Dear Secretary,

My name is Anthony F. Newborn. Currently, I have an open - ongoing case against PPL Electric Company for the billing fiasco that began early last year. My bills were astronomical! Im writing this formal comment, referencing to the proposed \$17 million settlement. This amount would be preposterous! Considering the 272,000 customers this fiasco has affected including myself.

Approving this minuscule amount would then be divided amongst all customers. This would mean \$62 per customer! Our pain and suffering amounts to way more than \$62 alone!

On numerous occasions my wife and I have contacted PPL regarding our billing issues and even they could not explain why they were in the thousands, all of which we satisfied in good faith. Please Secretary , Do not accept an amount so ridiculous! I will fight until we get justice on this matter. PPL Electric Utilities Company already has a monopolization going on in the North Eastern Area.

They should compensate each customer sufficiently.

Thank you in advance for hearing our formal complaints and comments.

Sincerely yours,

Mr. Anthony F. Newborn
