

Please accept the attached input to Docket number M-2016-2543193 the Tentative Supplemental Implementation Order concerning the Valuation of Acquired Municipal Water & Wastewater Systems - Act 12 of 2016 Implementation.

Thank you for the opportunity to provide comments

In the past two or three months I have seen my water/sewer bill from Pennsylvania American Water Company increase over 70%. I am protesting this increase as excessive in that I am receiving no enhanced services which account for this egregious amount. Please encourage Pennsylvania American Water Company to rethink their policies and roll back this increase to a more reasonable level.

Thank you,

Art Schwabenbauer
