Reference Docket number M-2016 2543193

Dear Ms. Chiavetta , my name is Richard Young, I and my wife Nancy are 74 years old and reside in the Villages of Hillview Development in Valley Township Chester County Pa. We are an "active 55" senior citizen community of for the most part retirees. We live on a fixed income and are mindful of our expenses. We moved here in 2016 and at that time the water and sewer rates were very reasonable and paid quarterly . Our water and sewer systems were owned by Valley Township and were very well managed. Approximately two years ago the systems were sold to Pa. American Water Company. We had an introductory low rate for about a year and then the new rates came into effect . Our water and sewer bill now became monthly bills and are the equivalent to what we paid quarterly . Our rate is presently 88.00 dollars per month. We even pay this same rate when we are on vacation for a month every winter. These rates are really Predatory Pricing and severely strapping the citizens .

I understand Act 12 is coming up for discussion shortly. Please Add our names to the list of those severely affected by the big water companies that are robbing the citizens. Please REPEAL or SUNSET this Act, and find some relief to the rate payer. We are being severely taken advantage of.

Thank You Richard Young,

The Young Family
