Re: Docket No.: M-2016-2543193; West Mayfield Borough

To Whom It May Concern:

Please be advised that I am the solicitor for the Borough of West Mayfield located in Beaver County, Pennsylvania. My Borough has had their wastewater treated by the City of Beaver Falls for many decades. I have been asked by Borough Council to comment on the new proposed guidelines for certain acquisitions.

On February 1, 2024, the Pennsylvania Public Utility Commission (the "Commission") voted to issue a Tentative Supplemental Implementation Order that proposes revisions to the Commission's existing procedures and guidelines for Section 1329 acquisitions. In response to this order, the Borough of West Mayfield ("West Mayfield") desires to submit the following comments to the Commission in connection with the pending sale by the City of Beaver Falls ("City") of the City's wastewater treatment plant and collection system (the "System") to Aqua Pennsylvania Wastewater, Inc. ("Aqua").

Since 2021, the City has been engaged in the process of selling the System to Aqua. In connection with the City's sale of the System to Aqua, the City and Aqua entered into an Asset Purchase Agreement dated October 20, 2021 (the "Asset Purchase Agreement").

West Mayfield is a municipality located in Beaver County that transmits wastewater to the City's wastewater treatment plant for treatment. In connection with the City's sale of the System to Aqua, West Mayfield and Aqua entered into a Wastewater Service Agreement dated December 14, 2023 (the "Treatment Agreement"). West Mayfield and Aqua spent a significant amount of time, effort and resources negotiating and finalizing the Treatment Agreement and West Mayfield believes that this agreement is beneficial to West Mayfield and its residents.

As the City has expended a significant amount of time, effort and resources in connection with the sale of the System, which has been in process since 2021; West Mayfield has submitted a letter to the Commission consenting to the sale of the System; and West Mayfield has spent considerable time, effort and resources negotiating and finalizing the Treatment Agreement, West Mayfield requests and strongly encourages the Commission to recognize and honor the Asset Purchase Agreement and the Treatment Agreement and not to disturb these agreements.

The Borough Council of my municipality appreciates the attention and time given to consideration of our comments and position. Thank you.

Very truly yours,
