuant to duties and responsibilities assigned through receivership.”¹

Aqua submitted its initial status report on the operations of NHSC as directed by the Commission on May 4, 2018. Aqua submitted its second status report to the Commission on August 6, 2018. Aqua submitted its third status report to the Commission on November 5, 2018. Aqua submitted its fourth status report to the Commission on February 3, 2019. Aqua submitted its fifth status report to the Commission on May 7, 2019. Aqua submitted its sixth status report to the Commission on August 5, 2019. Aqua submitted its seventh status report to the Commission on November 4, 2019. Aqua submitted its eighth status report to the Commission on February 3, 2020. Aqua now submits its ninth status report on the operations of NHSC to the Commission.

B. NINTH STATUS REPORT

1. Operations and Capital Expenditures

On March 5, 2018, Aqua assumed its role as receiver for NHSC. Since the eighth status report, filed by Aqua on February 3, 2020, Aqua has made the following improvements to the NHSC system:

- i. Aqua supplied temporary generators to two pump stations during a planned MetEd outage.
- ii. Pump Station No. 1 (Golf Course Pump Station): Aqua pulled both pumps to unclog and replace missing rings and to adjust floats.

As Aqua continues to operate the system to ensure compliance with the PUC’s February 9 Order, Aqua will make improvements necessary to provide quality and reliable service. Aqua will have further information on operational issues in later reports.

2. Financial

In Aqua’s fifth status report to the Commission, filed on May 7, 2019, Aqua submitted trial balances for NHSC for year-end 2017 and a balance sheet and income statement for NHSC as of March 5, 2018 which was the beginning of Aqua’s receivership.

¹ Pa. P.U.C. v. North Heidelberg Sewer Co., Docket No. M-2018-2645983, Opinion and Order Appendix A Paragraph 1.o. (Feb. 9, 2018).

C. CONCLUSION

Aqua will continue to investigate the system's operations and financial status, and will make necessary improvements to operate NHSC to ensure quality service to the NHSC customers for the period of its receivership duties during the 529 proceeding. Aqua will provide its next status report on or before August 3, 2020.
