REFERENCE: Docket Number of the case: **M-2023-30338060**

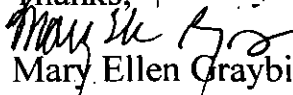

Dear Sirs:

I am writing because there may have been a technical malfunction in billing, or at least, my electric bill at Sylvan Retreat Apts went up regularly through no malfunction, from the early months of 2022, e.g. \$25.90 in April/22 to \$34.70 for 5/31/22 to \$46.02 on 8/30/22 to \$67.95 on 9/29/22 to \$58.35 on 11/29/22 then stayed around that. It is possible that my usage increased in the apartment. I am not sure if there was an error in estimating my bill or I actually used that much electricity.

I appreciate the opportunity to share these numbers.

Just making note of this in case I was impacted by the technical glitch.

Thanks,
