

# **Quarterly Update to UCARE Report**

**January – March 2010**

# Introduction

The quarterly update to the annual UCARE presents data on customer service performance for jurisdictional utilities in the electric, gas, water and telephone industries. The update provides a snapshot of overall BCS activity including the volume of consumer complaints, payment arrangement requests (PARs) and inquiries. Industry specific tables show the volume of activity for the major utilities within the electric, gas, water and telephone industries. The quarterly update contains current information that can be reviewed by utility management, consumers, Commission staff and other interested parties. The Commission will continue to produce the annual UCARE report which will present more detailed findings regarding utility performance.

\*At least part of the reduction in consumer complaints and the increase in inquiries can be attributed to a trial project being conducted by the Commission with the Verizon companies. BCS is currently offering all Verizon customers calling with a service issue, the voluntary option of being transferred to a special Verizon team that immediately begins working to resolve the customer's complaint. If a customer chooses the voluntary transfer, BCS categorizes the contact as an "inquiry" rather than as a "consumer complaint."

\*\*After this quarter, Cavalier will no longer be considered a major telephone company. Cavalier's average monthly number of residential accounts has dropped below 50,000. As a result, this is the last quarterly update in which Cavalier data will appear.
